judgements of sex & age of suicide note writers, suicidologists, 6078
lack of treatment for mood disorders, 33–77 yr old physicians who committed suicide, 30824
life imitating art in ritualistic suicide of Japanese novelist Y. Mishima, 30078
lifetime risk of suicide for affective disorder & alcoholism & schizophrenia, meta analysis, commentary, 5014
lifetime suicide attempts & age at 1st attempt & methods & causes & associated demographic characteristics, rural community residents aged 15 yrs & over, Ethiopia, 34250
links between rates of suicide & depression & conduct disorder & crime & substance misuse, 8–18 yr olds referred to psychiatric services, data from 1970–1990, 4841
lithium & its discontinuation, suicidal behavior, patients with manic depressive disorders, 12143
lithium therapy & discontinuation, suicide risk, patients with mood or schizoaffective disorders, 12217
locus of control & attitudes toward suicide, male vs female college students, 5044
medical & social & environmental predictors of suicide rates, communes in Slovenia, 1985–1994, 14685
mental health & psychiatric symptoms, relatives or others close to suicide victims, 17831
mentalistic perspective on suicide & psychache, 1729
methodologic issues in research on geriatric suicide, 22951
model for analyzing & theoretically interpreting suicide prevention, psychologists (aged 29–46), 37517
model of relationship between stress & negative life events & suicidal behavior, adolescents, 5052
model of reproductive potential & benefit or cost to kin as predictors of depression & hopelessness & suicidal ideation & behavior, college students, 21229
myristoylated alanine-rich C kinase substrate & related protein expression & distribution in hippocampus & dorsolateral prefrontal cortex, suicide victims, 11546
nature & origins of patients' internal & external object relationships, psychodynamic psychotherapists working with suicidal patients, 11558
neurobiological role of brain serotonergic function as factor in setting threshold for acting on suicidal impulses, 11543
number & morphometry of dorsal raphe nucleus serotonin neurons, postmortem brains of 17–74 yr old suicide victims, 30853
objective personality inventories & suicide prediction & risk assessment utility, 27784
occurrence & significance of somatic symptoms in the process leading to suicide, 15–65+ yr old suicide victims, Finland, 1411
outpatient psychotherapeutic treatment of suicidality, adults & adolescents, 35213
paraquat-induced suicide incidence in agricultural region, age & ethnicity cohort data, Trinidad & Tobago, 27780
parent–victim agreement on diagnoses & symptoms, suicide attempters (mean age 16.3 yrs), implications for reporting bias in psychological autopsies, 1736
perception of critical risk factors & general indicators for completed suicide in patients with major depression, 32–72 yr old mental health personnel, 37331
perceptions of health care support given to suicidees prior to their death, family members & close friends, 31893
personal & psychiatric histories, 15–79 yr olds who committed suicide in Montreal subway system, 34043
personal experiences of suicidal healing, 27–57 yr olds who had been suicidal, suicide prevention & treatment implications, 34275
physiological reaction to suicide film, suicide attempters vs suicide ideators vs nonsuicidal psychiatric inpatients, 1685
Piagetian concepts of life & age applied to death & suicide understandings & experiences, 6–12 yr olds, suicide prevention implications, 27066
plasma cholesterol, acute suicidality risk, 18–74 yr old suicidal psychiatric inpatients vs patients with affective disorder, 11553
point & mass clusters & contagion of & vulnerability to suicide, 27785
polymorphism in respective candidate genes & changes in serotonin transporter & 5-HT2A receptor density in postmortem brain, 23–72 yr old depressed suicide victims, 27770
positive & negative effects of antidepressants on suicide risk, 12215
post-hospitalization suicide, 16–65 yr olds hospitalized for schizophrenia, 1913–1940, 11445
postmortem tyrosine hydroxylase immunoreactivity in locus ceruleus, 39–63 yr old depressed nonsuicidal vs suicidal patients, 34029
prediction of grief symptomatology & risk factors in bereavement outcome, survivors of sudden loss from suicide or accidental death, 1346
preference for heavy metal music & mood & reasons for living & suicidal risk & thoughts of suicide, male vs female 10th to 12th grade students, 34301
prescription of tricyclic antidepressant vs selective serotonin reuptake inhibitors, occurrence of suicide, suicide cases in Britain & Ireland, 31633
prevalence & risk & protective factors & prevention of substance abuse & suicide, adolescents, 920
prevalence of mood disorder, children & adolescents who commit or attempt or consider suicide, 14664
previous suicide attempts & time interval from preceding suicide attempt to fatal one & switching of suicide methods, suicide victims, implications for suicide prevention, commentary, 27806
previous suicide attempts & time interval from preceding suicide attempt to fatal one & switching of suicide methods, suicide victims, implications for suicide prevention, commentary reply, 27781
psychiatric sequale & risk factors for suicidal ideation, male vs female friends of suicide victims, 6.3 yr followup, 11557
psychological & social characteristics of suicide & attempted suicide, 1988–94, 30851
psychological autopsy assessment of effects of blindness & fear of sight loss on suicide rates, 19–89 yr old suicide victims, implications for crisis intervention, 27768
psychological autopsy profiles, recently vs remotely bereaved widowed persons who committed suicide, 1686
psychometric properties & factor structure of Reasons for Living Inventory, 13–18 yr old suicide attempters vs ideators vs nonsuicidal psychiatric inpatients, 5046
psychosis & positive & negative symptoms & posthospital functioning as risk factors for suicidal activity, patients with schizophrenia vs schizoaffective disorder, 7.5 yr study, 21140
psychosocial factors & mental disorder history as risk factors, adults who committed suicide, 30817
rate of suicide, US Marines vs employed general US population, 1990–96, 30819
rates & risks of & current status of medical interventions for suicidal behavior, 11530
rates of & factors associated with self-inflicted deaths in prisons, 15 yr old & older prisoners, England & Wales, 8292
recent adverse life events & completed suicide, victims with vs without schizophrenia, 30717
relationship between sales of dextropropoxyphene & paracetamol & codeine & their combinations & underprivileged area score & mortality & suicide rates, 20–64 yr olds, Sweden, 24439
relationship of cerebrospinal HVA concentrations & HVA/5-HIAA ratios & HVA/MHPG ratios, 19–72 yr old suicide attempters, 37460
relationships among substance abuse & suicidal ideation & suicide & other drug related deaths & requests for treatment, 24446
relative age at entering Grade 1, suicide, children & adolescents, 11568
religious sanctions against suicide & reported national suicides rates, 49 countries, 1706
residence location & suicide rates & religious practice, males vs females, Ireland, 27787
risk assessment of & factors for suicide during managed care, 15–96 yr old emergency room patients who made severe suicide attempts, 12482
risk factors & management of suicidal patients with schizophrenia, 4955
risk factors for completed suicide or suicide reattempts, 15–85 yr old suicide attempters, 10 yr prospective study, application of survival analysis, 34304
risk factors for suicide, adolescents with disruptive disorders, 27810
risk factors for suicide, personnel in US Marine Corps, 5023
risk factors of suicide, gay & lesbian youths who committed or attempted suicide, 37500
risk factors, completed suicide, Chennai city residents aged 15 to over 60 yrs, India, 27826
risk of violence & suicide, psychiatric patients seen routinely by a community mental health team, 5053
role of general practitioners in parasuicide cases, 14–87 yr old patients in Western Australia, 30835
role of physical illness in suicide & requests for assisted suicide, implications for improving psychiatric & medical care for terminally ill patients, 11527

Guidelines for conducting a suicide review, 8328
The inpatient management of suicidality, 8312
Liability issues and liability prevention in suicide, 8308
Perturbation and lethality: A psychological approach to assessment and intervention, 8326
Police suicide: The ultimate stress reaction, 27833
Standard protocol for assessing and treating suicidal behaviors for patients in treatment, 8315
Suicide in children and adolescents, 8307
Suicide in the elderly, 8327
Suicide-prevention contracts: Advantages, disadvantages, and an alternative approach, 8319
Treatment of the suicidal patient with psychotropic drugs and ECT, 8325
Violence and suicide, 11582

Sulpiride—Serials

acute vs chronic chlorpromazine & haloperidol & sulpiride, neuropeptide Y-like immunoreactivity in nucleus accumbens, male rats, 13794
efficacy & tolerance of sulpiride, 18–70 yr old patients with mild to moderate depressive syndrome, 35016
immediate posttraining microinfusion of sulpiride into the nucleus accumbens shell vs core, memory for water maze performance, male rats, 26848
intra-accumbens sulpiride, effects of intra-perifornical hypothalamic sulpiride effects on locomotor activity & place conditioning, male rats , 4226
nicotine, sulpiride induced catalepsy, male mice, 772
sulpiride dose, cognitive & subjective effects, males, implications for cognitive deficits in Parkinson's disease, 36589
sulpiride in hypothalamus after conditioning sessions, associative learning & conditioned responses, male rats, 7239
sulpiride, involvement of posteroventral caudate-putamen in memory consolidation in Morris water maze, male rats, 17097

Summer Camps (Recreation)—Serials

attitude toward environment, negative emotions, 8–16 yr old males in residential camp setting, 23788
basketball summer camp skills training program & token system for increasing sportsmanlike behavior, 8 & 10 yr old males with ADHD, 38086
summer camp program to attract females into engineering, female secondary school students, 12786

Superego [See Also Conscience]—Serials

clinical value of superego concept, 4809
positive superego interpretations of religious experiences & role in personality change & alternate states of consciousness, 7632
review of S. Freud's concept of superego, 27429
superego defense transferences in termination phase of psychoanalysis, 5585

Superior Colliculus—Serials

acoustically-evoked deep layers of superior colliculus neuronal firing & convulsive behavior, freely-moving genetically epilepsy-prone rats, 13540
cell firing in superior colliculus during spatial memory task with vs without cues, male rats, 7113
dose & time dependent effects of dizocilpine on flash-evoked potentials in visual cortex & superior colliculus & activity level & hypothermia, male rats, 10591
fiber-sparing lesions to pretectum or superior colliculus, REM sleep triggering & responses to light, male rats, 29827

maturation of visual receptive field properties in superior colliculus, rat pups, 10411
norepinephrine, membrane properties & evoked potentials of superficial layer neurons of superior colliculus cells, hamsters, 23589
norepinephrine, visual neural responses in superficial layers of superior colliculus, adult hamsters, 23607
occurrence of gap effect for aimed hand movements & saccadic eye movements & functioning of superior colliculus, 29527
picrotoxin injections into superior colliculus, prepulse inhibition of acoustic startle reflex, male rats, 29995
role of superior colliculus in preparation & execution of anti-saccades & pro-saccades toward visual stimulus, male monkeys, 20095
target selection & movement selection saccades, superior colliculus neuronal discharge, monkeys, 20178
Superstitions—Serials
exposure to unsolvable problems & use of superstitious beliefs, anagram problem solving performance, college students, 16578
Supervising Teachers [See Cooperating Teachers]
Supervision (Professional) [See Professional Supervision]
Supervisor Employee Interaction—Serials
age & sex & organizational tenure, quality of leader–member exchanges & work attitudes & well-being, 21–60 yr old academic institution administrative employees, 25903
age differences in similarity–attraction & status incongruence in organizational settings, 28–57 yr old supervisors & subordinates, 22669
antecedents & consequences of relational components of & views on new psychological contract in managerial–professional employee relationships, companies, 22609
antecedents & outcomes & perceptions of role negotiation ability, insurance corporation employees, 16119
cognitive categories for subordinates, experienced vs nonexperienced bank managers, 35619
cognitive style & leadership & employee characteristics & motivation & leader-member exchange, creativity, employees, 35645
critical incidents of beliefs & behaviors & triggers & outcomes of effective employee learning, managers as learning facilitators, 35616
critical incidents of beliefs & behaviors & triggers & outcomes of effective employee learning, managers as facilitators, commentary, 35615
crossover of psychological stress or strain between principals and teachers (mean age 39.58 yrs) , 25717
determinants of delegation & consultation, managers & their subordinates, 16088
disputant responses to & preferences for managerial resolution tactics, college students, US vs Argentina vs Dominican Republic vs Mexico, 22603
effect of mastery & frequency of managerial behaviors on subunit effectiveness, employees, 12829
empowerment & cooperation & competition in manager–employee relationship, managers & employees, Hong Kong, 3057
extent of & reasons for under-reporting of work related disorders & role of safety incentive programs, industrial workers & managers & health & safety personnel, 12903
human capital & motivaion & supervisor sponsorship, career success, employees (mean age 45 yrs), 38937
humor & stress & power & discipline & group cohesion, hotel kitchen personnel, 29129
leader-member exchange & transformational & transactional leadership & physical distance, follower performance, 37–60 yr old banking managers & their 27–66 yr old employees, 1 yr study, 38976
leader–member exchange & perceived organizational support & safety communication & safety commitment & accidents, supervisor–group-leader dyads in manufacturing facility, 22676
liking & amount of observation, upward appraisals, managers & their subordinates, 25892
manager's leadership style & subordinate's nontask achievement, leader attribution & response, 27–52 yr old managers, test of central predictions of attributional leadership model, India, 3075
ombudsperson vs peer third-party expertise & integrative vs compromise vs unintegrative recommendations, organizational disputants' offers & perceptions of mediator, college students, 38945
organizational characteristics & usage of formal developmental relationships as management development strategy, US corporations, comment, 38971
organizational characteristics & usage of formal developmental relationships as management development strategy, US corporations, 38973
participation in decision-making & perceived supervisory support & organizational commitment & organizational citizenship behavior, 20–57 yr old employees, 38997
perceived & actual similarity & subordinate competence & self-efficacy & leader characteristics, exchange quality & subordinate satisfaction, 16–22 yr old subordinates & their 31–50 yr old supervisors, 35610
perceived organizational support, fear of exploitation in exchange relationships & in-role & extra-role job performance, wary employees, 32376
perceived power of supervisor on subordinate stress & motivation, employed graduate business students, 22610
power & total quality management, bank personnel, 29101
racism & reaction to Black managerial authority & competence & leadership in White organizations in consultation work, 9639
recovering vs nonrecovering status of counselor vs supervisor & perceived satisfaction with supervisory relationship, 22–68 yr old substance abuse counselors & their supervisors, 32133
relational demography & importance of "guanxi" in supervisor subordinate relations & connections with business associates, insurance sales people & executives, 6322
resistance & cooperation in conflict over job performance, library supervisor–employee dyads, 35605
sensitivity to driver complaints & turnover, trucking company dispatchers, implications for driver retention, 25911
social support from peers & supervisors & positive affect, organizational support, professional & unprofessional hospital employees, South Korea, 29144
structural equation model of effects of negative affectivity & leader–member exchange & perceived job mobility, in role & extra-role performance & organizational citizenship behavior, 12809
supervisors' social power bases, procedural justice perceptions, subordinates, 9608
supervisory support, self efficacy & supervisor-rated performance & work output, insurance broker consultants, 6277
theoretical & research efforts that lead to improving leader-member relationships, human resource development researchers, 38972
trait reactance & propensity for counterproductive job behavior & age & sex & job satisfaction, compliance with & complaints about supervisory requests, 18–52 yr old part-time employees, 38994
treatment by Chinese vs Western employers, 24–56 yr old Filipina domestic helpers, 6308
use of expert advise in employment termination & impact on employee responses, human resource managers (mean age 42.5 yrs), 16067
Supervisor Employee Interaction—Chapters
Bases of leader power and subordinates' organizational commitment and effectiveness: A cross-cultural study, 29059
Beyond the simple demography–power hypothesis: How Blacks in power influence White-mentor–Black-protégé developmental relationships, 16063
Electronic performance monitoring: A consideration of rights, 6352
'If you want loyalty get a dog!': Loyalty, trust and the new employment contract, 25894
Japan in Britain, Japan in Mexico: Production supervisory practice in the electronics industry, 25897
Learning to be learners: Americans working for a Japanese boss, 6341
The moral component of effective leadership: The Chinese case, 32369
Relationship between a low-performing supervisor and a high-performing subordinate: Does supervisor performance level impact subordinate ratings?, 29095
Supervisors [See Management Personnel]
Support Groups [See Also Twelve Step Programs]—Serials
6 session psychoeducational support group, 34–49 yr old females at high genetic risk for breast cancer who were considering prophylactic mastectomy, 28553
adjunctive Supportive-Expressive & other group psychotherapy, psychological & social & physiological well being, females with breast cancer, 38374
adoption triad support & counseling group led by social workers, search & reunion feelings & attitudes & behaviors, adult adoptive & biological parents & adopted persons, 25461
African-centered group intervention to help African American men cope with stress of societal racism & oppression, 18595
behavioral self help group treatment for obsessive compulsive disorder, 38344
bereavement support groups & stress management training & coping style, anxiety & depression, HIV-1 seropositive vs seronegative homosexual 18–65 yr old males who had lost a loved one to AIDS , 12309
bereavement support groups & stress management training & coping style, anxiety & depression, HIV-1 seropositive vs seronegative homosexual 18–65 yr old males who had lost a loved one to AIDS, erratum, 31768
cancer support groups, client outcomes & perceptions of group processes, group members, 35066
characteristics of educational & support & therapy/counseling groups in nursing homes, directors of social service departments, 19005
clubhouse as method of rehabilitation alliance for vocational & social & educational & residential opportunities & support in pursuit of mental health goals, members with serious mental disorders, 35287
content analysis of messages posted in online self-help disability issues group, 33573
coping skills vs telephone peer support intervention, quality of life, patients (mean age 43 yrs) with multiple sclerosis, 18282
course to facilitate transition from group participant to group leader, postgraduate students, implications for mental health professionals, 15748
cultural values & support group processes, Chicana college students, 38919
demographic characteristics & diagnostic differences & treatment-seeking behavior, 21–78 yr old participants in anxiety support groups in Durham & Dallas, 25268
description of the Child, Adolescent and Family Support Network designed to provide clinical training & services, mentally ill children & adolescents & their families & student therapists, 18606
development & implementation of culturally sensitive group program, traumatized female Cambodian refugees, 38346
development & outcome of participation in self-help support group, 36–69 yr olds with chronic nonmalignant pain, 5 mo study, 25296
dialog group to deal with lingering trauma of Holocaust, German & Israeli family therapists who are descendents of Holocaust victims & Nazi perpetrators, 38717
dramatherapy & crisis intervention, support groups following mass evacuation, 15376
education vs facilitated peer discussion based vs combination group interventions, mental & physical functioning, 27–75 yr old females with stage I-III breast cancer, 8 mo study, 18790
Employee Assistance Program group work, promotion of self-reliance, employees experiencing paradigm shift in work life, 38951
formal treatment vs support groups, resolution of alcohol problems, 24–66 yr old former problem drinkers & their close associates, 35320
impact of support groups on psychological well-being, 12–21 yr olds with sickle cell disease participating in sickle cell disease support groups, 28554
importance of knowledge of twelve step & mutual help programs in treatment of addictive disorders, psychiatrists, 28761
individual & family counseling & peer support groups & advocacy as social work interventions for individuals who pre-symptomatically tested positive for Huntington's disease, 8722
level & nature of professional involvement, internal & external group characteristics, peer-led self-help groups with some vs no professional involvement vs professional-led support groups, 12272
long-term support groups for HIV- & AIDS-affected children, 5559
membership in support group, perceived future needs of children with developmental disabilities, 41–60 yr old parents of children with mental retardation, 27965
One by One Dialogue Group for disclosure of Holocaust-related family histories & experiences, descendants of victims & perpetrators, 18764
one-on-one peer support program, program satisfaction & quality of life, 21–65+ yr old female breast cancer patients, 2455
participant & group descriptions & group themes, 28–76 yr old female members of leaderless support groups, 38345
patients' religiosity, referral to & benefit from 12-step self-help groups, male substance abuse inpatients (mean age 43 yrs), 35045
peer counselor support during 1st 3 mo postpartum, breast feeding duration & exclusivity, low income 15–36 yr old females, 8982
peer support group, self-esteem & depression & problem behavior & self-beliefs on coping abilities, parentally-bereaved 10–12.8 yr old middle school students, 25267
perceived benefits of self help groups, family members of patients with mental illness, 12271
perceptions & use of & resistance to formal support, 33–87 yr old male caregivers of adults with cognitive impairment, 31971
process of community support groups for rape survivors, 15521
psychoeducational support group, role conflict & behavioral changes to reduce stress & cognitive restructuring & experiential outcomes, working 38–48 yr old mothers with 5–15 yr old children, 5566

self-help &/or mutual aid activities such as support groups & telephone support, 60+ yr old caregivers of persons with dementia, Canada, 2632
single-session groups in hospital settings, implications for social workers, 15527
substance abuse treatment & effectiveness of self-help groups, male substance abuse inpatients, 15623
support & therapy groups, females with diverse sexual identities, 38111
support group, 9–13 yr olds whose mothers are living with HIV, 15399
support groups for family & friends of someone living with HIV/AIDS, 15397
support networks within mediated self-help support groups, psychosocial readjustment & recovery, adult survivors of cults, implications for clinical practice, 31747
Support Groups [See Also Twelve Step Programs]—Books
Infants, toddlers, and families: A framework for support and intervention, 36990
Still kicking: Restorative groups for frail older adults, 12102
Understanding self-help/mutual aid: Experiential learning in the commons, 31389
Support Groups [See Also Twelve Step Programs]—Chapters
Group services for students of color, 21826
Self-help groups for addictions, 35343
Supported Employment—Serials
assessment of employee support needs & training & benefits & career advancement & work culture, employers who hire persons with disabilities, 38630
demographic characteristics & professional development needs & vocational training, staff in employment services for people with disabilities, 9265
factors of & regional variation in competitive employment, severely mentally ill, 4868
impact of the inclusion continuous quality improvement system on supported employment program in Majorca, Spain, 9262
inclusion of women in employment program for legally blind & barriers to recruitment, 15683
intensive & gradual vocational rehabilitation & supported employment, returning to & maintenance of work as rehabilitation outcome measure, patients with traumatic brain injury, 38628
job skills & training needs & opportunities for upward mobility, counselors & facility managers at Randolph-Sheppard Vending facilities for employment for blind, 28791
model for & overview of supported employment for individuals with intellectual disability & challenging behavior, 12551
prevalence of psychiatric disorders, mentally retarded Ss working in a vocational program, 9272
problems with interpersonal interactions, 20–58 yr olds with developmental disabilities in supported employment program, 25552
supported employment in county government, persons with severe disabilities, 5978
supported employment outcomes, 26–33 yr old males with intellectual disabilities & behavior problems, 38629
supported employment programs in Spain, 9275
supported employment project, high-functioning 18–55 yr olds with autism or Asperger syndrome, 37637
supported living & employment program following institutional discharge, maintenance of residential & vocational status & program cost, adults with mental disorders, 1-yr follow-up study, 35214
vocational placement & support vs vocational rehabilitation, work & income & self-esteem & quality of life & symptoms & hospitalization, inner-city patients with severe mental disorders, 28789
Supported Employment—Chapters
Community integration and supported employment, 15120
Supportive Psychotherapy—Serials
brief supportive psychotherapy, interpersonal functioning & personality change, patients with personality disorders, 6 mo followup, 8776
efficacy of cognitive-behavioral therapy & social skills training vs individual supportive psychotherapy, clozapine-treated adults with treatment-resistant schizophrenia, 28257
hormone replacement therapy with vs without psychological support, symptoms, menopausal 45–55 yr olds, 5455
imipramine & diet counseling & psychological support, obese binge eaters, 6 mo study, 34741
rapid vs intermediate vs non response to cognitive vs family vs supportive psychotherapies,13–18 yr olds with major depression, 2 yr study, 2171
short-term outpatient supportive psychotherapy, remission, depressed patients, 28319
structured strategy for supportive psychotherapy as emergency treatment, acute traumatic stress patients & their families & friends, 25404
Supportive Psychotherapy—Chapters
Supportive-expressive group therapy for cancer and HIV patients, 14933
Supportive–expressive group psychotherapy with chronic mental illness, including psychosis, 15232
Suppression (Conditioned) [See Conditioned Suppression]
Suppression (Defense Mechanism)—Serials
cognitive load & reduced mental control, depressive thinking thought suppression, depressive vs nondepressive vs at-risk college students, 8123
deliberate suppression of rape-related thoughts, frequency of intrusive thoughts, female rape victims (mean age 28.5 yrs) vs non victims, 8377
psychometric properties of White Bear Suppression Inventory & its association with dimensional & categorical measures of psychopathology & proneness to dissociation, psychiatric outpatients, 29393
stereotype suppression as control strategy & its moderating influences, 14272
suppression vs nonsuppression instructions following viewing of distressing vs neutral stimuli, attentional capacity during word identification task, high vs low anxiety undergraduates, 16584
thought suppression & compulsive ritualistic behavior, 17–39 yr old college students, 24037
Surgeons—Serials
impaired depth perception of operation site during minimally invasive surgery, 22066
survey of US Air Force flight surgeons on training for & uses of clinical preventive services using coronary heart disease as an indicator, 38366
Surgery [See Also Amputation, Cochlear Implants, Dental Surgery, Heart Surgery, Hysterectomy, Induced Abortion, Neurosurgery, Organ Transplantation, Plastic Surgery, Sex Change, Stereotaxic Techniques]—Serials
absolute & proportional gestational weight gain & prepregnancy body mass index as predictors of primary cesarean delivery, adult females, 2584
acute surgical preparations, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans rats, 36486
adaptive filtering, perception of enhancement of transcutaneous artificial larynx speech in quality & intelligibility, adults with laryngectomy, 9277
age differences in gross & fine motor functions & prediction of hemidecortication surgery outcomes & role functional magnetic resonance imaging in surgery timing, 1.7–20.3 yr olds with epilepsy, 24806
amphetamine-induced activity levels, rats born vaginally vs by cesarean section from isoflurane anesthetized dams with vs without added anoxia vs decapitated dams, 760
awareness during anesthesia in surgery & resulting PTSD & traumatic memories, implications for prevention & treatment, 4989
body weight & shape & weight reduction, body image & satisfaction, obese 21–56 yr olds assessed prior to & 3 yrs after bariatric surgery, 12311
breast-conserving surgery vs mastectomy, perceived social support & distress & psychological & physical functioning, 36–86 yr females with breast cancer vs their partners, 13 mo study, 18832
bulimia nervosa, surgical cure of primary hyperparathyroidism, 29-yr-old Japanese female, 21424
craniotomy requirement, outcome on Disability Rating Scale, 16–85 yr olds with traumatic brain injury who required inpatient rehabilitation, 15438
development of anorexia nervosa, 38-yr-old female 2 yrs following gastric bypass surgery, 12342
dietary habits & aging & gastrointestinal absorption, development of thiamin deficiency & onset of Wernicke–Korsakoff syndrome 2–20 yrs following gastrectomy, male 51 & 60 & 65 yr olds, 5771
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, comment, 38412
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, 38391
effecacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18798
efficacy of cognitive–behavior therapy for procedure-related pain, commentary, 18787
efficacy of cognitive–behavior therapy for procedure-related pain, pediatric patients, 18802
efficacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18788
food hoarding behavior & body weight set point & body fat content before vs after surgery vs after recovery, lipectomized vs sham-lipectomized adult male rats, 29734
history of operation under general anesthesia, determinant or risk factor for accelerated age-related cognitive decline, 24–86 yr olds, Netherlands, 861
hypnosis intervention, perceived pain perception & affect, orthopedic hand-surgery patients, 15374
impaired depth perception of operation site during minimally invasive surgery, 22066
improvement of preoperative counseling services, laryngectomees & their spouses, 1978 vs 1998, 12554
intelligence scores from 2–38 yrs, female craniopagus twins separated at 4 mo, 18266
jaw relaxation with vs without music, postoperative pain after major abdominal surgery during ambulation & rest, 20–70 yr olds, 22051
language dominant vs nondominant cerebral hemispheres, immune function, 20–48 yr olds undergoing epilepsy surgery, 18829
night vs binge eating following biliopancreatic diversion, 19–61 yr old severely obese females, 3 yr study, 18168
pain control in small-animal patients after surgery, 3635
pallidotomy surgery, voice & speech characteristics, 53–72 yr olds with Parkinson's Disease, 38427
physiological & psychosocial & sexual functioning & adjustment & satisfaction & surgical results, male to female gender transformation surgery patients, 3 yr followup, 14210
presurgical vs postoperative eating pathology prevalence, bariatric surgery patients, 18185
private prayer in spiritual coping, psychological adjustment, 40–80 yr olds following coronary bypass surgery, 2461
procedure & sequelae of & cultural justifications for female genital mutilation & ethical & legal issues, 20774
psychiatric ramifications of human hand transplantation surgery, 18486
recreational physical activity & sedentary behavior, risk of cholecystectomy, women 40–65 yrs old, 10 yr follow-up, 35134
refusal to consent to Caesarean section in case of Re MB, 23 yr old woman with needle phobia, implications for right to refuse to consent to medical treatment , 3233
Short Form 36 Health Survey Questionnaire vs EuroQol for assessment of health-related quality of life & surgical effectiveness, 16+ yr old cosmetic surgery patients, 31797
sound localization before & after ear surgery, Ss with chronic otitis media, 22056
stereotactic posteroventral pallidotomy, 36 yr old female patient with severe & refractory generalized dystonia, 5755
surgical experience & outcomes, 60–75 yr olds with cerebellar infarcts vs hemorrhage, 5392
trait dependent & situation specific coping behaviors during invasive medical procedures, 6–15 yr olds with cancer, 5281
tumor resection surgery for tremor, 60 yr old female with frontal convexity meningioma, 5333
use & efficacy of low-dose ketamine, acute postoperative pain, 35105
Surgery [See Also Amputation, Cochlear Implants, Dental Surgery, Heart Surgery, Hysterectomy, Induced Abortion, Neurosurgery, Organ Transplantation, Plastic Surgery, Sex Change, Stereotaxic Techniques]—Books
Freud, surgery, and the surgeons, 21673
Surgery [See Also Amputation, Cochlear Implants, Dental Surgery, Heart Surgery, Hysterectomy, Induced Abortion, Neurosurgery, Organ Transplantation, Plastic Surgery, Sex Change, Stereotaxic Techniques]—Chapters
Hypnotic preparation in anesthesia and surgery, 38380
Presurgical psychological screening in chronic pain syndromes: Psychosocial risk factors for poor surgical results, 15394
Recovery from acquired reading and naming deficits following focal cerebral lesions, 38438
Surgery for chronic spine pain: Procedures for patient selection and outcome enhancement, 8524
Surgical Complications [See Postsurgical Complications]
Surgical Patients—Serials
, subjective vs objective memory change, anterior temporal lobectomy patients, 38426
analgesic effect & tolerability of ketorolac vs tramadol, patients with pain following nasal surgery, 5734
clinical profile of delirium & predisposing factors & associated psychiatric symptoms & outcome, 40–98 yr old hip fracture surgery patients, 6 mo followup, 38399
delivery & dose of opioid or nonopioid analgesic & acute pain & morbidity, previously healthy 13–63 yr old appendectomy patients, 28589
depressive symptoms & health costs, Veterans Administration medical or surgical inpatients over 60 yrs old, 15469
incidence & pathophysiology & etiology & risk factors, delirium after cardiac surgery, elderly patients, 38434
non-pharmacologic pain management, coronary bypass patients, 25298
operative mortality risk, preference for local vs distant regional surgery, patients awaiting elective surgery, implications for regional health planning , 15410

preoperative expectations of pain & rate of recovery & return to work, postoperative pain & disappointment, 20–77 yr old lumbar surgery patients, 3 day & 3 mo followup, 15407
psychological & physiological status of patient & choice of anesthetic procedure, anesthetists managing geriatric surgical patients, 7619
reliability & validity of Perceived Illness Experience Scale & correlation with proxy rater & measures of well-being & function, 8–25 yr olds with bone tumors treated by limb salvage surgery, 19617
safety & efficacy of patient controlled analgesia program, 7–17 yr old surgical patients, 28593
standardized vs routine education about patient-controlled analgesia, postoperative pain & morphine use & satisfaction, 8–18 yr old spinal fusion surgery patients, 5899
theory of planned behavior prospective approach to prediction of intention & motivation to exercise, postsurgical colorectal cancer patients (mean age 60.8 yrs), implications for rehabilitation , 11848
tracheostomy before age 8 mo, speech errors & phonetic characteristics & phonological skill & level of speech development, 2.7–6.7 yr olds, 3 mo study, 23703
validity of Child Facial Coding System, assessment of postoperative pain, 1.1–6.2 yr old surgical patients, 35875
Surveys [See Also Mail Surveys, Telephone Surveys]—Serials
2 phase epidemiological survey design & data analysis in psychiatric research, 13152
administration of clinical diagnostic SCAN survey to patients with neurotic & psychotic disorders, 45–55 yr old experienced lay survey interviewers , 22858
application & validation of data fusion for merging separate surveys, implications for marketing, 3370
beginning of findings from National Longitudinal Epidemiologic Survey on impact of early onset tobacco use on both illicit drug abuse & dependence & major depressive disorders, adults, 14398
business-to-business attitudes toward and response rates to market survey research, 22574
causes of overestimation of price effects & non-significant price effects & positive price elasticities in survey-based price experiments, Ss, 19691
content of General Social Survey discussion network name generator in a Chinese context, 4757
contraception use & surveys of use & limitations of existing research, 15–25 yr olds, UK , 23926
demographic & clinical characteristics, responders vs nonresponders to patient satisfaction survey at discharge from psychiatric hospital, 15595
discriminant validity of ratings of child's fears on Revised Fear Survey Schedule for Children, 6–17 yr olds & their parents, 32595
estimated number of sexual partners, 16–59 yr old nonrespondents to question on British National Survey of Sexual Attitudes & Lifestyle, 23930
factor structure & internal consistency of Inviting School Safety Survey, examination of violence & perception of school environment & safety, high school students (mean age 15.8 yrs) , 32300
feminist process model for adapting AIDS survey for use with community-based sample, 18–54 yr old females, 36024
framework for maximizing response rates in interview survey research with poor African-American families , 9991
global disability item in health surveys for measuring impact of health problems on functional abilities in older persons, 22908
goal specificity & control of computer simulated navigation of novel campus environment, acquisition of survey knowledge, Ss, 19829
identification of child psychiatric disorder by parent vs teacher & parent vs adolescent, 6–16 yr olds in clinic vs community settings, 14457
informant parallelism on Quebec Child Mental Health Survey, prevalence of DSM-III-R mental health disorders, at-risk 6–14 yr olds, 6 mo study, 14437
issues in sampling & response rates & pretesting & interviewing & questionnaire design & response bias in survey research, 13155
life satisfaction for people with learning disabilities using day &/or residential services, survey, 34467
methodological issues in use of telephone vs face-to-face interviews for survey work & application to study of continence care service, 19–92 yr old incontinence sufferers, 6743
normative study of Fear Survey Schedule for Children—Revised & level of fears & relation to state & trait anxiety, 8–10 vs 11–13 vs 14–16 yr old male vs female children, Sweden, 19580
objectives & design of Netherlands Mental Health Survey & Incidence Study, 18–64 yr olds, 6729
opinions of most important factors considered when hiring first time teachers, school principals & superintendents, 22400
psychological issues & limitations in questionnaire-based research, 3397
race & income & employment & education & age variables created from National Health Interview Survey data for targeting underserved for breast & cervical cancer screening, 18–64 yr old females, 2545
rationale for widespread adoption of standardized health risk behavior survey, adult populations, commentary, 9938
rationale for widespread adoption of standardized health risk behavior survey, adult populations, 9937
reliability & construct validity of alternative measures of S. H. Schwartz's theory of values, assessment of values & individualism-collectivism & goal concepts, 17–30 yr olds, 49
reliability & validity of Medical Outcomes Study Short Form Health Survey & perceived functioning & well-being & short-term effects of olanzapine vs haloperidol, schizophrenic patients, 32657
reliability of German version of Sexual Experiences Survey, measurement of prevalence of sexual aggression, adults, 11537
report from Camberwell Needs for Care Survey on treatment of psychiatric disorder in the community, Ss with mental disorders, 18474
response artifact associated with open-ended probability scales, 19684
self-generated vs fear survey schedule generated fears, 11–18 yr olds, implications for commonality & consistency among danger- & death-related fears in adolescents, 20581
statistical model of survey contact & response bias, US, 19679
survey context manipulation & perceptions of risk & loss & truthfulness of reporting to sensitive survey questions, 18–45 yr old females, 36088
survey design & utility & merits & drawbacks of microcomputer & World Wide Web data collection of political attitudes & alienation & public relations, 26282
survey response rate differences, students & educators vs general population, meta analysis , 3394
survey vs focus group assessment of HIV attitudes & knowledge, adolescents (mean age 15.9 yrs), 32760
type of advance letter vs no letter for personal interview survey, response rates, 3371
use of culturally sensitive survey research methods to discover the perspectives of access to local health care services of rural frontier residents, implications for nursing & health care research, 22150
use of Delphi technique for draft definition of client-centered practice in occupational therapy, occupational therapists, 15681
use of HIV risk behavioral surveillance surveys for detecting trends in HIV & sexually-transmitted disease related behaviors & impact of prevention efforts, at risk populations, Asia & Africa, 2518
use of theories of social exchange & cognitive dissonance & self perception & commitment/involvement in designing consumer surveys, survey participation, 18–65+ yr olds, 19682
Surveys [See Also Mail Surveys, Telephone Surveys]—Chapters
Assessing protocols for child interviews, 36101
Client Satisfaction Surveys, 15175
The Consumer Satisfaction Survey, 26252
Cross-cultural use of measurements, 111
Focus chapter: **Research methods in the study of sexual behavior, 11076**
Job redesign in health care: Making old look new again, 26249
Outpatient psychotherapy in the United States: The National Medical Expenditure Survey, 31509
Personality Inventory for Children, Second Edition (PIC–2), Personality Inventory for Youth (PIY), and Student Behavior Survey (SBS), 26093
Political agendas, 9823
Remembering what happened: Memory errors and survey reports, 36114
SF-36 Health Survey, 26218
A survey of the Africans' understanding of father–daughter incest: Implications for relevant therapeutic intervention, 34332
Survey research to measure EAP customer satisfaction: A quality improvement tool, 25881
When surveys fail: An alternative for data collection, 36107
Survival Instinct [See Self Preservation]
Survivors [See Also Holocaust Survivors]—Serials
action agenda for feminist psychotherapists as agents of change for victims & survivors of war, 28283
art therapy group, 13–17 yr old female survivors of sexual abuse, 38352
childhood sexual abuse victimization, 27–50 yr old male survivors, 21238
cognitive–behavioral & family therapy intervention to cope with aftereffects of childhood cancer & treatment,patients & their families, adolescent cancer survivors, 24980
defense mechanisms in Nazi concentration camps during Holocaust, survivors, comment, 17434
disease recurrence & family history of cancer & physical disability & attitudes of medical skepticism toward physicians, psychological distress, cancer survivors aged over 50 yrs, 31164
drawing in art therapy, encouragement of verbalization about past traumatic experience, 36-yr-old female survivor of child sexual abuse, 2434
effects & symptoms of traumatization, survivors of multiple AIDS-related loss, 8559
emerging themes of couples' difficulties in group therapy, 19–52 yr old female child sexual abuse survivors, 2224
emotion management in court, rape survivors, 16282
exercise as component in rehabilitation, breast cancer survivors, 28648
experience of feminist member/founder of Women in Black Against War working with female survivors of war, former Yugoslavia, 28304
experiences of sexuality after treatment, female breast cancer survivors, 28099
feelings toward offender–parents & personal coping, 24–57 yr old survivors of child abuse, 34287
functional impact & predictions of difficulties in rates of postdisaster psychopathology, 18 yr old & older survivors of bombing of Alfred P. Murrah Federal Building in Oklahoma City, 34123
importance of current couple relationship for healing & recovery, adult survivors of child sexual abuse, 24445
level of posttraumatic stress disorder &/or depression, adult war-traumatized Cambodian refugees, 12-yr study, 34077
mental health & psychiatric symptoms, relatives or others close to suicide victims, 17831
model for conducting time-limited group therapy, adult survivors of child abuse, 21794
moderating effects of adult attachment & intimacy & partner physical abuse on association between childhood sexual abuse & depression, survivors & partners, 37521
patterns of & factors affecting bereavement process, survivors of spouses who died from suicide vs traffic accidents vs terminal illness, 27368
perceptions of experience of sexual abuse, South Asian immigrant female survivors of sexual abuse, 24379
perceptions of experience of sexual assault, male survivors (aged 29–42 yrs), 24477
posttraumatic growth in survivors of violence & their societies, 24467
program development & service delivery of Project Heartland community crisis intervention service, victims & survivors of Oklahoma terrorist bombing, 28691
program development & service delivery of school-based segment of Project Heartland community crisis intervention service, school-aged child victims & survivors of Oklahoma terrorist bombing, 28704
relationship of severity of childhood trauma & violent & nonviolent revictimization & peritraumatic dissociation & coping & attachment styles, 23–64 yr old female survivors, 37473
sexual & relationship experiences, lesbian survivors of male perpetrated childhood sexual abuse, 14672
structured clinical interview for DSM-III-R vs psychodynamic clinical interviews, diagnosis of symptoms of PTSD, survivors of Buffalo Creek flood, 14611
support networks within mediated self-help support groups, psychosocial readjustment & recovery, adult survivors of cults, implications for clinical practice, 31747
symptomatology, Caucasian vs Native Canadian female survivors of childhood sexual abuse (aged 15–57 yrs), 24381
trauma & acute stress disorder, 16–65 yr old survivors of motor vehicle accidents vs severe burns vs industrial accidents vs nonsexual assaults, 27728
trauma & PTSD symptoms & mental health treatment & recovery, adults highly exposed to bombing of Oklahoma City Federal Building, 17953
utility of dialectical framework for understanding intrafamilial sexual abuse, 20–65 yr old incest survivors, 21237
victimization history & locus of control & adulthood adjustment, 17–49 female survivors of childhood sexual abuse, 37606
Survivors [See Also Holocaust Survivors]—Books
Autonomy in the extreme situation: Bruno Bettelheim, the Nazi concentration camps and the mass society, 14115
Group treatments for post-traumatic stress disorder, 34903
In my father's arms: A true story of incest, 37527
Incest, work and women: Understanding the consequences of incest on women's careers, work and dreams, 1745
Survivor guilt: A self-help guide, 31393
When a community weeps: Case studies in group survivorship, 12961

When history is a nightmare: Lives and memories of ethnic cleansing in Bosnia-Herzegovina, 33729
Survivors [See Also Holocaust Survivors]—Chapters
Adolescent survivors of the Holocaust, 37422
The aftermath of a plane crash—Helping a survivor cope with deaths of mother and sibling: Case of Mary, age 8, and follow-up at age 17, 34839
Assessing the long-term effects of disasters occurring during childhood and adolescence: Questions of perspective and methodology, 37419
Between the background of safety and the background of the uncanny in the context of social violence, 34938
The *Challenger* **disaster: Group survivorship on a national landscape, 12965**
Climbing out of the pit: From the Black middle class to homeless and (almost) back again, 33732
Cognitive-behavioral group treatment for disaster-related PTSD, 34918
The connection between grief and trauma: An overview, 11255
The death of a twin, 33597
Death on duty: Police survivor trauma, 29300
The developmental impact of cancer diagnosis and treatment for adolescents, 38440
Group psychotherapy: An overview, 34909
Group treatment for adult survivors of childhood abuse, 34919
Hear our cries: Victim-survivors of clergy sexual misconduct, 37532
Psychological treatment of motor vehicle accident survivors with PTSD: Current knowledge and application to group treatment, 34910
"Rational suicide": A contradiction in terms, 11596
The threat to belonging in Enniskillen: Reflections on the Remembrance Day bombing, 12962
Susceptibility (Disorders)—Serials
A218C allele of TPH gene polymorphism, susceptibility to manic depression & suicidal behavior, comment, 11353
A218C allele of tryptophan hydroxylase gene polymorphism, susceptibility to manic depression & suicidal thoughts & behavior, adults with bipolar I or II disorder (mean age 34.8 yrs), 11365
A218C allele of tryptophan hydroxylase gene polymorphism, susceptibility of manic depression, patients with bipolar disorders, 11369
Beck's & L. Y. Abramson et al's theories of cognitive vulnerability to depression & supporting evidence, 17855
biological & genetic & familial risk factors associated with susceptibility to PTSD, 11483
birth-month & familial risk factors, eye-tracking dysfunction, schizophrenia patients (mean age 32.3 yrs), 21141
C allele of inflammatory cytokine interleukin-6 gene, initial onset & risk for sporadic Alzheimer's disease, 51–100 yr olds with Alzheimer's disease, implications for role of immune response , 21593
dopamine D-2 receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenic patients vs German & British data, Canada & US, 17923
dysfunctional attitudes & vulnerability to depression, male vs female symptomatic vs asymptomatic college students, 14 wk study , 4906
dysfunctional parenting behaviors & offspring dysfunctional attitudes & depression proneness, college students, 4920
familial predisposition & susceptibility to effect of risk factors for myocardial infarction, 20–93 yr olds, 21519
family history of suicide & risk of suicidal behavior & role of stress or psychiatric illness, 11561
genes & susceptible loci of Alzheimer's disease , 18421
genetic component of susceptibility to anorexia nervosa, 24664
genetic component of susceptibility to anorexia nervosa, commentary, 24648
genetic factor in chromosomal region of gene clusters, vulnerability to alcohol dependence, 14757
genetic heterogeneity & identification of susceptibility genes, autistic patients, 14837
genetic vs environmental influences, specific symptoms of alcoholism, 34–54 yr old male monozygotic vs dizygotic twins, replication, 21345
individual factors related to dietary behavior & perceived susceptibility to cardiovascular disease & high blood cholesterol, 30–64 yr old females, 25341
inherited hypohedonia & theory of learned helplessness & the vulnerability factor of depressogenic explanatory style for depression, 8099
negative cognitive styles & vulnerability to depression, 30648
negative mood, dysfunctional attitudes, adult females vulnerable vs not vulnerable to depression, 4917
neuroticism & self-esteem personality factors, vulnerability to major depression, female twins, 37333
obstetric complications & other prenatal & perinatal risk factors in & vulnerability stress models of schizophrenia, 4945
predictive models of interrelationship between predisposing & precipitating factors for delirium, hospitalized medical patients aged 70 yrs & over, 37853
psychosocial sequelae of genetic testing for breast cancer susceptibility, human females, emotional & behavioral implications, 25327
religiosity & vulnerability to suicide attempt or plans, depressed outpatient Afghan refugees, Pakistan , 14128
ruminative response style, vulnerability to dysphoria, currently vs previously vs never dysphoric college students, 4921
sensitivity to acute fatigue during tests of sustained attention & responding, 17–73 yr olds with chronic fatigue syndrome, 18284
serotonin-2A receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenia patients (mean age 43.7 yrs), 17917
sex & inheritance of variance of catechol-o-methyltransferace & monoamine oxidase-A, susceptibility to obsessive compulsive disorder, families of individuals with obsessive compulsive disorder, 21178
sleep pattern & neuroendocrine alterations as state vs trait markers of depression, 18–45 yr old health first-degree relatives of patients with affective disorders, 8106
sociotropy vs autonomy personality styles & perceived stress associated with interpersonal or achievement focused hypothetical life events & vulnerability to dysphoria, 18–48 yr olds, 12-wk study, 4913
susceptibility to & differentiation between worries about performance failure & negative social evaluation, competitive college ice hockey players, 39014
theory of planned behavior & perceived susceptibility & past cessation attempts, 19–69 yr smokers attending health promotion clinics, 6 mo followup, 7769
tryptophan depletion, depressive vulnerability, 24–80 yr olds in remission & drug free with prior major depressive episode , 30677
variants of human norepinephrine transporter gene, susceptibility to major depression, patients with major depression, 34125
Susceptibility (Disorders)—Books
Risk factors for posttraumatic stress disorder, 24350
Susceptibility (Disorders)—Chapters
Children in difficult circumstances: Familial correlates of advantage while at risk, 38467
An ecological perspective on pathways of risk, vulnerability, and adaptation: Implications for preventive interventions, 37249
Effects of stress on susceptibility and severity of inflammation in adjuvant-induced arthritis, 26727
5-HT receptor knockout mice: Pharmacological tools or models of psychiatric disorders, 26553
Personality and post-traumatic stress disorder, 21214
Personality and vulnerability to affective disorders, 24187
Postpartum depression in relation to other psychiatric disorders, 14526
Vulnerability to psychological disorder: Previous trauma in police recruits, 27740
Susceptibility (Hypnotic) [See Hypnotic Susceptibility]
Suspicion—Serials
attitudes toward sexual abuse protection policies & work climate of increased suspicion, analysis according to M. Foucault's notion of surveillance, kindergarten teachers, New Zealand, 2 yr study, 19228
attributional style & severity of suspiciousness, 17–30 yr olds experiencing 1st-episode psychosis, 24270
images & bases & benefits of & barriers to trust vs distrust in organizations, 16139
perceptual & emotional detail of simulated accounts & induced suspicion, judgments of believability of accounts as actually experienced event, adults, 4750
suspicion of other countries & predisposition to need new enemies following cold war, leaders, 4 yr study, 33806
Suspicion—Chapters
Stalking the sinister attribution error: Paranoia inside the lab and out, 35679
Sustained Attention [See Also Attention Span, Concentration, Vigilance]—Serials
activation of right & parietal cortices during sustained attention & selective vs nonselective monitoring for targets, healthy 28–48 yr olds, 7033
age & externally vs internally controlled sustained anticipatory visual attention, theta synchronization, 7–12 mo olds, 30184
age & gender, ERP amplitudes & latencies & centroid locations during cued continuous performance test under Go & NoGo conditions, healthy 22–60 yr olds, 29896
alcohol ingestion & blood alcohol concentration, residual impairment of RT & sustained attention in repeated performance, healthy 18–43 yr old males, 10625
assessment of neural networks involved in intrinsic alertness, 23–34 yr old male college students, 23163
association between continuous performance tests & heart rate variability, 7.5–12 yr old males with ADHD, 14812
attentional priority & preference of novel context vs target information in visual stimuli, 6 mo olds , 23684
demographic & medical & biologic & self-report measures of drug exposure & visual attention to familiar vs novel stimuli, cocaine vs non-cocaine poly drug exposed 38–44 wk olds & their mothers , 23721
EEG alpha rhythm, darkness vs visual attention, 7.4–12.4 mo olds, 29861
intra-accumbens oligodeoxynucleotides for glutamic acid decarboxylases, sustained attention, male rats, 10626
nicotine, sustained attention under conditions of high vs low event rate vs weak signal strength, male rats, test of criteria for construct validity of vigilance tasks , 4221
nicotinic acetylcholine receptor agonist ABT-418 vs methylphenidate, sustained attention performance, brain-lesioned male rats, 30030
physostigmine vs benzodiazepine receptor agonist FG 7142, 192 IgG-saporin induced cortical cholinergic deafferentation & sustained attention, male rats, 7226
processing of auditory tone signal, sustained attention to concurrent visual encoding task, 18–25 yr olds, 16688
psychometric properties of Sustained Attention Test & correlations with measures of learning and social skills acquisition, patients with schizophrenia , 3331
sustained attention to response, 18–65 yr olds, 23160
topographic variations of sustained focal attention, peripheral letter recognition performance, 18–34 vs 51–58 yr olds, 16500
validity of neurophysiological measures & sustained attention in continuous performance test, 18–24 yr olds, 29762
visual search inhibition of return in oculomotor system, adults, 29495
Swallowing—Serials
stimulation of chewing area of fronto-orbital cortex, muscles & medullary interneurons or motoneurons active during swallowing, adult ewes, 29819
Sweating—Serials
hyperventilation & sweating & alkalosis & panic attacks, panic patients, 34209
nocturnal sweating & temperature before & after recovery & impact of REM sleep on sweat rates, 27–68 yr old depressed patients, 37302
permanent focal hyperhidrosis following termination of opiate abuse, 21 yr old female & 39 yr old male, 30868
Sweden—Serials
adult child & sibling & friend social supports & frequency of contact & health & life satisfaction, 80 yr olds living in Sweden, 3-yr study, 36898
age & sex & marital status & native vs foreign birth, attempted suicide rates for 1991–94, adult psychiatric inpatients, Sweden, 17973
attitudes toward elderly, Swedish vs American 4–5 yr olds, 27084
cardiovascular & cortisol responses to standardized stress test, Lithuanian vs Swedish 50-yr-old men , 13674
changes in nursing load & care organization, Sweden, 18 yr study, 28684
crime rate, discharged schizophrenic patients vs general population, Sweden, 30928
demographic & cultural factors, informal support, 75 yr olds & older, US vs Sweden, 20655
drinking patterns & prevalence in gay & lesbian community, Swedish Ss, 37033
epidemiology & individual characteristics of parasuicide & relation to suicide, Sweden, 1989–95, 27816
etiological factors & prevalence of severe mental retardation & possible role of consanguinity, 3–16 yr olds in a Swedish municipality, 1878
forensic evaluation & medico-legal insanity status of young sex offenders, 15–20 yr olds, Sweden, 29268
forensic psychiatric legislation, declaration of medicolegal insanity & clinical diagnoses, offenders subjected to evaluation, Sweden, 1988–95, 19534
latent class analysis of temperance board registration & subtypes of alcoholism, Swedish male-male twin pairs born 1902–49, 5082
prohibition of & public attitudes toward corporal punishment of children & intervention, adults, Sweden, 20748
resident characteristics & selected organizational factors, appropriateness of psychotropic drug use, 77–87 yr old residents in 33 nursing homes, Sweden, 2642
sex, performance on Swedish SAT, students originally tested in 1980, 22504
social impact of HIV testing policies, Britain vs Sweden, 15003
social position & perceptions & utilization of child health promotion program, native vs foreign born mothers, Sweden , 2509
transitioning from cohabitation to marriage, cohabitating females, Sweden, 1992, 30313
use of Model of Human Occupation in occupational therapy assessment & intervention, Sweden, 22282

Sweden—Chapters
The acquisition of literacy by immigrant children in Sweden, 6177
Detection of cannabis in victims of violent death in Stockholm (1987–1994), 18026
Educative physical planning: Housing and the emergence of suburbia in Sweden, 29219
Expansion and implosion: The story of drug treatment in Sweden, 5942
Family psychology in Sweden: Historical overview and the Swedish model of family therapy, 21811
Psychotherapy services in Sweden, 31477
The Swedish addiction epidemic in global perspective, 18091
Sweetness [See Taste Perception]
Swimming—Serials
acquisition & development of cognitive skills & strategies underlying preperformance facilitative anxiety, 19–27 yr old male elite swimmers, 16167
association & internal vs external dissociation, performance & perceived fatigue & rate of exertion, recreational swimmers, 35696
behavioral profiles on elevated-plus maze & open field & forced swim tests, rats bred to display high vs low anxiety-related behavior, 3726
cue integration & use of working memory in water maze performance, adult male Sprague-Dawley rats with unilateral entorhinal cortex lesions, 10269
development of spinal cord 5-HT system & swimming movements, newborn rats with prenatal lowered CNS serotonin, 3889
effects of risperidone compared with typical neuroleptic haloperidol on affective & cognitive functions, rats, 36597
fair vs cloudy weather conditions, swimming behavior, captive African penguins, 10334
fluoxetine, active & passive behavior in forced swimming test, rats, implications for animal models of psychopathology, 13821
forced swim stress, NADPH-diaphorase histochemical activity in paraventricular nucleus of hypothalamus, male rats, 23349
multimodal intervention program, facilitative interpretations of precompetition cognitive & somatic anxiety, male elite swimmers debilitated by anxiety, 5 mo follow-up, 16168
self- vs other-modeling, swimming performance & self efficacy & anxiety, beginning swimmers, 35713
sensory feedback in swimming, leeches, 20163
sex & laterality, rotary swimming & direction reversal, mice, 13471
tramadol vs its plus vs minus enantiomers, forced swimming test performance & noradrenergic vs serotonergic vs opioidergic mechanisms, male mice, animal model of depression, 4256
water trauma & swimming skills up to age 9, water fear & phobia at age 18, 3 yr olds, 15 yr study, 1651
Switzerland—Serials
current situation in the regulation of psychological testing practices in Switzerland & France & Belgium, 26079
use of & need for language interpreters in psychiatric hospitals & public psychiatric services, Switzerland, 15473
Switzerland—Chapters
Harm reduction and abstinence: Swiss drug policy at a time of transition, 5957
Syllables—Serials
ability to form categorical representations to monosyllabic & bisyllabic stimuli, 3–4 mo olds, 13936
attention to sound similarities in syllables, 9 mo old English learners, 10779
effects of prosodic stress & serial position on syllable omission in first words, 10 mo old male, 10 mo study, 7409
grammatical morphology & role of weak syllables, 4–7 yr old Italian-speaking children with specific language impairment , 8473
induction effect of syllabic structure, word recognition, college students, 6814
induction effect of syllabic structure, word recognition, college students, commentary, 32879
lengthened formant transition duration, behavioral & neurophysiological ability to discriminate stop-vowel syllables, school aged children with learning problems, 37672
meme concept & cultural variation in songs, geographically distinct populations of savannah sparrows, 361
model of reading procedures of irregular word & pseudoword reading performance, 220
morphological aspects of syllable onset in Optimality Theory of sequential development of syllabic types, 1–1.9 yr olds learning Dutch, 13 mo study, 30177
noun syllabic structure & sublexical properties & priming paradigm, phonological encoding & word & picture naming, humans, 29595
number of pitch periods & pitch periods from syllable onsets &/vs offsets, identification of /d/-vowel-/d/ syllables by male speaker, college students, 32872
perception of consonant-vowel syllables varying in voice-onset time & left-hemisphere event-related magnetic field correlates, adults, 567
perceptual &/or acoustically distinctive production factors in cross-language syllable structure preference for initial vs final consonants, college students , 32881
phonology & morphology of language, spoken word processing, college students, 26914
processing lexically embedded spoken words in 1st-syllable vs 2nd-syllable position, college students , 6856
resyllabification, word recognition, college students, 19869
simulation of monaural & binaural amplification at several signal-to-noise ratios, nonsense syllable recognition, normal vs hearing-impaired listeners, 15054
sonority of phonemes in segmentation of syllable constituents, preschoolers & 1st grade students, 17293
syllabic strength & lexical boundary decision strategies & nature of dysarthric speech signal, mismatch, 21–50 yr old normal listeners, 194
syllable stress & vowel quality factors, metrical segmentation strategy in Dutch, college students, 4372
syllable-initial voicing & speech rate, temporal characteristics of monosyllabic words, talkers, 36662
temporal filtering, intelligibility of syllables with cepstral trajectories, native Japanese speakers, 19767
use of syllabic & alphabetic principles & understanding of written language, 3–6 yr old preschool students, 6211
Syllogistic Reasoning [See Inductive Deductive Reasoning]
Symbiosis (Biological) [See Biological Symbiosis]
Symbolic Interactionism—Serials
symbolic interactionist approach to grieving & identity in dreams of deceased, 24–77 yr olds, 7917
symbolic interactionist perspective of hazing in fraternity culture, 29003
symbolic interactionist perspective on cultural formation of & Affect Control Theory in prediction & interpretation of emotions, college students, 23165
symbolic interactionist perspective on culture and socilization & transracial adoption, African-American families, 36980
Symbolic Interactionism—Books
Imitation in infancy, 17192
Social psychology (8th ed.), 20819
Symbolic Interactionism—Chapters
Teaching career: Between burnout and fading away? Reflections from a narrative and biographical perspective, 22634
Symbolism—Serials
aesthetic influence & Jung's description of symbolic process of art-making & inclusion of art in psychoanalysis as mediator of destructive & creative dynamics in artists' lives, 2246
benefits of bi-coded recursive auto-associative memory connectionist model for representations of symbolic structures, 19492
changes in projective identification & symbolization, 5 yr old suicidal male undergoing psychoanalysis, 5589
composite meaning of symbol components & referent & referent prototypicality & semantic transparency or translucency, nondisabled 21–50 yr olds, implications for Blissymbol codability, 4361
early development of symbolic functioning & implications for education, 4424
emotional aspects of sibling relationship & symbolic value within family & key elements for future investigation, 2213
epistemological perspectives of fear of crime & relation to symbolic representation & discourse & sociocultural factors of meaning & experience of crime, 34405
ESPbase Microsoft Access database application for storing & selecting symbol & icon sets for research & design usability, 36076
examination of M. Klein's paper on the importance of symbol-formation in the development of the ego, 7978
factors contributing to failure of Native American reform movement to stop use of their symbols & heritage in sports culture & strategies for rhetorically reformulating campaign, 23863
geographical place as ritual scapegoat for flooding problems & as symbolic African American as outsider, 4745
H. Werner & B. Kaplan's developmental theory of language as alternative to G. Lakoff's theory of embodiment, applications to modernist poetry, 33520
interpretation of & symbolism attached to new American Psychological Association logo, college students, 15695
judgments of flag as social convention & understandings of moral & psychological consequences of public vs private flag-burning with symbolic vs accidental vs instrumental intent, 6 vs 8 vs 10 yr olds, 14010
Jungian use of Kabbalistic symbols in Jewish mystical thought, 14365
Lacanian methods & symbolism & linguistics as applied to psychoanalytic study of religion, 7636
language concerns & manipulation of symbols on attitudes & actions of Nebraska State & County Councils of Defense during era of perceived crisis, 1917, 1151
paralysis of symbolic functioning & 2nd attempt to provide psychoanalytic psychotherapy, adult child of Holocaust survivor, 25135
psychoanalytic perspective of symbolic processes in story making or narrative of geological rock formations , 14366
psychoanalytic perspective on organizational symbolism & holding environment, 25926
race & rhetoric & politics of commemoration in symbolic career of revolutionary hero Crispus Attucks , 22812
racial attitudes & southern identity & perception & meaning of Confederate symbol in Georgia state flag, White southerners, 1261
rating norms for symbol & icon concreteness & complexity & meaningfulness & familiarity & semantic distance, college students, 36121
relationship between technical work & externally directed symbolic displays relating to audit reporting process, members of US General Accounting Office, 35648
responses & feelings & stigmatized role to social justice involvement with wearing pink triangle pin in support of gay rights in teaching social issues in university setting, college students, 20792
structuralist & postmodern & processual views of archaeology of symbols, 7654
symbolic material in "Symbols of Transformation" & its relation to Jung's psyche, 14367
symbolic play behavior, verbal vs nonverbal children with autism (aged 2.5–3.6 yrs), 24576
symbols & metaphors as language of unconscious in psychoanalysis, 31595
unattainable cure & absence of symbolic expressions in malignant trauma, 37275
Symbolism—Books
Ariadne's clue: A guide to the symbols of humankind, 13877
C. G. Jung and the psychology of symbolic forms, 11274
Freud, psychoanalysis, and symbolism, 34018
Ring of power: Symbols and themes love vs power in Wagner's ring cycle and in us: A Jungian feminist perspective, 10687
Symbolism—Chapters
Bringing a symbol: An experiential exercise for systematic change, 38145
Commentary, 29181
The concept of sign in the work of Vygotsky, Winnicott and Bakhtin: Further integration of object relations theory and activity theory, 7983
The concept of sign in the work of Vygotsky, Winnicott, and Bakhtin: Further integration of object relations theory and activity theory, 11278
Early symbolic representation, 10813
From addiction to self-governance, 11656
Matthew: From numbers to numeracy: From knowledge to knowing in a ten year-old boy with Asperger's Syndrome, 37671
Symbolic meaning and postmodern consumer culture, 29179
Sympathetic Nervous System—Serials
alexithymia & maternal closeness & sympathetic activity, college students, 27516
concepts of unitary sympathoadrenal system & unitary stress response in chronically painful conditions such as fibromyalgia, 1932
cutaneous sympathetic nerve activity & capsaicin-evoked pain & hyperalgesia & vasodilatation, adults (mean age 25.7 yrs), 16892
development of technique for microinjections glutamate & angiotensin II into the A5 region & effects of stimulation of the A5 region on renal sympathetic nerve activity, conscious rabbits, 13562
fibromyalgia syndrome & perturbed function of stress response systems & other neuroendocrine axes, 1924
gender differences in sympathoadrenal activity during rest & in response to foot shock stress, rats, 4012
mental stress vs autonomic dysreflexia, regional sympathetic nervous system function & level of lesion, 31–51 yr olds with spinal cord injury, 5362
model for neuroleptic malignant syndrome & role of sympathetic nervous system hyperactivity, 11789
theory of sympathetic efferent activity & chronic pain, 18269
vascular endothelial function & mental-stress-induced hemodynamic responses, 25–44 yr olds, 20248
Sympathetic Nervous System—Chapters
Phantom limb pain, 8534
Sympathy—Serials
content of & use of & attitudes toward sympathy cards to assess cultural treatment of death & bereavement & extending sympathy, 17–60 yr old college students, US, 7624

individual differences in sympathetic tendencies & regulation & negative emotionality & social functioning, 10–12 yr olds, 14030
trait personal distress & sympathy & perspective taking & social desirability, prosocial behavior, college students, 37103

Symptom Checklists—Serials

agreement between Operational Criteria Checklist interview diagnoses & consensus diagnoses with DSM-III—R and ICD 10th revision, patients with schizophrenia or bipolar disorder, 30602
Brief Psychiatric Rating Scale vs Brief Symptom Inventory, 24–76 yr olds with chronic mental illnesses, 84
discriminative properties & psychometric equivalence comparison between Screening Version of Psychopathy Checklist—Revised & original version, 16–82 yr old forensic vs civil psychiatric patients, 9881
factor structure of Bulimic Investigatory Test, assessment of bulimic symptoms, male vs female 12–17 yr olds, 26156
factor structure of SCL-90-R items & scales, adults, 22881
global ratings of videotaped performance vs global ratings of actions recorded on checklist, performance assessment with standardized patients, medical students, 1 yr followup, 35966
Hopkins Symptom Checklist-25 vs Composite International Diagnostic Interview in screening of anxiety & depression symptoms, adults, 11299
item responsiveness of rhinitis & asthma symptom score during pollen season, measurement of treatment outcome, 28–66 yr olds with asthma & allergic rhinitis, 32708
Pediatric Symptom Checklist, screening for psychosocial dysfunction risk & parent characteristics & diagnosis & child psychiatric history, 5–18 yr old children of psychiatric patients, 13058
psychological distress assessed using Symptom Checklist-90 Revised, 24–70 yr old complex regional pain syndrome patients with dystonia, 24729
test retest reliability & construct validity & appropriateness of nonpatient norms of SA-45, adults at family practice clinic, 6660
use of Symptom Checklist 90-Revised for statistical & clinically significant change after psychotherapy, patients with neurotic & personality disorders, 25008
utility of German versions of General Health Questionnaire & SCL-90-R, diagnosis of mental disorders, primary health care patients, 29391

Symptom Checklists—Chapters

The SCL-90-R, Brief Symptom Inventory, and Matching Clinical Rating Scales, 26172

Symptom Remission—Serials

antiepileptic drug lamotrigine, symptom control, 39-yr-old female & 44-yr-old male with epilepsy-related psychosis, 18674
consequences of settling for response to antidepressant drug therapy rather than complete recovery in patients with depression & drug strategies aimed at recovery, 18739
manual-assisted cognitive-behavior therapy, changes in symptoms & suicidal behavior, 16–50 yr olds at risk of recurrent self-harm, 12078
MMPI profiles during remitted vs psychotic states, 19–31 yr old recent-onset schizophrenia patients, 17921
rapid symptom remission with tramadol hydrochloride, 27 yr old female with obsessive-compulsive disorder, 18683
sleep deprivation & paroxetine, antidepressant response rates, depressed elderly adults, comparison with paroxetine vs nortriptyline monotherapies, 34737
symptom reduction & outcomes & quality of life in patients with schizophrenia, 14566

Symptoms [See Also Acting Out, Anhedonia, Anoxia, Apraxia, Ataxia, Aura, Automatism, Catalepsy, Catatonia, Coma, Convulsions, Delirium, Depersonalization, Distractibility, Dyskinesia, Dyspnea, Extrapyramidal Symptoms, Fatigue, Headache, Hematoma, Hemorrhage, Hyperglycemia, Hyperkinesis, Hyperphagia, Hyperthermia, Hyperventilation, Hypoglycemia, Hypothermia, Insomnia, Nausea, Obesity, Pain, Positive and Negative Symptoms, Pruritus, Psychiatric Symptoms, Respiratory Distress, Restlessness, Shock, Spasms, Syncope, Tics, Tremor, Underweight, Vertigo, Vomiting]—Serials

24-hr treatment vs evening treatment with lorazepam, 21–48 yr old patients with primary insomnia with daytime symptoms, 18662
35% carbon dioxide inhalation, anxiety symptoms, 18–34 yr olds at risk for panic disorder, 17931
5-HT type 1D receptor agonist sumatriptan, symptoms & mood & anxiety, 18–60 yr olds with obsessive compulsive disorder, 8931
academic distress & somatic & emotional stress symptoms & coping & achievement strategies during 2.5 yr preclinical training, medical students, 2.5 yr study, 28858
acculturation & eating disorders symptoms, 9th grade Hispanic vs European American vs Asian girls, 3 yr study, 14873
accuracy of symptom perception & demographic & distress factors, parents & their 6–18 yr olds with asthma from underserved urban communities, 11819
acetylcholinesterase inhibitor metrifonate, cognitive performance & behavioral & psychiatric problems & performance of activities of daily living, patients with Alzheimer's disease, 22064
age & sex & education & ethnicity & marital status & apolipoprotein E genotype & memory complaints, risk for depressive symptoms, non-demented community-dwelling elderly (mean age 75.2 yrs), 30667
age & sex, symptomatology & comorbidity of generalized anxiety disorder, clinically referred 7–18 yr olds, 21180
age differences, sadness as symptom of depression, community dwelling under 65 yr olds vs over 65 yr olds, 1981 vs 94, 17864
alcohol related symptoms & drinking behavior, college students, Japan, 27261
antenatal attachment & self criticism & dependency as vulnerability factors in postpartum depressive symptoms, first time mothers, 27620
anxiety & optimism & facial functioning & hearing problems & other physical symptoms & symptoms reporting following surgery, 19–86 yr old with acoustic neuroma tumor, 12312
anxiety associated with PTSD & postconcussive symptoms, 16–65 yr olds with mild traumatic brain injury , 21541
apolipoprotein-E genotype & psychosis & depression symptoms, patients with Alzheimer's disease or probable Alzheimer's disease (mean age 74.8 yrs), 18381
associated factors for vascular dementia vs Alzheimers disease, adults aged 75 yrs & older, 37817
associated subtypes & symptoms & demographic variables, sibling pairs (mean age 42 yrs) with schizophrenia or schizoaffective disorder, 4936
association of neuropsychological deficits & clinical symptoms, 16–55 yr old first-admission patients with psychotic disorders, 21164
attributes of painful orofacial symptoms & patterns of health care utilization & selection by type of health care provider, 65–100 yr olds, 22145
behavioral activation & lack of concern as possible core symptoms of anorexia nervosa, 1891
behavioral characteristics without associated mental retardation, 12-yr-old female with Smith-Magenis syndrome, 1925
biological bases for generalizability of schizophrenia, adults with mild learning disability &/vs schizophrenia, 4941
body dissatisfaction & bulimic symptoms & self-verification through interest in negative feedback as risk factor for development of later symptoms, female college students, 27978
cardiological diagnosis & symptoms & disability & mental state & clinical outcomes, patients with palpitations referred for 24-hr ECG recording, 18-mo follow up, 28108
cardiopulmonary vs dissociation vs numbness vs gastrointestinal anxiety sensitivity sensations, prediction of fearful responding to 35% CO2 challenge, 21–56 yr old patients with panic disorder, 17947
cerebellar abnormalities & symptom duration & psychosocial outcome, patients with schizophrenia spectrum disorders, 7-yr study, 11450
changing symptoms of anorexia nervosa, female outpatients with anorexia of restrictive vs bulimic subtype, 15 yr study, 8461
characteristics & factor structure of PTSD symptoms, nontreatment seeking 30–50 yr old female substance abusers, 21349
characteristics of chronic pain & depression & physical symptoms & activity level, Holocaust survivors (mean age 67.9 yrs) , 14632
child abuse vs accidents vs disease as cause of subdural hematomas & main clinical features at presentation, children under 2 yrs of age, 10 yr study, 1997
chronic stressors & life events & social support, postnatal depression symptoms, low vs high socioeconomic status women followed from 30th wk of pregnancy to 9th wk postpartum , 27628
circadian rhythms & plasma melatonin & cortisol & clinical symptoms & temperature & motor activity, 26–43 yr olds with obsessive–compulsive disorder, 1644
clinical & demographic characteristics, delusional vs nondelusional adult inpatients with bipolar vs major depressive disorder, 37288
clinical & demographic factors associated with poor quality of life, patients (mean age 73.6 yrs) with Parkinson's disease, 21567
clinical & neuropsychological & SPECT imaging changes, 65–91 yr olds with depression, 2-yr followup, 34105
clinical & neuroradiological features of & treatment outcome in secondary mania, 22–59 yr olds with HIV, 31121
clinical characteristics & diagnostic criteria & risk factors & development & progression & model of etiology & treatment of masticatory myofascial pain, 37751
clinical characteristics, 29–48 yr olds with psychogenic fugue, 27512
clinical characteristics, 6 wk–6 yr olds with cyclic vertigo, 2–10 yr followup, 5224
clinical differences in headache characteristics, 36.3–68.7 yr old monozygotic twin pairs concordant for migraine with vs without aura vs mixed pairs, 37761
clinical features & diagnostic stability of early-onset psychotic disorders, 9–17 yr olds with schizophrenia or bipolar or schizoaffective disorder or organic or other psychosis, 2-yr study, 37281
clinical features & prognostic significance, subtypes of delirium, hospitalized elderly patients, 37897
clinical features & symptoms, young adult females with vs without obsessive-compulsive disorder & restricting anorexia nervosa &/vs bulimia nervosa , 37713
clinical features & syndrome regression before & after surgical removal of tumor, 55 yr old male with Korsakov's syndrome with colloidal cyst of 3rd ventricle, 21318
clinical features & treatment of body dysmorphic disorder, 6–17 yr olds, 17806
clinical overlap & use of methylation chromosome analysis for differential diagnosis of Rett vs Angelman syndrome, female 4–35 yr olds with Rett syndrome, 5203
clinical presentation of morbid jealousy in couple relationships, 26–81 yr olds, Sri Lanka, 30610
clinical symptom dimension profiles & psychosocial situation, 15–44 yr old new schizophrenia patients, 5-yr study, 37384
clinical symptoms vs subjective experiences of cognitive impairment & auditory ERP-assessed P300 abnormalities, young adult schizophrenia patients, 37382
cognitive heterogeneity & clinical symptom phenomenology, males with schizophrenia (mean age 36.6 yrs), 27706
cognitive impairment, somatic symptom complaints, community-dwelling 75–92 yr olds, 18254
cognitive styles & life events, prediction of depressive & hypomanic mood swings, college students meeting criteria for cyclothymia or dysthymia or hypomania, 17856
cognitive therapy, temporal relation of therapeutic adherence & alliance to symptom change, depressed outpatients (mean age 32.9 yrs), replication & followup , 28328
cognitive vs analytic psychotherapy, symptom change & medication usage & attitude toward treatment, patients with generalized anxiety disorder, 1 yr followup, 15130
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary reply, 21766
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2-yr followup, commentary & reply, 31528
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary, 21772
comparison of pharmacotherapies as treatments for migraine headaches, 35098
concept of cascade model to describe changing patterns of symptoms in PTSD, psychiatric patients, 27721
construction & structural analysis & clinical applications of Delusions-Symptoms-States Inventory, literature review, 9922
continuation of fluoxetine after acute treatment, panic attacks & other symptoms, treatment responders with panic disorder, 24 wk study, 15317
core features & diagnostic criteria in current classifications, delirium, 37869
correlation of clinical symptoms & MRI findings, 0.8–14 yr olds with Chiari I malformations with vs without syringomyelia, 37782
cross cultural differences in description of ICD-10 physical/psychological alcohol dependence criteria, addiction specialists & health/social service workers & heavy alcohol users & family, 27879
definition & etiology & history of taijin kyofusho & understanding this disorder through its treatment of Morita therapy, 27729
delay between symptom recognition & healthcare-seeking behavior, 50 yr old & older genitourinary clinic attendees, 12279
delusional symptomatology & treatment & barriers to intervention, 69–93 yr olds with delusions with vs without dementia seen by community mental health outreach team, 25460
delusional symptomatology, inpatients with bipolar or unipolar depression, 27605
demographic & psychological & chronic & acute illness characteristics & symptom burden, seriously ill hospitalized patients, 21455

depressive predictive certainty & causal certainty & depressive symptomatology, students, 6-wk prospective study, 17868
depressive symptomatology & cocaine-induced hypothalamic-pituitary-adrenal axis activation, adults with cocaine dependence, 34352
depressive symptomatology, Mexicans vs Latino immigrants vs Puerto Ricans, 21098
depressive symptoms & HIV-related worry, HIV-positive females 18–24 mo postpartum, 37738
depressive symptoms & income, 55–85+ yr olds, commentary & reply, 1503
depressive symptoms & religious coping & psychiatric history & physical functioning, after-discharge survival, 20–39 vs 65 yr old & older male veterans , 17873
depressive symptoms & suicidality, 12–18 yr old incarcerated juvenile delinquents, 27908
depressive symptoms as predictor of trajectory of marital quality, newly 1st-time married husbands vs wives, 4 yr study, 7673
depressive symptoms vs vital exhaustion as psychosocial risk indicators for coronary artery disease, 16+ yr olds, 8586
depressive symptoms, 12–25 yr olds with intellectual disability vs normal IQ & with vs without comorbid dysthymic disorder, 18164
development & psychometric assessment of the Physical Symptom Distress Scale, measurement of physical symptom distress, 20–87 yr old Chinese patients with end-stage renal disease on hemodialysis, 3349
development & validation of child self-report & parent report measures of children's posttraumatic stress symptoms, 3rd–8th graders & their parents, 6613
development of cognitive & neuropsychological symptoms, presymptomatic 31–63 yr olds at risk for autosomal dominant familial Alzheimer's disease, 6 yr study, commentary, 5355
development of cognitive & neuropsychological symptoms, presymptomatic 31–63 yr olds at risk for autosomal dominant familial Alzheimer's disease, 6 yr study, 5339
development of manic symptoms on antidepressant discontinuation, patients with bipolar disorder, 34977
development of measure of symptom specific health care service use, physicians & general public, 106
development of the Masculine–Feminine Pathology Scale for the MMPI–2, measurement of gender orientation & symptomology, male vs female psychiatric inpatients (mean age 36.7 yrs), 3322
diabetes & symptoms of diabetes, patients with past history of victimization, 24706
diagnostic characteristics, children with disordered eating behaviors vs eating disorder, application of case reports of 11 & 17 yr old females, 21428
diagnostic specificity of symptoms & breathing pattern at rest & after hyperventilation, 19–62 yr olds with panic vs anxiety vs somatoform disorder classified by DSM vs as hyperventilation syndrome , 7997
dimensions of perfectionism & depressive symptoms, 19–81 yr olds with major depression, 27591
disagreement in reporting of depressive symptoms, Alzheimer's patients vs collateral sources, 2012
donepezil, cognitive & behavioral symptoms, 70–81 yr old patients with vascular dementia, 6 mo follow up, 22059
dopamine system dysfunction & behavioral symptomatology, HIV associated dementia, 31129
drinking milk or water, severity of optokinetic rotation-induced symptoms of motion sickness, 18–25 yr old undergraduates, 7149
drug craving & withdrawal symptoms & associated mood states, male patients in rehabilitation for addiction to 1 or more drugs, 3149
duration of illness & structure of symptoms, patients with schizophrenia, 34178
dysfunctional attitudes & depressive & anxious cognitions, depressive symptoms before & after midterm examinations & midterm outcome, 17–29 yr old college students, 30503
dysfunctional attitudes & vulnerability to depression, male vs female symptomatic vs asymptomatic college students, 14 wk study , 4906
early adolescence & conduct problems & depressive symptoms & prediction to young adult adjustment, at risk 4th graders, 10 yr study, 14438
early parental preoccupations & behaviors in caregiving & parent–child relationship building & obsessive-compulsive disorder symptoms, 22–49 yr old parents, 8 mo prepartum vs 2 wks vs 3 mo postpartum, 33785
eating disorder symptomology & risk factors in 17–25 yr old women, Russia vs England, 24663
effect of serotonin uptake inhibition by paroxetine on sleep & daytime symptoms, 25–65 yr old males with obstructive sleep apnea, 15308
efficacy of bilateral fetal nigral transplantation in postcommissural putamen, symptoms & activities of daily living & motor function, 39–63 yr olds with advanced Parkinson's disease, 2 yr study, 18823
emotional & physical effects of acting out emotionally stressful psychiatric roles in context of medical education, standardized patients, 28855
emotional response at time of potentially traumatizing event & subsequent PTSD symptomatology, undergraduates, implications for emotional component of DSM-IV criterion A-2 for PTSD, 4991
emotional responses to psychiatric admission & relationships between admission history & attributions for admission & PTSD symptomatology, psychiatric patients, 19018
endocrine status & climacteric symptoms, 41–60 yr old peri- or postmenopausal females with hypergonadotropinemia with estradiol secretion, 10504
epidemiology & clinical features & comorbidity & clinical management, elderly patients with mania , 37337
episodic vs semantic memory, real vs perceived accounts of food intolerance, 36263
etiological considerations & symptoms & characteristics, 42–64 yr olds with pathological laughter, commentary, 8013
etiological considerations & symptoms & characteristics, 42–64 yr olds with pathological laughter, 7985
etiology & clinical symptoms & current management of acute transverse myelitis, case reports of children & adolescence, 2045
etiology & presentation & life cycle of social anxiety disorder, 1634
etiology of pharyngitis-induced obsessive-compulsive symptoms, 4 yr old male, 11291
exercise, depressive & anxious symptoms, college students, 5794
factor analysis & reliability & validity of Bulimia Test-Revised, measurement of bulimic symptomatology, 11–18 yr old males & females, 32660
factor analysis of dimensional structure of first episode symptoms, psychosis patients (mean age 24.4 yrs), 4881
factor analysis of lifetime clinical dimensions of mania, patients with bipolar disorder, implications for mixed bipolar disorder, experimental replication, 27627
factors affecting & prevalence & severity of symptoms of depression during & at start of rehabilitation & functioning in activities of daily living, 60–96 yr old patients in physical rehabilitation, 32018
factors associated with expected vs unexpected panic attacks, women with panic attacks (aged 18–43 yrs), 34212
fatigue & psychiatric symptoms, 20–48 yr olds, 6 mo followup, 34080
feared loss & proximity seeking & separation protest attachment anxieties & depressive symptomatology, women, 27561
flutamide, obsessive-compulsive symptoms & aggression & irritability & sexual interest, OCD outpatients, 31616
freezing of time as symptom of Parkinson's disease & use of levodopa for treatment, 68 yr old female, 38280
frequency & predictors & impact of sleep disorders, Alzheimer's disease patients (aged 53–93 yrs), 34658
frequency of corroboration of clients' premorbid dissociative symptomatology in dissociative identity disorder, clinicians, 24331
frontal lobe brain tumor with atypical presentation & slow deterioration in living skills & depression, 68 yr old male psychogeriatric assessment ward patient, 24847
functional purposes of symptomatic delusional statements & behavior, case reports of adult patients with schizophrenia, 4958
genetic & environmental contributions to health & symptoms, male vs female 80 yr old twins, 30 yr followup, 38369
genetic association of alcohol withdrawal symptoms & polymorphism of cholecystokinin gene promotor, patients with alcohol withdrawal syndrome, 21332
genetic vs environmental influences, specific symptoms of alcoholism, 34–54 yr old male monozygotic vs dizygotic twins, replication, 21345
hierarchical analysis of somatic symptoms & psychiatric diagnoses & disability, 18–67 yr old primary care patients with unexplained symptoms, 1930
history & clinical characteristics & diagnosis & treatment, children & adolescents with bipolar disorders, 37336
history of physical or sexual abuse in childhood & particular neurovegetative symptom clusters of depression &/or mania, male vs female 15–64 yr olds, 8108
hormone replacement therapy with vs without psychological support, symptoms, menopausal 45–55 yr olds, 5455
hypochondriacal concerns & self-esteem & anxiety & symptoms indicating catastrophic & minor illness, 17–35 yr olds more vs less hypochondriacal, test of cognitive-behavioral model of hypochondriasis, 31067
ictal & postictal symptoms & frequency of seizures & family history & response to treatment & prognosis, patients with idiopathic occipital epilepsy & visual seizures, 21592
illness duration, change in symptom classification over time, 13–85 yr old psychiatric inpatients with schizophrenia, 27678
impact of personality in reporting of unfounded symptoms & illnesses, healthy 18–55 yr olds inoculated with cold virus, 27366
incidence & pattern of thalamic infarction & presence of sensory symptoms, patients with posterior cerebral artery territory infarction (mean age 63.3 yrs), 31234
incidence & severity of perceived withdrawal symptoms, adults seeking treatment for marijuana dependence, 37551
incidence & symptoms of PTSD & factors associated with symptom development & disorder, 8–17 yr olds hospitalized following acute physical injury, 1 mo study, 27720
incomplete nigrostriatal dopaminergic cell loss & partial reductions in striatal dopamine, parkinsonian symptoms, young vs middle-aged rats, 23328
induced mood & forbidden vs non-forbidden foods, perceptions of eating behavior in imagined vs real eating situations, female college students representing continuum of bulimic symptomatology, 21414
injury severity, self- & parent-reported quantity of psychological stress symptoms, 6–12 yr olds with orthopedic injuries or traumatic brain injury, 1-yr study, 21471
interest in medical/psychological intervention, patients presenting with unexplained chest pain, 1998
interrater reliability & validity of hallucination & delusion subscales of Psychotic Symptom Rating Scales, patients with schizophrenia or schizoaffective disorder, 32638
interviewer sex, reports of prevalence & severity of physical & psychological & menopausal symptoms following breast cancer diagnosis, 36–83 yr old females, 35417
intoxication & quantity-frequency of drink & alcohol related problems, 15–55+ yr old drinkers of wine &/vs beer &/vs spirits, 27260
intranasal sumatriptan, pain & symptoms, 6.4–9.8 yr olds with migraine, 18285
knowledge level for premenstrual syndrome & reports of symptoms, healthy 20–40 yr old women with 6th grade level of formal education, 14910
knowledge of antidepressant discontinuation symptoms, pharmacists, 15291
laboratory techniques for induction of dissociative symptoms, undergraduate students with high vs low predisposition to dissociative experience in daily life, 316
latitude & behavior problems, seasonal affective disorder symptoms, male vs female 7th & 9th graders, 37338
level of & change in depressive symptoms, 35–73 yr old daughters providing care to aging parent, 18 mo study, 22213
levels of disagreement over symptoms & disorder severity & specific diagnoses & misdiagnoses, structured interview in medical diagnosis vs psychodiagnosis of major depression, primary care physicians, 21114
life events & infections & symptoms during year preceding disorder, patients (mean age 39.5 yrs) with chronic fatigue syndrome, 21492
lifestyle & health status of parents living with AIDS, behavior & symptoms of emotional disorder, 11–19 yr old offspring, 18314
lifestyle personality attributes, 17–23 yr old college students with diagnosed vs symptoms of ADHD, 24588
lifetime patterns of DSM-IV subcriteria of criterion A, inpatients diagnosed with schizophrenic disorder, 27697
light therapy, hot flushes, 35 yr old female with seasonal affective disorder, 21984
long-term high-frequency electrostimulation of globus pallidus internus, improvement of clinical symptoms & perceived health-related quality of life, 38–70 yr olds with Parkinson's disease, 12348
loss or reduction in beta subunit of GABA receptor in production of seizures & behaviors similar to symptoms of Angelman syndrome, mice, 1392
maternal depression & family functioning & suicidal symptoms, children (mean age 11.8 yrs), 1-yr study, 5019
maternal social competence & psychological symptoms, prediction of child social skills & peer acceptance, 26–48 yr old mothers & their 5–6 yr old sons vs daughters, 20599
meaning of illness experiences & symptom descriptions, female patients with biomedically undefined musculoskeletal pain, 28030
mediating processes & gender differences in symptoms of subjective distress, 12 & 13 yr old adolescents tested in 7th & 8th & 9th grades, 3-yr study, 14024
mediator & moderator role of social support, perceived stress & symptom patterns, 12–14 yr olds, 36833

medical & neurological & psychoeducational problems caused by sickle cell anemia & need for culturally competent systems-oriented care, 7 & 8 yr olds with sickle cell anemia, 28049
medically unexplained physical symptoms & relationship to psychological distress & psychiatric disorders & personality & other psychosocial factors in primary care settings, 8000
memory & anxiety symptoms, 7–11 yr old urban-dwelling males at risk for disruptive psychopathology, 30836
memory & metamemory functioning, adult patients with major depression with physiological or behavioral or cognitive symptoms, 24202
methodology for evaluating certain aspects of quality of life dealing with subjective & interpersonal meaning of symptoms in psychotherapeutic diagnosis, 19685
Minnesota Multiphasic Personality Inventory-2 assessment of posttraumatic stress symptoms, Vietnam combat veterans (mean age 45 yrs), 29174
moclobemide &/vs cognitive behavioral therapy, patients with panic disorder & agoraphobia, 6 mo followup, 15087
motor & mental symptoms of Parkinson's disease patients, emotional & social distress, 28–81 yr old family caregivers of home-dwelling patients, 38542
N200 component of event-related potential as function of interview-based diagnostic symptom clusters & family psychiatric history & risk for psychopathology, 17–24 yr olds, 27515
nature & correlates of psychological disorders, 11–12 yr olds identified as at risk by mothers &/or teachers &/or themselves , 20998
nature of symptoms elicited by & treatments for blood-injection-injury phobia, 8194
negativism & ratings of symptoms of depression & anxiety & comorbid dimensions, 12–16 yr old male vs female inpatients, 21035
neurobiological systems involved in trauma & pharmacological agents for target symptoms in rational approach to medication use, children & adolescents with PTSD & comorbid conditions, 38233
neurological correlates of depressive symptoms, patients with vascular dementia vs Alzheimer's disease, 21604
neurological signs & psychomotor performance, 18–46 yr old patients with first-episode vs chronic schizophrenia vs their parents classified as family history positive vs negative for psychosis, 24254
neuropsychological evaluation & MMPI patterns & potential effects of psychological distress on physical symptoms, 21–56 yr old Persian Gulf War Veterans, 25985
no vs 1 or 2 vs 3+ symptoms of alcohol use disorder & diagnosis of alcohol dependence, 18–50+ yr olds, 18049
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1576
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, 1575
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1625
obsessive compulsive symptoms & symptom severity, 4–20 yr olds with Prader-Willi vs Prader-Willi-like syndrome, 14919
occurrence of psychiatric symptomatology & relationship to aspects of disability, family functioning, 6–18 yr olds with spina bifida, 8487
occurrence of unintended phenomena during hypnosis, patients with conversion disorder, 28552
oral methadone formulations, opiate withdrawal symptoms, 30–55 yr old patients, 38606
outpatient interdisciplinary treatment program, pain severity & control of other symptoms, patients with fibromyalgia syndrome (mean age 48.4 yrs), 6 mo followup, 5715
ovulatory cycle, pain & other symptoms, 28–51 yr olds with fibromyalgia syndrome with vs without premenstrual dysphoric disorder, 37736
parent- & teacher-reported internalizing & externalizing symptoms, male 6–12 yr olds with ADHD with vs without comorbid chronic tic disorder, 27485
parental trait anger & symptomatology, emotional & behavioral problems, 2–18 yr olds & their parents , 20604
parents' expressed emotion & time spent with children & children's medication compliance & family life events, incidence of asthma symptoms & school absences, 5–11 yr olds with asthma, 21458
paroxetine, symptoms, 29 & 50 yr old males with compulsive voyeurism or exhibitionism, implications for role of serotonin system in pathogenesis of obsessive compulsive & sexual disorders, 15272
paroxysmal rhinorrhea & lithium treatment, 48 yr old female with bipolar II disorder & 38 yr old male with chronic depression secondary to mesial temporal lobe epilepsy & responsive to carbamazepine, 31184
patient background & physical & medical history & symptoms & perceptions, 69-yr-old male with angina pectoris triggered by stress, panel discussion, 34601
patient characteristics & physical symptoms & psychological treatment, 18–65 yr old patients at gastroenterology clinic, 15401
patient demographic & clinical characteristics & degree of staff criticism & rejection, inpatients with treatment-resistant schizophrenia & staff treating them, 32139
patients' & traditional & faith healers' accounts of etiology & symptomatology of 'shadow of the breast' as culture-bound form of somatoform pain disorder, 18–48 yr old patients, South Africa, 28039
peer-led stress inoculation, state anxiety & heart rate & BP & perceived severity of symptoms, college students (mean age 18.75 yrs), 22093
perceived academic & social & athletic competence & symptoms of irritable bowel syndrome & functional disability, male vs female 11–23 yr olds with recurrent abdominal pain, 24688
perceptions of & actual state of immune system & mood states & recent physical symptoms, healthy 19–48 yr olds, 17682
performance & inter-correlations of single item visual analogue vs prospective symptom rating scales, assessment of severity & drug treatment efficacy, females with premenstrual mood symptoms, 26159
pervasive responsibility & prediction of obsessive-compulsive symptom severity, college students, 14631
physical & neuropsychological symptoms, chronic fatigue syndrome, 37773
physical activity & perimenopause symptoms, 40–55 yr old females, 18872
physical complaints & psychosocial causes, general practitioners & patients, 28602
physical symptoms & anxiety & depression & stress, patients with regional soft tissue pain vs fibromyalgia syndrome, 37757
physical symptoms & mood, perceived vs actual BP, male 35–78 yr olds with mild hypertension, 21517
plasma cortisol & prolactin & oestrogen & progesterone & thyroxine & TSH & depressive symptoms, pregnant vs postpartum women, 4901
plasma glutathione peroxidase in antioxidant defense system & symptom severity, 25–49 yr old males with schizophrenia, 21167
platelet 5-HT-induced calcium response to clinical symptoms, patients with eating disorders, 18184
prediction of persisting postconcussion symptoms,17–65 yr olds with mild to moderate head injury, 7–10 days & 3 & 6 mo followup, 14907
prediction of quality of life from symptomatology in schizophrenia at exacerbation & stabilization, patients with schizophrenia, 24243
pregnancy, bulimic symptoms, females with bulimia (aged 17–38 yrs), 14875
premorbid functioning & symptoms & neuroleptic responses, patients with atrophic & static schizophrenic psychoses, 24255
presence of transient migraine-like symptoms, 41–50 yr olds with internal carotid artery dissection, 5404
presence vs absence & interpretation of symptoms, initiation of HIV testing & medical care, 50–68 yr olds, 37793
presenting symptoms & surgical treatment of 71-yr-old female with Gerstmann's syndrome resulting from chronic subdural hematoma, 5372
prevalence & characteristics of frequent headache, 18–65 yr olds, 5239
prevalence & characteristics of frequent headache, 18–65 yr olds, commentary, 14913
prevalence & presentation & etiology of polydipsia, 21–65 yr olds with learning disabilities, 11711
prevalence & sex ratios & clinical symptomatology of schizophrenia, patients with schizophrenia in Micronesia, 11449
prevalence & symptoms & conditions & surgical procedures & life events associated with urinary incontinence, 18–23 vs 45–50 vs 70–75 yr old women, Australia, implications for health promotion , 28010
prevalence & symptoms of & treatments for mental disorders in work environment, implications for personnel management recognition of & policy for improving work life of mentally disordered personnel, 27552
prevalence & symptoms of codependency, 22–72 yr old females receiving outpatient treatment for depression currently or in past, 8101
prevalence of anxiety disorders & symptom patterns & level of functional disability & mental health service utilization, 18–64 yr old African American vs White primary medical care patients, 14601
prevalence of atypical depression & clinical comparison with typical depression, unipolar or bipolar depressed outpatients, 11354
prevalence of exposure to premilitary vs military traumatic events & event type & PTSD symptoms, male vs female active duty soldiers, 6378
prevalence of mental distress & neurotic symptoms & association with sociodemographic characteristics, rural residents aged 15 yrs & above, Ethiopia, 34053
prevalence of obsessive-compulsive disorder & symptoms & patient prognosis, patients with schizophrenia, 37353
prevalence of symptoms & changes over time & incidence & correlates of depression, 84–90 yr olds, 6 yr study, 24232
procaine, subjective & symptom scale responses, 26–59 yr old male combat veterans with PTSD, 18686
progression of parkinsonism & other symptoms of manganese poisoning, 80 yr old male, 14 yr followup, 11770
psychoeducational technique of naming the enemy to differentiate mood disorder symptoms from the self experiencing those symptoms, child & adolescents with mood disorders & their families, 28348
psychometric properties of Center for Epidemiological Studies Depression Scale, depressive symptoms, female cancer patients aged 18 yrs or older, 19621
psychomotor & memory & behavioral & social & physiological & mood symptoms of withdrawal from marijuana, male 21–44 yr old marijuana smokers, 21 day study, 10586
psychopathological & cognitive impairment & psychiatric diagnoses, patients (mean age 47.7 yrs) with encephalomyelitis disseminata , 21534
psychosocial adaptation & perception of symptoms, 50–68 yr olds with HIV, 28080
quantification of obsession & compulsion symptoms into harming & hoarding & contamination & certainty & obsessional subgroups, persons with obsessive compulsive disorder, 8167
relation between neuroimaging & neuropsychological symptoms, 20–55 yr old patients with late whiplash syndrome, implications for presence of brain damage, 21597
relationship between self-preoccupation & depressive symptoms, college students, 6 mo study, 11376
relationship of age of onset to demographic characteristics & clinical characteristics & treatment parameters & outcomes, elderly inpatients with bipolar disorder, 8125
relationship of catatonia to schizophrenia symptoms & diagnostic classification, 8135
relationship of perceived future opportunity to level of depressive symptomatology, 13–15 yr old inner city African Americans, 7513
reliability & validity & factor analysis of Relative's Assessment of Global Symptomatology, assessment of cognitive & behavioral symptoms, caregivers of 52–91 yr olds with AD, 35943
reliability & validity of urge incontinence-specific instruments, measurement of health-related quality of life & symptom annoyance, women (mean age 63.8 yrs), 29359
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37412
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37402
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary, 37406
respiratory functioning & panic symptomatology, 49–74 yr old pulmonary patients with chronic shortness of breath, 34557
responses to acupuncture for symptom & pain management, hospice patients, 1 year study, 18762
risperidone, P50 suppression deficit & clinical correlates, outpatients with recent onset schizophrenia, 1628
schizophrenia symptoms vs neurocognitive measures as predictors of community functioning, 20–50 yr old schizophrenic patients, 14567
selection & use in clinical practice for diagnosis & evaluation, delirium symptom rating scales & assessment instruments, 35995
selective laminar cortical pathophysiology, psychotic hallucinations, 44 & 58 yr old males & 51 yr old female with frontotemporal dementia motor neuron disease type, 2066
self-efficacy as predictor of chronic fatigue syndrome, 5209
self-reported symptoms of social phobia, outpatient male combat veterans with PTSD, 8171
self-treatment with modified Epley procedure vs Brandt-Daroff exercise, 26–83 yr olds with benign paroxysmal positional vertigo in semicircular canals, 38341
sertraline, depressive symptom severity & pressure hyperalgesia & serum prolyl endopeptidase activity, patients (mean age 50.1 yrs) with fibromyalgia, 5226
sex & mood states, daily physical symptoms & illness behavior, 25–64 yr old primary health care patients, 38435
sex & pubertal progress, development of depressive symptoms, 12–14 yr olds originally assessed at ages 10–12 yrs, 27604
shared symptoms, 74 yr old husband & 72 yr old wife with panic disorder, 1656

signs & symptoms & approach to treatment of agitation in dementia, psychiatric consultants, 21608
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, commentary, 9665
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, 9670
signs & symptoms of recurrent headaches & identification of migraines, children, 5252
single & multiple factor models of symptom structure in obsessive-compulsive disorder, patients, 14625
single dose metergoline, dysphoria & depressive & obsessions & compulsions & anxiety symptoms, fluoxetine-treated vs untreated patients with obsessive compulsive disorder, 8901
single vs multiple onsets of action in symptomatic changes during treatment with fluoxetine, 19–68 yr old patients with major depression, 4 wk study, 31630
situational triggers of substance use, substance abuse patients with vs without PTSD symptoms in relapse-prevention treatment program, 21343
sociocultural impact on sexually transmitted disease illness & symptom concepts & health care seeking behaviors, review of targeted intervention research in African nations, STD program implications, 2439
sociodemographics & social support & interpersonal functioning & symptom variables, appropriateness of self care responses to symptoms, 65+ yr olds, 35124
space shuttle Challenger explosion, symptoms of PTSD & bereavement, East vs West Coast children vs adolescents at 5–7 wk & 14 mo after explosion, 37414
stability of cognitive function & relationship between cognitive performance & clinical symptoms, first-episode & recent-onset schizophrenia patients (mean age 24 yrs), 5 yr study, 34155
stability of lifetime somatization symptoms & disorder, 18–65 yr old primary care patients, 1 year followup, 11812
structure of dorsolateral & medial & orbital regions of frontal lobe & cognitive function & symptomatology, 18–40 yr old males with schizophrenia, 24240
structured clinical interview for DSM-III-R vs psychodynamic clinical interviews, diagnosis of symptoms of PTSD, survivors of Buffalo Creek flood, 14611
subclinical depressive symptoms in adolescence, adult depression, 9–26 yr olds, longitudinal study, 8114
subtyping patients by depressive symptomatology, patients (mean age 35.1 yrs) with obsessive-compulsive disorder, 11342
symptom component of hopelessness theory of depression, college students, 4902
symptom experience during menopausal transition, low income Korean immigrant females (mean age 47.2 yrs), 30126
symptom interpretations & attributions, adherence to multidrug antiviral medications, 50–68 yr olds with HIV infection , 18838
symptom occurrence of animal & blood-injection-injury & environmental-situational phobia subtypes, 7–19 yr olds, 30783
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1385
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1386
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1397
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1398
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, commentary, 37239
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, commentary, 17754
symptom-based risk factors as predictors of chronic course of treated depression, unipolar depressed patients (mean age 37.6 yrs), 10 yr study, 24216
symptomatology & comorbidity & persistence & predictors of outcome, 4–5.5 yr old males with oppositional defiant disorder, 2 yr study, 27822
symptomatology & etiology of depression, elderly vs younger patients, 4909
symptomatology & perceived level of social support within hours of psychiatric emergency service arrival, homeless vs domiciled psychiatric patients, 37295
symptoms & comorbid personality disorders & other clinical characteristics, 18–33 yr old females with anorexia nervosa with vs without obsessive-compulsive disorder, 17768
symptoms & functional & occupational disability & pharmacological management, adults with depression, 31706
symptoms & mislabeling or comorbid diagnoses, obstructive sleep apnea & ADHD, male 20–50 yr olds with prior ADHD diagnoses, 34028
symptoms & neurobiology & pharmacological treatment of attention deficit hyperactivity disorder, 37642
symptoms & structure & nature of febrile onset psychosis associated with malaria, Sudan, diagnostic implications, 1563
symptoms as risk factors for hospital readmission, psychiatric inpatients with bipolar or schizoaffective disorders, 24158
symptoms of anorexia nervosa & obsessive-compulsive disorder, male 7-yr-old & female 6-yr-old with streptococcal infections, 14902
symptoms of anorexia nervosa & obsessive-compulsive disorder, male 7-yr-old & female 6-yr-old with streptococcal infections, importance of focusing on nutritional interventions, comment, 14918
symptoms of obsessive-compulsive disorder & comorbidity with schizophrenia & selective serotonin reuptake inhibitor treatment, commentary, 37363
symptoms of parkinsonian depression & treatment & management strategies, patients with Parkinson's disease, 21645
syndromes & physical symptom presentation of psychiatric disorders, Asians, US, 21032
temporal relationship between appearance of depressive symptoms & clinical onset of dementia or AD, community-dwelling 65 yr olds & older , 14387
timing of 1st administration of antipsychotic medication after 1st onset of psychotic symptoms, symptoms & clinical course, patients with schizophrenia or schizophreniform or schizoaffective disorders, 5630
toileting habits, symptomatic vs asymptomatic 6–15 yr old siblings vs nonsiblings with chronic encopresis, 28006
traumatic suffocation & respiratory vs cardiovascular vs oculovestibular vs gastrointestinal symptoms vs agoraphobia, adults with panic disorder, commentary, 17926
trazodone, behavioral symptoms, outpatients with frontotemporal dementia, 28453
treatment & symptoms & differential & clinical diagnosis, 13 yr old female with neurologic disorder, 8620
treatment of with low doses of risperidone, hyperarousal symptoms, 48 yr old male veteran with PTSD, 28468
type of neurobehavioral symptom & family functioning, family members (mean age 49.2 yrs) of persons (mean age 36.1 yrs) with traumatic brain injury, 2029
urinary symptoms & comorbidity, quality of life, male 45–75 yr olds, 37768
use of self-report rating scales & devices to assess frequency & intensity of activity & symptoms, 51 & 56 yr old males suffering from chronic fatigue syndrome , 13067
validity of Children's Depression Inventory vs Pleasure Scale for Children, assessment of depression & anhedonia & susceptibility of instrument to defensiveness, 7–16 yr olds with cancer, 28102
vascular headache as symptom of focal retrograde amnesia, 42 yr old male, 5 yr followup, 8668
Symptoms [See Also Acting Out, Anhedonia, Anoxia, Apraxia, Ataxia, Aura, Automatism, Catalepsy, Catatonia, Coma, Convulsions, Delirium, Depersonalization, Distractibility, Dyskinesia, Dyspnea, Extrapyramidal Symptoms, Fatigue, Headache, Hematoma, Hemorrhage, Hyperglycemia, Hyperkinesis, Hyperphagia, Hyperthermia, Hyperventilation, Hypoglycemia, Hypothermia, Insomnia, Nausea, Obesity, Pain, Positive and Negative Symptoms, Pruritus, Psychiatric Symptoms, Respiratory Distress, Restlessness, Shock, Spasms, Syncope, Tics, Tremor, Underweight, Vertigo, Vomiting]—Books
The ADHD handbook: A guide for parents and professionals on attention deficit hyperactivity disorder, 18138
Facing learning disabilities in the adult years: Understanding dyslexia, ADHD, assessment, intervention, and research, 34472
Handbook of psychopharmacotherapy, 38336
Splintered reflections: Images of the body in trauma, 24349
Transcortical aphasias, 31344
Symptoms [See Also Acting Out, Anhedonia, Anoxia, Apraxia, Ataxia, Aura, Automatism, Catalepsy, Catatonia, Coma, Convulsions, Delirium, Depersonalization, Distractibility, Dyskinesia, Dyspnea, Extrapyramidal Symptoms, Fatigue, Headache, Hematoma, Hemorrhage, Hyperglycemia, Hyperkinesis, Hyperphagia, Hyperthermia, Hyperventilation, Hypoglycemia, Hypothermia, Insomnia, Nausea, Obesity, Pain, Positive and Negative Symptoms, Pruritus, Psychiatric Symptoms, Respiratory Distress, Restlessness, Shock, Spasms, Syncope, Tics, Tremor, Underweight, Vertigo, Vomiting]—Chapters
Alcohol, 33518
Alcohol, 5116
Anxiety and disease: African and Western aspects, 34236
Assessment of trichotillomania, 8222
Behavior and Symptom Identification Scale (BASIS-32), 26173
Conor: Hold on or you'll fall: The struggle to become an ordinary boy, 37658
Disorder, deviance and personality: Factors in the persistence and modifiability of autism, 37652
Dyslexia as a neurodevelopmental disorder, 30996
Effects of exposure to violence in South African police, 27739
Frequency reports of physical symptoms and health behaviors: How the questionnaire determines the results, 20676
Functional neuroimaging in schizophrenia: Symptoms, treatment, and etiology, 24309
Hypnosis and its usefulness in managing patients with respiratory problems, 38388
Introduction to *Psycho-Analysis and the War Neuroses* , **21841**
Lesch-Nyhan syndrome, 31102
Mental health and mental disorders in older adults, 17850
Neurofibromatosis, 31105
Psychological factors influencing the reporting of physical symptoms, 36110
Religion and depression, 1081
Signs of aphasia, 5427
Strategies to study risk for the development of PTSD, 24352
Symptom Assessment-45 Questionnaire (SA-45), 26184
Turner syndrome, 31107
The validity of bodily symptoms in medical outpatients, 36100
Synapses—Serials
acute surgical preparations, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans rats, 36486
CA1 & dentate gyrus & intersynaptic communication, young adult animals, 33250
cellular mechanisms underlying induction & expression of homosynaptic depression at glutamatergic synapse between sensory & motor neurons, Aplysia, 451
chronic morphine, NMDA receptor-mediated synaptic transmission in nucleus accumbens, male rats, 36586
coherent oscillations & short-term synaptic plasticity in corticothalamic networks during NREM sleep, 33304
development of serotonergic modulation of synaptic transmission from tail sensory neurons, juvenile Aplysia, 10458
developmental changes in synaptically connected pyramidal cell evocation in layers 2/3 & 5 of neocortex, young vs mature rats, 20137
effects of selective serotonin 1A receptor agonist on NMDA receptor-mediated synaptic potential in visual cortical slices, male rats, 29895
extension of segregation of behavior-specific premotor pathways to level of synaptic targets in pacemaker nucleus gymnotiform electric fish, 480
hippocampal overexpression of C-terminal fragments of beta-amyloid precursor protein, synaptic transmission recovery after hypoxia, transgenic mice, 36485
horizontal propagation of visual activity in synaptic integration field of area 17 , 10395
integrity of presynaptic dopaminergic function, 12–17 yr olds with Tourette's disorder, 11886
long term potentiation & saturation of synaptic weights in hippocampus, learning & memory, 29832
memory maintenance mechanisms & sleep adaptations & pathologies & dreaming, dynamic stabilization of neural circuitry & etiologies of delirium & fatal familial insomnia & epilepsy, 29814
microcircuits in the shell & core of the nucleus accumbens & cognition & reward behavior, 26621
model for dynamic stochastic synapses, 26031
neural cell adhesion molecule polysialylation & potassium channel antisense inactivation after avoidance learning, male mice, 3654
neural network approach to unspecific long-term potentiation in correlation-based learning & in formation of visual cortical functional organization, humans & mammals, 3920
NMDA & metabolic glutamate receptor-dependent long-term potentiation of granule cell excitatory postsynaptic currents, rat cerebellar slices, 13607
NMDA glutamate receptor blockade, experience-dependent synaptic plasticity of barrel cortex neurons, male rats, 7083
phase-based synaptic modification & tuning of Purkinje cell parallel-fiber connections in model of cerebellar information storage, 29783
phenomenological model of frequency-dependent synaptic transmission & function in information processing & learning & memory, 491
pre- vs postsynaptic histamine 2 & 3 receptor agonists vs antagonists, posttraining memory modulation & avoidance conditioning, male mice, 7192

prefrontal & parietal cortex synaptic density & pathology & symptoms & regional cerebral blood flow & histopathological lesion severity, 43–88 yr olds with frontal lobe dementia vs Alzheimer's disease, 31271
prenatal stress, serotonergic system & induction of synaptic loss in hippocampus & developmental disabilites, rat offspring, implications for learning ability, 3850
progress in research on role of synaptic plasticity in learning & memory, 452
properties of excitatory synapses on ventral tegmental dopaminergic & GABAergic cells & long term potentiation, rats, implications for drug dependency, 20075
radioimmunoassay of CSF chromagranin A vs B vs C in synaptic dense-core vesicles, 16–54 yr old schizophrenic inpatients, etiological implications, 27688
reduced synaptic facilitation between pyramidal neurons in priform cortex after odor discrimination operand conditioning task, male rats, 36458
role of synapses & neurons in coordination of fast & slow neuronal circuits for generation of complex behaviors, crabs, 26673
sensory experience, short-term synaptic dynamics in vertical & horizontal excitatory pathways within the supragranular cortex, rats, 26589
short- & long-term effects of transcranial magnetic stimulation on synaptic transmission & hippocampus reactivity to afferent stimulation, male rats, implication for treatment of affective disorders, 16972
synaptic action of serotonin (5-HT) in the cerebral cortex & implications for depression & schizophrenia, 7121
synaptic correlates of odor habituation in anterior piriform cortex, rats, 3941
synaptic maturation in glutamatergic input from motor nucleus HVc or NMDA receptors to robustus archstriatalis, song learning, zebra finches, 36464
synaptic plasticity of acetylcholine & glutamate in activation at nicotinic & NMDA receptors in sensory neocortex during early postnatal life, rats, 450
synaptic strength among neurons, genetic enhancement of learning & memory, mice, 33080
tactile deprivation, zinc-containing terminals within somatosensory barrel cortex, rats, 33223
timing of neuron's influence on postsynaptic targets & steps in synaptic transmission at physiological temperatures, mammals, 23404
tramadol vs desipramine vs methadone vs morphine, (3H)-norepinephrine uptake in cortical synaptosomes, adult male rats, implications for pain management, 23309
ultrastructure of synaptic contacts in immunocytochemically identified dopaminergic neurons in substantia nigra, patients with schizophrenia (aged 66–75 yrs at time of death), 21142
water maze performance & electrophysiology & expression of synaptotagmin, apolipoprotein E-deficient mice, 23413

Synapses—Chapters

Hippocampal synaptic plasticity: Role in spatial learning or the automatic recording of attended experience?, 29884
Role of intrinsic circuitry in motor cortex plasticity, 36476
Structural changes underlying long-term memory, 36474

Syncope—Serials

clozapine & diazepam, transient syncope & electrocardiogram changes, 50 yr old male with paranoid schizophrenia, 38323
image-elicited fear vs disgust vs anger, fear vs faintness in response to blood-injury phobic stimuli, 17–26 yr olds, 14308

Syndromes [See Also Acquired Immune Deficiency Syndrome, Addisons Disease, Aspergers Syndrome, Capgras Syndrome, Chronic Fatigue Syndrome, Creutzfeldt Jakob Syndrome, Crying Cat Syndrome, Cushings Syndrome, Delirium Tremens, Downs Syndrome, Fetal Alcohol Syndrome, Fragile X Syndrome, Klinefelters Syndrome, Menieres Disease, Neuroleptic Malignant Syndrome, Organic Brain Syndromes, Prader Willi Syndrome, Rett Syndrome, Senile Dementia, Testicular Feminization Syndrome, Turners Syndrome, Wernickes Syndrome]—Serials

anticonvulsant drugs & other treatments of Lennox-Gastaut syndrome, 5737
association between autism & Aarskog syndrome, 10-yr-old Black male & 5-yr-old White male & 9-yr-old White male with autism & features characteristic of Aarskog syndrome, 24076
atypical antipsychotic, case of risperidone-induced rabbit syndrome movement disorder, 27 yr old male with paranoid schizophrenia, 15311
awareness of anosognosia, 44 yr old male who developed dysexecutive syndrome & moderate learning deficit following head trauma, 11868
behavioral & emotional syndromes reported by parents on the Child Behavior Checklist, 6–17 yr olds from multiple cultures, 17755
behavioral changes & epileptic syndromes, 34618
brief cognitive behavioral interventions for postconcussive syndrome, patients with mild traumatic brain injury, 8793
carbamazepine & clonazepam alone & in combination, 68-yr-old female with Charles Bonnet Syndrome, 5781
carbamazepine, Kleine-Levin syndrome, 10- & 13-yr-old males , 28472
chromosome 22qII deletions as marker for velo-cardio-facial syndrome & aggressive behavior, patients with schizophrenia, reply, 1870
cisapride, visual hallucinations, 75 yr old female & 74 yr old male with Charles Bonnet syndrome, 25212
clinical recognition & research diagnostic criteria for clinical syndromes associated with frontotemporal lobar degeneration, 8657
clinical recognition & research diagnostic criteria for clinical syndromes associated with frontotemporal lobar degeneration, commentary reply, 37894
clinical recognition & research diagnostic criteria for clinical syndromes associated with frontotemporal lobar degeneration, commentary, 37834
clomipramine, serotonin syndrome, 60-yr-old female with hypertension & diabetes mellitus & depression & anxiety, 21946
clozapine vs haloperidol, negative symptoms & deficit syndrome, patients with refractory schizophrenia, longitudinal study, 8940
comorbid Charles Bonnet syndrome & Parkinson's disease, 73 & 78 yr old male patients with visual hallucinosis, 8486
comorbid Diogenes syndrome & compulsive disorder, 48-yr-old female, 11324
complex delusional misidentification syndrome of delusional hermaphroditism, case report of a 44 yr old man demonstrating Fregoli syndrome & environmental reduplication, 27543
concept of misidentification in delusional misidentification syndromes, comparison of Capgras syndrome with 'clonal pluralization of a person', 56 yr old male with reduplicative paramnesia, 8148
coping strategies of 51–78 yr olds with postpolio syndrome, 24701
cultural context of syndrome of attachment disturbance mimicking symptoms of pervasive developmental disorder, 2–4 yr olds, South Korea, 14701
description & features of psychomotor desadaptation syndrome, elderly, 27484
developmental presentation of DiGeorge & velocardiofacial syndromes, 33 mo old & 9.5 yr old & 12 yr old with chromosome 22q11.2 deletions, 1966
diagnosis & treatment of severe psychotic illness, 50 yr old male with dual severe sensory impairments caused by Usher syndrome, 37755
diagnostic process & psychiatric symptomatology in Kleine-Levin syndrome, 11921
Diogenes syndrome & hoarding, 86 yr old male patient with schizotypal personality disorder & obsessive-compulsive disorder & 80 yr old female patient with schizoid personality disorder, 27547
dopamine receptor agonist pergolide, 43–80 yr old patients with restless legs syndrome, 8886
dystonia side-effect Pisa syndrome, 85 yr old female with subcortical arteriosclerotic encephalopathy treated with sertindole for acoustic hallucinations & anxiety & agitation, 2375
expectation of persistent postconcussion syndrome, etiology & maintenance of syndrome, male athletes with minor head injuries, 34628
explanatory syndrome model & forensic psychotherapy guidelines, serial murder, 37591
familial associations of positive & negative & affective & disorganization subsyndromes, sibling pairs with schizophrenia & schizoaffective disorder, 4880
family therapy for the moderate type of parental alienation syndrome, 25080
forensic psychiatric perspective on rape trauma syndrome & reactions to rape victimization, military personnel, 5048
genetic & physical & developmental & psychiatric features, 16–35 yr old patients with schizophrenia & velo-cardio-facial syndrome, 11290
genetic etiology-related cognitive-linguistic profiles & personality & maladaptive behavior, children with Williams or fragile X or Prader-Willi or Down's syndrome, implications for special education, 37696
history & etiology of Williams-Beuren syndrome, implications for treatment by primary physician, 21403
identification of complex mental state expressions, adults with mental retardation & Williams syndrome vs with Prader-Willi syndrome, 1860
incidence & persistence of somatization syndrome, cross-national sample of 18–65 yr old primary care patients, 24699
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary reply, 11896
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary , 11876
lamotrigine's usefulness in the treatment of SUNCT syndrome, 66 yr old female suffering from SUNCT syndrome, 38398
language disorders & appropriateness of expression auditory verbal agnosia, Japanese 27–34 yr olds with Landau-Kleffner syndrome, 11907
light therapy, 16 yr old male with Kleine-Levin syndrome, follow up case report, letter, 8968
linguistic & nonlinguistic visuospatial abilities, 20-yr-old female with left hemispherectomy as a result of Sturge-Weber syndrome, 8644
links between genetically or chromosomally determined syndromes & behavioral phenotype, implications for research & clinical practice in field of learning disability , 21464
mediastinal seminoma causing paraneoplastic syndrome, 20 yr old male presenting with acute paranoid psychosis with catatonia, 8574
mismatch negativity in deficit of auditory sensory memory, school-age children with cleft palate or CATCH syndrome, 4840
MMPI-2 validity scales, mothers in child custody evaluations who do vs do not exhibit parental alienation syndrome behaviors, 1480
motor dominance & praxis & left motor apraxia & visuomotor learning, left handed 54 yr old with callosal disconnection syndrome following corpus callosum ischemic infarction, 14987
negative & positive consequences of using diagnoses & associated syndromes, Holocaust survivors & their children, 27530
neurobehavioral aspects of clinical syndrome arising from abnormal function of reward system & leading to alcoholism & brain damage & criminal behavior, 34629
neuropsychological profile for linguistic & visuospatial abilities, 4.8–15.3 yr olds with Williams syndrome , 11697
new-onset amnestic syndrome, 33–68 yr old AIDS patients with history of alcohol abuse, 8566
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, 34496
nocturnal continuous subcutaneous apomorphine infusion, sleep disturbance, 44–72 yr olds with Parkinson's disease or restless legs syndrome, 35013
occurrence of autism, 5-, 6-, & 13-yr olds with CHARGE association, 24583
oral language skill development, 3.9 yr old with Floating-Harbor syndrome, 3 yr study, 21480
paroxetine, amotivational syndrome, 51-yr-old male with right putamen stroke, implications for link between amotivational syndrome & obsessional slowness, 5725
pathology & diagnosis & medical workup & drug treatment & clinical presentation & psychiatric symptoms associated with CNS manifestations of Sjogren's syndrome, 47 & 54 yr old females, 21544
pathophysiology & neurologic consequences of fatty aldehyde dehydrogenase deficiency, 4–42 yr olds with Sjogren-Larsson syndrome, 18288
persistent Kluver-Bucy syndrome after bilateral ischemic lesions in thalami, 69 yr old female , 18335
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38209
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38254
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38259
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38324
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, 38258
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38208
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, reply, 38257
phenomenological approach to & positive & negative symptoms in cycloid type schizophrenia & differentiation from core schizophrenia, 11439
philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary, 8047
philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary, 8066

philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary reply, 8056
philosophical perspective on false memory syndrome & authority of personal memory-claims, 8057
philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary, 8043
positive symptoms associated with & underlying pathophysiologic mechanisms & diagnosis & treatment of peripheral neuropathic pain syndromes, 37909
presentation & differential diagnosis & treatment with trihexylphenidyl & clinical & MRI course, 19 yr male with severe extrapyramidal syndrome with oculogyric crises following intranasal heroin abuse, 18417
presenting symptoms & surgical treatment of 71-yr-old female with Gerstmann's syndrome resulting from chronic subdural hematoma, 5372
prevalence of obstetric complications & family history of schizophrenia, deficit vs non-deficit schizophrenic patients, 1579
prevalence of subsyndromal depression & associated functional disability, 60+ yr olds patients, implications for health care services, 24213
prevalence of subsyndromal depression & associated functional disability, 60+ yr olds patients, implications for health care services, commentary, 24220
psychological distress assessed using Symptom Checklist-90 Revised, 24–70 yr old complex regional pain syndrome patients with dystonia, 24729
psychological state & neuropsychological performance, 26–60 yr olds with post-Lyme syndrome, 11885
racial identity development & an invisibility syndrome in counseling & psychotherapy with African American males & the impact on women & families, commentary, 38042
racial identity development & an invisibility syndrome in counseling & psychotherapy with African American males, reply, 37999
racial identity development & an invisibility syndrome in counseling & psychotherapy with African American males, 38000
racial identity development & an invisibility syndrome in counseling & psychotherapy with African American males, implications for training & research & practice, commentary, 38043
racial identity development & an invisibility syndrome in counseling & psychotherapy with African American males, commentary, 38024
recommendation of changing name of Divorce-Related Malicious Mother Syndrome to Divorce-Related Malicious Parent Syndrome based on recent gender-neutral case material, implications for research, 14160
recovery from post-concussional syndrome, 16–26 vs 40–56 yr olds with mild head injuries, 2068
relationship between premorbid adjustment & performance on word association & sentence completion tasks & 3-syndrome model of symptoms, schizophrenic 20–65 yr olds, 11438
role of atrial natriuretic peptide in the development of arterial hypertension, 13–24 male patients with pubertal hypothalamic syndrome, 5292
selective serotonin reuptake inhibitor discontinuation syndrome, 35014
sensitivity of biochemical tests for diagnosis of alcoholism & alcohol withdrawal, male 20–65 alcoholics with vs without alcohol withdrawal syndrome, 30909
sensory & motor abnormalities & CNS pathology, complex regional pain syndrome patients with vs without trigeminal hypoesthesia, 5246
serotonin syndrome induced by clomipramine & fluoxetine, 34 yr old female with symptoms of obsessive–compulsive disorder & PTSD, 5609
stability of deficit syndrome diagnosis, outpatients with schizophrenia or schizoaffective disorder, 17894
symptoms of sleep disturbance & restless legs syndrome in spinocerebellar ataxia type 3, patients with autosomal dominant cerebellar ataxia , 8515
syndrome asymmetry relations & drug influences on functional neuropsychophysiological asymmetry in schizophrenia, 14551
syndrome specific behavioral patterns, children–adults with Williams syndrome , 1936
syndromes & physical symptom presentation of psychiatric disorders, Asians, US, 21032
therapeutic use of antiglucocorticoid agents, patients with major depression or Cushing's syndrome, 38332
therapeutic value of lidocaine/bupivicaine local anesthetic block of sympathetic ganglia, 21–55 yr olds with complex regional pain syndrome, 5765
urine specific gravity, incidence of polydipsia & hyponatremia, hospitalized patients with schizophrenia, 34162
valproate induced Stevens-Johnson syndrome, 20-yr-old male with seizures , 2485
video/EEG monitoring of suspected atypical absence seizures, children with Lennox-Gastaut syndrome, 2004

Syndromes [See Also Acquired Immune Deficiency Syndrome, Addisons Disease, Aspergers Syndrome, Capgras Syndrome, Chronic Fatigue Syndrome, Creutzfeldt Jakob Syndrome, Crying Cat Syndrome, Cushings Syndrome, Delirium Tremens, Downs Syndrome, Fetal Alcohol Syndrome, Fragile X Syndrome, Klinefelters Syndrome, Menieres Disease, Neuroleptic Malignant Syndrome, Organic Brain Syndromes, Prader Willi Syndrome, Rett Syndrome, Senile Dementia, Testicular Feminization Syndrome, Turners Syndrome, Wernickes Syndrome]—Books
Clinical neuropsychology: A pocket handbook for assessment, 2107

Syndromes [See Also Acquired Immune Deficiency Syndrome, Addisons Disease, Aspergers Syndrome, Capgras Syndrome, Chronic Fatigue Syndrome, Creutzfeldt Jakob Syndrome, Crying Cat Syndrome, Cushings Syndrome, Delirium Tremens, Downs Syndrome, Fetal Alcohol Syndrome, Fragile X Syndrome, Klinefelters Syndrome, Menieres Disease, Neuroleptic Malignant Syndrome, Organic Brain Syndromes, Prader Willi Syndrome, Rett Syndrome, Senile Dementia, Testicular Feminization Syndrome, Turners Syndrome, Wernickes Syndrome]—Chapters
Cognitive aspects of personality disorders and their relation to syndromal disorders: A psychoevolutionary approach, 24184
Complex regional pain syndromes: An interdisciplinary perspective, 8548
Hormonal perturbations in fibromyalgia syndrome, 28060
Linking cognition, brain structure, and brain function in Williams syndrome, 31090
Mild head injury: Much ado about something, 24874
Neuropsychiatry and persons with developmental disabilities, 24621
Neuropsychiatry of substance abuse, 24550
Noonan syndrome, 31112
Seizure disorders, 31351
The Williams syndrome cognitive profile: Strengths, weaknesses, and interrelations among auditory short-term memory, language, and visuospatial constructive cognition, 18144
Williams syndrome, 31103
Williams syndrome: Findings from an integrated program of research, 29324

Synonyms—Serials
confirmatory multidimensional 2-parameter item response theory models, generation & evaluation components of synonym task performance, 16–18 yr olds, 32737

Syntax [See Also Form Classes (Language)]—Serials
ambiguity & high vs low lexeme frequency in semantic vs syntactic priming, time course of lemma retrieval in lexical decision, native speakers of American English, 29537
animacy of sentential subject & size of syntactic priming effect, processing of gender agreement in Hebrew during naming task, college students , 30094
association between word frequency & phonological vs nonphonological & morphosyntactic difficulties, 36–74 yr old English or Spanish speakers with aphasia, 31294
automaticity of syntactic processing & ERPs for sentence-final syntactic errors during grammatical judgment task, 19–25 yr old German-speaking students, 10474
availability of syntactic information regarding words which could not be sound retrieved, college students in tip of tongue state & 31 yr old brain damaged male speaker in anomic state, 24854
characteristics of noun-phrase vs verb-phrase elaboration, 19–31 mo olds with expressive language impairments with vs without receptive language impairments, 9 mo study, 8471
dialogue vs discourse interactions, vicarious learning of sentence parsing & syntax tree-diagram construction, college students, 36254
discourse-pragmatic analysis of sentence-terminal suffix -ci in Korean, 7303
distinctiveness & independence & time course of event-related brain potential elicited by syntactic & semantic anomalies, 18–42 yr olds, 26679
electrophysiological analysis of animacy effects, processing of object relative sentences, 18–27 yr olds, 29921
elements of syntax, language trained parrot & dolphins & bonobo, 13405
elements of syntax, language trained parrot & dolphins & bonobo, commentary reply, 13406
elements of syntax, language trained parrot & dolphins & bonobo, commentary, 13414
elements of syntax, language trained parrot & dolphins & bonobo, commentary, 13423
ERP evidence for processing of grammatical gender agreement & sentence parsing, 30107
event related cortical potentials during auditory semantic & syntactic processing of sentences, 26–58 yr olds with cortical vs subcortical left hemisphere lesions, 31224
event related potentials during spoken language comprehension in identification of gender agreement violations in controlled infinitival complements, college students, 16967
expansion of Chomsky's views of meaning to conceive syntax to individuate meanings & provide science of meanings inside the head, 4370
grammatically gendered & count-mass marking linguistic syntax, language & thought coding, Spanish vs English speakers , 30091
implicit & explicit syntactic & morphemic knowledge & reading comprehension & recoding in reading tasks, preadolescents as poor vs average vs good comprehenders, 20497
integration cost component & memory cost in sentence processing mechanism & available computational resources in Syntactic Prediction Locality Theory , 3542
modality & age & gender differences in constituent order & deletion using Augmentative & Alternative Communication picture boards, speaking 5–12 yr olds, 7439
on-line semantic processes & syntactic analysis of subject–predicate agreement in Hebrew, adults, 808
optional infinitive stage of syntactic development, 2.6 yr old female, 3 mo study, 7404
orthographic & syntactic aspects of processing of visual characteristics of verbal stimuli by brain, male 18–43 yr olds, 3937
perception of complex ungrammatical sentences as grammatical, memory & recall, young adults, 26904
phonological & syntactic awareness & reading acquisition, English vs Punjabi speaking 1st graders, implications for discriminating poor vs average readers, 10763
position of 'only' in sentence structure, eye movements indicating garden path vs syntactically ambiguous processing of relative clause sentences, adult English speakers, 32926
processing of gender agreement in online sentence comprehension as syntactic vs conceptual/semantic process, adults , 36667
processing of multiple acoustic-prosodic cues for comprehension of sentences with surface structure ambiguity, aphasic vs right hemisphere damaged adults, 28120
processing of semantic & syntactic priming information in lexical decision task, 18–36 vs 63–100 yr olds, 7599
processing of sentence syntax or sequence information, patients with lesions in Broca's area &/vs prefrontal cortex, 8672
prosodic facilitation & interference in early vs late syntactic closure ambiguity, adult Ss listening to sentences, 10700
prosodic structure, interpretation of temporary syntactic ambiguity, young vs elderly adult listeners, 30175
referential context & lexical frequency, syntactic ambiguity resolution in discourse, college students, 246
roles of ontological & syntactic information in learning of words for physical objects & substances, adults vs 3 & 4 & 5 yr olds, 26915
sensitivity to morphosyntactic dependencies in English, 15 vs 18 mo olds, 7431
sequential computer simulation of phonology-syntax relationship in speech & tip-of-the-tongue states in human information storage, 32459
syntactic ambiguity in conjoined noun phrases & sentence comprehension in context of corpus frequency, college students & personnel, 10698
syntactic argumenthood & prepositional phrase attachment ambiguity resolution, adults, 17160
syntactic complexity & utterance length & disfluency, conversational speech, 3.5–5.3 yr olds with normal language formation, 36777
syntactic functions of words, amplitudes & latencies of ERP components, 18–27 yr old males, 23393
syntactic reanalysis difficulty & structural change in reading comprehension, adults, 10705
syntactic skills, Hispanic kindergarten–5th graders with low vs average school achievement, 2912
syntactic trace deletion & use of default strategy in sentence-picture matching task, 22–63 yr olds with agrammatic Broca's aphasia, test of Trace Deletion Hypothesis , 8608
syntactic vs linear word proximity concord in separating construction of hierarchical structure & word order in sentence production, college students, 4374
syntax & knowledge of grammatical structure, language trained parrot & dolphins & bonobo, commentary, 13400
technique of interactive syntax-directed iconic languages in human–computer interfaces, 22754
transitive & dative syntactic structure priming in Dutch, college students, 4363
use of conceptual information regarding biological sex by language production system in the encoding of sex agreement between subject & predicate, Italian & French college students, 23635
use of syntactic priming in recall & production of simple vs complex phrases, adults, 10706

use of syntax-derived confusion technique in hypnotherapy, 35043
utterance length & syntactic complexity as predictors for stuttering during free-play with mothers, 3.3–5.5 yr old males who stutter, 18223
violations of syntactic structure & semantic expectancy, EEG measured event-related potentials, normal adults, implications for language-specific neural pathways, 10701
word frequency & morphosyntactic transparency & inflection of real- vs pseudoword stimuli, plural & singular noun production, native Finnish-speaking 10-yr-olds with specific language impairment, 31030
word order effects & syntactic & nonsyntactic strategies in sentence comprehension, 44–77 yr old Spanish-speaking Broca's aphasia patients, 34666
Syntax [See Also Form Classes (Language)]—Chapters
The acquisition of syntactic representations: A general nativist approach, 10826
Creole languages, the language bioprogram hypothesis, and language acquisition, 10807
Developing syntactic sensitivity in reading through phrase-cued texts, 16022
Early sign combinations in the acquisition of sign language of the Netherlands: Evidence for language-specific features, 34717
The modularity of language: Some empirical considerations, 33568
The role of syntax in verb learning, 10815
Sentence understanding in Chinese, 13341
Synthetic Speech—Serials
adaptive filtering, perception of enhancement of transcutaneous artificial larynx speech in quality & intelligibility, adults with laryngectomy, 9277
comprehension of natural & synthetic speech sentences, 6–7 vs 9–11 yr olds, implications for augmentative & alternative communication devices, 36761
energy constrained signal subspace method for speech enhancement & automatic speech recognition under additive noise condition, 7300
formant frequency movements, recognition of vowel quality produced by 10–12 yr old & adult speakers vs synthetically generated versions, 10–12 yr old & adult listeners, 23058
resonance & magnitude of change in & ascending vs descending vs same pitch of 2nd member of stimulus pairs, auditory discrimination of synthetic whisper vowels, 22–40 yr olds, 23057
semisynthetic speech generation for generation of speech stimuli in cognitive brain research, 33183
training algorithm for improved speech modeling & recognition, 7296
Syphilis—Serials
incidence & clinical diagnosis & serology & ethics in general paralysis of the insane & AIDS in old age psychiatry, 8500
knowledge of syphilis & screening & treatment availability & practices & community based prevention campaign, Houston residents, 28642
seroprevalence of HIV & hepatitis B & syphilis & engagement in commercial sex with men & other risk behaviors, 15–70 yr old male transvestite sex workers, Pakistan, 24682
Systematic Desensitization Therapy—Serials
psychological desensitization & selective serotonin reuptake inhibitor to control panic symptomatology, 43 yr old female with multiple chemical sensitivity, 8737
self talk & systematic desensitization of non-acrophobic elevator phobia, heart rate & fear & elevator usage, 11 yr old female, 8814
Systems [See Also Anatomical Systems, Caste System, Communication Systems, Expert Systems, Human Machine Systems, Information Systems, Political Economic Systems]—Serials
hand displacement & rod angle in coordination dynamics, dynamics of functional stabilization & long memory processes, 16566
heuristic approach to degraded object recognition of characters in sampled imaging system, Os responding to character pairs of blur & sample spacing, 19720
psychophysical description of early visual processing mechanisms in perceptual memory system, 32772
reformulation of temporal classification criteria for collaborative systems, 12941
software tool CREWS-SAVRE for scenario generation & prediction of nonnormative system exceptions & taxonomies, 35778
system model of perception & action hierarchical modules & their connections in computational architecture of primate neocortex, 32481
systems conceptualization & treatment of anger, 14698
world system & moral & political conclusions about its future, 1066
Systems [See Also Anatomical Systems, Caste System, Communication Systems, Expert Systems, Human Machine Systems, Information Systems, Political Economic Systems]—Books
Social interaction systems: Theory and measurement, 17592
Systems [See Also Anatomical Systems, Caste System, Communication Systems, Expert Systems, Human Machine Systems, Information Systems, Political Economic Systems]—Chapters
Attachment and caregiving: The caregiving behavioral system, 20767
The case study method and evolving systems approach for understanding unique creative people at work, 7962
The conceptual habitat: In what kind of system can concepts develop?, 22758
Creating a safe emotional environment in systemic couples' therapy, 15229
Family therapy, 15668
Implications of a systems perspective for the study of creativity, 7960
Locating development: Locating developmental systems, 20542
Personality coherence and dispositions in a cognitive-affective personality (CAPS) approach, 17716
The role of parsing in high-level motion processing, 3501
Study of memory: Processes and systems, 32995
System safety—An emerging field for I/O psychology, 16159
A systemic interpretation of Piaget's theory of knowledge, 20536
A systems analysis of visual motion perception, 3498
Systems Analysis—Serials
application of targeted systems analysis to establish behavior definition of competence, 26069
influence of ethnographic analyses of working settings & processes, systems design using Unified Modeling Language, ethnomethodology studies, 32437
natural system vs feature examination in conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19555
systemic barriers to collaboration, speech language therapists & teachers, 38631
work process analysis modeling & decision support system development & safety critical process model, airworthiness & surveillance inspection activities in aviation safety, 35779
Systems Theory—Serials
"cool" cognitive vs "hot" emotional dynamic systems in willpower as exemplified by delayed gratification paradigm, 11257
analysis of intensive care units & role of systemic therapist, 12384
application of M. Bowen's family systems theory to research on family of origin processes & intergenerational transmission of attitudes toward & readiness for marriage, 17–21 yr olds, , 942
chaos & complexity systems theories in nonlinear dynamics of social work practice & research, commentary, 12451
chaos & complexity theoretical aspects of psychoanalytic processes, 27437
concept of empathy from dynamic systems theory & intersubjective vs intrapsychic focus on treatment process in relational psychoanalysis, 31588
conceptualization of self as complex dynamical system & as process-structure that is fractally organized, 35848
constructivist & systemic perspective on traditional view of crisis & crisis intervention, 15530
consumption system theoretical model of conceptualization for satisfaction, attribute-level performance & satisfaction & behavioral intentions over time, automobile owners, implications for marketing, 22695
dynamic properties aligned with temporal interactions of stress & coping & related variables, 20928
dynamic systems theory as paradigm for the study of change in psychotherapy, 18–62 yr old depressed outpatients, 8756
ecological systems theory perspective of evaluation & treatment, children with severe oral feeding problems, commentary, 24964
ethical issues & systems approach to error management in academic medical centers, 15716
group relations perspective on Black churches as therapeutic systems providing psychological & physical support to Black communities, 7635
history & development & current position of Milan Systemic Approach & techniques in family therapy, 9 yr old boy with separation anxiety & family, 38106
issues in dynamical systems theory models & role for representations in mental models, 3206
mental models concepts for system dynamics research, commentary, 32917
N. Luhmann's theory of social system as theoretical framework for family systems therapy , 21779
perspectives on asystemic practice of mental health services in environment of manage care & argument for return to systemic therapy, 12040
phases of group development, systems-centered therapy approach to group psychotherapy, 12085
psychoanalytic & systems theory in creation & maintenance of community mental health teams & relationships among team members & manager & users, 32081
self- & goal-related motivations in social cognitions & judgments & interactions & motivated heuristic & systemic processing, commentary, 23947
system theory approach to link between psychodynamic concepts & brain neural organization, implications for psychotherapy , 8772
systems perspective on child psychiatry, 18770
systems theory model & alcoholic families & early recovery & cognitive–behavioral interventions, 8352
systems theory of intelligence & mental retardation, 14858
systems theory vs traditional Western Judeo-Christian beliefs in family therapy, 8827
treatment ideology & organizational elements of systemic model of intensive family therapy,Sweden, 34896
treatment with ecologically-based multisystemic therapy, adolescent sexual offenders, 2175
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds, erratum, 32306
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds , 25812
Systems Theory—Books
The primary triangle: A developmental systems view of mothers, fathers, and infants, 23797
Systems Theory—Chapters
Activity theory and the concept of integrative levels, 11099
The architecture of human memory, 32989
Beyond error: The language of coordination and stability, 22725
Brief marital therapy: The story of the triangles, 18625
Brief therapy strategies and techniques, 21738
Community responses, 15659
Components of processing, 32993
Conceptualization and measurement of children's after-school environments, 14171
Cultural psychology: Some general principles and a concrete example, 11002
The development of representation as the coordination of component systems of action, 10162
Family systems issues affecting athletic performance in youth, 3141
Family systems therapy, 38154
Family therapy with eating-disordered adolescents, 37720
Family therapy: The art of integration, 21822
A framework for the study of individual differences in personality formations, 14350
From counterparadox and the Milan Model to therapeutic conversation and the Milan Systemic approach: Origin and development of the Milan Center for Family Therapy, 21817
Functional dissociation of brain regions in learning and memory: Evidence for multiple systems, 33273
Integrative developmental neuropsychology: A general systems and social-ecological approach to the neuropsychology of children with neurogenetic disorders, 31358
Interacting Cognitive Subsystems: Modeling working memory phenomena within a multiprocessor architecture, 19875
An interpretation of the "self" from the dynamical systems perspective: A constructivist approach, 19915
Interventions with parents and children, 2236
Laws, logics, and human activity, 11093
The limits of technique in family therapy, 21804
The memory chop shop: Issues in the search for memory systems, 33276
Metaphors and organizational action: Postmodernity, language and self-regulating systems—a Mexican case study, 25940
Not one versus many, but zero versus any: Structure and function in the context of the multiple memory systems debate, 32994
Psychoanalytically informed short-term couple therapy, 18621
Releasing the soul: Psychotherapy as a spiritual practice, 38172
Short-term structural family therapy with couples, 18631
Social and contextual issues in interventions with children and families, 37250
Study of memory: Processes and systems, 32995
A systems approach to developing staff training, 6040
Time-effective couple therapy, 18620
Understanding bullying from a dynamic systems perspective, 14073
Vygotsky's dynamic systems, 7365

Systolic Pressure—Serials
anxiety levels & symptoms of depression, elderly patients with newly diagnosed systolic hypertension, 8579
cognitive function & acoustic evoked potentials, elderly patients with newly diagnosed systolic hypertension, 8578
low vs high work load, systolic & diastolic ambulatory blood pressure & moderation by perceived job control, 27–60 yr old male industrial workers, 4058
relation between midlife systolic blood pressure & late-life cognitive decline & brain morphology, 68–79 yr old males, 28 yr prospective study, 2092
T Mazes—Serials
high vs low T-maze escape performance & plasma adrenocortical responses to partial water immersion, 2–15 day old chicks, 26618
T-maze behavior & evaluation to fear & sociality, domestic chicks, 26508
T Test—Serials
use of t test for randomized experiment with convenience sample, 9974
Taboos—Serials
analysis of ethnographic & ethnohistoric & archaeological material & reconstruction of behavior for interpretation of mutilated human remains in prehistoric Anasazi culture, retrospective study, 17468
psychodynamic & object relations & self psychological perspectives on money taboo as it affects everyday life & psychotherapy, 38200
Tachistoscopes—Serials
visual perception on conventional cabinet tachistoscopes vs computer monitor tachistoscopes, college students, 36083
Tachistoscopic Presentation—Serials
eXpTools C++ class library for animation & tachistoscopic presentation & response timing & cognition & perception research utility, 36092
visual perception on conventional cabinet tachistoscopes vs computer monitor tachistoscopes, college students, 36083
Tachycardia—Serials
atrioventricular nodal re-entrant tachycardia associated with stimulant treatment & sertraline, 13 yr old female with obsessive compulsive disorder, 31650
role of amiodarone in timing & clinical presentation of depressive episode, 65 yr old female receiving amiodarone for ventricular tachycardia, commentary, 31802
Tactual Discrimination [See Tactual Perception]
Tactual Displays—Serials
tactual information transmission capabilities of multifinger tactual display with stimulus sets at signal durations of 125 vs 250 vs 500 msec, 20–42 yr olds, 32784
use of haptic displays of virtual 3-dimensional objects for perception enhancement, persons with visual impairments, 31364
Tactual Maps [See Mobility Aids]
Tactual Perception [See Also Texture Perception, Vibrotactile Thresholds]—Serials
3D object perception & somatosensory extinction for meaningful objects, 69-yr-old patient with left hemispatial neglect following right hemispheric stroke, 14981
activation of intact spatial representation in visual modality, competition of left vs right representation of space in tactile modality, right-hemisphere lesioned patients , 2049
adjustment of grip force as anticipation of load force & torque during lifting, adults, 6756
attentional mechanisms operating in touch, 18–45 yr olds, 16458
bimanual & left hand unimanual exploration abilities, congenital vs late blind vs sighted adults, 31369
capsaicin, vibration & touch detection & mechanically evoked pain thresholds & 2-point discrimination ability & roughness detection, 19–25 yr old males, 4177
contextual effects of differing rod lengths & mass position & adaptation of narrow vs wide range, dynamic touch, undergraduates, 23003
cross-modal transfer of shape between touch & vision, 1 mo olds, 36750
development & reliability & validity of psychophysical procedure for assessment of affective components of nonpainful touch, 17–30 yr old females, 29325
disorders of tactile recognition vs higher-level tactile recognition deficits, patients , 18425
dynamically modulated & spatially organized relationship between hypoesthesia & hyperesthesia, chronic pain patients, 21477
E. H. Weber's contribution to tactile sensory anisotropy, 26315
exploration for non-existent tactile target in peripersonal space without vision, 48–79 yr old patients with unilateral neglect & right hemisphere lesions, 5363
exploratory whisker movement vs nonwhisking movement vs immobility, modulation of tactile responses to somatosensory cortex & thalamus, rats, 33201
functional MRI assessment of temporal coherence of subcortical brain activity during tactile discrimination task, Ss, 26678
grip force & lifted object roughness vs smoothness & actual vs perceived heaviness in surface–weight illusion, adults, test of simple fusion vs additive-weighted psychophysical models, 10013
guidance system for exploring tactile graphics, blind individuals, 18460
haptic comparison of curvature for static vs dynamic touch, Ss, 29473
haptic estimates of discordant visual-haptic size, 6- vs 9- vs 12-yr-olds, 23011
haptic exploration without visual cues, triangular path completion, college students , 13177
haptic vs visual perception of block letter orientation & uprightness, 17–39 yr olds, 29471
haptic vs visual processing of local vs global object features & shape, 18–30 yr olds, 29469
haptic vs visual underestimation of angle size, 18–35 yr olds, 151
hemispheric & lobular foci of tactual stimulus recognition, male adults with left hemisphere with vs without parietal lobe damage, 37900
holistic vs analytic haptic learning of categories by size & shape & surface texture & weight attributes, 3–9 vs 18–40 yr olds, 36764
implicit & explicit memory for familiar objects presented to vision & touch & cross-modal priming, college students , 16662
interactions of fingers vs toes in ontogeny of 2-point discrimination, 7–15 yr olds, 4444
interscorer reliabilities for Memory & Localization scores of Tactual Performance Test, patients with brain damage or Korsakoff's syndrome or undiagnosed or normal patients, 3337
involvement of visual cortex in tactile discrimination of orientation, 36131
lateralized temporal variations in tactile discrimination, 12–25 yr old male Kenyan Maasai shepherds, 23426
lateralized ultradian rhythms of tactile discrimination of left vs right hand, right-handed male adults (mean age 30 yrs), 23427
link between tactile information processing & intelligence, 30–51 yr olds, 6753
memorization conditions, haptic processing of vertical vs horizontal vs oblique orientations, blindfolded sighted college students, 32779
neural pathways in tactile object recognition, healthy 25–54 yr olds, 16908
paradigms of sensory memory & trace discriminability theories of tactile recency, college students, 16649
perceptual & psychophysical aspects of somesthesis & spatial & tactile & thermal perception & sensitivity & pain perception, 13174
perceptual independence of size & weight using dynamic touch, college students, 6751
performance of visual–& tactile–spatial judgments of axis orientation in frontal plane, 45–61 yr old patients with left-sided visual neglect, 37863
performance on same/different discriminations in tactual matching task using 1 vs both hands, 17–30 yr olds, 7027
pyridostigmine bromide, locomotion rate & thigmotactic response, male vs female rats in proestrous & metestrous stages of estrus, 33421
recognition of tactile pictures, blind 8–13 yr olds vs sighted & blindfolded children receiving guided exploration, 2111
shape of stimulus probe & direction of vibration & contact area & force, detection of vibration transmitted through object grasped in hand, human Ss , 19699
stimuli located in contralesional somatotopic space, cross-modal & sensorimotor integration in tactile awareness, patients with tactile extinction , 36130
tactile discrimination of macrogeometric objects & FDOPA metabolism in basal ganglia, 41–66 yr old patients with Parkinson's disease, 28213
tactile extinction, alteration of cortical somatosensory activations induced by hand vibration, 61–71 yr olds with right hemisphere stroke, 11860
tactile morphagnosia associated with impairment in detecting orientation of line or rod in space, 73 yr old male who had a haemorrhagic stroke, 31172
tactile spatial acuity-dependent discrimination of grating orientation & discrimination of gratings varying in ridge width, 13–48 yr olds with dyslexia vs 12–32 yr olds with attention deficit disorder, 34458
tactile stimuli & thresholds for visual sensations, acquired synesthesia, 42-yr-old male patient who developed retinitis pigmentosa in childhood & progressively lost his vision at 40 yrs, 34698
tactual information transmission capabilities of multifinger tactual display with stimulus sets at signal durations of 125 vs 250 vs 500 msec, 20–42 yr olds, 32784
unmyelinated afferent stimulation to skin, mechanoreceptive units & low vs high thresholds to & size of response to skin deformation & differential response to stimuli, 21–31 yr olds, 29868
wielding of tennis rackets & bats contrived from wooden rods, perception of length vs position of 'sweet pot', novice vs skilled tennis players, 23004
Tactual Perception [See Also Texture Perception, Vibrotactile Thresholds]—Chapters
Contact codes: Proxemics and haptics, 10693
Detection and discrimination of tactile warning signals in field conditions, 34727
Tactual Stimulation [See Also Tactual Displays]—Serials
activation of somatosensory cortex in proprioception & propioceptive feedback in finger movement tasks, 20–27 yr olds, 3899
airpuff with attenuated vs unattenuated noise vs noise alone, blink reflex, 22–47 yr olds, 4036
animals models & mechanisms & mediators in physiological responses to nurturing touch & maternal separation, humans & mammals, 3999
anomalous double sensations evoked by tactile stimuli to contralesional hypoaesthesic hand, 51–68 yr old patients with damage to cortical somatosensory representation of hand, 34530
auditory vs tactile study, performance, blind vs sighted college students, 15999
changes in minimal force thresholds evoking cortical responses to cutaneous stimulation of hindlimb following sciatic nerve injury, male rats, 33186
contexts & patterns & manual simulation for active maternal potentiation of isolated ultrasonic vocalization, rat pups, implications for model of neurobiology of early anxiety state, 10320
effect of antidementia drug FK960 & cholinergic & glutamatergic modulations on regional cerebral blood flow response to vibrotactile stimulation, rhesus monkeys, 30061
feeding & handling, response & development of human–animal interactions, young cattle, 10321
functional MRI vs magnetoencephalography of cortex during finger movement vs tactile vs auditory stimulation, 26–37 yr old males, 3922
habituation of the infant arousal response through repetitive tactile stimulus & resistance of brainstem vs cortical responses to habituation & effects of sleep, infants aged 1–22 wks, 23711
interactions of fingers vs toes in ontogeny of 2-point discrimination, 7–15 yr olds, 4444
lateral specialization in temporal processing for auditory vs tactile stimuli, dextral university students, 26626
method for application of large-area vibrotactile stimuli to palms holding balloon during magnetoencephalography, somatosensory & auditory evoked fields, healthy Ss, 29450
mislocalized phantom sensations following tactile stimulation of acute pain, healthy 22–31 yr olds, 3441
morphine vs NMDA receptor antagonist MK-801 vs tachykinin NK1 receptor agonist RP67580, inflammation induced progressive tactile hypersensitivity, rats, 4204
motor responses to neonatal alcohol odor &/vs tactile stimulation, rat pups prenatally exposed to alcohol odor &/vs tactile stimulation, 19935
neurophysiologic coherence of rapid changes in response topography that accompany vibrotactile stimulation of the finger, male, 7 mo study, 13554
parents giving massage therapy to their 5–15 yr olds with cystic fibrosis, reduction in parent's anxiety & improvement in child's mood & peak air flow readings, 30 day study , 18791
satiation vs hunger, foraging responses to visual and/or vibratory cues from prey, wolf spiders tested as immatures & adults, 10341
social work treatment & massage therapy, activities of daily living & frequency of personal assistance, 75–90 yr old nursing home clients, 15076
SPECT analysis of selective activation of neurons in medial prefrontal regions of brain during toe graphaesthesia task, 22–24 yr olds, 3979
stimulation of ipsilateral scalp & infrazygomatic region of face & back, development of dysesthesia & shooting pain in arm, 63 yr old male with partial nerve injury, 21488
stimuli located in contralesional somatotopic space, cross-modal & sensorimotor integration in tactile awareness, patients with tactile extinction , 36130
tactile stimuli & thresholds for visual sensations, acquired synesthesia, 42-yr-old male patient who developed retinitis pigmentosa in childhood & progressively lost his vision at 40 yrs, 34698
tactile-alone vocabulary acquisition using 'Tickle Talker', normally hearing adults, 35362

thermal &/vs olfactory &/vs tactile stimuli, oral grasping of artificial nipple, rat pups without suckling experience, 6990
touch- vs laser heat-evoked cortical field potentials & anesthesia, rats, 23352
underlying mechanisms for & efficacy of massage therapy, 8969
unmyelinated afferent stimulation to skin, mechanoreceptive units & low vs high thresholds to & size of response to skin deformation & differential response to stimuli, 21–31 yr olds, 29868
visual & tactile contact with boa constrictor, heart rate or systolic or diastolic BP, 18–35 yr olds, 20221
Tactual Stimulation [See Also Tactual Displays]—Chapters
Detection and discrimination of tactile warning signals in field conditions, 34727
Sucking and massage therapy reduce stress during infancy, 20463
Warren: From passive and sensuous compliance to a more lively independence: Limited therapeutic objectives with a verbal adolescent, 37660
Tailored Testing [See Adaptive Testing]
Taiwan—Serials
alpha-2 macroglobulin gene five-nucleotide deletion & late-onset Alzheimer's disease, Taiwan Chinese with Alzheimer's disease, 31247
factors & causes of adolescent pregnancy & low adolescent fertility rate, 18–34 yr old & younger primigravida, Taiwan , 31845
personality & coping strategies, job satisfaction & stress & health, managers from various organizations in Taiwan, 16083
Taiwan—Chapters
Image is more important than experience: A case study of hi-tech home building in response to shifting home identities, 29222
Learning politics in the crucible: The socialization of Taiwan high school students as citizens in a new democracy, 7583
Talent [See Ability]
Talented [See Gifted]
Tantrums—Serials
prevalence & treatment of anger attacks in depression, 24221
Tanzania—Serials
prevalence of HIV infection, hospitalized patients, Tanzania, 14968
Tape Recorders [See Also Videotape Recorders]—Serials
noise introduced during audio recording, detectability of repetitions & prolongations, 7–12 yr olds who stutter , 8472
Tardive Dyskinesia—Serials
association between abnormal movements & impaired glucose metabolism, schizophrenic patients receiving neuroleptic medication, implications for development of tardive dyskinesia, 17920
chorea & tardive dyskinesia associated with risperidone treatment, 13.5-yr-old female patient with a history of aggression & defiance & noncompliance, 31624
clozapine, severe tardive dyskinesia, 17–55 yr old schizophrenic patients, 8865
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, commentary reply, 28509
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, comment, 28496
Dopamine D3 receptor gene in tardive dyskinesia, schizophrenic patients treated with typical neuroleptics, 25142
frequency of CYP2D6*10 allele & genotype & metabolism of neuroleptics, score on Abnormal Involuntary Movement Scale & development of tardive dyskinesia, Japanese schizophrenics, 5662
haloperidol, NMDA receptor mediated corticostriatal neurotransmission & vacuous chewing movements, male rats, animal model of tardive dyskinesia, 4165
impairment of cognitive function as risk factor in development of tardive dyskinesia, clinical implications for elderly, 28145
incidence of & risk factors for tardive dyskinesia, mentally ill adolescents on neuroleptic medication, 2 yr study, 5651
incidence of tardive dyskinesia, 55+ yr olds beginning treatment with antipsychotic medication, 2410
incidence of tardive dyskinesia, patients with schizophrenia treated with olanzapine vs haloperidol, 2.6 yr study, 12144
incidence of tardive dyskinesia, psychiatric outpatients (mean age 66 yrs) in early stages of low-dose treatment with typical neuroleptics, 12 mo study, 12191
insight & awareness into mental dysfunction & awareness of motor dysfunction, 24–58 yr old outpatients with schizophrenia or schizoaffective disorder & tardive dyskinesia, cross-sectional & 2 yr study, 27652
L-dopa with benserazide, drug-induced parkinsonism & tardive dystonia, 60 yr old female with chronic paranoid schizophrenia, 5649
legal issues associated with antipsychotic-induced tardive dyskinesia, 25684
olanzapine, exacerbation of tardive dyskinesia & development of tardive dystonia, 40-yr-old female with bipolar disorder, 38234
olanzapine, tardive dyskinesia, male 29 & 52 yr olds with bipolar type schizoaffective disorder, 12239
olanzipine, tardive dyskinesia, 59 yr old male patient with delusional disorder & long-term neuroleptic exposure, 28456
presence of heterozygous CYP2D6 with single allele mutation & neuroleptic metabolism, incidence of tardive dyskinesia, schizophrenic patients, 4946
prevalence & risk factors for extrapyramidal syndromes & association with tardive dyskinesia, neuroleptic-treated psychiatric patients, 21930
quetiapine, tardive dyskinesia, female 44 yr old with schizophrenia & chronic active psychosis, 21895
reduction of dyskinetic & dystonic movements following treatment with clonazepam, 81-yr-old male with bipolar disorder & tardive dyskinesia, 28424
relationship between adult-onset adrenoleukodystrophy & psychiatric symptomatology, 31-yr-old male with tardive dyskinesia & treatment-resistant psychosis, 31231
risperidone addition to diazepam & trihexyphenidyl, tardive dyskinetic & dystonic movements, 47-yr-old male with psychosis, 21875
risperidone vs haloperidol, incidence of tardive dyskinesia, older patients with schizophrenia or dementia or mood or other disorders with psychotic symptoms of behavioral disturbances, 9-mo study, 25176
risperidone, tardive dyskinesia/dystonia, 19–22 yr old males with 1st episode psychosis, 21873
risperidone-induced involuntary perioral & tongue movements, female 21 yr old with schizophrenia, 31654
tardive dyskinesia during depressive episodes & remission during mania, 67 yr old female with bipolar disorder, 30668
temporal control of voicing & disturbances in phonation control, patients with Parkinson's disease vs tardive dyskinesia, 27988
typical vs novel antipsychotics, tardive dyskinesia, patients with affective disorders, 18698
vitamin E & dose, severity of abnormal involuntary movements, 50–84 yr old tardive dyskinesia patients, 5666
vitamin E treatment, tardive dyskinesia symptoms, 19–60+ yr olds taking neuroleptic medications, 34953
Tardive Dyskinesia—Chapters
Neuropsychiatric and mental health services aspects of tardive dyskinesia, 24188
Relationship of ethnicity to the effects of antipsychotic medications, 28529
Task Analysis—Serials
age & task experience & cognitive ability, performance of computer-based troubleshooting task, 20–75 yr old accounts balancing operators in banking industry, 12815
assessment of short-term sequential knowledge learning in choice response time vs free generation tasks, 19840
cognitive modeling scheme for task analysis, estimated vs actual task time & mental workload on computer editing task, 22–26 yr olds, 13286
differences in knowledge requirements for interdisciplinary problem solving in advanced manufacturing technology environment, design & manufacturing & marketing personnel, 12944
discovery constraints on use of imagery in mental synthesis tasks, college students , 32899
distinction of work vs enabling actions in human computer interaction & methodological importance of application to complex systems such as geographic information systems, 6421
formal object-oriented specification language approach for task analysis of accident modeling, 3196
isolation & confinement, maintenance of complex performance during spaceflight simulation, 31–37 yr old cosmonauts, 16218
long-term isolation & confinement during wintering-over expedition in Antarctic, evaluation of multiple-task performance, scientists & technicians, implications for extended spaceflight, 8 mo study, 16219
memory on naturalistic vs laboratory task ability, 18–28 vs 60–69 vs 80–92 yr olds, 32928
meta-analytic correlation matrix on contextual vs task performance & organizational worth for managerial work, managers , 12865
moderating effects of task experience & self-esteem & mediating effects of expectancy & valence, performance observation & goal setting, Os, 13315
on-task behavior & completion of school work, K–12th graders, 19299
perception of task importance & feasibility & agent influence behavior as determinants of target commitment, college students, 12887
PERCOLATe procedure for perceptual control theory-based task analysis, 29206
stepwise learning approach to complex tasks, robots, 12995
task analysis of visual-motor demands & developmental appropriateness of children's mouse-operated computer software packages, 16222
task structures & specific problem solving strategies, 5–9 yr olds, 23726
task-aversion dimensions across inception & planning & action & termination stages of personal projects & personality correlates of procrastination, college students, 37147
timing processes & correlations for timing consistency during continuous tapping & drawing tasks, 18–25 yr olds, 32893
unknown probabilities vs task characteristics, ambiguity avoidance in decisions, college students, 36233
validity of group task circumplex, dimensions of task typologies & degree of task requirement for member interdependence & consensus-building communication, college students, 17587
work process analysis modeling & decision support system development & safety critical process model, airworthiness & surveillance inspection activities in aviation safety, 35779
work-task & general-ability dimensions in principal components analysis of work-relevant ability self-estimates, 12th graders, 13118
Task Analysis—Books
Task analysis methods for instructional design, 9454
Task Analysis—Chapters
Aerospace psychology, 22752
Cognitive task analysis and modeling of decision making in complex environments, 3169
Designing human/virtual technology interaction environments for training effectiveness: A cognitive task modeling approach, 22740
Directing a clinical training program: A task analysis, 38705
Expectancy and control: Perceptual and cognitive aspects of the driving task, 22751
Human-centered automation for air traffic control: The very idea, 22739
Modeling human performance during system design, 22735
Private speech: Four studies and a review of theories, 7357
Task Complexity—Serials
ad lib smoking & nicotine yield, cognitive task response selection & RT, 21–37 yr old smokers , 10593
age & task complexity & stimulus degradation & stimulus-response compatibility, P300 latency & RT, 19–26 vs 67–77 yr old males, 10488
age, balance assessment on voluntary vs involuntary step tasks, 16–25 vs 62–74 yr old women, 16562
aging, time- & event-based prospective memory & cognitive load during on-going concurrent activities, 18–22 vs 55–81 yr olds, 23809
ambient task complexity & nature of intrinsic attribute information, global product stereotypes & heuristic processing, college students, 39022
blocked vs serial feedback, complex motor skill learning of slalom-type movements on ski simulator, college students, 13259
common spatial subspace decomposition for analysis of magnetoencephalography & EEG brain responses under multiple task conditions, 23414
complexity & cycle time of new product development projects, cycle time reduction strategies, large multinational vs small company project leaders, 32351
complexity, short-term retention of visuospatial material, college students, 32966
conceptual vs procedural instruction & high vs low interference task type, error rates, 18–30 yr olds with high vs low levels of knowledge related to task, 19817
concurrent & decision-making effortful tasks, allocation of attentional resources, depressed inpatients (mean age 35 yrs) during illness & at recovery, 21113
concurrent performance of primary & secondary item vs source memory tasks, divided attention & frontal lobe functioning, college students, 32930
concurrent performance on random time interval generation task & memory task, adults, 6874
constructive thinking & coping & goal setting, performance on & adaptation to change in complex tasks, undergraduates , 30493
creativity style & problem type, creativity score, high school students, 20550
differential task difficulty for working memory, motor response in reward retrieval, 10.8–36.3 mo olds, 23678
difficulty level interference between order information & short term memory & time estimation, adults, 10189

difficulty of concurrent simulated driving task, working memory, 19–51 yr olds, 19481
distal with vs without proximal goals vs instructions to do your best, performance & self-efficacy on moderately complex task, young adults, 29093
effects of automated system & task difficulty on team processes & aircrew performance in lab simulation, university students with private pilot's licenses, 9696
effects of lag requirements on sustained vs habitual levels of variability in computer game playing, female college students, implications for individual differences in creativity, 30524
elevation angle disparity & complexity & feature type, relating out-of-cockpit field of view to electronic cartographic map, 18–31 yr old instrument flight class members , 29494
ephedrine, development of fatigue in prolonged driving-related task, 18–37 yr old participants, 33456
functional MRI-assessed spatio-temporal organization of cortical activity during complex tasks, 20–32 yr olds, 29792
hemifield differences in texture segregation for simple- vs complex-channel tasks, 17–22 yr old Os, 13197
individual differences & subjective goal difficulty, goal setting & performance during anagram task, 18–24 yr olds, 13295
interaction of task & external feedback on practice performance & learning, college students, implications for organizational behavior research, 9626
interactive physical & observational practice & dialog protocol, learning effectiveness on complex dynamic balance task, college studentsSs, 23075
interhemispheric interaction & computational complexity, task performance, college students , 16610
item difficulty & discrimination in Picture Arrangement subtest of WAIS-R, 16–78 yr olds with traumatic brain injury, 5354
management development & learning through complexity, coping with organizational change & turbulence with complexity map, middle managers, 38978
memory loading task difficulty & EEG, 18–25 yr old males, 29922
memory requirements, visible vs invisible displacement task performance, rhesus monkeys vs orangutans, 10265
methylphenidate, complex visual-memory search, male 13–17 yr olds with ADHD, 11683
neutral vs familiar situational context, performance of solving mathematical word problems with vs without drawing task elements, 1st graders, 23730
object & target size in tasks of various difficulties, manual asymmetries, right handed college students, 26376
perception of learning difficulty of task, item selection vs increase of self-regulated study time, undergraduates, 25784
perceptual learning specificity & role of attention & task difficulty, 29618
performance & preference & task complexity in ipsilateral vs contralateral hemisphere, preferential reaching with right hand, right-handed college students, 26377
practice, performance on difficult spatial task, male vs female 17–45 yr olds, 3559
presentation of different visual depth cues, effects of binocular disparity &/vs motion parallax on task performance, Os, implications for the design of telepresence systems, 35744
psychological refractory period procedures in concurrent multiple task performance, college students, 19793
reaction times to simple vs choice reaction tasks & relation to changes in central cerebral processing vs in the initiation of movement, 44–72 yr old patients with Parkinson's disease,, 15018
reading & dual-task balancing, developmental dyslexia, German-speaking children (mean age 8.3 yrs) with dyslexia, 37686
regional variation & contextual pressures & technical complexity of decisions, EPA's toxic substances enforcement, 3111
rhyme & spelling–phonology & grapheme–phoneme correspondence, choice of grapheme–phoneme vs analogical strategy for reading familiar vs unfamiliar words vs nonwords, 5.8–9.8 yr olds vs undergraduates, 23081
role of task difficulty & motor output in regional blood flow in anterior cingulate cortex via PET, humans, 3895
silence vs low- vs high-intensity music, low- vs high-demand driving-related tracking & vigilance tasks, 18–24 yr olds, 35766
simple drawing tasks, assessment of psychomotor retardation, depressed 18–65 yr olds receiving antidepressants, 34129
stepwise learning approach to complex tasks, robots, 12995
stimulus onset asynchrony & difficulty of stimulus-response mapping tasks, Psychological Refractory Period effect & practice & interference during dual task performance, Os, 32977
substantively complex work, intellectual functioning, younger vs older participants studied over 20 yr period, 30134
surface orienting vs conceptual encoding, memory for subject performed vs standard verbal learning tasks, 36249
target knowledge & orientation & salience, override of stimulus-driven interference in simple vs compound search tasks, 19–33 yr olds, 10228
target stimulus variability & probability during attention to counting task of varying complexity with closed vs open eyes, EEG spectral & auditory evoked potential characteristics, undergraduates, 13627
target's age, alteration of route complexity & length on maps, kindergartners vs 2nd vs 4th graders, 10742
task characteristics, theta oscillations during virtual maze navigations, 14–19 yr old patients with epilepsy, 31255
task complexity & self concept & social perception, social loafing & group participation & collective behavior & energy expenditure, female college students, 20863
task complexity & self concept & social perception, social loafing & group participation & collective behavior & energy expenditure, female undergraduates, commentary, 20874
task complexity vs qualitative differences in cognitive demands, selective attention in color-block vs color-word versions of Stroop test, younger vs older adults, 17403
task complexity, interference vs negative priming vs inhibition of return selective attention processes, patients with right vs left frontal vs posterior vs bifrontal brain damage , 31325
task complexity, judgments of duration, 18–32 vs 63–83 yr olds, 19803
task demand training with vs without comprehension monitoring training, preparation for simple vs complex language questions in courtroom, preschool vs kindergarten vs 2nd-grade child witnesses, 39065
task demands & behavioral control & procedural information, responses to stressful work situations, 16–49 yr old college students, 38991
task difficulty & adult attention & treatment, off-task behavior, 1st & 3rd graders with behavior problems, application of functional analysis involving antecedent events, 25814
task difficulty & task rule familiarity, classification performance & strategy & retrieval from memory, college students, 26384
task difficulty, detection of novelty of object & spatial placement of object in familiar environment, socially housed rhesus monkeys, 13416
task processing, event-related alpha oscillations, 18–30 yr olds, 36491
task structuredness & computer-based group decision support systems, communication & perceived outcomes, members of division level coordinating group, 4726
teammates vs individuals & implicit vs explicit instructions & shared vs remote terminals, performance in complex computer-based research task, 17–34 yr old training team members, 30417
variability of textual descriptions, visuospatial working memory & selective interference in verbal & visual & spatial-sequential & spatial-simultaneous tasks, college students, 10207
verbal feedback & repeated doses of alcohol, individual differences in performance on easy vs difficult psychomotor task, 19–28 yr old males, 33861
visual attention to color & reaction time to luminance change within display, college staff & students, 29481
word identification speed limitations & task demand sensitivity & orthographic compensation, automatization & reading, dyslexic 4th graders (mean age 10 yrs), 37677

Task Complexity—Chapters

Designing human/virtual technology interaction environments for training effectiveness: A cognitive task modeling approach, 22740
Measuring and understanding G: Experimental and correlational approaches, 11248
A new look at children's private speech: The effects of age, task difficulty, and parent presence, 7455
Processes underlying human performance, 12956
The shifting focus of maternal tutoring across different difficulty levels on a problem-solving task, 7476

Task Difficulty [See Task Complexity]

Taste Aversion Conditioning [See Aversion Conditioning]

Taste Buds—Serials

identification of possible new G-protein coupled receptors in rat & mouse taste cells, 29858
taste stimuli humans describe as bitter, evoked activity & sensitivity responses of gustatory neurons from insular cortex, male macaques, toxicity implications, 13588

Taste Discrimination [See Taste Perception]

Taste Perception—Serials

age-related chemosensory changes & olfactory & taste perception & food intake & satiety & nutritional status, elderly persons, 20441
age-related oral & pharyngeal diseases, taste & smell, elderly persons, health-status & quality-of-life implications, 21489
alternating vs block pre-exposure to binary flavors AX & BX, excitatory vs inhibitory associations & generalization to BX of aversion conditioned to AX, male rats, 32954
alternating vs blocked & variable interval between preexposure to compound flavors with common element, taste discrimination & aversion generalization, male rats, 29683
ambient temperature & fluid saccharin concentration, thirst &/vs taste-preference &/vs cold-discomfort dimensions of motivational conflict measured by fluid intake, water-deprived rats, 3643
amiloride, chorda tympani nerve responses to sodium chloride, male sodium chloride preferring NZB/B1NJ vs avoiding CBA/J mice, 4231
amiloride, neural representation & discrimination of NaCl & KCl in taste responsive neurons of nucleus of solitary tract, hamsters, 29770
amitriptyline HCl, taste perception, 65 yr olds & older & gerbils, 20368
auditory cue presented during extinction, spontaneous recovery of conditioned taste aversion, rats, 13391
basolateral vs central amygdaloid lesions, conditioned taste aversion & damage to fibers of passage, male rats, 16933
benzoic acid concentration in taste solutions & sensory profile & kinetic measurement methods, sensory attributes & topography & intensity of pungency, 25–45 yr olds, 26312
bilateral cerebellar interpositus-dentate lesions, short-term concurrent vs long-term taste aversion learning, male rats, 3665
caffeine vs salicin vs aristolochic acid bitter diets, feeding inhibition & bitter-sensitive taste cell response & specificity, tobacco hornworm, 29799
caffeine vs theophylline vs strychnine vs denatonium, bitter taste signal transduction & rapid kinetics of guanosine cyclic monophosphate production & degradation in taste tissue, mice , 19704
captopril, elevated ingestion of saline & plasma renin activity, male rats with ligation of common bile duct, 29678
carbonation, quality of taste solutions, adults (mean age 24 yrs), 3435
chocolate pudding sugar & fat content, perception of sweetness intensity & pleasantness & caloric density & fillingness & hedonic responses, females , 3437
chorda tympani nerve transection vs amiloride added to KCl concentrations & water, KCl taste detection threshold, rats , 10375
cocaine preexposure, acquisition of cocaine-induced taste aversion, female rats, 26837
concentrations of sucrose in water & orange drink & foods, perceived sweetness, male vs female 8–9 yr olds vs adults, 26984
contribution of somatosensory area to gustatory-activated regions in cerebral cortex, 21–37 yr olds, 23391
development of ingestion & taste preference for calcium, parathyroidectomized rat pups, 19944
discrimination of phenylthiocarbamide & 6-n-propylthiouracil tastants vs their pure solvents, adults , 3443
estradiol & testosterone, acquisition & extinction of conditioned taste aversion, gonadectomized female vs male Fischer vs Sprague-Dawley rats, 30069
ethanol-drinking entrainment & food restriction & metyrapone vs exogenous corticosterone, ethanol palatability & hedonic taste reactivity as positive alliesthesia measures, adrenalectomized male rats, 33039
exercise, taste solution preferences, 19–21 yr olds, 3439
fear response & ability to associate between taste stimulus & conditioned taste aversion, mice lacking metabotropic glutamate receptor subtype 7, 10613
flavor avoidance learning & reduction of strychnine baiting hazards to nontarget animals, squirrels & gophers & chipmunks, 3650
flavor conditioning effects of intragastric infusions of maltose vs sucrose, female rats, 3642
flavor of drink, spontaneous intake of drinks & consequence of volume of liquid ingested on subsequent food intake, healthy volunteers, 3433
fluvoxamine vs fluoxetine, conditioned taste aversion, male mice, 7196
follicular & luteal menstrual cycle phases & taste solution palatability & gustatory thresholds measured at chorda tympani & glossopharyngeal nerves, 21–40 yr old females, 20057
galactose & glucose & fructose postingestive flavor conditioning & satiation, food-restricted female rats, lactose intolerance implications, 33037
gustatory responses, golden hamsters, comparison with human taste responses, 575
gustatory thalamus lesions, perceived value of reinforcing stimuli in progressive ratio reinforcement schedule, male rats, 36452

haloperidol or SCH-23390, ethanol-induced conditioned taste aversion, male mice, 30047
hedonic & perceptual responses for correctly vs incorrectly identified yogurts, 21–68 yr old females, implications for consumer behavior, 29474
hedonic response to sucrose solution & sweet taste perception threshold & correlation with traditional assessments of anhedonia, patients with major depression or schizophrenia, 8041
identification of possible new G-protein coupled receptors in rat & mouse taste cells, 29858
immunohistochemical expression of gustatory nucleotide-gated channel in retinal cone photoreceptor cells, male rats, 23333
individual differences in interpretation of term palatable based on food intake & ratings, 17–56 yr old males, 30533
individual vs group simple gustatory RTs to 8 substances from 4 taste families, 26–42 yr olds, 23002
intensity of sensitization vs desensitization, whole-mouth rinses vs filter papers of vs foods containing capsaicin stimuli, college students, 26313
intertrial interval & number & distribution of test stimuli, quinine taste discrimination, male rhesus monkeys, 20380
length & intensity of caffeine aftertaste perception, caffeine tasters vs nontasters, 16460
lesions in inferior olive vs cerebellar cortex, concurrent vs sequential taste aversion learning, male rats, 26620
lithium concentration in milk, aversion to nursing, calves, 10347
meal cost & food flavor, meal size, male rats, 6943
mechanical distention of small intestine, taste reactivity, male rats, 29931
metabolism of glutamic acid & neurophysiology of monosodium glutamate & Umami taste & impact on nutrition & ingestive behavior, 13515
methodological issues in ad libitum mixing, taste memory, 18–50 yr olds, 3406
naltrexone, sweet & salty & sour & bitter taste detection & recognition thresholds & perception of & preference for sucrose, 28–56 yr old females, 17021
nicotine & ethanol pretreatment vs preexposure, respective ethanol & nicotine induced conditioned taste aversion, male rats, 13771
odor discrimination of isoamyl acetate with vs without quinine vs ethyl acetate in odor-cued taste-avoidance procedure, red kangaroos in seminatural environment, 33026
pairing flavor with activity in circular alley, conditioned taste aversion, rats, 29692
palatability of food, satiation & satiety & food intake, healthy 18–26 yr olds, 23005
perceived taste intensity & quality, 27–65 yr olds with damage to insular cortex, 31305
priming positive vs negative expectancy outcomes, alcohol consumption & taste ranking, young adults (mean age 19.5 yrs) , 1195
programable & portable automated regional taste-testing system, college students, 36031
PROP taste sensitivity & parental history of alcohol dependence, 25–59 yr olds with alcohol dependence, 1786
protein synthesis dependence & short term expression vs long term consolidation of conditioned taste aversion memory, male rats, 13403
quinine infusion, gustatory nerve activity & central patterns of taste-evoked neuronal activation, rats with bilateral transection of chorda tympani or glossopharyngeal nerve or combined neurotomy , 16920
quinine taste discrimination, male rhesus monkeys, 10261
relationship between genetic taste sensitivity to 6-n-propylthiouracil & food preferences & body weight, adults & 4–5 yr olds, 30137
relationship between perceived aroma & in-nose volatile concentration during eating of model food, trained panelists, 23001
response to palatable & aversive taste stimuli, genetically obese mice, 26474
restoration of hepatic function by liver transplantation, taste & smell detection & recognition thresholds, 34–64 yr old end-stage liver disease patients, food choice & nutritional status implications, 22042
role of angiotensin II & adrenocorticotropin & other hormones in attenuation of input from sodium specialist neurons & functional changes in taste receptor cells following sodium deficiency in mammals, 7072
role of chemosensory neurons in smell & taste perception, Drosophila melanogaster larvae, 26599
role of gustatory thalamus in taste-guided behavior, 509
role of NMDA receptors & effects of ketamine on formation & retention & expression of conditioned taste aversion, rat neonates, 4218
satiation effects of gastrointestinal tract stimulation vs postingestional stimulation on water vs saline drinking & licking behavior, water-deprived male rats, 29751
selective orosensory recognition of long-chain fatty acids, male rats, 20218
sensory characteristics influencing determinants of thirst-quenching quality of beer, Ss, 3438
strength of flavor, generalization of preferences for & intake of beneficial foods, lambs , 3641
sucrose–quinine solution acclimation, sucrose–quinine vs ethanol intake, male rats, 748
sweetness &/vs energy content of drinks consumed post-exercise, energy & nutrient intake of food, young adult males, 20204
sweetness of intraoral sucrose, calming & mouthing & hand-mouth contact, crying newborns, 30118
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, commentary, 36901
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, 36884
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, reply, 36883
taste aversion conditioning, extinction & fluid intake, male rats, 33053
taste difference thresholds for sucrose, frugivorous spider monkeys vs omnivorous baboons, 20003
taste exposure to good- vs bad-tasting novel vs familiar food, willingness to taste novel foods, 7–9 vs 10–12 yr olds, 30232
taste reactivity test of motion sickness effects on conditioned rejection reactions, male rats, 23193
taste reactivity to water & sucrose & quinine & alcohol at 5–40%, alcohol-preferring vs alcohol-avoiding rats tested before & after a period of continuous alcohol access, animal model of alcohol abuse, 29748
taste stimuli humans describe as bitter, evoked activity & sensitivity responses of gustatory neurons from insular cortex, male macaques, toxicity implications, 13588
trisodium citrate & amino acids, taste responses of glossopharyngeal nerve, largemouth bass , 20128
vagotomy, neophobia & conditioned-reflex taste aversion, rats, 7150
whole-nerve chorda tympani responses to taste solutions, male C57BL/6J vs DBA/2J inbred mice, 33163

Taste Perception—Chapters

The transfer of alcohol to human milk: Sensory implications and effects on mother–infant interaction, 13848

Taste Stimulation—Serials

benzoic acid concentration in taste solutions & sensory profile & kinetic measurement methods, sensory attributes & topography & intensity of pungency, 25–45 yr olds, 26312
fear response & ability to associate between taste stimulus & conditioned taste aversion, mice lacking metabotropic glutamate receptor subtype 7, 10613
individual vs group simple gustatory RTs to 8 substances from 4 taste families, 26–42 yr olds, 23002
length & intensity of caffeine aftertaste perception, caffeine tasters vs nontasters, 16460
neurobiological & psychophysical mechanisms of oral sensations produced by carbonated water, rats & 19–29 yr olds, 32783
NMDA-induced brain lesions, mediation of taste aversion learning & memory, male rats, 33210
postexperience advertising, consumer memory of taste experience, college students, 16199
quinine infusion, gustatory nerve activity & central patterns of taste-evoked neuronal activation, rats with bilateral transection of chorda tympani or glossopharyngeal nerve or combined neurotomy , 16920
reinforcement value of appetitive & aversive gustatory stimuli using progressive ratio schedule, rats, 26718
reinforcement vs nonreinforcement & place context A vs B & taste aversion conditioning, discriminatory intake of vinegar with vs without lithium vs coffee with vs without lithium, rats, 23206
response to palatable & aversive taste stimuli, genetically obese mice, 26474
stimuli from 4 taste qualities & compounds used with other species & pig food additives, whole nerve & single fiber responses in chorda tympani & glossopharyngeal nerves, domestic pigs, 26466
taste stimuli humans describe as bitter, evoked activity & sensitivity responses of gustatory neurons from insular cortex, male macaques, toxicity implications, 13588

Taste Stimulation—Chapters

A two-phase model of the soothing taste response: Implications for a taste probe of temperament and emotion regulation, 20453

Taurine—Serials

taurine supplementation, pain sensitivity & autotomy, rats, 627

Taxation—Serials

tax communication & social influence & norms, British employed & self-employed taxpayers, 27124
tax practitioner's recommendation & probability of audit & severity of sanction, preference for advice & behavior, taxpayers, 33865
violation of dominance in horse-betting market & decision to defer tax & estimation of consumption value of gambling, 16175

Taxonomies—Serials

analysis & taxonomy of medically unexplained symptoms , 31047
attachments & affiliations in taxonomy of relationships, 1238
behavioral & physiological & verbal responses of social phobia subtypes, 18–35 yr olds with circumscribed speech phobia vs generalized social phobia with vs without avoidant personality disorder, 24322
categorization of whistle behavior using human observation vs computer methods, captive bottlenose dolphins, 9992
characteristics & categories of metaplay behavior, 2–5 yr olds, 7549
characteristics & categories of metaplay behavior, 2–5 yr olds, comment, 7534
characteristics & categories of metaplay behavior, 2–5 yr olds, comment, 7537
clarifications about taxons & taxometric method, application to diagnosis of psychopathology, 26265
classification & cluster analysis of parenting practices & their relation to demographic characteristics & reported child behavior problems, mothers of young children, 30338
classification & subpopulations of affective disorders, 26–63 yr olds, 8122
classification of deliberate strategies used for improving unpleasant affect, 17–55 yr olds, 20933
classification of instructional-learning episodes as instrument for assimilation of educational research into classrooms, implications for teacher training, 12654
clinical & neuropathologic overlap of Alzheimer–s & Parkinson–s disease & existence of common pathogenic mechanism for neurodegeneration & need for new classification, 5390
clinical classification of the psychopathology of suicidal intent, inpatient suicides in a large mental hospital, 37510
complementary & opposite qualities for classification & synthesis in personal differences & sex relatedness, 14329
compliance & resistance as behavioral responses to organizational structure & typology of individual behaviors in relation to structural conditions, employees, 6333
construction of efficient sequential identification schemes using batches of tests, 6543
correlation between J. L. Holland's typology & 5-Factor Model of personality & occupational interests, raters & 18–65 yr olds in university vocational counseling vs college students, 32732
Creativity Classification System as taxonomy of creativity used to develop creativity measures, youth, 1326
D. F. Benson's taxonomy & neurological & cognitive manifestations of alexia & agraphia, 15021
development & reliability of INTERMED, classification method for assessing health service needs, patients, 15477
development of staging systems for Alzheimer's disease based on Global Deterioration Scale & Mini Mental State Examination, 2047
development of typology of & cluster analysis of items measuring parent rated child behavior, 6–11 yr olds, 20576
effectiveness of interactive computer program using clip art to teach classification, experimental psychology students, 22419
empirical Bayes approach to Mantel-Haenszel differential item functioning analysis as defined by Educational Testing Service classification system, implications for computer adaptive testing, 19656
empirical findings & taxonomy of models & generalizations about how advertising works, 12936
English vs Spanish typology, propensity to use manner vs path verbs to describe motion events, adult speakers, 814
etiological classification system incorporating ICD-10 diagnoses based on time & mechanism of injury to CNS for patients with intellectual disabilities, physicians, Finland, 24639
family differentiation based on Family Adaptability and Cohesion Evaluation Scales—II, 27–82 yr old primary caregivers of 16–68 yr old family members with brain injuries, 31262
history of field studies & intraspecific variations in social organization & classification of local populations, Japanese macaques, Japan, 3787
ICIDH-2 classification of functional impairments & social consequences & disability following brain injury, 37845

identification of subgroups, crack cocaine abusing, African-American women , 37553
International Classification of Impairment, Disabilities & Handicaps & health related quality of life concept for assessing rehabilitation outcomes, conference paper, 5918
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary reply, 37694
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, 37695
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37693
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37697
item response theory model selection & misspecification on classification decisions made using computerized test, 19663
maximum covariance analysis of schizotypy construct measure robustness & latent taxonic structure, college students, 11423
multidimensional scaling & cluster analysis methodology use for information processing theory modeling & taxonomy & treatment development for schizophrenia , 30703
multivariate analysis of typology & correlates of child sexual abuse based on prevalence study data, reported cases of abuse of Swiss 14–16 yr olds, 34254
natural division of manic episodes into clinical types, depressed vs dysphoric vs euphoric presentations, inpatients, 14480
need for & factors affecting description & classification of mental health services across countries, Europe, 9120
overlap in categorization of chronic stressors & daily hassles, hospital employees, implications for stressor measurement, 31761
personality type & psychological reactance, college students, 17654
prediction of differential sensitivity to emotional states in personality taxonomies of H. J. Eysenck & J. A. Gray & R. C. Cloniger, college students (mean age 20.51 yrs), 37174
quantification of obsession & compulsion symptoms into harming & hoarding & contamination & certainty & obsessional subgroups, persons with obsessive compulsive disorder, 8167
Reference point logistic classification & pattern recognition, 26028
reformulation of temporal classification criteria for collaborative systems, 12941
relationship of biodata item attributes to validity & susceptibility to socially desirable responding, job applicants, 12813
review & classification & suggestions for treatment of antidepressant-induced sexual dysfunction, 8887
review & critique of models of disability & universalism & International Classification of Impairments & Disabilities & Handicaps, 20980
right shift theory of handedness classification in humans & relation to left cerebral dominance, implications for dyslexia & schizophrenia & autism, 448
similarities & possible integration of theory & classification & assessment & therapies of different scientific fields for psychosynergy in the study of personality, 27422
sociological perspective on use of & problems of interpretation with categories of natural & accident & suicide & homicide on death certificates, 1709
software tool CREWS-SAVRE for scenario generation & prediction of nonnormative system exceptions & taxonomies, 35778
strategic types & distinctive marketing competencies & organizational performance, 27–58 yr old managers of Finnish enterprises, 32431
subtyping of depression & treatment decisions, 2125
symptom occurrence of animal & blood-injection-injury & environmental-situational phobia subtypes, 7–19 yr olds, 30783
taxonomic vs functional information before vs after premise statement, facilitation of category-based coordinate inferences, 5.3–6.5 yr olds vs college students, 4435
taxonomy of conceptual models of adaptive vs nonadaptive individual differences in attachment & reproductive strategies, commentary reply, 17705
taxonomy of conceptual models of adaptive vs nonadaptive individual differences in attachment & reproductive strategies, commentary, 17708
taxonomy of conceptual models of adaptive vs nonadaptive individual differences, 17706
taxonomy of error types for failure analysis & risk assessment of human-computer systems, 9694
taxonomy of responses to anomalous scientific data, college students, implications for science education, 6142
theories & measures of vocational interests & personality & J. L. Holland's vocational typology , 32341
typology for divorce mediation, divorcing couples, 33779
typology of biological affects based on developmental-interactionist theory of motivation & emotion & cognition, 20049
typology of characteristics & mental disorders, 25–55 yr olds making false accusations of stalking victimization, 14694
typology of cognitive distortions & self beliefs, problem gamblers, 34305
typology of delayed & reactive & intentional murder responses & understanding & reasoning about their behavior, females (mean age 29 yrs) convicted or murder, 27912
typology of impression management & self-deceptive positivity as assessed by MMPI–2, child custody litigants, 29338
typology of psychological systems based in theological categories & application to D. Winnicott's object relations theory, pastoral care practitioners, 18765
typology of users of institutional respite care, caregivers & patients (aged 64–84 yrs), 1 yr study, 12471
utility & validity of etiological-weighted subtyping system for contribution of personality & anxiety & life events to disorder, patients with non-melancholic depressive disorder major depression, 1538
validation of Massachusetts Treatment Center Rapist Typology, therapeutic intervention implications, 14799
validity & clinical use of INTERMED, classification method of assessing health service needs, outpatients with back pain, 15430
validity of group task circumplex, dimensions of task typologies & degree of task requirement for member interdependence & consensus-building communication, college students, 17587
validity of RIASEC vocational interest typology & five factor personality model for prediction of employment status & nature of employment, college seniors, 1 yr follow up, 35593

Taxonomies—Chapters

Abilities, 12775
Axis I and Axis II: Comorbidity or confusion?, 22890
Categorizing homicides: The use of disaggregated data in homicide research, 6726
Clinician–Researcher: A way of thinking, 18232
Conceptual and methodological issues in dyslexia research: A lesson for developmental disorders, 30994
Conceptualizations of disorganization in the preschool years: An integration, 36871
The context and content of social identity threat, 30471
Descriptions of preschool children with disabilities or at-risk for developmental delay: How should a child be called?, 8032
Diagnostic coding of children with failure to thrive, 14931
Environmental taxonomy: Generalizations from research with older adults, 14107
Focus chapter: Research methods with families, 11025
Knowledges, 12773
Neuroanatomical correlates of the aphasias, 5428
Organizational context, 12769
Psychological perspectives on exceptionality, 27951
Self-mutilation, 8305
Signs of aphasia, 5427
The taxonomy of verbal behavior, 3411
Treating adolescent sex offenders, 34327
A typology of male batterers: An initial examination, 34325
The uniqueness of the parent–child relationship, 14169
Utility of current diagnostic categories for research and practice, 19362
Work context: Taxonomy and measurement of the work environment, 12905
Work styles, 12857

Tea [See Beverages (Nonalcoholic)]

Teacher Aides—Serials

supervisory training in systematic observation & feedback, data collection & teaching performances of teaching assistants, special education teachers, 17 mo study, 9395

Teacher Attitudes [See Also Teacher Expectations]—Serials

accuracy of perceptions of performance & talent & effort based on student's demographic group membership, junior high school teachers , 7853
attitudes & perceptions of roles & responsibilities of mainstreaming learners of English as additional language, class teachers of English as additional language pupils, 35464
attitudes & practices toward providing teaching & examination accommodations to students with learning disabilities, university instructional faculty, 35554
attitudes toward & grading practices for students with disabilities, 6th–8th grade regular physical education teachers, 2830
attitudes toward educational inclusion of students with mild disabilities, school principals & special education teachers, 28920
attitudes toward integration of adolescents with disabilities into school sports programs, interscholastic coaches, 2968
attitudes toward sexual abuse protection policies & work climate of increased suspicion, analysis according to M. Foucault's notion of surveillance, kindergarten teachers, New Zealand, 2 yr study, 19228
attributions for racism in schools, White elementary & middle & high school teachers in Midwestern school district, 32190
aural-diagnostic & prescriptive skills, evaluations for band performances of differing music-difficulty & performance-quality levels, preservice vs expert music teachers, 22402
awareness of potential child abuse allegations & effects on teaching environment, 24–67 yr old teachers, 35460
beliefs & expectations about former Head Start vs non-Head Start 1st graders' motivation & performance & future educational prospects, 1st grade teachers, 12643
beliefs & experiences, decision making concerning utilization of school based professional services, undergraduate elementary education majors & their mentor teachers, 9399
beliefs about goals for history education & perceptions of students & roles as teachers & classroom patterns, academic historians, 25712
beliefs about teaching & learning mathematics & ability to provide math instruction based on children's thinking, elementary preservice teachers, 12640
beliefs toward Problem-Solving Demonstration Classroom in-service program, in-service elementary school teachers, 19233
change in teacher attitude between 1982–1996, full-time primary school teachers at Church of England, 2834
changes in beliefs about intrinsic motivation in mathematics education before & after implementation of Realistic Mathematics Education curriculum, middle school teachers, 1 yr followup, 22411
characteristics & faculty assumptions & systems approach to instructional design of inclusive foreign language courses, college students with learning disabilities, 22549
Child Development Associate teacher education program, changes in attitudes toward children & teaching profession, 19–53 yr old female early childhood personnel, 28924
class & individual characteristics, perception & labeling of pupils as problem students, 4th grade teachers, 35529
classification of instructional-learning episodes as instrument for assimilation of educational research into classrooms, implications for teacher training, 12654
classroom environment, perceptions of science education project, 14–15 yr old secondary students vs science teachers, 6248
Comprehensive System of Personnel Development needs assessment survey, perceptions & inservice needs concerning inclusion of disabled students, state general educators & special education teachers, 26222
conceptions of high ability in egalitarian school system, teachers (mean age 47 yrs) in Sweden, 9398
conflicting parental & teacher & pupil perspectives on challenging student behavior, implications for educational policy-making & home–school relationships, 32294
coping issues in & teacher attitudes during educational mainstreaming, students with neuromuscular disease, 16016
data & attitudes & perceptions regarding University of North Dakota Institutional Review Board, activities regarding human Ss research proposals, university faculty & graduate students, 19683
death attitudes & ability to assist grieving students & views about completeness of teacher education in this capacity, 24–58 yr old teachers & other school workers, 19235
elements of mathematics teaching & learning viewed as problematic, preservice elementary teachers enrolled in field based mathematics methods course, implications for reflective thinking & authority, 22410
expectations on student learning of clinical skills in small group format curriculum, medical school faculty members, 2741
factors in attrition, secondary school agriculture teachers, Botswana, 15852
frequency & correlates of behavior problems in day care children, parent vs teacher ratings of 2–3 yr olds in low-income families, 11526
genetic influence on childhood hyperactivity & contrast effects, parent vs teacher ratings of twin pairs, 5054
H. Gardner's performance-oriented regimental approach to creativity in China, Singapore teachers with Eastern vs Western value orientations, 35461

hands-on highly manipulative mathematics methods course, mathematics attitudes, 21–49 yr old preservice elementary education teachers, 9402
history & impact of fragmented educational reform on issues of exclusion & inclusion & teacher & student views of counseling in schools, 12752
ideological & pedagogical resistance & sociotransformative constructivism for multicultural education & counterresistance, Anglo-European preservice science teachers, 6126
implementation of & attitudes toward teacher-based comprehensive AIDS education program, 7–27 yr old students, Uganda, 38922
information about subsidies provided by public vs private colleges, estimates of total cost & judgment of cost reasonableness, college students & elementary & secondary teachers, 38778
knowledge & perceptions regarding kindergarten & preschool programs for children with disabilities, early childhood special education teachers in Korea, 29031
literacy assessment & recording & reporting practices among teachers in Australian schools with diverse learners, 19314
meditation, perceived occupational stress & burnout & state/trait anxiety, 22–60 yr old elementary & middle & high school teachers, 16095
mental & physical & emotional factors relating to burnout & tenure & age, intention to quit, female teachers, Israel, 22626
mentoring, beliefs & attitudes & practices with regard to academically diverse students, preservice teachers, 25816
mother vs teacher vs self ratings of depressive symptoms, maltreated vs non-maltreated children, 5024
multiple perspectives on current classroom practice in global education, master vs practicing vs preservice teachers, 6125
occupational burnout & relation with attribution & attitudes & practices toward school behavior problems, elementary school teachers, 22398
opinions about & use of mental skills in teaching, 24–68 yr old junior tennis coaches, 19446
pedagogical practice & role attitudes & relationship, student teachers & their mentors, 6120
peer vs teacher vs self-perceptions, assessment of aggression & withdrawal, elementary school students (mean age 10 yrs 4 mo), 6253
perceived benefits & instructional impact upon student outcomes of alternative assessments of the Individuals with Disabilities Education Act Amendments, teachers, 29024
perceived effectiveness of strategies for improvement of home–school communication about homework for students with disabilities, general education teachers, 38890
perceptions of ADHD & conduct & oppositional & learning disorders in development of computer-based teacher training system, novice or experienced special educators & special school head teachers, 9397
perceptions of classroom management & strategies, junior high school teachers, 6231
perceptions of cluster grouping model for meeting education needs of exceptional students, teachers & parents of 10–15 yr old average & gifted or learning disabled students, 22421
perceptions of criteria related to employment & effective teaching & preparatory undergraduate coursework, secondary school teachers & undergraduate education faculty members, 22407
perceptions of culture & construction of mathematics curriculum & classroom & learning, teacher & 13 yr old students, 3 yr study, 28927
perceptions of effective performance of general & specific counseling functions of school counselors with vs without prior teaching experience, 22–64 yr old teachers , 25711
perceptions of ethical & unethical conduct on university campus & characteristics of ethical professors, male vs female university professors who teach ethics course vs those who do not, 28919
perceptions of factors that contribute to successful classroom environment, education majors vs experienced teachers, 22536
perceptions of impact of 1988 Education Reform Act & National Curriculum & associated policy & management changes on pastoral care & personal & social education, teachers, 12739
perceptions of importance & satisfaction assigned to job aspects, urban middle school teachers, 9404
perceptions of National Curriculum for higher ability learners, teachers in England & Wales, 2858
perceptions of parent-school relationship, elementary vs middle vs high school teachers, implications for school psychology practice, 35466
perceptions of physical educator education program in learning to teach, preservice teachers, 12636
perceptions of policy-driven competence-based Teacher Education Reform Programme in Zambia, teacher educators, 15849
perceptions of service-learning outcomes, faculty vs college students, 22461
perceptions of student affinity-seeking strategies, college students vs teachers, 2957
perceptions of teachers' knowledge level & skills in teaching individuals with physical & health disabilities, special education directors & teachers, implications for teacher certification, 9550
perceptions toward severity of potentially abusive situations & recommended interventions & child rearing practices, 23–58 yr old Palauan elementary school teachers, 17983
personal literacy history & views on literacy learning & instruction, student teachers, 6127
perspectives & experiences when working with inclusion students, 22–46 yr old paraeducators, 16008
predictive utility of traditional vs teacher-defined concepts of creative personality as related to creative performance, 3rd & 4th graders & their teachers, 32283
professional autobiographical memory & emergence of the fictive voice in the recreation of past educational practice, 19226
professor vs student perceptions of student propensity to cheat in academic cheating & other moral situations, college professors & students, 6105
ratings & explanations & perceptions of external factors influencing teaching efficacy, preservice (mean age 24.5 yrs) vs experienced teachers (mean age 37.5 yrs), 6121
ratings of withdrawn & sociable behaviors, elementary school teachers of 5–8 & 10–13 yr old students with vs without language impairment, 22552
reasons why evidence of student cheating is ignored by instructors, college psychology teachers, 2798

Teaching Machines—Serials

sharing of resources among universities in several places & Internet with use of videoconferencing in introductory cognitive science laboratory, class effectiveness & interactivity, college students, 25729

Teaching Methods [See Also Advance Organizers, Audiovisual Instruction, Computer Assisted Instruction, Directed Discussion Method, Discovery Teaching Method, Educational Field Trips, Experiential Learning, Group Instruction, Individualized Instruction, Lecture Method, Lesson Plans, Open Classroom Method, Programed Instruction, Team Teaching Method, Tutoring]—Serials

relationship between classroom practice & conceptions of biology & teaching science, prospective elementary science teachers, 22450
1st language influence & developmental stage of oral production & intensive ESL intervention, knowledge & use of English questions, native French-speaking 11–12 yr olds, 22464
achievement in college-level course, high school students with high vs low analytical &/vs creative &/vs practical ability placed in class that matched their pattern of ability , 22466
action-oriented research on higher-order cognitive skills-oriented teaching of organic chemistry, college freshmen & sophomores, 22472
active supervision during fitness instruction, physical activity levels, elementary school students & teachers, 2877
active vs passive peer tutoring vs teacher-mediated instruction, spelling performance, Black 1st graders at risk for school failure, 6153
actors trained to serve as clients in early counseling graduate work, beginning counselors, 28849
affirmational journal writing, scientific literacy, 8th graders, 35484
age & sex & teaching programs, changes in phonological & visual memory, kindergarten students, 7 yr study, 22430
age & teaching influences, astronomical explanations of seasonal changes, 3rd–9th graders, 9384
alternatives to traditional teaching approaches to motivate student responsibility for learning in accounting courses, student performance, graduate level business majors, 6169
at home teaching strategies to teach school-related knowledge & skills, 7–19 yr old siblings of 5.9 yr old Puerto Rican American kindergartner, 22470
attitudes & practices toward providing teaching & examination accommodations to students with learning disabilities, university instructional faculty, 35554
attitudes toward issues debated & performance & subjective evaluation performance in debates as method to teach psychology, students, 22425
beliefs toward Problem-Solving Demonstration Classroom in-service program, in-service elementary school teachers, 19233
benefits & challenges in use of interactive graphical representations systems in teaching & learning, 22458
benefits of making graphical representations interactive in context of teaching & learning, 22459
benefits of using specificity logic principle as criterion for choice of alternative graphical representations in teaching & learning, advanced-level high school students, 22432
card & board & simulation & other games & teaching of English as a foreign language, student teachers, 38795
characteristics & faculty assumptions & systems approach to instructional design of inclusive foreign language courses, college students with learning disabilities, 22549
childhood developmental issues in educational simulation game development & game model, 10–11 yr old students, 22452
children's games for use in management education & training & development, 22608
class size variation, teaching method alterations, middle & high school teachers, 35475
class size, time devoted to instruction vs administrative tasks & discipline, high school students & their teachers, 35490
classification of instructional-learning episodes as instrument for assimilation of educational research into classrooms, implications for teacher training, 12654
classroom & mentor approaches & authenticity in community-based language revitalization programs, California natives, 15873
classroom activity to address ageism & stereotypes about older adults, 9444
classroom demonstration of prevalence of different forms & vulnerability for contracting a sexually transmitted disease, 9451
classroom discourse & interaction in science education based on teaching goals, urban 6th graders, 19269
classroom exercises for use in consumer behavior & related courses, 32219

classroom intervention involving instruction in intellectual roles with vs without audience role assignments, engagement in science lessons, 4th graders, 15872
classroom newspaper as method of encouraging writing & improving writing skills, reluctant writers with & without disabilities, 38884
classroom-based practices supporting mathematical development, 3rd graders, 22422
cognitive developmental action/reflection framework & taxonomy for reflective practice with adult learners in teacher education, 32195
cognitive levels in teaching, adult vocational education program instructors, 22414
cognitive structuring of & preferences for top-down vs bottom-up sequences in verbal-pictorial learning material, male Armed Forces university students, 32176
collaborative education, social stereotypes & success of nurse–patient interaction in acute psychiatric setting, community vs undergraduate students, 38671
collaborative group vs traditional classroom methods of solving addition & subtraction problems & ability level, strategy change & execution of procedures, male vs female Primary 6 pupils, 22429
collaborative teaching model, consumer perspectives & satisfaction, students with vs without learning disabilities & their parents, 34457
collaborative teaching partnership for inclusion of special needs students, 29013
community-based & student-run health fairs as teaching methodology, 1st & 2nd yr medical students, 15726
computer simulation as method of teaching political coalition formation & mixed-motive negotiation & bargaining theory, 28931
conceptions about greenhouse effect, 11 & 12 yr olds, teaching implications, 32222
conceptualization & interpretation & enactment of environmental education in schools & communities & influence of socially critical theory, teachers & students, 22745
conflict resolution training & methodology & follow-up activities, personnel in nongovernmental organization in Angola, 22325
construction of pre & postlab concept maps, understanding of chemistry concepts in chemistry labs & achievement, 1st yr college students, 2915
consulting & teaching futures studies through the World Wide Web, 2879
contextualized vs word problem math instruction, problem-solving performance & computation skills, 8th grade remedial math students vs prealgebra students, 28930
cooperative-learning approach to teach critical thinking on paranormal events, college students in psychology course, 9450
course on gender roles inequality & female oppression & feminist theory & awareness of female issues, undergraduates, South Africa, 20782
creation & teaching of seminar on interface of psychology & theatre, undergraduate psychology & theatre students, 32224
critical language awareness intervention for teaching of direct & reported speech, critical reading ability, 11th graders, 6171
critical thinking disposition & locus of control, evaluation of teaching strategies, college students, 32287
curricular differentiation, learner responses to open-ended activities, gifted 3rd & 4th graders, 2992
delayed intermittent reinforcement & programming stimuli common to reinforcement conditions, maintenance of responding on math tasks, 4th graders with math deficits, 25810
description & analysis of teaching for conceptual change in 2 science methods courses at elementary & secondary levels, teachers, 22444
design of Simone Says, speech based functionally oriented interactions for teaching language, children with autistic spectrum disorders, 19352
design principles for problem- & project-based curricula for development & enhancement of learning, 5th graders, 9419
design-based modeling approach, understanding of biomechanics of human arm, 3rd graders, 9439
development & use of instructionally relevant writing evaluation system, middle school students with learning problems, 12721
dialect play exercise to teach local culture & functional & grammatical relations between local standard vs Creole, 19–35 yr old Venezuelan English as Foreign Language students, Trinidad & Tobago, 33756
didactic vs subjective discussion group educational teaching methods & psychotherapeutic techniques, 20–58 yr old inpatients with schizophrenia, 28284
direct advanced story map instruction, reading comprehension, 6th & 8th graders with learning disabilities, 19348
divergent thinking training & prior experience, creativity for promised reward, 5th–6th graders, 22433
drug education practices, middle school teachers, 19248
educational needs assessment & suitable educational approaches & environments & learning mediums, elderly individuals, 7622
educational use of computer robotics, teaching how artificial organisms simulate individual behavior & evolution of populations & systems, 22451
effect of presentation of instructional materials on working memory size, management of split-attention & redundancy in multimedia instruction, trade apprentices &/or company trainees, 32347
effectiveness & reactions to use of newspaper advice column letters as case problems in developmental psychology, 23–49 yr olds in master's program in counseling, 22327
effectiveness of conceptual vs procedural instructional approach to teaching decimals, 8th & 9th graders in remedial mathematics, 16019
effectiveness of constant time delay procedure in teaching leisure skills, 19.9–21.8 yr old male rural public school students with severe or profound developmental disabilities, 38912
effects of structured reading comprehension technique of reciprocal teaching, postsecondary students at risk for academic failure, 9477
elaborative interrogation vs self study learning strategy & unfamiliarity vs familiarity with subject & individual vs paired study, learning & memory, 10-12 vs 14-16 yr olds vs college students, 32243
enrichment of verbal accounts of history of psychology through use of illustrated books & slides & videotapes as teaching methods , 28834
evaluation of teaching strategies & setting & technology of distance education course, instructor & college students (mean age 40 yrs), 38814
experiential workshop vs conference, attitudes & anxiety & depression toward death, 18–34 vs 35–59 vs 60–75 yr olds, 35470
explicit teaching about biases in cognitive reasoning & introduction of Bayes' theorem, clinical reasoning & diagnostic skills, 4th yr medical students, 28863
explicit training in asking critical questions, college students in abnormal psychology class, 9432
feminist approach to teaching theory use, counseling psychology graduate students, 12585
findings of a complex study of a science teacher education program, 22438
forensic psychiatry instruction using problem-based learning method, psychiatric residents, 15757
framework for advancement & support of developmental & conceptual understanding of mathematics, 1st grade teachers using Everyday Mathematics curriculum, 19245
framework for analysis of team functions & concepts of tactics vs strategy in teaching sport and games, 12909
generation of summaries vs diagrams during science text reading vs reading alone, understanding of concepts & spatial/static & causal/dynamic aspects of science domain, 5th graders, 12658
grouping format during instruction, reading outcomes, students with disabilities, 15998
guided participation or observing an adult modelling correct solution or working alone, ability to balance unevenly weighted beams, 4–7 yr old who held a centre theory, 28942
guidelines for technical support staff & faculty in implementation of computing technology in curriculum, 19253
H. Gardner's performance-oriented regimental approach to creativity in China, Singapore teachers with Eastern vs Western value orientations, 35461
hands-on highly manipulative mathematics methods course, mathematics attitudes, 21–49 yr old preservice elementary education teachers, 9402
implementation of learner-centered learning goal exercise in office-based primary care clerkship, 3rd & 4th yr medical students, 22336
importance of matching motivation & capabilities in regular & remedial personalized classroom instruction, students with & without learning difficulties, 38908
importance of teaching & activities to teach psychology students to be good consumers of research problems & questions, 32238
in-class simulation to experience matching phenomenon & issues of mate selection & social exchange & related psychological concepts, students, 22434
influence of housestaff teaching during third-year internal medicine clerkship, performance on clerkship examinations, highest vs lowest rated medical students, 2753
influential experiences on development of professional knowledge within context of reflective science teacher education, female preservice elementary teacher, 19225
inquiry vs reflective instruction, acquisition & transfer of Logo computer programming knowledge, 2nd & 5th graders, 15878
instructional components & direct vs strategy vs combined strategy & direct vs nondirect & nonstrategy instructional models, prediction of effect sizes of treatment outcome, learning disabled students, 35553
instructional methods to recognize opportunities & obligations of consultation roles & systems, occupational therapists, 9318
instructional modeling, acquisition of word meaning from context, less-skilled 5th & 6th graders, 25769
instructional treatment, cognitive processes involved in comprehension problem detection in revising & writing comprehensive texts, 6th graders, 15882
integrated reading & writing approach to teaching compare–contrast text structure composition, students with & without learning disabilities , 12719
integrated social & cognitive strategy instruction, mathematics achievement, 7th graders, 25727
integrating statistics & problem based learning & computerized data analysis, case study of 2-term university course, 25726
interactive vs didactic methods of teaching HIV risk assessment interview skills, medical residents, 5270
interdisciplinary approach to teaching course on psychology of aging, college students, 12671
IQ, individual differences in memory ability & test performance, 15–16 yr olds, implications for teaching methods, 32242
issues centered instruction in world geography class, low achieving 9th graders, 6159
knowledge about & attitudes toward writing process instruction approach, students in Grades 4–8 with learning &/or language disabilities, 35552
learning & teaching in synchronous collaborative environment, teachers & undergraduate & postgraduate students, 25733
learning & teaching M. Klein's theories of child psychoanalysis, 9335
learning goals that allow 10–11 yr old students to engage in conceptual change learning, female teacher, 1 yr study, 9420
learning potential of text vs outline vs matrix displays, college students, 38801
lecture-based distance education supplemented by individual study vs interactive multimedia vs cooperative learning, knowledge of lecture material & enjoyment of experience, college students, 12647
legibility & speed of handwriting, 4th & 5th vs 7th & 8th grade students exposed to traditional vs whole-language instruction, 28936
life span developmental approach to teaching adult development course, college students, 12656
line drawing portraits vs interactive illustrations of mnemonic keywords, recall of music history, 6th graders, 6140
literature logs &/vs instructional conversations, story comprehension, teachers & limited-English vs English-proficient 4th & 5th graders, 15892
major & scores on sequential-random & concrete-abstract continua of Gregorc's cognitive style delineator, preferences for teaching methods & testing techniques, college students, 32299
master class inclusion & sequencing strategies, cognitive & academic gains, academically-challenged male 6–7 yr olds, tests of Piagetian theories of cognitive development , 32218
maternal education & teaching behavior & beliefs & context, child's test performance on memory task, African American mothers & their 4-yr-olds, 36979
mentoring, beliefs & attitudes & practices with regard to academically diverse students, preservice teachers, 25816
metacognitive training, mathematical problem solving, 7th graders, 19256
method for integrating psychoanalytic concepts into psychiatric education of medical students & internal medicine trainees, 22343
methods of teaching of Shakespeare in secondary schools, teachers, 6135
mnemonic & traditional instruction, recall of difficult to memorize multiplication facts, elementary & middle school students with learning disabilities, 35546
model for teaching psychoanalytically oriented psychotherapy & power of unconscious to medical students, 22326
model of teaching argumentative writing & role of evidence, middle & high school students with & without learning disabilities , 12720
model progression vs assignments as support for computer simulated oscillation, definitional vs intuitive knowledge, 1st yr physics students, 6164
narrative account of teaching students to gather research on homelessness in locales of rural Iowa, 10964
nature & importance & teaching strategies to facilitate metacognitive development, children , 7396
number sense concept in mathematics instruction for students with mathematical disabilities, 19349

participation in Arrows workshop to explore critical strategies for teaching during outpatient care, choices of more learner-focused teaching strategies, medical school faculty members, 2772
participation in constructivist-based graduate science methods course, knowledge of science & science pedagogy, elementary & middle school science teachers, 2835
peer-assisted tutoring & learning strategies for preventing reading failure, 1st grade readers, 15884
perceived challenge of learning environment & perceived control, academic achievement motivation, at risk 12–16 yr olds in nontraditional school environment, 19295
perceptions of cluster grouping model for meeting education needs of exceptional students, teachers & parents of 10–15 yr old average & gifted or learning disabled students, 22421
perceptions of interpersonal behavior of in-service teachers in whole class vs individual setting, students vs judges, 6250
personality trait-based term paper assignment for personality courses to foster critical thinking skills, 22439
perspectives on & suggested approach to psychology course on hate crimes, college students, 12651
perspectives on methods of teaching of history of psychology, college students, 12652
philosophy & structure & content & suggested strategies for design of instructional strategies for students with visual & multiple impairments, 2970
philosophy for designing introductory courses & thematic modules in computer-mediated learning network, 35486
phonics teaching method & acquisition of body-coda and onset-rime segmentation reading, speed of intact vs segmented pseudoword naming, 1st grade native-Dutch speakers with good vs poor reading skill, 32212
phonological awareness training with or without attention to articulation & manipulation of sounds, learning, 7–11 yr olds with reading difficulties, 16018
phonological awareness training with vs without written letter training, reading skill & word identification, 32205
predicting quality & evaluating learning & usability heuristics & synergy in educational software, classrooms, 32237
proactive vs retroactive demonstrations of signed alphabet, learning of signed letters, adults, 13358
problem-based community-oriented curriculum vs traditional lecture-based curriculum, attitudes toward community medicine, first vs final year medical students, 35433
problem-based learning, affect tolerance, medical students, 15731
problem-based vs lecture based learning in pharmacology course, university medical students, 15857
problem-solving approach to teaching community psychology, 21–40 yr old graduate students, 32119
process for developing leadership skills in group settings using transformational leadership model, gifted 4th–6th graders, 35565
progression of simulation/games through human development & suggestions for adult training, 20431
progressive writing techniques in discussion of course material illustrated in popular movies, students in introductory psychology course, 32217
psychometric characteristics & practicality of concept mapping as technique for classroom assessment, college students, 19255
qualitative & quantitative analysis of verbal protocols & thoughts while teaching, experienced ESL teachers, 22403
readers' theater, oral reading fluency & confidence, elementary school students with reading problems, 19356
reading instructional practices taught in a professional development experience, implementation & modifications & factors that influenced sustained use of practices, teachers , 35465
reading strategies & development in skills based vs whole language classes, low income 1st graders, 19297
reciprocal peer coaching, change in conduct of student pair activities & social interaction, kindergarten teachers , 38802
reflexive processes in rich mathematics learning environment, grade 9 students, 22511
reform in mathematics & remedial techniques, learning disabled children, 16000
relationship between classroom practice & conceptions of biology & teaching science, prospective secondary science teachers, 22443
relationship between cognitive styles & instructional preferences, 18–58 yr old business studies students, 38879
rhyme vs orthogonal vs diagonal training conditions to name pictorial stimuli, functionality of verbal behavior in equivalence class formation, 18–40 yr olds , 19860
role as instructional change agent in teaching of inquiry during practicum, student teachers, 32194
role playing exercise to enhance student interest & stimulate discussion on insanity defense & related psychological topics, students in introductory psychology course, 32211
science class experiences with inquiry learning, middle school students, 9433
science information presentation in learning cycle vs traditional text passage, concept comprehension, 13.3–18 yr old 9th & 10th graders at different reasoning levels, 12665
science teaching based on inquiry approach & concept substitution strategies, cognitive & affective changes & evolving conceptions of heat & temperature, male 11th grader, 12659
scientist-practitioner model, didactic teaching materials linking assessment & case conceptualization & intervention, counseling psychology students, 38692
secondary agenda in classroom activities to increase students' awareness of their assumptions & biases, 32235
segmentation vs whole word training, acquisition of word-recognition skill, fast vs slow namer second graders with poor reading skills, 21399
semantic analysis of graphical representational systems use in logic instruction, 22465
semiotic perspective of algorithmic vs experiential educational simulation games & play, 22454
sequential application of reading interventions including reward, oral reading fluency, 6–12 yr olds referred for reading problems, implications for reading intervention components, 15862
service learning perspective to teaching research in community psychology, undergraduate students, 22441
silent run-through teaching method, skill acquisition & problem solving ability, medical students, 15721
simulation in language learning & English as a foreign language field, 6148
simulations vs games & informal dramas as educational technique & practice of decision making & communication skills, secondary school students, 6149
Skilled Group Counseling Training Model, group counseling skills, 25–60 yr old counselors-in-training, 25621
social work educators & teaching social group work & role of students' opinions, 9314
sociocultural psychology & service-learning as teaching method for developing critical thinking, college students, 22442
spelling skills, third grade children taught through whole language instruction vs phonics program, 9422
strategies for teaching & learning writing, commentary, 15829
structured materials for independent learning vs conventional teaching methods, 3rd-yr undergraduate medical students & tutors, 35393
student centered & narratively based reflecting team model for case teaching in business education, 38975
student decision making & learning in inclusion style of teaching, 5th graders, 2848
student design of hypermedia document as tool for classmate learning & development of critical standards, 6th & 7th graders, 2 yr study, 9425
students' learning activities & teacher regulation of students' learning & thinking & congruence & friction between these modes of control, implications for process-oriented teaching, 19316
suggestions for course activities & instructor & student resources related to family gerontology education, 12646
teacher style of interaction, engagement & participation, 17–71 mo old preschool children with disabilities, 22551
teacher style of interaction, engagement & participation, 17–71 mo old preschool children with disabilities, 22555
teacher training in proactive classroom management & interactive teaching & cooperative learning, student's classroom involvement & achievement & bonding to school, 5th & 6th grade teachers, 2843
teacher use of humorous literature to motivate children's reading, 6151
teachers' instructional strategies & self-report of involvement in mathematics, 5th–6th grade students in high vs low involvement classrooms, 9531
teaching behaviors & verbal cues used during basketball training, coach J. Tarkanian, 25957
teaching behaviors before vs after intervention to promote critical thinking in physical education, public school physical educators, 12634
teaching method of case discussions, cognitive growth in elementary educational game class, elementary students & preservice physical educators, 2847
teaching money skills, individuals with mental retardation, implications for research & practice, 35540
teaching strategy & assignment design to establish good practices in citing & using Web-based resources, undergraduate students, 19266
teaching styles & learning mode preferences & world views & demographics, technology-using teaching educators, 2837
teaching with traditional textbook & lesson discourse, definitions & explanations of astronomy concepts after 2 mo & 4 yrs, 5th graders, 2857
thinking mathematically as critical thinking approach to understanding & teaching mathematics , 22424
time-related vs work arrangement vs school organization variables, within-school differences in sense of community, high school teachers, 32196
traditional didactic vs open project based mathematics teaching models, mathematics learning & transfer, Year 9 high school students, 3 yr longitudinal study, 6137
traditional vs new standards for mathematics teaching, mathematics growth & achievement on traditional tests, middle & high school students & teachers, 6100
training aimed at teaching how to shift between explicit & implicit modes of coordination & strategy selection, team coordination during high stress & workload conditions, naval officers & civilian, 27282
training in visual vs audiovisual modality, learning concept & manipulation of numbers, 4–5 yr old preschoolers, 15889
tutorials in musculoskeletal examination techniques for arthritis taught by patients vs rheumatologists, competence in examination skills, medical students, 38679
use of additional interspersed mathematics word problems in assignments, perception of difficulty & homework assignment preference & accuracy, high school mathematics students, 25744
use of argumentation to resolve student disagreement & interrelationships among context & student learning & teaching during group discussion in mathematics class, 2nd grade teacher & students, 19271
use of cardboard & modeling clay to teach statistics to blind college student, 22553
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds, erratum, 32306
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds , 25812
use of co-therapy with reflecting mirror as supervisory tool, master's & doctoral students in marriage & family therapy, 9437
use of cooperative learning methods in heterogenous social studies & science classes, urban 9th & 10th graders & teachers, 6160
use of diacritical marks in Reading For Sure intervention, primary & secondary school children with learning difficulties, 18 mo follow-up, 16002
use of ethnic identity development typology as framework in discussions of young adult multi-ethnic literature, graduate students, 6154
use of ethnicity in lesson planning & implementation, female Mexican-American student teachers, 32198
use of faculty development center-based psychological consultation for instructional change, university departmental faculty members & students, 22408
use of Gambler's Fallacy to teach misconceptions about random processes & their effect on statistical interpretations, students in introductory statistics class, 32233
use of incompatible solutions to representations of same problem to raise awareness of inconsistent reasoning via infinite set activity, mathematically talented secondary students, 19268
use of irony in teaching history of psychology, 32240
use of metaphors to introduce concept of hypertext as cognitive tools, degree of knowledge about semantic relations & structures, 7th graders, 32204
use of trainer who repeated targeted labels & asked questions & rewarded attempts at label with object, facilitation of vocal learning from videotapes, grey parrot, 19951
use of video instructional materials & projects in teaching undergraduate gerontology course, 28948
use of World Wide Web as computer assisted teaching method & medium vs lecture method for economics, educational quality at university level, 28929
utility & ethics of using student-led interviews of females & contribution of research with vs on students to feminist social psychology, commentary, 14225
utility & ethics of using student-led interviews of females & contribution of research with vs on students to feminist social psychology, 14227
validity of Efficacy-Based Change Model regarding internal processes toward educational innovations, practicing teachers, 32192
validity of Problems in Schools questionnaire, assessment of motivation & characteristics & behavior & autonomy support, teachers, 32232
verbal vs visual mediation training, problem-solving skills, 8–12 yr olds with partial vs unimpaired sight, 8697
videotapes of counseling sessions vs role plays with mock clients, self efficacy, students in prepracticum counseling classes, 28846

views on methods used to teach writing, 1st grade teachers using analytic vs global teaching methods, 15858
visuospatial ability & textbook instruction vs object manipulation & visual imagery, transformational geometry performance, 7th & 8th graders, 32220
WISDOM project, training in informatics in collaborative virtual classroom, primary care professionals, 22330
word identification & grapheme substitution passage & cloze procedure word recognition tasks, 2nd graders from whole language vs phonics/skills-based classrooms, 6172
writing assessment rubric as effective teaching strategy, deaf 5th & 7th grade students, 16015
Teaching Methods [See Also Advance Organizers, Audiovisual Instruction, Computer Assisted Instruction, Directed Discussion Method, Discovery Teaching Method, Educational Field Trips, Experiential Learning, Group Instruction, Individualized Instruction, Lecture Method, Lesson Plans, Open Classroom Method, Programed Instruction, Team Teaching Method, Tutoring]—Books

Teams—Serials
application of concepts & principles & skills of small group social work to youth & other athletic teams, 16165
appreciative inquiry with new & ongoing teams, team members, 3052
assessment of software team formation & decay, software development teams, 19429
attitudes towards & perceptions of teamwork & team processes, health personnel & other professionals serving on teams supporting people with developmental disabilities, 29117
characteristics of transformational & transactional leadership skills, mental health team leaders, 32132
collective efficacy, team performance & coordination processes, college students, 37073
computer-based networked collaborative knowledge mapping system, assessment of team processes & outcomes & teamwork skills, 9th grade student teams, 26223
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), commentary, 30412
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), 30414
core capabilities of learning organizations & rapid team learning as demonstrated by Team New Zealand America's Cup campaign, 22664
corporate ideologies & confidentiality issues in working in multidisciplinary teams, counselors in general practice settings, 31445
crew resource management training, teamwork skills & behaviors, naval aviators, 29175
development & factor structure & reliability of measure of employee identification with work group, employees, 16122
development & psychometric properties of short version of Team Climate Inventory, evidence of 4-factor structure of team climate, social & health care personnel, 22922
development & validation of performance dimensions in designing a team-based performance evaluation system, 26–56 yr old actively involved organization team members, 3066
development & validation of selection test for staffing work teams, production employees in pulp mill & box plant, 22590
development of empowered teams, work teams in 4 business organizations, 12826
differences in knowledge requirements for interdisciplinary problem solving in advanced manufacturing technology environment, design & manufacturing & marketing personnel, 12944
differential & accurate utilization of staff input in decision making teams, leaders, 16143
distributed team planning, U.S. Department of Defense, 35656
distributed vs massed practice schedule & short vs long term retention interval, learning in multiplayer decision making task, 2-person teams, 6317
diversity & task conflict & emotional conflict & task routineness & group longevity & group performance, work team members & their managers, 19407
effectiveness of interdependence–conflict model & task & person conflict in positive goal interdependence & decision-making, 24–58 yr olds in management teams, 22604
effects & timing of developmental peer appraisals, relationships & task focus in self-managing work groups, undergraduate vs graduate college students, 11112
effects of corporate organizational culture practices of "family" & "team" on total quality management, employees, 12863
efficacy of interdisciplinary health care & human service teams, 35191
enhancing effectiveness of research teams operating within ethnic-cultural communities, 6731
event based training & distributed team training, performance measurement, Marine Corps & Air Force & Army personnel, 25977
event-based approach for training team problem solving skills, scenario design with teams, implications for technology & computer-based assessment, 26404
factors in perceptions of procedural & distributive justice & fairness of work group incentive pay plans, production employees , 9606
family therapy-grounded theoretical perspective of self-managing team perceptions & performance, 18–58 yr old members of self-managing teams, 22666
framework for analysis of team functions & concepts of tactics vs strategy in teaching sport and games, 12909
group intervention strategy to facilitate work team effectiveness, case study of semigovernmental health & social service organization in Central America, 12862
groupthink & team activities & performance, organizational teams faced with impending crises, 22592
health promotion teams for improvement of psychosocial work environment, factory workers (mean age 43.1 yrs), 12894
individual goal orientation & motivational team climate & perceived sport competence & league structure, 10–17 yr old soccer players, 27073
individual team perspective on home advantage in winning percentages, application of National Hockey League data, 1974–1993, 19444
interactional patterns, dysfunctional work teams, 29137
interprofessional negotiations toward control of clients & dilemmas in negotiations, interdisciplinary teams, 11985

model of psychological safety perceptions & learning behavior, work teams, 32387
multidisciplinary teamwork with elderly patients with hip fracture, hospital staff, 15431
networked simulation in assessment of problem solving by military tactical teams, 26078
nursing interventions & patient care in rehabilitation teams, nurses & cardiac patients & caregivers, 15426
organizational change & teamwork in health care & higher education, 16136
organizational perspective & issues in research on behavior of teams embedded in organizations, 12871
participation in small interdisciplinary group, perceived opportunities & constraints of teamwork, health professionals from various disciplines, 32145
perceptions of help with mental health & personal & social problems received from community mental health team, 16–64 yr old clients, 12–18 mo followup, 5856
perceptions of multidisciplinary treatment teams, nurses, 15798
performance barriers & work group effectiveness & problem-management actions/strategies, group members & foremen & managers of maintenance & construction road crews, 22599
perspectives on multidisciplinary rehabilitation team & professional roles within team, multidisciplinary psychiatric rehabilitation service users (mean age 40 yrs), 19039
preliminary development of computer-based team decision making & problem solving performance assessment simulation, 14254
prescribed & proscribed group norms in sports teams for practices & competitions & social situations & off-season, 14–25 yr old athletes, implications for sports team dynamics, 25967
problem-solving teams & productivity in an aluminum manufacturing plant, 15 yr study, 35609
relationships among dimensions of & key success factors for effectiveness, self-managing work teams in insurance & telecommunications service organizations , 35621
reliability & validity of Team Player Inventory, measurement of positive predisposition toward organizational team-working environments, 19–70 yr olds, 19419
simulation game used to enhance negotiation skills in industrial relations & team building settings, 9586
situational self-handicapping & goal orientation & team motivational climate, 10–17 yr old soccer players, 33589
structuring effective research teams for conducting drug prevention research with minority populations, 9223
student centered & narratively based reflecting team model for case teaching in business education, 38975
tactical team resource management processes & performance-related behaviors, simulated combat mission training performance, Special Operations Forces MC-130P aircrews, 6377
task interdependence & outcome interdependence, team member effectiveness, engineering employees, 19433
team building, job performance, meta analysis, 22670
team development intervention for dysfunctional team behavior, child sexual abuse personnel, 25617
team meetings in rapid-turnover ward & stages of group development, staff & patients in inpatient psychiatric ward, 9201
team performance model based on team competencies & identity & planning & decision making & self-management, 20840
team personality elevation & diversity, job performance of teams, 19–56 yr old retail assistants , 12814
team quality, home game winning percentage, female basketball teams, 35705
teammates vs individuals & implicit vs explicit instructions & shared vs remote terminals, performance in complex computer-based research task, 17–34 yr old training team members, 30417
teamwork in NHS community trust, health personnel, 15507
theoretical schools of organizational action learning practice & responses to hypothetical case of 1st visit by company manager to self-directed work team, 29138
training aimed at teaching how to shift between explicit & implicit modes of coordination & strategy selection, team coordination during high stress & workload conditions, naval officers & civilian, 27282
trust & distrust & uncertainty & risk perceptions, use of new information technologies & control of information flow, work groups in American corporations, 39000
use & effectiveness of & factors affecting team cohesion strategies, sport coaches, US vs Australia, 39015
use of cognitive ability & job-related skills & personality traits to predict work team effectiveness at individual & group levels, human resource representatives, 22597
use of computer technology to enhance teamwork & productivity, 3054
use of teamwork in cardiopulmonary resuscitation, nursing personnel, 15419
way of relating among pygmies of African rain forest as paradigm for high performance work teams, organizations, 12866
work values & perceived similarity & team–member & leader–member exchange relationships, dormitory hall directors & resident advisor teams, comment, 11122
work values & perceived similarity & team–member & leader–member exchange relationships, dormitory hall directors & resident advisor teams, 11111

Teams—Books

Building teams and programs for effective psychiatric rehabilitation, 5999
The discipline of teamwork: Participation and concertive control, 38984
Making decisions under stress: Implications for individual and team training, 3152

Teams—Chapters

Advanced technology in scenario-based training, 3155
Critical thinking skills in tactical decision making: A model and a training strategy, 3157

impact of human resources management & human factors on information technology assimilation & success, Asia , 12937
indigenization of practice knowledge in alcohol treatment center, social workers, India, 28702
influence of computer technology on families across life course, 12992
interdisciplinary innovation in psychoeducational multimedia technologies, 3
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, implications for diagnosis & classification of breast neoplasms, 38482
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, 12403
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, implications for diagnosis & treatment of pseudodisease, 38508
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary reply, 38481
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, 38512
issues in integration of Internet-based web site distance vocational guidance opportunities with resources & services provided by existing career centers, 16053
issues relevant to evaluation of interactive health communication applications, health care consumers & professionals & purchasers & software developers & policymakers, 12275
literary examination of electronic meeting system technology, organizational groups, 22665
masculinity & femininity & perception of technology to be masculinized & significant others who use computers & introducer of technology, computer anxiety, 18–53 yr old college students, 2934
model for understanding receptivity to technological products based on predispositional & need & social support factors & level of concern, 65–84+ yr olds, 25997
morphing techniques to manipulate 2-dimensional human face & 3-dimensional human head images, 25999
perceptions of computerized information technology, government health personnel, 3207
problem-solving performances in inferential reasoning mode in electronic circuit troubleshooting task, novices vs experts, 19796
role of philosophy & science & technology & intuition in study of verbal behavior, 33546
role of technology in facilitation of codification & conversion & management of knowledge, organizations, 38936
simulation games as experiential environment for decision technology, 15906
simulation modelling techniques in study of technological innovation, 26290
sociocultural analysis of perspectives on teaching controversial science–technology–society topics, teachers, 15885
spatial abilities & spatial activities, male vs female technology vs social science college students, 3478
teaching strategy & assignment design to establish good practices in citing & using Web-based resources, undergraduate students, 19266
technological changes & computerization, work processes & organizational hierarchy & changes, government agency staff, 32402
technological hierarchy, brand extension evaluations, undergraduate business students, 39023
technological innovation & cognitive & measurement science in improvement of large-scale educational assessments & admissions testing, 36032
technology & science & advertisements, discourse of wound care management, nurses & patients, 38499
technology acceptance model in attitudes to computing technologies, college students, 35738
technology transfer of Network Therapy vs treatment as usual, patients with cocaine abuse, 15625
trust & distrust & uncertainty & risk perceptions, use of new information technologies & control of information flow, work groups in American corporations, 39000
use of computer technology for facilitation of culture learning in foreign language education, 38808
use of computers & computer technology in undergraduate classroom, 19241
use of gene chips & expression array technology in methodology for study of genes & mRNAs under various physiological & pathological states, implications for biology & neuroscience & psychiatry , 13165

use of simulation games to promote organization learning for employees involved in organizational or technological changes, employees from process industry, 9632
uses of Internet in undergraduate classroom, students, 19252
Technology [See Also Nuclear Technology]—Books
Content-based college ESL instruction, 38820
Emerging information technologies: Improving decisions, cooperation, and infrastructure, 32460
The invisible computer: Why good products can fail, the personal computer is so complex, and information appliances are the solution, 6413
Technology [See Also Nuclear Technology]—Chapters
Advanced technology in scenario-based training, 3155
Group support systems, power, and influence in an organization: A field study, 32465
Human–computer interaction: The psychology of augmented human behavior, 22724
Information management in behavioral healthcare, 38667
Intelligent organizations?, 25932
Knowledge work productivity: Features and functions of information technologies, 32461
Popular beliefs, media, and biotechnology, 17179
Psychiatric rehabilitation technology: Operationalizing the "black box" of the psychiatric rehabilitation process, 5920
The role of information technology in the future of content-based ESL instruction., 38766
Software and hard choices: Ethical considerations in the facilitation of a sociotechnical system, 6339
Special technology for the next millennium, 38591
System safety—An emerging field for I/O psychology, 16159
Teachers as peer learners: Professional development in an advanced computer learning environment, 19236
Technology in executive learning, 32363
User-oriented design analysis of a virtual environment training system, 22734
Utilizing technology for the inclusion of individuals with mental retardation, 24642
Teenage Fathers [See Adolescent Fathers]
Teenage Mothers [See Adolescent Mothers]
Teenage Pregnancy [See Adolescent Pregnancy]
Teenagers [See Adolescents]
Teeth (Anatomy)—Serials
electroacupuncture, physiological stress correlates of toothpulp stimulation, female rats, 20237
mood & coping & acute dental pain, thermal pain onset & tolerance, male vs female dental patients (mean age 35.6 yrs) experiencing pain due to acute irreversible pulpitis, 37745
reduced mastication by cutting off upper molars, spatial learning & memory & hippocampal neuron density, aged senescence-prone mice, implications for senile dementia risk, 23339
unclipped vs partially clipped vs fully clipped needle teeth, facial injury & suckling performance & competition & body weight & suckling position & future weight gain & death, 3–14 day-old piglets, 33158
Teeth Grinding [See Bruxism]
Tegmentum [See Also Periaqueductal Gray]—Serials
agonists vs antagonists of adenylate cyclase vs protein kinase A in ventral tegmental area, amphetamine induced long term sensitization and locomotor behavior, male rats, 20374
apamin & d-tubocurarine as small conductance calcium activated potassium current blockers, action of ethanol on dopaminergic ventral tegmental area neurons & ethanol reward, 26742
bilateral hippocampal lesions, reward thresholds & maximal response rates during ventral tegmental electrical self-stimulation, male rats, animal-motivation model, 13553
bilateral NMDA lesions of the pedunculopontine tegmental nucleus, anxiety & learning in delayed nonmatching to position task, male rats, 486
chronic ethanol consumption, ventral tegmental area electrical activity & striatal & cortical dopamine release, male mice made physically dependent on ethanol, 4098
chronic low dose diisopropylfluorophosphate, neurochemical changes in the pontomesencephalic tegmentum, rats, implications for role of cholinergic neurotransmission in behavioral state control, 36410
cocaine vs cocaine analog WIN 35,065-2 vs dopamine reuptake inhibitor GBR 12909 in ventral tegmental area, behavioral sensitization, rats, 7258
dorsolateral tegmentum lesions, sociosexual behavior, male rats, 3846
effects of microinjection of D2 dopamine antagonist raclopride into ventral tegmental area, ethanol & sucrose self-administration, male Long-Evans rats, 13809
functioning of ventral tegmental area & dopamine production system in psychobiological threshold model of individual differences in incentive motivation & extraversion, 24 comments & reply included, 27363
inhibition of mesoamygdala dopaminergic pathway with D1 or D2 antagonists vs agonists, Pavlovian conditioned fear, male rats , 36593
maturation of couplings between septal & hippocampal & ventral tegmental regions & extinction of, learned behavior, rats, 36441
mecamylamine in ventral tegmentum, nicotine withdrawal & dopamine output in nucleus accumbens, male rats chronically treated with nicotine, 33213
microinfusions of opioid subtype-selective agonist & antagonist into ventral tegmental area, self administration of cocaine, rats, implications for role of mu opioid receptors in cocaine reinforcement, 10554
opioids, glutamate-mediated transmission in ventral tegmental area during morphine withdrawal, rats, 26812
organization of projections of amygdaloid body & ventral tegmental area & substantia nigra to medial & lateral nucleus accumbens, adult mongrel dogs, 7048
orphanin FQ administered to intraventral tegmental area, cocaine induced hyperlocomotion & sensitization, male rats, 26824
Pavlovian differential fear conditioning with aversive CS, excitation vs inhibition of ventral tegmental dopaminergic neurons assessed electrophysiologically, female rabbits, 13543
pedunculopontine tegmental nucleus lesions, level of incentive value of reward & reward strength differentiation & response to changes in reward strength, male rats, 29837
progesterone receptors & glutamic acid decarboxylase & GABA-2 & dopamine receptors in ventral tegmental area, lordosis expression, female Long Evans rats, 33204
properties of excitatory synapses on ventral tegmental dopaminergic & GABAergic cells & long term potentiation, rats, implications for drug dependency, 20075
role of opioid receptors within dopamine-innervated nucleus accumbens & ventral tegmental area in ventral pallidum self stimulation, rats, 727
tetrahydropapaveroline in ventral tegmental area, dopamine & its metabolites in nucleus accumbens, high-ethanol-preferring rats, 23557
ventral tegmental area–nucleus accumbens pathway lesions, behavior & biochemical functioning & short- & long-term regenerative capacities of dopaminergic neuronal axons & cell bodies, rats, 29869
Telecommunications Media [See Also Radio, Telephone Systems, Television, Television Advertising]—Serials
effectiveness & impact of & management issues in home-based work, organizations & telecommuting personnel, 29051
evaluation & design & use of multimedia educational software & Internet technology, traditional classroom vs asynchronous learning environments for postsecondary computer-assisted continuing education, 28932
feasibility of telepsychiatry system to link psychiatrists to patients at rural community mental health center, commentary reply, 12427
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12423
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12388
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, 2587
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12425
imagery & visualization technology on multimedia & virtual reality & World Wide Web & microcomputer graphical displays in social science research, 29237
introductory curriculum for telepsychiatry competence, psychiatric residents, 35400
memory for telephone support calls from home care facility during Gulf War, anxiety, elderly, 25466
procedures used & services for rural telepsychiatry clinic, severely disturbed children & adolescents, 12398
provider & patient access to health care in telehealth clinical applications, 9138
store vs non-store retailing channels & importance of risk relievers & acceptance of transfer of channel functions to Internet, under 18–46+ yr old consumers, 35729
survey design & utility & merits & drawbacks of microcomputer & World Wide Web data collection of political attitudes & alienation & public relations, 26282
telehealth in health service delivery, professional psychology, 9129
telehealth psychological services in correctional facility, Federal Bureau of Prisons & Joint program Steering Group , 9286
use of World Wide Web as computer assisted teaching method & medium vs lecture method for economics, educational quality at university level, 28929
utility & normative social influences on use of new video telephone systems, employees of research & development company, 6326
videophone effectiveness, functional independence, elderly home healthcare participants with vs without videophones, 15567
Telecommunications Media [See Also Radio, Telephone Systems, Television, Television Advertising]—Books
The electronic election: Perspectives on the 1996 campaign communication, 7726
Electronic literacies: Language, culture, and power in online education, 9455
Telecommunications Media [See Also Radio, Telephone Systems, Television, Television Advertising]—Chapters
Do digital telecommunications affect work and organization? The state of our knowledge, 29169
Human development in the age of the Internet: Conceptual and methodological horizons, 13925
The Internet and qualitative research: Opportunities and constraints on analysis of cyberspace discourse, 25694
Technology: Computers, distance learning, and the virtual university, 9464
Testing theory by practice, 16059
Teleconferencing—Serials
attitudes towards & application of HIV/AIDS related counseling on Internet, 26–80 yr old counselors & case managers & social workers, 24973
awareness of consultation models & psychiatric consultation–liaison & patient satisfaction in telemedicine for mental health care in primary care setting, 31882
categories of social support messages exchanged in computer-based support group, persons with physical &/or psychological disabilities, 20407
computer-controlled telecommunications technology for behavioral intervention for smoking cessation & relapse prevention, smokers, 19078
content analysis of messages posted in online self-help disability issues group, 33573
development & operation & of & similarities & differences in child & adolescent telepsychiatry clinics, 31874
development of personal relationship online vs offline, 13–74 yr olds , 4728
effectiveness of telephone-based health care service delivery, 31891
evaluation of collaborative class projects using e-mail exchanges & World Wide Web exercises & CD-ROM development with organizations in Ecuador, college students, 38797
group collaboration & measurement of computer teleconferencing vs face-to-face communication, learning & quality & satisfaction, college students, 35488
history of telemedicine & telepsychiatry & comparison of clinic sites, adult patients, 31911
information in face-to-face vs teleconferencing vs electronic chat groups, volunteers recruited on campus, 7793
integration of speech & camera control in message transfer TV conferencing, college students, 9695
interaction, working groups of co-located & computer-linked individuals, 29130
model & use of computer-supported collaborative learning & computer-mediated communication within groups, college students, 22423
need for geropsychiatry services in long-term care settings & reliability of & use in assessments of geriatric depression & clinical experience in videoconferencing, 31886
quality of videoconferencing vs face-to-face based supervision process, 31–49 yr old psychotherapy supervisors & trainees, 32114
relationship of expectations for teacher nonverbal immediacy & enrollment in distance learning course, 18–66 yr old community college students in telecourse vs on-site class, 22545
technology & patient–provider relationship in & effectiveness & challenges to implementation & use of televideo or videoconferencing for psychiatric interviews & differences from face-to-face care, 31899
telemedicine, 56 yr old Mexican-American female with somatic complaints, 38337
televideo interviews for general psychiatric assessments, patient & physician satisfaction, 18–73 yr olds with or without psychiatric disorders, implications for use with underserved populations, 22151
use of home-based interactive videoconferencing counseling, 11–18 yr olds with epilepsy & their mothers, 18793
venues for & practical considerations in forensic telepsychiatry, 32519
Telekinesis [See Psychokinesis]
Telencephalon [See Also Basal Ganglia, Cerebral Cortex]—Serials
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, commentary, 33238
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, 33237

evolutionary processes & similarities & differences in sensory pathways, telencephalon & visual processing neuroanatomy, birds vs reptiles vs mammals, 13590
high vocal center lesion, sexual responsiveness to heterospecific vs highly vs weakly stimulating conspecific songs, female canaries, 460
neuroanatomy & neurochemistry of pathways in telencephalon & mesencephalon & basal ganglia & tegmentum & role in learning & memory & pecking avoidance, 1- to 2-day old chicks, 13532
presence of female in breeding condition & short vs long days, size of song nuclei & song production rate, male white-crowned sparrows, 10461
role of telencephalon & dopaminergic system in open field locomotor activity, cichlid teleosts, 3887
sound–shock associations & sound habituation before vs after telencephalic lesions, exploratory behavior, male feral pigeons, 20098
Telepathy—Serials
evidence inconsistent with Super-ESP hypothesis & communication from mediums or supposed discarnate sources & telepathy & clairvoyance, 29671
telepathy as function of empathy & charisma, 18–45 yr olds, 3619
Telephone Hot Lines [See Hot Line Services]
Telephone Surveys—Serials
concurrent validity, telephone adaption of Modified Mini-Mental State Exam, 65–93 yr olds, 35862
interviewer experience & positive predictive value & cost of telephone screening, research assistants vs senior investigators screening 19–82 yr olds for chronic depression clinical trial, 18491
reliability of face-to-face vs telephone SCID diagnoses, college age men, 35924
telephone survey of training needs, 19–81 yr old geriatric outreach service providers, 2760
type of music vs continuing messages played to callers, actual vs estimated on-hold waiting time & ratings of on-hold stimuli, callers to telephone survey line, 10008
validity of computerized adaptive test of word knowledge administered via telephone to estimate general cognitive aptitude, 17–53 yr old US Army recruits, 6591
Telephone Systems—Serials
answering machines or caller ID & social distance of caller from callee, home privacy-regulating patterns of phone call answering, college students, 30398
cellular phone-related tasks & cognitive load, ability to detect car ahead decelerating & brake RT, 20–29 yr old drivers, safety implications, 35770
channel normalization & filtering techniques for connected digit automated speech recognition over telephone lines, 4356
discourse analysis of 'face attack' conversational strategies, 911 call-takers, 7822
prevalence of cardiovascular disease risk factors & identification of high-risk individuals, 18–65 yr olds, use of computer-assisted telephone interviewing, 25278
public attitudes & reactions toward phone-based interface for automated call direction, adults, 20410
telephone counseling, patients with bulimia nervosa (mean age 30.7 yrs), 2 yr study, 34786
Televised Instruction—Serials
evaluation of teaching strategies & setting & technology of distance education course, instructor & college students (mean age 40 yrs), 38814
Television [See Also Closed Circuit Television, Educational Television, Television Advertising]—Serials
ability to imitate novel actions modeled live vs on TV, 12 vs 15 vs 18 mo olds, 36732
affect of migration & performance of managers for interorganizational relations of commercial TV stations, 1961–1988, 35588
content analysis of British TV programs for portrayal of ethnic groups as aggressors &/or victims of violence, 4389
content analysis of depiction of roles of women in prime time TV programs, 1967–1998, 23643
development of revised Kogan Attitudes Toward Old People Scale, TV news producers, 13049
interaction with televised media & integration of mass media messages & expression of self & community via language & social role performance & household economy, Yucatec Maya, Mexico, 1104
interpretation of discursive & argumentative functions of expository vs rhetorical vs echo questions in talk shows, 26906
level of status quo support in TV news coverage of anarchist protest, framing effects & audience support & perceptions of protest's effectiveness & newsworthiness, college students, 33574
levels of media use & beliefs about representation on TV & movies, Native American college students, 1103
media portrayals of ECT & need for objectivity, 5690
parental mediation of violent television & children's aggression, 2nd through 6th graders & their parents, 20421
perceived gender identity in relation to popular media & TV & magazines, female 7th–9th graders in single-gender junior high school program, 25790
persuasive impact of television programs & implications for television advertising, research review, 12935
presentation format with vs without program reference of news teasers, recall & comprehension of TV news, college students, 4386
processing goals & expertise, evaluation of political information in TV news, college students, 10146
sex & exposure to gender stereotyped music video imagery, sexual attitudes, college students, 27375
sex, discussions & representations of sexual knowledge from television & identity, 6–7 vs 10–11 yr old children, 20577
social construction of femininity in reality television program America's Most Wanted & depiction of women crime victims & sociodemographic & victimization factors, 36995
social construction of international imagery in post-Cold War era, US vs Chinese national TV news, 4387
Spanish language television health coverage vs other subjects & coverage amount & prominence & relevance to audience, Hispanics, 36688
story structure & age, memory in free recall televised story comprehension task, 4–7.1 yr old children with vs without ADHD, 34436
TV viewing, construction of reality & social & cultural perceptions & activities, rural residents, Brazil, 1106
Television [See Also Closed Circuit Television, Educational Television, Television Advertising]—Books
Seducing America: How television charms the modern voter (rev. ed.), 1166
Television: What's on, who's watching, and what it means, 17171
Television [See Also Closed Circuit Television, Educational Television, Television Advertising]—Chapters
Family myths and the TV media: History, impact, and new directions, 36697
Imaginative play and television: Factors in a child's development, 13922
Social represenations and media communications, 4712
Television violence and children: Problems and solutions, 21285
Television Advertising—Serials
anti-gang advertising, opinions & attitudes, 12 –17 yr old at-risk youth & gang members, 34399
anti-marijuana media campaign, beliefs & attitudes & intentions & use, high sensation seeking adolescents, 33676
effectiveness of radio & TV campaign to increase smoking cessation information calls, African Americans, 829
effects of programme context of news vs comedy show on memory of humorous vs non-humorous television commercials, 16–18 yr olds, 6905
frequency & content of alcohol advertisements, Brazilian television 1992–93, 20811
media viewing context, affective responses to & attitudes toward & cognitions about ad & brand, female college students, 22700
on-air TV program promos carried within vs adjacent to situation comedies, ratings of promoted programs, 13881
persuasive impact of television programs & implications for television advertising, research review, 12935
prevalence of & characteristics related to exposure & participation in televised smoking cessation intervention, female smokers with high school education or less (mean age 44.8 yrs), 32032
production costs of road safety TV commercials, self-reported future intentions to comply with advocated road safety behavior, adolescents & adults, 16239
program-induced mood, processing of & cognitions & attitudes about embedded TV advertisements, undergraduate students, 6386
television violence, memory for commercial messages, college students, 9690
viewing sexist vs nonsexist TV ads, body satisfaction, 18–35 yr old male vs female university students, 26924
Television Advertising—Chapters
Gendered communication styles and strategies in campaign 1996: The videostyles of women and men candidates, 7727
Tracking voter reactions to the television advertising, 7729
Television Viewing—Serials
age & sex, time spent TV viewing vs in other activities, cohorts of 2–5 & 4–7 yr olds, 3 yr study, 23655
amount of TV viewing, symptoms of psychological trauma & aggressive behavior, 3rd–8th graders , 1482
analysis of descriptions of male vs female TV characters, sex bias in language, regular vs irregular viewers of popular TV program, 7744
attachment styles & formation of parasocial relationships with television personalities, 17–48 yr old TV viewers, 33958
comprehension of moral lessons in television situation comedies & prosocial development & behavior, 1st & 3rd & 5th graders, 30240
daily television watching habits & weekly bouts of vigorous physical activity & body mass index & fatness, 8–16 yr olds, commentary, 947
daily television watching habits & weekly bouts of vigorous physical activity & body mass index & fatness, 8–16 yr olds, commentary reply, 896
daily television watching habits & weekly bouts of vigorous physical activity & body mass index & fatness, 8–16 yr olds, commentary, 971
demographic & situational/contextual & orientational & attitudinal factors & media use, civic engagement & interpersonal trust, Ss, 1063
development & validity & reliability of Moral Interpretation of Interpersonal Violence Scale, 5–12 yr olds watching more fantasy vs realistic tv violence, 35883
dimensions of gratification sought from satellite TV channels, 18–57 yr old participants in training seminars & workshops, Saudi Arabia, 4391
effects of programme context of news vs comedy show on memory of humorous vs non-humorous television commercials, 16–18 yr olds, 6905
exposure to violent TV & sensation seeking & risk taking behaviors, 11–25 yr olds, 33661
free play behavior on school playground before vs after availability of TV, aggression, 3–8 yr olds, St. Helena, 1994–96, 4468
homework & television viewing & extracurricular & other structured-group activities & employment & academic achievement, 6th–12th graders, 28960
impact & effectiveness of incorporation of public health education message about cardiovascular health into popular TV hospital drama series, 15–50+ yr olds, 9035
incidental foreign language acquisition through watching subtitled TV programs, 8–12 yr olds, 17244
on-air TV program promos carried within vs adjacent to situation comedies, ratings of promoted programs, 13881
personality & imagination & TV-watching patterns, 18–72 yr old self-identified TV addicts, 4392
physical & social conditions & location that influence us of & social & symbolic orientations that govern behavior in presence of public TV sets, US vs Germany, 17169
psychosocial & demographic factors in physical activity & television viewing, college students, 17693
sociocultural determinants & ethnicity & television viewing, physical activity & fitness & obesity, 6–13 yr olds, 1997–1998 longitudinal study, 36707
tavern culture & television viewing, African American neighborhood tavern patrons, 14246
television & soap opera viewing & endorsement of dysfunctional relationship beliefs & self-monitoring, 17–42 yr olds , 30500
television viewing & physical activity & health-related fitness, 9–18 yr olds, Quebec, 839
television violence, memory for commercial messages, college students, 9690
TV viewing & optimism for future, trust in people & civic participation, Ss, 1065
visual-feature-related TV viewing, 2–42 yr olds, 23666
watching TV vs walking vs sleep deprivation, sleep latencies, 19–35 yr olds, 4024
Television Viewing—Books
Seducing America: How television charms the modern voter (rev. ed.), 1166
Television: What's on, who's watching, and what it means, 17171
Television Viewing—Chapters
Effects of NIC media coverage among the public, 33579
Family myths and the TV media: History, impact, and new directions, 36697
The form of thought, 10809
The influence of medium and media commentary on presidential debate effects, 7731
Temperament [See Personality]
Temperature (Body) [See Body Temperature]
Temperature Effects [See Also Cold Effects, Heat Effects]—Serials
age & temperature & time, photoresponse assessed by taste & olfaction & vision & locomotion through food source, wild-type Drosophila larvae vs line unresponsive to light, 582
ambient temperature & fluid saccharin concentration, thirst &/vs taste-preference &/vs cold-discomfort dimensions of motivational conflict measured by fluid intake, water-deprived rats, 3643
capsaicin, morphology of intracutaneous nerve fibers & number of epidermal nerve fibers & cold & mechanical & heat pain sensation, 24–69 yr olds, 20351
clonidine vs norepinephrine vs isoproterenol vs ephedrine, thermal preference & body temperature, female rats, 23494
cold vs moderate vs warm ambience, weaning onset, rap pups, 3993

effects of ambient temperature vs norepinephrine vs chronic food restriction on oxygen consumption/metabolism, awake vs anesthetized naked mole-rats, 29929
embryonic development & water temperature & oxygen, active brood care, female amphipods, 3694
endogenous melatonin & serotonin 1A receptor partial agonist ipsapirone hydrochloride, core temperature & hypothermic response, patients with winter depression, 2394
heated automobile seat, thermal comfort, adult males, 19461
humidity & hot weather & other environmental conditions, induction or exacerbation of panic attacks, patients with panic disorder, 17928
incubation temperature & responses to visual & vibratory stimuli as measures of antipredator behavior, pine snake hatchlings, 3685
metabolic costs of heat solicitation calls in relation to thermal need, embryos of American white pelicans exposed to decreasing or increasing body temperatures, 16730
potency of nerve growth factor & brain derived neuropathic factor & NT-4/5 & NT-3, elicitation of thermal hyperalgesia, rats, 20148
psychophysiological correlates & endocrine & pituitary hormone secretion & insulin & melatonin & blood pressure as stress reactions during adaptation to cold in Antarctica, healthy males, 23456
spinalization, nocifensive spinal reflex responses to heat or mechanical or noxious cold stimuli, male rats with vs without neuropathy vs carrageenan induced hindpaw inflammation, 3868
temperature & day length & other abiotic environmental factors, length of activity period, marmosets, 16866
temperature & sunlight & barometric pressure & relative humidity, pain, rheumatoid arthritis patients, 21459
temperature control, well-being, pigs, 330
temperature selection & activity & body temperature patterns & use of torpor, marsupials in thermal gradient with freely available vs restricted food, 4072
temperature, spectral sensitivity, dark-adapted zebrafish, 13646
thermal &/vs olfactory &/vs tactile stimuli, oral grasping of artificial nipple, rat pups without suckling experience, 6990
thermal environment, consistency of individual differences in antipredator behavior, garter snakes, 13436
thermal pain responses, African American vs White college students, 20198
time of day & temperature & humidity, mother–infant interaction, Japanese macaques, 3761
water temperature & pain labeling as physical & psychological factors affecting behavioral pain tolerance & sensory & affective pain experiences in cold pressor test, females, 4043

Temperature Perception—Serials

rate of temperature change & peak stimulus duration, heat evoked pain intensity & quality, 20–36 yr old males, 153
responses of neurons to thermal skin stimulation & perception of cold in response to microstimulation of posterior thalamic ventromedial nucleus, awake medical patients undergoing stereotactic surgery, 20085
thermal vs thermal pain vs vibratory thresholds in hands vs feet, patients with Charcot-Marie-Tooth disease with demyelinating vs axonal form (mean age 46.7 yrs), 24693

Tempo—Serials

control of expressive & metronomic timing, pianists, 23074
deviations from temporal expectations, tempo discrimination, adults, 6807
expressive timing & dynamics & aesthetic impression of initial phrase of Chopin's Etude in E major, adults, 26368
implication of spectrotemporal parameters, discrimination of resynthesized musical instrument sounds, musicians vs nonmusicians, 13238
long term memory for ratio of successive durations & rhythmic contour & phrasing & regular meter components of temporal structure, identification of well-known vs novel songs, adults, 36275
proposed scientific experiment to study correlation between spine-tingling chills in response to Western music performance & tempo, 33525
tempo of maturation, females from dysfunctional families, Poland , 30125
temporal generalization of acoustic stimuli, 19–27 yr old trained musicians vs male zebra finches, test of scalar timing theory & connectionist model of brief auditory events, 10258

Temporal Frequency—Serials

ability of computational model of light adaptation for prediction of temporal properties, 3211
age & sex in development of temporal & acoustic changes during speech development, 5–17 yr olds vs adults , 13944
auditory pathways in brainstem & auditory neural tuning to biologically relevant temporal sound patterns, echolocating bats, 23302
auditory peripheral model approach to temporal resolution & temporal masking properties of transient stimuli, listeners, 19785
contrast vs spatial frequency vs flicker modulation classes of novel second-order reversed-phi stimuli, perceived motion direction, observers, 32825
development of spatial & temporal vision measured by contrast sensitivities & critical flicker fusion frequency, 4–7 yr old vs adult Os, 26980
diurnal variation in & temporal resolution of fusion & order threshold in auditory system, 24–31 yr olds, 16542
duration of forward masking & temporal integration, performance in speech perception tasks, adult cochlear implant users, 15057
effectiveness of wavelet transform time-frequency technique in analysis of auditory related potentials elicited in cognitive task, 18–25 yr olds, 13610
electric vs acoustic amplitude modulated pulse trains, perception of temporal pitch, normal-hearing adults vs cochlear implantees, 6808
enhancement of tone-evoked response by preceding tone in cortical processing of temporal structure of sounds, monkeys, 36402
frequency oscillation, visual perception of 0 vs 180 degree relative phasing of interlimb movements, adults, 13187
frequency-specificity of click-evoked otoacoustic emissions, guinea pigs, 7128
functional MRI assessment of temporal coherence of subcortical brain activity during tactile discrimination task, Ss, 26678
fundamental frequency differences between tones, temporal discrimination for complex tone sequences, 18–30 yr old musical vs nonmusical listeners, 32884
linear amplification vs multichannel compression, speech comprehension in backgrounds with spectral vs temporal dips, adults with cochlear hearing loss (mean age 77.9 yrs), 8704
low spatial & temporal frequency chromatic stimuli, transient visual EPs, 26–34 yr olds, 16952
model-based algorithm for representation & processing of speech signals by their envelope & instantaneous frequency, 13236
motor preparation, chaotic neural dynamics generated by simultaneously recorded spike trains in primary motor cortex during performance of delayed pointing task, monkeys, 571
narrow-band temporal envelopes & different modulation frequency, consonant recognition, 18–40 yr olds, 13246
noise effects on photoreceptor temporal contrast sensitivity in low light, locusts, 10497
nonlinearity as a function of frequency, normal-hearing 22–39 yr olds, implications for function of location along cochlea, 6803
ophthalmic lens-induced transverse chromatic aberrations in natural viewing conditions, spatio-temporal thresholds, 33–39 yr olds, 34734
orientation judgment of spatial D6 pattern in presence of occluding elements of same vs mixed contrast polarities, Os, 157
peripheral vs foveal presentation & task temporal frequency, character localization & identification in 2-pulse & contrast sensitivity tasks, adult Os, 13189
retinal illuminance & external added temporal white noise, foveal flicker sensitivity & description by physiological model, male S, 13585
sensitivity to temporal grouping effects in development of short-term memory during visual & auditory stimuli, 4–8 yr olds, 23727
Simon- vs Stroop-like stimuli in isolation & factorial combinations of irrelevant vs relevant stimuli, time course, 19–25 yr olds, 19731
static vs dynamic variation of interaural time differences vs interaural intensity differences, binaural auditory detection, listeners , 32866
stimulus spectral resolution & spectral shift, vowel recognition in acoustic & electric hearing, normal-hearing vs cochlear-implant-using 25–71 yr olds , 13233
susceptibility to noise of low-frequency interaural time & high-frequency interaural level differences & spectral cues used in sound localization, 23–33 yr olds, 13237
syllabic compression & expansion of temporal envelope, speech intelligibility & speech & music sound quality, 17–75 yr olds with normal vs sensorineurally impaired hearing, 21635
syllable-initial voicing & speech rate, temporal characteristics of monosyllabic words, talkers, 36662
temporal contrast sensitivity in human vision & spatial frequency, 36147
temporal cues, sequential auditory stream segregation, adult listeners, 6819
temporal dynamics of chewing sequences, 19–28 yr olds, 3994
temporal factors, tuning of difference tone vs cochlear nerve compound action potential to dual vs single tones, gerbils, 550
temporal integration for pure tones, rhesus macaques, 33034
temporal phasing of tongue & lip movements in vowel-consonant-vowel sequences, adults, 13870
temporal position vs proportional variance vs duration, temporal pattern discrimination, adults, 6815
temporal resolution in extra-foveal visual field assessed with 16-point diagnostic strategy vs visual EP procedure, 31–73 yr olds with multiple-sclerosis-neuropathy, 28211
temporal structure of auditory nerve fiber response, auditory perception, listeners, test of autocorrelation theory, 193
temporal structure of stream of information entering sensory system of organism & responses of sensory neurons & conveyance of information by individual action potentials, 26580
time-frequency analysis of potential contamination of background EEG by facial muscle EMG activity, adults, 13604
vernier thresholds for flickering bars & temporal frequency & relative temporal phase of bars & stimulus polarity, 18–65 yr olds, 32857

Temporal Lobe [See Also Auditory Cortex]—Serials

, subjective vs objective memory change, anterior temporal lobectomy patients, 38426
1994 & 1998 consensus diagnostic clinical criteria for frontotemporal dementia & progressive nonfluent aphasia & semantic dementia as clinical syndromes of frontotemporal lobe degeneration, 31292
2 types of bimodal direction tuning in middle temporal area, monkeys, validation of visual motion detection model, 33168
abnormality of fornix & mamillary bodies, 17–42 yr olds with mesial temporal lobe epilepsy, 31266
activation of left hemisphere temporal & frontal cortices during sentence processing & working memory, 19–24 yr olds, 520
activation of medial temporal lobe & hemispheric lateralization influences on meaning & novelty during memory encoding, 20119
activity of neurons in human temporal cortex during identification vs memory for names vs words, 22–57 yr old awake patients undergoing left or right awake craniotomy for epilepsy, 28193
affective vs neutral content of stories, verbal memory, patients with unilateral right vs left temporal lobe epilepsy who did or did not have temporal lobectomies, 24785
age differences & brain volume, planum temporale asymmetry, right-handed 3–14 yr olds, 26943
alterations in volume of superior temporal gyrus, 1st episode treatment naive patients with schizophrenia or related psychotic disorders or nonschizophrenic psychotic disorder, 4875
anomalous language representation, neuropsychological performance, adults with temporal lobe epilepsy, 28180
apolipoprotein E ε4 status & medial temporal lobe atrophy & white matter lesions on MRI, patients over 60 yrs old with AD or vascular dementia or dementia with Lewy bodies, 34605
auditory EPs, 19–47 yr olds with temporal lobe epilepsy after resection, implications for hippocampal involvement, 21591
autism & visual agnosia, 13 yr old female with right occipitotemporal damage, 2039
bilateral anterior temporal lobe damage, postencephalitic focal retrograde amnesia, 43-yr-old female, 28207
biochemical & molecular characterization of tau protein pathology & neurofibrillary degeneration in Alzheimer's & Pick's diseases & supranuclear palsy & corticobasal frontotemporal dementias, 31211
category-specific naming impairment for tools, 27 yr old male with hemorrhage in left temporal lobe, 2013
changes in phosphorous metabolism & phospholipid levels in temporal lobes, drug-naive adults (mean age 23.1 yrs) with schizophrenia, 30707
cholinergic & serotonergic & glutamate receptor neurochemical pathologies of in frontal & temporal & partietal cortices, Ss with Pick vs non-Pick frontotemporal dementia vs Alzheimer's disease, 31306
chromatic properties of moving objects with vs without adequate luminance, motion perception in middle temporal area neurons, macaques, 26645
chromosome 17q21-22 linked mutations in tau gene in etiology of familial frontotemporal dementia & other mixed neurodegenerative disorders, 31339
cognitive & behavior & language changes in motor neurone disease with dementia or aphasia & relationship to frontotemporal dementia & dysfunction, 31180
contribution of G. vs M. Dax vs P. Broca to temporal lobe theory & history of cerebral dominance for language , 33202
decreased blood flow in temporal lobes & musical obsessions, 29 & 59 yr old females with obsessive-compulsive disorder, 30793

directed attention & RT with vs without advance information, 18–48 yr olds with frontal vs temporal lobe lesions, 8638
disparity-selective neurons in middle temporal visual area, monkeys, 10404
disproportion in distribution of grey & white matter & neuropsychological functioning, patients with temporal lobe epilepsy with hippocampal sclerosis, 11872
dorsolateral temporal cortex of both cerebral hemispheres to speech perception & right hemisphere in speech perception in recovered aphasics, 26–58 yr old males & 38–42 yr old patients with aphasia, 28191
ectosylvian lesions, visual discrimination learning under switching, cats with binocular vs limited lab visual deprivation vs normal stimulation , 13386
effects of frontal lobe lesions, control of movements during motor learning, patients with frontal vs temporal excisions (mean age 41 yrs), 37902
elicitation of transient conduction aphasia by cortical stimulation of posterior superior temporal gyrus, 35 yr old female, 15036
emergence of artistic talent, 51–68 yr olds with frontotemporal dementia, 2060
epilepsy surgery, patterns of cognitive functioning & neuropsychological outcomes, patients with temporal lobe development malformation & mesial temporal sclerosis, 38375
event-related activity in prefrontal cortex vs bilateral parahippocampal regions, visual experience remembered well vs less well vs forgotten, Ss, 3822
executive & mnemonic functions, 53-73 yr old males with mild frontal variant frontemporal dementia, 34671
expressive & receptive vocabulary & word list learning & abstract reasoning & episodic & verbal semantic memory, 16–65 yr olds with lateralized vs extra-temporal lobe epilepsy, 28153
face inversion, human fusiform face area in fusiform gyrus, 3471
figure shape & position & overlap, responses of inferior temporal neurons, male macaques, 29829
functional & structural asymmetries in posterior superior temporal lobe, 45–60 yr olds at postmortem, 36398
functional magnetic resonance imaging of medial temporal lobe activity in memorization & subsequent cued-recall, 21–29 yr olds, 20097
functional role of hippocampus & adjacent medial temporal lob structure, memory & learning, amnesia patients (aged 41–55 yrs) with brain damage, 34615
global visual object recognition & auditory melody & other processing, 13 yr old female with right temporal lobe lesion, 28173
grey & white matter tissue volume in left vs right temporal lobe, 29–91 yr olds with schizophrenia, 30718
haloperidol, phospholipid metabolism abnormalities in temporal lobe & symptom alleviation, 16–32 yr old schizophrenics, 34972
high vs low frontal-lobe vs medial-temporal-lobe functioning, event-based prospective memory, 66–85 yr olds, 7075
hippocampal involvement in spatial & working memory, patients with unilateral temporal lobe epilepsy with right or left focus, 37805
history & diagnostic use of MRI & SPECT imaging to detect frontal & temporal right & left atrophy & hypoperfusion, patients with frontotemporal dementia, 31288
identification of area in posterior fusiform gyrus that responds selectively to faces & identification of retinopic visual areas by functional MRI, 13545
increase in focal interictal spikes during specific visuospatial tasks, 21 yr old male with pharmacoresistant right temporal lobe epilepsy, 11874
increased brain activity in medial temporal lobe & anterior paralimbic structure, alcoholics with multiple previous detoxifications, 27850
interaction of basal ganglia & limbic system & neocortex & role of phylogenetic & ontogenetic processes in behavior changes associated with & behavior therapy for frontotemporal lobe degeneration, 31326
interictal fluorine-18 flurodeoxyglucose positron emission tomography, functional anatomy of deja vu experience, 13–51 yr olds with temporal lobe epilepsy with vs without deja vu , 31173
interval timing performance, adult patients with temporal lobe epilepsy with left vs right hemisphere foci , 31333
language processing & cerebral metabolic activity, 15–59 yr olds with left- or right-sided temporal lobe epilepsy, 24776
learning to time vs scalar expectancy theory explanations of discrimination learning in temporal tasks, pigeons, 23207
left anterior temporal lobectomy technique, visual confrontation naming ability, intractable epilepsy patients, 9018
left temporal lobe dysfunction & time course & topography of ERPs during phonetic & tonal dichotic listening tasks, 20–55 yr old patients with schizophrenia, 14537
left temporoparietal chemical decreases in NMDA & creatine & choline as imaged by magnetic resonance spectroscopy, 18 yr old male with developmental acalculia, 31270
limbic-neocortical interactions in visual memory consolidation in temporal cortex, 500
lithium, choline & creatine ratios in temporal lobe, healthy 19–40 yr olds, 20370
magnetic resonance spectroscopy of left mesial-temproal lobe volume, patients with 1st onset schizophrenia, 21124
map of spatial interactions in middle temporal area cell receptive fields, female monkeys, 23295
measurement of planum temporale asymmetries & role in linguistic function, non-human primates, 3856
medial temporal lobe activation during procedural vs declarative memory, 468
medial temporal lobe pathology, brain activation of language encoding areas during verbal encoding, 20–69 yr old patients with right vs left temporal lobe epilepsy , 5307
molecular genetic characterization on chromosome 3 & evidence for genetic anticipation & trinucleotide repeat expansion involvement, family with familial nonspecific frontotemporal dementia, 31179
morphology of temporal lobe structures, 21 -45 yr old male vs female patients with schizophrenia, 17900
MRI abnormalities of temporal lobe gray matter, 18–55 yr old males with schizotypal personality disorder, 21132
multiple Fregoli delusions, male 61 yr old with right frontal & left temporoparietal contusions, 28150
N-acetyl-aspartate & lactate levels in frontal vs temporal lobes vs cerebellum & plasma lactate levels, 3–12 yr old autistic children, 24579
neural encoding of syllables with short vs long lag voice onset time, evoked magnetic fields in left vs right supratemporal plane, 24–42 yr olds, 16890
neural selectivity in anterior superior temporal polysensory area for simple shapes & integration of visual cues, monkeys, 3957
neurocognitive impairment, 63–68 yr olds with fronto-temporal dementia, 5420
neuroleptic treatment for manic psychosis, 61 yr old male with temporal lobe tumor , 12211
neuronal loss & gliosis & vacuolization as characteristic neuropathologic changes in chromosome 17 linked frontotemporal dementia, 31320
neuropsychological assessment & course of fronto-temporal dementia, 58 yr old male with amyotrophic lateral sclerosis/motor neuron disease, case report follow up, 37839
neuropsychological profiles, 48–73 yr old patients with semantic vs frontal-lobe dementia variants vs early Alzheimer's disease, 8630
neuropsychological test performance & deficits & neuroanatomical locus of dysfunction & involvement of neurotransmitter systems in & drug therapy for frontal variant frontotemporal dementia, 31309
optical imaging of functional architecture of inferotemporal cortex, object & face recognition, monkeys, 3940
oxidative stress & damage as early cytopathological marker of neuronal dysfunction in & role in pathogenesis of frontotemporal dementia, 31235
P300 topography & presence of temporal abnormalities, 18–55 yr old male patients with schizophrenia or manic psychosis, 11337
patterns of temporal lobe atrophy, patients with dementia with Lewy bodies vs Alzheimer's disease, implications for use of MRI in differential diagnosis, 11894
pedigree analysis for determination of familial nature & inheritance patterns & onset age of frontotemporal dementia, index patients & relatives, 31198
perception of pictures of human faces vs animals vs faceless animals vs houses, response of fusiform gyrus & superior temporal sulcus, Ss, 36483
performance on Twenty Questions task, patients with frontal or temporal lobe epileptic disturbances, 15046
personality changes, patients with chronic temporal lobe epilepsy, 34608
planum temporal abnormalities, patients with schizophrenia, 11422
postoperative mood disorders, patients following temporal lobectomy, 2475
prefrontal & medial temporal activation during word encoding, remembered vs forgotten experiences, Ss, 3938
prefrontal & parietal cortex synaptic density & pathology & symptoms & regional cerebral blood flow & histopathological lesion severity, 43–88 yr olds with frontal lobe dementia vs Alzheimer's disease, 31271
problems with naming & word comprehension or face & object recognition & behavior changes in semantic dementia & relationship to frontotemporal dementia, 31322
progression of neuropsychological & cognitive deficits & behavioral & neuroanatomical changes & drug therapy, 46–85 yr old outpatients with frontotemporal dementia, 2–6 yr study, 31299
progressive prosopagnosia, female 65 yr old with bi-temporal atrophy, 37840
proper name anomia following left temporal lobectomy, male 47 yr old with intractable seizures, 18374
reaction time performance on predictable task-shifting task, patients with frontal or temporal lesions, 28125
real-time tracking of memory formation in rhinal cortex vs hippocampus , patients with temporal lobe epilepsy, commentary, 34675
real-time tracking of memory formation in rhinal cortex vs hippocampus, patients with temporal lobe epilepsy, 34626
regional cerebral blood flow in prefrontal cortex & basal ganglia & temporal lobes, 13–18 yr olds with major depressive disorder, 24208
regional patterns of cell vulnerability & sensitivity & selective neuron loss in frontotemporal dementia with & without motor neuron disease & impact on pre & post synaptic terminals in frontal cortex, 31217
relationship between health-related quality of life & activities of daily living & depression, adult patients with temporal lobe epilepsy, 18391
repetitive transcranial magnetic stimulation of dominant hemisphere of frontal lobe, disruption in visual naming, 29–54 yr old patients with temporal lobe epilepsy, 21616
representation of visual fields in superior temporal sulcus in posterior inferotemporal cortex, monkeys, 474
reproductive hormone & emotional aspects of temporolimbic system & epilepsy, 15010
right vs left temporal lobectomy & properties of visual stimuli, visual discrimination ability, patients with intractable epilepsy, 18398
role of auditory cortex of temporal lobe in perception & retention of auditory & visual rhythmic patterns, Ss with right or left anterior temporal lobe removals with vs without Heschl's gyrus, 15032
role of rostral & caudal hippocampus & related medial temporal lobe structures in episodic memory encoding & retrieval, 26–36 yr olds, 20090
selective apraxia for transitive gestures, male 74 yr old with left temporo-parietal infarction, 37828
selective laminar cortical pathophysiology, psychotic hallucinations, 44 & 58 yr old males & 51 yr old female with frontotemporal dementia motor neuron disease type, 2066
sense of time in temporo-septal engram shift computer model of hippocampal memory, 33226
sign language perception, activation of visual & auditory areas of temporal lobe, congenitally deaf adults, 11957
structural & functional & clinical significance & MRI of planum temporale in normal vs schizophrenic vs dyslexic brains, 14414
structural equation modeling of functional interactions between right medial temporal lobe & neocortical regions during visual recognition memory, males, 3871
symptoms & neuroanatomical abnormalities in clinical criteria for differential diagnosis of Pick's disease as form of frontotemporal dementia, 31314
symptoms & neuroanatomical changes & differential diagnosis of frontotemporal dementia from Alzheimer's disease, 31213
tau as candidate gene for chromosome 17 frontotemporal dementia, affected Ss from 2 families, 5393
tau gene mutation & clinical pathological characteristics, families with frontotemporal dementia, 21532
temporal control of response preparation & RT in delayed response task, adults with frontal vs temporal excision for relief of epilepsy, 28198
temporal lobe activity during category specific object identification by naming & word–picture matching, 23–52 yr olds, 29830
temporal lobe pHi and IQ, 17–53 yr olds undergoing evaluation for epilepsy, 8601
use of medial temporal lobe MRI volumetry to clinically differentiate dementia with Lewy bodies from Alzheimer's disease, patients (mean age 72 yrs), 5353
use of Pick complex to indicate clinical & pathological variations & overlap of frontal lobe & frontotemporal dementia & primary progressive aphasia & corticobasal degeneration syndrome, 31259
visual motion selectivity of neurons in superior temporal polysensory area in absence of form cues, male monkeys, 20071
visual pattern discrimination, effect of stimulus changes on neuronal responses in posterior vs anterior inferotemporal cortex, male macaques, 13550
visual stimulation with geometric shapes & monkey & human facial expressions, activity of single neurons in temporal cortex, macaque monkeys , 33255

Temporal Lobe [See Also Auditory Cortex]—Chapters
Animal models of medial temporal lobe amnesia: The myth of the hippocampus, 36475
Anterior temporal lobes: Social brain, 7108
Clinical and patholgical aspects of frontotemporal dementia, 8688
The hippocampus and spatial memory in humans, 31104
Illusory memories: A cognitive neuroscience analysis, 3344
On some clinical implications of the ventral striatum and the extended amygdala: Investigations of aggression, 28224
Right medial temporal-lobe contribution to object–location memory, 31354
Ventromedial temporal lobe pathology in dementia, brain trauma, and schizophrenia, 27506
Temporal Spatial Concept Scale [See Intelligence Measures]
Temporomandibular Joint Syndrome [See Musculoskeletal Disorders]
Temptation—Serials
differences between & factors affecting resisted temptations to smoke & lapses & coping behaviors, smokers with self-initiated quit attempt who lapsed within 1 mo, 20795
factor structure & validity of Temptation Coping Questionnaire, assessment of coping strategies for resisting alcohol vs marihuana & other drug use, high school students (mean age 16.6 yr olds), 32609
interest in cessation & reasons for quitting & smoking temptation circumstances, male vs female 9th–12 grade cigarette smokers, 7545
trust & time, apprehension & fear & temptation & greed, implications for cooperation in social relationships, 11086
Temptation—Chapters
Determinants of trust, 7836
Tennis—Serials
attribution training program, attributions & expectations & emotions & persistence & performance, beginner tennis players, 16169
opinions about & use of mental skills in teaching, 24–68 yr old junior tennis coaches, 19446
self-talk strategy designed to improve volleying skill, tennis performance, collegiate tennis players, 35704
stress & burnout, 25–77 yr old male vs female collegiate tennis coaches, 25910
use of & opinions on ways of conveying mental skills training information & making it more user friendly, junior tennis coaches, 25962
video-based perceptual training, return of serve, novice tennis players, 6356
Tension Headache [See Muscle Contraction Headache]
Tenure (Occupational) [See Occupational Tenure]
Tenure (Teacher) [See Teacher Tenure]
Teratogens—Serials
effects of psychotropic medication use during pregnancy, mothers & fetuses & newborns, 5603
embryonic vs postnatal injections of bromodeoxyuridine, morphological & behavioral abnormalities, adult rats, 17051
in utero & lactational exposure to TCDD, learning & memory, rats, 23582
in utero exposure to amiadarone, neurodevelopment, 24–33 yr old mothers & children aged 13.6 mo to 12.0 yrs, retrospective study, 23542
prenatal sulfur dioxide, defensive & offensive & attack behaviors in social/agonistic encounters, male mice, 660
Teratogens—Chapters
Environmental influences on prenatal development and health, 11771
Environmental toxicants and child development, 30153
On neurodevelopmental disorders: Perspectives from neurobehavioral teratology, 30957
Terminal Cancer—Serials
academic & on-the-job training & professional & personal experiences in preparation for practice in oncology settings, hospice social workers, 12593
awareness & acceptance of & attitudes toward dying, 33–84 yr old hospice patients with terminal cancer & relatives, 18986
boundary & erotic issues & speeded up individuation processes in transference & countertransference, 46 yr old male analysand with terminal lung cancer, 12131
concerns & support needs, informal carers of cancer patients receiving palliative care, 18991
developing spiritual perspective & transacting self-preservation, 30–90 yr olds with terminal cancer, implications for nursing practice, 24758
development of scale on reluctance toward prescription of opioids for cancer pain to terminally ill, medical students, 19183
nicotine withdrawal as possible etiological factor in agitated delirium, patient cases with lung cancer who were heavy smokers up to terminal phase of cancer, 5277
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, 6063
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, commentary, 6075
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, commentary, 6080
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, commentary, 6070
professional & caregiver workload & satisfaction with transmural home care program, nurses & caregivers of terminal cancer patients, 5885
psychosocial factors that promote or restrict home deaths, cancer patients living in different municipalities, 31982
Terminal Cancer—Chapters
A personal argument in favor of rational suicide, 11592
Terminally Ill Patients—Serials
art & music therapy, pain management & symptom control in hospice care, dying patients, 25477
attachment theory as basis for family therapy, mothers with life-threatening illness & their babies or young children, implications for role of child mental health professionals, 31559
attitudes toward death & psychological distress of caring for terminally ill cancer patients, female nurses vs doctors in hospice vs oncology vs aid service setting, 6046
barriers to use of hospice services before late terminal stages of illness, caregivers & physicians of terminally ill patients & hospice staff & volunteers, 18987
conceptual model of hope in context of health & illness, 18–84 yr old healthy adults vs nurses vs adults with chronic & life threatening illnesses, 18271
estimates of physical complaints & main concerns & presence of affective disorder, terminal colo-rectal cancer patients (mean age 69 yrs) vs carers vs general practitioners, 18990
expectations & perceptions of specialist palliative care services, 37–83 yr old patients with advanced cancer & their relatives, 18920
interpleural analgesia using bupivacaine for pain relief, 19–79 yr old patients with advanced cancer, 18809
measurement of burden in home-based palliative care of terminally ill patients, family members & caregivers, research review, 5881
methodological issues in measurement of quality of life, dying patients & their families, 18776
multicultural framework for conceptualizing beliefs & expectations & needs of family caregivers of terminally ill patients, 5880
nicotine withdrawal as possible etiological factor in agitated delirium, patient cases with lung cancer who were heavy smokers up to terminal phase of cancer, 5277
palliative care experience, 28–65 yr old Bangladeshi patients & their primary carers, England, 18934
perceptions of dying patients' quality of life, hospice patients vs staff vs caregivers, 28715
perceptions of ideal vs actual professional support would like to receive, African American family members of critically ill adults, 9142
perspectives on quality end-of-life care, dialysis vs HIV vs long-term care facility patients, 12422
principles & decision-making model for discussion of life vs death options with terminally ill clients, psychologists, 15809
psychiatric aspects of excellent end-of-life care, terminally ill patients, implications for consultation-liaison psychiatry, 12421
psychiatric defense of physician aid in dying for terminally ill patients, 8736
research agenda for measurement tools for examination of quality of care & life, dying patients & their loved ones, 18995
responses to acupuncture for symptom & pain management, hospice patients, 1 year study, 18762
role of mental health counselors in bereavement counseling for significant others before & after death of terminally ill patient who requests assisted death, 18537
symptoms & treatment & social & family characteristics & health care setting & referrals & assistance from palliative care support team, palliative care patients hospitalized in French hospital, 18925
thanatophobic attitudes in care of terminally ill patients, practicing physicians vs student nurses vs medical students, 6055
theoretical model of issues & tasks in & stages of caregiving, caregivers (aged 28–83 yrs) of patients with potentially fatal cancer or AIDS, 4 mo study, 18984
Terminally Ill Patients—Chapters

Terminology (Psychological) [See Psychological Terminology]
Territoriality—Serials
absolute & relative aspects of frequency modulations, territorial responsivity, male collared doves, 412
advertisement calls & size assessment of opponent in territorial encounters, male green frogs, 16776
age & sex & contextual effects, alarm vs pursuit-deterrent vs territorial function of barks, roe deer, 20020
corticotropin-releasing factor & arginine vasotocin, territorial behavior, wild male sparrows, 7249
density & amplitude of competitor calls & Ss' size & amplitude of simulated intruder call & time of night & season, attack behavior & mate calling, male cricket frogs, 16782
effects of auxiliary male on territory ownership & attributes of multimale groups, male oribi, 10295
estradiol &/vs testosterone, territorial defensive aggression, free-living female mountain spiny lizards, 23479
function of scent markings in territorial African antelope, male oribi, 10303
habituation to familiar vs unfamiliar neighbor conspecific vocalizations, mediation of territorial interactions, male green frogs, 6998
individual-based model of territorial behavior in variable environments, animals in hierarchy of competitive ability, 26528
intergroup encounters & territoriality, wild Alaotran gentle lemurs, 399
intertroop transfer & male dominance ranks, wild Japanese macaques, 3767
male conspecifics, habitat choice & settlement, male grasshoppers, 3739
natural territorial advantages, small vs large male butterflies, 3711
phenotypic traits, female mate choice & territory quality, male rock ptarmigan, 19962
postbreeding movements & habitat use & characteristics of nesting & molting sites, adult Wood Thrushes, 1993–95, 20021

pubertal testosterone, familiarization vs sexual vs territorial scent marking, male tree shrews, 13447
reduced intraspecific aggression on territorial behavior & successive biological invasions, nonaggressive vs aggressive Argentine ants, 376
relationship between social segregation & habitat segregation, red deer vs feral soay sheep, 19975
role of footdrumming signals in regulating social dynamics, intermediate-sized & territorial & aggressive male & female kangaroo rat species , 10357
scent marking & territoriality, free-ranging coyotes living in packs, 16774
scent markings with feces, male territorial African oribi antelope, 10301
seasonal variations in plasma testosterone & oestradiol & dihydrotestosterone & corticosterone, territorial aggression, female mountain spiny lizards, 20045
septal arginine vasotocin vs vasoactive intestinal polypeptide, territorial aggression & dawn song, male field sparrows, 4155
sex-biased dispersal, male vs female freshwater crocodiles, 7006
snake size & location of encounter & reproductive category, rattlesnake assessment, male vs female adult ground squirrels, 20037
social activities of adult males, territorial behavior in yearling males, collared lizards, 357
social organization & behavior, African & Asiatic Wild Asses, 382
temporal & rhythm characteristics of coo vocalizations, communication to conspecifics & induction of territorial response, collared doves, 23260
territorial behavior & hormone levels, pied flycatchers in deciduous vs coniferous forests, 608
territory defense function of song, song sparrows, 3743
use of artificial landmarks to define territorial boundaries, male cicada killer wasps, 26499

Territoriality—Chapters

Contact codes: Proxemics and haptics, 10693

Terrorism—Serials

attitudes & future orientation & violence beliefs & hardiness, terrorists, 30923
changing face of terrorism & role of military psychiatry in assessment & diagnosis in aftermath of terrorist acts, 32415
clinical needs assessment following 1995 Oklahoma City bombing, middle & high school students in need of formal evaluation for posttraumatic response symptoms, 28647
developmental & psychological factors in allure of terroristic groups & gangs & cults & consequences for participation, adolescents & young adults, 30927
domestic terrorism with chemical & biological agents, neuropsychiatric effects & psychological aspects of mass disasters & approaches to crisis intervention & mental health consequences , 36912
level of exposure & proximity to event, stress reactions & PTSD symptomatology in response to Oklahoma City bombing, community members, 11477
principles of disaster mental interventions following terrorist incidents, 31885
program development & service delivery of Project Heartland community crisis intervention service, victims & survivors of Oklahoma terrorist bombing, 28691
program development & service delivery of school-based segment of Project Heartland community crisis intervention service, school-aged child victims & survivors of Oklahoma terrorist bombing, 28704
psychodynamic characteristics of terrorist leaders & their followers, 30914
role of psychiatrists in criminal adjudication of terrorists, 32538
salience of political bomb explosion & collective memories & mental health, Protestants vs Catholics in Northern Ireland, 10182
social psychological principles of group behavior & individual behavior within groups & evaluation of risk for targeted violence by extremist groups, 34296

Test Administration—Serials

administration & clerical & scoring errors of WPPSI—R & impact on IQ values, graduate student examiners, 19232
administration of clinical diagnostic SCAN survey to patients with neurotic & psychotic disorders, 45–55 yr old experienced lay survey interviewers , 22858
administration time estimates for WAIS-III subtests & scales & short forms, Veterans Affairs medical & psychiatric patients, 6630
anonymous vs nonanonymous responding to questionnaire administered on Internet vs paper, self-consciousness & social anxiety & self-esteem & social desirability, college students, 37110
changes in starting point of Bayley Scales of Infant Development II, test results, 11 mo 16 day to 12 mo 15 day old cocaine exposed infants, implications for intervention placement, 18044
equivalence of computerized & written psychological instruments, implications for measures of negative affect, 22957
group vs individual administration & descriptive characteristics & reliability & validity of Harvard Group Scale of Hypnotic Susceptibility Form A & related instruments, college students, 26457
instruction/scoring condition, sex effect size in multiple-choice test scores, male vs female 16–21 yr olds, 32574
instructions & scoring that discourages vs encourages random guessing on multiple choice tests, omissions & reliability estimates & numbers of right vs wrong answers & scores, high school students, 26084
oral administration of MMPI-168(L), assessment of personality & psychopathology & changes in mental health status, 17–45 yr olds diagnosed with mild to moderate mental retardation, 13070
perception of dominance from schematic faces & study administration on the Internet vs paper & pencil, Ss, 23111
precise vs general wording in test instructions, scores on WAIS, college students, 4778
psychometrics & item-by-item answer feedback & test anxiety, examinees administered computer-adaptive vs self-adaptive vocabulary tests , 3289
purpose & reliability & validity & usefulness & ease of use & administration time of GUGT &/vs FES &/vs BBS &/vs POAB &/vs FR, scales of balance, elderly , 13040
reliability of face-to-face vs telephone SCID diagnoses, college age men, 35924
self-administered computerized version vs delivered by human interviewers, Composite International Diagnostic Interview, 18–82 yr old anxiety treatment clinic patients, 3328
single-use paper & pencil vs ecologically minded reusable approach to administration of neuropsychological tests, test performance, college students , 22892
social desirability effects of anonymous vs identified responding & Psychological Screening Inventory scores on psychological maladjustment scales, male 18–49 yr old US Naval personnel, 26143
synchrony in circadian arousal periods & time of testing, problem solving performance, 18–25 vs 60–75 yr olds, 16596
validity & reliability of researcher vs keyworker administered Health of the Nation Outcome Scales, assessment of health & social functioning, adult patients with 1st-onset psychosis, 3-yr followup, 25381
validity of use of the Internet for personality testing using Self-Monitoring Scale, 18–53 yr old undergraduate students vs 11–67 yr old Internet questionnaire respondents, 11182

Test Administration—Books

Administration manual for the ChIPS, 29401
Essentials of WAIS-III assessment, 9851
The new rules of measurement: What every psychologist and educator should know, 9804

Test Administration—Chapters

Good reasons for bad testing performance: The interactional substrate of educational testing, 16388
Individual assessment procedures with preschool children, 7360
Individualising assessment in intervention studies: N-of-1 trials, 26296
A personological approach to the Thematic Apperception Test, 32626
Preparing for and taking tests, 38855

Test Anxiety—Serials

academic stress, erythron variables & hematological changes, 19–22 yr olds tested before & after difficult final oral examination , 601
coping self-talk & negative cognitions, task performance, 5th–6th graders with high test anxiety, 28966
dance/movement therapy, symptoms of test anxiety, 19–44 yr old graduate & undergraduate students, 31751
effect of test anxiety & prior knowledge on reading comprehension & comprehension monitoring, college students, 19304
expertise & state self-efficacy & worry during administration of computerized job-related certification test, employees , 26240
gender bias & criteria-related & predictive validity & dimensionality & structure of Spanish translation of Test Anxiety Scale for Children, 12–14 yr old primary school children, 19650
hope theory perspective of test-related anxiety, 19221
intervention strategies, text anxiety & underachievement, college students with learning disabilities, 9553
locus of control, test anxiety across multiple-choice & essay format exams, college students, 6665
multicomponent treatment with relaxation training & systematic desensitization & cognitive–behavioral interventions & self-reported data collection, test anxiety, 19 yr old college student, 24914
neuroticism, test & social anxiety, 18–32 yr olds, 27397
performance & test anxiety, Wechsler Memory Scale—Revised Logical Memory I Story A vs B, male neurological & psychiatric patients (mean age 50.2 yrs), 32677
psychometrics & item-by-item answer feedback & test anxiety, examinees administered computer-adaptive vs self-adaptive vocabulary tests , 3289
school examinations, cognitive appraisal & state anxiety & coping, high school students, 25800
state & trait test anxiety in model of approach & avoidance achievement motivation, undergraduates, 15936
stress & learning strategies & test anxiety & attributions, college students, 2910
test anxiety vs study habits vs maths skill, test performance in statistics exam, undergraduates, implications for interference vs deficit models of academic performance, 19306
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13110
test item format & state self-efficacy & worry during high-stakes computer-based certification examination, male computer engineer candidates, 26246
Testbusters study-skills & test-taking training program with behavior contracting, test anxiety & test-taking distress & GPA, 4th–7th graders with moderate-to-severe test anxiety, 38787

Test Anxiety—Books

Test anxiety: Applied research, assessment, and treatment interventions (2nd ed.), 19677

Test Anxiety—Chapters

Preparing for and taking tests, 38855

Test Bias [See Also Cultural Test Bias]—Serials

ecological validity of standardized & perceptual measures & potential biases in testing diverse populations & use of systematic observation in assessment of communication disorders, 32588
equivalence of meaning vs cultural bias in methodology of mental health research, 19690
examines predictive & construct validity in cognitive tests with respect to biases since 1980, 32570
framing questions positively vs negatively, satisfaction with medical training, residents, 15782
gender-based differential item functioning on a constructed-response science test, 12th-grade students, 26225
issues of question comprehension & behavioral frequency reports & context effects & influence on attitude & answers to self-reports, 9819
item response theory applied to scale distortion of ordinary difference scores in conventional & adaptive testing, 6559
retention of test items showing differential item functioning, measurement quality & validity of aptitude tests, Black vs White male vs female high school students, longitudinal study, 15944

Test Bias (Cultural) [See Cultural Test Bias]

Test Coaching—Serials

analytical methods used in test preparation coaching, SAT I Reasoning Test scores, examinees, 26233
experimentally induced faking, item level measurement of personality inventory, military recruits, 29340

Test Coaching—Chapters

Preparing for and taking tests, 38855

Test Construction [See Also Content Analysis (Test), Difficulty Level (Test), Item Analysis (Test), Item Content (Test), Test Bias, Test Forms, Test Items, Test Reliability, Test Standardization, Test Validity]—Serials

adaptation & shortening of Chronic Respiratory Disease Questionnaire for use in clinical practice, adults with cystic fibrosis, 36007
age, construction of Utrecht Early Mathematical Competence Scales, 4–7 old 1st vs 2nd vs 3rd-grade males vs females, 13961
algorithm for 0-1 linear programming for simultaneous assembly of multple test forms, GRE test takers, erratum, 19655
Awareness of Being a Patient Scale development & psychometric properties, 18–67 yr old schizophrenia patients, 35941
cluster analysis & criterion validity of brief values inventory scales, 6599
computer simulation of inclusion of items of distribution shapes in unidimensional scale, test reliability & validity, implications for scale development, 13033
concepts & techniques of item-response theory & application to patient satisfaction questionnaire, 26277
construct & discriminative validity & reliability of Memory Impairment Screen for Alzheimer's disease & other dementias, aged patients, 9923
construct of questionnaire for measurement of psychosocial adaptation related to short stature, parents of growth-retarded children, 3292
construct validity & clinical assessment of anxiety sensitivity & disorders, children & adolescents, 19613

construction & factor analysis of subjective-experience-of-problem-irresolvability scale, suicide attempters vs psychiatric patients, 26152
construction & reliability & validity of instrument to assess attitudes toward the Americans With Disabilities Act & disability rights, 18–30 yr old college students , 45
construction & reliability & validity of the Perceptions of Parents Scale, 11–25 yr olds, 3301
construction & reliability of child psychiatry component of psychiatry clerkship Objective Structured Clinical Examination, 3362
construction & structural analysis & clinical applications of Delusions-Symptoms-States Inventory, literature review, 9922
construction & structure of rating scale of emotional reactions to & tolerant attitudes toward cultural groups & correlation to other personality scales, 17–47 yr old college students, 9837
construction & utility of writing development scales, 13–14 yr old females, 3 yr study, 3364
construction & validation of conjoint intake & follow-up scales for Addiction Severity Index, change in opioid or cocaine or alcohol dependence, substance dependent adults, 6602
construction & validity & reliability of childhood asthma self management scales, assessment of management barriers & treatment & asthma self-efficacy, parents & asthmatic 7–15 yr olds, 18811
construction & validity of Body Investment Scale, measurement of body image & attitudes & body care & comfort in touch related to self destructive behavior, suicidal hospitalized 13–19 yr olds , 6623
construction & validity of measurement, assessment & prediction of psychomotor abilities via computers, 18–30 yr olds, 36198
construction & validity of Sensation Seeking Scale for Adolescents, 14–18 yr olds, France, 6572
construction & validity of the Behavioral & Emotional Rating Scale, assessment of emotional & behavioral strengths, children with serious emotional disorders & their parents & professionals, 32716
construction of health-related quality of life questionnaire, multiple sclerosis patients aged 33.7–55.3 yrs old, 2 yr study, 32702
construction of McGill Friendship Questionnaires, measurement of friendship quality in late adolescence, 16–21 yr olds, 16310
construction of Meaning Identification Technique Scales, listening comprehension skills assessment of specific reading difficulties, primary school children in Edinburgh schools, 13108
construction of Peters et al Delusions Inventory, measurement of delusional ideation in normal population, healthy 19–75 yr olds, 30515
content & factorial & construct validity & internal consistency & test-retest reliability of Sport Friendship Quality Scale, assessment of quality of youth sport friendships, 8–16 yr olds, 22843
critical review of theoretical underpinnings & development & psychometric properties of TEMAS Thematic Apperception Test, projective personality instrument for children & adolescents, 11284
definition & measurement & validation of scale to measure psychological empowerment, employees (mean age 30 yrs), 29119
design & development of the UK World Health Organization Quality of Life response scale, well Ss vs medical outpatients (mean age 46.3 yrs), implications for cross cultural use, 13105
design & test parameters & validity of tire striking test & physiological responses & performances, 29–46 yr old fire fighters, 9817
development & age & educational level norms & reliability & factor structure of NEUROPSI brief neuropsychological test battery in Spanish, 16–85 yr olds, 26201
development & assessment of FEAR generalized anxiety scale as rapid screening measure in primary care settings, 65–92 yr olds, 9893
development & concurrent & convergent & discriminant validity of measure of turbulence in Children's Homes, 10–17 yr old residents & staff of Children's Home, 15583
development & confirmatory factor analysis & validity of Rhode Island Stress & Coping Inventory, 18–74 yr old smokers who successfully quit vs relapsers, 6658
development & construct validity & reliability of Miville-Guzman University-Diversity Scale, assessment of awareness/acceptance of diversity, ethnically diverse undergraduates, 24031
development & construct validity of Hypercompetitiveness in Academia scale, college students, 29420
development & construction of Attitudes Toward Career Counseling Scale, 18–30 yr old & older college students, 16052
development & contemporary psychoanalytic theoretical basis of Parent-Child Interaction Assessment, parental attunement & other aspects of parent & child & dyad functioning, mothers & children , 29317
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, commentary, 13082
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, commentary, 13078
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, 13076
development & evaluation of a computer-administered measure of cognitive complexity, college students, 58
development & evaluation of problem frequency scales from Computerized Assessment System for Psychotherapy Evaluation & Research, university counseling center clients, 13062
development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15–61 yr olds, 23931
development & factor analysis & reliability & validity of Asian Values Scale, assessment of adherence to Asian cultural values, 17–53 yr old Asian Americans, 23862
development & factor analysis & reliability & validity of Garos Sexual Behavior Index, assessment of disorders of sexual frequency & control, 18–30 yr olds, 76
development & factor analysis of Sociocultural Adaptation Scale, Asians vs New Zealanders vs Britons vs Americans vs Japanese, New Zealand vs Singapore, 35911
development & factor structure & construct validity of condom perception scale, assessment of perceived benefits & barriers to using condoms in preventing sexually transmitted diseases, 13–26 yr olds, 36012
development & factor structure & content validity of Reputation Enhancement Scale, delinquent vs nondelinquent vs at-risk 12–18 yr olds, 19612
development & factor structure & validity & reliability of Borderline Personality Inventory, borderline & nonborderline & schizophrenic psychotherapeutic inpatients, 29374
development & factor structure & validity of Interpretive & Supportive Technique Scale, measurement of therapist technique in psychodynamic psychotherapies, 18–62 yr olds with mental disorders, 13117
development & factor structure of ARCS Gaming Scale as motivational measure, attention & relevance & confidence & satisfaction in playing of computer games, 18–52 yr olds, 2 yr study , 6581
development & factor structure of Croatian version of Multidimensional Coping Inventory, assessment of coping strategies, college students, 16319
development & initial validity of scale to measure G.W. Allport's religious maturity concept, 17–65 yr olds, 32603
development & internal consistency & discriminant validity & personality dimensions of Self-Presentation Tactics Scale, male vs female college students, 13051
development & internal consistency & interrater & test-retest reliability of reinforcer choice assessment scale, institutionalized 19–77 yr olds with severe or profound mental retardation, 35860
development & internal consistency & test-retest reliability of Tower of London-Revised, college students, 6598
development & internal consistency of Adolescent Sexual Activity Index, assessment of sexual behaviors, 12–19 yr olds, 32592
development & internal reliability of Attitudes Toward Thinking and Learning Survey, male vs female college students, 29554
development & operation & validity of composite measure for assessment of alcohol treatment outcome, abstinent vs moderate vs heavy drinkers, 15 mo study, 9879
development & predictive validity of short screening scale for DSM-IV PTSD, 18–45 yr olds, 22857
development & preliminary validity of Iowa Personality Disorder Screen, 22–76 yr old nonpsychotic psychiatric inpatients & outpatients, 16342
development & psychometric assessment of measure of psychological sense of community at work & related antecedents & consequences, 31–40+ yr old employees, 117
development & psychometric assessment of the Physical Symptom Distress Scale, measurement of physical symptom distress, 20–87 yr old Chinese patients with end-stage renal disease on hemodialysis, 3349
development & psychometric evaluation of Cane Use Cognitive Mediator Instrument, measurement of attitudes toward cane use in fall prevention, community-dwelling 65–93 yr olds, 32695
development & psychometric evaluation of Environment–Behavior Interaction Code, measurement of social environmental antecedents of disruptive behavior, elderly residents of dementia care units, 32654
development & psychometric properties of 2 measures of self-care & problem solving self-efficacy, 30-85 yr old caregivers of cognitively impaired elders, 26124
development & psychometric properties of 3 scales, assessment of sex knowledge & experience & needs, adults with mild intellectual disabilities vs physical disabilities vs general population, 26150
development & psychometric properties of Parent Child Conflict Tactics Scale, identification of child maltreatment & neglect & nonviolent discipline, infants to 17 yr olds & their parents, errata, 92
development & psychometric properties of short version of Team Climate Inventory, evidence of 4-factor structure of team climate, social & health care personnel, 22922
development & psychometric properties of Student Behavior Survey, student adjustment & behavior problems, kindergarten–12th grade special & regular education students, 3367
development & psychometric properties of Washington Primary Care Interest Inventory, measure of attitudes about appropriate psychosocial concerns for family physicians, medical students, 6549
development & psychometrics & scoring of Sexual Experiences Questionnaire—Department of Defense, measurement of nature & prevalence & severity of sexual harassment, military personnel, 32635
development & psychometrics & validity of Staff Stressor Questionnaire, staff in services for people with intellectual disabilities, 26243
development & psychometrics of 5 item version of Geriatric Depression scale, frail outpatients, 26144
development & psychometrics of Benzodiazepine Dependence Self Report Questionnaire, general practice patients vs psychiatric outpatients vs self help patients, 26147
development & psychometrics of MacArthur Competence Assessment Tool–Criminal Adjudication, measurement of competence to participate in legal proceedings, 18–65 yr old felony defendants, 6625
development & psychometrics of Neurobehavioral Functioning Inventory, adults with head injuries, 36000
development & psychometrics of Objective Behavioral Index, assessment of behavioral indicators of treatment response, 18–52 yr olds with severe personality disorders, 19571
development & psychometrics of Traits Personality Questionnaire, measurement of big 5 personality dimensions, Greek college students, 6600
development & reliability & content validity of Community-Oriented Health Care Competency Scale, knowledge & attitudes & intention to practice community-oriented health care, adults, 35855
development & reliability & factor analysis of theory-based instrument for assessing breastfeeding intention, 13–45 yr old low-income pregnant females, 3352
development & reliability & validity & Dutch & English language equivalence of Error Orientation Questionnaire, adults, 26248
development & reliability & validity & factor analysis of stress questionnaire, staff working with patients with intellectual disability, 29427
development & reliability & validity & factor structure of Hassles Assessment Scale for Students in College, assessment of stress, college students, 35908
development & reliability & validity & factor structure of Schedule for Nonadaptive and Adaptive Personality, college students, 24020
development & reliability & validity & psychometric properties of Reasons for Living Inventory for Adolescents, assessment of suicidal behavior, clinical & nonclinical 14–18 yr olds , 6624
development & reliability & validity of About My Asthma questionnaire, stress levels & health related quality of life, 6–12 yr olds with moderate–severe asthma, 1945
development & reliability & validity of APZ questionnaire, standardized psychometric assessment of altered states of consciousness, Switzerland & Germany & UK & Italy & Portugal & US, 3279
development & reliability & validity of Assertive-Behavior Competence Inventory, probability of & discomfort experienced during assertive behavior, 60–82 yr olds, 1012
development & reliability & validity of Bakas Caregiving Outcomes Scale, measurement of changes in family caregiving outcome, family caregivers of stroke survivors, 32697
development & reliability & validity of Egoism Scale, measurement of concern with one's own pleasure or advantage at expense of community well-being, Dutch vs American college students & other adults, 35912
development & reliability & validity of Family Accommodation Scale for Obsessive-Compulsive Disorder, patients with obsessive-compulsive disorder & their family caregivers, 35925

development & reliability & validity of Feeling-Tone Questionnaire, screening instrument for depressive symptoms, elderly patients with dementia in long term care institution or psychiatric hospital, 9907
development & reliability & validity of Inventory of Interpersonal Situations, assessment of social anxiety, psychiatric & nonpsychiatric adults, 19575
development & reliability & validity of Marriage Problems Scale-50+, assessment of marital relationships, 50–88 yr old married couples, 19589
development & reliability & validity of McKnight Risk Factor Survey-III & utility, assessment of risk & protective factors in development of eating disorders, 10–18 yr old females, 9903
development & reliability & validity of measurement, assessment & prediction of work-satisfaction, academic faculty generalists , 36045
development & reliability & validity of Parent Success Indicator, assessment of competence in fulfilling parental guidance role for children, parents of 10–14 yr olds, 6564
development & reliability & validity of Patient Self-Advocacy Scale, 18–76+ yr olds with vs without HIV/AIDS, 21498
development & reliability & validity of Personal Experience Inventory for Adults, substance abuse assessment, drug rehabilitation patients & criminals, 16357
development & reliability & validity of Relationship Self Inventory, assessment of general self-orientations & manifestation of connection, male &/vs female 16–78 yr olds, 3300
development & reliability & validity of Resiliency Scale, measurement of beliefs interacting with environmental stressors to determine coping skills, 9th graders, 29332
development & reliability & validity of Scale for Observation of Agitation in Persons with DAT, patients with dementia of Alzheimer type (mean age 82.7 yrs), 22895
development & reliability & validity of self report questionnaires, assessment of fear of flying, adults with flying phobias, Netherlands, 19631
development & reliability & validity of Shedler-Westen Assessment Procedure, quantification of clinical judgment & refinement of Axis II categories, patients with personality disorders & clinicians, 6634
development & reliability & validity of short form of Test of Functional Health Literacy in Adults, assessment of ability to read & understand health related materials, patients (mean age 44 yrs), 36004
development & reliability & validity of Short Sense of Competence Questionnaire, assessment of competence in dealing with burden of caring for dementia patients, caregivers (mean age 63 yrs), 9821
development & reliability & validity of Structured Interview for Assessing Perceptual Anomalies, sensitivity & attention to & inundation of sensory stimuli, schizophrenia patients, 30700
development & reliability & validity of the Maudsley Addiction Profile (MAP) for assessing treatment outcome, adult (mean age 35.5 yrs) drug or alcohol users, 6619
development & reliability & validity of Tobacco Dependence Screener, measurement of tobacco/nicotine dependence according to ICD-10 & DSM-III-R & DSM-IV, adult smokers, 19622
development & reliability & validity of UCLA Prostate Cancer Index, measurement of health-related quality of life, males (mean age 72.7 yrs) with prostate cancer, 5280
development & reliability of cognitive assessment battery, 20–36 mo olds with physical impairments, 22865
development & reliability of Comprehensive Childhood Maltreatment Inventory, college students, 35955
development & reliability of Social Circles Questionnaire, caregiver ratings of social support provided by family & workers & friends & romantic partners, 18–74 yrs olds with mental retardation, 27963
development & situational structure of scales to measure stage of change & sex differences in confidence in safer sex & temptation for unprotected sex constructs, college students, 22906
development & standardization of Iowa-Chapman Reading Test, brain damaged patients, 19641
development & uses of Basic Skills Evaluation Device, family therapy trainees, 9951
development & utility of Autonomic Nervous System Questionnaire, assessment of panic disorder, primary care medical clinic clients, 21193
development & validation & changes & strengths & limitations & current status of the MCMI , 26134
development & validation of child self-report & parent report measures of children's posttraumatic stress symptoms, 3rd–8th graders & their parents, 6613
development & validation of Faith Development Scale, measurement of mature faith development & personality characteristics, adults (mean age 20.9 yrs old), 32604
development & validation of fuzzy set-based measures of gradedness of product attributes in product categorization, college students, 13146
development & validation of Gender Role Egalitarian Attitudes Test, 17–59 yr old college students, cultural & regional comparisons in China vs Hong Kong vs US, 35891
development & validation of geriatrics rating scale, measure of change in attitudes toward & caring for older persons, primary care residents & faculty & fellows, 1 & 2 yr followups, 122
development & validation of Hindi Brief Pain Inventory, assessment of pain & pain interference & management, 18–85 yr old cancer pain patients, India, 9936
development & validation of Indicators of Abuse screen, caregiver abuse, 55 yr old & older community dwelling care receivers, 5884
development & validation of Memory Accessibility for Partner Not Understanding & Schema of Partner Empathic Responses to Anger scales, married couples, 3302
development & validation of Mini-International Neuropsychiatric Interview, diagnosis of DSM-IV and ICD-10 psychiatric disorders, psychiatric patients, 6635
development & validation of Multicomponent AIDS Phobia Scale, measurement of cognitive & affective & behavioral dimensions of AIDS phobia, college students, 3315
development & validation of Multifactorial Assessment of Eating Disorder Symptoms, evaluation of treatment outcome for anorexia & bulimia, female college students & patients with eating disorder, 13055
development & validation of Positive and Negative Affect Scale for Children, differential diagnosis of anxiety & depression, normal 4th–8th graders & psychiatric inpatients of approximately same age, 30619
development & validation of Quitting Time for Alcohol Questionnaire, 18–78 yr olds from the community & college students, 19574
development & validation of rigid & flexible subscales of Eating Inventory to examine disinhibition & body mass index & binge eating & weight reduction, 19633
development & validation of scale assessing self-efficacy for increasing fruit & vegetable consumption & ability of scale to discriminate Ss at different stages of change readiness, 21–60 yr olds, 26081
development & validation of selection test for staffing work teams, production employees in pulp mill & box plant, 22590
development & validation of Shedler-Westen Assessment Procedure, measurement & classification of personality disorders, patients with personality disorder, implications for revision of DSM-IV axis II, 9910
development & validation of simpatía scale for use in drug treatment, measure of agreeableness & respect for others & politeness, Hispanic opioid users, 77
development & validation of the Drug Problem Index, measurement of interstate variations on drug abuse problems, data collected from 50 US states, 9934
development & validation of the Iowa-Netherlands Comparison Orientation Measure & individual differences in social comparison, American vs Dutch adults, 9838
development & validity & reliability & association with social cognitive measures of strategy coding instrument, assessment of personal strategies for HIV prevention & risk behaviors, college students, 32705
development & validity & reliability of & normative data on multiple neuropsychological measures, 16–70 yr old Hispanics, 32685
development & validity & reliability of Chemistry Laboratory Anxiety Instrument (CLAI) rating scale, undergraduates, 9939
development & validity & reliability of Choice Questionnaire for self-report vs 3rd party rating of choice behavior in relation to quality of life, 18–61-yr olds with intellectual disability, 29394
development & validity & reliability of measure of subjective consumer knowledge, 17–83 yr olds, 36055
development & validity & reliability of Moral Interpretation of Interpersonal Violence Scale, 5–12 yr olds watching more fantasy vs realistic tv violence, 35883
development & validity & reliability of reading/language arts portfolio assessment, prekindergarten–2nd grade students, 15946
development & validity & reliability of Speaking Extent and Comfort scale, assessment of conversation & social interaction & anxiety & avoidance, 16–82 yr old college students, 24030
development & validity & reliability of Survey of Environmental Issue Attitudes, community college students, 19476
development & validity of a combined objective ephebophile scale, male Catholic priests in treatment for sexual vs non-sexual psychiatric disorders, 35927
development & validity of Adolescent Attachment Questionnaire, adolescents, 36
development & validity of Adolescent Leisure Time Activity Scale (ATLAS), assessment of relationship between leisure activity type & delinquent behavior, low SES Mexican-American adolescents, 19582
development & validity of adolescent version of Questionnaire of Eating and Weight Patterns, screening for binge eating disorder, 10–18 yr olds, 32698
development & validity of Codependency Assessment Tool, adult females in abusive & potentially harmful relationships, 1462
development & validity of Decisional Balance for Immoderate Drinking, college students, 29384
development & validity of DISCERN, assessment of quality of written consumer health information, information providers & self heip group members , 13099
development & validity of measurement for assessing employee empowerment, 18–55+ yr old employees, 29425
development & validity of Obesity Related Well Being questionnaire, assessment of physical & psychosocial distress, obese 15–73 yr olds , 19624
development & validity of Perceptions of Career Management Practices, college students & personnel, 19412
development & validity of Pilot Response Predisposition Inventory, aircraft pilots, implications for aviation safety, 12984
development of & evaluation process for Psychiatric Discomfort Scale, self-report measure of discomfort with psychiatric symptoms, psychiatric inpatients, 6603
development of Adolescent Survey of Black Life, measurement of racial & ethnic identity & correlation with psychosocial variables, 11–16 yr old African Americans, 16326
development of Antisocial Personality Questionnaire, assessment of personality deviation, mentally disordered male offenders (mean age 31.84 yrs), 19611
development of Audit of Diabetes Dependent Quality of Life, measurement of perceived disease impact, adults with diabetes, 36006
development of Carer Assessment Scale, assessment of needs of family carers of stroke patients, nurses & family carers, Hong Kong, 5882
development of Caseload Segregation/Integration Ratio, children & adolescents in community mental health vs child protection vs special education service sectors, 25405
development of Child Molester Empathy Measure, nonfamilial child molesters, 9833
development of clinical test for viseme recognition for Quebec French, 18–30 yr olds, 4365
development of coaching motivation scale to identify motivational style & its relationship to personality & decision making, Div I & II NCAA male & female coaches (mean age 45 yrs), 25952
development of Consumer Assessment of Behavioral Health Services instrument, quality of mental health & substance abuse services & insurance plans, 25–44 yr olds, 25391
development of content analytic measure of cognitive bias, college students, 29316
development of environmental sensitivity measure, influence of outdoor adventure trip on environmental sensitivity, 12–19 yr olds, 22851
development of ESL speaking skills assessment using Generalizability theory & Many-facet Rasch measurement, immigrants to Australia, 4368
development of Essential Functions Worksheet, determination of essential job functions & compliance with Americans with Disabilities Act, employees & supervisors, 6289
development of Exercise Imagery Questionnaire-Aerobic Version, assessment of nature of exercise imagery, volunteer aerobic exercisers, 32573
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary, 46
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary, 54
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary reply, 43
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary, 42
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, 44
development of HIV version of Unsupportive Social Interactions Inventory, assessment of social support & unsupportive social interactions & association with depression, 21–62 yr olds with HIV, 26145
development of humiliation assessment scale, 15–51 yr olds, 22848
development of Interpersonal Trust Questionnaire, measurement of individual differences in capacity to self-disclose & express emotion in context of social support, undergraduates, 19594

development of intrapartum intervention score, perceptions of interventions experienced during childbirth, mothers, implications for understanding psychological effects of childbirth interventions, 16368
development of inventory to measure knowledge of behavioral methods, caregivers of patients with severe psychiatric impairments, 16370
development of measure of health salience, health concerns & health motivation & relation to other health beliefs & behavior, 35–45 yr old premenopausal & menopausal women, 3348
development of measure of sexual victimization, female college students, 17974
development of measure of symptom specific health care service use, physicians & general public, 106
development of measurement of amnesia in terms of temporal continuity, 31–58 yr olds with encephalitis or meningioencephalitis or aneurysm rupture, 8 wk study, 9912
development of model for predicting occupational attainment success & upward mobility, male personnel, England, 29060
development of Multidimensional Intimate Coping Questionnaire, coping in intimate relationships, college students (aged 17–60 yrs), 11228
development of Norwegian short form of Marlowe-Crowne Social Desirability Scale, adults, 32612
development of parent-report measure of medical adherence & attributions of child compliance difficulties, mothers & fathers & teachers & health professionals of 8 & 9 yr olds with spina bifida, 3351
development of patient preference questionnaire, assessment of preferred aspects of therapeutic intervention, migraine sufferers, 5731
development of psychometric vs information processing assessments for cognitive abilities in military testing, 26245
development of questionnaire assessing factor analysis of work behavior, hospice & crisis & family service volunteers, 120
development of rating scale to measure readiness for shared learning activities, undergraduates in health care professions, 13109
development of reliable & valid brief measure of coping self-efficacy, 20–67 yr old substance users, 25542
development of revised Kogan Attitudes Toward Old People Scale, TV news producers, 13049
development of revised version of Anxiety Sensitivity Index, psychiatric outpatients (mean age 36 yrs), 93
development of Satz-Mogel short form of WAIS-III, validity& clinical utility of full IQs & subtest profiles, men in substance abuse outpatient program, 29389
development of scale in measuring professional attitudes & behaviors in medical education & residency setting, medical students & residents, 114
development of scale measuring attitudes toward purchasing nonprescription contraceptives, 32729
development of scale to measure loss/powerlessness & provisional & ultimate meaning, caregivers of persons with dementia, 36010
development of scale, assessment of expectations & stereotypes concerning adolescents, adults, 38
development of Scott–McIntosh Rumination Inventory, measurement of emotionality or motivation or distraction component of thoughts about failed goal pursuits, college students, 16327
development of Self-Harm Inventory to identify borderline personality disorder through self-destructive behaviors, adults, 28
development of spirituality questionnaire, 32607
development of sports involvement inventory, construct of sports involvement & relation between involvement & sports-related behavior, adults (mean age 32.5 yrs), 6562
development of Staff Services Analyst computerized test, measure of job experience on Internet & telephone communication systems, applicants for professional civil service positions, 26242
development of standard satisfaction questionnaire, satisfaction with HIV service provision in National Prospective Monitoring System hospitals, patients with HIV, 26130
development of standardized boat sobriety test, 19–53 yr old recreational boaters, 12982
development of structured pain interview & comparison with 0–10 scale, prevalence of chronic pain, nurses & nursing home residents, 1 mo followup, 22911
development of test to measure spatial abilities associated with apparel design & product development, female college students majoring in clothing & textiles, 22838
development of the Child Psychotherapy Process Scales, 6–12 yr olds clients & graduate student therapists, 26137
development of the Dating Self-Protection Against Rape Scale & prediction of self-protective behaviors against sexual assault, heterosexual men vs women vs gay men vs lesbians vs bisexuals, 16324
development of the Duke University Parkinson's Rating Scale, measurement of impairments & physical performance, Ss in early to middle stages of Parkinson's disease, 22893
development of the Masculine–Feminine Pathology Scale for the MMPI–2, measurement of gender orientation & symptomology, male vs female psychiatric inpatients (mean age 36.7 yrs), 3322
development of the Resistiveness to Care Scale, assessment for individuals with dementia of the Alzheimer's type, nursing staff & dementia patients, 9933
development of the Student Self-Perception Scale, measurement of academic self-concept & attainment & personality, 16–19 yr old students, 26236
development of the U.S. Collectivism Index, measurement of regional patterns of individualism & collectivism across states, US residents, 26123
development of the Wisconsin Quality of Life Index as a multidimensional model for measuring quality of life, 13100
development of Therapy Outcome Measure scales, assessment of speech & language therapy for clients with speech & language impairments, speech & language therapists, 35935
dimensions of environmental competence & developed scale to measure dimensions, male vs female college students, 35864
disease-specific conceptual framework & development of instrument for assessment of quality of life, 55 yr old & older dementia patients, 13098
evaluation of Risk for AIDS Behavior & development of AIDS Risk Inventory, drug abusers, 8340
factor analysis & reliability & validity of Bulimia Test-Revised, measurement of bulimic symptomatology, 11–18 yr old males & females, 32660
factor structure & psychometric properties of Social Interaction Anxiety Scale & Social Phobia Scale, measurement of social phobia, 17–43 yr olds, 3327
factor structure & reliability & construct validity of 9 scales to measure perceived work characteristics across occupational groups, National Health Service Trust health personnel, 32726
factor structure & reliability & validity of & age & gender norms for Behavioral Inhibition System & Behavioral Activation System scales, 18–79 yr olds, Australia, 6590
feminist process model for adapting AIDS survey for use with community-based sample, 18–54 yr old females, 36024
framework for & development & reliability & validity of Community Organization Sense of Community scale, sense of community in community organizations, community organization members, 9814
hierarchical relationships between performance on accredited reading & writing measures, 4–5 yr olds, England, implications for test construction of baseline reading & writing assessments, 16378
identification of cultural vs technical flaws in test items, 22–55+ yr old item review committee members, 13107
internal & external validity of Whiteley Index & construction & validity of 7-item Whiteley scale & Illness Conviction & Worrying subscales, screening for hypochondriasis & somatization, 18–65 yr old primary care vs neurological patient
intrajudge consistency & cutscores of Nedelsky vs Angoff methods of standard setting for exams in research methods course, graduate education students, 13106
issues of question comprehension & behavioral frequency reports & context effects & influence on attitude & answers to self-reports, 9819
item response based development & validity of Readiness Inventory, assessment of readiness for 1st grade, preschoolers with vs without intensive readiness preparation training, 22917
Job Stress Survey & other measures of job pressure & organizational support in workplace, employees, commentary reply, 22923
lack of correspondence between cognitively complex construct definitions & cognitive assumptions involved in educational test development processes & alternative construct-centered approaches, 26231
linear programming model for test assembly & observed-score equating, 6565
measurement & dimensions of organizational citizenship behavior & job satisfaction & commitment using Money Ethic Scale, mental health workers (mean age 36.52 yrs), 13121
methodological & theoretical issues of attachment theory & cultural assumptions & social implications involved in development & use of Parental Investment in the Child Questionnaire, commentary reply, 3296
methodological & theoretical issues of attachment theory & cultural assumptions & social implications involved in development & use of the Parental Investment in the Child Questionnaire, commentary, 3298
methodological approaches to study of & design of computerized survey questionnaire assessing sexual behavior & attitudes & contraception & condom use, 16–20 yr olds, 26284
process & outcome to enhance cultural validity of DSM-IV, 29383
psychometric analysis of Client Cultural Competence Inventory, perceptions of behavioral managed care agency & therapist cultural competence, parents of 5–17 yr olds with severe emotional disturbance, 9139
questionnaire development in measurement of & cross-national differences in attitudes toward euro currency, 15 members of European Monetary Union, 6682
rationale for widespread adoption of standardized health risk behavior survey, adult populations, 9937
rationale for widespread adoption of standardized health risk behavior survey, adult populations, commentary, 9938
recurrences of children's ear & nose & throat infections in & development of questionnaire on quality of life, parents of children under 4 yrs, 3347
relationship between pain & anxiety & development of Fear of Pain Questionnaire, 3299
reliability & concurrent validity of Psychosocial History interview, assessment of status & needs, women clients in substance abuse treatment, 35928
reliability & validity & factor structure of Alcohol Expectancies Regarding Sex, Aggression, and Sexual Vulnerability Questionnaire, assessment of alcohol's affects on self vs others, 18–54 yr olds, 29414
reliability & validity & factor structure of Amphetamine Withdrawal Questionnaire, inpatients & outpatients with amphetamine withdrawal, 13077
reliability & validity of Arizona Sexual Experiences Scale, assessment of antidepressant-induced sexual dysfunction & treatment strategies, depressed adult male and female patients, 15316
reliability & validity of the Short Orientation-Memory-Concentration Test, 17–63 yr old rehabilitation patients with various neurological diseases, 21615
research on development & validity & potential uses of Wisconsin Manual for Assessing Psychotic-like Experiences, 22869
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26098
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26105
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26104
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, 26099
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary reply, 26100
social stereotype expectations, adults, application & development & reliability & validity of stigma consciousness questionnaire, 11163
stringent & lenient criteria, development of health status questionnaire, patients suffering from chronic left ventricular dysfunction, 5760
Teacher Multicultural Attitude Survey development & initial score validation, 19–73 yr old teacher education students, 9401
test construction & use & psychometrics in Spanish- & Portuguese-speaking countries, psychologists, implications for implementation of testing process & translation & adaptation of tests, 26083
test structure & other factors affecting performance in & perception of neuropsychological examination, 23–56 yr old Maori, New Zealand, 9925
use of certification reports in development of Clubhouse Fidelity Instrument to measure mental health program fidelity to clubhouse model of psychosocial rehabilitation, staff & consumers, 16306
use of Infant Index/Baseline-PLUS to assess baseline reading & writing & spelling & math ability & behavior, 4–5 yr olds, England, implications for policy making, 16374
use of item response theory in psychological test construction & evaluation & scoring, 16299
validity & reliability & conceptual design of Revised Approaches to Studying Inventory & creation of interval level scale, undergraduates, 16383

Test Construction [See Also Content Analysis (Test), Difficulty Level (Test), Item Analysis (Test), Item Content (Test), Test Bias, Test Forms, Test Items, Test Reliability, Test Standardization, Test Validity]—Books

Developing and validating multiple-choice test items (2nd ed.), 19576
Foundations of psychological testing, 29322
Innovations in computerized assessment, 16307

The new rules of measurement: What every psychologist and educator should know, 9804
Panic and Agoraphobia Scale (PAS), 35974
Test Construction [See Also Content Analysis (Test), Difficulty Level (Test), Item Analysis (Test), Item Content (Test), Test Bias, Test Forms, Test Items, Test Reliability, Test Standardization, Test Validity]—Chapters
Assessing personality traits of individuals with mental retardation, 32676
Bedside frontal lobe testing: The "Frontal Lobe Score", 6656
Behind the scenes: Using new measurement methods on the DAS and KAIT, 9805
CAT for certification and licensure, 16392
Computerized assessment of skill for a highly technical job, 16396
Conners Rating Scales-Revised, 26170
Cross-cultural use of measurements, 111
Developing computerized adaptive tests for school children, 16387
The development and application of a diagnostic tool to help manage survivors of organizational change over time, 26250
Development and introduction of a computer adaptive Graduate Record Examinations General Test, 16389
Development of an interactive video assessment: Trials and tribulations, 16394
Development of the Computerized Adaptive Testing version of the Armed Services Vocational Aptitude Battery, 16399
Easing the implementation of behavioral testing through computerization, 16393
The European Brain Injury Questionnaire: Patients' and families' subjective evalualtion of brain-injured patients' current and prior to injury difficulties., 32691
Experience with the Alcohol Use Disorders Identification Test (AUDIT) in Mexico, 3360
Focus chapter: **Item response theory in assessment research, 9915**
Henry A. Murray and the creation of the Thematic Apperception Test, 32619
Individualising questionnaires, 26217
IRT and intelligence testing: Past, present, and future, 9867
Katz Adjustment Scales, 26169
Look homeward, Harry: Literary influence on the development of the Thematic Apperception Test, 32621
Maximizing questionnaire quality, 9863
Observational assessment: Measure development and research issues, 9914
The Patient Generated Index, 26213
Pioneer experiences in the clinical development of the Thematic Apperception Test, 32675
Psychometric issues in assessment research, 9916
Representational issues in assessment design, 9947
Research design in objective personality assessment, 9854
The Schedule for the Evaluation of Individual Quality of Life, 26214
Searching for structure in the MMPI, 9919
SF-36 Health Survey, 26218
Six decades of the Bellak scoring system, among others, 32663
The Tell-Me-A-Story Test: A multicultural offspring of the Thematic Apperception Test, 32620
Youth Outcome Questionnaire (Y-OQ), 26193
The zeitgeists and events surrounding the birth of the Thematic Apperception Test, 32627
Test Difficulty [See Difficulty Level (Test)]
Test Equating [See Score Equating]
Test Forms—Serials
adaptation & reliability of Participant Role Scale for distinguishing groups within bullying & victimization process, 7–10 yr olds, 10882
adaptation & shortening of Chronic Respiratory Disease Questionnaire for use in clinical practice, adults with cystic fibrosis, 36007
adaptation & validation of self-administered version of Cultural Distance Questionnaire, 17–19 yr old British volunteers working overseas, 6561
age & sex & education effects on generalizability & diagnostic discriminability of short form of Boston Naming Test, 46–97 yr olds with Alzheimer's disease vs normal adults, 26148
algorithm for 0-1 linear programming for simultaneous assembly of multple test forms, GRE test takers, erratum, 19655
assessment of psychometric characteristics & dimensionality in NEO Five-Factor Inventory Form S for personality, employed nonstudent adults, 19604
assessment of similarity algorithms using 'well-defined' vs 'nonrestrictive' codetype profiles of MMPI & MMPI-2, 13–79 yr old psychiatric patients & outpatients referred for psychiatric evaluation , 3332
Australian vs UK versions of Childhood Asthma Questionnaires, measurement of health-related quality of life, 4–16 yr olds with asthma, 3350
Barron's Ego Strength & G. S. Welsh's Anxiety & Repression scales, MMPI vs MMPI-2 test version, 18–43 yr old college students, 3288
cluster analysis & criterion validity of brief values inventory scales, 6599
common dimensions of Beck Depression Inventory-II & Beck Depression Inventory-amended version, adults (mean age 42.2 yrs) with major depression, 6636
comparison of 9 WAIS-R short forms, correlation with WAIS-R Full Scale IQ, adults (mean age 35.4 yrs) with mild to severe traumatic brain injury, 13092
congruence of MCMI-II & MCMI-III, urban poor cocaine abusers (mean age 35 yrs), 3320
cross validation & extension of MMPI-Adolescent Immaturity scale, measurement of ego development, college students, 13053
development & reliability & validity & factor structure of Schedule for Nonadaptive and Adaptive Personality, college students, 24020
development & validation & changes & strengths & limitations & current status of the MCMI , 26134
development of revised version of Anxiety Sensitivity Index, psychiatric outpatients (mean age 36 yrs), 93
development of Satz-Mogel short form of WAIS-III, validity& clinical utility of full IQs & subtest profiles, men in substance abuse outpatient program, 29389
discriminative properties & psychometric equivalence comparison between Screening Version of Psychopathy Checklist—Revised & original version, 16–82 yr old forensic vs civil psychiatric patients, 9881
elastic net neural network approach to problem of generating stochastically different Halstead-Reitan Trail Making Test forms, 6478
equivalence of computerized & written psychological instruments, implications for measures of negative affect, 22957
equivalence of Forms A & B of California Critical Thinking Skills Test, college students, 9841
extended version of behavioral screening Strengths and Difficulties Questionnaire, assessment of psychiatric caseness & chronicity & distress & social impairment & family burden, 5–15 yr olds , 26140
factor analysis & factor structure of Revised Social Anxiety Scale, 20–43 yr old college students, 17585
factor analysis of Estonian-language Religious Status Inventory, Christian students & church members, 14129
factor structure & cultural validity of modified sensation seeking scale & subscales, 15–50 yr olds & older, China, 35910
factorial structure of Anorexia Nervosa Inventory for Self-Rating & its short form, assessment of anorexic attitudes & symptoms, 11–30.9 yr old females, 6627
factorial validity & invariance of short form of Positive & Negative Affect schedule, 18–79 yr olds, 19598
Five-Factor Personality Inventory psychometrics & construction & availability of translated versions, 19597
internal & external validity of 7 short forms of WISC—III, child & adolescent psychiatric inpatients (mean age 12.55 yrs), 6606
internal consistency & discriminant validity of Luria Nebraska Neuropsychological Battery-III, discrimination of normal vs abnormal performance, normal & brain injured 14–89 yr olds, 29410
item & scale level analyses of factor structure of MMPI-A content scales, male &/vs female 13–18 yr olds in normative sample & subsample receiving psychiatric services, 3321
MMPI-A vs Marks-Briggs vs MMPI-2 norms, 14–17 yr old hospitalized juvenile delinquents with history of conduct problems, 27910
norms for 60-item version of Boston Naming Test, 55–91 yr old Dutch-speaking Flemish, Belgium, 6557
paper-and-pencil vs computerized forms of Comprehensive Basic Sciences Examination, US medical students or international medical graduates, 82
performance on & norms for Spanish & English versions of Boston Naming Test, young Spanish-English bilingual adults (mean age 20.82 yrs) educated in US, 6555
preliminary validation of MMPI-A with 13–18 yr old male delinquents, clinical correlates with symptoms/diagnoses derived from Schedule of Affective Disorders & Schizophrenia for School-Age Children, 3309
psychometric equivalency & score equating of booklet vs computer-based MMPI & MMPI—2, 9834
psychometric evaluation & validity of TNO-AZL Children's Quality of Life parent form, health-related quality of life, parents of 6–15 yr old patients, 3358
psychometric evaluation of the German & American versions of the Wechsler's scales, psychological measurement of high ability, 6–15 yr olds, 6570
psychometric properties & reliability & validity of alternate forms of translated form of Center for Epidemiologic Studies-Depression Scale, adult Korean immigrants, 86
psychometric properties of interview & self-report versions of BASIS-32, assessment of psychiatric symptoms & functional abilities, severely mentally ill adults, commentary & reply, 6611
psychometric properties of Korean vs English versions of NEO-Personality Inventory-Revised Form R vs S, native Korean college students, 3303
randomized vs standard answer form for Speech-Sounds Perception Test, adults, 3505
relationship between specific MMPI-Adolescent profile patterns & endorsement of items related to suicidal ideation, adolescents with depression or conduct disorder or other psychiatric disorders, 13056
reliabilities & intercorrelations of short-form subtests of Spanish version of WAIS, estimation of full scale IQ based on standardization data, 6582
reliability & validity & item analysis of the State–Trait Anxiety Inventory C-1 & Y-1, 5–18 yr olds, 3294
reliability & validity of 2 versions of Drug Abuse Screening Test, psychiatric outpatients, 6607
reliability & validity of Canadian-French vs German vs UK translations of Child Health Questionnaire, 4–19 yr olds & parents, comparison with Canadian- vs US-English versions, 3353
reliability & validity of short form of Center for Epidemiologic Studies Depression Scale, 70 yr olds & older with vs without depression, 3 yr study, 32631
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26105
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, 26099
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26098
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary reply, 26100
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26104
revision of Word Association Test, adult patients reporting satanic ritual abuse in childhood , 80
short- vs long-form Geriatric Depression Scale for depression detection, 62–99 yr old geriatric rehabilitation inpatients, 35969
standard instructions vs instructions to create impression of excellent psychological adjustment on MMPI-A, utility of underreporting scales, 14–17 yr olds with emotional & behavioral problems, 3306
test reliability & construct validity of Japanese version of Dimensions of Self Concept rating scale, high school Japanese females, 9845
translation of Quick Diagnostic Interview Schedule-III Revised into American Sign Language & Signed English & speech reading, deaf patients, 91
validity of Dumont/Faro short-form version of WISC-III, assessment of giftedness, 3rd graders, 2994
validity of full vs short form of CAMDEX interview, diagnosis of dementia, patients, 1 yr followup, 2065
yes/no recognition vs source monitoring test format, source-memory performance & eyewitness suggestibility, Ss ages 63–82 yrs, 16655
Test Forms—Books
ADHD Rating Scale—IV: Checklists, norms, and clinical interpretation, 96
Test Interpretation—Serials
emphasis on narrative interpretation mode in use of new coding systems to assess object relations & use of defense mechanisms using Thematic Apperception Test, application to psychiatric population, 16338
ethical perspectives & practice behaviors involving computer-based test interpretation, members of Society for Personality Assessment, 13034
Hostility subscale of revised Multiple Affect Adjective Checklist, hostility, college students, 16316
illustration of potential biases in subjective interpretation of projective tests, implications for psychology education , 12672
intended uses & scoring & generalization & extrapolation as issues in validity of interpretation of & ways to improve performance assessments in education, 26227
IQ differences & precision ranges for levels of confidence for use with seven-subtest short forms of WAIS-III, 29321
methods for investigating incremental validity of Rorschach variable ego impairment, implications for application to evaluation of other Rorschach variables, 30609

normative data by R. M. Reitan & D. Wolfson vs R. K. Heaton et al, interpretations of performance on Halstead-Reitan Neuropsychological Battery, victims of nonimpact acceleration force in accidents , 24849
supplementary WAIS-III tables for determining subtest strengths, 3285
use of binomial theorem to interpret degree to which score differs significantly from chance for neuropsychiatric measures with dichotomously scored items such as Geriatric Depression Scale, patients, 29412
use of performance assessments with ethnically and linguistically diverse students, 32714
vestibular autoration test using neural networks, assessment of ability to learn to fly, military student pilots, 36427
Test Interpretation—Books
A beginner's guide to the MMPI-2, 9913
Developing and validating multiple-choice test items (2nd ed.), 19576

Research on test and interest inventory interpretation outcomes, 16401
The Thematic Apperception Test and the multivoiced nature of the self, 32673
The Thematic Apperception Test: A paradise of psychodynamics, 32625
What can Rasch-based scores convey about a person's test performance?, 9807
Test Items—Serials
age & sex & education effects on generalizability & diagnostic discriminability of short form of Boston Naming Test, 46–97 yr olds with Alzheimer's disease vs normal adults, 26148
allowing examinees to select questions to answer on the GRE, test validity & internal consistency & performance, students taking the computer-based GRE, 26232
analysis & dimensions & validity & effectiveness of biodata items, supervisors ratings of applicant profile, clerical workers, 36048
ascribing meaning to survey items in method of factorial invariance in cross cultural management research , 13149
coefficient alpha & estimation of composite reliability with interrelated nonhomogeneous items using structural equation modeling, 6719
comparison of Content Validity Index & 3 alternative indexes in estimation of interrater agreement on job relevance of test items, 29426
computer simulation of inclusion of items of distribution shapes in unidimensional scale, test reliability & validity, implications for scale development, 13033
conditional-association & strong-positive-orthant-dependence models for pairing quantitative characterizations & associated theoretical structures in binary-item test analysis, 6705
contextual conditions leading to local item dependence in science performance assessment responses, elementary school students, 26224
correlations between Angoff ratings of minimum passing levels & observed item difficulty for borderline certification examinees, judges, 9813
evaluation of several person-fit indices to detect item memorization in computerized adaptive testing environment, examinees, 19666
experimentally induced faking, item level measurement of personality inventory, military recruits, 29340
gender differences by item difficulty in multiple choice mathematics tests, eighth & ninth graders, 2904
identification of cultural vs technical flaws in test items, 22–55+ yr old item review committee members, 13107
item responsiveness of rhinitis & asthma symptom score during pollen season, measurement of treatment outcome, 28–66 yr olds with asthma & allergic rhinitis, 32708
item score data on Beck Depression Inventory, Canadian vs Swedish vs Bulgarian 12–18 yr olds, 29432
item wording & observability & clarity, discrepancies between nurse & patient ratings on Appraisal of Self-Care Agency scale, 35940
methods variance & construct validity of single-item non-Likert vs multiple-item Likert measurement scales assessed with confirmatory factor analysis, 6553
model for testing factorial invariance as measure of group differences in survey-item meaning ascription, 6720
order of item difficulty on WAIS-R Picture Arrangement subtest, alcohol dependent patients (mean age 46.4 yrs), 30906
psychometric properties of body posture items of the Comprehensive Body Examination, 75
reduce the number of items in HIV/AIDS-Targeted Quality of Life measurement & psychometric properties vs Medical Outcomes study HIV Health Survey psychometric properties, 36013
relationship between specific MMPI-Adolescent profile patterns & endorsement of items related to suicidal ideation, adolescents with depression or conduct disorder or other psychiatric disorders, 13056
role of item strength in output interference in recall, university students, 272
sex, answers to constructed-response reading items in expository text, 7th vs 10th graders, 9944
sex, performance on multiple-choice & constructed response mathematics items in context of high school graduation test, 11th graders, 12684
test item familiarity, achievement test scores, 3rd–8th graders, 36033
test item format & state self-efficacy & worry during high-stakes computer-based certification examination, male computer engineer candidates, 26246
Test Items—Chapters
Exploiting the speed–accuracy trade-off, 10171
Personality measurement issues viewed through the eyes of IRT, 9866
Test Normalization [See Test Standardization]
Test Norms—Serials
age & education & ethnicity, performance on & norms for Paced Auditory Serial Addition Task, 20–68 yr olds, erratum, 13048
age & education & ethnicity, performance on & norms for Paced Auditory Serial Addition Task, 20–68 yr olds, 6583
age & educational level & gender, scores on Cognitive Abilities Screening Instrument, cognitively intact 65–101 yr olds, development of reference distribution for use by clinicians, 35989
age & gender & education level norms for Mini Mental State Examination, 20–79 yr olds, 27520
calculation of WISC-III General Ability Index using Canadian norms, children aged 6–16 yrs, 26110
development & age & educational level norms & reliability & factor structure of NEUROPSI brief neuropsychological test battery in Spanish, 16–85 yr olds, 26201
development & validity & reliability of & normative data on multiple neuropsychological measures, 16–70 yr old Hispanics, 32685
diagnostic discriminability of low-education neuropsychological test norms, psychogeriatric inpatients with vs without dementia vs healthy elderly with limited education, 31276
factor structure & reliability & validity of & age & gender norms for Behavioral Inhibition System & Behavioral Activation System scales, 18–79 yr olds, Australia, 6590
Finnish norms for Harvard Group Scale of Hypnotic Susceptibility Form A, 16–51 yr olds, 26459
Hypomanic Personality Scale factor structure & population norms, British vs Spanish vs Australian 16–93 yr olds, 35906
influence of patterns of legal immigration & accompanying demographic attributes on acquisition of neuropsychological norms, Hispanics , 32681
MMPI-A profiles & effect of scoring with standard vs Archer MMPI-A norms, 13 vs 14 yr old psychiatric inpatients, 6589
MMPI-A vs Marks-Briggs vs MMPI-2 norms, 14–17 yr old hospitalized juvenile delinquents with history of conduct problems, 27910
neuropsychological test norms for letter & category fluency based on age & education & ethnicity, 20–101 yr old Whites vs African Americans, 23092
normative data by R. M. Reitan & D. Wolfson vs R. K. Heaton et al, interpretations of performance on Halstead-Reitan Neuropsychological Battery, victims of nonimpact acceleration force in accidents , 24849
norms for 60-item version of Boston Naming Test, 55–91 yr old Dutch-speaking Flemish, Belgium, 6557
norms on Groffman Visual Tracing Test with American children, assessment of learning-related visual problems, 7–11 yr olds, Denmark, 5443
performance on & norms for Spanish & English versions of Boston Naming Test, young Spanish-English bilingual adults (mean age 20.82 yrs) educated in US, 6555
performance on Wold Sentence Copy Test, 8 vs 10 vs 12 vs 14 yr old, Denmark, comparison with American norms & implications for role of sociocultural factors in behavioral optometry, 3467
populations norms & reliability & construct validity & physical & mental component summary scores of UK SF36 version II, assessment of physical & mental health, 18–64 yr olds, 13102
rationale & critical dimensions & techniques for using peer micronorms & technical adequacy considerations, early childhood special education classrooms, 29015
scores on & body movements during behavioral optometric test of eye movements & educational performance, 6 vs 9 vs 12 vs 14 yr olds, Denmark, comparison with American norms, 6201
sex & ear & quiet/asleep vs noisy activity state, transient otoacoustic emissions normative values, 2 mo olds during hearing screening, 33581
sex & factor structure & descriptive & specialized norms for Scale of Interpersonal Behavior, managers in social skills training, 19587
statistical estimation of annual IQ gains of WAIS-R vs -III & WISC-R vs -III, 1972–1995, 4770
test norms, battery of psychological tests for pre-cardiac transplantation evaluations, 18–72 yr old transplant candidates, 32653
test retest reliability & construct validity & appropriateness of nonpatient norms of SA-45, adults at family practice clinic, 6660
test standardization & local norms of Test of Adolescent/Adult Language-3 subtests, 18.3–20.2 yr olds, 22841
test–retest reliability & age norms for Shum Visual Learning Test of visuospatial memory, 17–83 yr olds, 29408
test–retest reliability & normative comparison of performance on Dutch version of Rey's Auditory Verbal Learning Test, male vs female 6–12 yr olds, Netherlands, 26109
validation of normative data on Doors & People Memory Test & relationship between test results & intellectual level, 16–75 yr olds , 35985
validity & appropriateness of standardization norms of Roberts Apperception Test for Children, assessment of coping skills & adaptive function, 8–11 yr olds, 22845
Test Norms—Books
Handbook of normative data for neuropsychological assessment, 9927
Test Norms—Chapters
Pioneer experiences in the clinical development of the Thematic Apperception Test, 32675
Test Reliability—Serials
test–retest reliability, assessment of perceived health, male vs female 30–64 vs 65–74 vs over 75 yr olds, 22020
acceptability & validity & reliability of Psychiatric Care Satisfaction Questionnaire, inpatients, 16335
accuracy of self-reports of health service use & care outside defined urban academic health care system, economically disadvantaged 60+ yr olds with functional impairment, 32707
adaptation & reliability & validity of Liverpool Seizure Severity Scale & Liverpool Quality of Life battery, American epilepsy patients, 5395
adaptation & reliability of Participant Role Scale for distinguishing groups within bullying & victimization process, 7–10 yr olds, 10882
adaptation & validity & internal consistency of Interview for Deterioration of Daily Living in Dementia for Spanish populations, adults with dementia of Alzheimers type, 5314
adequacy & person-reliability of content-consistency & within-session profile-stability of responses to Basic Personality Inventory, 18–74 yr old psychiatric patients , 35936
application of revision version of Child Identification Scale, measurement of emotional congruence, male homo- & heterosexual pedophiles & incest offenders & sexual offenders against women, 9850
approach to predict the internal consistency for cognitively complex assessments, data from 1992 National Assessment of Educational Progress of 4th graders, 9942
apraxia test internal consistency & diagnostic discriminability expressed as sensitivity & specificity & predictive values, stroke patients with vs without apraxia vs nursing home residents, 29411
bootstrap method for obtaining standard errors and confidence intervals of composite reliability for congeneric tests, 6718

characteristics of S & interviewing & test–retest reliability of Diagnostic Interview for Children & Adolescents—Revised, 7–17 yr old psychiatric outpatients, 1475
coefficient alpha & estimation of composite reliability with interrelated nonhomogeneous items using structural equation modeling, 6719
competing values framework constructs of rating scale of organizational effectiveness & validity & reliability using structural equation modeling, hospital managers & supervisors (mean age 40 yrs), 9815
computer simulation of inclusion of items of distribution shapes in unidimensional scale, test reliability & validity, implications for scale development, 13033
construct validity & internal consistency of a Chinese Chronic Illness-Related Stress Inventory, primary care patients with chronic illness, 26204
construct validity & intrascale reliability of Family form of the Frontal Lobe Personality Scale, measurement of neurobehavior, frontal lobe vs non-frontal brain damaged Ss, 35898
construct validity & reliability of Medical Outcomes Study Short-Form Health Survey & Living With Asthma Questionnaire, health-related quality of life, asthma patients, 36026
construction & reliability & validity of instrument to assess attitudes toward the Americans With Disabilities Act & disability rights, 18–30 yr old college students , 45
construction & reliability of child psychiatry component of psychiatry clerkship Objective Structured Clinical Examination, 3362
critical review of theoretical underpinnings & development & psychometric properties of TEMAS Thematic Apperception Test, projective personality instrument for children & adolescents, 11284
cross cultural validity of Thinking Styles Inventory & relationship between Thinking Styles & age & sex & college class level & work & travel experience & creativity, 19–50 yr old students, Hong Kong, 14340
cross gender group test reliability, revised Eysenck Personality Questionnaire subscales, males vs females, application of bootstrapping methodology , 11218
development & construct validity & reliability of Miville-Guzman University-Diversity Scale, assessment of awareness/acceptance of diversity, ethnically diverse undergraduates, 24031
development & evaluation of a computer-administered measure of cognitive complexity, college students, 58
development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15–61 yr olds, 23931
development & factor analysis & reliability & validity of Garos Sexual Behavior Index, assessment of disorders of sexual frequency & control, 18–30 yr olds, 76
development & factor analysis & reliability & validity of Perceived Modes of Processing Inventory, assessment of individual processing styles in stress & coping situations, college students, 29329
development & factor structure & reliability of measure of employee identification with work group, employees, 16122
development & internal consistency & discriminant validity & personality dimensions of Self-Presentation Tactics Scale, male vs female college students, 13051
development & internal consistency & interrater & test-retest reliability of reinforcer choice assessment scale, institutionalized 19–77 yr olds with severe or profound mental retardation, 35860
development & internal consistency & test-retest reliability of Tower of London-Revised, college students, 6598
development & internal consistency of Adolescent Sexual Activity Index, assessment of sexual behaviors, 12–19 yr olds, 32592
development & internal reliability of Attitudes Toward Thinking and Learning Survey, male vs female college students, 29554
development & reliability & validity & factor analysis of stress questionnaire, staff working with patients with intellectual disability, 29427
development & reliability & validity & factor structure of Hassles Assessment Scale for Students in College, assessment of stress, college students, 35908
development & reliability & validity of APZ questionnaire, standardized psychometric assessment of altered states of consciousness, Switzerland & Germany & UK & Italy & Portugal & US, 3279
development & reliability & validity of Assertive-Behavior Competence Inventory, probability of & discomfort experienced during assertive behavior, 60–82 yr olds, 1012
development & reliability & validity of Compliance Rating Scale, chronic hemodialysis patients, 26205
development & reliability & validity of Hebrew version of Buschke Selective Reminding Memory Test, measurement of verbal memory function & memory deficits, 14–77 yr olds, 26440
development & reliability & validity of Inventory of Interpersonal Situations, assessment of social anxiety, psychiatric & nonpsychiatric adults, 19575
development & reliability & validity of McKnight Risk Factor Survey-III & utility, assessment of risk & protective factors in development of eating disorders, 10–18 yr old females, 9903
development & reliability & validity of measurement, assessment & prediction of work-satisfaction, academic faculty generalists , 36045
development & reliability & validity of Overvalued Ideas Scale, 10–72 yr old obsessive-compulsive patients, 29385
development & reliability & validity of Parent Success Indicator, assessment of competence in fulfilling parental guidance role for children, parents of 10–14 yr olds, 6564
development & reliability & validity of Personal Experience Inventory for Adults, substance abuse assessment, drug rehabilitation patients & criminals, 16357
development & reliability & validity of psychophysical procedure for assessment of affective components of nonpainful touch, 17–30 yr old females, 29325
development & reliability & validity of Relationship Self Inventory, assessment of general self-orientations & manifestation of connection, male &/vs female 16–78 yr olds, 3300
development & reliability & validity of Resiliency Scale, measurement of beliefs interacting with environmental stressors to determine coping skills, 9th graders, 29332
development & reliability & validity of Scale for Observation of Agitation in Persons with DAT, patients with dementia of Alzheimer type (mean age 82.7 yrs), 22895
development & reliability & validity of self report questionnaires, assessment of fear of flying, adults with flying phobias, Netherlands, 19631
development & reliability & validity of Short Sense of Competence Questionnaire, assessment of competence in dealing with burden of caring for dementia patients, caregivers (mean age 63 yrs), 9821
development & reliability & validity of Vitality Plus Scale, health-related benefits of exercising, 40–94 yr olds, 36018
development & reliability of cognitive assessment battery, 20–36 mo olds with physical impairments, 22865
development & reliability of Comprehensive Childhood Maltreatment Inventory, college students, 35955
development & reliability of Social Circles Questionnaire, caregiver ratings of social support provided by family & workers & friends & romantic partners, 18–74 yrs olds with mental retardation, 27963
development & uses of Basic Skills Evaluation Device, family therapy trainees, 9951
development & utility of Autonomic Nervous System Questionnaire, assessment of panic disorder, primary care medical clinic clients, 21193
development & validation & changes & strengths & limitations & current status of the MCMI , 26134
development & validation of Multifactorial Assessment of Eating Disorder Symptoms, evaluation of treatment outcome for anorexia & bulimia, female college students & patients with eating disorder, 13055
development & validity & reliability of Chemistry Laboratory Anxiety Instrument (CLAI) rating scale, undergraduates, 9939
development & validity & reliability of Corrective Feedback Self-Efficacy Instrument, counselor trainees, 19162
development & validity & reliability of reading/language arts portfolio assessment, prekindergarten–2nd grade students, 15946
development & validity & reliability of Speaking Extent and Comfort scale, assessment of conversation & social interaction & anxiety & avoidance, 16–82 yr old college students, 24030
differential vs equal weighting in calculating factor scores & reliability of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19588
distribution characteristics & reliability & validity of noise-sensitivity measures, college students, 35880
Eating Disorder Examination—Self-Report Questionnaire Version internal consistency & test–retest reliability, female college students, 16344
equivalence of Forms A & B of California Critical Thinking Skills Test, college students, 9841
evidentiary reliability of DSM-IV & professional ethics & strategy for cross-examination of mental health professionals using DSM-IV for expert testimony, forensic psychologists, 9876
face & concurrent & predictive validity & inter-rater & test-retest reliability of clinical interview scale, general practitioners, 6671
factor analysis & reliability of Charles F. Kettering Climate Scale, measurement of psychological dimensions of school climate, university students, 15974
factor structure & internal consistency of Everyday Problem Solving Test & relation of problem solving & demographics & physical function & fluid ability, African American elderly (mean age 67.8 yrs), 29339
factor structure & internal consistency of Inviting School Safety Survey, examination of violence & perception of school environment & safety, high school students (mean age 15.8 yrs) , 32300
factor structure & reliability & convergent validity of Dutch version of Self-Perception Profile for Children, male vs female 4th vs 5th vs 6th graders, 19581
factor structure & reliability of Gudjonsson Confession Questionnaire-Revised, assessment of reasons for & attitudes toward confession to police & relation to personality, inmates & juvenile offenders, 29315
factor structure & validity & reliability of French-language version of Positive and Negative Syndrome Scale, Ss with schizophrenia (mean age 36.8 yrs), 32644
factorial & construct validity & reliability of Egna Minnen Betraffande Uppfostran short-form measure of perceived parental childrearing behavior, 17–51 yr olds, Greece & Guatemala & Hungary & Italy, 26114
factorial validity & reliability of Quick Discrimination Index, assessment of attitudes toward racial equality & gender equity, university faculty & staff & students, 14332
framework for & development & reliability & validity of Community Organization Sense of Community scale, sense of community in community organizations, community organization members, 9814
generalizability of W. Perry's theory of intellectual & ethical development & cross-cultural reliability & validity of Zhang Cognitive Development Inventory, college students, US vs China, 26111
generalizability theory model for estimating reliability of test scores composed of testlets, 4th & 8th & 11th grade students, 26228
group vs individual administration & descriptive characteristics & reliability & validity of Harvard Group Scale of Hypnotic Susceptibility Form A & related instruments, college students, 26457
hermeneutic vs scientific approach toward Rorschach assessment & reliability & validity of Rorschach instrument resulting from both approaches , 19590
history & purpose & data generated by & reliability & validity of & norms for Abel Assessment for Interest in Paraphilias for use in assessment of adolescent & adult sexual offenders, 29366
inter-item & inter-rater reliability & gender differences of shortened subscale form of Inventory of Interpersonal Problems, assessment of psychotherapeutic engagement, 35956
inter-observer & test-retest reliability of card-based test of 2nd-order contour integration & practice effects, adults vs 3–11 yr olds with vs without amblyopia, 32589
inter-rater & test-retest reliability of French version of Diagnostic Interview for Genetic Studies, assessment of mood & psychotic disorders, psychiatric patients, 32650
internal consistency & discriminant validity of Luria Nebraska Neuropsychological Battery-III, discrimination of normal vs abnormal performance, normal & brain injured 14–89 yr olds, 29410
internal consistency & factor structure of Anxiety Control Questionnaire, measurement of perceived level of control over anxiety related events, college students, 32616
internal consistency & factor structure of revised Center for Epidemiological Studies Depression Scale & Composite International Diagnostic Interview, 70 yr olds & older, 30687
internal consistency & factor structure of View of Self & Belongingness & Courage to Be Imperfect subscales of Encouragement Scale for Children, 2nd–5th graders, implications for teachers & counselors, 32591
internal consistency & reliability & concurrent & discriminant & factorial validity of Maudsley Obsessional Compulsive Inventory, obsessive compulsive & neurotic & normal subjects (aged 17–77 yrs), 13061
internal consistency & reliability & prediction of alcohol use of Leeds Dependence Questionnaire, 11–48 yr olds, 29416
internal consistency & reliability of Recognition Memory Test, 17–84 yr old patients with traumatic brain injury, 5373
internal consistency & retest reliability & confirmatory factor analysis of Self-Concealment Scale, 17–41 yr old college students, 26115
internal consistency & stability & known-group & discriminant validity of How Are You scale, consumer-based measurement of quality of life outcomes, employees & patients of Menninger Clinic, 29372

internal consistency & temporal stability & principal components of Anger Expression & Pediatric Anger Expression Scales, 10–20 yr olds with family history of cardiovascular disease, 1-yr follow up, 36017
internal consistency & temporal stability of Revised NEO Personality Inventory & Interpersonal Adjective Scales, 18–55 olds, 24026
internal consistency & test-retest stability as measures of reliability of subscales of Finnish version of Offer Self-Image Questionnaire, Finnish 13 yr olds, 2 wk study, 13044
internal consistency & time consuming coding system of hand vs computer written imagery on Thematic Apperception Test, 18–50 yr olds, 3295
internal consistency & validity of Chinese version of Caregiver Burden Scale, caregivers of outpatients with Alzheimer's disease, 31226
internal consistency of 3 tests from Halstead-Reitan Neuropsychological Battery for Older Children, 9–14 yr olds referred to special services cooperative due to academic & behavioral concerns, 13094
internal consistency of categorization of personality disorders on Personality Disorder Examination, 12–18 yr old vs adult psychiatric inpatients, 9871
internal scale & person response validity & intrarater reliability of School Assessment of Motor & Process Skills, 3–7 yr olds with developmental or learning delays, 9540
internal structure & construct validity & correlation with health & personality variables of Satisfaction With Life Scale, global life satisfaction, 18 & 22 & 26 yr olds, Netherlands, 14292
interrater & test retest reliabilty & internal consistency & concurrent validy of Italian version of Alzheimer's Disease Assessment Scale, 51–87 yr olds with dementia, 31252
interrater & test–retest reliability & experience level & theoretical orientation & other clinician variables, clinical judgment on reinforcement function of child school-refusal behavior, clinicians, 30812
interrater reliability & internal consistency, Matson Evaluation of Drug Side Effects, mentally retarded institutionalized adults taking psychoactive medications, 8728
interscorer reliabilities for Memory & Localization scores of Tactual Performance Test, patients with brain damage or Korsakoff's syndrome or undiagnosed or normal patients, 3337
intra- & interrater reliability of Correct Information Unit analysis for measuring communicative conversation informativeness & efficiency of connected speech, 50 yr old male with conduction aphasia, 22872
item/scale reliability & gender effects & construct validity & factor analyses of scales in the Flynn-Elloy Conflict Management Styles Inventory, college students, 22849
methodology & results & validity & reliability of Pictorial Scale of Perceived Competence & Social Acceptance, measurement of self-concept, 3.1–5.6 yr old Lebanese kindergartners & teachers, 32596
pain perception & its effects on everyday life & reliability of Swedish version of Multidimensional Pain Inventory, 34–79 yr olds with post-polio syndrome, 29418
populations norms & reliability & construct validity & physical & mental component summary scores of UK SF36 version II, assessment of physical & mental health, 18–64 yr olds, 13102
psychometric evaluation of the German & American versions of the Wechsler's scales, psychological measurement of high ability, 6–15 yr olds, 6570
psychometric properties of Verbal Behavior Assessment Scale assessing communicative functions, 3–40 yr olds with severe or profound mental retardation & developmental disabilities assessed by carers, 35856
purpose & reliability & validity & usefulness & ease of use & administration time of GUGT &/vs FES &/vs BBS &/vs POAB &/vs FR, scales of balance, elderly , 13040
relationship between standard pencil & paper measures of mental imagery & visual analogue measures & reliability & validity of measurements of mental imagery, 17–59 yr old college students, 16304
reliabilities & intercorrelations of short-form subtests of Spanish version of WAIS, estimation of full scale IQ based on standardization data, 6582
reliability & base rates of interpersonal contents of narratives in cognitive or psychodynamic or interpersonal therapy, opiate-dependent (aged 18–55 yrs) vs depressed patients (mean age 34.5 yrs), 37994
reliability & classification accuracy of cognitive screening, test to identify children at risk for learning problems, kindergarten & prekindergarten children with vs without learning disabilities, 6668
reliability & client characteristics affecting use of Health of the Nation Outcome Scales, assessment of mental health service outcomes, 16–86 yr old psychiatric clients, Australia, 25415
reliability & concurrent validity of Merkler Style Preference Inventory, occupational interest, college students, 19391
reliability & confirmatory factor analysis of short version of Self-Handicapping Scale in sports achievement settings, athletes, 29334
reliability & construct & predictive validity of Trust in Physician Scale, patients of primary care physicians, 22907
reliability & construct validity & factor analysis of Verbal Pragmatic Rating Scale, right brain-damaged Ss (mean age 68.9 yrs) vs left brain-damaged Ss (mean age 64.4 yrs), 29356
reliability & construct validity of Psychological Acculturation Scale, 13–58 yr old Latinos & 12–58 yr old Puerto Ricans & 13–14 yr old Puerto Ricans & their 27–57 yr old mothers, 14331
reliability & convergent validity of Survey of Health Concerns, hypochondriacal fears, college students, 36015
reliability & cutoff scores of Adelaide Behavior Disorder Scale subtests for determining presence of behavior &/or conduct disorder, 16–87 yr olds with intellectual disabilities, 29357
reliability & efficacy of Beck Depression Inventory for Primary Care in aiding physicians in psychodiagnosis of major depression, outpatients on routine office visits to physician specialists, 19629
reliability & external validity of rating scales for measurement of independent divergent attitudes in organizations, managers, 32724
reliability & factor structure of Behavioural Assessment Scale, language & mobility & physical independence & occupation & orientation & social integration, psychiatric 60-97 yr old patients, 32690
reliability & factor structure of Modern Sexism Scale vs Old-Fashioned Sexism Scale, measurement of subtle vs overt sexist attitudes toward women, 16–58 yr olds, 29319
reliability & factor structure of revised version of Dissociative Experiences scale, assessment of demographic & personality variables, 22–90 yr olds, 19618
reliability & factor structure of Swedish version of Mental Adjustment to Cancer scale, measurement of coping & depression & anxiety, 20–91 yr old cancer patients, 28100
reliability & multidimensionality of Obligatory Exercise Questionnaire & its subscales, assessment of compulsive exercise & prediction of eating disorders & attitudes, adolescents, 32614
reliability & predictive accuracy of Violent Offender Treatment Program Risk Assessment Scale, violent offenders, 10 yr followup, 9908
reliability & predictive validity of intelligence tests, 6–12 yr olds, Netherlands vs India, 9825
reliability & psychometric properties of 9 scoring rules for clinician-administered PTSD scale, 44–51 yr old male Vietnam veterans, 19632
reliability & stability of M. L. Turner & R. W. Eagle's operation span task as measure of working memory capacity, college students, 10 wk study, 35858
reliability & stability of Mayo Cognitive Factor Score as measure of cognitive ability change, 54+ yr olds assessed 3–4 times at 1–2 yr intervals, 7405
reliability & stability of Q-sort attachment security, 2 yr olds, 2–4 yr followup, 7547
reliability & utility of Revised Memory & Behavior Problems Checklist, caregiver evaluation of & reaction to observable behavioral & memory problems, 47–90 yr olds with Alzheimer's disease & their caregivers, 31225
reliability & validity & acceptability to mental health clinicians of Health of the Nation Outcome Scales for Children and Adolescents, measurement of global outcome, patients with mental disorders, 25393
reliability & validity & clinical utility of brief medical necessity scale for mental disorders, 110
reliability & validity & diagnostic efficiency of the Rorschach Schizophrenia Index, patients with DSM-IV diagnosed schizophrenia or other psychotic disorder vs other personality disorders, 3317
reliability & validity & diagnostic screening efficiency of Accident Fear Questionnaire, assessment of PTSD & phobic avoidance, 19–74 yr olds receiving rehabilitation after motor vehicle accident, 35920
reliability & validity & factor analysis of Impact of Weight Loss Scale, perceived weight loss & related behavior & body image perception & affect, 27–62 yr old HIV-positive males, 31136
reliability & validity & factor structure of Social Adjustment Scale for the Severely Mentally Ill, 18–70 yr olds with psychotic or mood disorders with or without substance abuse disorder, 17785
reliability & validity & item analysis of the State–Trait Anxiety Inventory C-1 & Y-1, 5–18 yr olds, 3294
reliability & validity & psychometric properties of Achievement Motive Grid, measurement of achievement motive, 3rd–8th graders, implications for instructional settings, 19654
reliability & validity & sensitivity of Behavior & Symptom Identification Scale, assessment of mental health outcomes, outpatients with severe illness, 30–90 day followup, 14445
reliability & validity & treatment sensitivity of Liebowitz Social Anxiety Scale, 18–61 yr olds with social phobia, 11467
reliability & validity across time of Kansas Marital Satisfaction Scale, married couples, 1 yr study, 3287
reliability & validity of 2 versions of Drug Abuse Screening Test, psychiatric outpatients, 6607
reliability & validity of achievement tests variances, standard error constancy, state school districts, 35857
reliability & validity of age-of-onset subtyping of conduct disorder, 13–18 yr olds with conduct disorder referred to psychiatric clinics, 3 yr prospective study, 29390
reliability & validity of an instrument developed in US to identify major depression in 10–17 yr old White vs Chinese Americans, 69
reliability & validity of Appraisal of Life Events scale, adults, 19593
reliability & validity of Assessment of Communication & Interaction Skills, 16–87 yr olds with mental & physical disorders & psychosocial disabilities, 14395
reliability & validity of Assessment of Interpersonal Relations, identification of relationship difficulties with parents & peers & teachers of 9–19 yr olds, 29328
reliability & validity of attitude scale, attitudes toward physician–nurse professional collaboration, medical vs nursing students, 22921
reliability & validity of Brigance K & 1 screen, identification of children in need of more comprehensive evaluation, 52–69 mo olds attending a preschool Head Start program, 9827
reliability & validity of Byron Physical Assessment Framework,systems based checklist of physiological measurements & signs & symptoms, expert vs novice nurses assessing medical patients, 6614
reliability & validity of Canadian French adaptation of Agoraphobic Cognitions Questionnaire vs American & Dutch versions & gender differences, male & female Ss with agoraphobia & undergraduates, 29396
reliability & validity of Canadian-French vs German vs UK translations of Child Health Questionnaire, 4–19 yr olds & parents, comparison with Canadian- vs US-English versions, 3353
reliability & validity of Career Influence Inventory, perceived influences on career development, college students, 19386
reliability & validity of Caregiver Quality of Life-Cancer, 19–87 yr old caregivers, 36030
reliability & validity of Children of Alcoholics Screening Test, identifying adult children of at least one alcoholic parent, adult children of nonalcoholics & problem drinkers & alcoholics, 23
reliability & validity of Chinese Short Form Health Survey, Mandarin speaking adults (aged 64–87 yrs), 22010
reliability & validity of Clinical Assessment of Schizophrenic Syndrome, patients with schizophrenia, 13080
reliability & validity of Comprehensive Quality of Life Scale, 12–18 yr olds, 32599
reliability & validity of Delirium Severity Scale, inpatients (aged 55 yrs & older) with delirium , 66
reliability & validity of developmentally-oriented screening for basic social interaction capacity in at risk 2–5 yr olds, 6569
reliability & validity of diagnostic thermal vascular test, distinguishing between patients with Raynaud's Phenomenon (mean age 45 yrs) & healthy controls, 22868
reliability & validity of Dutch version of Multidimensional Pain Inventory, adults (mean age 42.5 yrs) with chronic pain, 6659
reliability & validity of employee pay & benefits & distributive & procedural justice scales, working adults (mean age 38 yrs), 32727
reliability & validity of Family Emotional Expressions scale, Children & Adolescents & emotional expression of 12–20 yr olds with vs without headaches, 22873
reliability & validity of French Scale for Interpersonal Behavior, measurement of difficulty & distress in assertiveness, patients with social phobia or personality disorder, France, 26132
reliability & validity of Health of the Nation Outcome Scales for Elderly People, assessment of mental health outcomes, patients attending old age psychiatry service centers, 25384
reliability & validity of Health Status Questionnaire & concurrent validity with Quality of Life Inventory, 19–68 yr olds with chronic back pain, 28012
reliability & validity of Health Utilities Index, measurement of health-related quality of life, mothers of 4–17 yr old pediatric oncology patients, 3357

reliability & validity of high-functioning Autism Spectrum Screening Questionnaire, 6–17 yr olds with autism spectrum or attention-deficit or disruptive or learning disorders or Asperger syndrome, 22862
reliability & validity of Hindi version of Geriatric Depression Scale & association of scores with age & gender & cognitive & functional impairment, rural 57–95 yr olds, 25938
reliability & validity of HIV-risk Screening Instrument & effect of confidentiality on disclosure of HIV risk behaviors, primary care vs blood donor vs methadone vs STD clinic patients, 5263
reliability & validity of KINDL, measurement of health-related quality of life, 10–16 yr olds with juvenile diabetes or bronchial asthma, 3356
reliability & validity of Knowledge About Schizophrenia Questionnaire, 18–58 yr old inpatients with schizophrenia, 17895
reliability & validity of mood scale for children, 8–12 yr olds, implications for consumer behavior research, 35893
reliability & validity of Need for Closure Scale & Personal Need for Structure Scale, measurement of cognitive style, college students, 35901
reliability & validity of neurologic exam abnormalities in psychiatric patients with or without neurologic disorders, 103
reliability & validity of Occupational Role Questionnaire, back pain & occupational role performance & demographic characteristics, adults with back pain, 1940
reliability & validity of Peabody Individual Achievement Test Revised vs Wechsler Individual Achievement Test written expression scoring systems, 13–46 yr olds, 12690
reliability & validity of Pediatric Quality of Life Inventory, assessment of health-related quality of life, 8–18 yr old on-treatment & off-treatment pediatric cancer patients & their parents, 13079
reliability & validity of Penn Alcohol Craving Scale, treatment & psychotherapy, 20–72 yrs old, 32636
reliability & validity of Perceived Illness Experience Scale & correlation with proxy rater & measures of well-being & function, 8–25 yr olds with bone tumors treated by limb salvage surgery, 19617
reliability & validity of Posttraumatic Cognitions Inventory, measurement of trauma-related thoughts & beliefs, traumatized patients with vs without posttraumatic stress disorder, 30775
reliability & validity of Prenatal Maternal Expectations Scale, measurement of prenatal expectations & postnatal attitudes toward infant & maternal role, 16–32 yr old 1st-time mothers, 17499
reliability & validity of questionnaire assessing physical work load, nursing home employees, 25943
reliability & validity of Relationship Assessment Scale, measurement of global relationship satisfaction, 18–54 yr olds in committed relationship, 16356
reliability & validity of revised Positive and Negative Affect Schedule for Children, 8–15 yr olds , 6575
reliability & validity of Risk and Protective Factors Scale, prediction of development of disruptive behavior disorder, 6–12 yr olds with severe disruptive behavior, 13069
reliability & validity of Screen for Child Anxiety Related Emotional Disorders, 9–18 yr olds with anxiety disorders, 35921
reliability & validity of Self-Understanding of Interpersonal Patterns self-report measure, patients with major depressive or generalized anxiety disorder or cocaine dependence, 35929
reliability & validity of Sexist Discrimination in the Workplace subscale of Schedule of Sexist Events, 23–44 yr old African American &/vs White female firefighters, 59
reliability & validity of Sexual Dependency Inventory-Revised, sex addicts & offenders, 72
reliability & validity of short form of Center for Epidemiologic Studies Depression Scale, 70 yr olds & older with vs without depression, 3 yr study, 32631
reliability & validity of Singer-Loomis Type Deployment Inventory & Personal Preferences Self-Description Questionnaire, measurement of Jungian personality constructs, college students , 29327
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, comment, 32647
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, 14491
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, commentary reply, 32648
reliability & validity of Stanford-Binet Intelligence Scale 4th Edition, young adults (mean age 20.8 yrs) with mild to moderate intellectual disability, 22861
reliability & validity of Subjective Burden Scale, family caregivers of elderly relatives with dementia, 31279
reliability & validity of Subjective Happiness Scale, high school & college students & community adults in US & Moscow aged 14–94 yrs, 16322
reliability & validity of Symptoms Inventory & Performance Scales measurement of impairment & disability & quality of life, multiple sclerosis patients, 9924
reliability & validity of Systematic Treatment Selection Clinician Rating form & use in treatment planning, 22–76 yr olds with alcoholism or major depression or other mental disorders, 26138
reliability & validity of Team Player Inventory, measurement of positive predisposition toward organizational team-working environments, 19–70 yr olds, 19419
reliability & validity of testament definition scale, measurement of capacity to define testament, 61–85 yr old cognitively impaired patients, 28159
reliability & validity of the Dispositional Envy Scale, self-report measure of the tendency to feel desire for another's advantages, undergraduates, 26121
reliability & validity of the Personal Preferences Self-Description Questionnaire, evaluation of Jungian personality types, Hispanic high school students, 35905
reliability & validity of Theory of Mind test, 5–13 yr olds with vs without pervasive developmental disorders, 14831
reliability & validity of Toddler Behavior Screening Inventory & its utility in differentiating clinical from nonclinical samples, mothers of 12–41 mo olds, 35947
reliability & validity of Urge Impact Scale, assessment of impact of urge urinary incontinence, quality of life, 60+ yr olds , 29365
reliability & validity of urge incontinence-specific instruments, measurement of health-related quality of life & symptom annoyance, women (mean age 63.8 yrs), 29359
reliability & validity of Warrington Recognition Memory Test for Faces, 35–81 yr old outpatients with neurological disorders, 32688
reliability & validity of Writing Essential Skill Screener-Upper Elementary Version, 3rd–6th graders, 26101
reliability & validity, shortened Inventory of Interpersonal Problems, clinical patients, 3314
reliability & validity, Suicidal Ideation Questionnaire-JR, 11–15 yr old inner-city parochial school students, 16350
reliability of 3 vs 4-option test items in high stakes school-leaving mathematics examination, influence of testwiseness on performance, 12th grade students, 13111
reliability of Age Universal I-E Scale-12, measurement of intrinsic vs extrinsic dimensions to religiosity, adults & school children, US & England & Northern Ireland & Republic of Ireland, 32608
reliability of AIDS knowledge inventory, 18 yrs or older Black drug users, 18893
reliability of Cognitive Holding Power Questionnaire, assessment of setting factor & teacher effects on thinking level & use of procedural or declarative knowledge, high school students, 2922
reliability of Counterdependency Scale, assessment of counterdependent traits, patients with chronic pain, 21460
reliability of face-to-face vs telephone SCID diagnoses, college age men, 35924
reliability of file-based retrospective ratings of psychopathy with the Psychopathy Checklist-Revised, adult male criminal offenders vs Swedish court-ordered forensic psychiatric investigation records, 3313
reliability of Form 90D interview, self report of drug usage, drug treatment clients, 6640
reliability of French Diagnostic Interview Schedule for Children, large scale mental health epidemiology studies, parents of 6–14 yr olds & 12–14 yr olds, 68
reliability of German version of Sexual Experiences Survey, measurement of prevalence of sexual aggression, adults, 11537
reliability of Inhibition Scale & Security Seeking Scale, teachers' assessment of students' inhibition & security-seeking behaviors, kindergarteners, 27057
reliability of Maternal Cognition about Infant Sleep Questionnaire, assessment of sleeping problems, mothers of 13–16 mo olds, 1 mo study, 13103
reliability of Matson Evaluation of Social Skills in Individuals with Severe Retardation, adults with severe or profound mental retardation, 35946
reliability of Medical Outcome Study Short Form–36 & Disability & Impact Profile, assessment of health related quality of life, patients with multiple sclerosis, 3355
reliability of Motor Observations with regards to Sensory Integration, assessment of 5–12 yr olds with developmental coordination disorder, 14833
reliability of Oxford Happiness Inventory & score correlations with Eysenck's personality dimensions, male vs female college students, 6585
reliability of Parent Disclosure Interview, information about parental disclosure of HIV status, 24–47 yr old mothers with HIV infection, 31130
reliability of predicted severity ratings in computer-administered Addiction Severity Index, drug & alcohol abusing 19–61 yr olds , 8339
reliability of pretreatment assessments of cigarettes smoked per day, 18–65 yr old outpatients undergoing nicotine patch treatment, 1771
reliabilty of Salford Needs Assessment Schedule, assessment of social & psychiatric & educational & life skills, 12–17 yr olds from forensic & adolescent psychiatric services, 32642
Reliable Change Index with vs without practice effects & simple & multiple regression models for predicting retest scores & analyzing performance changes on neuropsychological measures, 15–75+ yr olds, 19644
role of response stability in measurement of coping, test–retest reliability/inconsistency & measurement artifact, over 70 yr olds & chronically ill patients, 16353
specificity & reliability & reversibility of tryptophan depletion method, mood & recall, healthy adults (mean age 27 yrs), 10598
stability & reliability & validity of School Participant Empowerment Scale scores & subscales, teachers, 6666
stability & specificity & sensitivity of clinical diagnosis & Autism Diagnostic Interview-Revised at 20 & 42 mo, children with autism spectrum disorders, 26133
stability of Receptive Expressive Emergent Language Scales scores vs direct measurement with Reynell Developmental Language Scales, measurement of linguistic ability, infants, 18 mo study, 4446
stability of Stanford-Binet Intelligence Scale: Fourth Edition & Kaufman Assessment Battery for Children, measurement of cognitive abilities, low SES African American vs White 4–9 yr olds, 5-yr study, 35884
structure & internal consistency of Job Stress Questionnaire, entrepreneurs, 12897
Sullman Scale vs Belonging-Social Interest Scale, reliability & measures correlation & ability to predict external criterion defined by Coping Resources Inventory for Stress, female college students, 19592
temporal stability of Learning Efficiency Test–II over 44 day interval, 18–37 yr olds, 3563
temporal stability of Wisconsin Card Sorting Test, 30–75 yr old untreated obstructive sleep apnea patients, 22896
test & retest reproducibility of platelet membrane phospholipid measures, healthy 21–45 yr olds studied on 2 different occasions 3 wks apart, 23432
test construction & use & psychometrics in Spanish- & Portuguese-speaking countries, psychologists, implications for implementation of testing process & translation & adaptation of tests, 26083
test reliability & construct validity in measurement of employees' need for supervision, leadership effectiveness & behavior & criteria, insurance agents, 6674
test reliability & validity & norms of Swedish version of Dysfunctional Attitude Scale, depressive cognitions, euthymic outpatients with unipolar depressive disorder & normal adults, 87
test reliability of Likert type single item test, assessment of self-rating of death anxiety, 19–25 yr olds, 6578
test retest reliability & construct validity & appropriateness of nonpatient norms of SA-45, adults at family practice clinic, 6660
test retest reliability & internal consistency of Migraine Disability Assessment, 18–55 yr olds, 35965
test-retest reliabilities & practice effects for Halstead-Reitan Neuropsychological Test Battery & other neuropsychological measures, neurologically stable 15–83 yr olds, 19638
test-retest reliability & construct validity & responsiveness of Utility Based Quality of Life-Heart questionnaire, cardiac patients (mean age 60 yrs old), 32699
test-retest reliability & screening & diagnostic validity of Abel Assessment for Interest in Paraphilias, juvenile sexual offenders, 30931
test-retest reliability of Assessment of Motor & Process Skills, assessment of activities of daily activities, 55–92 yr olds with & without cognitive impairment, 1–10 day followup, 26096
test-retest reliability of Munich-Composite International Diagnostic Interview, assessment of DSM-IV symptoms, 14–28 yr olds, 95
test-retest reliability of Organizational Commitment Questionnaire, 18–34 yr old sales supervisors, 6678
test-retest reliability of psychological & neurobehavioral tests self-administered by computer, identification & characterization of consequences of service in Persian Gulf War, nonclinical adults, 13032
test–retest interval & reliability of Addiction Severity Index, post-rehabilitation adaptive behavior, cocaine &/or alcohol dependent veterans in VA rehabilitation unit (mean age 42 yrs), 9875
test–retest reliability & age norms for Shum Visual Learning Test of visuospatial memory, 17–83 yr olds, 29408

test–retest reliability & internal consistency of Swedish translation of Lancashire Quality of Life Profile, 18–69 yr old psychiatric inpatients, 78
test–retest reliability & normative comparison of performance on Dutch version of Rey's Auditory Verbal Learning Test, male vs female 6–12 yr olds, Netherlands, 26109
test–retest reliability of Multidimensional Anxiety Scale for Children, children & adolescents aged 8–18 yrs, 32646
test–retest reliability of performance based measures of functional limitation, frail elderly (aged 64–95 yrs), 10921
test–retest reliability of self-reported work status & income variables measured by Risk Behavior Assessment, adult drug users, 26146
test–retest reliability on self-report questionnaires of symptoms & personality related to social functioning & quality of life & treatment outcome, schizophrenic inpatients, 9869
test–retest stability of Dysfunctional Attitudes Scale scores as state-dependent correlates of depression, adult patients, 18-mo study, 11385
training required for stable response strategy prior to visual field assessment & acceptable duration & reliability of automated static perimetry, 5–8 yr olds, 4450
utility of dementia scales, 69–83 yr olds with global aphasia without hemiparesis, 21590
validity & reliability & conceptual design of Revised Approaches to Studying Inventory & creation of interval level scale, undergraduates, 16383
validity & reliability & impact of loss of information of MMPI-2 computerized adaptive administration, 27–72 yr old veterans in treatment for addictive disorders, 32034
validity & reliability & realism of psychiatric clerkship objective structured clinical examination, psychiatric clerks & residents & psychiatrist examiners & instructors, 3363
validity & reliability & standard errors of measurement of 7-subtest short forms of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19602
validity & reliability of accelerometry for detection of posture & motion, male college students, 26097
validity & reliability of Alcohol Use Disorders Identification Test, screening for hazardous & problem drinking, 18–23 yr old students cited for violating university drinking rules, 36020
validity & reliability of asthma general knowledge questionnaire for adults, 19–63 yr olds with asthma, 1914
validity & reliability of attachment-based classification of family drawings & correlation with teacher ratings of social adjustment, 5–7 yr olds, 19579
validity & reliability of Binge Eating Scale, female nonpurge binge eating 20–64 yr olds, 19630
validity & reliability of Courage to Heal Workbook Checklist, identification of Ss reporting sexual abuse, college students, 8248
validity & reliability of curriculum-based measurement in reading, deaf or hard of hearing 6–13 yr olds who use manually coded English, 6664
validity & reliability of Employee Assistance Program Client Satisfaction Scale & relationship to demographic & treatment & organizational factors, 20 yr olds & older, 36047
validity & reliability of Empowerment Scale & subtests in relation to educational attainment & employment status, adult outpatients with mental disorders, 26162
validity & reliability of God Locus of Health Control rating scale of health attitudes & God concept & adaptive behavior, 50–60 yr olds with rheumatoid arthritis or systemic sclerosis, 22909
validity & reliability of habituation of nose-poking response, measurement of memory, male mice, 33055
validity & reliability of Health of the Nation Outcome Scales, assessment of mental health service effectiveness, 19–64 yr old psychiatric inpatients & outpatients & day hospital patients, 25403
validity & reliability of Interpersonal Support Evaluation List & Social Network Interview, assessment of social support, homeless & poor adults, 9811
validity & reliability of irritable bowel syndrome misconceptions scale, 36008
validity & reliability of measure of impact of toenail onychomycosis & health related quality of life, adults, 36016
validity & reliability of multiple-station examination vs practice video assessment, assessment of competence & performance in daily practice, family physicians, 15820
validity & reliability of Norwegian version of Quality of Life Index, 19–78 yrs olds newly diagnosed with cancer, 31163
validity & reliability of Perceived Employability Scale, assessment of career self-efficacy, 17–59 yr old low-income culturally diverse females, 3012
validity & reliability of Personalised Emotional Index, prototype of designer test using words from S's own vocabulary, caregivers of schizophrenic patients, 32643
validity & reliability of rating scale of pain coping behavior & stress reactions & psychological vulnerability & sensitivity to cognitive intervention, adults with rheumatoid arthritis, 22878
validity & reliability of researcher vs keyworker administered Health of the Nation Outcome Scales, assessment of health & social functioning, adult patients with 1st-onset psychosis, 3-yr followup, 25381
validity & reliability of Revised NEO Personality Inventory, application of 5-factor model of personality traits in non-Western cultures, 14-yr-old & older psychiatric patients, China, 30639
validity & reliability of Schedule of Racist Events, assessment of frequency of racial discrimination & its association with psychiatric symptoms, 18–79 yr old African Americans, 16321
validity & reliability of self-rated deviations of mood states from mood traits, university students, 2 wk study, 33962
validity & reliability of use of English film clips for assessment of affective reactivity, male vs female 19–42 yr old German college students, 14306
validity & reliability of Voris Cocaine Craving Scale, 27–62 yr old recently withdrawn cocaine-dependent patients, 11639
validity & reliability of wellness inventory, graduate students less that 54 yrs old, 18783

Test Reliability—Chapters

Behind the scenes: Using new measurement methods on the DAS and KAIT, 9805
Experience with the Alcohol Use Disorders Identification Test (AUDIT) in Mexico, 3360
Focus chapter: **Methodological issues in research using projective methods, 9920**
Katz Adjustment Scales, 26169
Measuring anxiety sensitivity, 9917
An objective questionnaire supplement to the Rorschach: Preliminary findings, 29343
Occupational preparation: Education, training, experience, and licensure/certification, 12768
Reliabilty of the Apperceptive Questionnaire, 29346
The Rorschach: Measurement concepts and issues of validity, 9856
SF-36 Health Survey, 26218

Test Scores [See Also Cutting Scores, Intelligence Quotient, Standard Scores]—Serials

analytical methods used in test preparation coaching, SAT I Reasoning Test scores, examinees, 26233
association of Minnesota Multiphasic Personality Inventory-2 profiles & Beck Depression Inventory scores, assessment of denying depression, 14–21 yr old mothers, 16352
background music during examination, scores on Mini Mental State Examination, 63–86 yr old patients with Alzheimers disease, 35962
changes in starting point of Bayley Scales of Infant Development II, test results, 11 mo 16 day to 12 mo 15 day old cocaine exposed infants, implications for intervention placement, 18044
clinical & functional & sociodemographic variables, results of Clock Drawing Test used for cognitive screening, 60–96 yr olds hospitalized for rehabilitation following hip fracture or stroke , 32017
comprehension examination requirements & scores on Examination for Professional Practice in Psychology, psychology doctoral students , 15762
conceptions of chemical equilibrium & fundamental concepts of chemical thermodynamics & comparison with expert conceptions & correlation with exam grades, college students majoring in science fields, 9495
correlates of person-fit indices derived from item response theory & effect of person-fit on validity of tests of cognitive ability & personality, adults, 9818
correlation of self-reported competencies & abilities & vocational aptitude scores, 10th graders, 9580
discourse analysis of section of Spanish Ministerial Directive regulating requests' for revision of University Entrance Examination markings, students, 9387
discourse performance & results of Japanese Communicative Abilities of Daily Living test, high-level Ss with aphasia who suffered from single-hemisphere cerebrovascular accident, 24671
distinction between reliability & information as applicable to simple gain score, 9972
dysfunctional attitudes & depressive & anxious cognitions, depressive symptoms before & after midterm examinations & midterm outcome, 17–29 yr old college students, 30503
generalizability theory model for estimating reliability of test scores composed of testlets, 4th & 8th & 11th grade students, 26228
impulsive response style vs modified forced delayed response, computer-administered multiple choice test performance, college students, 22522
item response theory applied to scale distortion of ordinary difference scores in conventional & adaptive testing, 6559
item score data on Beck Depression Inventory, Canadian vs Swedish vs Bulgarian 12–18 yr olds, 29432
item-selection algorithm for neutralizing differential effects of time limits on computerized adaptive test scores, examinees who took Armed Services Vocational Aptitude Battery, 29442
item–total-score correlations of Spielberger's state anxiety inventory, Antarctic expeditioners, 29320
latent variable modeling approach that permits estimation of individual latent change scores & relationship of ability change scores to other variables, 19670
linear programming model for test assembly & observed-score equating, 6565
matching on single number correct score vs multiple scores, false-positive error rates using differential item functioning analyses for multidimensional data, 6707
performance on Modified Card Sorting Test & general intellectual ability & demographic variables, 16–75 yr olds, 13570
performance on the PPVT-III, Black 3.92–4.75 yr olds at risk for academic failure, 15948
precise vs general wording in test instructions, scores on WAIS, college students, 4778
predictive validity of GRE scores, Master's degree program outcomes, graduate psychology students at Acadia University , 9946
psychopathology & learning disabilities & WISC-III subtest scatter, year 9 & 10 students, 9888
random sampling from population vs scores produced by process in statistical testing, 3272
raw score conditional absolute & relative standard errors of measurement & generalizability theory, 6685
sex, performance on Swedish SAT, students originally tested in 1980, 22504
snoring, multiple choice examination scores, medical students, 24695
stability & reliability & validity of School Participant Empowerment Scale scores & subscales, teachers, 6666
status processes & expected costs & rewards, mental ability test scores, college students, 4752
taking own notes vs using short vs long-form guided notes, notetaking accuracy & daily quiz scores & satisfaction, academically at-risk female high school students in remedial summer history class, 25741
task-sampling variability in students' scores as source of measurement error in science performance assessments, 22520
test item familiarity, achievement test scores, 3rd–8th graders, 36033
test-retest scores in neuropsychological assessments, patients with head injuries from mechanical impact (mean age 33 yrs), 1 & 2 yr follow up, 3340
types of confounding of success & failure in restraint scores, dieters, 16328
use of binomial theorem to interpret degree to which score differs significantly from chance for neuropsychiatric measures with dichotomously scored items such as Geriatric Depression Scale, patients, 29412
use of item response theory in psychological test construction & evaluation & scoring, 16299
use of review option to obtain positively biased ability estimates & degrading effect on computerized adaptive test scores, examinees, 26237
vocabulary test results, workers previously vs still exposed to styrene, 6350

Test Scores [See Also Cutting Scores, Intelligence Quotient, Standard Scores]—Books

Bender Gestalt screening for brain dysfunction (2nd ed.), 105
The Black–White test score gap, 2925

Test Scores [See Also Cutting Scores, Intelligence Quotient, Standard Scores]—Chapters

Black–White test score convergence since 1965, 2929
Can schools narrow the Black–White test score gap?, 2826
Does the Black–White test score gap widen after children enter school?, 2930
Family background, parenting practices, and the Black–White test score gap, 893
The structure of ability profile patterns: A multidimensional scaling perspective on the structure of intellect, 11246
Why did the Black–White score gap narrow in the 1970s and 1980s?, 2928

Test Standardization—Serials

clinical utility of Profile of Mood States with standardization samples, 18–94 yr old normal vs 55–94 yr geriatric samples, 11222
correlations between Angoff ratings of minimum passing levels & observed item difficulty for borderline certification examinees, judges, 9813

development & standardization in & performance of nonverbal intelligence on Matrix Analogies Test-Short Form, 5–17 yr olds, Greece vs US, 19653
development & standardization of Iowa-Chapman Reading Test, brain damaged patients, 19641
development of standardized boat sobriety test, 19–53 yr old recreational boaters, 12982
interrater classification consistency & consistency of ratings of & case- vs examination-level pass rates of standardized patient examination completed by medical students, clinician-judges, 2761
normative study of Fear Survey Schedule for Children—Revised & level of fears & relation to state & trait anxiety, 8–10 vs 11–13 vs 14–16 yr old male vs female children, Sweden, 19580
standardization & validity of Learning Behaviors Scale, differential patterns of classroom learning, 5–17 yr olds, US, 26106
test standardization & local norms of Test of Adolescent/Adult Language-3 subtests, 18.3–20.2 yr olds, 22841
test–retest reliability of the Psychopathology Checklist-Revised, male & female methadone maintenance patients, 2-yr follow up, 35959
translation & standardization of Differential Aptitude Test & Primary Mental Abilities, assessment of sex differences in cognitive ability, students, 1979–1995, 32715
validation & normative criteria of Spanish language version of the Short Cognitive Performance Test, evaluation of attention & memory deficits, 55–85 yr olds with vs without dementia, 31296
validity & appropriateness of standardization norms of Roberts Apperception Test for Children, assessment of coping skills & adaptive function, 8–11 yr olds, 22845

Test Taking—Serials

comparison of theories of reasoned action & planned behavior to explain student study behavior during final exams, 17–25 yr old freshman students, 9530
culture & test behavior, students aged 6–16 yrs, 35505
efficacy of validity scales in detecting random responding & overreporting on MMPI-A, nonclinical 14–17 yr olds & those with moderate to severe emotional & behavioral problems, 24077
evaluation of knowledge claims on the relationship between culture & test behavior, 35506
gender-specific performance concerns, performance on standardized math tests, males vs females, 12680
influence of Asian stereotype threat on mathematical test performance, adult White males, 11143
matching vs mismatching students' time-of-day preferences, algebra test performance, high school students, 32251
math-fact retrieval hypothesis underlying math test performance, males vs females, 25778
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25766
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25786
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary reply, 25779
norms on Groffman Visual Tracing Test with American children, assessment of learning-related visual problems, 7–11 yr olds, Denmark, 5443
pain threshhold perception before physical examinations & blood donation, 18–23 yr old male medical students, 13658
perceptions of Examination for Professional Practice in Psychology, test takers, 35407
performance on Wold Sentence Copy Test, 8 vs 10 vs 12 vs 14 yr old, Denmark, comparison with American norms & implications for role of sociocultural factors in behavioral optometry, 3467
preparation for & perceptions of Examination in Marital & Family Therapy, marriage & family therapists , 9332
psychometrics & item-by-item answer feedback & test anxiety, examinees administered computer-adaptive vs self-adaptive vocabulary tests , 3289
self efficacy & uncertain self confidence, test scores on easy vs difficult final exams, college students, 15947
sex, constructed response reading items, papers of 7th & 10th grade students, 9943
sex, performance on multiple-choice & constructed response mathematics items in context of high school graduation test, 11th graders, 12684
test anxiety vs study habits vs maths skill, test performance in statistics exam, undergraduates, implications for interference vs deficit models of academic performance, 19306
Testbusters study-skills & test-taking training program with behavior contracting, test anxiety & test-taking distress & GPA, 4th–7th graders with moderate-to-severe test anxiety, 38787
use of performance assessments with ethnically and linguistically diverse students, 32714
use of review option to obtain positively biased ability estimates & degrading effect on computerized adaptive test scores, examinees, 26237
verbal IQ & language abilities & executive functions & test behavior & performance, preschool males with early onset oppositional defiant disorder with & without ADHD, 21266
working in pairs vs alone during learning &/or testing & effects of rehearsal, test performance & self confidence, male students, implications for school underachievement & misbehavior , 6206

Test Taking—Chapters

Preparing for and taking tests, 38855
Stereotype threat and the test performance of academically successful African Americans, 2931

Test Tube Babies [See Reproductive Technology]

Test Validity—Serials

acceptability & validity & reliability of Psychiatric Care Satisfaction Questionnaire, inpatients, 16335
adaptation & reliability & validity of Liverpool Seizure Severity Scale & Liverpool Quality of Life battery, American epilepsy patients, 5395
adaptation & validation of self-administered version of Cultural Distance Questionnaire, 17–19 yr old British volunteers working overseas, 6561
adaptation & validity & internal consistency of Interview for Deterioration of Daily Living in Dementia for Spanish populations, adults with dementia of Alzheimers type, 5314
allowing examinees to select questions to answer on the GRE, test validity & internal consistency & performance, students taking the computer-based GRE, 26232
analysis & dimensions & validity & effectiveness of biodata items, supervisors ratings of applicant profile, clerical workers, 36048
applicability & validity of Major Depression Inventory & concurrent validity with Zung Self-Rating Depression Scale, 36–70 yr olds with Parkinson's disease , 65
applicability of Australian adaptations of WISC & Stanford Binet Intelligence Scale, 5–10 yr olds, New Zealand, 4445
application of continuous vs censored vs graded response models to data from Likert-type personality scale, criterion-rated validity, college students, 19661
apraxia test internal consistency & diagnostic discriminability expressed as sensitivity & specificity & predictive values, stroke patients with vs without apraxia vs nursing home residents, 29411
association of Minnesota Multiphasic Personality Inventory-2 profiles & Beck Depression Inventory scores, assessment of denying depression, 14–21 yr old mothers, 16352
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22874
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22863
Barron's Ego Strength & G. S. Welsh's Anxiety & Repression scales, MMPI vs MMPI-2 test version, 18–43 yr old college students, 3288
behavioral validity of Disgust Scale, measurement of individual differences in disgust sensitivity using behavioral tasks, 17–23 yr old college students , 29337
clinical utility of Profile of Mood States with standardization samples, 18–94 yr old normal vs 55–94 yr geriatric samples, 11222
comparison of Content Validity Index & 3 alternative indexes in estimation of interrater agreement on job relevance of test items, 29426
computer simulation of inclusion of items of distribution shapes in unidimensional scale, test reliability & validity, implications for scale development, 13033
concurrent & discriminative & construct validity of Wolinsky Amnesia Information Test, measurement of cognitive status, 18–59 yr old patients with definite or suspected closed head injury, 29381
concurrent & predictive validity of Allen Cognitive Levels Assessment, measurement of cognitive & adaptive functioning, schizophrenic patients discharged from state psychiatric hospital, 94
construct validity & clinical assessment of anxiety sensitivity & disorders, children & adolescents, 19613
construct validity & reliability of Medical Outcomes Study Short-Form Health Survey & Living With Asthma Questionnaire, health-related quality of life, asthma patients, 36026
construct validity of Ways of Coping Questionnaire scores assessed by confirmatory factor analysis of alternative factor structures, college students, 6584
construction & reliability & validity of instrument to assess attitudes toward the Americans With Disabilities Act & disability rights, 18–30 yr old college students , 45
construction & validation of conjoint intake & follow-up scales for Addiction Severity Index, change in opioid or cocaine or alcohol dependence, substance dependent adults, 6602
construction & validity of Body Investment Scale, measurement of body image & attitudes & body care & comfort in touch related to self destructive behavior, suicidal hospitalized 13–19 yr olds , 6623
construction & validity of measurement, assessment & prediction of psychomotor abilities via computers, 18–30 yr olds, 36198
construction & validity of the Behavioral & Emotional Rating Scale, assessment of emotional & behavioral strengths, children with serious emotional disorders & their parents & professionals, 32716
content validity of Child Vulnerability Scale & Parent Protection Scale & role of parental overprotection & perceptions of child vulnerability & parent child relations, parents of 2–5 yr olds, 26088
convergent & discriminant validity of 2 children's traumatic event assessment instruments, sexually abused 8–17 yr olds, 26135
convergent validity of Bech-Rafaelsen Melancholia Scale, 18–85 yr old inpatients with depression, 27633
convergent validity of Behavioral & Emotional Rating Scale, 10–19 yr old special education students with emotional & behavioral disorders, 16340
convergent validity of cognitive assessment methods, research & practice in cognitive behavior therapy, adults, 13059
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation, 20–88 yr olds with severe or profound mental retardation, 31004
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation subscale & total scores, 5–88 yr olds with severe or profound mental retardation , 6558
correlates of caregiver burden, caregivers & elderly, validation of Japanese version of Zarit Caregiver Burden Interview , 22903
correlates of person-fit indices derived from item response theory & effect of person-fit on validity of tests of cognitive ability & personality, adults, 9818
correlation of Dizziness Handicap Inventory with & validity of Activities-specific Balance Confidence Scale, 26–88 yr olds with vestibular dysfunction, 36031
criteria for defining role of complex character-response styles in convergent validity of MMPI and Rorschach scales, 17–72 yr psychiatric & medical patients, 16346
criterion related validity of Psychopathic Personality Inventory, self report measure of psychopathy based on Psychopathy Checklist–Revised cutting scores, 17–21 yr olds in youthful offender prison, 6626
criterion validity & correlation of scores on Psychiatry Resident In-Training Examination with faculty assessment, psychiatry residents, 32723
criterion validity & responsiveness of Minimum Data Set, neuropsychological assessment, nursing home patients with Alzheimer's disease (mean age 83.4 yrs), 6 yr study, 29409
criterion validity of CAGE scale for screening alcoholism & covert drinking problems in general population surveys, 15–92 yr olds, 25514
criterion validity of Criminal Sentiments Scale-Modified & Pride in Delinquency Scale, 20–60 yr old male violent vs nonviolent offenders, 9904
criterion validity of Wheldall Assessment of Reading Passages, assessment of full range reading ability, primary school students, 9481
criterion-related validity evidence for Rorschach test & MMPI, 30568
criterion-related validity of G. Saucier's Mini-Markers vs L. R. Goldberg's Markers of the Big Five Personality Factors, undergraduates, 3281
critical review of theoretical underpinnings & development & psychometric properties of TEMAS Thematic Apperception Test, projective personality instrument for children & adolescents, 11284
cross validation & extension of MMPI-Adolescent Immaturity scale, measurement of ego development, college students, 13053
cross validation of Clinical Interview Schedule using semi-structured clinical assessment vs ICD-10, 16–64 yr old nonclinical Ss, 35923
definition & measurement & validation of scale to measure psychological empowerment, employees (mean age 30 yrs), 29119
design & confirmatory analysis of facet designed future-time perspective questionnaire, 26108
design & test parameters & validity of tire striking test & physiological responses & performances, 29–46 yr old fire fighters, 9817
development & concurrent & convergent & discriminant validity of measure of turbulence in Children's Homes, 10–17 yr old residents & staff of Children's Home, 15583

development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15–61 yr olds, 23931
development & factor analysis & reliability & validity of Perceived Modes of Processing Inventory, assessment of individual processing styles in stress & coping situations, college students, 29329
development & factor structure & content validity of Reputation Enhancement Scale, delinquent vs nondelinquent vs at-risk 12–18 yr olds, 19612
development & factor structure & validity criteria analysis of Biology Self-Efficacy Scale, assessment of college biology self-efficacy, 17–40 yr old nonbiology-majors enrolled in biology course, 22913
development & internal consistency & discriminant validity & personality dimensions of Self-Presentation Tactics Scale, male vs female college students, 13051
development & operation & validity of composite measure for assessment of alcohol treatment outcome, abstinent vs moderate vs heavy drinkers, 15 mo study, 9879
development & preliminary validity of Iowa Personality Disorder Screen, 22–76 yr old nonpsychotic psychiatric inpatients & outpatients, 16342
development & reliability & factor structure & validity of Multidimensional Health Profile, assessment of mental health & stress & coping skills & social resources, 18–89 yr olds, 3 wk followup, 19648
development & reliability & validity & factor analysis of stress questionnaire, staff working with patients with intellectual disability, 29427
development & reliability & validity & factor structure of Hassles Assessment Scale for Students in College, assessment of stress, college students, 35908
development & reliability & validity of APZ questionnaire, standardized psychometric assessment of altered states of consciousness, Switzerland & Germany & UK & Italy & Portugal & US, 3279
development & reliability & validity of Assertive-Behavior Competence Inventory, probability of & discomfort experienced during assertive behavior, 60–82 yr olds, 1012
development & reliability & validity of Compliance Rating Scale, chronic hemodialysis patients, 26205
development & reliability & validity of Hebrew version of Buschke Selective Reminding Memory Test, measurement of verbal memory function & memory deficits, 14–77 yr olds, 26440
development & reliability & validity of Inventory of Interpersonal Situations, assessment of social anxiety, psychiatric & nonpsychiatric adults, 19575
development & reliability & validity of Marriage Problems Scale-50+, assessment of marital relationships, 50–88 yr old married couples, 19589
development & reliability & validity of McKnight Risk Factor Survey-III & utility, assessment of risk & protective factors in development of eating disorders, 10–18 yr old females, 9903
development & reliability & validity of measurement, assessment & prediction of work-satisfaction, academic faculty generalists , 36045
development & reliability & validity of Overvalued Ideas Scale, 10–72 yr old obsessive-compulsive patients, 29385
development & reliability & validity of Parent Success Indicator, assessment of competence in fulfilling parental guidance role for children, parents of 10–14 yr olds, 6564
development & reliability & validity of Personal Experience Inventory for Adults, substance abuse assessment, drug rehabilitation patients & criminals, 16357
development & reliability & validity of psychophysical procedure for assessment of affective components of nonpainful touch, 17–30 yr old females, 29325
development & reliability & validity of Relationship Self Inventory, assessment of general self-orientations & manifestation of connection, male &/vs female 16–78 yr olds, 3300
development & reliability & validity of Resiliency Scale, measurement of beliefs interacting with environmental stressors to determine coping skills, 9th graders, 29332
development & reliability & validity of Scale for Observation of Agitation in Persons with DAT, patients with dementia of Alzheimer type (mean age 82.7 yrs), 22895
development & reliability & validity of self report questionnaires, assessment of fear of flying, adults with flying phobias, Netherlands, 19631
development & reliability & validity of short form of Test of Functional Health Literacy in Adults, assessment of ability to read & understand health related materials, patients (mean age 44 yrs), 36004
development & reliability & validity of Short Sense of Competence Questionnaire, assessment of competence in dealing with burden of caring for dementia patients, caregivers (mean age 63 yrs), 9821
development & reliability & validity of Tobacco Dependence Screener, measurement of tobacco/nicotine dependence according to ICD-10 & DSM-III-R & DSM-IV, adult smokers, 19622
development & reliability & validity of Vitality Plus Scale, health-related benefits of exercising, 40–94 yr olds, 36018
development & validation & changes & strengths & limitations & current status of the MCMI , 26134
development & validation of fuzzy set-based measures of gradedness of product attributes in product categorization, college students, 13146
development & validation of geriatrics rating scale, measure of change in attitudes toward & caring for older persons, primary care residents & faculty & fellows, 1 & 2 yr followups, 122
development & validation of Hindi Brief Pain Inventory, assessment of pain & pain interference & management, 18–85 yr old cancer pain patients, India, 9936
development & validation of Memory Accessibility for Partner Not Understanding & Schema of Partner Empathic Responses to Anger scales, married couples, 3302
development & validation of Mini-International Neuropsychiatric Interview, diagnosis of DSM-IV and ICD-10 psychiatric disorders, psychiatric patients, 6635
development & validation of Multicomponent AIDS Phobia Scale, measurement of cognitive & affective & behavioral dimensions of AIDS phobia, college students, 3315
development & validation of Multifactorial Assessment of Eating Disorder Symptoms, evaluation of treatment outcome for anorexia & bulimia, female college students & patients with eating disorder, 13055
development & validation of performance dimensions in designing a team-based performance evaluation system, 26–56 yr old actively involved organization team members, 3066
development & validation of Quitting Time for Alcohol Questionnaire, 18–78 yr olds from the community & college students, 19574
development & validation of rigid & flexible subscales of Eating Inventory to examine disinhibition & body mass index & binge eating & weight reduction, 19633
development & validation of scale assessing self-efficacy for increasing fruit & vegetable consumption & ability of scale to discriminate Ss at different stages of change readiness, 21–60 yr olds, 26081
development & validation of selection test for staffing work teams, production employees in pulp mill & box plant, 22590
development & validation of the Iowa-Netherlands Comparison Orientation Measure & individual differences in social comparison, American vs Dutch adults, 9838
development & validity & reliability of Corrective Feedback Self-Efficacy Instrument, counselor trainees, 19162
development & validity & reliability of reading/language arts portfolio assessment, prekindergarten–2nd grade students, 15946
development & validity & reliability of Speaking Extent and Comfort scale, assessment of conversation & social interaction & anxiety & avoidance, 16–82 yr old college students, 24030
development & validity of a combined objective ephebophile scale, male Catholic priests in treatment for sexual vs non-sexual psychiatric disorders, 35927
development & validity of Adolescent Attachment Questionnaire, adolescents, 36
development & validity of adolescent version of Questionnaire of Eating and Weight Patterns, screening for binge eating disorder, 10–18 yr olds, 32698
development & validity of Codependency Assessment Tool, adult females in abusive & potentially harmful relationships, 1462
development & validity of Decisional Balance for Immoderate Drinking, college students, 29384
development & validity of DISCERN, assessment of quality of written consumer health information, information providers & self help group members , 13099
development & validity of measurement for assessing employee empowerment, 18–55+ yr old employees, 29425
development & validity of Perceptions of Career Management Practices, college students & personnel, 19412
development & validity of Pilot Response Predisposition Inventory, aircraft pilots, implications for aviation safety, 12984
development & validity of questionnaire to assess cultural learning environment in relation to science attitudes & teacher–student interactions, secondary science students, 32284
development & validity of social comparison scales & association with confrontive coping styles, adult cancer patients, 35968
development & validity of theoretically-based substance abuse scale for personnel selection, 12812
diagnostic accuracy of vocabulary tests, 4–5 yr olds with specific language impairment, 21439
differential diagnostic validity of affect trait scales of Multiple Affect Adjective Check List–Revised, patients with anxiety vs mood vs schizophrenic disorders, 6617
dimensionality & validity, Burnout Measure, Dutch human services professionals, 6675
discriminant & predictive validity of Dutch translation of Golombok Rust Inventory of Sexual Satisfaction, sexology & gynecological outpatients with vs without sexual problems, 16355
discriminant validation of measures of job involvement & satisfaction & organizational commitment, 23–59 yr old army officers , 19421
discriminant validity of Geriatric Depression Scale, identification of suicidal ideation, 60–95 yr old male patients in psychiatric hospital & nursing home, 1734
discriminant validity of Multifactor Leadership Questionnaire, transformational leader behavior, bank employees, 6673
discriminant validity of Offer Self-Image Questionnaire, assessment of developmental problems, 13 yr olds, Finland, 32602
discriminant validity of ratings of child's fears on Revised Fear Survey Schedule for Children, 6–17 yr olds & their parents, 32595
discriminant validity of Turkish version of Beck Anxiety Inventory, depressive &/vs anxious patients, Turkey, 3334
discriminant validity of Upper Preschool Level of Differential Ability Scales, discriminating between normal & at-risk preschoolers (mean age 57.28 mo) with developmental disabilities, 11695
discriminate validity of phallometric testing with vs without semantic tracking task, measurement of rapists' sexual preference, rapists vs non-sex-offenders, 22867
DSM vs Child Behavior Checklist measures of false positive vs negative vs true positive vs negative cases of psychopathology, 5–17 yr olds & parents, 11328
DSM-III-R vs DSM-IV-R criteria for alcohol & cannabis use disorders, 12–19 yr olds in a drug clinic, 19635
effects of phenytoin vs carbamazepine vs valproic acid on color vision & validity of Farnsworth-Munsell 100 hue test of color discrimination, 15–65 yr olds with epilepsy, 29326
efficacy of TWEAK, screening instrument to identify women who are at risk drinkers, pregnant women (mean age 30.2 yrs) in prenatal setting, 19646
efficacy of validity scales in detecting random responding & overreporting on MMPI-A, nonclinical 14–17 yr olds & those with moderate to severe emotional & behavioral problems, 24077
equivalence of factor structure of Socialization scale of California Psychological Inventory for assessment of antisocial vs prosocial behavior, white collar criminals vs upper level managers, 16317
evaluation of neuropsychological assessments for brain damage & recovery processes, adults with severe head injuries with vs without post-traumatic amnesia, 34690
examines predictive & construct validity in cognitive tests with respect to biases since 1980, 32570
existence of individual traitlike differences in coping styles & validity of traditional assessments of momentary self-reports of coping, men & women with high levels of work or marital stress, 26119
extended version of behavioral screening Strengths and Difficulties Questionnaire, assessment of psychiatric caseness & chronicity & distress & social impairment & family burden, 5–15 yr olds , 26140
face & concurrent & predictive validity & inter-rater & test-retest reliability of clinical interview scale, general practitioners, 6671
factor structure & cultural validity of modified sensation seeking scale & subscales, 15–50 yr olds & older, China, 35910
factor structure & discriminant validity of Goal Acceptance & Goal Commitment Scales, rehabilitation counselors (mean age 43.7 yrs), 13119
factor structure & reliability & convergent validity of Dutch version of Self-Perception Profile for Children, male vs female 4th vs 5th vs 6th graders, 19581
factor structure & reliability & validity of Levenson's Self-Report Psychopathy Scale, college students, 29375
factor structure & reliability & validity of Multimethod Job Design Questionnaire, assessment of integrating approaches to work, university employees, 25888
factor structure & validity & reliability of French-language version of Positive and Negative Syndrome Scale, Ss with schizophrenia (mean age 36.8 yrs), 32644
factor structure & validity of Adult Suicidal Ideation Questionnaire & Linehan Reasons for Living Inventory, assessment of suicidal thoughts & behavior, adult psychiatric patients, 19627

factor structure & validity of Drug-Taking Confidence Questionnaire, assessment of coping self-efficacy, male vs female alcohol vs cocaine abusers, 19628
factor structure & validity of Temptation Coping Questionnaire, assessment of coping strategies for resisting alcohol vs marihuana & other drug use, high school students (mean age 16.6 yr olds), 32609
factorial validity & invariance of short form of Positive & Negative Affect schedule, 18–79 yr olds, 19598
framework for & development & reliability & validity of Community Organization Sense of Community scale, sense of community in community organizations, community organization members, 9814
French adaptation & validation of short version of Profile of Mood States, females with breast cancer & males with prostate cancer, 18322
further validation of the psychometric properties of the Cramer Defense Mechanism Manual for the Thematic Apperception Test, 18–50 yr old college students, 3316
gender & Holland type as moderators of validity & interpretive utility of Skills Confidence Inventory, employed adults, 115
gender bias & criteria-related & predictive validity & dimensionality & structure of Spanish translation of Test Anxiety Scale for Children, 12–14 yr old primary school children, 19650
generalizability of W. Perry's theory of intellectual & ethical development & cross-cultural reliability & validity of Zhang Cognitive Development Inventory, college students, US vs China, 26111
generalizilibility & validity of biodata & components of Manager Profile Record, managers & staff professionals (mean age 41 yrs old), 35585
Giotto integrity test validity, adults in various occupations, 26247
group vs individual administration & descriptive characteristics & reliability & validity of Harvard Group Scale of Hypnotic Susceptibility Form A & related instruments, college students, 26457
hermeneutic vs scientific approach toward Rorschach assessment & reliability & validity of Rorschach instrument resulting from both approaches , 19590
history & purpose & data generated by & reliability & validity of & norms for Abel Assessment for Interest in Paraphilias for use in assessment of adolescent & adult sexual offenders, 29366
incremental validity of General Confidence Themes of Skills Confidence Inventory, measure of vocational self efficacy & interest, employees, 36046
incremental validity of Religious Problem-Solving Scale, prediction of clergy burnout, pastors, 4581
intended uses & scoring & generalization & extrapolation as issues in validity of interpretation of & ways to improve performance assessments in education, 26227
intercorrelations between & criterion validity of MMPI-2 subtle-obvious subscales & association with crime history, male prison inmates, 16348
internal & external validity of 7 short forms of WISC—III, child & adolescent psychiatric inpatients (mean age 12.55 yrs), 6606
internal & external validity of Thinking Styles Inventory, gifted 12–17 yr olds, implications for gifted education, 32309
internal & external validity of Whiteley Index & construction & validity of 7-item Whiteley scale & Illness Conviction & Worrying subscales, screening for hypochondriasis & somatization, 18–65 yr old primary care vs neurological patients, 1
internal consistency & discriminant validity of Luria Nebraska Neuropsychological Battery-III, discrimination of normal vs abnormal performance, normal & brain injured 14–89 yr olds, 29410
internal consistency & reliability & concurrent & discriminant & factorial validity of Maudsley Obsessional Compulsive Inventory, obsessive compulsive & neurotic & normal subjects (aged 17–77 yrs), 13061
internal consistency & reliability & prediction of alcohol use of Leeds Dependence Questionnaire, 11–48 yr olds, 29416
internal consistency & stability & known-group & discriminant validity of How Are You scale, consumer-based measurement of quality of life outcomes, employees & patients of Menninger Clinic, 29372
internal consistency & validity of Chinese version of Caregiver Burden Scale, caregivers of outpatients with Alzheimer's disease, 31226
internal consistency & validity of state anxiety subscale of State-Trait Anxiety Inventory in context of acute exercise, college students, 35934
internal psychometric properties & convergent validity of Family Environment Scale, antisocial & non-antisocial families with alcoholic father, 30907
internal scale & person response validity & intrarater reliability of School Assessment of Motor & Process Skills, 3–7 yr olds with developmental or learning delays, 9540
interrater & internal consistency reliability & concurrent & discriminative validity of Toglia Category Assessment, 18–86 yr olds with brain injury vs schizophrenia, 17764
interrater reliability & validity of hallucination & delusion subscales of Psychotic Symptom Rating Scales, patients with schizophrenia or schizoaffective disorder, 32638
interviewer training & interview standardization & note-taking & use of panel format, employment interview validity, 29080
intuition-analysis style & process-based & cognitive approaches to studying & validity of short form approaches & Studying Inventory, undergraduates, 32976
issues in & development of Queensland Year 2 Diagnostic Net in assessment of progress in reading & writing in 2nd year of schooling, 7–7.5 yr olds, 19315
issues in assessment of validity of Defining Issues Test on political identity development, 16314
item response based development & validity of Readiness Inventory, assessment of readiness for 1st grade, preschoolers with vs without intensive readiness preparation training, 22917
logical & judgmental moderators of criterion related validity of Occupational Personality Questionnaire, managers, 22924
measurement equivalence of attitude survey, role of culture & language, salaried employees, US vs Australia vs Mexico vs Spain, 13120
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, errata, 35913
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, commentary, 24050
methodology & results & validity & reliability of Pictorial Scale of Perceived Competence & Social Acceptance, measurement of self-concept, 3.1–5.6 yr old Lebanese kindergartners & teachers, 32596
methods for investigating incremental validity of Rorschach variable ego impairment, implications for application to evaluation of other Rorschach variables, 30609
Personal Disturbance Scale length based on structural cross-validation of item subsets & clinical uses, 17–64 yr old psychiatric outpatients, 19009
population-based guidelines for measurement of amount of service delivery by managed care organizations to 55 diagnostic groups, validation with ADHD & major depression & schizophrenia populations, 3286
predictive validity of Strengths & Difficulties Questionnaire vs Child Behavior Checklist in ability to distinguish high vs low risk samples, 4–7 yr olds from psychiatric vs dental clinics, 13065
preliminary validation of MMPI-A with 13–18 yr old male delinquents, clinical correlates with symptoms/diagnoses derived from Schedule of Affective Disorders & Schizophrenia for School-Age Children, 3309
preliminary validation of Schedule of Attitudes Toward Hastened Death, 25–67 yr olds with HIV/AIDS, implications for assisted suicide debate, 6661
procedures for use of qualitative & quantitative techniques to assess an instrument's content validity, 22950
process & outcome to enhance cultural validity of DSM-IV, 29383
profile validity standards for MMPI & MMPI-2 F scales, 17690
psychometric evaluation & validity of TNO-AZL Children's Quality of Life parent form, health-related quality of life, parents of 6–15 yr old patients, 3358
psychometric evaluation of the German & American versions of the Wechsler's scales, psychological measurement of high ability, 6–15 yr olds, 6570
psychometric properties of Korean version of Eating Disorder Inventory-2 & Bulimia Test-Revised, Korean & Korean American women, 19603
psychometric qualities of the French version of the Life Role Salience Scale, 18–61 yr olds, 32601
purpose & reliability & validity & usefulness & ease of use & administration time of GUGT &/vs FES &/vs BBS &/vs POAB &/vs FR, scales of balance, elderly , 13040
relationship between behavior problems & hyperkinesis & attention deficit disorder & social skill deficits & validity of ADHD Rating Scale for preschool children, disadvantaged 3–5 yr old Blacks, 19291
relationship between standard pencil & paper measures of mental imagery & visual analogue measures & reliability & validity of measurements of mental imagery, 17–59 yr old college students, 16304
relationship of biodata item attributes to validity & susceptibility to socially desirable responding, job applicants, 12813
reliability & classification accuracy of cognitive screening, test to identify children at risk for learning problems, kindergarten & prekindergarten children with vs without learning disabilities, 6668
reliability & convergent validity of Survey of Health Concerns, hypochondriacal fears, college students, 36015
reliability & external validity of rating scales for measurement of independent divergent attitudes in organizations, managers, 32724
reliability & validity & acceptability to mental health clinicians of Health of the Nation Outcome Scales for Children and Adolescents, measurement of global outcome, patients with mental disorders, 25393
reliability & validity & clinical utility of brief medical necessity scale for mental disorders, 110
reliability & validity & diagnostic efficiency of the Rorschach Schizophrenia Index, patients with DSM-IV diagnosed schizophrenia or other psychotic disorder vs other personality disorders, 3317
reliability & validity & diagnostic screening efficiency of Accident Fear Questionnaire, assessment of PTSD & phobic avoidance, 19–74 yr olds receiving rehabilitation after motor vehicle accident, 35920
reliability & validity & factor structure of Social Adjustment Scale for the Severely Mentally Ill, 18–70 yr olds with psychotic or mood disorders with or without substance abuse disorder, 17785
reliability & validity & item analysis of the State–Trait Anxiety Inventory C-1 & Y-1, 5–18 yr olds, 3294
reliability & validity & psychometric properties of Achievement Motive Grid, measurement of achievement motive, 3rd–8th graders, implications for instructional settings, 19654
reliability & validity & sensitivity of Behavior & Symptom Identification Scale, assessment of mental health outcomes, outpatients with severe illness, 30–90 day followup, 14445
reliability & validity & treatment sensitivity of Liebowitz Social Anxiety Scale, 18–61 yr olds with social phobia, 11467
reliability & validity across time of Kansas Marital Satisfaction Scale, married couples, 1 yr study, 3287
reliability & validity of 2 versions of Drug Abuse Screening Test, psychiatric outpatients, 6607
reliability & validity of achievement tests variances, standard error constancy, state school districts, 35857
reliability & validity of age-of-onset subtyping of conduct disorder, 13–18 yr olds with conduct disorder referred to psychiatric clinics, 3 yr prospective study, 29390
reliability & validity of an instrument developed in US to identify major depression in 10–17 yr old White vs Chinese Americans, 69
reliability & validity of Appraisal of Life Events scale, adults, 19593
reliability & validity of Assessment of Communication & Interaction Skills, 16–87 yr olds with mental & physical disorders & psychosocial disabilities, 14395
reliability & validity of Assessment of Interpersonal Relations, identification of relationship difficulties with parents & peers & teachers of 9–19 yr olds, 29328
reliability & validity of attitude scale, attitudes toward physician–nurse professional collaboration, medical vs nursing students, 22921
reliability & validity of Byron Physical Assessment Framework,systems based checklist of physiological measurements & signs & symptoms, expert vs novice nurses assessing medical patients, 6614
reliability & validity of Canadian French adaptation of Agoraphobic Cognitions Questionnaire vs American & Dutch versions & gender differences, male & female Ss with agoraphobia & undergraduates, 29396
reliability & validity of Canadian-French vs German vs UK translations of Child Health Questionnaire, 4–19 yr olds & parents, comparison with Canadian- vs US-English versions, 3353
reliability & validity of Career Influence Inventory, perceived influences on career development, college students, 19386
reliability & validity of Caregiver Quality of Life-Cancer, 19–87 yr old caregivers, 36030
reliability & validity of Children of Alcoholics Screening Test, identifying adult children of at least one alcoholic parent, adult children of nonalcoholics & problem drinkers & alcoholics, 23
reliability & validity of Chinese Short Form Health Survey, Mandarin speaking adults (aged 64–87 yrs), 22010
reliability & validity of Clinical Assessment of Schizophrenic Syndrome, patients with schizophrenia, 13080
reliability & validity of Comprehensive Quality of Life Scale, 12–18 yr olds, 32599
reliability & validity of concepts & scales of authoritarianism by T W Adorno et al vs G Lederer vs B Altemeyer, measure of modern political racism, high school students, Belgium, commentary reply, 6571
reliability & validity of concepts & scales of authoritarianism by T. W. Adorno et al vs G. Lederer vs B. Altemeyer, measure of modern political racism, high school students, Belgium, commentary, 6573
reliability & validity of Delirium Severity Scale, inpatients (aged 55 yrs & older) with delirium , 66

reliability & validity of DETERMINE Checklist, measurement of nutritional status for future functional disability & depressive symptoms & mortality, high-risk 70+ yr olds, 29358
reliability & validity of diagnostic thermal vascular test, distinguishing between patients with Raynaud's Phenomenon (mean age 45 yrs) & healthy controls, 22868
reliability & validity of Dutch version of Multidimensional Pain Inventory, adults (mean age 42.5 yrs) with chronic pain, 6659
reliability & validity of employee pay & benefits & distributive & procedural justice scales, working adults (mean age 38 yrs), 32727
reliability & validity of Family Emotional Expressions scale, Children & Adolescents & emotional expression of 12–20 yr olds with vs without headaches, 22873
reliability & validity of French Scale for Interpersonal Behavior, measurement of difficulty & distress in assertiveness, patients with social phobia or personality disorder, France, 26132
reliability & validity of Health of the Nation Outcome Scales for Elderly People, assessment of mental health outcomes, patients attending old age psychiatry service centers, 25384
reliability & validity of Health Status Questionnaire & concurrent validity with Quality of Life Inventory, 19–68 yr olds with chronic back pain, 28012
reliability & validity of Health Utilities Index, measurement of health-related quality of life, mothers of 4–17 yr old pediatric oncology patients, 3357
reliability & validity of high-functioning Autism Spectrum Screening Questionnaire, 6–17 yr olds with autism spectrum or attention-deficit or disruptive or learning disorders or Asperger syndrome, 22862
reliability & validity of Hindi version of Geriatric Depression Scale & association of scores with age & gender & cognitive & functional impairment, rural 57–95 yr olds, 35938
reliability & validity of HIV-risk Screening Instrument & effect of confidentiality on disclosure of HIV risk behaviors, primary care vs blood donor vs methadone vs STD clinic patients, 5263
reliability & validity of KINDL, measurement of health-related quality of life, 10–16 yr olds with juvenile diabetes or bronchial asthma, 3356
reliability & validity of Knowledge About Schizophrenia Questionnaire, 18–58 yr old inpatients with schizophrenia, 17895
reliability & validity of mood scale for children, 8–12 yr olds, implications for consumer behavior research, 35893
reliability & validity of Need for Closure Scale & Personal Need for Structure Scale, measurement of cognitive style, college students, 35901
reliability & validity of neurologic exam abnormalities in psychiatric patients with or without neurologic disorders, 103
reliability & validity of Occupational Role Questionnaire, back pain & occupational role performance & demographic characteristics, adults with back pain, 1940
reliability & validity of Peabody Individual Achievement Test Revised vs Wechsler Individual Achievement Test written expression scoring systems, 13–46 yr olds, 12690
reliability & validity of Pediatric Quality of Life Inventory, assessment of health-related quality of life, 8–18 yr old on-treatment & off-treatment pediatric cancer patients & their parents, 13079
reliability & validity of Penn Alcohol Craving Scale, treatment & psychotherapy, 20–72 yrs old, 32636
reliability & validity of Perceived Illness Experience Scale & correlation with proxy rater & measures of well-being & function, 8–25 yr olds with bone tumors treated by limb salvage surgery, 19617
reliability & validity of Posttraumatic Cognitions Inventory, measurement of trauma-related thoughts & beliefs, traumatized patients with vs without posttraumatic stress disorder, 30775
reliability & validity of Prenatal Maternal Expectations Scale, measurement of prenatal expectations & postnatal attitudes toward infant & maternal role, 16–32 yr old 1st-time mothers, 17499
reliability & validity of questionnaire assessing physical work load, nursing home employees, 25943
reliability & validity of Relationship Assessment Scale, measurement of global relationship satisfaction, 18–54 yr olds in committed relationship, 16356
reliability & validity of revised Positive and Negative Affect Schedule for Children, 8–15 yr olds , 6575
reliability & validity of Risk and Protective Factors Scale, prediction of development of disruptive behavior disorder, 6–12 yr olds with severe disruptive behavior, 13069
reliability & validity of Screen for Child Anxiety Related Emotional Disorders, 9–18 yr olds with anxiety disorders, 35921
reliability & validity of Self-Understanding of Interpersonal Patterns self-report measure, patients with major depressive or generalized anxiety disorder or cocaine dependence, 35929
reliability & validity of Sexist Discrimination in the Workplace subscale of Schedule of Sexist Events, 23–44 yr old African American &/vs White female firefighters, 59
reliability & validity of Sexual Dependency Inventory-Revised, sex addicts & offenders, 72
reliability & validity of short form of Center for Epidemiologic Studies Depression Scale, 70 yr olds & older with vs without depression, 3 yr study, 32631
reliability & validity of Singer-Loomis Type Deployment Inventory & Personal Preferences Self-Description Questionnaire, measurement of Jungian personality constructs, college students , 29327
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, commentary reply, 32648
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, comment, 32647
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, 14491
reliability & validity of Stanford-Binet Intelligence Scale 4th Edition, young adults (mean age 20.8 yrs) with mild to moderate intellectual disability, 22861
reliability & validity of Subjective Burden Scale, family caregivers of elderly relatives with dementia, 31279
reliability & validity of Subjective Happiness Scale, high school & college students & community adults in US & Moscow aged 14–94 yrs, 16322
reliability & validity of Symptoms Inventory & Performance Scales measurement of impairment & disability & quality of life, multiple sclerosis patients, 9924
reliability & validity of Systematic Treatment Selection Clinician Rating form & use in treatment planning, 22–76 yr olds with alcoholism or major depression or other mental disorders, 26138
reliability & validity of Team Player Inventory, measurement of positive predisposition toward organizational team-working environments, 19–70 yr olds, 19419
reliability & validity of testament definition scale, measurement of capacity to define testament, 61–85 yr old cognitively impaired patients, 28159
reliability & validity of the Dispositional Envy Scale, self-report measure of the tendency to feel desire for another's advantages, undergraduates, 26121
reliability & validity of the Personal Preferences Self-Description Questionnaire, evaluation of Jungian personality types, Hispanic high school students, 35905
reliability & validity of Theory of Mind test, 5–13 yr olds with vs without pervasive developmental disorders, 14831
reliability & validity of Toddler Behavior Screening Inventory & its utility in differentiating clinical from nonclinical samples, mothers of 12–41 mo olds, 35947
reliability & validity of Urge Impact Scale, assessment of impact of urge urinary incontinence, quality of life, 60+ yr olds , 29365
reliability & validity of urge incontinence-specific instruments, measurement of health-related quality of life & symptom annoyance, women (mean age 63.8 yrs), 29359
reliability & validity of Warrington Recognition Memory Test for Faces, 35–81 yr old outpatients with neurological disorders, 32688
reliability & validity of Writing Essential Skill Screener-Upper Elementary Version, 3rd–6th graders, 26101
reliability & validity, shortened Inventory of Interpersonal Problems, clinical patients, 3314
reliability & validity, Suicidal Ideation Questionnaire-JR, 11–15 yr old inner-city parochial school students, 16350
replication of validity of Manic Depressiveness Scale, mania & clinical depression, bipolar &/vs unipolar depressives, 3333
research on development & validity & potential uses of Wisconsin Manual for Assessing Psychotic-like Experiences, 22869
retention of test items showing differential item functioning, measurement quality & validity of aptitude tests, Black vs White male vs female high school students, longitudinal study, 15944
screening & validity of performance on Center for Epidemiologic Studies-Depression Scale, community dwelling 60–99 yr olds with vs without dementia, 9898
social competence & Wechsler Picture Arrangement & Comprehension subtests, 6–20 yr old males & females, 35890
stability & reliability & validity of School Participant Empowerment Scale scores & subscales, teachers, 6666
standardization & validity of Learning Behaviors Scale, differential patterns of classroom learning, 5–17 yr olds, US, 26106
structural validity of French translation of Parental Bonding Instrument, measurement of perceived levels of parental care & protection, parents of 7–8 & 12–13 yr olds, 16302
structured interview vs Phobia Origins Questionnaire, validation of onset of phobias, 17–48 yr olds & their parents, 6616
suitability of State Trait Anxiety Inventory for Children Trait version for assessment of DSM-IV anxiety disorders, 8–17 yr old asthmatic outpatients, 32659
test construction & use & psychometrics in Spanish- & Portuguese-speaking countries, psychologists, implications for implementation of testing process & translation & adaptation of tests, 26083
test reliability & construct validity in measurement of employees' need for supervision, leadership effectiveness & behavior & criteria, insurance agents, 6674
test reliability & validity & norms of Swedish version of Dysfunctional Attitude Scale, depressive cognitions, euthymic outpatients with unipolar depressive disorder & normal adults, 87
test validity & efficacy beliefs at beginning of training vs end of preparation program, modified Teacher Efficacy Scale, preservice teachers, 112
test validity of Disability & Impact profile, assessment of quality of life, 26–76 yr olds with multiple sclerosis, 36005
test validity of psychometric evaluation of daytime sleepiness & nocturnal sleep onset, 18–45 yr olds, 13635
test-retest reliability & screening & diagnostic validity of Abel Assessment for Interest in Paraphilias, juvenile sexual offenders, 30931
use of cluster analysis to validate International Headache Society criteria for migraine & tension-type headache, headache sufferers (mean age 42 yrs), 16359
utility & validity & accuracy of self report & objective measures of fatigue, outpatients with brain injury , 3283
utility & validity of Judgment of Line Orientation Test & Facial Recognition Test, measurements for detection of unilateral cerebral hemisphere lesions, children with left vs right cerebral lesions, 19642
utility of Beck Depression Inventory for Primary Care as major depression disorders screening tool, 12–17 yr old medical outpatients, 22883
utility of Differential Test of Conduct & Emotional Problems vs Emotional & Behavior Problem Scale, discrimination of emotional disturbance vs social maladjustment, 12–15 yr olds in special education, 25807
utility of the Deceptive–Subtle scale of the MMPI–2, measurement of malingering, psychiatric outpatients vs participants asked to fake-bad responses, 3307
validation & normative criteria of Spanish language version of the Short Cognitive Performance Test, evaluation of attention & memory deficits, 55–85 yr olds with vs without dementia, 31296
validation & optimal cutpoint of short Geriatric Depression Scale, screening for hidden morbidity in primary care, community-dwelling 77–84 yr olds, 26129
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, correction, 16367
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, 12274
validation of new Self-Apperception Test as measure of individual differences in implicit self-concept, college students, 19586
validation of normative data on Doors & People Memory Test & relationship between test results & intellectual level, 16–75 yr olds , 35985
validation of self-administered screening test, detection of alcohol or other substance abuse before or during pregnancy, 13057
validation of the Padua Inventory, self-report measure of obsessive & compulsive symptoms, 15–18 yr old Italian adolescents, 29378
validation of the Sanford Center for Narcolepsy Sleep Inventory, measurement to screen for presence of definite cataplexy, patients diagnosed with narcolepsy, 13088
validation of Trauma Symptom Inventory, assessment of trauma related difficulties, female 17–56 yr olds with vs without histories of childhood sexual &/or physical abuse, 9902
validity & accurate prediction of therapist ratings in MMPI—2 content scale constructs & structure, male vs female outpatients (mean age 33.16 yrs), 9870
validity & appropriateness of standardization norms of Roberts Apperception Test for Children, assessment of coping skills & adaptive function, 8–11 yr olds, 22845
validity & clinical utility of transitional object early memory probe in psychodynamic psychotherapy, Early Memory Transitional Relatedness Scale & Rorschach Transitional Object Scale, inpatients, 74

validity & factor structure of Spanish language version of Multidimensional Condom Attitude Scale, Hispanic female 15–50 yr olds, 19605
validity & psychometric characteristics of Home & Community Social Behavior Scales, assessment of at-risk students, 11–16 yr olds, 16323
validity & psychometric properties of Padua Inventory, assessment of genetic structure of obsessionality, 15–75 yr old twins, 32606
validity & reliability & conceptual design of Revised Approaches to Studying Inventory & creation of interval level scale, undergraduates, 16383
validity & reliability & impact of loss of information of MMPI-2 computerized adaptive administration, 27–72 yr old veterans in treatment for addictive disorders, 32034
validity & reliability & realism of psychiatric clerkship objective structured clinical examination, psychiatric clerks & residents & psychiatrist examiners & instructors, 3363
validity & reliability & standard errors of measurement of 7-subtest short forms of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19602
validity & reliability of accelerometry for detection of posture & motion, male college students, 26097
validity & reliability of Alcohol Use Disorders Identification Test, screening for hazardous & problem drinking, 18–23 yr old students cited for violating university drinking rules, 36020
validity & reliability of asthma general knowledge questionnaire for adults, 19–63 yr olds with asthma, 1914
validity & reliability of attachment-based classification of family drawings & correlation with teacher ratings of social adjustment, 5–7 yr olds, 19579
validity & reliability of Binge Eating Scale, female nonpurge binge eating 20–64 yr olds, 19630
validity & reliability of Courage to Heal Workbook Checklist, identification of Ss reporting sexual abuse, college students, 8248
validity & reliability of curriculum-based measurement in reading, deaf or hard of hearing 6–13 yr olds who use manually coded English, 6664
validity & reliability of educational measures using raters as data collection methods & experimental design factors, 9941
validity & reliability of Employee Assistance Program Client Satisfaction Scale & relationship to demographic & treatment & organizational factors, 20 yr olds & older, 36047
validity & reliability of Empowerment Scale & subtests in relation to educational attainment & employment status, adult outpatients with mental disorders, 26162
validity & reliability of God Locus of Health Control rating scale of health attitudes & God concept & adaptive behavior, 50–60 yr olds with rheumatoid arthritis or systemic sclerosis, 22909
validity & reliability of habituation of nose-poking response, measurement of memory, male mice, 33055
validity & reliability of Health of the Nation Outcome Scales, assessment of mental health service effectiveness, 19–64 yr old psychiatric inpatients & outpatients & day hospital patients, 25403
validity & reliability of Interpersonal Support Evaluation List & Social Network Interview, assessment of social support, homeless & poor adults, 9811
validity & reliability of irritable bowel syndrome misconceptions scale, 36008
validity & reliability of measure of impact of toenail onychomycosis & health related quality of life, adults, 36016
validity & reliability of multiple-station examination vs practice video assessment, assessment of competence & performance in daily practice, family physicians, 15820
validity & reliability of Norwegian version of Quality of Life Index, 19–78 yrs olds newly diagnosed with cancer, 31163
validity & reliability of Perceived Employability Scale, assessment of career self-efficacy, 17–59 yr old low-income culturally diverse females, 3012
validity & reliability of Personalised Emotional Index, prototype of designer test using words from S's own vocabulary, caregivers of schizophrenic patients, 32643
validity & reliability of rating scale of pain coping behavior & stress reactions & psychological vulnerability & sensitivity to cognitive intervention, adults with rheumatoid arthritis, 22878
validity & reliability of researcher vs keyworker administered Health of the Nation Outcome Scales, assessment of health & social functioning, adult patients with 1st-onset psychosis, 3-yr followup, 25381
validity & reliability of Revised NEO Personality Inventory, application of 5-factor model of personality traits in non-Western cultures, 14-yr-old & older psychiatric patients, China, 30639
validity & reliability of Schedule of Racist Events, assessment of frequency of racial discrimination & its association with psychiatric symptoms, 18–79 yr old African Americans, 16321
validity & reliability of self-rated deviations of mood states from mood traits, university students, 2 wk study, 33962
validity & reliability of use of English film clips for assessment of affective reactivity, male vs female 19–42 yr old German college students, 14306
validity & reliability of Voris Cocaine Craving Scale, 27–62 yr old recently withdrawn cocaine-dependent patients, 11639
validity & reliability of wellness inventory, graduate students less that 54 yrs old, 18783
validity & score distribution & internal consistency of the Nottingham Health Profile, perceived health status, patients with asthma or chronic obstructive pulmonary disease , 36014
validity & sensitivity & specificity of Brief Medication Questionnaire, assessment of adherence & barriers to adherence, 30–74 yr old patients, 28502
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, 14834
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary, 35972
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary reply, 35953
validity concerns & usefulness of student ratings of instruction, commentary reply, 22912
validity concerns & usefulness of student ratings of instruction, commentary reply, 22920
validity concerns & usefulness of student ratings of instruction, commentary reply, 22916
validity issues in Likert vs Thurstone approaches to attitude measurement, undergraduates & members of special interest groups, 14321
validity of alcohol screening questionnaires & ethnicity & race, males vs females, commentary & commentary reply , 6612
validity of alcohol screening questionnaires & ethnicity & race, males vs females, commentary & commentary reply, erratum , 9884
validity of Allen Cognitive Level Test, persons with schizophrenia living in long-term psychiatric hospital vs community, 8145
validity of Amharic version of Reporting Questionnaire for Children, screening for behavioral disorders, data from mothers of 5–15 yr olds, Ethiopia, 32655
validity of answers to questionnaire on musculoskeletal problems in relation to clinical diagnoses, perception of reported musculoskeletal pain, 20–45 yr old female unskilled workers, 19645
validity of aptitude battery for predicting training success, enlisted Air Force personnel, 32728
validity of Assessment of DSM-IV Personality Disorders questionnaire, measurement of trait & distress characteristics, 18–67 yr olds, 89
validity of assessments of cognitive abilities & academic achievement, diverse groups, 32713
validity of bidimensional structure of Eysenck Personality Questionnaire Lie Scale, Turkish vs Finnish university students, 14310
validity of CAGE & MAST screening questionnaires vs disguised assessment using Trauma Scale, detection of hazardous alcohol consumption, 18–64 yr old surgical & medical general hospital inpatients, 8376
validity of California Q-set Alexithymia Prototype. measure of alexithymia construct. college students, 6615
validity of Cermak co-dependence scale, spouses & relatives of alcoholics, 26163
validity of Child Adjustment Inventory, adjustment to early phase of divorce & family functioning, 5–16 yr olds from divorcing families, 16312
validity of Child Facial Coding System, assessment of postoperative pain, 1.1–6.2 yr old surgical patients, 35875
validity of Children's Depression Inventory vs Pleasure Scale for Children, assessment of depression & anhedonia & susceptibility of instrument to defensiveness, 7–16 yr olds with cancer, 28102
validity of Chronic Pain Coping Inventory, patients, 19620
validity of CIE-1931 Standard Observer, assessment of color-matching functions, adults, 32838
validity of Clinical Evaluation of Language Fundamentals for identification & description of language disorders, 13.3–21.7 yr olds with traumatic brain injury, 21610
validity of College Majors Finder compared with Self-Directed Search, postgraduation career guidance, high school juniors & seniors, 6274
validity of combined screening tests in identification of risk for behavior problems in school setting, kindergarten–6th grade students, 36036
validity of computerized adaptive test of word knowledge administered via telephone to estimate general cognitive aptitude, 17–53 yr old US Army recruits, 6591
validity of Computerized Assessment System for Psychotherapy Evaluation and Research, measurement of treatment outcome, 18–63 yr old psychiatric outpatients, 31426
validity of computerized sensorimotor tests, detection of RT & attention & hand coordination & other neurobehavioral changes, urban vs suburban 9–10 yr olds exposed to environmental lead, 22839
validity of Diagnostic Assessment for Severely Handicapped–II subscale, diagnosis of depression, adults with severe & profound mental retardation, 27964
validity of diagnostic criteria & efficacy of trycclic antidepressant pharmacotherapy, 21–60 yr olds with major depressive disorder, 31695
validity of DSM-IV & ICD-10 self report personality questionnaire vs fully structured interviews, identification of personality disorders, 18–63 yr old psychiatric patients, 50
validity of DSM-IV criteria for alcohol use disorders applied to adolescents, 13–19 yr olds with alcohol symptoms who do not qualify for DSM-IV abuse or dependence diagnoses, 1 yr followup, 24534
validity of Dumont/Faro short-form version of WISC-III, assessment of giftedness, 3rd graders, 2994
validity of Dutch Sleep Disorders Questionnaire, 16–82 yr old patients with sleep complaints, 6637
validity of Epworth Sleepiness Scale, patients with sleep apnea, 9878
validity of Estonian version of Eating Disorder Inventory–2 & contribution of personality & emotions to self-reported eating attitudes, 15–45 yr old eating disordered vs weight preoccupied females, 29388
validity of Fagerstrom Test for Nicotine Dependence & Heaviness of Smoking Index, smokers, 18040
validity of Family Background Questionnaire, characteristics of family of origin, 18–61 yr olds, 27
validity of Five-Minute Speech Sample as measure of expressed emotion, family members of 15–65 yr old schizophrenia patients, Japan, 35909
validity of full vs short form of CAMDEX interview, diagnosis of dementia, patients, 1 yr followup, 2065
validity of General Health Questionnaire, assessment of psychiatric disorders, 20–62 yr old staff of National Health Services, England, 19647
validity of group task circumplex, dimensions of task typologies & degree of task requirement for member interdependence & consensus-building communication, college students, 17587
validity of Health of the Nation Outcome Scales, assessment of clinical status & outcomes, psychiatric patients, 25382
validity of immediate vs delayed self-reports in structured employment interview or safety training evaluation, graduate students & manufacturing firm non-managerial employees, 3017
validity of impedance pneumography to measure respiration, 24–41 yr olds, 20231
validity of Italian multiple sclerosis quality of life- 54 questionnaire, assessment of neurological impairment on perceived quality of life, patients (mean age 42 yrs) with multiple sclerosis, 32687
validity of Italian version of Edinburgh Postnatal Depression Scale, women assessed 8–12 wks after pregnancy, 19610
validity of items in Mathematics as a Male Domain scale of Fennema-Sherman Mathematics Attitude Scales, 22509
validity of Japanese Bem Sex Role Inventory, assessment of masculine & feminine & androgynous personality traits, 18–52 yr olds, Japan, 29333
validity of Kaufman Short Neuropsychological Assessment Procedure, 45–79 yr olds with left vs right-hemisphere stroke, 8581
validity of Manchester Short Assessment of Quality of Life, life satisfaction, psychiatric patients receiving community care, 17830
validity of MCMI & its revisions for Axis II disorders & ability to meet requirements for admissibility of scientific evidence established by Daubert v. Merrell Dow Pharmaceuticals Inc, meta analysis, 26118
validity of Mini Mental State Examination assessment of cognitive functioning & impairments, 60+ yr old Hispanics vs Whites living in rural areas, 32594
validity of Mini-Mental State Examination & Milan Overall Dementia Assessment, measurement of prevalence of Alzheimer's disease, 60 yr olds & older, 31204
validity of Ministry Risk/Need Assessment Form measure of probation risk, male vs female 12–17 yr old Native vs non-Native offenders, Canada, 6 mo followup, 9891
validity of MMPI-2 & Beck Depression Inventory, psychosocial assessment for decisions of organ allocation, high vs low risk candidates for renal transplantation, 18831

validity of MMPI–Adolescent as inpatient assessment tool to distinguish eating disorder subtypes, 14–18 yr old females with anorexia or bulimia or eating disorder not otherwise specified, 29364
validity of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores, adults, 22853
validity of neurophysiological measures & sustained attention in continuous performance test, 18–24 yr olds, 29762
validity of new version of the Rational–Experiential Inventory, relation of rational & experiential information processing styles to personality & beliefs & ratio-bias phenomenon, undergraduates, 19600
validity of Nursing Care Dependency Scale, 15–101 yr old demented & mentally handicapped patients, 5891
validity of Orpheus minor scales, working adults, 6597
validity of parental report MacArthur Communicative Inventory for measurement of vocabulary & grammar & syntax, parents of 24–49 mo olds with specific language delays, 16313
validity of patient-completed questionnaire assessing metered-dose inhaler technique, 18–83 yr olds with asthma or other pulmonary disease, 108
validity of Peabody Picture Vocabulary Test-Revised as a surrogate for the Wechsler Adult Intelligence Test-Revised, intelligence quotients, brain-injured adults, 79
validity of performance indicators & learner outcomes of Kentucky alternate assessment, experts in best practices for students with moderate & severe cognitive disabilities, 32641
validity of Personal Growth Initiative Scale & relation to ways of growing & gender role orientation, males vs females (mean age 19.01 yrs), 9846
validity of PPVT—R, assessment of receptive vocabulary, 5.1–6.0 yr olds, 4427
validity of Questions About Behavioral Function, assessment of antecedents of maladaptive behaviors, adults with mental retardation exhibiting self-injurious behavior or aggression or stereotypies, 16345
validity of Santa Clara Strength of Religious Faith questionnaire, strength of religious faith, college students & recovering substance abusers, 35865
validity of SCID-III-R vs UM-CIDI for diagnosing major depression, male medical inpatients, 6604
validity of Self-Description Questionnaire-II, assessment of academic & nonacademic self concept, 6th–8th graders, 32597
validity of self-report Hopkins Symptom Check List 25, refugees (aged 19–65 yrs), 22870
validity of self-report version of the Strengths and Difficulties Questionnaire, positive & negative attributes, 11–16 yr olds attending a mental health clinic, 3312
validity of Semi-Structured Assessment for the Genetics of Alcoholism, measurement of physical & psychosocial & psychiatric manifestations of alcohol abuse & comorbid disorders, 18–62 yr olds, 35942
validity of Sensation Seeking Scale Form V, psychometric traits & sensation seeking, males & females 18–36 yrs old, 35889
validity of Spanish version of 49-item short form of Addiction Research Center Inventory, subjective effects of sedatives vs stimulants vs opioids, healthy & opioid-dependent males, 24510
validity of Spanish version of Structured Interview, assessment of Type A behavior, 29–68 yr old male heart patients with vs without coronary disease , 19616
validity of Sport Fan Motivation Questionnaire, 18–84 yr olds, 19440
validity of Staff Observation Aggression Scale-revised, psychiatric hospital staff, 16347
validity of Teacher Concerns Questionnaire in physical education setting, Belgian vs English inservice & preservice physical education teachers, 32193
validity of the adolescent hyperactivity scale, 16–18 yr olds with ADHD, 19614
validity of the Composite International Diagnostic Interview psychosis module vs diagnostic checklists completed by experienced clinicians, clinical Ss, 6609
validity of time & change test in screening for dementia, 70+ yr olds, 8627
validity of Timeline Follow-Back & weekly calendar reports as self-report methods for estimating cocaine use, patients with cocaine use disorders, 11617
validity of University of Michigan Global Rating Scale & SFDP26 Clinical Teaching Effectiveness Instrument for measuring clinical teacher effectiveness, third-year medical students, 113
validity of use of the Internet for personality testing using Self-Monitoring Scale, 18–53 yr old undergraduate students vs 11–67 yr old Internet questionnaire respondents, 11182
validity of Wender Utah Rating Scale, male adults with childhood history of ADHD, 29395
validity of work autonomy scales, assessment of employee reports of work autonomy, college students, 12835
validity supplementation of 3-item recall portion of Mini-Mental State Examination with cued recall procedure, elderly Ss with Alzheimer's disease vs subcortical vascular ischemic dementia, erratum, 9926
verbal learning test vs word recall & California Verbal Learning Test, differential diagnosis of dementia, Alzheimer's patients (mean age 72.6 yrs), 34649
ways to strengthen criterion related validity of professional certifications, 6280
written vs computer assisted telephone interview methodology of Symptom Driven Diagnostic System for Primary Care, screening for mental disorders, primary care patients (mean age 45.7 yrs), 19623
Test Validity—Books
Studies of objective/projective personality tests, 29341
Test Validity—Chapters

Empiricism and the Thematic Apperception Test: Validity is the payoff, 32622
Experience with the Alcohol Use Disorders Identification Test (AUDIT) in Mexico, 3360
Focus chapter: **Methodological issues in research using projective methods, 9920**
Katz Adjustment Scales, 26169
Measuring the beliefs in a just world, 61
Methodological strategies in research to validate measures of belief in a just world, 64
An objective questionnaire supplement to the Rorschach: Preliminary findings, 29343
Occupational preparation: Education, training, experience, and licensure/certification, 12768
Polygraph (''Lie Detector'') testing: The state of the art, 9732
Prediction of MMPI-2 clinical scores from the Draw-A-Person Questionnaire, 29347
The Rorschach: Measurement concepts and issues of validity, 9856
SF-36 Health Survey, 26218
Validity evidence for interest inventories, 16395
Testes—Serials
age & population interaction & plummage brightness & haematozoa infection, testis size, older vs younger finches, implications for sexual selection, 13461
dose & time dependent effects of ethanol administration on testicular antioxidant system, male rats, 30054
Testes Disorders [See Endocrine Sexual Disorders]
Testicular Feminization Syndrome—Serials
personality changes & reversal of severe & suicidal depression with testosterone substitution, 31 yr old male with bilateral cryptorchism, 4 yr study, 37746
Testimony (Expert) [See Expert Testimony]
Testing [See Also Computer Assisted Testing, Content Analysis (Test), Difficulty Level (Test), Educational Measurement, Item Analysis (Test), Item Content (Test), Item Response Theory, Rating, Repeated Measures, Scaling (Testing), Scoring (Testing), Test Administration, Test Bias, Test Forms, Test Interpretation, Test Items, Test Reliability, Test Standardization, Test Validity]—Serials
behavior & temperament tests, prediction of efficiency & suitability in work as adult police dog, German Shepherd puppies, 2 yr study, 26489
culture & test behavior, students aged 6–16 yrs, 35505
current situation in the regulation of psychological testing practices in Switzerland & France & Belgium, 26079
determination of special education eligibility through academic referral & testing & team decision, 2nd & 3rd & 4th grade students, 15994
dose–response relationship between drinking & serum tests, 40–59 yr old drinking males, Japan, 14220
evaluation of knowledge claims on the relationship between culture & test behavior, 35506
Hearing in Noise Test list equivalency for speech in quiet vs in 65 dBA noise with noise at 0 vs 90 vs 270 degrees azimuth, 60–70 yr olds with sensorineural hearing loss, 6567
instruction/scoring condition, sex effect size in multiple-choice test scores, male vs female 16–21 yr olds, 32574
performance on supplemental measures of Wechsler Adult Intelligence Scale—Revised as Neuropsychological Instrument, adults with vs without brain injuries, 5381
practical & ethical issues in use of client vs nonclient child vs adult volunteers in teaching psychological testing, psychology instructors, 15754
psychometric characteristics of Recovery Scale, patients in partial hospitalization program, 22860
report adequacy of methodological & statistical aspects of randomized controlled trials in evaluation of antidepressants & use of results in subsequent meta-analyses, 6563
school examinations, cognitive appraisal & state anxiety & coping, high school students, 25800
standard error of measurement vs established standard for intra individual change on Chronic Heart Failure Questionnaire & health related quality of life measure, 23–93 yr old cardiac outpatients, 24770
steps & types of sampling & generalizing results & external validity of study, 29454
technological innovation & cognitive & measurement science in improvement of large-scale educational assessments & admissions testing, 36032
test construction & use & psychometrics in Spanish- & Portuguese-speaking countries, psychologists, implications for implementation of testing process & translation & adaptation of tests, 26083
use of Bayley Scales of Infant Development-II with premature infants & related concerns, implications for state funding & neonatal intensive care early intervention, commentary, 35
Testing [See Also Computer Assisted Testing, Content Analysis (Test), Difficulty Level (Test), Educational Measurement, Item Analysis (Test), Item Content (Test), Item Response Theory, Rating, Repeated Measures, Scaling (Testing), Scoring (Testing), Test Administration, Test Bias, Test Forms, Test Interpretation, Test Items, Test Reliability, Test Standardization, Test Validity]—Books
Bender Gestalt screening for brain dysfunction (2nd ed.), 105
Testing [See Also Computer Assisted Testing, Content Analysis (Test), Difficulty Level (Test), Educational Measurement, Item Analysis (Test), Item Content (Test), Item Response Theory, Rating, Repeated Measures, Scaling (Testing), Scoring (Testing), Test Administration, Test Bias, Test Forms, Test Interpretation, Test Items, Test Reliability, Test Standardization, Test Validity]—Chapters
Assessment of aphasia, 3345
Contemporary issues in testing use, 38754
Exploiting the speed–accuracy trade-off, 10171
Introduction to personality measurement, 9860
Testing (Job Applicants) [See Job Applicant Screening]
Testing Methods [See Also Adaptive Testing, Essay Testing, Forced Choice (Testing Method), Multiple Choice (Testing Method), Q Sort Testing Technique, Scaling (Testing)]—Serials
agreement between affect similarity judgments & correlations computed from self ratings, adults, 16430
approaches taken to interviewing persons with mental retardation & implications for well-being & quality of life scores, 22856
assessment of multidimensionality, item response theory true-score equating method, 35854
cross-cultural recognition of facial expressions in forced-choice vs free response paradigm, 15–60 yr olds, India vs US, 19887
development of functional MRI for study of organization of color-selective areas in visual cortex, adults (mean age 27.7 yrs), implications for study of achromatopsia, 23291
major & scores on sequential-random & concrete-abstract continua of Gregorc's cognitive style delineator, preferences for teaching methods & testing techniques, college students, 32299
method variance, measurement of work ethic & individual difference variables of locus of control & conscientiousness, undergraduates, 32611
psychophysiological adaptive automation methods, teaching performance, adults, 4038
recommendation to provide special examination arrangements for students with emotional &/or behavioral or attentional difficulties, educational psychologists, 25820
reporting of health-protective behaviors & substance use & sexual behaviors using computer-assisted self-interview vs written self-administered questionnaire, 13–20 yr olds, 22910
sex, constructed response reading items, papers of 7th & 10th grade students, 9943
successive vs simultaneous presentation of isomorphic arithmetic problems, comprehension & solving strategies, 6th graders, 6199
test centered vs examinee-centered method for setting cutting scores on achievement tests, performance assessment, 8th–10th graders, 36037
Testing Methods [See Also Adaptive Testing, Essay Testing, Forced Choice (Testing Method), Multiple Choice (Testing Method), Q Sort Testing Technique, Scaling (Testing)]—Books
Teaching and testing reading: A practical guide for teachers and parents, 19274

Testing Methods [See Also Adaptive Testing, Essay Testing, Forced Choice (Testing Method), Multiple Choice (Testing Method), Q Sort Testing Technique, Scaling (Testing)]—Chapters
Performance assessment using complex tasks: Implications for children with high-incidence disabilities, 16386
Testosterone—Serials
17 alpha-methyltestosterone, male-like sexual characteristics, female Brienomyrus niger, 7205
age, testosterone levels & reproductive function & sexual competition & success, male mouse lemurs, 4017
aggression & plasma total testosterone & free androgen correlates, Caucasian & Asian male undergraduate medical students & meta-analytic data, 594
calmodulin presence & concentration in hypothalamus, testosterone perinatally treated females & tamoxifen perinatally treated males, 737
corticosterone or testosterone, corticotropin-releasing hormone & arginine vasopressin mRNA expression & stress-induced adrenocorticotropic hormone release, male rats with adrenalectomy vs gonadectomy, 26649
depressiveness & anxiety & perceived stress & self-efficacy as moderators of relationship between physiological exercise stress & growth hormone & cortical & testosterone secretion, 17–26 yr old males, 23459
description of immunoassay for salivary testosterone levels, 8–12 yr olds & adults, implications for research on testosterone–behavior relationship, 14008
dominant vs subordinate social status in resident–intruder test & sperm motility & reproductive organ weight & serum testosterone, pair- vs isolation-reared male mice, 13638
dosage & withdrawal & psychosexual side effects of testosterone therapy, 21–40 yr old males, 12268
elevated testosterone, paternal care during short breeding season, male Lapland longspurs, 19991
estradiol & testosterone, acquisition & extinction of conditioned taste aversion, gonadectomized female vs male Fischer vs Sprague-Dawley rats, 30069
estradiol &/vs testosterone, territorial defensive aggression, free-living female mountain spiny lizards, 23479
estradiol benzoate as nestlings & testosterone propionate as adults, masculinized sexual partner preference, female zebra finches, 13687
exogenous testosterone administration, testosterone & prolactin levels & parental behavior & prolactin binding site activity, male dark-eyed juncos, 4263
Fadrozole, aromatization testosterone to estradiol & sexual behavior & aggression, male vs female green anole lizards , 4296
familiarity with opponent & same vs new location, social inertia & aggressive behavior, white-throated sparrows with vs without testosterone implants, 13487
gonadectomy with synthetic estrogen vs nonaromatizable androgen vs testosterone implants, 5-HT-1A & 5-HT-1B agonist-modulated aggression, male mice, 13706
life-long absence of sexual drive, 32 yr old female with 5-dihydrotestosterone deficiency, 11810
mania induced by testosterone patch, 28 yr old male with AIDS, 25318
marriage & divorce, testosterone level, 32–68 yr old male Air Force veterans, 10 yr study, 1125
methodological considerations in research on testosterone & aggression & personality & sexual orientation & criminal behavior, 24425
neonatal testosterone, male- & female-like copulatory behavior, female musk shrews, 6986
nest defense, testosterone treated male dark-eyed juncos vs their mates, 3689
patient evaluation procedure & combined use of testosterone replacement & sex therapy, female patients with sexual dysfunction, 15073
peripheral or intra-nucleus accumbens injection of alpha-flupenthixol, testosterone conditioned place preference, male rats, 4239
peripheral vs intracerebral naloxone, acquisition & expression of appetitive & consummatory sexual behavior, castrated & testosterone-treated Japanese quail, implications for role of opioids, 26838
personality changes & reversal of severe & suicidal depression with testosterone substitution, 31 yr old male with bilateral cryptorchism, 4 yr study, 37746
physiological androgen replacement with methyltestosterone, sexual energy, 43–49 yr old menopausal females with hypoactive sexual desire disorder, 28621
physiological vs social-interactive bases for testosterone & voice pitch correlations, male vs female college students, 26901
physiology of testosterone secretion & relationship between testosterone & major depression, aging men, 7137
postnatal testosterone, mother–infant relationship & sexual behavior, infant monkeys, 19970
progesterone & allopregnanolone & testosterone propionate, defensive burying latency & anxiety on elevated plus-maze, male vs female vs virilized female vs castrated male rats, 10570
pubertal testosterone, familiarization vs sexual vs territorial scent marking, male tree shrews, 13447
relationships among salivary testosterone & mood & selective attention to threat, healthy men vs women (mean age 22 yrs), 29945
relationships among testosterone & antisocial & risk behaviors & employment & marital status & depression, 30–48 yr old males, 27580
salivary testosterone & cortisol & mood responses to real match between professional basketball teams, males, 13667
seasonal sexual behavior & environmental conditions, fecal testosterone & cortisol levels, male monkeys, 20034
serum testosterone level & criminal behavior, male patients with schizophrenia or personality disorders, 30632
socioendocrinological mechanisms, suppression of reproductive function, dominant vs subordinate male sifakas, 26510
sports competition & outcome & motivation & self efficacy & self appraisal of & satisfaction with performance, levels of testosterone & cortisol & prolactin, male judo fighters, 23474
testosterone & prejudice & pupil dilation while viewing pictures of persons of target races, White vs Black college students, 23985
testosterone & pulsatile LH secretion & FSH & cortisol, 22–72 yr old male inpatients with major depression, 21107
testosterone implantation, circadian rhythm of feeding activity, arrhythmic male Japanese quail, 4201
testosterone level & physical development & social dominance & antisocial behavior, boys assessed from ages 6 to 13, 7336
testosterone level, health risk behavior & indicators of disease & overall health, males in the military who served vs did not serve in Vietnam, 1965–71, 14385
testosterone levels & aggressiveness & antisocial personality symptoms, current vs previous male prisoners of violent crime vs nonviolent alcoholic males, 11661
testosterone levels, performance on spatial tasks, males (mean age 22.42 yrs), 36461
testosterone stimulation of medial preoptic area &/vs medial amygdala, amplification vs redundancy of sexual behavior, castrated male hamsters, 7178
testosterone therapy, libido & mood & energy & appetite & weight, HIV-positive male 26–62 yr olds with or without hypogonadism, 12339
testosterone titers, humoral innunocompetence during breeding, red-winged blackbirds, 16811
testosterone treatment of females, brain distribution of vasotocin-like immunoreactivity, male vs female zebra finches, 36572
testosterone vs dihydrotestosterone &/vs estradiol, regulation of noncontact erection, male rats , 23543
testosterone, energetic & endocrine mediation of natal dispersal behavior, male vs female Belding's ground squirrels, 20014
testosterone, oral & scratch grooming, castrated vs intact male domestic diary goats, 4005
total testosterone & IQ as measured by Cattell's Culture Fair Intelligence Test & other measures of fluid intelligence, 18–22 yr olds, 7155
vicarious experience of favorite sports team victory vs loss, salivary testosterone, 21–40 yr old males, 4021
Tests [See Measurement]
Tests (Achievement) [See Achievement Measures]
Tests (Aptitude) [See Aptitude Measures]
Tests (Intelligence) [See Intelligence Measures]
Tests (Personality) [See Personality Measures]
Tests (Statistical) [See Statistical Tests]
Testwiseness—Serials
reliability of 3 vs 4-option test items in high stakes school-leaving mathematics examination, influence of testwiseness on performance, 12th grade students, 13111
Testwiseness—Chapters
Preparing for and taking tests, 38855
Tetrabenazine—Serials
tetrabenazine, psychotic symptoms, adult male with treatment-resistant schizophrenia, 2324
Tetrahydrocannabinol—Serials
20 vs 30 mg tetrahydrocannabinol, abstinence symptoms, 21–29 yr old marijuana smokers, 11615
analgesic properties of tetrahydrocannabinol CT3 as seen in hot plate assay & p-phenylquinone writhing & formalin antinociception tests & rota rod procedure, male mice, 4111
delta-9-tetrahydrocannabinol vs scopolamine vs MK-801, performance on operant spatial signal detection task, male rats, 10640
delta-9-tetrahydrocannabinol, cerebellar & cortical blood flow & time sense, adults, 4210
delta-tetrahydrocannabinol, binocular depth inversion of natural & artificial objects, 20–47 yr old healthy male volunteers, 17057
depersonalization induced by tetrahydrocannabinol & cerebral blood flow as assessed by positron emission tomography, adults (mean age 31.8 yrs), 30028
maternal exposure to delta-9-THC, morphine self-administration & neurobiology, male vs female adult rats, 33360
maternal exposure to doses of tetrahydrocannabinol, sensitivity to morphine reinforcement in conditioned place preference, male vs female rat offspring, 738
P50 auditory gating response to chronic cumulative tetrahydrocannabinol exposure, 18–40 yr old marihuana users, 24533
perinatal exposure to delta-9-tetrahydrocannabinol, morphine self-administration & regional binding to central mu opioid receptors, adult offspring female rats, 762
postnatal administration of cocaine with vs without Delta-9-tetrahydrocannabinol, open field behavioral response to D1 dopamine receptor agonist administration, male vs female rat pups, 26 day study, 33452
role of delta-9-THC & cannabinoid receptors in hippocampus in short-term memory interference, 33414
SR141716A, withdrawal syndrome, male mice exposed to delta 9- tetrahydrocannabinol, animal model of cannabinoid dependence, 4124
subjective & behavioral effects of oral delta^9-tetrahydrocannabinol, frequent vs infrequent marijuana users, 20309
tetrahydrocannabinol dose discrimination, (R)-methanandamide generalization, male rats, 7216
tetrahydrocannabinol dose of single marihuana cigarette, acute & residual subjective & physiologic & performance effects, male 24–31 yr olds, 4147
treatment with delta-9-tetrahydrocannabinol, 25 yr old man with Tourette's syndrome, 15422
Tetrahydrocannabinol—Books
Marihuana and medicine, 18499
Tetrahydrocannabinol—Chapters
Analgesic properties of THC and its synthetic derivatives, 18295
D^9-tetrahydrocannabinol, 17140Barbiturate potentiating, temperature reducing, analgesic, and behavioral effects of some synthetic tetrahydrocannabinol derivatives in comparison with
Cannabonoids and the cholinergic system, 17128
D^9-tetrahydrocannabinol treatment in laboratory rats, 17135Does THC induce aggression?: Suppression and induction of aggressive reactions by chronic and acute
Effects of THC on brain and social organization of ants, 17141
Interactions of marihuana and THC with other drugs: What we don't, but should, know, 17133
The medical use of marihuana and THC in perspective, 18509
D-^{9}-tetrahydrocannabinol and cannabis intoxication in naive neuropsychiatric syndrome of study during wakefulness and sleep, 17138The
Physiological and pharmacological interactions of marihuana (THC) with drugs and anesthetics, 18510
The psychology and physiologic effects of active cannabinoids, 17137
Text Structure—Serials
comprehension vs time spent reading single words vs different types of texts, 9-yr-old visually impaired vs sighted readers, 24878
cross-modal semantic priming paradigm & initial vs final position embeddedness, word recognition & RT & lexical activation & decision, native French-speaking college students, 29566
effects of learning concepts, complementary types of text processing, college students, 36258
effects of textual & situational factors on macrostructural construction & organization of computer-presented multiple text passages, college students, 29576
individual & task & text variables, calibration of comprehension in education & instruction, 2816
integrated reading & writing approach to teaching compare–contrast text structure composition, students with & without learning disabilities , 12719
integration of electronic reading environment into middle school classroom, studying & learning of content area materials, student with poor reading skills due to hearing impairment, 16004
interest & learning strategies & characteristics of text, old vs young readers, 7611
learning potential of text vs outline vs matrix displays, college students, 38801
material-directness as educational paradigm & structural analysis of text materials, implications for teacher effectiveness, 32202
matrix structures &/vs mnemonic representations, text learning, 5th graders & college students , 28928

negative vs positive feedback on team performance & self-interest vs accuracy motivation, content & structure of narratives about teamwork experience, college students , 20861
precise vs general wording in test instructions, scores on WAIS, college students, 4778
promise of electronic representation of text for struggling readers & perspective of reading disability based on developmental stage theory for instructional approaches in reading acquisition , 16009
reading time & regressive eye fixations while reading sentences with signals to cohesion, models of bridging inference for resolution of textual cohesion, college students, 16602
redundant pictorial &/vs text formats, comprehension & recall of pharmaceutical safety & warning information, college students & young & older adults, 16213
science information presentation in learning cycle vs traditional text passage, concept comprehension, 13.3–18 yr old 9th & 10th graders at different reasoning levels, 12665
scientific text variables, comprehension & recall & problem solving, 10th graders, 6166
sentence spatial format, word location memory, college students, 10006
source-memory salience of 1st- vs 3rd-person vs non-narrator character agents vs text features in literary short story reading comprehension & recall, college students, 26390
story causal structure, listening comprehension & recall of story events, 7–11 yr olds with ADHD, 27931
text-based instructional materials enhanced with graphics for verbal & imagery cognitive styles for learning computer programming concepts, adult learners, 30181
text-oriented vs media-rich electronic communications, collaborative inquiry-learning, 4th & 5th grade students, 35473
variability of textual descriptions, visuospatial working memory & selective interference in verbal & visual & spatial-sequential & spatial-simultaneous tasks, college students, 10207

Text Structure—Chapters

Academic literacy and the new college learner, 38856
Designing medication instructions for older adults, 20673
Intertextuality, genre, and beginning writers: Mining your own texts, 15956
Learning about text structure, 15918
Metacognitive monitoring of text cohesion in children, 7467
Text organization: Instructional and curricular bases and implications, 6181
Text organization: Research bases, 6267
What does it say? Text design, medical information, and older readers, 20672

Textbooks—Serials

argument construction from web-site information vs narrative or summary or explanation writing using textbook chapters, history comprehension measured by inference & analogy tasks, college students, 28950
attitudes toward pedagogical aids in textbooks, 1st-semester & advanced psychology students, 12662
biology textbooks with vs without illustrations, attention measured by eye movement & comprehension & recall, 4th grade science students with high vs low cognitive ability, 15937
content analysis of textbooks designed for French students learning English, extent of British cultural content & pedagogical issues in learning English, students, Gabon, 33755
coverage of critical thinking in introductory psychology textbooks, books published in 1995–1997, 9428
human sexuality textbook references, implications for research studies in psychology, 22440
impact of changes in introductory psychology textbook market on introductory psychology textbooks today, implications for text selection, 32214
inclusion & treatment of effects of day care & maternal employment on children, introductory psychology textbooks, implications for psychology education, 32210
material-directness as educational paradigm & structural analysis of text materials, implications for teacher effectiveness, 32202
number of male vs females in vignettes in psychiatric textbooks, messages conveyed to trainees regarding patient care, 25613
presentation of metallic bonding in 1974–98 Act for Education vs General Act for the Education System compliant high school chemistry textbooks, Spain , 25723
ratings of familiarity with & probability of use of & value of textbook pedagogical aids, university vs community college vs high school students, 12670
role of history textbooks in shaping public culture & changes over time due to group pressures & conflicts, 11056

Texture Perception—Serials

1st- vs 2nd-order stereopsis, interpolation of local texture elements for global perception of depth-modulated surfaces, Os, 26353
attentive texture features across sets of natural textures in photographs, college students , 10032
characteristics of displays with texture contrast reversals, 2nd order processing of 4 stroke apparent motion displays, adults, 16501
characteristics of texture coherence limit for arrays with bandpass spatial frequency spectra with narrow bandwidths, Os, 182
color overlays, reading rate & texture segmentation, 6–17 yr olds, 36186
dichoptically cancelled textures & monocular input, motion-from-texture perception, Os, 26349
ecological validity of effect of monocular texture on stereopsis, adults, 36152
element arrangement patterns differing in hue & luminance, perceived texture segregation, adults, 36167
experience-dependent integration of texture & motion cues to depth, Os, 36156
finger vs rigid link interposed between skin & surface, tactile roughness perception, human Ss, 23008
functional MRI-assessed regional activation of visual cortex in random vs correlated achromatic texture perception, 22–27 yr olds, 453
grip force & lifted object roughness vs smoothness & actual vs perceived heaviness in surface–weight illusion, adults, test of simple fusion vs additive-weighted psychophysical models, 10013
hemifield differences in texture segregation for simple- vs complex-channel tasks, 17–22 yr old Os, 13197
high- vs low-level attentive/nonattentive mechanism in mediation of perception of apparent motion of contours defined by texture, adults (mean age 28 yrs), 23021
interaction of visual processes in amodal completion in texture visual evoked potentials, 25–45 yr olds, 10023
local vs global contrasts in texture segregation, Os, 10030
long range interactions between background array of texture elements & detectability of target, adults, 16525
Markov random field theory applied to Gestalt psychology as analog of local feature propagation & global texture & shape perception, 29464
measurement of ability in & thresholds & mechanisms for discrimination of fine surface textures in tactile sensation, humans, 16459
mechanism underlying scale invariant properties of orientation modulation function in texture perception, adults, 16492
modulation frequency & orientation tuning of 2nd-order texture mechanisms, Os, 10017
modulation of palmar grasp behavior according to texture property, 3 day olds, 7416
presence of visual cues, haptic perception of smooth vs rough texture, 7 mo olds, 17285
segregation of luminance- & texture-defined neural pathway responses during global motion integration, adults, 7074
selective adaptation approach to perceptual depth synthesis processing from stereopsis & motion parallax & texture, college students, 10054
self-organizing neural architecture combining perceptual & recognition models to categorize & classify textured scenes, 19502
sensitivity of structure-from-motion &/or motion transparency mechanisms in local feature content of object surface, adults, 16499
simple Fourier vs complex non-Fourier channel patterns, time course of texture segregation processing, young adults , 16518
texture & shape perception, categorization of complex visual stimulus classes, pigeons, 13385
texture element orientation & luminance contrast & positional jitter & undersampling, texture segmentation thresholds, strabismic amblyopes, 15065
texture surround effects in area V1 cells of striate cortex, anesthetized monkeys, 16978
visual displays of textures with orientation vs motion contrast, striate neuron responses, adult cats, 23388
visual texture segregation, male chimpanzee, 13425

Thailand—Serials

attempts to balance work & breastfeeding, employed mothers, Thailand, 30347
attitudes toward elderly, young adults, Thailand vs US, 1017
community-based HIV prevention program, confidence in condom use skills, 15–35 yr olds, Thailand, 5790
critical hermeneutics perspective on HIV infection risk, human females, Thailand, 8561
epidemiology of seasonal affective disorder, residents of Chiang Mai Municipality (mean age 48.07 yrs), 27634
history of contact with people living with AIDS, attitudes toward HIV/AIDS & people with AIDS, 15–54 yr olds from 4 provinces, Thailand, 5276
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, 5275
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, commentary, 5271
relation between policresulen vaginal suppository use & mucosal disruption & risk of HIV transmission, female commercial sex workers, Thailand, 5266
risk of HIV infection, 16+ yr old female sex workers, Thailand, 2 yr followup at 3 mo intervals , 1983
self-concept & ego defense mechanisms & personality traits, delinquent adolescents (mean age 16.70 yrs), Thailand, 8403

Thalamic Nuclei—Serials

cocaine, responses of ventral posterior medial vs somatosensory thalamic neurons to peripheral receptive field stimulation & thalamic norepinephrine & 5-HT, male rats, 3903
cytotoxic lesions of anterior thalamic nuclei, behavioral tests that tax spatial or recognition memory, male rats, 6979
lesions in lateral internal medullary lamina or intralaminar nuclei or midline nuclei, retention of object pair discriminations & acquisition to novel stimuli, male rats, 7088
network model of sequence processing & short-term information storage by cortico-basal ganglia-thalamic neural circuitry, 32487
oxotremorine in reticular vs ventroposteromedial nucleus of thalamus, suppression of high-voltage spindles & mediation by muscarinic receptor antagonists or anticholinesterase drugs, male rats, 7244
persistent Kluver-Bucy syndrome after bilateral ischemic lesions in thalami, 69 yr old female , 18335
pretraining on tests of allocentric memory, reacquisition of tasks after lesions in anterior thalamic nuclei vs fimbria fornix, male rats, 36469
pyrithiamine-induced thiamine deficiency vs lesions of lateral internal medullary laminae, allocentric spatial working memory & retrograde memory in delayed matching to place water maze task, rats, 10438
responses of neurons to thermal skin stimulation & perception of cold in response to microstimulation of posterior thalamic ventromedial nucleus, awake medical patients undergoing stereotactic surgery, 20085
role of gustatory thalamus in taste-guided behavior, 509
song control nucleus & thalamic visual area, courtship success, male brown-headed cowbirds, 373
targeted verbally cued movement, evoked spike activity of globus pallidus neurons vs pallidothalamic nuclei, patients with Parkinson's disease , 564
total brain & bilateral thalamic volumes, patients with paranoid-type schizophrenia, 24239
transient inactivation of subthalamic nucleus by muscimol & APV, RT, male hooded rats, 10538
tuning-curve bimodality & distortion properties of anterior thalamic head direction cells in attractor network model of head direction system, rats, 29801

Thalamotomy—Serials

ventrointermedius thalamotomy, toluene induced hand tremors, 22 yr old male toluene misuser, 28607

Thalamus [See Also Geniculate Bodies (Thalamus), Thalamic Nuclei]—Serials

action programming model of selection of attention & motor preparatory actions in basal ganglia-thalamocortical circuits, stereotaxic neurosurgery patients with Parkinson's disease, 18388
attention & action selection & functioning of basal ganglia & thalamus as seen in EPs, patients with Parkinson's disease & epilepsy & obsessive neurosis & adolescents with ADHD, 18125
clinical pathological findings of indifference to pain & thalamic gliosis, family members with autosomal dominant disorder , 2023
coherent oscillations & short-term synaptic plasticity in corticothalamic networks during NREM sleep, 33304
computer simulation of neural circuitries between thalamic sensory relay nuclei & primary sensory cortices & thalamic reticular nucleus in visual processing, 32480
conditioning stimulation of upper limb, lower limb motor EPs to transcranial magnetic stimulation, healthy 65 & 70 yr olds with left thalamic infarcts, 24790
cortical language functions of lexical access & semantics, patients with thalamic lesions, 28140
electrical stimulation of thalamic nucleus submedius vs periaqueductal gray, visceral nociceptive responses of spinal dorsal horn neurons, rats, 29836
exploratory whisker movement vs nonwhisking movement vs immobility, modulation of tactile responses to somatosensory cortex & thalamus, rats, 33201
exposure to cocaine in utero during acquisition & reversal learning of discriminative avoidance response, neuronal activity in cingulate cortex & limbic thalamus, male vs female Dutch-belted rabbits, 10377

gustatory thalamus lesions, perceived value of reinforcing stimuli in progressive ratio reinforcement schedule, male rats, 36452
hippocampal-anterior thalamic axis & perirhinal-medial dorsal thalamic system in episodic memory & anterograde amnesia, 26 comments & reply included, 28114
incidence & pattern of thalamic infarction & presence of sensory symptoms, patients with posterior cerebral artery territory infarction (mean age 63.3 yrs), 31234
isoflurane, thalamic somatosensory impulse transmission, rats, 23501
lesions of dorsomedial thalamus, acquisition vs performance of spatial working memory task requiring rule learning contrary to innate preference, male rats, 7059
lesions to parafascicular nucleus of the thalamus, operant food-procuring pedal pressing reflex, trained vs untrained male rats, 3929
low vs high arousal, brain activation in thalamus during attention task, 24–38 yr olds, 563
medial thalamic vs prefrontal cortical lesions, conditional discrimination with vs without memory delays in auditory match-to-position task, male rats, 3921
midline thalamic nucleus lesioning, classical eyeblink & heart rate conditioning, rabbits, 7029
MRI-assessed thalamic & total brain & intracranial volumes, patients with schizophrenia & their healthy siblings, 8154
neuroanatomical basis for similarity of function in selectivity of attention & motor preparation & role of thalamus' reticular nucleus & prefrontal cortex in anticipatory behavior, 455
neurotoxic medial dorsal thalamic lesions, spatial working memory, male rats, 7060
parafascicular nucleus lesions, facilitative effect of lateral hypothalamic intracranial self-stimulation on active avoidance acquisition & long-term retention, male rats, 492
reduction of N-acetyl aspartate in thalamus, 25–45 yr old cocaine abusers, 21324
slow wave spindle complexes at thalamic & cortical regions during slow wave sleep, rabbits, 20167
synaptic excitation via cortico-thalamic fibres vs antidromic driving of thalamo-cortico cells from ectopic firing zone in epileptic cortex, thalamic neurone activation during epilepsy, cats, 13601
thalamic size & shape & metabolic activity, patients (mean age 38.3 yrs) with schizotypal personality disorder or schizoaffective disorder, 30716
unilateral vs bilateral lesions in lateral mammiliary nucleus, generation of head direction signal cells & cell activity in anterodorsal thalamus, male rats, 26577
ventrointermedius thalamotomy, toluene induced hand tremors, 22 yr old male toluene misuser, 28607
whisker-stimulation-induced cortico-thalamic interactions in barrel-system computational model, rats, 29833

Thalidomide—Serials
effects of thalidomide on sleep, 27–44 yr old healthy males, implications for use in immune disorders, 13759

Thanatology [See Death Education]

Thanatos [See Death Instinct]

Theatre [See Also Drama]—Serials
creation & teaching of seminar on interface of psychology & theatre, undergraduate psychology & theatre students, 32224
instruction in professional acting techniques followed by rehearsal & performance of theatrical scenes, recall & recognition, 65–82 yr olds, 30261

Theatre [See Also Drama]—Books
Performing psychology: A postmodern culture of the mind, 29310

Theatre [See Also Drama]—Chapters
Can therapeutic mask theatre, as has been developed in Europe, be a therapeutic medium for self reflection and individuation in an African context, where masks are traditionally culturally rooted?, 34838

Theft—Serials
central vs peripheral script actions & 2 vs 8 sec exposure & 5 min vs 1 wk retention interval, eyewitness memory of robbery, college students , 9748
incidence & characteristics of sexual burglaries, 17–46 yr old sexual murderers, implications for clinical & forensic & investigative assessments, 24569
interrogative suggestibility & anxiety & drug/alcohol withdrawal & memory disturbance, coerced false confessions to robbery, 21 yr old male & 22 yr old female, 37507
prevention of art theft at commercial art galleries, offenders, 1885–1988, 1830

Thematic Apperception Test—Serials
emphasis on narrative interpretation mode in use of new coding systems to assess object relations & use of defense mechanisms using Thematic Apperception Test, application to psychiatric population, 16338
further validation of the psychometric properties of the Cramer Defense Mechanism Manual for the Thematic Apperception Test, 18–50 yr old college students, 3316
guidelines in interpretation of Thematic Apperception Test in context of self psychology, 22 yr old college student, 11259
internal consistency & time consuming coding system of hand vs computer written imagery on Thematic Apperception Test, 18–50 yr olds, 3295
use of TAT in psychological assessment to measure optimism as indicator of healthy psychological functioning, psychotherapy clients, 25017
use of Thematic Apperception Test in syllabus of clinical psychology doctoral programs, clinical training directors, commentary, 6586

Thematic Apperception Test—Books
Evocative images: The Thematic Apperception Test and the art of projection, 32618

Thematic Apperception Test—Chapters
Cross-cultural–multicultural use of the Thematic Apperception Test, 32669
Empiricism and the Thematic Apperception Test: Validity is the payoff, 32622
Henry A. Murray and the creation of the Thematic Apperception Test, 32619
How the test lives on: Extensions of the Thematic Apperception Test approach, 32623
The 1943 images: Their origin and history, 32624
Linking personality and "scientific" psychology: The development of empirically derived Thematic Apperception Test measures, 32628
Look homeward, Harry: Literary influence on the development of the Thematic Apperception Test, 32621
Measures of hostility in the Apperceptive Personality Test and Thematic Apperception Test, 29342
My perceptions of the Thematic Apperception Test in psychodiagnosis and psychotherapy, 32664
A personological approach to the Thematic Apperception Test, 32626
Pioneer experiences in the clinical development of the Thematic Apperception Test, 32675
Six decades of the Bellak scoring system, among others, 32663
The Thematic Apperception Test and the multivoiced nature of the self, 32673
The Thematic Apperception Test: A paradise of psychodynamics, 32625
The zeitgeists and events surrounding the birth of the Thematic Apperception Test, 32627

Theology [See Religion]

Theophylline—Serials
caffeine vs theophylline vs strychnine vs denatonium, bitter taste signal transduction & rapid kinetics of guanosine cyclic monophosphate production & degradation in taste tissue, mice , 19704

Theoretical Interpretation [See Also Psychoanalytic Interpretation]—Serials
assumptions & practices of narrative therapy, 2156
contribution of psychological research & theories to issue of intercultural relations in plural societies, 10968
depiction & interpretation of psychosurgery & trepanation in Renaissance art, 36636
filter vs spotlight vs spotlight-in-the-brain metaphors in cognitive psychological approach to attention & experimental design & identification of phenomenon & interpretation of data, 16687
interpersonal & intergroup dynamics & social identity interpretation of an autobiographical account of social processes at a concentration camp, survivor, 13857
materialism & the flow experience as an explanation of happiness, 33004
phenomenological-constructivist & feminist interpretation of perceptions of violent events & their development through use of metaphors, 20–49 yr old battered females, 34264
psychoanalytic theory vs reader-response analysis of literary texts, 33523
psychological contributions to judicial sentencing policy, 32541
societal concerns & mental illness & madness of A. Hitchock's vs G. van Sant's "Psycho', 36637
Vietnam Veteran's Memorial Wall & AIDS Quilt as artwork representing cultural yearnings of memory & forgetting, implications for art therapists, 30076

Theoretical Interpretation [See Also Psychoanalytic Interpretation]—Books
Little women: A family romance, 13858

Theoretical Interpretation [See Also Psychoanalytic Interpretation]—Chapters
The accidental entrepreneur: Campbellian antinomies and organizational foundings, 25930
Individual differences and development—One dimension or two?, 30203
Resistance, empathy, and interpretation with psychotic patients, 15228

Theoretical Orientation—Serials
analysis of grounded theory from predictionist & accommodationist views & issue of inference, 22808
complementarity of conflict & deficit in relational & classical structural models of psychopathology & psychoanalysis, commentary, 11262
connectionist theory of phenomenal experience & consciousness, commentaries & reply included, 16712
constructivism & social constructionist theory in structural & strategically-based family therapists , 25084
developmentally-based life skills approach to mental health counseling, contributions of D. K. Brooks, 34783
differences in theoretical paradigms of & technical approaches to & intersubjective & other views on role of countertransference within psychoanalysis & implications for analyst self-revelation, 8848
emergence of narrative perspectives in counseling & psychotherapy, female college student, 3005
evolutionary perspective in applied psychology & interventions in organization & relation to genetics of organisms, commentary, 32330
evolutionary perspective in applied psychology & interventions in organizations in relation to organizational & individual goals, commentary, 32329
issues & critiques on "The History of Sexuality" as it relates to reformulation of social theory & works of M. Foucault, 33863
K. F. Reigel's contributions to diversity & multiculturalism in biological & psychological & cultural-historical developmental progressions, 25735
M. W. Calkins' commitment to self-psychology orientation as psychology of selves, 13022
perception of reseller's market orientation, trust & commitment & cooperative norms & satisfaction relationship constructs with reseller, suppliers, 9601
personal experience & meaning & existential orientation in group work process & leadership, members of Association for Specialists in Group Work Leadership Team, 5554
plurality & heterogeneity of existing psychotherapeutic processes & issues concerning psychotherapy integration, 31462
principles & application of strengths-based approach, social work practice with mentally retarded clients & their families, 15544
provides a theoretical & empirical account of the mental model psychological theory of deductive reasoning, commentary reply, 16588
provides a theoretical & empirical account of the mental model psychological theory of deductive reasoning, reply, 16581
quantum physics approach to mental health counseling, 34782
recommendations for training in brief dynamic psychotherapy & family existential therapy & other aspects of clinical training, 15727
recommendations for training in brief dynamic psychotherapy for psychodynamically trained therapists, 15739
shift in clinical focus from impairment & toward autonomy in supported conversation for adults with aphasia, commentary, 5985
theoretical approaches on origins of personality in relation to structural model of ego states & prenatal development, implications for transactional analysis, 17704
theoretical beliefs on literacy instruction for nonnative English speakers, student teachers of English as a Second Language, 19251
theoretical orientation & reported practice of eclectic & integrative therapy, counselors, 31441
theoretical orientation of analyst & empathy in psychotherapeutic process & two-person psychology of O. Renik & I. Hoffman, 25019
theoretical orientation, rationale for medical treatment decisions for clients with depression, psychotherapists, 19188
theoretical schools of organizational action learning practice & responses to hypothetical case of 1st visit by company manager to self-directed work team, 29138
training of eclectic therapists to use flexible therapeutic procedures without losing advantages of manualization, 15711
V. P. Protopopov's perspective on habit formation & its relation to Pavlovian theory of higher nervous activity, dogs, 36317

Theoretical Orientation—Books
Acceptance and commitment therapy: An experiential approach to behavior change, 34824
Asian and Jungian views of ethics, 13862
Four approaches to counselling and psychotherapy, 31470
Re-envisioning psychology: Moral dimensions of theory and practice, 19563

Theoretical Orientation—Chapters
A Bakhtinian view of egocentric speech, 10715
Brief strategic marital therapy, 18627
Critical perspectives on the transtheoretical model and stages of change, 21674
Cross-cultural research in the sociohistorical tradition, 7348
The group or client's first session, 38160

How does an advisor influence a student?, 19169
Insights into working memory from the perspective of the EPIC architecture for modeling skilled perceptual-motor and cognitive human performance, 19878
The institutionalization and deinstitutionalization of the mentally ill: Lessons from Goffman, 22824
Interacting Cognitive Subsystems: Modeling working memory phenomena within a multiprocessor architecture, 19875
Introduction and definitions, 38161
Levels and modes of representation: Issues for the theory of conceptual change and development, 20541
Locating development: Locating developmental systems, 20542
Long-term working memory as an alternative to capacity models of working memory in everyday skilled performance, 19877
Modeling working memory in a unified architecture: An ACT-R perspective, 19879
The ordinary, 22318
The Soar cognitive architecture and human working memory, 19881
A systemic interpretation of Piaget's theory of knowledge, 20536
Wilfred R. Bion: Infinite surfaces, explosives, faith, 4825
Theories [See Also Chaos Theory, Communication Theory, Constructivism, Darwinism, Fuzzy Set Theory, Game Theory, Information Theory, Item Response Theory, Learning Theory, Personality Theory, Psychoanalytic Theory, Systems Theory, Theories of Education, Theory of Evolution]—Serials
"theory of mind" impairments after stroke, 51–75 yr old patients with right hemisphere damage, 24809
25-yr cross-national time-series analysis of quality of life judgment & life satisfaction & economic conditions, 8 countries, test of liveability & comparison theories , 27143
a balance psychological theory of wisdom, 6517
A. Bandura–s theory of self efficacy & current arthritis self efficacy research & measurements, commentary, 5225
abductive theory in identifying client's psychological difficulties & subsequent clinical reasoning & assessment, clinicians, 25677
ability to attribute intentions to others in task requiring choosing verbal vs nonverbal targets, patients with disorganized vs non-disorganized schizophrenia, test of theory of mind in schizophrenia , 21155
academic thinking & ideas & normalization & its reconceptualization as Social Role Valorization & relation to services for people with learning disabilities, UK, 30989
acknowledgment & motives & perceptions & theorizing of multiple perception, 37124
acquisition pathways & severity of driving-related fears & anxiety response patterns & reactions to motor vehicle accidents & help-seeking, adults, test of S. Rachman's fear acquisition theory, 22750
addition of object relations theory to feminist & family systems theory & its application to domestic violence, 14714
Adlerian perspective on conflicts occurring between adolescents & adults & recommendations for parents & others in understanding & dealing with adolescents, 20562
affect control theory of interpersonal experience, 17572
African-centered worldview as new paradigm for social work theory & practice with Black families & children, 22171
agency theory & indirect retaliation in sexual harassment cases, 16274
agentic psychology model based on the paradigmatic repositioning of the theory of planned behavior, 37142
aim & methods & evaluative criteria of clinical assessment & application of signal detection theory to assessment problems, 13139
alternative vertical theory to conventional horizontal theory of speech, implications for reading teachers & researchers, 17268
alternatives to hypothesis of gender-linked effects on communication patterns, individuals with mental retardation, 27968
analysis of adult learning theory & principles, 32262
analysis of grounded theory from predictionist & accommodationist views & issue of inference, 22808
analysis of observational data in speech & language research using generalizability theory, 8479
analysis of psychological examinations & opposing expert testimony & effect of psychological parent theory in contested parental rights termination case, 19527
anchoring theory of lightness perception as alternative to intrinsic image models, 36148
applicability of primary socialization theory, disadvantaged children subjected to racism & sexism & abuse & dangerous schools & abandonment to foster care, 27047
application of attachment theory to counseling & caregiving, 38026
application of Bowen theory to marital therapy, couple experiencing marital conflict, 8824
application of memory theory to learning that takes place during exposure therapy for emotional disorders & fears, 12081
application of P. H. Grice's theory of conversational implicature & S. Kierkegaard's concept of indirect communication to indirect & ambiguous language usage, 815
application of person-environment fit theories to the transition from school to work process, 25847
application of relevance theory to impairment of pragmatic comprehension, 6–13 yr old children with pragmatic language difficulties, 37725
application of sociocultural theories of spouse abuse to African Americans, 24382
application of US-based organizational commitment theories to privatized organizations, Russia, 3102
applications of H. Blumer's group position theory to study of contemporary race prejudice, 33744
applications of J. L. Holland's theory in industrial & organizational psychology, 32328
applying career development theories to the school-to-work transition process, 25842
approach & avoidance achievement motivation framework of achievement goals, 33005
approaches to & theories of causation & use & purpose of beliefs about causal deliberation, 14267
archeological history & social identity & realistic group conflict theories on development of sociopolitical complexity, Maori chiefdoms, New Zealand, 11124
assumptions & conceptualization & application of successful aging paradigm, 33712
attachment theory as basis for family therapy, mothers with life-threatening illness & their babies or young children, implications for role of child mental health professionals, 31559
attempted replication two component theory of suffix effect, college students, 36251
attitudes on sex & society in theory of incest, Egypt, 21244
autonomy in autopoiesis of living systems in theory of living organization, implications for neural networks, 35801
Bayesian decision theory & sequential rules for instructional decision making for use in Intelligent Tutoring Systems, medical students, 19489
Beck's & hopelessness theories of depression & negative cognitive style as predictor of depression, Temple-Wisconsin Cognitive Vulnerability to Depression project, 21066
Beck's & L. Y. Abramson et al's theories of cognitive vulnerability to depression & supporting evidence, 17855
behavioral analysis movement away from animal to human testing & application of relational frame theory approach to analysis of language & cognition in humans, 36208
behavioral theories of choice & contextual view of reinforcement in predicting substance use, psychiatric outpatients (mean age 38.41 yrs), 30878
behavioral vs labor market vs critical theories in analysis of underclass, Great Britain, 14120
benefits of using specificity logic principle as criterion for choice of alternative graphical representations in teaching & learning, advanced-level high school students, 22432
bioethics alternative to genetic & biological perspectives on homosexuality & researcher responsibilities, 17521
biorhythm theory, 4042
blueprint of the cooperative theory of social groups, 20847
C. Perelman's theory of rhetorical audience as concept constructed by speaker, 23624
career development & the school-to-work transition process in theory & practice, commentary, 25837
career development theories & the school-to-work transition process, 25827
career motivation theory as approach to contemporary career change, managers, 25851
case studies & influential theories of semantic memory & living vs nonliving object recognition, patients with category-specific recognition impairments, 18372
catastrophe theory, assault victims responses, 34286
cell-assembly coding hypothesis of memory processes, 513
central union theory in 4 person cooperative sidepayment games, 7807
central-union theory vs equal excess model vs Myerson-Shapley solution vs kernel theory in 3-person sidepayment games, 108 undergraduates, 4725
changing nature of careers & adult developmental stages & theories in contemporary organizational climates, 29062
characteristics & interventions & utility of J. L. Holland's career development theory, implications for practitioners , 32344
childhood development of theory of mind & model of mental state attributions, cognitive & empathy & intimacy deficits in sex offenders, 37613
choice & combining of disliked activities, interest in those activities, 8.7–11 yr olds, testing of activity engagement theory, 20435
church-based health behavior intervention program using social cognitive theory, at risk populations from rural lower socioeconomic groups, 18896
clinical characteristics of amnesia disorders & implications for cognitive theory, application of case report data from 22 & 43 yr olds with verbal or focal retrograde amnesia, 2079
clinical decision theory in prediction of response tests for conductive hearing loss, 2–10 yr olds, 15066
clinical judgment on seculusion & restraint of psychiatric patients & social judgment theory, psychiatric nurses, 25577
cognition theory & development for college instruction, 15900
cognitive behavioral theory integrating self control & shape & weight issues in maintenance of anorexia nervosa, implications for treatment, 1893
cognitive development & knowledge about mind & relation to theory of mind development, infants & children, 13937
cognitive-behavioral theory of obsessive-compulsive disorder, implications for therapy, 4993
cognitivist studies of organizational thinking & theory, 9634
commonly cited theories concerning peer education in health promotion, 22108
communicative accommodation theory & sociolinguistics & speaker identity & interspeaker relations in conversational Bislama, 4371
comparative strength of metaphors vs similes & argument against categorization theory, 30101
comparison of theories of reasoned action & planned behavior to explain student study behavior during final exams, 17–25 yr old freshman students, 9530
complementarity of approaches to color vision involving stimuli originating in retinal cones vs perceptions arising in brain, 13200
concept & human-computer design applications of perceptual control theory, 29208
concept of caring through M. E. Rogers' Science of Unitary Human Beings, 20818
concept of duality in organization theory & practice & concept of trialectics, 22572
concepts of developing self, 10731
conceptual differences in 3 theoretical treatises in analysis of stimulus equivalence, 13021
conceptual framework of theory of ironic processes of mental control & application to understanding & enhancing performance in sport & exercise settings, 25965
conceptual framework of theory of ironic processes of mental control & application to understanding & enhancing performance in sport & exercise settings, commentary, 25971
conceptual framework of theory of ironic processes of mental control & application to understanding & enhancing performance in sport & exercise settings, commentary, 25963
conceptualizations of person, postmodernist vs feminist perspectives of holism & uniqueness in nursing theory, 22304
conjunction fallacy & potential surprise theory & conjunction rule violations in probabilistic reasoning & strength of positive conditional relationship between component probabilities, 14–19+ yr olds, 3541
consciousness & F. Crick & C. Koch's neurophysiological theory of synchronized neural oscillations & Freud's neuropsychological hypothesis , 23170
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students , 10191
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary , 10220
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary reply , 10190
construct of personality in rational emotive behavior therapy theory, 18554
construct theory & role of socialization & paternal factors during childhood in aggressive behavior & criminality, 30831
contemporary state & development of & trends in behavior theory, 36235
contribution of G. vs M. Dax vs P. Broca to temporal lobe theory & history of cerebral dominance for language , 33202
contribution of Jean-Martin Charcot to aphasia & other language disorders & hysteria, 34520
contribution of research on emotions & emotional processes to contemporary social exchange theory, 37070

contributions of J. Falret & J. Séglas & E. Morselli & R. Masselon to theories on language & formal thought disorders in the mentally ill, 34517
contributions of minimax decision theory to instructional decision making in intelligent tutoring systems & comparison with Bayesian decision component in Minnesota Adaptive Instructional System, 29241
couples therapy perspective on violence & victimization in intimate relationships, case examples of male & female partners, 2216
critical postmodern organization theory perspective on egalitarianism & power/knowledge & organizational control & individual resistance, 22654
critique of anti-racist vs anti-oppressive theory & practice in social work, 22200
critique of D. Hume's doubts about causal links & impressions , 14271
critique of J. J. Gibson's theory of cognitivist approaches to the study of human visual perception, commentary, 32861
critique of J. J. Gibson's theory of cognitivist approaches to the study of human visual perception, commentary reply, 32849
critique of modernist conceptual framework of disability theory & need for disability theory with awareness of role of discourse & importance of local knowledges in shaping social & political world, 34542
critique of role of childhood abuse-induced trauma in L. deMause's psychogenic theory of history & cultural change & importance of psychogenesis of love, comment appended, 20680
critique of Waco tragedy, psychotic entelechial rhetoric of Burkean theory & methods, 33739
cross-gender identification & experience in homosexual boys & need for more complex theory of gender, commentary & reply appended, 922
cultural differences in individualism–collectivism & application of anxiety/uncertainty management theory to intercultural adjustment training, 4720
cumulative prospect theory & security-potential/aspiration theory in risk choice, college students , 24028
current overload & fractionization & lack of coherent overall picture & loss of identity & influx of cognitivism as factors in current state of behavior therapy movement, 25579
daily routines & crime in T. Hirschi's control theory in explanation for delinquency & in measurement of Hirschi's concept of involvement, 21366
demographic factors & control vs strain vs social learning theory, sexual intercourse in past year & lifetime sexual partners, rural 13–15 yr olds vs 16–17 yr olds in aid-receiving families, 37013
developing a cultural theory of mind in children through the CIAO approach, 23706
development of behavioral analytic framework & verbal psychotherapies, 38010
development of general theory of labor activity & associated problems concerning relationship between physiological and psychological processes in organization of activity, 26715
dialogue & voice in zone of proximal development , 9774
differential association theory & socioeconomic & family factors, sexual abstinence & birth control use, rural 13–17 yr olds from impoverished families, 30217
difficulties & problems in study of defense mechanisms, 7949
discriminative assumptions of utilitarian bioethics regarding persons with intellectual disabilities, 11723
dual perspective of frameworks & processes in organizational structure, health care industry CEOs & marketing executives, 3115
dual rationality in deductive reasoning & model based theory of deduction, commentary reply, 16601
dual rationality in deductive reasoning & model based theory of deduction, commentary, 16599
dual system vs single-system theories of capacities of mental lexicon of words & rules of grammar, undergraduates, 10147
early theory & research on hemispheric specialization, implications for mental illness, 13546
eating behavior, normal weight bulimic vs self-identified binge-eating vs non-eating-disordered females, test of current theoretical models, 11743
EP mismatch negativity hypothesis of impaired auditory frequency discrimination, 20–51 yr olds with dyslexia, 21393
ethnic cleansing as form of anticonquest & patterns in relationship between internal & geographical borders, 17441
evaluation of discrete-disease- vs noncategorical- vs mixed-theoretical model of psychosocial adjustment, 8–15 yr olds with cancer or sickle cell disease or hemophilia or arthritis & their parents, 28020
evaluation of intervention to develop problem-solving skills based on social cognitive theory, 11–13 yr olds, 1 wk followup, 35513
expected utility & rank-dependent utility & cumulative prospect theories as models of risky choice behavior in determining weighting functions & predictability of individual traits of decision makers, 29562
explanations for misattributions & consequences for evaluation of explantory power of attribution theory, 20873
extensional reasoning in mental-model theory of naive probability, 10106
external & internal environmental evocation of motor responses & illusion of voluntary movement, I. Pavlov , 15
F. Oser's theory of religious judgment, elementary school teachers, 23858
factual knowledge vs formal rule vs mental model theories of deductive reasoning & competence, 13288
family life cycle theory & paradigm in marriage & family therapy, erratum, 12090
fan effect in theory of adaptive control of thought-rational vs theory of concept suppression in recognition memory, 16 yr olds & older, comment, 19696
fan effect in theory of adaptive control of thought-rational vs theory of concept suppression in recognition memory, 16 yr olds & older, 19692
fan effect in theory of adaptive control of thought-rational vs thought of concept suppression in recognition memory, 16 yr olds & older, comment reply, 19693
feedback equivocality & presence of standard to judge feedback, escalation of commitment of monetary resources to marketing software, undergraduates, test of decision dilemma theory, 10102
feminist & critical-theory perspectives in analysis of nursing case management & dilemmas of caring in corporate context, commentary, 22312
feminist approach to teaching theory use, counseling psychology graduate students, 12585
feminist psychology perspective on historical context for development of attachment theory & application to motherhood & women's role in child care, 14195
feminist psychology view on history & evolution & criticisms of attachment theory, implications for children's & women's development & child care debate, 13887
feminist reconceptualization of J. Bowlby's theory of attachment & maternal loss & grief as historically situated adaptation of culturally prescribed forms of grief & mourning, 14192
foundations of object relations & trauma theory in couples therapy with survivors of childhood trauma, 8818
Freud's continuity thesis for speech errors & paraphasias of aphasics, 34518
functional hypotheses for occurrence & development of anorexia during parasitic infections, animals, 3720
functionalist perspective on risky sexual behavior, adolescents & young adults, 7499
fundamental principles in behavior theory, 35836
gender relations & family & theories on development & maintenance & enhancement & endings of & difficulties in close relationships, couples, 27288
gender role & attitudes toward deterministic vs humanistic & systems counseling theories, male vs female college students in counseling theories class, 9511
general theory for & multidimensional scaling analysis of perceptual indicators of family well-being & life quality, 21–79 yr old males vs females , 27181
generalized matching law & contingency discriminability model & concurrent performance & foraging theory, performance on concurrent variable-interval reinforcement schedule, pigeons, 19929
goals as reference points consistent with value function of prospect theory, 13367
graded signal hypothesis & the evolution of exaggerated sexual swellings in primates, 33327
grounded theory analysis of qualitative research on interpersonal communication in "Human Communication Research" academic journal & for construction of model, 23645
grounded theory for development of professional school counselor identity, counselors in elementary & middle school settings, 25658
guided participation or observing an adult modelling correct solution or working alone, ability to balance unevenly weighted beams, 4–7 yr old who held a centre theory, 28942
H. Bloom's anxiety of influence thesis & application of literary criticism to marketing literature , 12930
H. Werner & B. Kaplan's developmental theory of language as alternative to G. Lakoff's theory of embodiment, applications to modernist poetry, 33520
harmful dysfunction vs Roschian prototype analysis of concept of disorder, 27559
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary reply, 27558
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27513
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27546
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27554
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27517
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27531
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27551
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27532
harmful dysfunction vs Roschian prototype analysis of concept of disorder, commentary, 27534
historical & mathematical background of J. F. Herbart's theory & predicting recognition latencies in short-term memory, 26255
history & development & current position of Milan Systemic Approach & techniques in family therapy, 9 yr old boy with separation anxiety & family, 38106
history of motor development concepts & contribution of M. McGraw to developmental psychology theory, 1800s–present, 7399
hope theory perspective of test-related anxiety, 19221
human needs theory in peacebuilding program, female leaders in nongovernmental organizations, Lebanon, 14108
humanistic alternative to positivism in form & functions of theory in health education, 5820
hypotheses & forms of autism based on brain damage vs idiopathic causes, 18121
hypothesis for nature of relation between personality & thermogram patterns & electrodermal response, adults, 4055
ideal free distribution theory of animal behavioral ecology applied to empirical study of human competition for money, adults , 16455
implicit theories & person information, decisions about guilt vs innocence, entity vs incremental theorists, 7847
implicit theories vs social construal of ability in self-regulation & performance on complex group-management task, college students, 20871
incorporation of ideas from 1st & 2nd order cybernetics within social constructionist perspectives, implications for systemic family therapy, commentary, 21787
incorporation of ideas from 1st & 2nd order cybernetics within social constructionist perspectives, implications for systemic family therapy, 21781
incorporation of stimulus-driven & brain-driven conventional behavioral models & inclusion of characteristics of organism's surroundings in perceptual control theory-based model, 29202
influence of European theories on developmental psychology & K. Riegel's role in reconnection to psychological development, US, 23669
information-theoretical & psychophysical & neurophysiological properties of early stages of vision, 26357
informational atomistic vs traditional theory of concepts in human cognition, commentary on J. Fodor's concept of metaphysics & epistemology of conceptual content, 13290
instance-based theory vs associative perspective, role of memory in cognitive skills & predictions of information & process, college students, 29655
instrumentality, individual vs group performance vs outcome & collective effort, college students, application of expectancy–value theory, 33932
integrated neurobiological & psychological approach to panic disorder, 1659
integration of G. D. Logan's instance theory of automaticity & C. Bundesen's theory of visual attention, college students, 33001
Integrative Social Contracts Theory as framework & moral foundation for ethics in marketing within & across communities, 29191
intention-balance vs informational theory of single-election party defection, voters in Congressional & presidential elections, 27211
intentions & attitudes toward smoking & smoking behavior, 12–14 yr olds, implications for theory of reasoned action & other theories, 17543
interpretation of delusional disorders as theory of mind delusions, 24129
introduction of referential behavior theory as path for reconciliation of dynamical & information-processing accounts of action & cognition, 35839
intuitive theory of information & measurement error vs bias, preference for redundancy, college students, 16605
issues & critiques on "The History of Sexuality" as it relates to reformulation of social theory & works of M. Foucault, 33863
issues concerning W. James's theory of emotions, 33950
issues in domain account of early moral judgment & Piaget's theory, 4401
issues in domain account of early moral judgment & Piaget's theory, commentary, 4408
issues in Merleau-Ponty's dreaming & its relevancy to comtemporary psychology, 9778

issues in postmodernism subjectivity experiences, commentary , 9776
issues in Turing's analysis of computation & theories in cognitive architecture, 3208
J. L. Holland's Self-Directed Search & personal career theory in career assessment, 32345
J. L. Holland's theory of careers & conceptual & methodological problems in congruence research , 32338
James Hillman's deconstruction of psychological theory & critique of humanistic psychology in context of his ideas & relationship to Hegel's philosophy, 25102
K. R. Popper's propensity interpretation of probability & its potential methodological value in social sciences , 27269
L. Wittgenstein theory of measurement characterization as normative process in psychology, 3274
L. Wittgenstein theory of measurement characterization as normative process in psychology, commentary, 3273
L. Wittgenstein theory of measurement characterization as normative process in psychology, commentary, 3271
L. Wittgenstein theory of measurement characterization as normative process in psychology, commentary reply, 3275
Layered Protocol Theory & Perceptual Control Theory concepts & use in analysis & design of human-machine interfaces, 29204
Layered Protocol Theory & Perceptual Control Theory processes applied to General Protocol Grammar dialogue, 29209
Leader Member Exchange Theory, leader member exchange processes between coaches & starting vs nonstarting athletes, 13–17 yr old female basketball players & coaches at summer camp, 9653
learning & complementarity in updating of belief in 2 mutually exclusive & exhaustive hypotheses, college students, 10121
learning to time vs scalar expectancy theory explanations of discrimination learning in temporal tasks, pigeons, 23207
levels of metaframeworks in theory of constraint in biopsychosocial system of couples therapy, clients , 28345
life span theory of development based on concepts of primary & secondary control, critique, 26935
life span theory of development based on concepts of primary & secondary control, reply, 26938
limitations of current mainstream approaches & new perspectives for understanding depression in women, 21110
links between feminist & disability movements & evaluation of feminist disability politics & its contribution to disability theory, disabled females, 34564
M. McGraw's neurobehavioral development theories & impact on developmental psychology, 7391
M. McGraw's neurobehavioral theory of brain contribution in infant behavioral development, 7390
M. McGraw's theory of brain in infant growth & development of function, 7442
M. Minsky's theories of mind & artificial intelligence, implications for education, 9711
main concepts of O. Kernberg vs H. Kohut in clinical social work practice with severely disturbed patients, 15522
manipulation of pacemaker of hypothesized internal clock, undergraduates, 23435
Marxism & postmodernism in conceptual network in critical psychological theory & conceptualization of power & liberation, 4553
masking hypothesis vs comfort vs learned helplessness vs distraction explanations for effect of stress on overeating, restrained vs unrestrained eaters, implications for dieters, 26700
mediation of mastery-oriented coping by effort vs ability attributions, college students, test of incremental vs entity implicit self-theories, 30502
medicalization of dying & argument for psychosocial role of social workers in dealing with death-related issues, US, 19133
mental model theory of reasoning & prediction of cognitive illusions during inference in logical thinking, college students not trained in logic, 29570
mental models theory applied to content effects in conditional reasoning, 3rd vs 6th vs 9th graders vs adults, 4418
mental representation in terms of feature-based vs atomistic theories of lexical concept formation & classification, brain-injured patients with semantic deficits, 31209
methodological issues & sex & perpetration & vicitmization & attitudes & social learning & feminist theories in dating violence research, 24431
minimal model theory of visual perceptual organization & role of objects in perceptual grouping , 36145
minority influences & use of best solution in problem solving, college students, test of C. Nemeth's convergent–divergent theory of majority & minority influence, 27296
model adaptation of developmental psychologists J. Piaget & L. Vygotsky's theories of assimilation vs accommodation & actual development vs proximal development, 850
model of logical choice process & integrated research conceptualization in research theory & design & measurement & analysis for applied psychological research, 16436
models & theories of cognitive processing of drawing abilities & cognitive neuropsychological perspective of constructional apraxia, 26393
morphological aspects of syllable onset in Optimality Theory of sequential development of syllabic types, 1–1.9 yr olds learning Dutch, 13 mo study, 30177
mothering & caregiving & social & cultural contexts of attachment & interpersonal functioning across life span, 13993
multiattribute decision field theory, violations of stochastic dominance principle of decision making & response time distributions, college students, 29545
multidimensional scaling & cluster analysis methodology use for information processing theory modeling & taxonomy & treatment development for schizophrenia , 30703
multiple forms & contexts & dynamics of empowerment, employees, support for empowerment theory, 6312
Narrative Processes theory of therapy & coding system for psychotherapy, implications for future research & practice, 37989
need for infrastructure & method & research agenda in & theory construction of disunified science of psychology, 9767
neural cognition as supported by non-neural storage of 3-dimensional model of local space used in movement planning, theory & basis of phenomenal consciousness, 13374
neurolinguistic full access theory of impact of universal grammar on 2nd language acquisition, adults, comment & reply, 3851
neuropsychological concept of schizophrenia, 1608
new-DOTS theory & practice perspective on careers education & guidance, implications for career learning & choice, 12749
oppression of disabled people, modernity, 17549
origins in 19th century German psychophysics of theories of local signs & labelled lines, location of visual image on retina, 32845
overlap & inconsistency between philosophical & psychological notion of intuition, 33993
P. Lang's theory of emotion in relation to his mentors & other theories & bio-informational perspective, 306
P600 or P3b ERP responses to recognition of improbable linguistic events, reply to commentary on identity thesis, 7114
particular vs general nature of knowledge that works in practice & problems with data based inference & effects of preconceptions & theory, implications for teacher effectiveness, 26398
past behavior, intention & future studying behavior & test of theories of reasoned action vs planned behavior vs self-regulation, 18–29 yr old undergraduates, 15976
paternity assurance vs immediate maternal benefits vs female mate guarding of males vs mate assessment hypotheses for copulatory behavior & paternity, American kestrels, 3778
perceptual control theory-based computer model of collective behavior, 29210
PERCOLATe procedure for perceptual control theory-based task analysis, 29206
person centered perspective on leadership, 32357
philosophical & cultural perspective on reconstructing future & view of world & theories, 7625
policy theories of school choice, commentary, 2809
policy theories of school choice, commentary, 2823
primer for school counselors on Fluid-Crystallized & Three Stratum & Planning Attention & Simultaneous & Successive theories of intelligence & assessment instruments inspired by them, 25833
principles of Best Test Theory of Extension, extension of natural kind concepts in language of thought, 36640
prior & current theories & future research on factors & correlates leading to subjective well-being, 11183
Problem Behavior Theory & stability of psychosocial & behavioral correlates of adolescent problem drinking, 1972–92, 20558
psychodynamic & object relations & self psychological perspectives on money taboo as it affects everyday life & psychotherapy, 38200
psychologic approach to analysis of S. Moscovici's concepts & assumptions of social representations in terms of trust & logic & other factors, 7779
psychometric principles of affect & correlations between positive & negative affects, 9959
psychosomatic research as threat to theory of science, 25283
quantitative genetic theory & behavioural genetic methodology for study of human development & developmental psychology, 23657
quasi-pictorial vs description vs perceptual activity theories of mental imagery & problems of nondiscursiveness & creativity & seeing, 29602
rational choice theory vs role theoretic conception of embeddedness in economic social relationships, 4703
reassessment of propositional aspects of target-concept structure in contemporary theory of metaphor, 30096
redox theory of biochemical basis of learning & neurocomputation, 10454
regulatory focus theory vs pleasure seeking/pain avoiding theory & motivation, commentary, 7942
relation between attachment theory & psychoanalysis, 12125
relationship between altruism & justice from perspective of theory of Equity as Desert, 1267
relationship between self-affirmation theory & survivors' reactions to unfair organizational downsizing, college students, 33937
relationship between theoretical model for negotiation support system research & social behavior science, 4721
relationship of causality & identity to causal decision theory, 14265
relevance of triarchic theory of human intelligence for understanding & assessment of intelligence, multicultural student populations, 25701
resource loss vs gain in conservation of resources theory as stress, depressive mood & anger, 22–40 yr old females during pregnancy & postpartum, 34004
retention & transfer of theory of mind training, 28–68 yr old intellectually disabled adults in day care, 18157
right shift theory of handedness classification in humans & relation to left cerebral dominance, implications for dyslexia & schizophrenia & autism, 448
role of anxiety & intergroup relations in anxiety/uncertainty management theory vs integrated threat theory of prejudice, 36950
role of Individual Psychology as companion theory in properly conducting social science research, 22949
Roy Adaption Model-based theory of health-related quality of life, 60+ yr old newly diagnosed cancer patients, 25314
secondary tasks, serial short-term memory, college students, test of working-memory model vs changing-state hypothesis, 29645
self psychology theory & role play in drama therapy, 2433
self- & goal-related motivations in social cognitions & judgments & interactions & review of social psychological theories of social perception, commentary, 23946
sexual size dimorphism & spatial distribution & relative testis size & predictions of sexual selection theory concerning polygynous mating systems, lemurs, 19983
similarity of management in 20th vs 21st centuries & breakthrough in development of management theories, managers, 29098
social cognition theory of comprehension & validation of social information, 11169
social cognitive theory of gender role development & differentiation, 36786
social constructionist views on relation between theory & observation, 6741
social identity theory's self-esteem hypothesis, 14275
social network perspective as cross-paradigmatic research & theorizing approach in intercultural relations, 36948
social problems & movements & symbolic politics as part of state transformation theory & trust issue in Progressive Era, 4552
social representations in representational & social aspects of psychologic, commentary, 7775
social theory & cultural identities, young Blacks in Ashanty group, Colombia, 36951
social-cognitive theory of substance abuse that incorporates human agency & perceived self- & collective efficacy , 24511
social-exchange & communitarian theories applied to formal mentoring program development & evaluation, companies, 35654
social-identity & perceived-self & other sociological & psychological self-concept theories in metatheory of internal & external work motivation sources & processes, 35638
statistical characteristics of d' & beta estimates of signal detection theory , 9967
strain theory analysis of community differences in crime rates, 21360
strategies to cope with negative in-group status, 17–87 yr olds, test of social identity vs relative deprivation theory, 11160
subjective psychology as revolutionary theory of 21st century, 22815
symbolic interactionist perspective on cultural formation of & Affect Control Theory in prediction & interpretation of emotions, college students, 23165
symptom component of hopelessness theory of depression, college students, 4902

synthesis & critique of learning & behavioral/cognitive & formative theoretical models of PTSD in childhood sexual abuse, 24448
test of cerebellar vs neocortical systems models of autism based on oculomotor performance, nonmentally retarded autistic adolescents & adults, 18129
test of models of correlations between life & job satisfaction, card dealers, 27412
test of tau-dot hypothesis & perception of severity of contacts between objects, graduate & undergraduate students, 6770
theoretical & empirical evidence for double weak theory of speech perception, commentary, 6804
theoretical & empirical underpinnings of teacher efficacy, 6131
theoretical & methodological concerns & universals in cross cultural & cultural psychology, 4595
theoretical & methodological tensions in working with innovative methods in feminist research, graduate students & faculty member, 27232
theoretical & psychotherapeutic aspect on process of change, 18512
theoretical & research efforts that lead to improving leader-member relationships, human resource development researchers, 38972
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary reply, 1469
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1455
theoretical approach to concept of mental illness based on Aristotle's human function argument, 1470
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1460
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1484
theoretical basis for approach to neighborhood evaluation, 39040
theoretical expectations vs lived experience, children growing up with parent with multiple sclerosis, 34607
theoretical framework & empirical illustrations of two indexes measuring perceptions of justice, 10949
theoretical framework of how people explain behavior, 13017
theoretical insights in development of new sex education program, 6170
theoretical perspectives & assumptions of group performance & outcome measures pertaining to groupware computer technologies, implications for industrial & organizational psychology, 29054
theoretical perspectives of career development on the school-to-work transition process, commentary, 25838
theoretical reference frames for planning speech movements, 215
theories & dimensions of work motivation literature, 1990-1997, 29113
theories & methodologies in strategic management & organizational economic policy making, 29099
theories & practices & revisions of rational emotive behavior therapy, 31524
theories & predictors & consequences of polydrug problems & psychological distress, 28–32 yr olds, 4 yr study, 27872
theories of adult understanding & use of & children's development of comprehension of ironic & sarcastic speech acts, 20489
theories of cognitive approaches to delusions, 24134
theories of cognitive approaches to delusions, comment , 37258
theories of cognitive approaches to delusions, comment, 37257
theories of cognitive approaches to delusions, comment, 37264
theories of H. Gardner & A. H. Passow, curriculum for talent development, 2997
theories of identity formation, adolescent females, 7903
theories of sexual behavior & existing intervention approaches to & role of psychology in pregnancy prevention, adolescents, 22022
theories on spatial organization of brain biopotentials, 7127
theory & computational model of lexical access in development of speech production, commentaries & reply included, 16541
theory & model of second-order expectation effect on first-order expectations, 17590
theory & research & practice of human resource management, 29078
theory & research on lifespan psychology & lifespan ontogeny & allocation of developmental resources & intellectual functioning, 13885
theory & treatment of anger in psychotherapy, 15146
theory for disorganized & reality-distortion schizophrenia as disturbances in multiple constraint organization between neurological subsystems in brain, 34185
theory of action & action science perspective & application to case example of visit by manufacturing manager with work team leader, 29140
theory of activity perspective of situational awareness, 12942
theory of anticipatory consciousness as response to Dewey's critique of reflex-arc concept, implications for theories of perception, 1
theory of art in nursing, 22309
theory of congregational organization as special case of voluntary associations, 7633
theory of geometric constraints on neural activity for natural 3-D arm movements, 16960
theory of interceptive timing, 19705
theory of mind in preadolescence & social understanding & competence, male vs female 10.8–13.2 yr olds, 27029
theory of mind skills, schizophrenic vs psychotic vs depressed Ss during acute episode vs post-recovery, implications for C. D. Frith's neuropsychological theory of schizophrenic metarepresentation, 1581
theory of sympathetic efferent activity & chronic pain, 18269
theory of transpersonal psychiatry, 31575
theory of types of values for cultural comparison, respondents from 49 nations & teachers & college students, implications for differences in meaning of work , 10991
trace deletion & double dependency hypothesis, 31–72 yr old Spanish speakers with agrammatic aphasia, 21530
traditional vs relevance theories of sarcasm in normal & brain-injured populations, 31283
Twisted Pear theory of prediction of rehabilitation outcome, 28744
typology of biological affects based on developmental-interactionist theory of motivation & emotion & cognition, 20049
unified account of A-not-B error in searching, 8–10 mo olds , 20524
Unitary Thesis vs distinction based theory of consciousness & inductive & deductive arguments rejecting state & transitive & creature subtypes of consciousness, 26461
use of attachment theory in predicting male to female relationship violence, couples, 8270
use of generalizability theory for assessing dependability of measurement & errors of measurement in counseling psychology research, 16407
use of M. A. Newman's nursing theory with nursing home residents, psychiatric nursing students, 2643
use of social structural strain theory to explain & study drug use behavior, African Americans, 8338
use of theories of social exchange & cognitive dissonance & self perception & commitment/involvement in designing consumer surveys, survey participation, 18–65+ yr olds, 19682
vagueness & approximation as examples of loose talk & relevance theory vs systemic-function & social semiotic framework-based analysis, commentary, 17161
values & theories & methods for development of framework for social work education internationally, social workers, 28865
variable vs process theoretical approaches to personality psychosocial factors associated with risky vs health-protective behavior, 18848
variance & memory & decision processes in scalar timing theory, 16462
view- vs motion-specificity theories of visual object recognition, view-bias & recognition of 3D rotating objects, college students, 36180
Theories [See Also Chaos Theory, Communication Theory, Constructivism, Darwinism, Fuzzy Set Theory, Game Theory, Information Theory, Item Response Theory, Learning Theory, Personality Theory, Psychoanalytic Theory, Systems Theory, Theories of Education, Theory of Evolution]—Books
ABC relaxation theory: An evidence-based approach, 34754
Activity theory and social practice, 22816
Anxiety disorders: Psychological approaches to theory and treatment, 8211
Anxiety sensitivity: Theory, research, and treatment of the fear of anxiety, 11484
Applying psychology to the environment, 3195
The autonomous brain: A neural theory of attention and learning, 29616
Beyond the cognitive map: From place cells to episodic memory, 26656
Cognitive dissonance: Progress on a pivotal theory in social psychology, 14285
Cognitive psychology in and out of the laboratory (2nd ed.), 257
Conceptual coordination: How the mind orders experience in time, 32933

Klafki's model of Didaktik analysis and lesson planning in teacher education, 38784
The law of free fall as an "exemplary theme" for mathematicizability of certain natural processes, 38838
Levels of classroom preparation, 38783
On Wilhelm von Humboldt's theory of Bildung, 38770
Open experimenting: A framework for structuring science teaching and learning, 38837
Oral and written communication for promoting mathematical understanding: Teaching examples from grade 3, 38773
Reflecting as a Didaktik construction: Speaking about mathematics in the mathematics classroom, 38834
The significance of classical theories of Bildung for a contemporary concept of Allgemeinbildung, 38768
Some thoughts about theories, perfection, and instruction, 22501
Starting a dialogue: A beginning conversation between Didaktik and the curriculum traditions, 38765
Teaching and learning for understanding, 22492
Teaching as a reflective practice: What might Didaktik teach curriculum?, 38777
Teaching to understand: On the concept of the exemplary in teaching, 38775
Theory of Bildung, 38774
Transcending traditional school learning: Teachers' work and networks of learning, 12631

Theory Formulation—Serials

evolution of T. Millon's personality prototypes, 27419
expectation-states & symbolic interactionism & dramaturgical analysis & attribution & power-status & psychoanalytic theories, emotional arousal theory for face-to face-interactions , 27425
need for infrastructure & method & research agenda in & theory construction of disunified science of psychology, 9767
theory of sport for advancement of sport sociology, 35697
theory proposal implying that criminal behavior is projective & suggesting that disciplined listening is important to forensic evaluations, 39063
unitary pathogenetic hypothesis as schizophrenia as progressive developmental disorder, 8161

Theory Formulation—Books

The emergent ego: Complexity and coevolution in the psychoanalytic process, 20968
How scientists explain disease, 17789
Social cognition: Making sense of people, 27339
Undisciplined theory, 4557

Theory Formulation—Chapters

Action, thought and language, 7317
Children as folk psychologists: The developing understanding of the mind, 13918
The concept of activity in Soviet psychology: Vygotsky, his disciples and critics, 6527
The extreme male-brain theory of autism, 30958
Implications of blink reflex research for theories of attention and consciousness, 22999
Resilience comes of age: Reflections on the past and outlook for the next generation of research, 36860
Scientific theories that unconceal being: Intentions and conceptions in their genesis, 26426
Variance explained: Why size does not (always) matter, 26279

Theory of Evolution—Serials

application of evolution theory to study of psychopathology, 8051
approach for analysis of developmental homology & developmental process evolution, 445
behavioral influences & evolutionary perspectives on expanding human neocortex & myopia & intelligence, 26644
blind variation in evolution of human creativity, 1343
coevolution with hosts, common cuckoo nestling gape color preference, host parents of reed warblers & robins & dunnocks, 33135
cognitive processes & sighted vs blind variation mechanisms of evolution of human creativity, 1354
cognitive processes & sighted vs blind variation mechanisms of evolution of human creativity, commentary, 1306
conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19549
conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19556
conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, reply, 19551
contributions to auditory sensory system science & psychology & interest in evolutionary theory, R. B. Masterton, 13240
criteria for design of conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19557
Darwin-like mechanism of chaotic evolution of animals & humans & model on relationship between thoughts & feelings & actions, 17145
Darwinian theory-based sexual competition hypothesis for eating disorders, females, 8458
Darwinist & animal behaviorist approach to human evolutionary psychology & animal behavior, 16289
development of social systems strategies, stumptail vs rhesus vs Japanese vs tonkean macaques, implications for involvement of dominance & kinship, 13459
developmental dynamic systems theory of relations between language & culture & other complex behaviors & increasing neural complexity through evolution, 26554
differences in sexual strategies & inhibitory abilities as predicted by parental investment theory, females vs males, 27198
ecological relevance & evolutionary aspects of associative learning, fruit fly larvae, 16753
evolution of extreme polyandry, honeybees, 16804
evolutionary & developmental factors & stressful family environment & masculinity traits & low mate value, sociosexual variation & casual sex, 25–35 yr old noncollege females, 30363
evolutionary & psychophysiological & brain mechanisms of emotion & motivation & anxiety, animals & humans, 6991
evolutionary analysis & critique on concept of disorder, 27510
evolutionary context of learning, 35841
evolutionary environment vs contemporary social structure, sex role differences & mate selection preferences, adults, reanalysis of cross cultural research, 20828
evolutionary epidemiological explanation for prevalence of manic depression, 8124
evolutionary hypotheses for sex differences in prevalence rates of depression, 8111
evolutionary kinship psychology principles, implications for evolutionary kinship psychotherapy, 7785
evolutionary mechanisms for pathogenesis of child & adolescent mental disorders, commentary, 30603
evolutionary mechanisms for pathogenesis of child & adolescent mental disorders, 1467
evolutionary perspective of human developmental sex differences, 30228
evolutionary perspective, postnatal depression & distress as adaptive response currently seen as dysfunctional in isolated society & culture, mothers, 27200
evolutionary psychology perspective on cognitive distortions, 8052
evolutionary theories of aging, ants & humans, 7606
evolutionary understanding of emotions & emotional disorders, 8074
evolutionary vs social psychological approach for observation of individual vs group psychopathology, seriously disordered adolescents, 1950s, 24160
family conflicts, nestling mouth color, cuckoo, 33124
frame/content theory of evolution of speech production, comments & reply included, 4369
gene families & molecular evolution of brain of chordates, 447
genetic & molecular evolution of development & early hindbrain pattern formation, bilateral animals, 438
genetic aspects of conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19558
group size & predation risk & other aspects of raised guarding behavior, cooperative meerkats, implications for evolution of guarding behavior as self-interested, 26497
human neurophysiology & concepts & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19553
influence of evolutionary theory on cognitive psychology, commentary, 3560
influence of evolutionary theory on cognitive psychology, reply, 3562
lack of models in evolutionary psychology that account for adaptive value of homosexual & homoerotic behavior, 33837
methodological & metatheoretical analyses of Tibetan polyandry, 1039
model for comprehensive & species-typical structure of human motives & emotions in literary works from evolutionary psychology perspective , 30074

natural system vs feature examination in conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19555
neural plasticity & conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19560
onset & rate & sequence of events in vertebrate neurogenesis, 464
parallel historical developments of & evolutionary perspective on semiotics & psychology, 6514
proximate–ultimate dichotomy in animal behavior research , 33108
psychogenesis & childhood & childrearing & cultural evolution, 10729
random noise explanations in conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19552
role of male body size & balloon size in evolution of empty nuptial gifts, dance fly, 16859
scientific method & conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19554
semelparity & maternal care evolution, insects, 16867
sexually selected defensive & concealing evolutionary phase modification of emitted electrical signal, signal detection by predators, electric fishes, 26532
socioecological model vs human habitat alteration vs phylogenetic constraints, explanation of variations in langur social behavior, 13475
theories of evolution on estrus cycle & visual & olfactory sexual signaling & sexual intercourse, humans & nonhuman primates, 20065
theory of cultural evolution, implications for ethnographic research, 10982
use of behavioral ecology to understand depression, commentary, 27635

Theory of Evolution—Books

Ariadne's clue: A guide to the symbols of humankind, 13877
Death, hope and sex: Steps to an evolutionary ecology of mind and morality, 35842
The descent of mind: Psychological perspectives on hominid evolution, 32563
The development of language: Acquisition, change, and evolution, 7450
The evolution of mind, 890
Evolution of the psyche, 10749
Evolutionary principles of human adolescence, 23670
Evolutionary psychology: The new science of the mind, 9768
From subjective experience to cultural change, 14342
The nature of grief: The evolution and psychology of reactions to loss, 14341
The origins of complex language: An inquiry into the evolutionary beginnings of sentences, syllables, and truth, 26918
A sociobiology compendium: Aphorisms, sayings, asides, 3814
That complex whole: Culture and the evolution of human behavior, 30535
Why we feel: The science of human emotions, 13371

Theory of Evolution—Chapters

Activity theory and the concept of integrative levels, 11099
Are humans special? A history of psychological perspectives, 32566
Attachment theory in modern evolutionary perspective, 20477
The background to hominid intelligence, 33048
Beliefs about purpose: On the origins of teleological thought, 33637
The conflict of evolutionary psychology, 36649
DeFreuding evolutionary psychology: Adaptation and human motivation, 36648
Diverse relations between psychology and evolutionary thought, 3263
Do concepts of intersubjectivity apply to non-human primates?, 16878
Do's and don'ts for Darwinizing psychology, 266
Ecological intelligence: An adaptation for frequencies, 263
Evolution and creativity, 10167
Evolution and phylogenetic history of the frontal lobes, 7099
The evolution of a theory of mind, 33043
The evolution of certain novel human capacities, 32564
The evolution of deep social mind in humans, 33160
The evolution of humor: Do those who laugh last?, 11100
Evolution of the symbolic self, 10755
An evolutionary approach to psychiatric disorders: Group-splitting and schizophrenia, 11453
Evolutionary foundations of imitation: Social cognitive and developmental aspects of imitative processes in non-human primates, 16741
Evolutionary memory, 11186
An evolutionary perspective on insight, 10164
An evolutionary perspective on treatment, 12012
An evolutionary psychological perspective on homicide, 8413
Evolutionary psychology: A new paradigm for psychological science, 9785
Evolutionary psychology: Ultimate explanations and Panglossian predictions, 36652
The evolutionary significance of archetypal dreams, 11277
An evolved capacity for number, 270
Evolving creative minds: Stories and mechanisms, 7964
Fitness and the fate of unicorns, 36654
Generativity, entrenchment, evolution, and innateness: Philosophy, evolutionary biology, and conceptual foundations of science, 36659
Gestalt theory and evolutionary psychology, 3264
Handedness, cerebral lateralization, and the evolution of language, 33182
Height and our perception of others: An evolutionary perspective, 24000
Historicity and the evolution of the individual psyche, 9772
How the mind works, 26552
Human cognitive evolution, 33045
Locating development: Locating developmental systems, 20542
Modern evolutionary theory and patterns of attachment, 20454
Morgan's canon, 267
On the evolution of interest: Cases in serpent art, 10688
On the recent origin of symbolically-mediated language and its implications for psychological science, 33569
Perception of personality traits and semantic learning in evolving hominids, 33047
Phylogeny from apes to humans, 32565
Preconditions for the evolution of protolanguages, 33046
Predicting hominid intelligence from brain size, 33044
Presence of mind, 36656
The rise of the metamind, 33050
The role of gesture and mimetic representation in making language the province of speech, 33567
Same-sex romantic attachment, 20474
Sex and mating: Sexual strategies, trade-offs, and strategic pluralism, 10750
Social influences on human assortative mating, 33914
Social norms and other minds: The evolutionary roots of higher cognition, 262
Some issues in the evolution of language and thought, 826
The survival value of forgiveness, 11140
Vygotsky's theory of the higher psychological processes: Some criticisms, 6893
Whatever happened to articulate speech?, 33049

Theory Verification—Serials

assessment & empirical support of active–passive & pleasure–pain & self–other polarity dimensions of T. Millon's theory of personality disorder, 27748
assessment of empirical support for M. Zuckerman's Impulsive-Sensation-Seeking theory, 13–76 yr old athletes, 1368
D2 dopamine receptor density in schizophrenia, test of biological hypothesis, 4972
dysfunctional attitude & etiology of low vs high occupational stress, college students, test of cognitive phenomenological theory of stress & coping, 25905
modified compensation theory of picture perception, adult Os , 19761
moral advocacy campaign, beliefs in influence process vs noxiousness of the message, college students application of appraisal theory to a mediated context, 33929
numerical simulations for model of generation of orientation selectivity in macaque striate cortex, evidence for intracortical vs afferent hypotheses, 20068
syllogistic reasoning & test of mental model theory of deduction, college students, 36242
syntactic trace deletion & use of default strategy in sentence-picture matching task, 22–63 yr olds with agrammatic Broca's aphasia, test of Trace Deletion Hypothesis , 8608
test of hypothesis based on withdrawal threshold for explanation of intergenerational transmission of divorce, adolescents of divorced vs married parents, 30332
test of hypothesized relationship between high score on Novelty Seeking subscale of Tridimensional Personality Questionnaire & treatment dropout, alcohol-dependent males, 11627
test of tau-dot hypothesis & perception of severity of contacts between objects, graduate & undergraduate students, 6770

Theory Verification—Chapters

Self-regulatory functions of children's private speech: A critical analysis of recent challenges to Vygotsky's theory, 7469

Therapeutic Abortion [See Induced Abortion]

Therapeutic Alliance—Serials

alliance & technique as predictors of outcome in short-term dynamic therapy, 28365
attachment states of mind, effectiveness of therapeutic relationships & client functioning, 25–62 yr old clients with serious psychiatric disorders & 25–58 yr old case managers, 35195
changes in patient contribution to therapeutic alliance during brief psychotherapy, adults, 5523
characteristics of progressive boundary violations & working alliance & subsequent therapist–patient sexual relations, 19202
client characteristics, prediction of formation of & strength of relation with clinical case manager, homeless people with serious mental disorders, 1-yr study, 35220
client vs therapist ratings of therapeutic alliance, depression & drug use outcomes, 19–59 yr old cocaine dependent outpatients in cognitive vs dynamic therapy vs drug counseling, 18473
commonalities between & role of therapeutic alliance in existential therapy & interpersonal psychoanalysis, 8773
construct theory & impact of interpersonal skills & creativity in building therapeutic alliance, therapists, 34920
creating a therapeutic alliance by integrating lifestyle & family & living circumstances & cultural awareness into treatment planning to enhance patient participation & compliance, minority patients, 15084
effect of physical disability in psychiatrist on therapeutic alliance in dynamic psychotherapy, 32129
existence of therapeutic alliance in northern Europe in 12th–15th centuries & parallels with therapeutic rationales in psychoanalysis & dynamic therapy, 29308
formation of therapeutic alliance & retention of couples in treatment, less vs more experienced therapists, 21789
history of therapeutic alliance concept in psychoanalysis & its application to patient with sadomasochistic pathology, 4813
racial identity & perceived working alliance formation in same- vs cross-racial counseling analogs, 22–57 yr old White counselor trainees, 32126
readiness to change & therapeutic alliance in cognitive-behavioral vs motivational enhancement therapy, engagement in treatment & symptom reduction, females with bulimia nervosa, 21696
role of community pharmacy & therapeutic alliance in interprofessional care for primary health care provision, nurses, South Africa, 22124
role of interaction of patient & clinician beliefs in efficacy of healing process in placebo effect in pharmacological & psychological treatment, 34746
role of supervisory relationship & alliance in training of psychodynamic group therapists, 15737
short-term dynamic psychotherapy, transference interpretations & therapeutic alliance & treatment outcome, 20–57 yr olds, 34799
student characteristics & school environment, therapeutic alliance, school counselor & clients, 19367
therapeutic alliance & psychiatric severity as predictor of completion of treatment, opioid dependent outpatients, 12526
therapeutic alliance & therapeutic process, patient & therapist ratings, patients with mental illness (mean age 25 yrs), 34815
time series analysis of perceptions of working alliance in short-term psychoanalysis & relation to counselor characteristics, 21–64 yr old clients & counselors, 5581
validation of Body Formation Coding System, assessment of body formations of therapist & couple during sessions & alliance & engagement in therapy, therapists & clients, 13060
variables in prediction of assessment of strength in helping alliance after 1 yr of treatment, case managers & therapists of patients with psychiatric disability, 18516

Therapeutic Alliance—Books

The mystery of things, 34930

Therapeutic Alliance—Chapters

Individual psychotherapy with adolescents, 2195
It takes two: Therapeutic alliance with older clients, 31498

Therapeutic Camps—Serials

history & structure & function of therapeutic community rehabilitation camp, schizophrenic patients, 35162
participation in pediatric summer camp, trait anxiety & attitudes toward their physical disabilities &/or medical condition, 6–16 yr olds with spina bifida or asthma or diabetes, 1 wk followup, 18901

Therapeutic Community—Serials

admission to residential therapeutic communities, HIV risk behaviors, male vs female adolescent drug abusers, 32037
Amity prison therapeutic community & aftercare program, reincarceration outcomes, male inmates treated for substance abuse, 12 & 24 mo follow-ups, 22299
antisocial personality diagnosis & length of inpatient treatment in therapeutic community, treatment outcomes & post-discharge arrest & drug use, substance abusers, 38616
changes & evolution in treatment modalities, drug-free therapeutic communities, Europe, 9230

changes in mood & personality characteristics, cocaine dependent females in therapeutic community, 12 mo followup, 15638
common beliefs on essential elements of therapeutic community agencies for drug abuse treatment via Survey of Essential Elements Questionnaire, directors, 25531
day vs residential therapeutic community drug abuse treatment program, outcomes related to addiction severity & depression & psychiatric symptoms & social support, clients, 18 mo followup , 28768
effectiveness of homelessness prevention intervention program using therapeutic community principles & methods, 17–47 yr old drug abusing females & their children, 35239
evaluation of prison-based therapeutic community via rearrest rates, inmates with history of drug abuse (mean age 31.2 yrs), 25569
evolving roles of sociotherapist, hospital therapeutic community for treatment of borderline personality disorder, 35282
existence of outcome related neurophysiological subtypes, 17.7–48.5 yr old males with cocaine dependence in residential therapeutic community, 19077
history & structure & function of therapeutic community rehabilitation camp, schizophrenic patients, 35162
neuropsychological therapeutic community approach to treatment, patients with schizophrenia, 19041
node link mapping in therapeutic community drug treatment, self efficacy & life skills motivation, probationers, 32064
outcomes & cost analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo followup, erratum, 38524
outcomes & costs analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo follow up, 18963
professional discipline, rated level of functioning of adolescents in therapeutic community with interdisciplinary flattened professional hierarchy & teams, adolescent unit staff, 35278
sociodemographic profiles & psychiatric dual diagnosis & psychological symptoms, homeless mentally ill with chemical abuse in therapeutic community treatment, 9250
sociodemographics & patterns of drug use & drop out rate from drug treatment therapeutic communities, adult heroin users, Greece, 25537
subtypes, homeless mentally ill substance abusers, implications for therapeutic community treatment, 32030
treatment outcome evaluation of management in modified therapeutic community, 18–55 yr old mentally ill chemical abusing clients in residential program, 9232

Who is to blame? The discovery of domestic drug problems and the quest for recognition of therapeutic communities in Peru, 5959

Therapeutic Devices (Medical) [See Medical Therapeutic Devices]

Therapeutic Outcomes [See Treatment Outcomes]

Therapeutic Processes [See Also Psychotherapeutic Processes]—Serials

ability for self-reflection on communication skills & areas for improvement in health counseling sessions with patients, 24–50 yr old nurses, 12571
advice from family with physician with standard vs computer-generated tailored pamphlet, physical activity/exercise, sedentary adult patients, 15444
agreement between patients & providers on importance of general principles & guidelines for breaking bad news to patients, breast cancer patients & oncologists & oncology nurses, 25392
analysis of online commentary during physical examination of patients in acute pediatric & primary care consultations, physicians, 38484
application of grounded theory method to research on interactions with victims of domestic abuse & goals of medical intervention, obstetricians/gynecologists, 18928
aspects of general practitioners' behavior that determine patients' evaluations of care, 18–88 yr old patients, Netherlands , 2473
attitudes toward & participation in smoking cessation intervention, effectiveness of smoking cessation advice to patients, general practitioners who do vs do not smoke, 11082
cancer genetic consultation, state anxiety, healthy women (mean age 42 yrs) at high vs low risk for cancer, 25343
case discussion of psychiatrist's response to patient's suicide & need for training programs, 37465
causal relations between health & satisfaction with medical care, patients with better vs worse health, 28565
changes in development & doctor–patient relationship & usefulness of SHADSSS as psychosocial functioning assessment, pediatricians & adolescent patients, 9100
chaos as facilitative therapeutic process in art therapy, 38359
client characteristics & engagement & treatment experiences, drug treatment clients (aged 18–55 yrs), 38602
client–case manager alliance & client characteristics, client outcomes, homeless persons with severe mental illness, 9159
clinical implications for concept of response shift in health-related quality of life, implications for physician–patient relationship, 28623
coaptive therapy as process of understanding partner's & own false beliefs & acting as support for each other while healing takes place, 34888
cognitive-behavioral therapy vs supportive psychotherapy plus antidepressant medication or placebo vs medication alone, predictors & processes of change, 18–45 yr old females with bulimia nervosa , 28265
collaborative education, social stereotypes & success of nurse–patient interaction in acute psychiatric setting, community vs undergraduate students, 38671
comparison of 2 regression approaches for modeling expert judgment in scoring performance assessment of patient-management skills, medical students, 123
concept & model of caring in community health nursing, 22165
concept of caring through M. E. Rogers' Science of Unitary Human Beings, 20818
conceptual analysis of countertransference in nurse–patient relationship, 2158
conceptualization of health & illness & competence for consent & guidelines for practitioner communication regarding treatment & hospitalization & health promotion, children, 28571
constructionist & deconstructionist perspectives in psychoanalysis & future of disillusion as treatment of distorting psychological processes, 31584
consumer participation & collaboration in mental health service delivery & implications for nursing practice, 38475
content of medical students' & residents' dreams & issue of their empathy & emotional involvement with patients & role of psychoanalysis & psychodynamics in medical school training, 22334
correlates of substance use & effect of advice by physician to abstain, risk of alcohol & tobacco use during pregnancy, 18–45 yr old females, 15450
critical incident analysis of patients behavioral responses to nursing care & nature of nurse–patient interaction, 26–78 yr old hospitalized or recently hospitalized HIV/AIDS patients, 9202
cultural orientations & self-construals, preferences for medical decision making, Hong Kong vs Beijing, 31796
decision-making preference & opportunity & satisfaction with medical care, 21–84 yr old male veterans using VA ambulatory health care services, 12329
demographic & professional variables & sources of information & attitudes & patient characteristics, choice of truthful diagnosis disclosure, 28–75 yr old Lebanese physicians with cancer patients, 2796
diagnosis & management of chronic low back pain & aspects of doctor-patient interaction that reinforce illness behavior, general practitioners, 18250
dimensions & value of nursing practical skills, 15774
dimensions & value of nursing practical skills, commentary, 15791
dimensions of & challenges involved in discussing & options for present medical risk, physicians, 15402
disclosure of HIV status to dentists, dental patients with HIV, 14964
discourse analysis of shared decision making practices & negotiating practices in primary care, general practitioner & parents of male infant with tonsillitis, 31790
disorder related communication with physicians, patients with urinary incontinence (aged 60 yrs & older), 12319
doctor- vs patient-centered interviewing style, preference for physician communication style & behaviors, Hong Kong, 31807
doctors' clinical construction of chronic illness & its treatment as revealed in narratives & interactions, physicians & their patients with diabetes, 2477
doctor–patient relationship & treatment of whole patient, 31382
effect of having usual physician on patient health behaviors, 25–74 yr olds, 28661
effectiveness of transdermal nicotine with vs without physician-based minimal intervention setting, smoking cessation, 18–72 yr old smokers, 52 wk followup, 12520
elements of process based catalyst model of crisis & crisis intervention, 15529
emotional responsivity during therapeutic interaction, 16–64 yr old severe traumatic brain injury inpatients with vs without apathy, 31175
English language proficiency & performance on standardized patient clinical skills examination, foreign vs US medical students, 28832
ethical & moral guidance as component of genetic counseling, case of young married couple with family history of Huntington's disease., 25284
ethical aspects of accepting gifts from patients, physicians, 9376
ethical issues in clinical research & relationship between physician investigators & patient volunteers, 2801
ethical principles & imperatives in obligation to relieve elderly patient pain & suffering, 5767
Etude music magazine support for singing as a physically & psychologically therapeutic agent, 1883–1957, 31752
evaluation research of audiotaped oncology treatment consultations as intervention for improvement of quality of patient–physician communication, cancer patients, 25312
examines relationship between 7 elements of primary care & 3 outcomes, commentary, 12413
experience with & perspectives on doctor–patient communication & patient-centered consultations, 3rd yr medical students in general practice vs hospital ward attachments, 38699
experiences & perceptions & expectations when communicating with medical providers, abused Latina & Asian female immigrants, 1724
experiences of pleasure in working with severely disabled children, music therapist, 22002
factors family & therapist bring to definition of family in therapeutic process, 31555
framework for medical reassurance & patients' responses, 2468
gender & cultural differences in attitudes toward ethics of information disclosure in HIV & cancer scenarios, medical residents, 12621
gender & level of training & surgical vs general practice specialization, patient centeredness, trainees vs final year medical students, 28874
help seeking behavior & contacts & utilization of formal & informal health & social services, 18–98 yr old urinary incontinence sufferers vs non-sufferers, 25407
hospital admission as pseudo-patient to assess feasibility of unobtrusive participant observation of culture & social dynamics of doctors & nurses & patients & relatives, adult male, Ghana, 2656
identification of probable domestic abuse injuries, patients with neurologic disorders, implications for practice, 31771
impact & effectiveness of formal continuing medical education for physician performance & health care outcomes, 38674
impact of delirium & reactions & caring for patients with delirium & dementia, nursing staff, 38566
implementation & description & evaluation of Foundations in Medicine course emphasizing patient interaction & ethics & experiential learning & student leadership & community service, medical students, 28847
interpreter use & satisfaction with interpersonal aspects of care, Spanish-speaking emergency department patients, 2644
interrater reliability of Client Encounter Form, assessment of client–nurse practitioner interaction, nurses & 2–61 yr old clients of primary care nursing clinic, 25427
interrater reliability of Communication in Dental Settings Scale & relationship with patient satisfaction with consultation, 20–24 yr old student dentists & their 14–68 yr old patients, 32701
intervention program for physician encouragement of skin cancer early detection practices, requests for skin examinations during consultations, family practice patients, Australia , 25350
issues & processes during facilitation of empowerment groups with people with chronic & persistent mental illness, public health nurses, 1 yr study, 12386
issues of concern in practice incidents related to talking with patients about dying, palliative care nurses in professional development program, 28854
issues related to predictive genetic counseling, case of family with inherited adult-onset neurodegenerative disease, 25018
issues related to predictive genetic counseling, commentary, 25006
knowledge of & attitudes & self-reported practice towards promoting regular physical activity, general practitioners, 28640
legal assisted suicide & therapeutic responses & interventions for mentally ill patients requesting suicide, 19128

maternal personality & social skills, communication patterns during pediatric well child exams, mothers of children under 2 yrs & pediatricians, 15471
method of physician payment & level of trust of physician, adult managed care vs indemnity patients, commentary & reply, 18489
monitoring & counseling by general practitioner vs dietician, clinical & cost outcomes of nutritional counseling, 25–65 yr olds with hypertension vs type 2 diabetes vs obesity, 22106
motivation factors in abstract imagery in art therapy, 15 & 16 & 24 yr old males, 8985
naming process in doctor–patient conversations, 8998
narrations & reflection of caring experiences & interpretation of the meaning for patients, nurses caring for 68–93 yr olds with severe dementia, 15476
narrative analysis for conceptualizations of satisfaction with physician—patient communication, 33–70 yr old female breast cancer patients, 21508
nurse–patient collaboration & other helping method in psychiatric hospital setting, psychiatric nurses & hospitalized psychiatric patients, 9203
objectives & methods & evaluation methodology & results of communication skills training programs, clinically experienced physicians, 38682
offense mechanisms & detachment frames & parapathic emotions in therapy, 2 couples, 34899
on pneumococcal immunization low-literacy educational brochure, patient participation in health-care & patient–physician communication, inner-city elderly African Americans (mean age 63 yrs), 35129
opinions about knowledge & management & documentation of patients with chronic pain, 25–62 yr old female district nurses, 9140
outpatient interactions between patients & physicians & patient satisfaction, patients, 38492
patient & nurse & organizational characteristics, recognition of & intervention for confused patients, 23-60 yr old nurses working in medical-surgical hospitals, 28733
patient characteristics & practice patterns, Practice Research Network members & their patients, 21661
patient physician preference & communication & physician knowledge of patient & coordination of care, delivery of primary care preventive services, patients & physicians, 5834
patient preferences for participation in medical decision making, US vs Hong Kong vs China vs Australia, 31778
patients' perceptions of therapeutic & nontherapeutic aspects of constant observation, hospitalized suicidal patients, 32002
perceptions of factors influencing nurse–patient interaction, nurses in acute psychiatric settings, 38709
personal account of negative experiences with health care personnel & effects on family, spouse of depressed male patient, commentary & reply, 8741
personal account of negative experiences with health care personnel & effects on family, spouse of depressed male client, commentary, 8726
personal account of negative experiences with health care personnel & effects on family, spouse of depressed male patient, 8710
personally meaningful goal-directed therapeutic activities, standing endurance, 48–72 yr olds with cerebrovascular accidents, 15674
phallometric assessment of sex offenders for prediction of re-offending & monitoring of therapeutic interventions, 37601
physical complaints & psychosocial causes, general practitioners & patients, 28602
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, commentary, 6080
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, commentary, 6075
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, commentary, 6070
physician assisted suicide & euthanasia for frail elderly & physician–patient discussion of death feelings, 69 yr old female with metastatic lung cancer to brain, 6063
physician communication of prescription drug information to patients, physicians (mean age 42 yrs), 38417
physician's psychosocial inquiry & physician patient familiarity & severity of distress, psychosocial problem disclosure, somatically presenting psychologically distressed primary care patients, 22146
physicians' participatory decision-making styles, male vs female Black vs White vs other race/ethnicity groups 18–65 yr old patients & physicians, 31760
physicians' recommendation of & women's compliance with medication use for osteoporosis treatments following testing, 23–83 yr old female outpatients, 28591
practitioner & researcher & sex conflict dilemmas inherent in research design in which family physicians interviewed their own female patients, female practitioners , 22943
prevention of further sibling incest through time limited group therapy & multimodal interventions with families & therapeutic processes, 9–15 yr old males, 2 mo follow up, 5553
principles & application of strengths-based approach, social work practice with mentally retarded clients & their families, 15544
professional role & boundary violations with postdischarge social contact between 31-yr old female with history of inpatient treatment for depressive illness & psychiatric nurse, 6073
provider patient-centered communication style during emergency care, parent satisfaction & child & parent participation, 4–9 yr olds with asthma & their parents, 2657
psychodynamics & its relations to patient narrative & intentional vs nonintentional causality in psychiatry, 2135
psychological theories & overview of genetic aspects in reproductive health counseling, couples with reproductive issues & oocyte donor, 25272
quantity & quality & relation & manner as maxims for cooperation in doctor–patient interviews in clinics, China, 31936
reliability & construct & predictive validity of Trust in Physician Scale, patients of primary care physicians, 22907
reliability & construct validity of Helper's Perception Measure, assessment of benefits & stressors of community maternal health volunteer role, low income female 20–43 yr olds, 25673
role of interaction of patient & clinician beliefs in efficacy of healing process in placebo effect in pharmacological & psychological treatment, 34746
role of values in psychology & therapy & recommendation to better integrate science & art & morality, 19134
satisfaction with & expectations & desires in patient relationships with physicians, Hong Kong, 31806
self-reported pain vs medical caregiver rating of exhibited pain, pregnant Jewish vs Bedouin women during labor & after delivery, 31900
sequencing & topic development & diagnostic information as asymmetry & phatic communication as mitigation strategy in medical interviews in outpatient clinic, doctors & 23–76 yr old patients, China, 31934
sex & ethnicity & traditional question & response activity vs partnership building in family-oriented physician communications, 2nd & 3rd yr residents & patients, 28613
shared decision making, life-threatening illness & treatment options, physicians & patients, 38397
social & pharmacologic & psychological factors in long-term treatment, adult male with schizophrenia, 9004
solicitation of patient's agenda of concerns in primary care office in patient–physician interviews, family physicians, 15384
solicitation of patient's agenda of concerns in primary care office in patient-physician interviews, family physicians, commentary, 38365
solicitation of patient's agenda of concerns in primary care office in patient–physician interviews, family physicians, commentary reply, 38367
spiritual well-being & perceived barriers to discussing spiritual issues with patients, family physicians, 12610
standardized patient curriculum designed to teach discussion skills regarding advance directives, perception of difficulty & performance of advance directive discussion skills, 3rd yr medical students, 28840
standardized patient evaluation of English language proficiency, 17–31 yr old 2nd yr medical student undergraduates, Australia, 28836
termination discussion, counselor's social influence rating, 16–50 yr old clients, 31436
theoretical models & techniques for promotion of active lifestyle in sedentary patients, physicians as agents of behavior change, 5807
theories & research in explanation of illness, pediatric patients, implications for health practitioners, 22073
theory of flow & optimal experiences for facilitation of optimal performance in occupational therapy, 19104
therapeutic alliance & therapeutic process, patient & therapist ratings, patients with mental illness (mean age 25 yrs), 34815
therapeutic application of Pictorial Representation of Illness & Self Measure to measure burden of suffering & facilitate clinician-patient communication & monitor changes with treatment, patients, 26202
therapeutic processes & professional attitudes in coping with boundary & termination issues, social caseworkers performing family preservation treatment, 32122
therapy termination & therapeutic processes, adolescent development & attachment & separation anxiety & emotional trauma, 9 yr old male with emotional disturbance & grieving loss of parent or other, 31418
touching of patients, skilled nurses in elderly nursing care, 9133
training & perspectives on delivering bad news, medical students & residents, 2759
transcript analysis of provider communication & dominance in interactions & client participation in family planning counseling, 25–34 yr old female clients, Kenya, 15482
treatment alliance & family functioning & treatment adherence & medical outcome, 10.8–18.5 yr olds with severe chronic asthma, 1 yr followup, 28597
treatment process and outcome, Type A vs Type B adults (mean age 35.6 yrs) in 12-Step oriented substance abuse treatment, 12-mo study, 9246
use of coercion in psychiatric care & conflicts with patients & nursing staff & legal & ethical demands & need for reflection & support, 27–52 yr old physicians & assistant physicians, 35186
use of counseling relationship to change thoughts & feelings & actions & other relationships & earn opportunities for further guidance services, students with conduct disorder & school counselors, 25829
use of electronic communication in patient–physician relationship, sociohistorical & legal & ethical implications, 2803
use of simulated patients who are nonverbal due to cerebral palsy, comfort & self-perceived skill & rational vs intuitive style in working with patient, medical students, 2749
validity & reliability & feasibility of videotape method for assessment of communicative skills & medical performance during patient consultations, general practitioners, 28894
verbal & nonverbal dialogue between therapist & client & visual image, art therapy, 28555
workshops on trust-building behaviors, patients' levels of trust & outcomes of care, physicians, 6 mo followup, 15760

Threat—Serials
adult attachment style & posttraumatic & psychiatric symptomatology in extreme life-endangering conditions, 18–52 yr old Jewish settlers, Israel, 30572
age & rank & demographic characteristics, threats & proximity relations, highland ponies, 3757
alcohol & cognitive demands, reactions to threat, college students, 1198
anxiety sensitivity & threat-related cognitive biases, college students, panic disorder premorbidity implications, 13297
appraisal of emotional stimuli in threatening vs nonthreatening positive vs negative emotional contexts, participants, test of model of repression, 14358
assertiveness, threat & challenge reactions to potential stress, undergraduate women, 20952
biopsychosocial approach to social "facilitation" as challenge or threat patterns & cardiovascular responses, college students, 26702
cognitive avoidance of threatening information, panic disorder patients (mean age 32.9 yrs), 34219
cognitive model for selective processing of & attention to threat in anxiety, 7921
cognitive processing bias towards threatening information & spider fear, children aged 8–12, 37403
color-naming latencies for words representing social & physical threats, adults with social phobia vs panic disorder, 27734
coping behavior & marital quality, married couples living under threat of forced relocation, Golan Heights, 17491
cued recognition & recall for mildly threatening vs pleasant vs neutral words in repressors & non-repressors, 27–58 yr olds, 10179
evil & sadism & sensational thrills & threatened egotism, 37441
implicit & explicit memory for threat & anxiety words, high- vs low-anxiety-sensitive undergraduates in high vs low arousal condition, 16652
information processing biases toward medical & disgust-threat stimuli, participants with blood-injection-injury phobia, 14621
model of & principles & guidelines for threat assessment approach to evaluation of risk of targeted violence, 34253
mood-congruent memory bias in perceptual implicit memory tasks for threat-related information, low vs high trait anxiety Ss, 26447
mortality salience & raising self esteem & reactions to cultural worldview threats, college students , 37145
perceived threat & fear of nuclear war at 1 mo vs immediately prior to onset of Persian Gulf War, 14–20 yr olds, 953
perceived threat in male–male competition & nest preferences, male upland bully fish, 3708
perceptions of threat, racialised discourses, 35–45 yr old coloureds in post-apartheid South Africa, 7656
preattentive bias for emotional information, reaction to subliminal & supraliminal panic-related & threatening & neutral words, Ss with panic disorder with agoraphobia, 21179
priming & pleasantness ratings of threatening vs nonthreatening words & implicit & explicit memory & mood state, 18–50 yr old females, implications for perceptual representation system, 3536
proximity & threats & dangerousness & violence, intimate vs non-intimate relationship stalkers & victims, 34411
psychological impact including PTSD symptoms of nuclear waste disaster involving ongoing threat of radioactive contamination, exposed vs nonexposed male vs female 7–15 yr olds & their parents, 17936
psychopolitical factors of exposure to political life events & impact assigned to experienced events & perception of threat, psychological adjustment, 12–13 yr olds, Israel, 10738
quality of threatening life events vs individual differences, variations in PTSD & other posttraumatic conditions & relation to DSM-IV model, 11458
relationships among salivary testosterone & mood & selective attention to threat, healthy men vs women (mean age 22 yrs), 29945
self-image threatening feedback, activation of stereotypes in presence of Asian or African American target, college students, 1265
self-threat model & moderators affecting self-serving bias, 11195
social & economic & political threat, membership in authoritarian vs nonauthoritarian churches, 10951
threat perception in dating situations & sexual victimization history, female college students , 30916
threat vs control-override psychotic symptoms in association between mental illness & violence, 24–33 yr olds, 8006
threat-related emotional states, bias toward short-term thinking, college students, 6849
threatened offspring & predators, transgenerational induction of defenses, animals & plants, 33091
threatened sense of individual vs collective self representation, perceived threats and mood, adults, 11152
victim–perpetrator relationship & perpetrator's use of force & threats & drugs in committing rape, female rape survivors, 21231
visual avoidance of threat-relevant pictorial stimuli, spider phobic & blood-injection-injury phobic undergraduates, 1657
Threat—Chapters
Anxiety sensitivity and information-processing biases for threat, 11488
Asking questions about threatening topics: A selective overview, 36112
Commitment and the context of social perception, 30477
The context and content of social identity threat, 30471
What you don't know can hurt you: A cognitive-social framework for understanding children's responses to stress, 21019
Threat Postures—Serials
cocaine hydrochloride, avoidance/escape & flight & freezing & defensive behaviors in response to threat from conspecifics, male rats, animal model, 33418

serotonin agonist 8-OH-DPAT vs quipazine vs meta-chlorophenylbiguanide, territorial aggression & displays of aggressive coloring/posture, Anolis carolinensis, 652
Threshold Determination—Serials
Bayesian adaptive method of estimation of psychometric threshold & slope functions, application to visual contrast detection, 22829
best threshold variation of the General Health Questionnaire, WHO study data collected from 18+ yr old patients in 15 different cities, 3311
computer simulation of optimal data placement & psychometric function estimation for psychophysiological stimuli, 36120
human judgment of load heaviness modeled in cognitive engineering approach to setting limits in manual lifting tasks, 12951
human- vs computer-adjusted warning thresholds, 18–28 yr olds in simulated driving task, 16223
mathematical model of visual contrast detection as eigenvalue problem, assessment of contrast detection thresholds, trained Os, 36179
measurement of ability in & thresholds & mechanisms for discrimination of fine surface textures in tactile sensation, humans, 16459
Thresholds [See Also Auditory Thresholds, Olfactory Thresholds, Pain Thresholds, Sensory Adaptation, Vibrotactile Thresholds, Visual Thresholds]—Serials
chorda tympani nerve transection vs amiloride added to KCl concentrations & water, KCl taste detection threshold, rats , 10375
duration discrimination thresholds of silent interval between 2 successive tones, Japanese monkeys, 33341
follicular & luteal menstrual cycle phases & taste solution palatability & gustatory thresholds measured at chorda tympani & glossopharyngeal nerves, 21–40 yr old females, 20057
influence of melatonin on protective action of conventional anti-epileptic drugs against maximal electroshock-induced seizures, female mice, implications for epilepsy treatment, 17026
naltrexone, sweet & salty & sour & bitter taste detection & recognition thresholds & perception of & preference for sucrose, 28–56 yr old females, 17021
power of individual anaerobic threshold & other physiological parameters to predict performance in competition distances, long distance runners, 606
quantal timing & conditions for disappearance of long-range apparent movement & critical interstimulus intervals of downward simultaneity threshold, stimuli presented in continuous alternation, adults, 23029
relationship between vestibular sensitivity & vection chronometry along vertical spinal axis, 22–47 yr olds, 23010
somesthetic temporal discrimination thresholds, 21–58 yr olds with idiopathic dystonia, 24728
tactile stimuli & thresholds for visual sensations, acquired synesthesia, 42-yr-old male patient who developed retinitis pigmentosa in childhood & progressively lost his vision at 40 yrs, 34698
taste difference thresholds for sucrose, frugivorous spider monkeys vs omnivorous baboons, 20003
word frequency thresholds & effects of inflected whole word vs stem-cluster morphological components in representation & storage, college students, 29559
Thromboses—Serials
clozapine, deep vein thrombosis & pulmonary embolus, 71-yr-old female with chronic paranoid schizophrenia, 21916
cluster headache-like attack as symptom of unilateral infarction of cervical cord & persistent anaesthesia & dysesthesia to cold stimuli, 54 yr old male with mild hypertension & migraine, 14985
platelet intracellular calcium response to serotonin & thrombin, 18–65 yr old patients with panic disorder, 14618
Thumbsucking—Serials
brief functional analysis of & evaluation of effectiveness of simplified habit reversal treatment for thumb sucking, 5.6 yr old fraternal twin brothers, 34878
Thymoleptic Drugs [See Tranquilizing Drugs]
Thyroid Disorders [See Also Hyperthyroidism, Hypothyroidism]—Serials
characterization of metabolite profile in right prefrontal cortex using proton magnetic-resonance spectroscopy, 17–47 yr old patients with Graves' disease, 5193
cognitive & affective disorders & thyroid functions, over 70 yr olds, 8070
gabapentin, thyroiditis, female 28 yr old with bipolar II disorder, 12171
postpartum psychosis associated with postpartum thyroiditis, 29 yr old female, 4839
Thyroid Extract [See Thyroid Hormones]
Thyroid Gland—Serials
cognitive & affective disorders & thyroid functions, over 70 yr olds, 8070
lithium maintenance therapy & age & family history of thyroid illness, thyroid & parathyroid function & hypothyroidism, male vs female patients with bipolar disorder, followup study, 21915
Thyroid Hormones [See Also Thyroxine, Triiodothyronine]—Serials
cognitive & affective disorders & thyroid functions, over 70 yr olds, 8070
CSF concentrations of transthyretin, adults (mean age 34.8 yrs) with major depression, 21111
footshock stress, brain thyroid hormones, male vs female rats, 13664
interaction in auditory evoked brain stem & pituitary-thyroid axis receptor responses, thyroid hormone receptor beta vs retinoid X receptor genotype deficient mice, 434
lithium, regulation of gene expression of thyroid hormone receptor isoforms in brain, euthyroid male rats, 20296
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, 14630
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, commentary, 14619
thyroid hormone functioning, cognition, healthy euthyroid older males, 17414
Thyroid Stimulating Hormone [See Thyrotropin]
Thyrotropic Hormone [See Thyrotropin]
Thyrotropin—Serials
CSF thyrotropin-releasing hormone, male vs female patients (mean age 39.8 yrs) with depression, implications for neurobiology & treatment of depression, 30663
ECS, stress responses in forced swim test & prepro-thyrotropin releasing hormone-derived peptides in brain regions, male rats , 13577
threshold vs suprathreshold ECS, antidepressant effects & limbic increases in thyrotropin-releasing hormone & other peptides, male rats, 10654
TSH response to TRH, patients with panic disorder, 11479
Thyroxine—Serials
high-dose thyroxine augmentation, 21–68 yr old outpatients with treatment resistant depression, 8-wk study, 15337
Tibet—Serials
medieval Tibetan Buddhist dream practices as religious & philosophical connection between body & consciousness, 17461
methodological & metatheoretical analyses of Tibetan polyandry, 1039
Tic Douloureux [See Trigeminal Neuralgia]
Tics—Serials
[I-123]beta-CIT SPECT correlates of vocal tic severity, 18–51 yr olds with Tourette's syndrome, 2032
ability to initiate vs suppress automated & complex responses in traffic light task, patients with tic disorder, 28040
baclofen/botolinum toxin type A, motor & vocal tics, 6–18 yr olds with Tourette syndrome, 25302
citalopram vs fluvoxamine, motor & vocal tic symptomatology, 6–14 yr olds with Tourette's disorder, 15277
clonidine with vs without psychostimulants, electrocardiogram variability, 4–16 yr olds with attention deficit/hyperactivity or tic disorder, 34989
comorbid tic disorders, disorder course & outcome, 6–17 yr old males with ADHD, 4-yr follow-up, 34441
etiology of & issues in infection-triggered pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection, children & adolescents, 4842
family history of Tourette's syndrome, unilineal vs bilineal transmission of tics & obsessive compulsive behavior, 3–20 yr olds with Tourette's syndrome, 11915
meta-chlorophenylpiperazine, tics & obsessive & compulsive & impulsive behavior, 21–65 yr olds with Gilles de la Tourette syndrome, 31625
methylphenidate, behavior & frequency & severity of motor or vocal tics, 6–11 yr olds with ADHD & chronic motor tic or Tourette disorder, 2 yr study, 18484
methylphenidate, behavior & frequency & severity of motor or vocal tics, 6–11 yr olds with ADHD & chronic motor tic or Tourette disorder, 2 yr study, commentary, 18477
parent- & teacher-reported internalizing & externalizing symptoms, male 6–12 yr olds with ADHD with vs without comorbid chronic tic disorder, 27485
systemic quinolinic acid vs 3-hydroxyanthranilic acid, inhibition of DOI-induced head shakes, male mice, implications for role of metabolites in kynurenine pathway, 36569
temporal dynamics of tics, 8–49 yr olds with Gilles de la Tourette syndrome, 8510
typical clinical doses of methylphenidate, development of tics or exacerbation of preexisting mild to moderate tics, K–6th graders with ADHD, 1 yr study, 31667
Tics—Chapters
Tic disorders and stereotypic movement disorders, 18025
Tic disorders, 12010
Time [See Also Interresponse Time]—Serials
1 vs 7 day test interval, changes in memory, male rats with hypothermia-induced amnesia, 501
ability of visual system to integrate biological motion over space & time & comparison with simple translational motion, 173
age & temperature & time, photoresponse assessed by taste & olfaction & vision & locomotion through food source, wild-type Drosophila larvae vs line unresponsive to light, 582
age & testing at preferred vs nonpreferred times, false memories in free recall, 18–25 vs 60–90 yr olds, 6908
age & time period effects & alcohol consumption & problem drinking, 5 birth cohorts of 46–72 yr old males, 18-yr study, 8360
age & year of birth, time trends in suicide mortality rates, males & females over age 10, Lithuania, 1970–1995, 27786
aging & time restoration, recall of time-compressed speech, 61–84 yr olds , 30267
alcohol consumption profile & variations over time, 40 yr old males, 5 yr study, 11081
application of extended generalized context model for categorization of partial objects during time pressure, Os, 26399
attention & timing, pigeons, implications for attentional models of timing in humans, 16765
binaural vs monaural auditory filter bandwidths & time constants with noise masker variations, probe tone detection, normal-hearing 24–30 yr olds, 192
blood & tissue concentrations of L-lactate & glucose & glycogen as indicators of metabolic debt, fighting time, male shore crabs in hypoxic vs normoxic water conditions, 13473
callosal transfer in frequency bands of visual evoked potentials to lateralized reversal of checkerboard pattern stimuli, 19–30 yr olds, 36443
changes in time interval, dynamics of behavioral transitions, European starlings, 16771
choice between & preferences for unequal temporal reward sequences, male rats, test of parallel time discounting model , 16748
chronic low dose diisopropylfluorophosphate, time course of sleep/wake cycle changes & cholinergic inhibition in pontomesencephalic tegmentum, male rats, 36548
cohesion over time in development phases of United Nations peacekeeping operation in former Yugoslavia, US Army medical task force personnel, 6 mo study, 17560
concurrent performance on random time interval generation task & memory task, adults, 6874
cosmophysical effects 1 or 2 mo prior to suicide, monthly suicide rates in Israel, 1981–89, 30848
development & understanding of recent past vs present events, 3–5 yr olds, 36758
diagnosis & economic conditions & spatial & time-related distance, mental health emergency service use, 1st contact psychiatric patients, 2646
dialogue constraints in home banking application, overall transaction time, models, 12947
disorder familiarity & time preferences & money, treatment decision making, 18–78 yr old migraine headache & Crohn's disease patients, 11964
divided attention & time course, automatic & consciously controlled components of memory, young (mean age 20 yrs) vs old (mean age 73 yrs) adults, 19864
dose & time dependent effects of ethanol administration on testicular antioxidant system, male rats, 30054
duration of assessment sessions, functional analysis outcomes, adults with mental retardation referred for assessment & treatment of self-injurious or aggressive behavior, 22960
dynamic properties aligned with temporal interactions of stress & coping & related variables, 20928
effect of time pressure on choice deferral, college students, 16201
endowment & ownership effects, estimated monetary value of one's own working time vs that of others, 18–57 yr olds, 33921
ERP study of meaning & structure & time in language vs music processing, semantic & syntactic & prosodic & harmonic & melodic & rhythmic organization, 535
establishment of drinking age laws & long-term change in alcohol use & impaired driving behaviors, 16–24 yr olds, 14-yr study, 3222
expertise level & processing time, case recall & diagnostic accuracy, internists vs 2nd vs 4th vs 6th yr medical students, 3600
exposure to intermittent glare & driving time, performance in driving simulator, 31–53 yr old experienced male truck drivers, 35774
extracting regularities from external environment & time & space through prediction learning, mobile navigating robot, 32477
group size & predation risk, time allocated to social & nonsocial activities, adult female tammar wallabies, 33098

hippocampectomy, development & recovery of conditioned reflex to time, rats with vs without initial training, 528
impact of different time frames in asking about drinking, clinical vs general populations, 24544
increase in delay between study & test, shift in memory from recency to primacy, college students, 10197
initial preferences & time pressure, group decision making, college student triads, 37066
learning to time vs scalar expectancy theory explanations of discrimination learning in temporal tasks, pigeons, 23207
legibility & speed of handwriting, 4th & 5th vs 7th & 8th grade students exposed to traditional vs whole-language instruction, 28936
life-historical approach to patterned-cyclical & ordinary-linear forms of time-consciousness in text & temporality, Australian Aborigines vs Euro-Australians, 23838
longevity of homelessness, strategies of identity maintenance, shelter users, 27120
model of time-to-contact between 2 objects for a spectator & its time derivative, 6752
modeling log-transformed frequency distributions of interval lengths between feeding bouts, cows in various dieting conditions, 16413
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of the self & personhood, 7274
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7277
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7275
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7278
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7276
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary reply, 7273
naming of calendar months & days, development of calendar calculation, 8- & 10-yr-old children vs college students, China vs US , 26985
neuroimaging analysis of separating learning related changes from nonspecific time effects, 22–29 yr olds, 20131
normal physical time parameters to investigate animal behavior & its neuronal correlates, 3637
pace of life & social-psychological & community characteristics in large cities, 31 countries, 10956
patterns of time transfers from middle-aged adult children to their elderly parents, Whites vs Blacks vs Hispanics, 14157
performance on time-based prospective memory task assessing ability to carry out future intention at specified time, depressed vs nondepressed adults, 21105
presentation conditions, persistence over time & specificity over spatial frequency of McCollough effect & contingent after-effect & stimulus discrimination, pigeons, 33065
prevalence & patterns & magnitude & changes over time of sex differences in indicators of ill health, 25+ yr olds, 8 yr study, 14404
prevalence of insomnia & hypersomnia & stability of sleep complaints over time & effects of age & other risk factors on sleep, 50–80+yr olds, 14915
prior category knowledge & waiting time search costs, computer searching, high vs low knowledge female consumers, 32427
processing of sentence syntax or sequence information, patients with lesions in Broca's area &/vs prefrontal cortex, 8672
qualitative research & time & temporal factors, 9998
real-time model of temporal encoding of fear conditioning in lateral amygdala & perirhinal cortex, rats, 19507
relative & mathematical time orientations, African vs European American college students, 11232
repeated exercises of self-control & relation to self-regulatory strength over time, college students, 2 wk study, 29959
retention interval vs intertrial interval houselight illumination condition, choose-short effect, pigeons, 354
role of individual differences in cognitive expectancies & coping in time course of psychoendocrine & psychophysiologic & psychoimmune stress responses & implications for health, 13661
seasonal & temporal fluctuations, attempted suicides, 15+ yr old males vs females, 1990–92, Europe, 17997
sex, feelings at time of personal loss & length & completeness of recovery, 55–85+ yr old survivors, 17402
shifting power distributions among contending domestic groups, dynamics of democratic transitions, Latin American countries, 1950–1990, 14186
short interfood intervals, temporal control, pigeons, 16773
social rank, timing & distance of dispersal behavior, juvenile western screech owls , 16799
social roles & position & health, 20–59 yr old females, 1984–85 vs 1993, 14189
source credibility & time delay, memory suggestibility, undergraduates, 295
stability of preferences for use of life-sustaining treatment in conditions of severe chronic illness, 70–90+ yr olds, Israel, 35079
subjective time experience & its influence on psychoanalytic training, 9321
tapping time in lumbar puncture for CSF, male pathological gamblers, 8283
temporal characteristics of pre-evaluation interval length & stage, evaluation anxiety, 17–37 yr old undergraduates, methodological implications, 24042
temporal course & stability & determinants of therapist competence in short-term anxiety-provoking psychotherapy, 23–42 yr old patients with anxiety disorders, 38038
temporal dynamics of tics, 8–49 yr olds with Gilles de la Tourette syndrome, 8510
temporal patterns of distress, Russian immigrants to Israel (mean age 40.7 yrs), 5 yr study, 30517
time budget, feeding tactics & foraging behavior & activity level, male vs female European polecats, 33128
time course & extent of attentional shifts associated with compensatory balancing reactions, 21–27 yr olds, 36204
time course in attentional focusing to adjust to object in visual field, college students, 6761
time course of grammatical & phonological processes during noun phrase production in Dutch, 19–29 yr olds, 36678
time course of word identification & semantic integration in ERPS, 18–39 yr olds, 10150
time delay & requester, compliance rates in foot-in-the-door technique, college students, 11107
time of day & age, cognitive performance, 20–78 yr olds, 10083
time of day & temperature & humidity, mother–infant interaction, Japanese macaques, 3761
time pressure & novelty in task presentation, routine maintenance vs deviation in decision making task, college students, 6837
time pressure & training in expert system, time constrained & rule based decision making in emergency management of chemical spills, college students, 6439
time sensitivity & purpose in life & contrasting theoretical perspectives of Myers-Briggs & Victor Frankl, 18–30 yr olds, 3297
time series analysis of general arousal & mood & headache activity, 21–52 yr olds with headaches, 18249
time, nonmonotonic changes in context shift effect, male albino Hilltop rats, 3722
timing of post test vs novel environment exposure after training, short vs long term memory, rats, 33072
timing processes & choice behavior in concurrent chains, pigeons, 16759
timing processes & correlations for timing consistency during continuous tapping & drawing tasks, 18–25 yr olds, 32893
trust & time, apprehension & fear & temptation & greed, implications for cooperation in social relationships, 11086
type I error probability & response trends & power achieved by regression of repeated measures across a normalized time domain, 26269
use of local cues & crop distension as indicators of appropriate timing for comb construction, honeybees, 3749
ward routines & time patterns of staff injuries from patient–staff incidents, psychiatric hospital acute ward patients & staff members, 38572
within-trial reinforcement on timing behavior, rats, 16767

Time [See Also Interresponse Time]—Books

The changing transition to adulthood: Leaving and returning home, 30145
Quintessence...realizing the archaic future: A radical elemental feminist manifesto, 4667
A watched pot: How we experience time, 13179

Time [See Also Interresponse Time]—Chapters

The attentional blink: A front-end mechanism for fleeting memories, 26430
Generalized motor programs and units of action in bimanual coordination, 3528
Physical aggression and the longitudinal course of newlywed marriage, 34322
Time and the global: Against the homogeneous, empty communities in contemporary social theory, 14117

Time Estimation—Serials

arousal & time estimation & use, 13 yr olds with attention disorder, 37643
attention in temporal processing & electrophysiological activity of cortex, human Ss, 16456
categorization of action words used to describe robbery & individual differences in event duration estimates, college students, implications for eyewitness testimony , 19842
developmental differences in time duration judgments, children vs adolescents vs adults, 10727
difficulty level interference between order information & short term memory & time estimation, adults, 10189
dose & time dependent effects of ethanol ingestion on antioxidant system & lipid peroxidation in plasma, rats, 13812
interactions among variables of type of time estimation & length of list & presentation rate/interstimulus interval, time estimations after short term memory filler, college students, 29477
interval timing performance, adult patients with temporal lobe epilepsy with left vs right hemisphere foci , 31333
model of temporal accumulator as internal timer & involvement of cerebral structures & neurotransmitters in timing brief durations, 488
relationship of Type A behavior pattern & visual imaginary time estimation ability, 18–34 yr olds, 4776
requirements for memory search & phonological vs spatial resources, processing temporal information in interval production with concurrent nontemporal task, 20–30 yr olds, 29597
role of internal clock to pace transmissions of information from one stage to next using additive factors method in RT task, 22–29 yr olds , 16571
self-report of time management practices & time estimation of expected duration & retrospective & prospective tasks, 18–65 yr olds, 32778
task complexity, judgments of duration, 18–32 vs 63–83 yr olds, 19803
temporal information processing model of animal timing & role of neurotransmitter systems & cerebral activations in humans & dynamic dimension of models, 511
theory of interceptive timing, 19705
time estimation assessed by temporal generalization & bisection tasks, 5–99 yr olds, 23658
variability & duration of explicit counting strategy during time-intervals discrimination task, 16–45 yr olds, 26392
visual stimulus discriminability, stimulus preceding negativities prior to instructive & feedback auditory stimuli in time estimation tasks, 21–25 yr old right-handed male volunteers, 19695

Time Limited Psychotherapy [See Brief Psychotherapy]

Time Management—Serials

arousal & time estimation & use, 13 yr olds with attention disorder, 37643
congruence between preferred & experienced work-unit polychronicity & higher levels of organizational commitment & perceptions concerning performance evaluation, employed business school graduates, 12883
educational intervention for learning about self & volition & consultation & time & stress management, academic & nonacademic achievement, gifted underachievers, Singapore, 29044
empirical demonstration of Parkinson's first law, college students, 16569
perception of learning difficulty of task, item selection vs increase of self-regulated study time, undergraduates, 25784
politics of time in multitrack year-round inner-city elementary school, elementary school students & parents & teachers & administrators & community workers , 9386
predictive validity of Basic Language Morningness Scale measured by morning vs night study time, college students, 36022
relationship between time structure & purpose & Type A behavior & Protestant work ethic, employees, 16121
relative & mathematical time orientations, African vs European American college students, 11232
repetition for constructive & destructive ends associated with death instinct & repetition compulsion as methods of time wasting in analysis, 31582
self-report of time management practices & time estimation of expected duration & retrospective & prospective tasks, 18–65 yr olds, 32778
time allocation, educational psychologists, 32082
time management & perceived control of time & work–family conflict & strain outcomes of job dissatisfaction & health complaints, 19–74 yr old workers, 9617
time use & activity level & age, male vs female 70–103 yr olds, 36892

Time Management—Books

The couple and family clinical documentation sourcebook: A comprehensive collection of mental health practice forms, handouts, and records, 12104

Time On Task—Serials

actual number vs accuracy in reported total hours provided by psychology internships, 25596

aging, time- & event-based prospective memory & cognitive load during on-going concurrent activities, 18–22 vs 55–81 yr olds, 23809
complexity & cycle time of new product development projects, cycle time reduction strategies, large multinational vs small company project leaders, 32351
comprehension vs time spent reading single words vs different types of texts, 9-yr-old visually impaired vs sighted readers, 24878
group size & task persistence time, brainstorming performance, individuals vs dyads vs 4- vs 6-person groups , 11127
mild vs severe vs no time limitations, reading comprehension & motivation, college freshmen, 13314
natural goals & operators & methods & selection rules Language for Assembly model, prediction of assembly time, 18–32 yr old males who assembled pseudo-printed circuit boards, 13252
on-task behavior & completion of school work, K–12th graders, 19299
preparation time, narrative length & mean length of communication unit, 3rd vs 8th graders vs college students, 4433
task effects & coping with critical traffic situations, fatigue symptoms in long-term night driving, drivers, 22749
task models & keystroke-level time-on-task estimates of programmer cognitive preparation & behavior & for comparing usability of text- vs visually-based programming languages, graduate students, 29613
time structure of goal directed bimanual coordination, 18–62 yr olds, 32891
trial duration & cocaine dose & genetic differences in sensitivity to & rewarding effect of cocaine, cocaine-induced conditioned place preference, C57BL/6J vs DBA/2J male mice, 36543

Time Out—Serials

guide for use of time-out in preschool & elementary classrooms, 12713
resistance to extinction of lever pressing maintained by timeout from avoidance, rats, 10268
standardized vs modified time out procedures, mothers of 4–8 yr old boys with noncompliant or defiant behavior , 11034
use of simple timeout records as part of treatment planning & implementation & evaluation, noncompliant 8 yr old boy & his parents, 25066

Time Perception [See Also Time Estimation]—Serials

age, working memory for event duration, 6–24 mo old rats, 29691
aging & duration judgments, meta-analysis, 7592
aging & time restoration, recall of time-compressed speech, 61–84 yr olds , 30267
attention & temporal judgment, 18–24 vs 60–70 yr olds, 10233
attention in temporal processing & electrophysiological activity of cortex, human Ss, 16456
auditory stimulus duration & intertrial interval, linearity of time sensitivity, male rats, 6964
correlation between personality type & time orientation, adults, 7879
degree of learning or familiarity, retrospective vs predictive estimates of task duration, undergraduates, 221
delta-9-tetrahydrocannabinol, cerebellar & cortical blood flow & time sense, adults, 4210
development of measurement of amnesia in terms of temporal continuity, 31–58 yr olds with encephalitis or meningioencephalitis or aneurysm rupture, 8 wk study, 9912
divided attention, temporal processing, adult patients with lesions in cerebellum vs prefrontal cortex, 8614
empirical demonstration of Parkinson's first law, college students, 16569
familiar context, ability to produce target duration, 3–5.5 yr olds, 17247
forward masking as measure of temporal & spatial interactions, speech-recognition skills, cochlear-implant Ss , 13244
individual experiences & development of senses of time & temporal rhythms of interaction with therapist & relation to nature & quality of lived feelings, psychotherapy patients , 12050
lestons to cerebellar vermis vs hemispheres, numerical & temporal discrimination, rats, 10394
life-historical approach to patterned-cyclical & ordinary-linear forms of time-consciousness in text & temporality, Australian Aborigines vs Euro-Australians, 23838
manipulation of pacemaker of hypothesized internal clock, undergraduates, 23435
mathematical modeling of internal oscillations of attending to events with complex rhythms in theory of attentional dynamics, college students, 10230
memory decay process in gap timing in neural network Spectral Timing Model & Scalar Expectancy Theory, animals, 16760
model of physiological mechanisms used for recognition/coding of slow temporal patterns, 33208
monaural vs binaural temporal processing, normal-hearing 20–30 vs 65–75 yr olds, 198
musical complexity, waiting time, college students, 9707
neural network model of timing in Pavlovian conditioning & occasion setting , 16749
perceptual structure & detection of deviations from metronomic timing in music, adults, 19783
phenomenological approach to study of first-person experience of present time consciousness in human temporality, 16723
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16707
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, commentary, 34525
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, 8482
prefrontal brain activity rated to temporal delay & relation to temporal bridging & timing movement, 7086
psychoanalytic perspective on development of normal or intrapsychic or subjective experience of time sense, 11260
role of subcortical visual attentional processing under exogenous & endogenous cueing conditions in temporal order judgment paradigm, 16–26 yr olds, 19763
SCRIPTKELL computer-assisted tool for measurement of cognitive effort & time processing in writing & other complex cognitive activities, 13302
self-report of time management practices & time estimation of expected duration & retrospective & prospective tasks, 18–65 yr olds, 32778
sense of time in temporo-septal engram shift computer model of hippocampal memory, 33226
socioemotional selectivity theory & impact of time on acquisition of knowledge vs regulation of emotion & selection & pursuit of social goals, 20–83 yr olds, 11149
somesthetic temporal discrimination thresholds, 21–58 yr olds with idiopathic dystonia, 24728
temporal generalization of acoustic stimuli, 19–27 yr old trained musicians vs male zebra finches, test of scalar timing theory & connectionist model of brief auditory events, 10258
temporal information processing of durations in range of seconds vs milliseconds, male vs female undergraduates, 219
theory of interceptive timing, 19705
time estimation assessed by temporal generalization & bisection tasks, 5–99 yr olds, 23658
time perception & temporal memory for empty intramodal intervals, pigeons, 23214
time perception assessed by auditory stimulus & working memory task duration & attention & discrimination, 36–81 yr olds with focal vs unilateral neocerebellar vs prefrontal lesions, 5375
time structure & perception, boredom proneness, US vs Irish college students, 17692
type of music vs continuing messages played to callers, actual vs estimated on-hold waiting time & ratings of on-hold stimuli, callers to telephone survey line, 10008
variance & memory & decision processes in scalar timing theory, 16462

Time Perception [See Also Time Estimation]—Books

A watched pot: How we experience time, 13179

Time Perception [See Also Time Estimation]—Chapters

It's a matter of time: The significance of the women's market in consumption, 29187
Rhythm and timing in music, 799
Temporality, storage, legibility: Freud, Marey, and the cinema, 26886

Time Perspective—Serials

associative theory for prediction of past date & past price estimation, humans, application of computer simulation data, 16590
design & confirmatory analysis of facet designed future-time perspective questionnaire, 26108
development of episodic memory & temporal understanding in children at different developmental stages, 10785
developmental differences in time duration judgments, children vs adolescents vs adults, 10727
experiences that give rise to development of distortions in time perception, foster care & adopted children in psychoanalytic psychotherapy , 15238
mood, prospective &/vs retrospective memory, college students, 10192
phenomenology & time consciousness & perception of other's body vs intention, implications for infant & child development, 13861
present vs future time perspective, self-reported alcohol & drug & tobacco use, 14–67 yr olds, 27256
relative & mathematical time orientations, African vs European American college students, 11232
time sensitivity & purpose in life & contrasting theoretical perspectives of Myers-Briggs & Victor Frankl, 18–30 yr olds, 3297
time structure & perception, boredom proneness, US vs Irish college students, 17692

Time Perspective—Books

Conceptual coordination: How the mind orders experience in time, 32933
A watched pot: How we experience time, 13179

Time Perspective—Chapters

Commentary, 29181
It's a matter of time: The significance of the women's market in consumption, 29187
The role of time in the setting of social goals across the life span, 33943
Temporal representation and event dating, 36102
Temporality, storage, legibility: Freud, Marey, and the cinema, 26886
Time and place codes: Chronemics and the environment, 10016

Time Series—Serials

applications of process models in assessment psychology, 6551
cusp catastrophe model fitted to time series of kill dates & existence of cyclical components in temporal kill patterns, serial murderers, 21369
feasibility & validity of time-series design in assessment of teaching effectiveness & students' learning progress, beginning vs experienced chemistry teachers & their grade 8 low- vs high-achievers, 25796
fitting ARMA time series model as structural equations model using lagged data, commentary, 13027
flexible logit regression approach that allows regression of latent states occupied at various points in time on time-constant & time-varying covariates, secondary school pupils' interest in physics, 26274
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26709
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, 26712
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26725
market share & media advertising & promotion & product pricing, 3 competing sales firms, application of multiple time series analysis based on autoregressive moving average, 3181
one parameter item response theory model with normal item characteristic curves for modeling of change, 26272
pseudo maximum likelihood & asymptotically distribution free analysis parameter estimation of dynamic factor model parameters from multivariate time series, 6711
reliability of spatial embedding estimated correlation dimension from spatial embedding of single-variable time series data in reconstruction of EEG state-space dynamics, commentary, 26681
reliability of spatial embedding estimated correlation dimension from spatial embedding of single-variable time series data in reconstruction of EEG state-space dynamics, commentary reply, 26683
use of statistical time series forecasts affected by special events, judgmental forecasters, 13281

Time Series—Chapters

Application of time-series (single-subject) designs in clinical psychology, 12006

Timidity—Serials

age & shyness & perceived friendship quality & peer support & adjustment related to internalizing problems, 8.4–10.6 yr olds followed since age 4.5 yrs, 27044
analyst's induced feeling during Activity Group Therapy, shyness & academic difficulties & social isolation, 8-yr-old boy, 31563
attributions of shyness-resembling behaviors, shy & nonshy 18–21 yr old high school students, 20890
caution in behavior & heart rate during gambling task, female college students with self-reported high vs low shyness, 30479
prevalence of maternal social phobia, shy 4-yr-olds, 24325
relation among shyness & sociotropy & sociability & prediction & indices of interpersonal concern, college students, 17653
right vs left frontal EEG activity, high vs low shyness & sociability, right-handed female college students, 29849
shyness & recruitment in social situations & anxiety, college students, 1214
temporal changes in behavior & EEG & heart rate & cardiac vagal tone & startle eyeblink response & salivary cortisol during self-presentation anxiety, shy & nonshy 7 yr olds, 33673

Timidity—Books

Shyness: A bold new approach: The latest scientific findings, plus practical steps for finding your comfort zone, 7953

Timidity—Chapters
Loneliness, shyness, and depression: The etiology and interrelationships of everyday problems in living, 11390
Tinnitus—Serials
attention control & imagery training &/vs cognitive restructuring, distress & cognitions & coping strategies, patients with chronic distressing tinnitus, 9002
neuroanatomical & physiological & functional imaging studies of cutaneous-evoked tinnitus, 34700
phenomenology & perceptual correlates & related neural activity, cutaneous-evoked tinnitus, 66 yr old female & 47 yr old male neurosurgery patients, 34701
psychological disturbances associated with tinnitus & psychosocial treatments for teaching coping skills to tinnitus patients, 31366
Tiredness [See Fatigue]
Tissue Donation—Serials
2nd-donation request letters with vs without incentives vs appeals to commitment & altruism & volunteerism, number of subsequent donations, 18–77 yr old 1st-time blood donors, 7857
attitudes toward & reasons for vs against sperm donation for research vs reproduction, 18–37 yr old college students, 2438
caffeine, vasovagal reactions during blood donation, female college student 1st-time blood donors, 23579
concerns of gamete donation recipients, implications for counseling, 5735
context & individual or family decision process & attitudinal impact following pediatric transplant outcome, parental partial liver donors, 25303
distress & ambivalence in donating & spousal anxiety, bone marrow volunteers, 11020
efficacy of bilateral fetal nigral transplantation in postcommissural putamen, symptoms & activities of daily living & motor function, 39–63 yr olds with advanced Parkinson's disease, 2 yr study, 18823
experience of & motivation for & attitudes toward egg donation, adult females (mean age 31.2 yrs), 5743
identity theory model for perceived expectations & parental modeling & personal norms & past behavior & role identity, predictors of intentions to donate blood vs money vs time, blood donors , 37112
knowledge & attitudes & behaviors regarding organ/tissue donation, 17–55+ yr old college students, implications for campus based donation education, 6104
pain threshhold perception before physical examinations & blood donation, 18–23 yr old male medical students, 13658
social dimensions & responsibility of gamete donors, 5736
Tissues (Body) [See Also Bone Marrow, Membranes, Nerve Tissues, Skin (Anatomy)]—Serials
autoantigen expression of DNA end-binding factor in tissues, adult NMRI vs Ku86-deficient mice vs rat embryos vs pups vs adults, 3815
olanzapine, activation or antagonism of neuronal receptors, hamster ovary cell lines transfected with human muscarinic subtypes & receptor-selective isolated rat retinal tissue, 23297
physical symptoms & anxiety & depression & stress, patients with regional soft tissue pain vs fibromyalgia syndrome, 37757
restraint stress, free amino acid pattern of plasma & various organs, male rats deprived of food for 24 hrs, 4029
Tobacco (Drug) [See Nicotine]
Tobacco (Smokeless) [See Smokeless Tobacco]
Tobacco Smoking—Serials
ability to reduce cigarette smoking & association with future smoking cessation following public health intervention, adult smokers (mean age 42 yrs), 2 & 4 yr followups, 11079
acceptability & ease of use of computers for assessing smoking history & nicotine dependence & other smoking related variables, ethnically diverse low-income Ss seeking smoking cessation treatment, 28760
accessibility & availability of positive vs negative smoking-related associations in long-term memory, smoking vs nonsmoking college students, 27257
acute smoking & oral contraceptive use, cardiovascular & lipid & fibrinogen stress responses, 18–33 yr old female smokers & nonsmokers, 10557
ad lib smoking & nicotine yield, cognitive task response selection & RT, 21–37 yr old smokers , 10593
ad libitum cigarette smoking, adults with cocaine dependence, 1802
ad libitum smoking vs abstinence vs 0–4 mg nicotine gum, cooperative responding initiated by self vs other, 21–39 yr old male vs female smokers, 752
adherence behavior during nicodermal patch & adjunctive psychosocial treatment, smokers (mean age 38.7 yrs), 26-wk followup, 12500
adolescent cigarette smoking, future alcohol & cannabis & other drug abuse disorders, young adults, 6–10 yr study, 30893
after school supervision, cigarette smoking, 9th graders in after-school self care, 14219
age & smoking & family history & heart disorders, incidence & characteristics of angina, 17–52 yr olds with anorexia nervosa, 11734
age, risk of tobacco initiation, Asian-American vs Blacks & Whites & Hispanics & other 12–17 yr olds, 30220
agreement regarding tobacco control & tobacco farming policy & use of Delphi method to produce shift toward consensus, Kentucky state legislators, 15448
alcohol & tobacco & other drug use & risk & protective factors, 8th–12th graders exposed to school-district wide prevention program, 1987 vs 1991, 22111
anxiety & affect & depression, adult smokers vs nonsmokers, 7760
apolipoprotein E epsilon4 & smoking & drinking & cognitive performance, 59–69 yr old White male veteran twin pairs, 23283
arterial nicotine blood concentrations during cigarette smoking vs iv nicotine administration, Ss, implications for drug addiction, 36610
association of race & sex & maintenance of alcohol use & cigarette smoking avoidance, Black vs White 5th graders, 3 yr study, 17336
attitudes & social influences & self-efficacy, smoking cessation, smokers, implications for intervention strategies, 2686
attitudes about smoking cessation, 15–19 yr old out-of-school smokers in vocational colleges, 23943
attitudes toward & participation in smoking cessation intervention, effectiveness of smoking cessation advice to patients, general practitioners who do vs do not smoke, 11082
attitudes toward quitting smoking, alcohol-abusing clients in outpatient alcohol treatment program, 25519
attitudes toward smoking & smoking restrictions, Navy personnel, Norway, 33849
barriers & motive for quitting smoking & health risk knowledge & readiness to change, long term care psychiatric patients with vs withoug substance abuse disorder, 20981
beginning of findings from National Longitudinal Epidemiologic Survey on impact of early onset tobacco use on both illicit drug abuse & dependence & major depressive disorders, adults, 14398
behavior management & enriched reading curriculum interventions targeting aggressive & disruptive behavior & poor academic achievement, initiation of tobacco smoking, 1st & 2nd graders, 8 yr study, 2856
behavioral vent-blocking maneuver, carbon monoxide exposure & puff number with Ultra-light vs Light cigarette brands, smokers (mean age 22 yrs), 20814
brief dental health care intervention, smoking, adolescents (mean age 13.1 yrs), 2 yr followup, 33659
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups , 12517
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary , 32036
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary reply, 32038
California smoking ordinances restricting smoking, worksite smoking policies & exposure to workplace environmental tobacco smoke, 18–45+ yr old nonsmoking indoor workers, 29167
changes in coffee & cigarette consumption & urine cotinine levels, alcohol dependent inpatients evaluated at admission to & after discharge from detoxification program, longitudinal study, 19051
characteristics that distinguish heavy vs occasional users vs nonusers of cigarettes & marijuana, high school seniors, 21339
childhood mental health problems & family disadvantage, likelihood of preadolescent & adolescent smoking, 5–15 yr olds, retrospective data from longitudinal study, 7528
cigarette monetary price fluctuations & abstinence effects, demand for cigarettes, 27–47 yr old cigarette smokers, 30375
cigarette smoking & alcohol consumption & recent screening mammograms, 50–80+ yr old females, 17535
cigarette smoking & chewing-gum use, 18–52 yr old college students , 37034
cigarette smoking & illicit drug use & compensating wage differentials for risk of job-related death, workers, 3132
cigarette smoking & other risk factors, 30–80 yr olds with amyotrophic lateral sclerosis, 28167
cigarette smoking & psychiatric disorders, first degree relatives of psychiatric patients (mean age 41.7 yrs), 34057
cigarette smoking behavior & behavior change & panic symptoms, patients with panic disorder with or with agoraphobia, 11454
cigarette smoking during pregnancy, prevalence of asthma, mothers, 31062
cigarette smoking patterns & frequency & methods of antismoking counseling in 1996 vs 1987, 20–69 yr old Chinese physicians, 28643
cigarette smoking, mental & physical functional status, patients in counselling, 35157
cigarette smoking, natural killer cytotoxic activity, depressed adult males, 21086
cigarette smoking, natural killer cytotoxic activity, depressed adult males, commentary, 21087
cigarette use & antismoking attitudes of parents & friends & alcohol use & grades & gender, heavy cigarette smoking, 7th grade students, 6 yr followup study, 27050
client smoking characteristics & smoking during patch use & length of transdermal nicotine treatment, smoking cessation, adult smokers , 20796
cocaine & tobacco use & spontaneous abortion, pregnant 14–40 yr olds with vs without spontaneous abortions, 22 week followup, 11632
cocaine & tobacco use & spontaneous abortion, pregnant 14–40 yr olds with vs without spontaneous abortions, 22 wk followup, commentary, 11629
cognitive function & age & social class & contacts & medication & leisure pursuits & alcohol & cigarette consumption, 55–69 yr old men, 13272
cognitive processing, 18–39 yr old vs 64–81 yr old smokers vs nonsmokers, 32914
common syndrome model for explaining correlations between tobacco & alcohol & cannabis use during adolescence, 16 yr study, 1790
conceptual design & research framework & components & analytic strategies for evaluation of American Stop Smoking Intervention Study, 32052
correlates of substance use & effect of advice by physician to abstain, risk of alcohol & tobacco use during pregnancy, 18–45 yr old females, 15450
criterion measurement outcome model to test predictions of movement from precontemplation to contemplation to preparation stages of change, 18–75 yr old smokers, 24 mo followup, 28787
culturally sensitive smoking cessation intervention, African American smokers, 2 yr study, 2695
daily physical education in primary school, adult participation in & attitudes toward & perceived barriers to physical activity & smoking, about 20 yr retrospective, 12907
degree of craving & nicotine content, progressive ratio responding & cognitive performance, 18–41 yr old deprived vs non-deprived smokers, 7253
demographic characteristics & prevalence of cigarette smoking, medical college students (aged 16 yrs & older), 33860
demographics & prevalence of cigar use, adults, 14217
demographics & smoking history & status & patterns of use & motivation to quit smoking & social support, 18–91 yr old female American Indians, 37038
depression & anxiety as predictors of smoking initiation, 14 & 15 yr olds, 952
development & parental acceptance of pamphlet to guide & perceived aversiveness of conversions about tobacco use & its prevention, 6th & 8th grade females & their parents, 35116
development & reliability & validity of Tobacco Dependence Screener, measurement of tobacco/nicotine dependence according to ICD-10 & DSM-III-R & DSM-IV, adult smokers, 19622
development of strategy for testifying at Congressional hearing on tobacco settlement, 26038
differences between & factors affecting resisted temptations to smoke & lapses & coping behaviors, smokers with self-initiated quit attempt who lapsed within 1 mo, 20795
discontinuity patterns in ratings of pros & cons & confidence, 16–79 yr old daily smokers at precontemplation vs contemplation vs preparation stage of behavior change, 25279
dopamine transporter SLC6A3 & D2 dopamine receptor DRD2 receptor genes, 18–80 yr old smokers & nonsmokers, 7767
dopaminergic genes & smoking behavior & personality traits, 18–84 yr old nonsmokers vs current vs former smokers, 7772
dose-response relationship between cigarette smoking & alcohol consumption & Parkinson's disease, never-smokers vs ex-smokers with Parkinson's disease, commentary reply, 37842
dose-response relationship between cigarette smoking & alcohol consumption & Parkinson's disease, never smokers vs ex-smokers with Parkinson's disease, commentary, 37850
dose–response relationship between cigarette smoking & alcohol consumption & Parkinson's disease, ever-smokers vs ex-smokers with Parkinson's disease, 11893
e-mail assessment of attitudes toward smoking, college students, 37036

early cigarette & alcohol & marihuana use vs other risk factors, likelihood of other drug use, high school seniors, test of gateway theory, 37573
effect of inhaled cigarette smoke, alteration of the hypothalamic-pituitary-adrenal axis, alcoholic men (aged 32–43 yrs), 37554
effectiveness of individualized approach to smoking cessation intervention, 23–56 yr old qualified nurses & 17–36 yr old student nurses, 35326
effectiveness of transdermal nicotine with vs without physician-based minimal intervention setting, smoking cessation, 18–72 yr old smokers, 52 wk followup, 12520
efficacy of bupropion, smoking cessation, smokers with history of major depression or alcoholism, 15622
effortless unintentional smoking cessation following anti-HIV chemoprophylaxis, 44 yr old male surgeon, 12343
estimates of number of youth who experiment with smoking & become established smokers each day, 11–20 yr olds, implications for prevention, 36801
estimation of annual deaths from tobacco & cocaine use & homicide, college students, 18046
ethanol-nicotine interactions at alpha-bungarotoxin-insensitive nicotinic acetylcholine receptors, rats, implications for heavy alcohol abusers, 13779
ethnicity, beliefs associated with smoking behavior, Black vs Puerto Rican vs White females 13–19 yr olds, implications for smoking interventions , 38452
event related brain potentials & smoking cue-reactivity, adult smokers vs nonsmokers, implications for tobacco addiction, 36517
examined 3 latent growth models to determine relationship between use of alcohol & cigarettes & marijuana, 11–15 yr olds, 4473
exposure to smoking cues, prepulse inhibition of startle reflex & subjective craving, 18–47 yr old smokers, 28566
factor analysis of psychosocial influences of cigarette smoking, junior vs senior high school students, 981
factors involved in very delayed relapse following smoking cessation, former smokers at risk of relapse, 5923
fluoxetine, smoking behavior, alcoholic patients with depression, 18671
gender & ethnic differences & beliefs about tobacco smoking, 10–15 yr old African Americans & Hispanics & European Americans, 30380
gender & race & SES & pubertal development & smoking initiation, African-American & White adolescents at 3rd–4th through 8th–9th grades, 926
genetic & environmental risk factors for & prediction of smoking initiation & nicotine dependence, female twins, 17537
health care access & cigarette smoking & change in smoking status, male vs female African-American vs White adults, 7 yr study, 4697
health related quality of life, light vs moderate vs heavy smokers (aged 15 yrs & older), 33859
high prevalence of smoking, persons with schizophrenia, implications for representation of brain dysfunction in schizophrenia & potential treatment, 1577
history of smoking behavior & concept & psychiatric diagnosis of nicotine craving, 1775
homovanillic acid concentrations in CSF, smokers vs nonsmokers with PTSD, 8176
hyperactivity & executive cognitive functioning in childhood, tobacco & cannabis use in adolescence, 10–12 yr old males with vs without substance using fathers, 2 yr followup, 11598
intentions & attitudes toward smoking & smoking behavior, 12–14 yr olds, implications for theory of reasoned action & other theories, 17543
interactive vs noninteractive smoking cessation interventions, members of managed care company , 9255
interest in cessation & reasons for quitting & smoking temptation circumstances, male vs female 9th–12 grade cigarette smokers, 7545
IQ & parental smoking in home environment, 3–5 yr olds, 17262
iv cocaine vs nicotine, subjective & physiological effects, 25–43 yr old cigarette-smoking cocaine abusers, 8357
knowledge & attitudes about cigarette smoking & its damage, 1st & 2nd graders, 31820
knowledge & perceptions of cigarette smoking, 4–8 yr olds, 17367
knowledge of risk factors for oral cancer & tobacco & alcohol use & access to tobacco, 10–21 yr old Latinos , 906
knowledge of smoking effects & use of smoking interventions with patients, medical students, implications for development of tobacco education programs as part of medical school education, Brazil, 22329
levels & patterns of tobacco use & associated risk factors, Francophones vs Anglophones, 20800
linguistic acculturation & sex, tobacco smoking, 6th & 7th grade Hispanics, 1 yr follow up, 4475
longitudinal predictors of cigarette smoking behavior, economically-disadvantaged inner city youth (mean age 12.8 yrs), 2 yr study, 30226
maternal & childhood & other short-run costs of smoking, implications for HMOs & employers , 14213
maternal smoking & socialization & parenting support & control practices, intergenerational transmission of adolescent smoking, mothers & their children, 835
maternal smoking during 3rd trimester & other risk factors, prediction of persistent criminal behavior, adult male offspring, comment, 14794
maternal smoking during 3rd trimester & other risk factors, prediction of persistent criminal behavior, adult male offspring, 14790
maternal smoking during pregnancy & risk of criminal behavior among adult male offspring, Northern Finland, 1966 birth cohort, 24568
maternal smoking during pregnancy, ADHD & conduct disorder & substance abuse, 6–23 yr old offspring, 10 yr study, 27492
mecamylamine vs trimethaphan, nicotine discrimination, 19–31 yr old smokers, 14222
meta-analysis of efficacy of relapse prevention for alcohol & substance use disorders & smoking, 28771
methods of acquiring cigarettes & factors associated with requests for proof of age, 11–16 yr olds, 36802
movie smoking scenes with vs without antismoking advertisements, emotional reactions & smoking-related thoughts & beliefs & intent, non-smoking 9th-graders, 27070
neighborhood deprivation & individual smoking status, adults, 14216
neurobiology of tobacco smoking & addictive disorders, 27849
nicotine & caffeine & alcohol use, positive symptomology of schizotypy, undergraduate student smokers vs nonsmokers, 21145
nicotine administration & lexical decision-making, 19–25 yr old habitual smokers, 16583
nicotine dependence & withdrawal, stress level, adolescent & adult regular smokers, 33854
nicotine gum, delayed free recall, 18–44 yr old smokers, 7238
nicotine inhalers & fluoxetine, smoking cessation, 25–64 yr old adult smokers, 28759
nicotine presence from smoking vs smoking abstinence, perceptual & motor processes & working memory, 18–22 yr olds, 731
nicotine yield & absorption, 21–60 yr old male smokers , 637
number & intensity of preexposed stimuli, auditory latent inhibition, 22–46 yr old smokers vs nonsmokers, 14215
overview of featured section concerning smoking & genetics, 7771
parental & peer approval of smoking & sex & race, current level of smoking, male vs female Black vs White vs Hispanic vs Asian adolescents, 33674
parental & peer smoking & drinking & similarity, smoking & drinking over time, adolescents (mean age 12.4 yrs), 5 yr study, 10841
parental indoor vs outdoor vs no smoking, children's urinary cotinine levels, parents & 1–16 yr old children with asthma, 18239
parental perceptions & behaviors regarding teen smoking, African-American vs White parents who smoke vs do not smoke, 20745
passive smoking during pregnancy, risk of small-for-gestational-age infants, 15–44 yr old females & their newborns, 1199
past & current smoking & fat distribution, 55–85 yr olds, 30381
peer influences, smoking onset vs continuous abstinence, adolescent siblings (mean age 12.8 yrs), 14755
peer-influence vs peer-selection mechanisms, tobacco & alcohol & marijuana use, 6th & 7th graders, 3 yr study, 33682
perceived effect of restaurant smoking ban on dining out experience, 15 yr olds & older, 31844
perceived stress from work & family & personal life & alcohol & drug use & smoking, active duty military male vs females, 20798
perceptions of non-advertising smoking vs nonsmoking images in youth magazines & self vs ideal vs socially desirable attributes, 12–13 vs 15–16 vs 18–19 yr old smokers vs nonsmokers, 7493
perceptions of risk of experiencing myocardial infarction &/or cancer, adults who smoke, 14887
perceptions of smoking & nonsmoking, American Indians (aged 13–17 yrs), implications for prevention, 25344
perceptions on relationship of risk for lung cancer & daily cigarette consumption & nicotine concentrations, French 15–75 yr olds, 30242
physical & family & social & peer self-concept & transition through stages of to regular smoking, 12–17 yr olds, 36825
platelet levels of monoamine oxidase B, male Hispanic smokers vs non-smokers with schizophrenia, 14581
positive & negative perceptions of smoking & decisional balance & readiness to quit, adult Vietnamese & Laotian & Cambodian males, 18870
predictors of inconsistent responses concerning alcohol &/or cigarette &/or marijuana use, 7th graders, 2 yr study, 14760
predictors of weight gain following smoking cessation, female smokers, 9238
prenatal tobacco smoking, intrauterine growth retardation, mothers & infants living in Republic of Benin, 31049
presence & pleasantness of olfactory stimuli, self-reported urge to smoke, 18–35 yr old smokers, 17545
prevalence of cigar smoking & association with positive images of cigar smokers, college students (aged 18–26 yrs), 33850
prevalence of cigarette smoking, college students, 1993–1997, correction, 11084
prevalence of smoking & development of evidence-based approach supporting tobacco control, 15–69 yr old smokers, China, 37978
prevalence of smoking, 1st-episode patients with schizophrenia or schizophreniform disorder with less than 30 or no previous exposure to antipsychotics, 27694
prevalence of smoking, psychiatric outpatients with obsessive compulsive disorder, 27723
processes of change & pros & cons of smoking, prediction of progressive movements through stages of change, smokers, 1 & 2 yr followups, prospective analysis of transtheoretical model, 23941
pros & cons of smoking & stages of change, adults who smoke, 20802
psychosocial factors of cigarette smoking & recommendations for tobacco smoking cessation intervention in drug abuse treatment, adolescent substance abusers, 25533
radon–smoking risk reduction telephone counseling intervention, smokers, 35133
rapid smoking, craving & smoking behavior, 18–50 yr olds, 14218
rationales & beliefs about & motivations for smoking & nicotine dependence & perceived dependence & intention & motivation to quit, adolescents (mean age 17.6 yrs), 23940
reasons for combining cocaine & cigarette use & preference for mentholated or nonmentholated cigarettes, 26–59 yr old cocaine & nicotine dependent outpatients, 8389
recall of & attitudes toward alcohol & cigarette & other advertisements, college students, 32432
recall of smoking habits during pregnancy 0.5–3 yrs after delivery, females, 18060
relation between metamotivational dominance & tobacco & alcohol use, 14–16 yr olds, 4502
relation of job risk & wages & tobacco smoking & other risk- taking behavior, 18–65 yr olds, 4696
relationship between self reported smoking & measurement of expired air carbon monoxide, smokers who had attended behavioral program for smoking cessation, 4695
relationship of stress & coping & mastery & self-esteem & social support & psychological distress to smoking behavior, 11 & 12 yr olds, 20579
reliability of pretreatment assessments of cigarettes smoked per day, 18–65 yr old outpatients undergoing nicotine patch treatment, 1771
reliability of self-reported smoking initiation & frequency of smoking & grade at first use, 3rd & 5th graders, longitudinal study, 20570
research design & analytical strategy, ability to predict future smoking, students assessed from age 12 to age 18 yrs, Netherlands , 10842
risk-behavior framework analysis of smoking & drinking & unhealthy nutrition & lack of physical exercise, 12–16 yr olds, Germany, 10850
role of depression in relapse & high- vs standard-dose nicotine patch therapy in promotion of sustained smoking cessation, heavy smokers, 28448
school-based Woodrock Youth Development Project, alcohol & tobacco & drug use prevention & reduction & self-esteem & race relations & aggression & school attendance, 6–14 yr old at-risk youth, 38805
self efficacy & reasons for & success attributions of smoking cessation during pregnancy & early postpartum period, prediction of continued postpartum abstinence, adult females, 31834
self-help booklet with vs without computerized interactive telephone program or motivational counseling from nurse educators, smoking cessation, 18 yr old & older pregnant women, 38447
sensitivity to nicotine, female never-smokers vs light-smokers, 37041
sex & marital & minority status, prevalence of tobacco use, college students, 20809
smoke free policy in alcohol rehabilitation program, smoking behavior & attitudes, patients & staff, 15636
Smokebusters community-based smoking prevention initiative, knowledge & attitudes & smoking behavior, 8–15 yr olds, 18849

smoking & body image concerns, 11–18 yr old females with vs without eating disorders, 1907
smoking & drinking & other health risk behaviors, current & future health & development, female 5th–12th graders, implications for prevention, 34300
smoking & serum alpha fetoprotein levels, fetal development, pregnant women, 23654
smoking & weight change, White vs Black 18–30 yr old men vs women, 7766
smoking behavior & knowledge & attitudes toward smoking & quitting & providing smoking cessation care to patients, 20–59 yr old nurses, 27258
smoking by family members & friends, uptake of regular smoking, 15 yr olds, 8-yr study, 36831
smoking cessation & patient state of change & smoking behavior, 15–46 yr old pregnant smokers, 18087
smoking during pregnancy, child's cognitive & motor development, children at age 1 & 5 yrs, 27000
smoking history & prepulse inhibition of acoustic startle, males vs females, analysis of data from past 12 yrs , 36465
smoking motivation, electrophysiological indexes of approach motivation, persons who smoke, 20193
smoking patterns & acculturation, Asian American 12–18 yr olds, 20554
smoking patterns & age at initiation of smoking & smoking cessation, college students (aged 18–24 yrs), 37037
smoking patterns & association of sociodemographics & health status & health beliefs with S's smoking profile, 55–64 vs 65–74 vs 75–84 vs over 84 yr olds, 27259
smoking rate & depression severity, psychiatric patients, 24170
smoking restriction policy attitudes, African Americans (mean age 39.9 yrs), 1193
smoking status & schizotypy, auditory & visual latent inhibition & Stroop effect & negative priming, adults 24–46 yrs old, 17906
social networks & media receptivity, age of smoking intiation, 12–18 yr olds, 20616
sociodemographic factors & tobacco smoking prevalence & consumption, 18–64 yr old French vs American females, 4698
socioeconomic factors & tobacco smoking patterns, male vs females aged less than 65 yrs, Estonia vs Latvia vs Lithuania, 20812
solution-focused outreach program, tobacco use reduction, socially & economically disadvantaged pregnant females (mean age 20.5 yrs), 38597
stability of consumption & developmental patterns of tobacco smoking from age 12–36 yrs & relation between age of initiation & later smoking, children & adults, longitudinal study, 20574
stage of change & self efficacy to quit & nicotine dependence & perceived & actual smoking related illness, adult smokers, 25546
stages & patterns of readiness of change & prevalence of quitting advice, smokers vs nonsmokers with diabetes, implications for smoking interventions , 28048
stages of change & related health behaviors in smokers forced to quit, Air Force recruits in basic military training, 7764
statistical analysis of medical care costs attributable to cigarette smoking, 15488
stimulus preference assessments & reinforcement during treatment of cigarette pica, 40–49 yr olds with mental retardation, 38084
sucrose, acute tobacco withdrawal, female smokers, 678
tailoring information to enhance quitting, smokers with low intention to quit, 2687
take out drops on cigarette filter as aid in smoking cessation, exposure to nicotine & carbon monoxide & cigarette draw & EEG & cardiovascular results, male vs female smokers, 5938
theoretical model of active & passive smoking, at risk military women with children, 33851
theory of planned behavior & perceived susceptibility & past cessation attempts, 19–69 yr smokers attending health promotion clinics, 6 mo followup, 7769
tobacco & other substance use, male vs female Black vs White vs Hispanic high school students, 915
tobacco education & intervention skills, medical school curricula, associate deans , 38842
tobacco smoking & alcohol use as risk factors for lifetime & past year nonmedical psychostimulant use, 12+ yr old US residents, 27892
tobacco use predictors, current vs later tobacco use, adolescents, meta analysis , 27038
transdermal nicotine patch, vigilance, 18–25 yr old male smokers, 13778
treated vs untreated smoking abstinence, psychotic symptoms & medication side effects, cigarette smoking outpatients with schizophrenia or schizoaffective disorder, 28764
trends in smoking & smoking-related attitudes & beliefs, high school students, US, 1978–1995, 33855
trimethaphan, smoking satisfaction, 18–55 yr old cigarette smokers, 10651
urinary bombesin-like peptide levels, cigarette smokers with vs without schizophrenia, implications for development of lung cancer, 8372
validity of Fagerstrom Test for Nicotine Dependence & Heaviness of Smoking Index, smokers, 18040
values & associated moral meaning, cigarette smoking, college students & their parents & grandparents, US, 23942
workplace smoking bans & interventions, smoking rates, 38947
worksite health promotion intervention, tobacco smoking & cessation, male vs female blue collar workers, 2.5 yr follow up, 5791
Tobacco Smoking—Books
Helping the hard-core smoker: A clinician's guide, 11997
Tobacco Smoking—Chapters
Advertising and product representation in Jewish law: The case of the tobacco industry, 32397
Analysis of familial aggregation in a binary trait by logistic regression and the regressive logistic model, 13148
Assessing needs and planning, implementing, and evaluating health promotion and disease prevention programs among Asian American population groups, 9068
A comprehensive psychological approach to preventing relapse, 12546
Drug use and pregnancy, 11660
Expectancies for tobacco smoking, 30382
Harm reduction, nicotine, and smoking, 2703
Health effects of tobacco, 14770
Historical overview of other abusable drugs, 14786
Intervening with older smokers, 12537
Issues for women who wish to stop smoking, 12545
Media influence, 16195
Pharmacology of nicotine, 774
Preventing cigarette smoking among children and adolescents, 12536
A psychotherapeutic approach for smoking cessation counseling, 12538
Real-time self-report of momentary states in the natural environment: Computerized ecological momentary assessment, 36113
The role of the dental profession in tobacco cessation, 12548
Smoking cessation, 15658
Stopping smoking: A study on the nature of resistance and the use of hypnosis, 12539
Tobacco, 5109
Treating nicotine dependence, 15651
Tobago [See Trinidad and Tobago]
Toes (Anatomy) [See Feet (Anatomy)]
Tofranil [See Imipramine]
Token Economy Programs—Serials
basketball summer camp skills training program & token system for increasing sportsmanlike behavior, 8 & 10 yr old males with ADHD, 38086
reinforcement magnitude, voucher-based reinforcement of cocaine abstinence, treatment-resistant methadone patients (mean age 35.7 yrs), 38620
token economy program, absences & emergencies & employee & patient injuries on psychiatric unit, 18–20 yr old psychiatric patients, 8-mo study, 28732
Token Economy Programs—Chapters
Clinic and laboratory studies on the use of incentives to decrease cocaine and other substance use, 18578
Coupons–vouchers as a strategy for increasing treatment entry for opiate-dependent injection drug users, 18589
Efficacy and versatility of voucher-based reinforcement in drug abuse treatment, 18588
Token Reinforcement [See Secondary Reinforcement]
Tolerance [See Also Tolerance for Ambiguity]—Serials
attitudes toward particular acts of political expression & tolerance of right of ethnic 'Hungarians in Romania' vs 'people in Romania' to engage in those same acts, Romanian adults , 1159
cognitive therapy, hopelessness & cognitive flexibility & tolerance of anxiety/negative affect & sensitivity to social expectations, 28 yr old suicidal female with depression & anxiety, commentary, 31527
construction & structure of rating scale of emotional reactions to & tolerant attitudes toward cultural groups & correlation to other personality scales, 17–47 yr old college students, 9837
diazepam regimens of daily subcutaneous injections vs osmotic minipump, development of tolerance in exploration & locomotor activity & tests of anxiety, rats, 33394
etiology of political intolerance in men vs women, data collected from the 1987 Freedom & Tolerance National Survey & the General Social Survey, 14180
extended contact with foreign students through peer modelling, tolerance for outgroup members, 13–15 yr old Finnish students, 27061
long-term access to chronic sucrose vs polycose intake, alteration of development of tolerance to morphine-induced antinociception, rats, 20277
outsider judgments of other cultures' social practices, 19–31 yrs olds, 33931
psychological type & tolerance for religious uncertainty, adults, 17661
suggestions for understanding diversity & promoting tolerance toward lesbian & gay & bisexual students in secondary schools, 25844
tolerance of nonconformity & demographic factors, attitudes toward legalization of prostitution, 18+ yr olds, 37020
Tolerance [See Also Tolerance for Ambiguity]—Chapters
Democratic values and political tolerance, 9859
Tolerance (Drug) [See Drug Tolerance]
Tolerance for Ambiguity—Serials
boundary ambiguity & mastery & couplehood & social support & stress & health, depressive symptoms, community-dwelling caregivers of institutionalized mates with Alzheimer's disease , 17408
desire for structure & negative reactions to lack of structure components of personal need for structure, occupational strain, social & health care personnel, 7891
high vs low perceived power of teacher with ambiguous communication style, child attentional engagement, 7–10 yr olds, 15961
individual differences in self-reported anomalous experiences & thinking styles & schizotypal traits & self-efficacy & intolerance of ambiguity, 18–39 yr olds, 30532
item response theory analysis of AT-20 tolerance of ambiguity scale, 20–60 yr olds, 9843
Toluene—Serials
acute toluene exposure, color vision, male printshop workers (mean age 39.1 yrs), 16157
prenatal exposure to toluene, postnatal development & behavior, rats, 23518
remoxipride vs scopolomine, toluene induced hyperactivity, male rats, implications for inhalant abuse potential, 10648
toluene, assessment of frequency of hearing deficit, rats, 23531
ventrointermedius thalamotomy, toluene induced hand tremors, 22 yr old male toluene misuser, 28607
Tomography [See Also Magnetic Resonance Imaging]—Serials
15O water PET visual vs region of interest analysis of auditory & visual responsive naming activaiion vs intracarotid amobarbital injection procedure, language lateralization, epileptic patients , 21563
assessment of postexposure neurobehavioral & neuropathological changes, 27–52 yr olds with carbon monoxide poisoning, 31051
brain imaging data on neuroanatomical circuitry related to aggression symptom prevalence in psychiatric disorders, 24145
brain metabolic activation during cocaine cue-elicited cravings & physiological responses, 26–48 yr olds, 13597
brain tomography-assessed neuroanatomical correlates of aggression, humans & animals, 26610
cerebral activation & processing of stimuli of animate vs inanimate semantic categories in visual vs verbal modality, 24–32 yr olds, 13578
clinical & neuropsychological & SPECT imaging changes, 65–91 yr olds with depression, 2-yr followup, 34105
cognitive subtraction in functional neuroimaging of neural correlates of spatial working memory, 19–28 yr olds, 10492
cross linguistic approach to pitch processing via PET, adult native speakers of English vs Thai, 3844
current state of development of radiotracer probes for positron emission tomography & SPECT imaging of serotonergic function in depression, 1547
D. F. Benson's contribution to neuroimaging in behavioral neurology, 15026
diagnostic value of diffusion-weighted MRI & PET & SPECT & EEG findings, 68 & 51 & 71 yr olds with probable Creuzfeldt-Jakob disease, 34662
differential findings of CT & MRI, 56 yr old man with head trauma & loss of consciousness, 5237
drug addiction & positron emission tomography & SPECT imaging of living human brain, 5075
dyslexia & sex & brain imaging, 21398
emotional valence & arousal & attention, neural activation in brain during visual processing of emotional pictures, males (mean age 33.0 yrs) , 29820
fluorodeoxyglucose positron emission tomography, assessment of serotonergic activity in critical brain functions associated with impulsive aggression, patients with personality disorders, 13075
functional & structural processing mechanisms in mental imagery &/vs visual perception assessed by mental scanning & neuroimaging, 32768
functional imaging for neuropsychological assessment of necessary & sufficient neural systems, 50.5 yr old male with frontal & parietal & temporal lobe damage, 29407

functional imaging of brain electrical activity, acute neuroleptic-naive 1st-episode productive patients with schizophrenia, 30742
functional imaging of hippocampal system functioning & fit with neuropsychological data on declarative memory, 20080
functional magnetic resonance imaging of medial temporal lobe activity in memorization & subsequent cued-recall, 21–29 yr olds, 20097
greater vs lesser mismatched negativity & quantitative EEG & computed tomography & psychopathology ratings, 18–44 yr olds with schizophrenia, 30727
history & diagnostic use of MRI & SPECT imaging to detect frontal & temporal right & left atrophy & hypoperfusion, patients with frontotemporal dementia, 31288
imaging findings, children with Down's syndrome, 30944
in vivo cerebral PET method for mapping acetylcholinesterase activity, patients with Alzheimer's disease, implications for monitoring inhibitor therapy in Alzheimer's disease, 15309
in vivo neurotransmitter system imaging studies in understanding major depression & the role of serotonergic system in depression, 8110
in vivo receptor imaging techniques & knowledge of neurochemistry & pharmacology of schizophrenia. , 24242
interictal fluorine-18 flurodeoxyglucose positron emission tomography, functional anatomy of deja vu experience, 13–51 yr olds with temporal lobe epilepsy with vs without deja vu , 31173
judgment of personality trait adjectives related to self vs well-known public figure vs social desirability vs number of syllables, PET of right &/vs left frontal brain activation, 19–26 yr olds, 10472
landmark-based morphometric analysis & image averaging on brain sites & structural changes in 1st-episode schizophrenia, patients with schizophrenia, 24251
laterality in functional brain imaging studies of schizophrenia, 14552
magnetic resonance imaging & cognitive deficits, 46–52-yr-old siblings with heriditary sensory neuropathy & deafness & dementia, 31243
model of hippocampal PET activations of episodic memory encoding & retrieval, 7069
MRI-based hippocampal volume readings as predictor of Alzheimer's disease, 60–89 yr olds with mild cognitive impairment, longitudinal study (mean 32.6 mo), 18383
neuroimaging analysis of separating learning related changes from nonspecific time effects, 22–29 yr olds, 20131
neuropathic & structural & functional neuroimaging studies in study of anomalous brain structure & function in developmental disorders of childhood, 11686
neuropsychological & neuroimaging & neurophysiological indexes to fronto-subcortical deficit in progressive supranuclear palsy & related neurocognitive features, 8685
non-labeled based nonlinear spatial normalizations using basis functions, 19678
partial least squares, brain tomography & left hemispatial neglect, acute stroke patients with right hemisphere damage, 21573
personal relevance & temporal context. positron emission tomography brain activation during memory retrieval, 28–41 yr old males, 20117
PET & SPECT examination, cerebral metabolism, 36–52 yr old late whiplash patients, 18245
PET & SPECT examination, cerebral metabolism, 36–52 yr old late whiplash patients, 5194
PET & SPECT examination, cerebral metabolism, 36–52 yr old late whiplash patients, commentary, 18275
PET of neural systems involved in processing of various auditory stimuli, 24–50 yr olds, 36436
positron emission tomographic evidence of within- & cross-modality priming during auditory wordstem completion, 19–30 yr olds, 29766
positron emission tomographical analysis of sensory & affective components of pain & pain perception & thresholds in brain, healthy male 23–75 yr olds, 10460
positron emission tomographical data on neural correlates of reading German words & pseudowords, 25–30 yr olds, 29805
positron emission tomographical study on reduced dopamine transporter density, 18–65 yr old abstinent methamphetamine vs methcathinone users vs patients with Parkinson's disease, 1404
positron emission tomographical study on regional cerebral blood flow patterns in semantic & episodic memory, healthy volunteers (mean age 26 yrs), 271
positron emission tomography & quantitative EEG study of electrical activity & cerebral perfusion coupling, normal 20–30 yr old males, 23326
positron emission tomography & repetitive transcranial magnetic stimulation data on Area 17 activity during visual imagery, human Ss, 16921
positron emission tomography correlates of neural recognition memory for words vs faces, adults, 29815
positron emission tomography of cerebral glucose metabolism, unilateral entorhinal cortex-lesioned male rats, animal model of Alzheimer's disease, 29807
positron emission tomography research on human memory in hippocampus, learning vs retrieval & novelty detection & depth of processing, 23311
potential treatment applications & mechanisms of action & safety of transcranial magnetic stimulation & use in brain mapping & understanding brain-behavior relationship in neuropsychiatry, 17761
prevalence of Royal College of Psychiatrists' consensus criteria for detection of reversible intracranial pathology & assessment of cognitive impairment, elderly patients referred for CT head scan, 31189
quantitative EEG &/vs regional CBF measurement with SPECT with high resolution device, assessment of brain failure, patients with probable Alzheimers disease, 8658
regional cerebral blood flow & SPECT findings, patients with probable Alzheimer's disease (mean age 66 yrs), 34661
regional fat patterns, 33–64 yr old Mexican American women, 15451
relation between neuroimaging & neuropsychological symptoms, 20–55 yr old patients with late whiplash syndrome, implications for presence of brain damage, 21597
relationship between auditory ERP mismatch negativity & quantitative EEG & CT & psychopathological ratings, 18–44 yr old schizophrenic patients before & after neuroleptic treatment, 37370
relationship of patient age & psychiatric diagnosis & neurological & cognitive functioning to CT results influencing patient care, 23–85 yr old psychiatric patients, 4851
risks & benefits of research participation involving functional neuroimaging & radiation exposure in prevention & treatment of psychiatric illnesses, 8 yr olds & older, 24904
role of MRI & SPECT & neuropsychological tests in early diagnosis of frontal variant of frontotemporal dementia, 49 & 50 yr old male patients, 4 & 7 yr studies, 18377
role of task difficulty & motor output in regional blood flow in anterior cingulate cortex via PET, humans, 3895
setoperone positron emission tomography, assessment of-prefrontal cortex serotonin receptor binding, 18–45 yr olds with depression & suicidal ideation, 27614
SPECT analysis of selective activation of neurons in medial prefrontal regions of brain during toe graphaesthesia task, 22–24 yr olds, 3979
SPECT, assessment of visual fixation & cerebral blood flow, 20–50 yr old schizophrenic patients vs comparison subjects, 27692
structural & functional neuroimaging findings related to alcohol & cocaine use & dependence & neuropathologic changes associate with acute & long-term substance consumption, 27871
structural & functional neuroimaging in autism, 1846
structural brain neuroimaging of abnormalities in schizophrenia, 34184
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary reply, 1546
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary, 1516
tasks of central executive component of working memory, regional brain activity, male 20–26 yr olds, 10185
techniques for early identification of Alzheimer's disease, 18341
tomography of cerebral blood flow during dichotic presentation of consonant–vowel vs musical instrument stimuli, healthy 20–30 yr old males, 13552
use of clinical criteria & biological markers & functional imaging in early diagnosis of Parkinson's disease vs Lewy body disease, 5315
use of diffusion-weighted MRI for discernment of right-hemisphere dysfunction, 69 yr old male with Creutzfeldt-Jakob disease, 18447
use of magnetic resonance spectroscopy to examine relation between executive function & frontal lobe pathology, 24–50 yr old patients with multiple sclerosis, 11889
use of metrics in brain imaging studies of cognitive processes & example from single cell studies & study on shaping of brain by early exposure to native language, 562
use of neurochemical & magnetic resonance imaging techniques for examination of biochemistry of schizophrenia, 34191
use of positron emission tomography to study serotonin- 2/dopamine-2 receptor effects of antipsychotics, implications for understanding schizophrenia & its pathophysiology, 21942
use of SPECT & temporal-lobe oriented CT as supplement to clinical assessment & diagnosis of Alzheimer's disease, 53–96 yr olds with Alzheimer's disease vs other dementias, 7 yr study, 5359
validity of cerebellum as reference region for SPECT quantification, patients with dementia of Alzheimer's type, 24838

Tomography [See Also Magnetic Resonance Imaging]—Chapters

Autism: Clinical features and neurobiological observations, 30959
Brain imaging and behaviour, 30973
Brain imaging: Functional consequences of ethanol in the central nervous system, 4312
Combination antiretroviral chemotherapy: Shifting paradigms and evolving praxis, 31143
Emerging neuroscience approaches to understanding cognition and psychopathology: Positron-emission tomography imaging, 22901
Functional brain imaging: Future prospects for clinical practice, 23418
Functional neuroimaging in schizophrenia: Symptoms, treatment, and etiology, 24309
Gender differences in neuroimaging findings, 23372
Hippocampal and parietal involvement in human topographical memory: Evidence from functional neuroimaging, 29465
Illusory memories: A cognitive neuroscience analysis, 3344
Modern phrenology: Maps of human cortical function, 26668
Neuroimaging and genetic disorders, 31346
Neuroimaging and the frontal lobes: Insights from the study of neurodegenerative diseases, 8690
Neuroimaging evidence of diaschisis and reorganization in stroke recovery, 34602
Studies of the brain cannabinoid system using positron and single-photon emission tomography, 17131

Tone (Frequency) [See Pitch (Frequency)]

Tongue [See Also Taste Buds]—Serials

tongue auto-amputation after flupenthixol injection for psychotic symptoms, 21 yr old mentally retarded male, 18722

Tonic Immobility—Serials

individual differences in tonic immobility susceptibility & duration & response to routine injection & speed & ease of movement through unfamiliar environment, pigs at 2.5 vs 4 vs 10 wks old, 19981
interleukin-10, body weight & tonic immobility & social exploratory behavior induced by ip vs icv lipopolysaccharide, male rats, 10543
trial-spacing effect in Pavlovian fear conditioning measured by defensive freezing, female rats, test of contextual-mediation vs event-processing theories & perceptual–defensive–recuperative model, 10262

Tool Use—Serials

experience with & ability to use science tools & related discourse, mediation of learning about electric circuits, 9th grade science students, 12648
pattern of cortical activation induced by tool use, adults, implications for apraxia, 8653
problem solving & ability to distinguish functionally relevant vs irrelevant tool design features, cotton-top tamarins, 16812
successful tool selection & modification & use, free-ranging captive populations of tufted capuchins, 29729
use of leaves as cups to retrieve water, white-fronted capuchins, 403

Top Level Managers—Serials

alignment with workplace safety principles, senior managers vs frontline workers in nickel mining company, 35685
attitudes & beliefs & perceptions regarding risks from chemicals, British senior managers of chemical company vs toxicologists vs members of general public in US & Canada, 4753
behavioral processes in & performance results of management–board relationships, CEOs & outside directors of industrial & service firms, 12832
critical review of state of practice of executive coaching, executives & coaches , 12822
formal & informal rules, CEO succession process, industrial corporations, 1960–1990 , 32360
influence of social networks of board interlocks, corporate & distrust in decision making & strategic alliance formation, CEOs, 39003
model of circulation of corporate control, selection of CEOs as political & ideological struggle, large US manufacturing firms, 38981
multimodal therapy model in executive coaching, psychologists, 16069
myth of traditional top-down leadership & competencies that will determine success of new leadership, top management & employees, 29096
perceived costs & benefits of being a mentor & mentoring experience & intentions to mentor, high-ranking executives, 29102
post-merger perceptions of cultural differences & autonomy removal, turnover rate, acquired firm executives, 16117

relational demography & importance of "guanxi" in supervisor subordinate relations & connections with business associates, insurance sales people & executives, 6322
transformational vs transactional leadership style, global leadership & management behaviors, 24–63 yr old senior managers & direct reports & straight- & dotted-line supervisors, 35613
Top Level Managers—Chapters
The CEO's psychological characteristics and ethical culture, 29109
An empirical investigation into factors relating to the adoption of executive information systems: An analysis of EIS for collaboration and decision support, 32463
Global leadership: Women leaders, 32362
Managerial discretion, compensation strategy, and firm performance: The case for the ownership structure, 29111
Reconciling I/O psychology and executive perspectives on global leadership competencies, 32335
Technology in executive learning, 32363
Topography—Serials
amplitudes & topographic patterns of mismatch negativity & N2b during selective attention task counting deviant stimuli, outpatients with schizophrenia, 11419
cognitive neuropsychological rehabilitation program, 46 yr old female patient with topographical disorientation, 11882
EEG topographical analysis of spatial disorientation, healthy males (mean age 30.3 yrs), 13628
P300 topography & presence of temporal abnormalities, 18–55 yr old male patients with schizophrenia or manic psychosis, 11337
self-induced anger or joy vs anxiety or sadness mood, preference for landscapes with prospect vs refuge features, 17–56 yr olds , 1327
topography & atrophy of corpus callosum & frontal & temporal & parietal lobe volume & severity of dementia, patients with Alzheimer's disease, 31298
tranquility & preference attitudes for natural settings, college students, 32443
Torticollis—Serials
alexithymia & mental representations of attachment, patients with idiopathic spasmodic torticollis, 11934
Torture—Serials
emotional & physical & sexual child abuse & communist indoctrination via torture & depersonalization, male victim raised in foster care in USSR , 30833
extreme stress of torture, case reports of 31 & 37 yr old patients suffering from Capgras syndrome & schizoaffective disorder & PTSD, 27560
predominance of respiratory symptoms during panic attacks, male panic disorder patients with history of torture by suffocation, 11457
role of nation-state in escalation of & game theory analysis of torture, 33726
symptoms of acute PTSD, combat experienced soldiers (males aged 23–35 yrs) vs tortured prisoners of war (males aged 19–45 yrs), 24334
therapy & mental state of a couple who experienced violence during torture, 38027
torture & detention vs bereavement following witnessing of violent death of relative by apartheid government, basic assumptions about world & self-worth, adults with PTSD, South Africa, 37407
Touch [See Tactual Perception]
Touching [See Physical Contact]
Tourette Syndrome [See Gilles de la Tourette Disorder]
Toxic Disorders [See Also Acute Alcoholic Intoxication, Lead Poisoning, Mercury Poisoning, Narcosis, Neuroleptic Malignant Syndrome, Toxic Encephalopathies, Toxic Psychoses]—Serials
assessment of postexposure neurobehavioral & neuropathological changes, 27–52 yr olds with carbon monoxide poisoning, 31051
discontinuation of clozapine treatment due to grand mal seizures & liver toxicity, 30 yr old male with schizophrenic psychosis, 12222
neuropsychological impairments associated with resolution of cortical blindness following cyclosporine neurtoxicity, 6 yr old male, 15008
progression of parkinsonism & other symptoms of manganese poisoning, 80 yr old male, 14 yr followup, 11770
voluntary intoxication & criminal responsibility, US & Puerto Rico, 29271
Toxic Disorders [See Also Acute Alcoholic Intoxication, Lead Poisoning, Mercury Poisoning, Narcosis, Neuroleptic Malignant Syndrome, Toxic Encephalopathies, Toxic Psychoses]—Books
Environmental illness: Myth and reality, 8484
Toxic Encephalopathies—Serials
cerebrospinal fluid tau levels as diagnostic adjunct in differentiating alcohol-induced organic brain disordered vs nondemented alcohol dependent vs Alzheimers disease patients, 21585
predictors of improvement in P300 latency, 27–54 yr olds with history of exposure to organic solvents & mild solvent encephalopathy, 1,5 yr follow-up, 5189
Toxic Psychoses—Serials
psychosis following overdose of fluoxetine & enalapril, 44 yr old female with major depression, 2343
Toxic Waste [See Hazardous Materials]
Toxicity—Serials
animal model of cocaine-induced cardiovascular toxicity & differential reactivity, rats, 33430
antidepressant & antipsychotic & mood stabilizing & benzodiazepine drugs in mother's breast milk, infants, 18755
beneficial effects of S-adenosyl-L-methionine, aminolevulinic acid dehydratase & glutathione & lipid peroxidation, mice following ethanol &/or lead administration, 29998
development of quantitative assay of avoidance behavior for neurons exposed to toxic concentrations of cadmium vs copper vs nickel ions, wild-type vs mutant worms, 23347
effect of non-steroidal anti-inflammatory drugs on toxicity of human THP-1 monocytic cells towards neuron-like cells, implications for role of inflammatory processes in Alzheimer's disease, 30016
gestational aluminum with vs without restraint, fetal morphological defects & development, female rats, 7177
neuropsychiatric toxicity associated with cytokine therapies, 35095
pentachlorobiphenyl 126, development through gestation & lactation, multiple FI-FR & DRL performance, rats, 7248
prescribed methadone & near-fatal toxicity, 27 yr old opioid-naive male with renal colic, case report, letter, Australia, commentary, 2479
role of glutamate receptor activation & blockade on long-term potentiation & learning & neurotoxicity, 13551
self-poisoning & suicide risk & fatal toxicity potentials of orphenadrine & other antipsychotic & anticholinergic drugs, patients with psychotic illnesses, commentary, 15340
Toxicity—Chapters
Environmental influences on prenatal development and health, 11771
Pharmacotherapy and toxicology of oppositional defiant disorder and conduct disorder, 25257
Toxins [See Poisons]
Toy Selection—Serials
hormone transfer theory & stereotyped toy play, opposite- vs same-sex dizygotic twins, 4496
sex, toy choice in structured play session, male vs female 1 vs 3 vs 5 yr olds, 17376
Toys [See Also Anatomically Detailed Dolls]—Serials
physiques of male action toys, cultural ideals of male body image & contribution to body image disorders, 21426
toys & play & role of adults with children with severe & profound disabilities, 18119
Trachea—Serials
tracheostomy before age 8 mo, speech errors & phonetic characteristics & phonological skill & level of speech development, 2.7–6.7 yr olds, 3 mo study, 23703
Tracking [See Also Rotary Pursuit, Visual Tracking]—Serials
automated face analysis by feature point tracking & its concurrent validity with manual Facial Action Coding System, 18–30 yr olds, 9986
early-developing knowledge & head tracking & reaching for moving objects, 6-mo-olds, 4452
hand vibration exposure, movement precision & performance time during visuo-manual tracking task, 20–32 yr olds, 10079
Traditionalism [See Conservatism]
Traffic Accidents (Motor) [See Motor Traffic Accidents]
Trainable Mentally Retarded—Serials
goal attainment scaling in evaluation of 3 behavior interventions, self-care behavior, congenitally moderately intellectually impaired 19–39.1 yr olds, 16 wk followup, 28337
nature & perceptions of stressful life events, adults with mild or moderate intellectual disability, 18159
oral administration of MMPI-168(L), assessment of personality & psychopathology & changes in mental health status, 17–45 yr olds diagnosed with mild to moderate mental retardation, 13070
risperidone induced unremitting weight gain & subsequent implementation of low-glycemic carbohydrates & balance of proteins & fats, 9-yr-old male with autism & moderate mental retardation, 2334
social comparison & self-esteem & depression, adults with mild & moderate intellectual disability, 37691
Training [See Education]
Training (Athletic) [See Athletic Training]
Training (Clinical Methods) [See Clinical Methods Training]
Training (Clinical Psychology Grad) [See Clinical Psychology Grad Training]
Training (Community Mental Health) [See Community Mental Health Training]
Training (Graduate Psychology) [See Graduate Psychology Education]
Training (Mental Health Inservice) [See Mental Health Inservice Training]
Training (Motivation) [See Motivation Training]
Training (Personnel) [See Personnel Training]
Training (Psychiatric) [See Psychiatric Training]
Training (Psychoanalytic) [See Psychoanalytic Training]
Training (Psychotherapy) [See Psychotherapy Training]
Trains (Railroad) [See Railroad Trains]
Tranquilizing Drugs [See Also Amitriptyline, Doxepin, Haloperidol, Neuroleptic Drugs, Pimozide, Thiothixene]—Serials
5-HT1A receptor agonist F11440, anxiolytic & antidepressant properties & corticosterone secretion & radioligand binding & drug discrimination, mice & rats & pigeons, 693
antipunishment effects of benzodiazepine agonists & anxiolytic-like effects & clinical dose in humans, male pigeons, 10599
anxiogenic vs anxiolytic effects of amphetamine vs MDMA, male mice, 10607
anxiolytic drugs deramciclane vs ritanserin vs chlordiazepoxide, EEG and deep sleep, rats, 17033
anxiolytic effects & benzodiazepine receptor actions of synthetic flavonoid 6-bromo-3'-nitroflavone, male mice, 767
anxiolytics & antidepressants, major depressive disorder & generalized anxiety disorder, 5610
behavioral toxicity of various anxiolytic & antidepressant drugs in choice RT vs short term memory or critical flicker fusion threshhold tests , 18692
blocking effect of dizocilpine on the development of tolerance to diazepam's sedative & anxiolytic effects, male rats, 13727
choice & assessment of level of anxiolytic & analgesic drugs, patient comfort & pain & sleep & stress in intensive care unit, critically ill patients with medical & surgical conditions, 15411
diazepam & gepirone dosages & novel object vs no object in familiar compartment, novelty-induced place preference, male rats, 20311
diazepam vs tandospirone, hyperglycemia elicited by immobilization-induced stress, normal male mice, 4276
efficacy & safety of anxiolytics & adrenergic agents & naltrexone, children & adolescents with psychiatric disorders, 21944
extent & appropriateness of benzodiazepine vs anxiolytic use & mental health status as predictor of use, elderly, comment, 25182
factors predicting prescription of neuroleptic or anxiolytic or hypnotic or antidepressant medication, child & adult patients with intellectual disabilities, 18717
guidelines for psychopharmacologic treatment of schizoaffective disorder with antipsychotic & thymoleptic & other drugs, 18715
medical condition & psychopathology of anxiety, lifetime history & conditions of use of prescribed hypnotic & tranquilizing drugs, 17–89 yr old inpatients admitted to internal medicine departments, 21938
meta-chlorophenylpiperazine & ipsapirone & exercise, central serotonergic receptor sensitivity, marathon runners, 7169
neurobiological effects of icv infused anxiolytic compounds in animal models of anxiety, 20335
novel benzodiazepine omega receptor agonists Y-23684 vs RWJ-46771 vs diazepam vs clobazam, defense test battery performance & anxiolytic-like activity, male mice, 13741
prevalence of anxiolytic & hypnotic drug use during hospitalization, patients in medical & gynecological & surgical departments of general hospitals, 5680
research designs for study of mood stabilizer maintenance in bipolar disorders, 18665
subchronic vs acute administration of nitric oxide synthase inhibitor 7-nitroindazole, tolerance & anxiolysis as seen in open arm exploration time in elevated plus maze, rats, 4142
tranquilizer & smokeless tobacco use, 7th–12th graders, 1992, 18089
Tranquilizing Drugs [See Also Amitriptyline, Doxepin, Haloperidol, Neuroleptic Drugs, Pimozide, Thiothixene]—Chapters
Pharmacology of sedatives, hypnotics, and anxiolytics, 793
Psychological and psychiatric consequences of sedatives, hypnotics, and anxiolytics, 1823
Psychopharmocology: A primer, 25253
Sedative-hypnotic and anxiolytic agents, 35035

Transactional Analysis—Serials
body-oriented approaches for script changing in transactional analysis, 20 yr old female with anorexia, 18536
bombing of the Murrah Building in Oklahoma City & its aftermath from a transactional analysis perspective, 5579
effectiveness of transactional analysis as function of therapy length vs groups of psychiatrists & psychologists & social workers & marriage counselors & physicians assessed in prior studies, clients, 18529
integration of play therapy & transactional analysis, 24969
reciprocal relevance & influence of transactional analytic dynamics & spirituality in human development & therapeutic practice as viewed through family prisms, 24990
traditional Hawaiian practice to rectify problems in interpersonal relationships in relation to elements of transactional analysis theory, 17472
transactional analysis as theory & context for integrated approach to psychotherapy, 24983
transactional analysis training, communication with residents, nursing home staff, 6034
transactional analysis, use of childhood photographs of clients & their families to bring past memories into present, 24997
treatment considerations for female overeating & obesity using a transactional analysis framework, 5467
use of no-psychosis contracts in transactional analysis approach to treatment, individuals with psychosis, 25021
Transactional Analysis—Chapters
Transactional analysis in groups, 38155
Transcultural Psychiatry—Serials
critique of glossary of culture-bound syndromes in DSM-IV, 1461
cultural considerations & evidence in determination of DSM-IV diagnostic criteria for schizophrenia & related psychotic disorders, 1595
cultural considerations in & suggestions for nosology of DSM-IV dissociative disorders section, 1603
cultural factors & considerations in DSM-IV classifications of mood disorders, 1532
inclusion & exclusion of cultural factors & considerations for classification of childhood disorders in DSM-IV, 1449
interactions between culture & psychopathology from clinical perspective, 31371
issues in diagnosis & treatment & management of mental disorders across cultures & medical vs cultural views of disorders, 31380
transcultural biopsychosocial perspective on prevention & management of postnatal depression & relation to culturul postnatal rituals & other social influences regarding care & choice of therapy, England & Scotland vs Africa, 313
Transcultural Psychiatry—Chapters
Prescribing for Africans: Some transcultural guidelines, 28530
Transducers—Serials
design & properties of transducer for concurrent recording of outer eyelid closure, rabbits, implications for conditioning, 3961
olfactory proteins & odeorants & transduction apparatus & globase basal cell turnover & odoraolfactory sensory neuron line, 36440
Transfer (Learning) [See Also Positive Transfer]—Serials
acquisition & transfer of Control of Variables Strategy, ability to design & evaluate unconfounded experiments & make valid inferences, 7–10 yr olds, 36736
class-consistent differential reinforcement in matching-to-sample training, stimulus class formation, pigeons, 26486
computer based training & testing procedure, acquisition & transfer of sentence construction & particle usage & written & verbal response skills, 6 & 8 & 10 yr old autistic males, 37647
course of learning & transfer of performance changes in direction discrimination of primary- vs temporal frequency- vs motion-defined stimulus, 13–56 yr olds, 16528
cross-modal transfer of shape between touch & vision, 1 mo olds, 36750
difficulty of initial training & acquisition & transfer of strategic processing skills & memory for processed stimuli during visual discrimination tasks, 18–25 yr olds , 32769
etiology of content specificity in transfer & generalizability of problem solving in medical education, 2750
expertise in karate, intentional transfer of motor skill in learning tai chi, 17–42 yr old expert vs novice males, 13251
exposure to transformations & principled change in concept formation, transformational knowledge & categorization of novel objects, college students , 32931
exposure to virgin vs fertilized females, courtship conditioning retention vs transfer, male Drosophila, 13407
functional categorization of object to their pictures, baboons, 3645
functional categorization of object to their pictures, baboons, erratum, 13390
implicit & explicit memory for familiar objects presented to vision & touch & cross-modal priming, college students , 16662
independent vs common mental representations of multiplication & division problems & solution processes, adults, 36225
influence of background or prior knowledge on intentional vs incidental concept learning tasks, college students, 32979
instance-based theory vs associative perspective, role of memory in cognitive skills & predictions of information & process, college students, 29655
instructions of movement patterns, learning of bimanual visual–motor coordination task, college students in specific vs general vs no-instruction vs secondary task learning groups, 32770
item-specific transfer between inverted & identical multiplication & division problems, 18–47 yr olds, 36212
labels as cues in formation of subgoals in solving novel problems, college students, test of subgoal learning model, 273
learning transference between orientation & direction discrimination, adults, implications for neural mechanisms, 36266
natural vs simulated context, motor skill acquisition & transfer, 19–31 yr old college students, 13256
outcome oriented effects of ropes course participation, 10–12th grade tennis players, 4403
phenytoin, appetitive-to-aversive transfer learning, female rats, animal model of cognitive side effects of antiepileptic medication, 33363
phonological awareness & reading achievement in English & French, English speaking 1st & 3rd & 5th graders learning to read French in immersion class, 1 yr study, 12682
possible mechanisms for spillover processes between pro-environmental behaviors, Danish adults, 16234
practice vs transfer designs, stimulus–response compatibility & Simon effects in choice–reaction tasks, adults, 10133
relation between conceptual understanding of mathematical equivalence & procedures for solving equivalence problems, 4th & 5th graders, 10790
secondary task performance as distractor, expression of knowledge of primary task, 19–49 yr olds, test of suppression hypothesis in implicit learning, 6904
specific vs variable practice distances, acquisition & retention & transfer performance of dart throw, college students, 3512
successive-reversal training, functional class establishment in sequential responding task, female chimpanzee, 26490
test of the transfer-appropriate processing framework on performance of 2 implicit memory tasks, college students, 32961
traditional didactic vs open project based mathematics teaching models, mathematics learning & transfer, Year 9 high school students, 3 yr longitudinal study, 6137
transfer effect, well- vs ill-formed & within- vs across-domain vocabulary elements in artificial grammar learning, college students, 29652
transfer from normal vs scrambled text in repeated reading task, 4th graders vs college students with high vs low reading ability, 17250
transfer of learning between concurrent discrimination & matching or non-matching to sample discriminations, rats, 19949
transverse patterning training, configural learning & problem solving, college students, 3582
use specificity & cognitive skill representation, information transfer, college students, implications for production-system model of information processing, 6861
value transfer in simultaneous instrumental discrimination task, pigeons, 23194
variants of learning-by-observation of writing & reading processes, learning & transfer, Ss who finished the 9th grade, 15934
Transfer (Learning) [See Also Positive Transfer]—Books
Word problems: Research and curriculum reform, 12629
Transfer (Learning) [See Also Positive Transfer]—Chapters
Anaphora in language processing: Transfer of cognitive strategies by native Chinese, Dutch, English, and Japanese speakers, 268
Problems of transfer of classroom mathematical knowledge to practical situations, 6224
Training and developing adaptive teams: Theory, principles, and research, 3162
Transfer effects of first language proficiency on second language reading, 259
Transferases—Serials
age & alcohol consumption & abstinence duration, serum carbohydrate-deficient transferrin & gamma-glutamyltransferase & mean corpuscular volume, male alcohol-dependent patients (mean age 41.6 yrs), 37574
efficacy of carbohydrate-deficient transferrin as marker of alcohol consumption vs chronic alcohol misuse, surgical inpatients, 8367
fluoxetine, hippocampal serotonin N-acetyltransferase messenger RNA content, male rats, antidepressant implications, 13826
intranucleus basalis magnocellularis saporin, dose-dependent acquisition & performance of go/no-go task & choline acetyltransferase activity, male rats, 17030
mutation analysis of catachol O-methyltransferase gene, patients with schizophrenia (mean age 47 yrs), implications for genetic role , 30704
nurse-conducted intervention, gamma-glutamyl transferase & excessive drinking, 25–54 yr olds with high levels of gamma-glutamyl transferase, 2 yr followup, 2698
postmortem choline acetyltransferase & acetylcholinesterase deficits & cognitive deterioration, 62–103 yr olds with no vs questionable cognitive impairment vs early Alzheimer's disease, 21548
postmortem choline acetyltransferase & acetylcholinesterase deficits & cognitive deterioration, 62–103 yr olds with no vs questionable cognitive impairment vs early Alzheimer's disease, comment, 21547
rate of change of serial gamma-glutamyl transferase, alcohol-dependent 26–63 yr olds during abstinence while in alcohol treatment program, implications for use as biological marker, 8353
Transference (Psychotherapeutic) [See Psychotherapeutic Transference]
Transformational Generative Grammar—Serials
perception of complex ungrammatical sentences as grammatical, memory & recall, young adults, 26904
Transgenerational Patterns—Serials
application of M. Bowen's family systems theory to research on family of origin processes & intergenerational transmission of attitudes toward & readiness for marriage, 17–21 yr olds, , 942
attachment & child maltreatment & intergenerational transmission of maltreatment, 1714
attitudes toward women & dating as indication of maintenance of traditional culture, Asian Indian immigrant families, 4587
childhood exposure to parental dyadic aggression & unskilled parenting, aggression toward female partners in young adulthood, at-risk males, 833
dynamics of an experiential family of origin group therapy workshop, 38109
ethnographic determinants of early introduction of non-milk foods & intergenerational factors in infant feeding decision-making, 13–20 yr old Black low income mothers & grandmothers of infants, 36974
experiences in family of origin, functioning of current dating relationship, 17–37 yr olds, 23875
incest survival in childhood, parenting characteristics in adulthood, adult females, 30803
influence of intergenerational transmission & devaluation of femininity in affect choice, clients with psychosomatic distress in treatment, 31451
integration of M. Klein's concept of phantasy & intersubjectively oriented infant observation research & projective identification & intergenerational transmission of trauma, commentary reply, 17734
integration of M. Klein's concept of phantasy & intersubjectively oriented infant observation research & projective identification & intergenerational transmission of trauma, 17733
intergenerational behavior continuity & risk transfer, parents & offspring, research implications, commentary, 847
intergenerational behavior continuity & risk transfer, parents & offspring, 849
intergenerational behavior continuity & risk transfer, parents & offspring, commentary, 843
intergenerational development of academic competence & aggressive behaviors, young mothers & their children, 17 yr study, 832
intergenerational patterns of age at 1st birth & family & personal characteristics in childhood & adolescence & adult self-sufficiency, offspring & their mothers, 30 yr study, 838
intergenerational stability of difficult & inhibited childhood temperamental behaviors, parents assessed at age 7 yrs & their 2 yr olds, 907
intergenerational transmission of trauma within object relations framework, 32–49 yr old Jewish female children of Holocaust survivors, comment, 30789
intergenerational transmission, health-risk behaviors & health-risk lifestyles, adolescents & their parents, 33936

maternal childhood aggression &/or withdrawal, intergenerational risk for teen motherhood & adverse birth circumstances & academic failure & other negative psychosocial outcomes, mothers & daughters, 968
maternal smoking & socialization & parenting support & control practices, intergenerational transmission of adolescent smoking, mothers & their children, 835
model for understanding mechanisms & moderators of transmission of risk for psychopathology & abnormal development, children of depressed mothers, 27519
multigenerational patterns & family structure, families in which grandparents raise grandchildren, 1 yr followup, 1141
negative maternal attributions & parent-to-child projective identification & intergenerational transmission of violent relational patterns, mother & daughter in psychotherapy, commentary reply , 18017
negative maternal attributions & parent-to-child projective identification & intergenerational transmission of violent relational patterns, mother & daughter in psychotherapy, 18016
parent & grandparent major depressive disorder, risk of major depressive disorder & anxiety, offspring, 14470
parental alcoholism in childhood, alcohol & drug abuse or dependence & anxiety & depression in young adulthood, 10–15 yr old children of alcoholics, 11600
paternal deviance & family environment, transmission of deviance & alcoholism & criminality to children, alcoholic &/vs criminal fathers & their sons, 24441
paternal vs maternal violence in family of origin, conjugal psychological aggression, adults, 5125
pathogenic effects & psychodynamic therapy of intergenerational transmission of war trauma, fathers & their children, 37280
pedigree analysis for determination of familial nature & inheritance patterns & onset age of frontotemporal dementia, index patients & relatives, 31198
perceptions of parents' religious beliefs & quality of relationship with parents, religious beliefs, female undergraduates & their parents , 30235
perceptual pathway of political socialization, Swedish data collected from 15–16 yr old adolescents & their parents, 33811
personality & marital relationships & parenting within & between generations, 23–39 yr old mothers & 42–79 yr old grandmothers, 23886
prevalence of maternal social phobia, shy 4-yr-olds, 24325
projective identification & intersubjective infant observation research & phantasy & intergenerational transmission of violent relational patterns & trauma & maternal attributions, commentary, 17721
projective identification & intersubjective infant observation research & phantasy & intergenerational transmission of violent relational patterns & trauma & maternal attributions, commentary, 17724
projective identification & intersubjective infant observation research & phantasy & intergenerational transmission of violent relational patterns & trauma & maternal attributions, commentary, 17725
risk factors & role of intergenerational social mobility & class inequalities in alcoholism, Swedish 19–20 yr old males, 16 yr study, 37565
sequential process model for intergenerational transmission of offspring's marital conflict & parental divorce, newlyweds (mean age 25 yrs), 3 yr study, 36970
sex & levels of physical punishment & hostility & own parents' disciplinary behavior, working vs middle class parents of 4–7 yr olds, Northern Ireland, 17503
test of hypothesis based on withdrawal threshold for explanation of intergenerational transmission of divorce, adolescents of divorced vs married parents, 30332
threatened offspring & predators, transgenerational induction of defenses, animals & plants, 33091
trauma-induced repetition & pathological object relations & dissociation as components of childhood victimization relative to generational transmission of child abuse, mother–child dyads, 8261
values & associated moral meaning, cigarette smoking, college students & their parents & grandparents, US, 23942
witnessing interparental violence as a child in same vs opposite sex vs both parents & transgenerational transmission of risk for perpetrating vs victimization of dating aggression, college students, 36959

Transgenerational Patterns—Books

Learning in likely places: Varieties of apprenticeship in Japan, 3603

Transgenerational Patterns—Chapters

Generational adaptations to the transition, 30288
Impact of mental illness on the family, 30643

Transistors (Apparatus) [See Apparatus]

Transitional Objects—Serials

4-level model of use of transitional objects in psychotherapy, Gestalt vs psychodynamic-interpersonal therapists, 15124
memory probe of play with early object & current capacity for transitional relatedness, patients in therapy, 24977
psychoanalytic perspective on creativity & transitional art objects & early preverbal communication & dialog, 14377
validity & clinical utility of transitional object early memory probe in psychodynamic psychotherapy, Early Memory Transitional Relatedness Scale & Rorschach Transitional Object Scale, inpatients, 74

Transpersonal Psychology—Serials

history of transpersonal psychology & predicted interdisciplinary future directions, 29306
implementation of Transpersonal Care Program in clinical setting, 31439
introduction & overview of historical development & scientific basis & philosophical stance & theoretical principles & clinical methods of transpersonal psychology, 2239
overview of transpersonal psychology & its impact on future interdisciplinary investigation of spirituality & educational theory & human development & social values, 29307
philosophical & religious & transpersonal psychological & mystical views on consciousness & hierarchy of developmental stages of spirituality & mind, 30081
theory of transpersonal psychiatry, 31575
transpersonal psychiatry & psychopharmacology & biologic vs spiritual perspectives in mental health treatment, 31577
transpersonal theory & its application to psychotherapy, 8758

Transpersonal Psychology—Books

Humanistic and transpersonal psychology: A historical and biographical sourcebook, 9784

Transpersonal Psychology—Chapters

The continuing need for a humanistic and transpersonal psychology, 9794
Transpersonal psychology: The fourth force, 9791

Transplants (Organ) [See Organ Transplantation]

Transportation [See Also Air Transportation, Ground Transportation, Public Transportation, Water Transportation]—Serials

demographic characteristics & fear of & sensitivity to noise, annoyance from transportation noise, male vs female 10–70+ yr olds, North America vs Australia vs Europe, 26003

Transportation Accidents [See Also Air Traffic Accidents, Motor Traffic Accidents]—Serials

cultural & psychosocial factors, chronic pain following whiplash, adult victims of rear-end automobile collision, 1 yr study, Lithuania, 16244
effect of cycle helmet wearing on hospitalized head injuries, 5–12 vs 13–18 vs 19 yr olds & older involved in motor vs nonmotor vehicle crashes, New Zealand, 35773
explanations of & research evidence for chronic whiplash syndrome, car drivers, 16245
formal object-oriented specification language approach for task analysis of accident modeling, 3196
urban development & other causes & social impact of & mortality & injury rates associated with & challenges to changing & preventing high traffic accident rates, large cities in Brazil, 26014

Transposition (Cognition)—Serials

facilitation of luminance vs star discrimination in relational learning & transposition of rectangles, pigeons, 10260
positional transposition of radicals in Chinese characters, character recognition, native Chinese speakers, 23633

Transracial Adoption [See Interracial Adoption]

Transsexualism—Serials

assessment of dissociation, highly functional transsexuals, 7757
cognitive ability & cerebral lateralization & cross-gender identity, 17–57 yr old early onset transsexuals, 5010
development & implementation & evaluation of HIV prevention education, transgender community, 22080
eating disorder in 25 yr old biological male transgendered patient, implications for transgenderism as risk factor in development of eating disorder symptoms, 1903
effects of cross-sex hormones on cognitive functioning, 19–45 yr old male-to-female vs 16–44 yr old female-to-male transsexuals, replication, 1 yr follow-up , 17101
etiology of & physiology & developmental & family factors & psychopathology & sex change & other treatments for gender identity disorder & transsexualism, 17815
gender dysphoria & emotional & physical adjustment to transsexual identity, male-to-female aeromedical certification candidate, 14446
HIV prevention education workshop, AIDS awareness & knowledge & attitudes & risk reduction & program satisfaction & suggestions for improvement, 29–58 yr old transgendered workshop participants, 7746
HIV risk behaviors, transsexual vs non-transsexual male inmates, 11842
impact of power & knowledge systems on self & body & gender identity of transgendered social actors, 24–68 yr old male transsexuals, 11071
physiological & psychosocial & sexual functioning & adjustment & satisfaction & surgical results, male to female gender transformation surgery patients, 3 yr followup, 14210
social network size, social & political activity, members of transgender organizations (mean age 46 yrs), 17524

Transsexualism—Books

Gender loving care: A guide to counseling gender-variant clients, 15164

Transsexualism—Chapters

In their own words: Communication and the politics of HIV education for transgenders and transsexuals in Los Angeles, 9089

Transvestism—Chapters

Gender identity disorders and transvestic fetishism, 17854

Tranylcypromine—Serials

exercise & imipramine or tranylcypromine, enhanced brain derived neurotrophic factor expression, rats, 36615

Trauma (Emotional) [See Emotional Trauma]

Trauma (Physical) [See Injuries]

Traumatic Brain Injury—Serials

acute vs chronic MK-801, recovery of spatial memory, male rats with traumatic brain injury & bilateral cortical deafferentation, 7081
age at injury & laterality of contusion, reading fluency & comprehension & decoding accuracy, children & adolescents with closed head injury, 11869
amantadine & adjunct dopaminergic drugs, frontal lobe dysfunction, 40 yr old female with bilateral frontal traumatic brain injuries & previous arteriovenous malformation bleed, 15413
analysis of narrative discourse production, 18–45 yr olds with mild vs moderate traumatic brain injury, 5412
anxiety associated with PTSD & postconcussive symptoms, 16–65 yr olds with mild traumatic brain injury , 21541
apathy & etiology lesion location & depression & psychophysiological reactivity, 16–60 yr olds with acquired brain damage, 18339
apolipoprotein E-epsilon 4 genotype as predictor of days of unconsciousness & functional outcome, 18–73 yr old survivors of traumatic brain injury, 11890
assessment of general psychosocial & vocational rehabilitation & family services outcomes, community-based acute brain injury rehabilitation service, 35999
assessment of outcome of cognitive & behavioral units in inpatient neurological rehabilitation hospital, 35981
assessment of outcome with measures of impairment & disability & handicap in cognitive behavioral rehabilitation units for acute brain injury, 35991
auditory vs visual speech timing cues as external rate control to enhance verbal intelligibility, male speakers with traumatic brain injury & mixed spastic-ataxic dysarthric impairment, 5391
Barthel Index & Functional Independence Measure, assessment of functional & disability outcome, outpatients with acquired brain injury in outpatient neurological rehabilitation, 35982
behavioral outcome measures in rehabilitation program for acquired neurological damage & behavior problems, 35979
biofeedback assisted relaxation training, anxiety & related resistance in therapy, severely brain injured & cognitively impaired 21 & 75 yr old males, 15398
biographical & injury & impairment & psychological variables, successful psychosocial outcomes, traumatic brain injury patients, 24852
blood alcohol level & cognitive status, 15–81 yr olds with recent traumatic brain injury, 5312
brief cognitive behavioral interventions for postconcussive syndrome, patients with mild traumatic brain injury, 8793
British Mental Health Act of 1983 & legal determination of capacity to manage property & affairs, 18 yr old female who brought legal action after brain injury in traffic accident, 39080
characteristics of astrocyte subtypes in damaged frontal & parietal & temporal cortex, 2 mo–80 yr olds with traumatic brain injury vs brain tumors vs vascular anomalies, 31196
citocoline, neuropsychological functional recovery, male 41 & female 39 yr olds with traumatic brain injury, case reports, 18738
clinical & pathoanatomical correlates of irritability, traumatic brain injury patients with acute vs delayed onset irritability, 3 & 6 & 9 & 12 mo followups, 24820
clinical ratings & listener perception of nasality & nasalance in persons with traumatic brain injury, expert listeners, 31284
cognitive & neuropsychological functioning, patients with migraine headache vs nonheadache chronic pain vs mild traumatic brain injury, 18242

cognitive & psychosocial outcomes, 15–78 yr olds with mild–severe head injury & their relatives, 6 vs 12 vs 24 mo followup, 34642
community-based empowerment program, empowerment status, 16–74 yr old family members of persons with traumatic brain injuries, 3 mo followup, 31952
comparison of 9 WAIS-R short forms, correlation with WAIS-R Full Scale IQ, adults (mean age 35.4 yrs) with mild to severe traumatic brain injury, 13092
conceptualization of & treatment & assessment considerations for depression after traumatic brain injury, 5387
consensus statement on rehabilitation of persons with traumatic brain injury, 38588
conversational discourse & social integration & quality of life, adults with traumatic brain injury near point of community reentry, 5343
craniotomy requirement, outcome on Disability Rating Scale, 16–85 yr olds with traumatic brain injury who required inpatient rehabilitation, 15438
critical review of impact of traumatic brain injury on families, 11925
demographics & injury severity & functional variables as predictors of community integration & vocational outcomes, patients with traumatic brain injury (mean age 35.8 yrs), 2–5 yr followup, 31221
demographics & type of services & satisfaction & outcomes of coordinated interdisciplinary home-based neurorehabilitation program, 1–40+ yr olds with brain injuries, 6 & 12 mo followup, 35255
detection of exaggeration of memory impairment, claimants & litigants without head injury, 28138
development & psychometrics of Brain Injury Community Rehabilitation Outcome scales, assessment of personal & social functioning, patients with acquired brain injury, 35994
disappearance of food aversions following traumatic brain injury, 19-yr-old female outpatient & 27-yr-old male inpatient, 5340
disturbances in sexual arousal & degree to which disturbances are consequence of dimunition of ability to form & manipulate sexually arousing imagery, 21–61 yr old males with traumatic brain injury, 31206
dysfunction of executive abilities & characterological changes, 15–50 yr old patients with traumatic brain injury & their relatives, 18429
effectiveness & acceptability of occupational therapy guidelines to alleviate gender role strain, 27–48 yr old males with traumatic brain injury, 12550
effectiveness of attention process training, adults with traumatic brain injuries, 19043
electrical stimulation of right median nerve, Glasgow Coma Scale scores & days in intensive care & 1 mo postinjury outcome, comatose traumatic brain injury 13–42 yr olds, 31781
electrodiagnostic methods for assessment of abnormalities in visual processing & effects of optometric rehabilitation, patients with mild traumatic brain injury, 6–18 mo followup, 34627
emotional responsivity during therapeutic interaction, 16–64 yr old severe traumatic brain injury inpatients with vs without apathy, 31175
episodic memory & focal neuropathology & self, adult male with isolated retrograde amnesia following severe traumatic brain injury, 2052
estimation of areas of function lacking in self-awareness of competency, adults with traumatic brain injury, 3 & 12 mo follow-ups, 15007
evaluation of driving ability by occupational therapists, stroke victims, 8637
evaluation of individual & family & community outcomes of neurological rehabilitation, 16–65 yr olds with traumatic brain injury & their families, 38589
evaluation of neuropsychological assessments for brain damage & recovery processes, adults with severe head injuries with vs without post-traumatic amnesia, 34690
factor structure & profile subtypes of Wisconsin Card Sorting Test, 17–70 yr olds with traumatic brain injury, 22898
factors associated with transition from fully supervised living to lower levels of supervision & perceived success of transition, 19–31 yr olds entering community after brain injury rehabilitation, 31282
family problem-solving & role of health care professionals, families with adult member with traumatic brain injury, 6 & 24 mo followups, 5905
family resources & environment, behavioral outcomes, 5–15 yr olds with traumatic brain injury, 2 yr study, 11910
family therapy & rehabilitation & screening & assessment for & impact on family & signs & symptoms of traumatic brain injury, 18797
free recall of words & nonwords, 9–60 yr old Ss with traumatic brain injury, 18433
frequency & features of resultant impaired stereoacuity, adults (mean age 33.05 yrs) with traffic accident induced head trauma , 28188
frequency & type of special education, 11.3–20.1 yr old middle & high school students with vs without parent-reported & school record-confirmed traumatic brain injuries, 32305
frequency of mood disorders, 16–65 yr olds with traumatic brain injury, 6 & 12 mo followup, 34610
full & divided attention, explicit & implicit memory, individuals (mean age 28.66 yrs) with severe traumatic brain injury, 24857
Functional Independence Measure vs modified Barthel Index, prediction of length of stay & disability outcome at discharge, 16–60 yr olds in neurological rehabilitation following acute brain injury, 35990
functional outcome as measured by ability to work or return to school after injury, 5–65 yr old males vs females with severe traumatic brain injury, 5349
functional outcome measures & assessment of cost effectiveness, inpatient neurorehabilitation settings, 35998
functional outcome measures developed by brain injury rehabilitation units, 35986
functional problems & school functioning & academic & behavioral & social interventions, children & adolescents with traumatic brain injuries, 28133
goal attainment scaling in neurological rehabilitation, 18–69 yr olds with brain injuries, 35988
goal planning in postacute neurorehabilitation center, 15–79 yr olds with CNS injuries, 38587
goal-based outcome assessment with functional activities of daily living bias & community relevance & client-centered focus, community-based rehabilitation service for acute brain injury, 35997
group psychotherapy, frustration & substance abuse & other psychosocial problems, individuals with acute or post acute traumatic brain injury within rehabilitation center, 8716
high vs low load short term memory tasks, frontal & parietal lobe activation patterns, adults with mild traumatic brain injury, 37883
ICIDH-2 classification of functional impairments & social consequences & disability following brain injury, 37845
impairment on divided attention tasks requiring working memory, patients with severe traumatic brain injury, 34667
incidence of Fuld WAIS-R profile for cholinergic deficiency, 16–49 yr olds with traumatic brain injury vs 42–80 yr olds with Parkinson's disease, dementia diagnosis & treatment implications, erratum, 2067
incurrence of concussions & chronic traumatic brain injury, performance on memory & planning & other tests of neuropsychology functioning, amateur soccer players, 37882
injury information intervention, knowledge of traumatic brain injury & awareness of deficits, 9–16 yr olds with traumatic brain injury, 12489
injury severity, self- & parent-reported quantity of psychological stress symptoms, 6–12 yr olds with orthopedic injuries or traumatic brain injury, 1-yr study, 21471
intensive & gradual vocational rehabilitation & supported employment, returning to & maintenance of work as rehabilitation outcome measure, patients with traumatic brain injury, 38628
interhemispheric transfer of auditory vs motor vs tactile vs visual information, 8–16 yr olds with mild–severe closed head injury with vs without corpus callosal damage, 28124
internal consistency & reliability of Recognition Memory Test, 17–84 yr old patients with traumatic brain injury, 5373
interrater & internal consistency reliability & concurrent & discriminative validity of Toglia Category Assessment, 18–86 yr olds with brain injury vs schizophrenia, 17764
issues in cost & effectiveness of rehabilitation, patients with traumatic brain injury, 9221
item difficulty & discrimination in Picture Arrangement subtest of WAIS-R, 16–78 yr olds with traumatic brain injury, 5354
measures for assessing vocational & psychosocial & other outcomes following rehabilitation, patients with traumatic brain injury, 5 yr follow-up, 35993
measures of functional & behavioral & psychosocial outcome, brain injured inpatients in cognitive behavioral rehabilitation units, 35992
mechanically induced traumatic brain injury, electrical activity & excitotoxicity of AMPA receptors in neonatal cortical neurons, rats, 33207
mild traumatic brain injury, immunoreactivity for c-Fos & c-Jun & JunB & Krox-24 in cerebral regions associated with conditioned fear response, male rats, 20220
motivational interviewing in acute rehabilitation setting, prevention of return to drinking alcohol, patients with recent traumatic brain injury , 12502
multiple Fregoli delusions, male 61 yr old with right frontal & left temporoparietal contusions, 28150
narrative discourse abilities, 17–48 yr old traumatically brain injured patients, 2.8 yr followup, 34679
neurogenesis after brain injury, implications for neurorehabilitation, 19038
neuropsychological assessment, persons with varying mild to traumatic head injuries with or without persisting clinical problems, 15038
nocturnal hormone secretion & sleep EEG several months after injury, 19–36 yr old males with severe traumatic brain injury, comparison with depressed patients, 31223
non-aversive methods for behavioral rehabilitation, 32 & 42 yr old with severe behavior problems resulting from brain injury, 35295
normative data by R. M. Reitan & D. Wolfson vs R. K. Heaton et al, interpretations of performance on Halstead-Reitan Neuropsychological Battery, victims of nonimpact acceleration force in accidents , 24849
occupational therapy, self-induced goals related to tasks of daily life, adults with traumatic brain injury, 9274
optometric assessment of vision disorders & rehabilitation, patients with acquired brain injury or dyslexia, 5907
optometric vision evaluation procedures, patients with closed head injuries, 35099
optometry rehabilitation subspecialty for diagnosis & treatment, patients with post-brain injury visual sequelae, 35297
outcome measures for assessment of social impact of disability & adaptive behavior following postacute community-based brain injury rehabilitation, 36003
outcome measures for impairment & physical functioning & social & psychological adjustment, day & outpatient neurorehabilitation for acquired brain injury, 36002
parenting skills & child behavior & spouse relations, families with vs without one parent with traumatic brain injury, 8679
pathological left-handedness, 6.2 yr old female who had sustained traumatic brain injury at age 2, 5370
peer group training of pragmatic skills, 14–17 yr olds with pragmatic deficits secondary to acquired brain injury, 6-mo follow-up, 9279
perceptions of school to work transition & school integration & development of & strategies needed to reach & hindrances to future goals, adolescents with acquired brain injury & their parents, 35539
performance on Halstead-Reitan Neuropsychological Test & General & Left & Right Neuropsychological Deficit Scales, patients with substance abuse or psychotic disorders with vs without cerebral trauma, 24079
postinjury attention & memory dysfunction & cholinergic mechanisms & sensory gating & EEG auditory evoked responses as physiologic marker, 34–45 yr olds with traumatic brain injury, 14994
posttrauma incidence of acute stress disorder & PTSD symptoms, 16–65 yr olds with vs without traumatic brain injury following motor vehicle accidents, 14999
potential role of neural transplantation in treatment of traumatic brain injury, 9021
preinjury factors & postinjury family environment, cognitive & academic & behavioral sequelae at 6 & 12 mo, 6–12 yr olds with moderate vs severe traumatic brain injury vs orthopedic injuries , 8676
pressure for measurable outcomes in medical model setting, music therapy practice in brain injury rehabilitation, 30 & 48 yr old male patients, 28556
prevalence & awareness of & rehabilitation for traumatic brain injury & concussion in sports, 37862
principles of optometric vision therapy & problems with oculomotor control & peripheral fields & binocular vision & visual information processing skills, patients with traumatic head injuries, 34685
psychosocial & neuropsychological outcomes 20 yrs post-injury & role of orbitofrontal & dorsolateral prefrontal cortex in adaptive behaviors, high-functioning males with traumatic brain injury, 35288
psychosocial & psychiatric & injury-related factors, cognitive outcome, 5–14 yr olds following severe traumatic brain injury, 11918
PTSD symptoms, 6–14 yr olds with traumatic brain injury, 2057
quality of life & strain on family members, severely brain injured 12–39 yr olds & their closest relatives, 10 yr follow up, 5365
recovery from severe treatment-resistant psychosis after coma from septicemia, 24-yr-old female who suffered brain injury at age 13 , 31183
scores on Functional Independence Measure + Functional Assessment Measure, 22–65 yr old inpatients with traumatic brain injury in cognitive behavioral rehabilitation, 35980
selective deficit of intermediate vision & its theoretical implications, 64 yr old female with significant visual disabilities following traumatic brain injury, 11930
self-awareness deficit in memory functioning & effects of practice & feedback on self-reporting–recall differences, 21 yr old male brain injury survivor 5 yrs post-injury, 31316

sensory & cognitive & motor deficits & advice about driving & impaired driving behavior, traumatic brain injury survivors, 5336
serotonin reuptake inhibitors with other psychotropic medications, Kluver Bucy syndrome, young adult males with severe frontal or temporal lobe traumatic brain injury, 15427
sertraline, upper lip dystonia, 24 yr old male with traumatic brain injury & depression, 12240
spatial navigation in Morris water maze over time, rats with complete vs partial transections of perforant path, animal model of recovery of cognitive functioning in traumatic brain injury, 519
spontaneous complaints, adults with long-term traumatic brain injuries vs their close relatives, 5399
state coordinated services in Minnesota toward a model delivery system for traumatic brain injury survivors, 9220
stress inoculation training program, impulsive behaviors, 20–30 yr old males with traumatic brain injury, 18558
symptom experience & effect on daily living & well-being, individuals with hidden traumatic brain injury who identified themselves as nondisabled, 8628
temporary depersonalization & multiple personality symptoms of dissociative disorder following mild traumatic brain injury, 32 yr old male, 31194
trauma & PTSD symptoms & mental health treatment & recovery, adults highly exposed to bombing of Oklahoma City Federal Building, 17953
traumatic brain injury, primary/organic/direct &/vs secondary sexual dysfunction, traumatic brain injury patients, 31174
type & extent & risk factors for development of psychiatric disorders, 18–94 yr old patients with traumatic brain injury, 14442
type of neurobehavioral symptom & family functioning, family members (mean age 49.2 yrs) of persons (mean age 36.1 yrs) with traumatic brain injury, 2029
types of associated visual problems, patients with acquired brain injury, 34643
use of fixed-time schedule for reduction of unauthorized breaks from vocational training sites, 16–24 yr old patients with traumatic brain injury, 28341
validity of Clinical Evaluation of Language Fundamentals for identification & description of language disorders, 13.3–21.7 yr olds with traumatic brain injury, 21610
Wide Range Assessment of Memory & Learning, assessment of memory functioning, 6–17 yr olds with mild-moderate or severe traumatic brain injury, 16360

Traumatic Brain Injury—Books

Communication disorders following traumatic brain injury, 37927
The evaluation and treatment of mild traumatic brain injury, 24861
Psychotherapeutic interventions for adults with brain injury or stroke: A clinician's treatment resource, 38377

Traumatic Brain Injury—Chapters

Aphasia after traumatic brain injury, 5432
Application of cognitive rehabilitation techniques in psychotherapy, 38590
Awareness and denial in psychotherapy, 38383
Communication problems following traumatic brain injury, 37943
Communication problems resulting from brain injury in children: Special issues of assessment and management, 37932
The construction of incompetence during group therapy with traumatically brain injured adults, 19117
Counseling and psychotherapy with children and adolescents with disabilities, 2189
The Delta Group Experience: TBI in France, 35311
Depression and its diagnosis and treatment, 37342
Discourse analysis in traumatic brain injury, 37933
Discourse rehabilitation following traumatic brain injury, 38637
Dysarthria following traumatic brain injury, 37939
Epilepsy spectrum disorder in the context of mild traumatic brain injury, 24872
Ethical challenges, 38379
Exchanges of information in the talk of people with traumatic brain injury, 37942
Group psychotherapy, 38382
A history of psychotherapy with patients with brain injury, 38386
The INSURE program and modifications in Finland, 35308
Integration of the evaluation and management of the transient closed head injury patient: Some directions, 24951
Malingering traumatic brain injury: Current issues and caveats in assessment and classification, 24864
Mild traumatic brain injury in children and adolescents, 24871
Mild traumatic brain injury: Scope of the problem, 24868
The nature of traumatic brain injury: Basic features and neuropsychological consequences, 37938
Nature, applications, and limitations of neuropsychological assessment following traumatic brain injury, 32693
Neural mediation of language development: Perspectives from lesion studies of infants and children, 31089
Neurological rehabilitation in Germany: The phase model, 35314
Neuropsychological impairment: Challenges for therapeutic intervention, 37941
Neuropsychological pediatric rehabilitation, 35302
Pragmatics, cognition, and communication in traumatic brain injury, 37931
Psychotherapeutic issues in treating family members, 38387
Social skill deficits following traumatic brain injury: Assessment and treatment, 37937
Substance abuse interventions for people with brain injury, 38627
Therapy for spouses of head injured patients, 25043
Transference and countertransference in psychotherapy with adults having traumatic brain injury, 38385
Traumatic brain injury rehabilitation as an integrated task of clinicians and families: Local and national experiences, 35310
Traumatic brain injury, 8694
The use of multiple informants in assessment of communication after traumatic brain injury, 37930

Traumatic Neurosis—Chapters

A place to begin: Images of the body in transformation, 25030

Traumatic Psychosis [See Reactive Psychosis]

Traveling—Serials

accompanied vs unaccompanied travel to & from school, spatial skills & knowledge & perceptions of the environment, 7–12 yr olds, 17187
direction of travel across time zones, athletic performance, 1996 football season archival data from visiting NCAA college teams, 25972
perceptions of tourism, residents, 3144
study abroad in West Africa, ethnic identity development, African American college students, 1307
travel & trip characteristics & expenditures & visibility & perceived host area reception, gay & lesbian Memorial Day tourists on beach in Florida, 33840

Trazodone—Serials

acute behavioral effects & abuse potential of trazodone & zolpidem & triazolam, 33–48 yr old males with history of alcohol & drug abuse, 28491
acute dystonia following trazodone, 14-yr-old hospitalized male with major depressive disorder with psychotic features, 8953
QT interval prolongation following trazodone overdose, 29 yr old female, 24437
trazodone & valproate, withdrawal symptoms & taper outcome, benzodiazepine dependent 21–70 yr olds, 12227
trazodone delirium, 33 & 54 & 58 yr old females with depression, 2357
trazodone, 59–88 yr olds with organic behavior disturbances, 21934
trazodone, behavioral symptoms, outpatients with frontotemporal dementia, 28453

Treatment [See Also Aftercare, Alternative Medicine, Behavior Modification, Bibliotherapy, Cognitive Techniques, Creative Arts Therapy, Crisis Intervention, Crisis Intervention Services, Cross Cultural Treatment, Health Care Services, Interdisciplinary Treatment Approach, Involuntary Treatment, Life Sustaining Treatment, Medical Treatment (General), Milieu Therapy, Movement Therapy, Multimodal Treatment Approach, Organic Therapies, Outpatient Treatment, Pain Management, Partial Hospitalization, Personal Therapy, Physical Treatment Methods, Preventive Medicine, Psychotherapeutic Techniques, Psychotherapy, Rehabilitation, Relaxation Therapy, Sex Therapy, Social Casework, Sociotherapy, Speech Therapy]—Serials

access to care & treatment for depression, Black vs White privately insured vs Medicaid patients, 22140
acute stress reactions & early intervention implications, victims of violence, 24419
addiction & psychiatric treatment rates during 6-mo period before hospital admission, 18–55 yr old inpatients with vs without comorbid PTSD in substance abuse treatment, 21644
admission & discovery of explosives in patient's home, deaf male treated for character disorder & psychotic decompensation, implications for role of therapist in protecting society & patient rights, 21660
advantages of using juvenile correctional facility records in risk-based approach to plan & implement prevention & treatment programs for violent juvenile offenders, 29283
age & PRIME-MD as screening & diagnostic tool, psychiatric diagnosis & intervention, 24–89 yr olds, commentary, 8062
age & PRIME-MD as screening & diagnostic tool, psychiatric diagnosis & intervention, 24–89 yr olds, 8082
age related factors & experience & treatment of AIDS, older HIV positive injecting drug users, 1984
anesthetic infiltration vs multidisciplinary treatment, patients (mean age 36.5 yrs) with myofascial syndrome with trigger points, 37765
application of conventional EEG & quantitative EEG studies to psychiatric diagnosis & treatment, patients with dementia or schizophrenia or mood or substance abuse or other psychiatric disorders, 20988
approaches to schizophrenia shared by healers of different cultures & strategic family therapy, 8150
assessment & management of antipsychotic-induced adverse events, 5612
assessment & treatment & followup of zoophilia, 8–16 yr old sexual abusers, 1687
assessment & treatment of enuresis & encopresis in children, school counselors, 9564
assessment & treatment, deaf 10–18 yr olds with psychiatric disorders, 15496
assessment of & treatment for cognitive & social-emotional deficits associated with mesial orbitofrontal damage, 47-yr-old female with an isolated right orbital frontal lesion, 34665
attitudes about etiology & treatment of nausea & vomiting during pregnancy, culturally & geographically diverse midwives, 15386
attitudes toward depressed & ill patients & impact on assessment & treatment, practicing psychologists, 28877
attitudes toward life review therapy, 60+ yr old Chinese- vs European- vs Mexican-Americans, 15069
attitudes toward preconsultation information on physician menopausal & premenopausal treatment practices, gynecologists & general practitioners, 2791
attitudes toward treatment of women with chronic pelvic pain, gynecologists & general practitioners, 5714
attraction to cults & indoctrination & clinical profile of members & clinical management, adolescent vampire cult in rural America, 11549
awareness & use & satisfaction with special educational & therapeutic & specialized health care services, Latino parents of young children with disabilities, 15071
awareness of & reactions to American Psychiatric Association guidelines for treatment of bipolar disorder, psychiatrists assessed before vs after continuing education intervention, 15732
behavioral & personality characteristics not related to mental retardation or obesity & age-related appearance in disorder course & effect of therapy, 0.8–36.3 yr olds with Prader-Willi syndrome, 24681
beliefs & attitudes regarding new medical treatments, sexual risk appraisal & taking, HIV discordant male homosexual couples, 5272
benefits of exercise therapy, patients with depression or anxiety disorders or developmental disabilities or body image disorders or schizophrenia or somatoform disorders or substance abuse disorders, 28543
biomedical & psychosocial aspects of sickle cell disease related to pain assessment & medical treatment & genetic counseling & education & employment, African Americans, 27999
biopsychological interactions & treatment considerations of depression in coronary artery disease & cancer & HIV & Parkinson's disease & pain & sex hormone changes of aging, 14393
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 11464
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary reply, 14617
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 14613
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, 4987
Buddhist conceptualization & treatment of anger, 15086
capacity of blood to produce cytokines during weight restoration, female restricting-type anorexia nervosa patients, 22060
care & management issues, formal & informal caregivers of patients with vascular dementia vs Alzheimers disease, 8997
causes & treatment of primary & secondary premature ejaculation & nurse's role, 8492
changes in clinical & functional status & living conditions during deinstitutionalization & satisfaction with treatment, 15–64 yr olds with schizophrenia, Finland, 1982–90, 31946
changes in object relations in relation to external events & behaviors & social relationships & treatment outcomes, mentally ill patients tested at admission to psychiatric day-care unit & 1-yr later, 28660
characteristics & diagnosis & treatment of depression, patients with epilepsy, 34650
characteristics & epidemiology & treatment of anxiety disorders, human females, 34225

Treatment—Serials

characteristics & legal & treatment issues, offenders & victims of parricide , 24563
characteristics & treatment, adolescent sexual offenders, 1673
characteristics of & challenges in therapeutic work in school & after-school mental health programs, children residing in deprived & challenging inner-city environments, 31938
characteristics of & medical & educational interventions for nonverbal learning disorders, children, implications for nurses' role, 37678
characteristics of ADHD & neurocognitively oriented vs homework support treatment, academic treatment outcome, children with learning disabilities with vs without ADHD, 18149
chronic & intermittent & acute opiate antagonist treatment, alcohol deprivation effect, male long term ethanol experienced rats, animal model of craving & relapse, 33422
classification & clinical epidemiology & etiology & treatment & prognosis of delusions of Alzeimer's disease, 2078
clinical & behavioral characteristics & staff responses & treatment & prognosis, disruptive vocalizers (mean age 81.6 yrs) in nursing homes, 6 mo study, 19007
clinical & demographic features & development of epilepsy & neurological outcomes & patterns of treatment, children with febrile convulsions (mean age 1.6 yrs), 12 yr followup, 31274
clinical aspects & treatment strategies of body dysmorphic disorder, 1612
clinical characteristics & diagnostic criteria & risk factors & development & progression & model of etiology & treatment of masticatory myofascial pain, 37751
clinical features & treatment of body dysmorphic disorder, 6–17 yr olds, 17806
clinical guidelines & recommendations for light therapy as treatment for sleep disorders, 35037
clinical implications of psychosocial research on etiology & maintenance & predictors of treatment response for bulimia nervosa & binge eating disorder, 24667
clinical management, adults with ADHD receiving pharmacotherapy, 28267
clinical practice guidelines for assessments & medications & side effects & psychosocial interventions & delivery of services, patients during phases of schizophrenia, reply, 21637
clinical practice guidelines for assessments & medications & side effects & psychosocial interventions & delivery of services, patients during phases of schizophrenia, comment, 21652
cognitive-behavioral conceptualization & treatment of anger, 15179
cognitive-behavioral therapy vs supportive psychotherapy plus antidepressant medication or placebo vs medication alone, predictors & processes of change, 18–45 yr old females with bulimia nervosa , 28265
comorbidity of borderline personality disorder with obesity & treatment approaches, 17778
comparative effectiveness of treatments for obsessive compulsive disorder, 2134
complete suppression of recurrent herpes labialis during treatment with lithium, 44-yr-old woman, 35075
comprehensive continuing medical education seminars, management of HIV & other sexually transmitted diseases, physicians & other private medical practitioners, 3 mo study, Jamaica , 2752
computer aids & assessment & self treatment of mental health problems & care, adults, 34071
computer interviews for diagnosis & treatment & psychoeducation, patients with depression,, 2133
conceptual & methodological issues in assessment of quality of life, dementia patients, 24924
conditions & causes & consequences & cure of alcoholism, morality-therapy dichotomy & sickness vs wrongdoings, 27865
contextualized understanding of bisexuality & clinical intervention, 11072
cost effective treatment program, females with bulimia nervosa, 34820
costs of diagnosis & treatment vs nontreatment of primary or comorbid depression in primary health care setting, 8731
costs of treating physical problems & depression, rural residents with depression, 1 yr followup, 38513
counselor role in cognitive & psychosocial & behavioral & educational interventions, school adjustment, students with brain injuries , 3000
course & mechanisms & treatments of mild unipolar mood disorders & affective conditions specific to female, 1556
course & treatment of atypical depression, 8113
criteria for & issues of efficacy & effectiveness & efficiency in good psychiatric treatment, 31863
Cultural Context Model treatment approach, Asian Indian immigrant batterers & victims & family members, 24893
decision model for cost effectiveness in treatment of acute episode of schizophrenia & subsequent maintenance, 5821
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, 8266
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary, 24456
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary, 24454
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary reply, 24427
demographic & clinical & treatment characteristics, patients with severe & persistent mental illness & opiate addiction in dual diagnosis outpatient treatment, 1396
demographic & clinical characteristics & quality of life, arrhythmia patients who completed a baseline quality of life form before vs after randomization assignment to drug vs defibrillator trial, 2466
demographic projections for year 2010 regarding prevalence & early detection & management of Alzheimer disease & other dementias, 34732
demographics & risk factors & family history & treatment & outcome in rapid-cycling bipolar disorder, 37316
demography & disorder severity & psychiatric comorbidity & illness/treatment attributions & coping & personality styles as predictors of attrition from clinical trial, patients with panic disorder, 8721
design & organization of study of efficacy & cost effectiveness of emotion oriented care, nursing home residents with dementia & their nurses, 9187
designs & data & effect sizes & analyses of aphasia-treatment single-S research & recommendations for future applications of single-S designs, 22956
developing family psychoeducational treatments for patients with bipolar & other severe psychiatric disorders, 2167
development & content of Veterans Affairs Clinical Practice Guidelines for Bipolar Disorder, 11961
development & content of Veterans Affairs Clinical Practice Guidelines for Bipolar Disorder, erratum, 21640
development of coping skills in event related & iatrogenic medical trauma, children, 9001
development of psychometric typology of child abusers, definition of treatment need & level of risk & assessment of deviance level, sexual offenders, 8396
development of treatment algorithms in cyberspace for unipolar depression for primary care physicians by the International Psychopharmacology Algorithm Project, 2146
developmental perspective on diagnosis & treatment of mood disorders, children & adolescents, 21102
developmentally sensitive behavior interventions & sucrose, pain relief, very low birth weight neonates, 12344
diagnosis & drug & behavioral & other treatments of obsessive compulsive disorder, 34208
diagnosis & management of primary & drug-induced disorders of water homeostasis, psychiatric patients, 8948
diagnosis & pharmacologic treatment of dopaminomimetic-induced psychosis, patients with Parkinson's disease, 22074
diagnosis & prognosis & treatment of major depression, patients with Parkinson's disease, 21596
diagnosis & treatment & disease course & outcome, 0.9–18 yr olds with neuroleptic malignant syndrome, 11338
diagnosis & treatment of binge eating disorder, 24646
diagnosis & treatment of major depression & mania, individuals with developmental disabilities, 8727
diagnosis & treatment of major depressive disorders in children & adolescents, 14481
diagnosis & treatment of multiple anxiety comorbidity in unstable bipolar syndromes, 37330
diagnosis & treatment of psychogenic & other nonepileptic seizures, 34740
diagnosis & treatment of severe psychotic illness, 50 yr old male with dual severe sensory impairments caused by Usher syndrome, 37755
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary, 1752
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary reply, 1785
diagnostic & treatment issues, 71-yr-old male with persistent delirium tremens due to cessation of heavy alcohol consumption, commentary, 14740
diepoxybutane, lymphocyte chromosomal instability, 72–96 yr olds with dementia of Alzheimer's type, 9027
different contexts & perspectives, approaches to disease management, 29–69 yr olds with type 2 diabetes vs 25–68 yr old practitioners, commentaries & responses appended, 8725
differential diagnosis & cause & assessment & multidisciplinary treatment of communication disorders, 6 yr old male with severe language disability & other developmental delays, 8436
disease & treatment factors in cognitive impairment & developmental model & assessment strategies, children with cancer, 28093
disorder familiarity & time preferences & money, treatment decision making, 18–78 yr old migraine headache & Crohn's disease patients, 11964
dissociation–integration vs repression–abreaction treatment model for posttraumatic amnesia & traumatic memories, World War I combat soldiers, 32414
diversified approach to assessment & treatment of behavioral & developmentsl & psychiatric disorders, young children, 18781
ecological systems theory perspective of evaluation & treatment, children with severe oral feeding problems, commentary, 24964
effectiveness of partner notification for locating & referring & medically evaluating partners to newly detect & treat HIV & other sexually transmitted diseases, US, 37764
effects of Dutch intervention program, reading performance, 7-15 yr old outpatients with dyslexia &/or reading problems &/or cognitive deficits &/or psychiatric symptoms, 36741
effects of risperidone, maintenace treatment, 18–65 yr old patients with schizophrennia or schizzaffective disorders, 31678
efficacy & dissemination of empirically supported psychological treatments & role of public health policy & misconceptions about randomized clinical trials & practice guidelines, 24895
efficacy & safety of treatment with ziprasidone, patients with an acute exacerbation of schizophrenia or schizoaffective disorder, 14546
efficacy of intervention for improving attention, 7–11 yr olds with ADHD, 37963
efficacy of non-school based treatment approaches & establishment of appropriate treatment goals & outcome criteria, obese children & adolescents, commentary, 24911
efficacy of nonschool-based treatment approaches & directions for future research, obese children & adolescents, commentary, 24903
efficacy of nonschool-based treatment approaches, obese children & adolescents, 24912
efficiency & safety of viral gene delivery systems & its application in treatment of neurogenerative disorders, 10384
empathy for sexual abuse victims as treatment, male sex criminals convicted of child abuse & rape, 14804
engaging & maintaining suicidal individuals in treatment & role of psychosocial interventions in reduction of suicidal behaviors, implications for mental health services, 2142
environmental stress & therapeutic interventions, dislocated older adults, 20665
epidemiological & etiological & clinical issues, female 24 yr old with anorexia nervosa, panel discussion, 11746
epidemiological & etiological & clinical issues, female 24 yr old with anorexia nervosa, panel discussion, 11745
epidemiology & clinical features & comorbidity & clinical management, elderly patients with mania , 37337
epidemiology & etiology & assessment & treatment of perinatal mood disorders , 1548
epidemiology & natural history of depression & preventative treatment, 27643
epidemiology & pathophysiological alterations & treatment, patients with cardiovascular disease & major depression, commentary, implications for role of omega-3 fatty acids, 17780
epidemiology & recognition & treatment of depression, 18–65 yr old patients consulting their general practitioner, 4914
ethical & legal issues in evaluation & treatment, juvenile sex offenders, 1703
ethical considerations in responding to request for sexual orientation conversion therapy, lesbian or gay or bisexual clients, 32160
ethical issues in treatment, patients whose sexual behavior is problem for society, 34785
etiology & characteristics & treatment of PTSD, elderly patients, 34233
etiology & epidemiology & assessment & management & comorbidity of bipolar disorder, adults, 11362
etiology & prevalence & role of school psychologist in assessment & treatment of recurrent headaches, children & adolescents , 27995
etiology & psychiatric diagnosis & treatment of psychogenic nonepileptic seizures, 34730
evaluating & treating violent adolescents in managed care era, 15-yr-old boy diagnosed with attention deficit hyperactivity disorder, 15502
evaluation & management of psychiatric disorders, nursing home residents with Alzheimer's disease, 19004

evaluation & treatment of aggressive behavior, elderly with dementia, 24842
evaluation of agitation vs aggression & management with drug treatment vs environmental manipulation, elderly patients with dementia, 28196
experience of & feelings about experience of psychiatric hospitalization & caregivers & interventions employed in treatment, 10.11–24 yr old former patients, 22239
experience of stalking & recommendations for treatment of victims, 34260
experiences of sexuality after treatment, female breast cancer survivors, 28099
expert consensus guidelines on the treatment of schizophrenia, 24916
factors affecting & level of agreement & methods for resolving disagreements in decision-making for health care procedures, 75–95 yr olds & their 27–85 yr old family members, 22220
factors identified at initial or post-treatment assessment best predicting outcome, 25–75 yr old psychiatric outpatients with neurotic disorders, 5-yr followup, 1655
factors in transitions between care settings, adults (mean age 77.97 yrs) with dementia, 18906
factors that affect the construction of explanations for offending & effects on treatment planning & remorse & risk in psychiatric explanations & just world vision of interpersonal behavior , 3218
family-centered assessment & intervention procedures, children & adolescents with communication disorders, 8478
fate & chance & time & agency & destiny in therapeutic narrative, 5466
formal treatment vs support groups, resolution of alcohol problems, 24–66 yr old former problem drinkers & their close associates, 35320
functional analysis & non-aversive interventions, self injury, adult male with profound learning disability living in long-stay hospital, 8713

Treatment Client Matching [See Client Treatment Matching]

Treatment Compliance—Serials

acupuncture on correct vs incorrect points, compliance & craving & drinking, 26–70 yr old male vs female alcoholics, 32051
adherence behavior during nicodermal patch & adjunctive psychosocial treatment, smokers (mean age 38.7 yrs), 26-wk followup, 12500
adherence to antidepressant continuation treatment guidelines, relapse or recurrence, patients with depression, 6–18 mo follow-up, 8925
adherence to antiepileptic drug treatment, patients, 9017
adherence to traditional feminine sex role, compliance with diet & other treatment regimes & onset of diabetic retinopathy, 55 yr old diabetic woman, 15433
Al-Anon vs confrontational family meeting vs family skills training interventions, treatment engagement of problem drinkers by their 21–81 yr old concerned significant others, 35324
antipsychotic medication adherence failure in forensic patients with schizophrenia, 37394
applicability of cognitive measures & theory of planned behavior & health belief model for reported adherence to malaria chemoprophylaxis, tourists returning from malarious region, 6–7 wk followup, 28624
approaches to illness management & adherence to treatment plan for child's illness, parents of 6–15 yr olds with chronic illnesses, 5879
attendance feedback & prompts to attend, adherence to substance abuse aftercare group therapy, substance dependent adults, 15626
characteristics, absconders vs nonabsconders from mental hospitals, 31999
cluster B antisocial vs borderline vs histrionic vs narcissistic personality disorders, psychotherapy attendance & termination, adult patients, 5502
combination of haloperidol & lorazepam vs repeated doses of benzodiazepine & medication noncompliance, neurobiology & management of aggression, psychotic patients, 34985
comparison of methods for measuring & monitoring medication regimen adherence in clinical trials & practice, 31786
compliance behaviors & general improvement perceptions & reactance in psychotherapy relationship, 21–60 yr old clients & their therapists, 31461
compliance with psychiatrists vs primary care physicians, elderly mentally ill patients, 2563
compliance with zidovudine &/vs zalcitabine &/vs didanosine drug-treatment regimens monitored electronically, HIV-seropositive AIDS-asymptomatic 24–69 yr olds, 9023
counseling attendance & opiate abstinence at Week 2 of methadone maintenance treatment, prediction of treatment retention & ongoing drug use at 6 & 9 mo, 24–66 yr old drug abusers, 25532
creating a therapeutic alliance by integrating lifestyle & family & living circumstances & cultural awareness into treatment planning to enhance patient participation & compliance, minority patients, 15084
demographic characteristics & referral sources & type of problem & attendance vs nonattendance at treatment sessions, patients referred to hospital-based psychosexual dysfunction clinic, 15513
demographic differences in medication use, 18-75 yr old patients with self reported major depression, 12179
demographic differences in medication use, 18–75 yr old patients with self reported major depression, commentary, 35017
depression, life satisfaction & treatment satisfaction & compliance, patients with schizophrenia or major depression or anxiety disorders, 30618
development & reliability & validity of Compliance Rating Scale, chronic hemodialysis patients, 26205
development of Executive Interview, assessment of executive functioning & cognitive deficits & treatment compliance, 25–74 yr old outpatients with HIV or AIDS, 18309
development of parent-report measure of medical adherence & attributions of child compliance difficulties, mothers & fathers & teachers & health professionals of 8 & 9 yr olds with spina bifida, 3351
development of the Resistiveness to Care Scale, assessment for individuals with dementia of the Alzheimer's type, nursing staff & dementia patients, 9933
drug therapy treatment compliance, young adult males during 1st hospitalization for schizophrenia, 1 yr followup , 28473
early treatment compliance & recovery from substance abuse & alcohol, 22–32 yr olds who joined AA as adolescents, 19085
education program, joint protection adherence, 33–69 yr olds with rheumatoid arthritis, 31769
evaluation of New York City regulations to address problem of nonadherence to treatment regimens, individuals with tuberculosis, 12324
evaluation of New York City regulations to address problem of nonadherence to treatment regimens, individuals with tuberculosis, commentary, 12318
factors influencing adherence or nonadherence to prescribed medication-taking, 65–92 yr old patients with hypertension, 38411
factors predicting treatment outcomes & compliance, 5–18 yr old male juvenile sex offenders in a community-based treatment program, 12558
family composition, health status & health behaviors & psychosocial functioning, 12–16.75 yr olds with type 1 diabetes mellitus from intact vs single-parent vs blended families, 24702
family relations & psychosocial factors & client & therapist interactions, compliance with & development of multisystemic therapy effectiveness, families with multiple problems, 38108
family relations & psychosocial factors & client & therapist interactions, compliance with & development of multisystemic therapy effectiveness, families with multiple problems, 38127
health behavior & perceptions & interventions to improve compliance with antihypertensive medication, African-American stroke patients, 38404
hearing aid fitting & treatment compliance, caregiver-identified problem behaviors, 71–89 yr olds with Alzheimer's disease & hearing loss, 18834
incidence of & risk factors related to absconding, Special Hospital absconders, 1985–1996, 22291
incidence of suicide & attempted suicide, patients with mood disorders on vs off lithium prophylaxis, 2282
inpatient intervention program to manage poor adherence to medical regimens in children & adolescents, 35271
insulin omission in females with bulimia nervosa vs binge-eating disorder with type I diabetes, 37716
intervention strategies to increase compliance with outpatient aftercare, patients referred to psychiatric emergency department, 5865
knowledge of & adherence to combination antiretroviral therapies, low-income 18–29 yr olds vs 29–52 yr olds with HIV/AIDS, 31789
knowledge of physician prescriptions & adherence to treatment, 6–10 yr olds with cystic fibrosis and their mothers, 38409
managed care & medication compliance & implications for chronic depression, 2569
medication & patient sociodemographic & symptom-related factors & insight & cognitive impairment & treatment alliance & model, treatment compliance & relapse, patients with psychosis, 34739
Medication Event Monitoring System vs pill count, medication compliance measurement & treatment outcomes, alcohol dependent outpatients (mean age 45.4 yrs) treated with naltrexone, 32047
Medication Usage Skills for Effectiveness program of concrete cues & life skill techniques, medication compliance, severely mentally ill patients, 12391
medication use & other adherence behaviors, low income urban 6–17 yrs olds with moderate to severe asthma & their parents, 2–20 wk study, 9010
models predicting compliance & satisfaction with home exercise programs, 23–88 yr old outpatients with upper-extremity orthopedic impairment, 15671
motivational therapy intervention, treatment adherence & completion, patients (mean age 33.6 yrs) with comorbid depressive disorder & cocaine dependence, 2155
multidimensional conceptualization of denial, implications for treatment of alcoholism, 38623
outpatient comprehensive geriatric assessment consultation & adherence intervention, physical functioning & health-related quality of life, 65+ yr olds with geriatric conditions, 15-mo followup, 15390
participation vs nonparticipation in treatment adherence study & demographic characteristics & treatment adherence, 11–18 yr olds with diabetes & their families, 22955
patient & family characteristics, adherence to behavioral family vs relatives' group therapy, schizophrenic patients (mean age 26.8 yrs) & their family, 34797
patient characteristics & type of medication & postdischarge events, prediction of medication compliance after discharge from inpatient psychiatric care, adolescents with affective or conduct disorder, 8923
patient characteristics associated with adherence to outpatient mental health treatment referrals from psychiatric emergency department, psychiatric patients, 38517
patient demographics & previous depressive episodes & depression severity & learned resourcefulness & therapist skills, homework compliance in cognitive therapy, clients & their therapists, 31522
perceived clinic support & attitude toward immunization as predictors of childhood immunization completion, mothers of children 20–26 mo old living in rural area , 21651
personality variables, prediction of abstinence & attendance at self-help group meetings, 20–50 yr old alcohol/substance use disorder patients, 28772
pharmacological treatment & management & compliance & risk factors for noncompliance, patients with bipolar disorder, 18747
phase model of asthma self-regulatory development, families of 2–19 yr olds with asthma, 18290
physicians' recommendation of & women's compliance with medication use for osteoporosis treatments following testing, 23–83 yr old female outpatients, 28591
prediction of prison-based sex offender treatment program, incarcerated adult male sex offenders, 22298
predictors of outpatient medical appointment attendance, 18–58 yr old outpatients in public hospital ambulatory care HIV clinic, 7 mo study, 28685
predictors of treatment adherence, emergency treatment for asthma, asthmatic 18–65 yr old patients at emergency departments, 9032
pregnancy status & other client characteristics & likelihood of completing drug treatment programs, women in women-only vs mixed gender programs, 22261
pregnancy-specific interventions vs traditional treatment program, treatment retention, cocaine-addicted pregnant women, 15641
preparatory techniques & motivational enhancement strategies to reduce premature attrition & enhance psychotherapy treatment participation, 8783
pressure from legal authorities, treatment retention, clients in long term residential drug treatment facilities, 9749
proper matching of patient & treatment & therapist, patient compliance, alcoholics in outpatient treatment, 2 yr study, 9248
psychosocial factors & poor adherence to placebo or amiodarone therapy, prediction of mortality, patients with myocardial infarction, 2 yr followup, 31793

psychosocial stress & coping & regimen adherence, chronic vs transient metabolic control, adults with Type 1 vs Type 2 diabetes mellitus, 28042
reasons behind withdrawal from behavioral treatment program for urinary incontinence, 41–86 yr old females, 35065
reasons for taking neuroleptics & ways of self-regulating medication, 18–56 yr olds with schizophrenia, 2386
reduction of drug dosage intervals to one time daily, older hospital patients, implications for treatment compliance, 21961
rehabilitation & drug treatment compliance, patients with schizophrenia, 38581
reinforcement of compliance with respiratory treatment, 8 yr old male with cystic fibrosis & mental retardation & autism, 24085
role & impact on outcome of homework assignments in cognitive therapy & methods for enhancing adherence, patients with depression, 38069
role of culture & religion in conceptualization & presentation of mental illness & in treatment compliance, 55-yr-old Hispanic American woman with major depression, 8115
self efficacy as predictor of disease management, 60–93 yr old females with heart disease, 18328
self-efficacy & other factors determining medication compliance, rheumatoid arthritis patients, 12317
service components, retention in substance abuse treatment programs, homeless clients with alcohol/drug problems, 38618
short-term management with lorazepam & nicotine patch, acute anxiety & treatment adherence compromised by nicotine dependence & withdrawal, 62 yr old male bladder cancer patient, 28579
sociodemographic characteristics & illness & violence history & clinical status & medication adherence & substance abuse as predictors of violence, inpatients with severe mental illness, 8020
standard treatment with vs without motivational interviewing, adherence to outpatient treatment, psychiatric & dually diagnosed inpatients, 38577
symptom interpretations & attributions, adherence to multidrug antiviral medications, 50–68 yr olds with HIV infection , 18838
tolerability & compliance with selective serotonin reuptake inhibitors & mirtazapine & other antidepressants, patients with depression, 31687
treatment adherence & self management behavior, 12–16 yr olds with asthma, 9033
treatment alliance & family functioning & treatment adherence & medical outcome, 10.8–18.5 yr olds with severe chronic asthma, 1 yr followup, 28597
treatment compliance issues, psychotherapists in mental health clinics & their patients, 38519
treatment compliance with neuroleptic medication, 20–65 yr old schizophrenic patients, 31693
use of reminder letters for Pap tests & mammography screening & patient compliance, adult females, 35146
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, 12274
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, correction, 16367
validity & sensitivity & specificity of Brief Medication Questionnaire, assessment of adherence & barriers to adherence, 30–74 yr old patients, 28502
validity of patient-completed questionnaire assessing metered-dose inhaler technique, 18–83 yr olds with asthma or other pulmonary disease, 108

Treatment Compliance—Books

Adherence to pediatric medical regimens, 25288

Treatment Compliance—Chapters

Behavioral counseling and medical adherence, 12300
The challenge of communicating health information to elderly patients: A view from geriatric medicine, 22028
Cognition and affect in medication adherence, 22027

Issues in the measurement of medication adherence, 21677
Motivation and adherence in the management of chronic pain, 8535
Noncompliance, 18505
Pregnant women and tuberculosis-exposed drug abusers: Reducing drug use and increasing treatment compliance, 18577
Psychodynamic aspects of adolescents' therapeutic compliance following a kidney transplant, 38439
Psychosocial factors in medication adherence: A model of the modeler, 22029
Treatment adherence to HIV medications: The achilles heel of the new therapeutics, 31147

Treatment Dropouts—Serials

client & therapist & interpersonal dyadic & administrative variables & role of perspective divergence, prediction of psychotherapy dropout/termination, 34807
cocaine & alcohol use & stress & coping & social support characteristics, completers vs dropouts from residential treatment program for cocaine abuse, 15628
demographic & social & financial & personality & treatment motivation predictors of attrition, 19–60 yr old males enrolled in batterergroup treatment program, 14659
demography & disorder severity & psychiatric comorbidity & illness/treatment attributions & coping & personality styles as predictors of attrition from clinical trial, patients with panic disorder, 8721
empowering approach based on intrapsychic humanism, crisis intervention & brief treatment by social worker & parent-initiated treatment termination, 3 yr old male, 15234
formation of therapeutic alliance & retention of couples in treatment, less vs more experienced therapists, 21789
global assessment of satisfaction with community based treatment, dropping out of treatment & full & partial hospitalization, 21–68 yr olds with schizophrenia or schizoaffective disorder, 24 mo study, 18970
interventions on pretreatment dropout rates, outpatients (mean age 35.9 yrs) at substance abuse clinic, 28782
methods for handling attrition rate & missing data & application in assessment of effectiveness of substance use treatment program for teens, 29453
predicting dropouts from outpatient treatment, adults with cocaine dependency, 15630
pretherapy & process variables, prediction of dropout in time-limited interpretive individual psychotherapy, completers vs dropouts, 34805
sociodemographics & patterns of drug use & drop out rate from drug treatment therapeutic communities, adult heroin users, Greece, 25537
statistical methodological advances in & models for handling clinical trial drop-outs & usage in intent-to-treat analysis, 60–90 yr olds in 12-mo trial of nortiptyline treatment for major depression, 18714
test of hypothesized relationship between high score on Novelty Seeking subscale of Tridimensional Personality Questionnaire & treatment dropout, alcohol-dependent males, 11627
transtheoretical model of change & client characteristics, prediction of client termination & continuation status, psychotherapy client–therapist pairs, 34771
treatment completion & outcomes in a partial hospitalization program, patients with serious emotional or coping or interpersonal problems, 28356
variables predicting dropout from outpatient clinical treatment of chronic low-back pain, 11980

Treatment Dropouts—Chapters

Managing patient flow: Waiting and absences, 35209

Treatment Duration [See Also Long Term Care]—Serials

amisulpride vs amitriptyline medium-term treatment, safety & tolerability, 18–70 yr old outpatients with dysthymia , 38299
antisocial personality diagnosis & length of inpatient treatment in therapeutic community, treatment outcomes & post-discharge arrest & drug use, substance abusers, 38616
cerebral phosphorus metabolite abnormalities & treatment duration, opiate-dependent polydrug abusers in short- vs long-term methadone maintenance therapy, 32039
client smoking characteristics & smoking during patch use & length of transdermal nicotine treatment, smoking cessation, adult smokers , 20796
clinical changes & length of stay in public & private hospital settings as measurement of improvement, patients with schizophrenia or major affective disorders, 31906
comorbid physical & psychiatric illness, length of hospital stay, adult psychiatric inpatients with depression & other diagnoses, 5 yr study, 11300
demographic & legal & clinical factors affecting length of stay on maximum security in forensic psychiatric hospital, male & female mentally ill patients adjucated as not criminally responsible, 35372
demographic characteristics & length of psychotherapy use, 2–80 yr old Chinese American clients seen in private practice , 8761
depot antipsychotics, number of hospital admissions & affective episodes & length of hospital stay, 30–70 yr olds with bipolar affective disorder, 31674
dose-effect relationship in children's psychotherapy services, 5–17 yr old outpatients who participated in the Fort Bragg Evaluation Project, 12-mo study, 15157
effectiveness of transactional analysis as function of therapy length vs groups of psychiatrists & psychologists & social workers & marriage counselors & physicians assessed in prior studies, clients, 18529
efficacy of fluoxetine vs citalopram, short-term & long-term treatment, 18–65 yr old panic disorder patients with vs without agoraphobia, 34958
electrical stimulation of right median nerve, Glasgow Coma Scale scores & days in intensive care & 1 mo postinjury outcome, comatose traumatic brain injury 13–42 yr olds, 31781
evaluation of continuum of care treatment philosophy, time in treatment, children & adolescents receiving mental health services through Army, 6369
frequency & length of hospital readmission, male vs female 19–78 yr old psychiatric patients in contact with community mental health service, 38521
length of fluoxetine treatment, excitability & fearfulness & dominance & territorial aggression, dogs with acral lick dermatitis, 14 wk study, animal model of obsessive-compulsive disorder, 3786
long term treatment, life course of schizophrenia, 5461
long term use of neuroleptics, neurobiological effects, 5641
long-term neuroleptic maintenance therapy, psychotic relapse after 1st episode, outpatients (mean age 47.6 yrs) with paranoid schizophrenia, 15 yr study, 21933
long-term treatment & maintenance therapy with antidepressant drugs, patients with unipolar major depression, 31660
methadone maintenance & dose vs naltrexone vs drug-free program, retention in treatment, heroin users , 2684
per diem & per annum & per patient costs & number of hospital days & disorder type, privately insured 19–65+ yr old psychiatric patients, 1993 vs 1995, 25494
personality & clinical predictors of recurrence of depression, depressed patients treated for 8–76 wks, followup study , 14477
probability & frequency of hospital admissions & length of hospital stay, patients with physical disorders with vs without comorbid psychiatric disorders, 19024
psychiatric illness, length of stay & patterns of admission, AIDS patients hospitalized for medical illnesses, 5854
reliance on efficacy & effectiveness research in psychotherapy for managed care policy decisions on treatment duration & therapist qualifications, 5848
risk-adjustment length of stay in VA vs private sector facilities, hospitalized veterans, 9211
risperidone therapy vs conventional antipsychotic therapy, hospital length of stay & subsequent outpatient visits, 23–80 yr old veterans, 2-yr study, 21950
specialized staff nursing, hospital length of stay & mortality, 18–99 yr old discharged patients, 9199
treatment career & current length of stay & drug use outcomes, drug abuse treatment study clients, 5930
trends in composition & duration of visits to psychiatrists in office-based psychiatric practice, physicians, 15492
two-stage combined inpatient & outpatient hospitalization model, total length of hospitalization, psychiatric patients, 18938
very vs extended brief interventions, reduction of alcohol intake, patients in primary health care, 25536

Treatment Duration [See Also Long Term Care]—Chapters

Efficacy and cost offset of psychotherapy for borderline personality disorder, 18545

Treatment Effectiveness Evaluation—Serials

actor-partner interdependence & common fate & dyadic feedback models of interdependence, spouses, applications to prestest-posttest data for marital therapy outcome evaluations, 8822
adaptation & proposed model, methods in communication disorders & aphasia clinical outcome research, 3402
age & sex & educational level & civil & employment & disability pension status, effect of multidisciplinary pain treatment, chronic non-malignant pain patients, 3 & 6 mo followups, 2120
ageism & age related preferences & age weighting, assessment of health care benefits, younger vs older people, 15106
applications & effectiveness of cognitive behavioral psychotherapy, older adults, 25051
assessment of outcome of cognitive & behavioral units in inpatient neurological rehabilitation hospital, 35981
assessment of treatment outcomes & client satisfaction at partial hospitalization program, 18–69 yr olds, 3 mo followup, 15591
assessments of affective experience during psychotherapy session & treatment effectiveness, clients, 21694
Barthel Index & Functional Independence Measure, assessment of functional & disability outcome, outpatients with acquired brain injury in outpatient neurological rehabilitation, 35982
behavioral outcome measures in rehabilitation program for acquired neurological damage & behavior problems, 35979
behavioral therapy with vs without 6 mo maintenance program, symptom relapse at 12 & 18 & 24 mo, 21–45 yr old patients with body dysmorphic disorder, 2 yr followup, 38090

brief domiciliary-based nurse intervention, older adults with depression, 6–23 mo followup, 38559
brief functional analysis of & evaluation of effectiveness of simplified habit reversal treatment for thumb sucking, 5.6 yr old fraternal twin brothers, 34878
clinical & cost effectiveness, clozapine or risperidone vs chlorpromazine or haloperidol, community mental health patients (mean age 37.3 yrs) with schizophrenia & schizoaffective & bipolar disorder, 31645
clinical efficacy of cognitive behavioral Panic Control Treatment for panic disorder, 8805
cluster analysis of patient subgroups based on therapeutic work & treatment outcome of group-oriented evening treatment program, adult patients with borderline personality disorder, 25081
cognitive processes in panic disorder with agoraphobia & efficacy of cognitive behavior therapy, 15181
conceptual & methodological issues in use of quality of life measures in mental health & psychological treatment outcome evaluation, 26139
conceptual framework/model for review of treatment outcomes & evaluation of research in developmental disabilities, 18475
criteria for & issues of efficacy & effectiveness & efficiency in good psychiatric treatment, 31863
description & application & alternatives of statistical methods for defining & determining clinical significance of mental health treatment effects, 26260
development & effectiveness of social skills group, 19–44 yr old males with autism, 1 yr study, 37631
development & evaluation of back management service for pain management & rehabilitation, patients with acute vs chronic back pain, 5912
development & outcome of participation in self-help support group, 36–69 yr olds with chronic nonmalignant pain, 5 mo study, 25296
development & validation of Multifactorial Assessment of Eating Disorder Symptoms, evaluation of treatment outcome for anorexia & bulimia, female college students & patients with eating disorder, 13055
development of & methods of assessment & intervention used in ecobehavioral treatment program, 6–17 yr old maltreated children & their primary caregiver, 18483
diabetes patient care & outcome assessment, 22040
Differential Test of Conduct and Emotional Problems, evaluation of outcomes of specialized youth services treatment program, 10–17 yr olds with conduct disorder & emotional disturbances, 9 mo study, 32662
drug- vs cognitive-therapy efficacy with binge–purge frequency & depression & eating attitudes as treatment outcome measures, bulimia nervosa patients, 14880
effectiveness & safety of olanzapine vs risperidone, 18–65 yr olds with schizophrenia or schizophreniform disorder or schizoaffective disorder, 9 countries, comment, 2388
effectiveness of adolescent tobacco use cessation & prevention programs, 35328
effectiveness of anticholinergics & neuroleptic dose reduction, neuroleptic-induced pleurotonus, psychiatric patients, 21958
effectiveness of corrections-based treatment for drug-abusing criminal offenders, 38612
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37635
effectiveness of early intervention method for delayed language development, language-delayed 8–21 mo olds, 27944
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37628
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37648
effectiveness of educational interventions directed at prevention or reduction of use of illicit substances by young people, 2700
effectiveness of eye movement desensitization & reprocessing therapy, 18561
effectiveness of Familyships Treatment Module in helping to build social skills & to deal with dysfunctional family systems, sex offending vs non-sex offending inmates, medium security institutions, 38645
effectiveness of filial therapy, nonoffending parents (24–56 yrs old) of sexually abused children (4–10 yrs old) , 34776
effectiveness of fluoxetine therapy, patients with bulimia with vs without comorbid depression, 12177
effectiveness of methadone maintenance for heroin addiction, treatment implications, 5935
effectiveness of psychiatric pain clinic, patients, 22032
effectiveness of psychotherapy for male sexual dysfunction, 24998
effectiveness of service support models, parents of children with disabilities, 15500
effectiveness of student assistance group counseling program, 14–18 yr old substance abusing high school students, 35578
effectiveness of systematic interventions, prevention & screening & treatment of delirium, middle aged & elderly medical & surgical patients, 38362
effectiveness of telephone-based health care service delivery, 31891
efficacy & cost effectiveness of clozapine vs traditional neuroleptics, patients with schizophrenia, 66 mo study, 12225
efficacy & tolerability of venlafaxine, 20–68 yr old in- & out-patients with treatment-resistant depression, 8 wk study, 38229
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25544
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, 25518
efficacy of imipramine vs alprazolam, 55–73 yr olds with panic disorder, 38307
efficacy of interdisciplinary health care & human service teams, 35191
efficacy of intervention for improving attention, 7–11 yr olds with ADHD, 37963
efficacy of non-school based treatment approaches & establishment of appropriate treatment goals & outcome criteria, obese children & adolescents, commentary, 24911
efficacy of Parent-Child Interaction Therapy early intervention approach, 2.5–8.6 yr olds with behavior problems, 38117
efficacy of professional vs paraprofessional therapists in providing group cognitive-behavioral therapy & mutual support group therapy, 21–72 yr old outpatients with depression, 28286
efficacy of structured group therapy intervention, female survivors of sexual abuse (aged 13–18 yrs), 21785
efficiency of invasive Wada test, determination of language dominance & functional transcranial Doppler sonography, 13–52 yr old medical patients, 19643
evaluating efficacy of milieu therapy, emotionally disturbed youth in residential facility, 15581
evaluation & development of treatment services, pediatric disability team, 15405
evaluation of cost effectiveness & psychosocial outcome at outpatient Centre for Rehabilitation of Brain Injury, 35984
evaluation of effectiveness of consultation–liaison psychiatry service in general practice, referred patients, 6-mo followup, commentary, 2574
evaluation of effectiveness of consultation–liaison psychiatry service in general practice, referred patients, 6-mo followup, reply, 2572
evaluation of individual & family & community outcomes of neurological rehabilitation, 16–65 yr olds with traumatic brain injury & their families, 38589
evaluation of multidisciplinary services, children with disabilities, 15485
evaluation of practice of pain treatment by means of A. Donabedian's structure-process-outcome framework, adult cancer patients with chronic pain, prospective study, 25305
evidence-based appraisal of single drug trial, example of donepezil treatment or early Alzheimer's disease, 38328
evidence-based medicine approach to mental health care delivery & randomized controlled trials & computerized online approach for treatment effectiveness evaluation used by Menninger Clinic , 31876
eye movement desensitization & reprocessing vs trauma treatment protocol variant of cognitive-behavior therapy, adults with PTSD, 3-mo study, 18521
eye movement desensitization & reprocessing, patients with specific phobias, 18564
Functional Analysis of Care Environments Core Assessment, measurement of outcomes & severity in patients seen in routine practice, adult psychiatric patients, 29362
Functional Analysis of Care Environments Recording & Measurement System approach to person-based information for outcomes & resource management in mental health care, 31871
functional analysis of effectiveness of variable-momentary differential-reinforcement-of-other-behavior schedules, self-injurious behavior, 28–50 yr old females with mental retardation, 24637
Functional Independence Measure vs modified Barthel Index, prediction of length of stay & disability outcome at discharge, 16–60 yr olds in neurological rehabilitation following acute brain injury, 35990
functional outcome measures & assessment of cost effectiveness, inpatient neurorehabilitation settings, 35998
functional outcome measures developed by brain injury rehabilitation units, 35986
Gamma Knife radiosurgery, neuropsychological functioning, patients with arteriovenous malformations, (aged 31-62 yrs), 35074
gap between known efficacious treatments for late life depression & effectiveness of treatments in real world of primary care, 28679
goal attainment scaling in neurological rehabilitation, 18–69 yr olds with brain injuries, 35988
Goal Attainment Scaling, multidimensional treatment planning & outcome measurement for cancer & pediatric & work related nonmalignant & geriatric pain, 12428
Goal-Oriented Monitoring & Assessment of Efficacy of Treatment model, measurement of efficacy of long-term treatment & attainment of treatment goals, day clinic patients with panic disorder, 9170
implementation of outcome assessment system in ambulatory behavioral healthcare systems, 15472
implementation of outcomes management model of treatment using Functional Analysis of Care Environments Recording & Measurement Systems at Menninger Clinic, 31880
incorporation & implementation of predetermined treatment objectives, group music & relaxation therapy, music therapist & graduate students, 28560
internal consistency & validity of conjoint analysis, assessment of benefits of in vitro fertilization via patient preferences & indirect estimation of willingness to pay, adults, 15424
issues in cost & effectiveness of rehabilitation, patients with traumatic brain injury, 9221
issues in individual psychotherapy treatment effectiveness & process research, 15143
issues in psychotherapy & psychopharmacology treatment outcome research, children & adolescents, 16419
item responsiveness of rhinitis & asthma symptom score during pollen season, measurement of treatment outcome, 28–66 yr olds with asthma & allergic rhinitis, 32708
Level 1 research & accountability for clinical practice & outcomes, 24908
live naturalistic vs structured videotaped interviews, assessment of depressive symptomatology improvement, 18–70 yr old depressed inpatients treated with antidepressants, 10 day & 4-wk followups, 71
manufacturer support & favorable reported outcome of drug effectiveness study, 1 yr study, 15313
meanings & measurement of clinical significance, 26075
measures for assessing vocational & psychosocial & other outcomes following rehabilitation, patients with traumatic brain injury, 5 yr follow-up, 35993
measures of functional & behavioral & psychosocial outcome, brain injured inpatients in cognitive behavioral rehabilitation units, 35992
meeting presentations & recommendations on drug abuse treatment entry & engagement & readiness, drug abusers, 22252
meta-analysis of effectiveness of cognitive-behavioral therapy & stability of therapeutic gains, depressed & dysphoric children & adolescents & adults, commentary reply, 2200
meta-analysis of effectiveness of cognitive-behavioral therapy & stability of therapeutic gains, depressed & dysphoric children & adolescents & adults, commentary, 2197
meta-analysis of efficacy of relapse prevention for alcohol & substance use disorders & smoking, 28771
methodological issues in evaluation of speech & language therapy, preschool age children, 15686
methods for evaluation & improvement of process of care for schizophrenia, 31388
minimum-effect tests in general linear model for hypothesis testing on negligible effects of treatments & interventions, 19667
model for evaluating outcomes of clinical goal setting in psychiatric multidisciplinary mental health rehabilitation service, rehabilitation patients (ages 21–77 yrs), 18488
multiple family group intervention, disruptive behavior, low income minority children (mean age 9 yrs) & families, 34889
normative comparisons for evaluation of clinical significance of psychotherapeutic interventions, 26283
outcome evaluation package and outcome report of integrated day-hospital program, patients (mean age 38.8 yrs) with substance use disorder & comorbidity, 3- & 6- & 12-mo followups, 22258
outcome measures for assessing efficacy of antidementia drug therapy, patients with dementia, 9026
outcome measures for impairment & physical functioning & social & psychological adjustment, day & outpatient neurorehabilitation for acquired brain injury, 36002
outcomes study for assessing caseload attributes & treatment patterns & clinical outcomes in psychiatric outpatient clinics, adult patients, implications for quality improvement, 31937

overcoming obstacles to routine outcome measurement to move toward evidence-based mental health care, 2138
overcoming obstacles to routine outcome measurement to move toward evidence-based mental health care, commentary, 15105
patient profiling & prediction of psychotherapy responses from intake assessment, individual psychotherapy outpatients (mean age 37.2 yrs), 34792
perceptions of cognitive vs noncognitive aspects of treatment helpfulness & depressive symptomology, psychiatric inpatients (mean age 35.8 yrs) on cognitive therapy unit, 18552
planning & implementing routine monitoring study of child psychotherapy effectiveness, 2179
procedures & protocols contributing to clinical effectiveness of & misconceptions concerning eye movement desensitization & reprocessing therapy for treatment of anxiety disorders, 18572
prophylactic efficacy of lithium vs carbamazepine, adults with bipolar I disorder, 2.5 yr study, 38249
prophylactic efficacy of lithium vs carbamazepine, patients with bipolar II or bipolar disorder not otherwise specified, 2.5 yr study, 38250
psychodrama group treatment effectiveness measured by withdrawn behavior & anxiety/depression, traumatized female 11–13 yr olds, 25078
qualitative research & clinical experience in treatment of child abuse & neglect & child-care legislation & policy, 12 yr old male perpetrator & 8 yr old female survivor of child abuse, 5009
randomization & treatment dropouts & untreated controls & within-treatment designs & other aspects of methodological issues in evaluation of outcomes of treatment for sexual offenders, 32073
reboxetine, efficacy & relapse rate, 18–65 yr olds with major depression, 25228
recovery after psychotherapy treatment & use of base rate in sensitivity analysis of treatment effectiveness, 15129
relative effectiveness of 4 different approaches to batterer intervention, adult male batters & their female partners, 15 mo study, 12557
research designs for evaluation of type of therapy effectiveness & appropriateness for individual patients, 5477
research on effectiveness of treatment for & recidivism of adult male sex offenders, 14796
research on effectiveness of treatment for & recidivism of adult male sex offenders, commentary on literature review, 24927
research on effectiveness of treatment for & recidivism of adult male sex offenders, commentary reply, 24907
review of the effectiveness of prison- vs non-prison-based sex offender treatment programs in reducing recidivism, 35375
risperidone, treatment outcomes, hospitalized patients with psychiatric disorders, 2 yr study, 25150
role of cognitive reprocessing component in eye movement desensitization & reprocessing treatment, 18–51 yr olds with PTSD, 18563
role of health care commissioner in planning & evaluation of disability services for children, 15779
role of self efficacy vs psychotherapy effectiveness in changes in physical & neurological functioning, 34774
self-management anticoagulation therapy education program, accuracy of anticoagulation control & treatment related quality of life, patients receiving long-term oral anticoagulant treatment, comment, 12313
self-management anticoagulation therapy education program, accuracy of anticoagulation control & treatment related quality of life, patients receiving long-term oral anticoagulant treatment, 12341
single session of exposure therapy vs eye movement desensitization & reprocessing, combat-related PTSD, 47–53 yr old Vietnam veterans, 18570
single- vs concurrent-operants procedures, evaluation of presession vs within-session reinforcement on choice behavior, 7–11 yr old males with developmental disabilities or attention deficit disorder, 24585
single-case designs for individual problem behavior & family interaction & intervention in family therapy, dysfunctional families, 34895
stress inoculation training program, impulsive behaviors, 20–30 yr old males with traumatic brain injury, 18558
substance abuse treatment & effectiveness of self-help groups, male substance abuse inpatients, 15623
substance abuse treatment programs, treatment orientation vs amount of care vs 1-yr outcomes, inpatients , 15629
suitability of US Pharmacopoeic Dispensary Information drug leaflets as education tool, urban psychiatric inpatients, 35284
survival analysis methods in clinical assessment & treatment evaluation, fictitious alcohol rehabilitation patients, 6618
treatment effectiveness of psychoanalytically oriented partial hospitalization vs standard psychiatric care, patients with borderline personality disorder , 38558
treatment efficacy & program evaluation, juveniles who sexually abuse other children & youth, 2124
treatment outcomes in evaluation of community based mental health treatment program, 18-74 yr olds with comorbid serious mental illness & substance use in urban area, 1 yr study, 18978
treatment program type, recidivism reduction, criminals aged less than 16 to 21+ yrs old, mean 2 yr followup, Europe, 32544
use & single-case design elements of brief experimental analysis, identification of effective school-based behavioral intervention, 3–4 yr olds with noncompliant behavior, 25734
use of Hope Scale scores pre- vs post-treatment for assessment of treatment effectiveness & effects of humor on test scores, 18–56 yr olds, 28264
use of neuropsychological assessment for evaluation of cognitive functioning during treatment for medical disorders, 8733
use of outcomes assessment in clinical decision making & to identify treatment responsiveness & changes in improvement rates, child & adolescent inpatients in mental health facility, 32007
use of simple timeout records as part of treatment planning & implementation & evaluation, noncompliant 8 yr old boy & his parents, 25066
validity & reliability of Health of the Nation Outcome Scales, assessment of mental health service effectiveness, 19–64 yr old psychiatric inpatients & outpatients & day hospital patients, 25403
value of phase III clinical trials for assessment of efficacy of novel antipsychotic drugs in treatment of schizophrenia, 38242

Treatment Effectiveness Evaluation—Books

Cost-effectiveness of psychotherapy: A guide for practitioners, researchers, and policymakers, 31475
Evaluating practice: Guidelines for the accountable professional (3rd ed.), 2735
Outcomes and incomes: How to evaluate, improve, and market your psychotherapy practice by measuring outcomes, 34822
Psychoanalytic therapy as health care: Effectiveness and economics in the 21st century, 15259

Treatment Effectiveness Evaluation—Chapters

Application of time-series (single-subject) designs in clinical psychology, 12006
Assessing psychotherapy outcomes in clinical practice for psychotherapy: Costs and benefits, 31481
The best day to rethink our research agenda is between yesterday and tomorrow, 16440
A checklist for developing and reviewing comparative treatment evaluations in the areas of psychotherapy and pharmacotherapy, 24944
The cost-effectiveness of psychotherapy: Dose-response and phase models, 31490
Credentialing, documentation, and evaluation, 35341
Design and implementation of an outcomes management system within inpatient and outpatient behavioral health settings, 28274
Does group psychotherapy work?, 38149
Effective treatment of homeless substance abusers: The role of contingency management, 18586
The effectiveness of stuttering therapy: An issue for science?, 16447
The empirical case for the common factors in therapy: Quantitative findings, 12056
Entering psychotherapy: Probabilities, routes, and finances, 31503
Epidemiologic factors and stuttering research, 18236
Evaluating clinical counselling in primary care and the future, 21715
Fibromyalgia: Search for mechanisms and effective treatments, 14953
Focus chapter: **Research methods in community-based treatment and prevention, 12467**
Guidelines for selecting psychological instruments for treatment planning and outcome assessment, 26187
Intervention issues for women, 15661
Linking efficacy and effectiveness research in the evaluation of psychotherapies, 31513
Measuring psychotherapy cost and effectiveness, 31489
Measuring the outcomes of services, 31926
On watching a discipline shoot itself in the foot: Some observations on current trends in stuttering treatment research, 19116
Outcome research in substance abuse treatment, 35345
Personality Assessment Inventory, 26185
Philosophical and ethical considerations in the evaluation of the effectiveness and cost-effectiveness of psychotherapy, 31488
The prevention of oppositional defiant disorder and conduct disorder, 25379
Progress and outcome assessment of individual patient data: Selecting single-subject design and statistical procedures, 26188
Progress under the surface and over time, 19118
Psychotherapy and pharmacotherapy: Efficacy, generalizability, and cost-effectiveness, 31405
Research in child and adolescent psychotherapy: An overview, 34843
Residential care for children and adolescents with oppositional defiant disorder and conduct disorder, 25489
Rorschach Inkblot Method, 26192
Therapy outcome research methods, 12007
Use of the Children's Depression Inventory, 26191
Use of the Devereux Scales of Mental Disorders for diagnosis, treatment planning, and outcome assessment, 26186

Treatment Facilities [See Also Clinics, Community Mental Health Centers, Halfway Houses, Hospitals, Nursing Homes, Therapeutic Camps]—Serials

characteristics of patients & prevalence of repeated assaults on staff & other patients, patients who committed 2 or more assaults in Veterans Affairs medical centers & freestanding outpatient clinics, 14650
degree of misplacement in care organizations, 65 yr old & older patients, 1988 vs 1993, 28683
factors in transitions between care settings, adults (mean age 77.97 yrs) with dementia, 18906
Feminist perspectives on patriarchal & hierarchical normative structures of health care organizations with predominately female workers, 37004
scope & impact of assaultive behavior & violence by patients in health care facilities, Veterans Affairs medical centers & freestanding clinics, 1 yr study, 14680

Treatment Methods (Physical) [See Physical Treatment Methods]

Treatment Outcomes [See Also Psychotherapeutic Outcomes]—Serials

12 wk clinician implemented language intervention program, linguistic & social skills, 21–30 mo olds with delayed language development, 38633
5-HT type 2A receptor allele frequencies, outcome & drug response, schizophrenic responders vs nonresponders to neuroleptic drugs, 14555
acupuncture & psychological & physiological factors, pain ratings & treatment outcome, patients with chronic myofacial neck pain (mean age 39.5 yrs), 3 mo follow up, 5728
adaptive abilities & cognitive functioning in late-life schizophrenia & its importance & implications for overall outcome, elderly patients, 27674
additional treatment with community reinforcement & relapse prevention, retention & outcome, methadone maintenance transfer vs off-street patients with no methadone, 6-mo followup, 38592
anterior temporal lobectomy, health related quality of life & clinical outcomes, patients with refractory epilepsy, 38405
antidepressant efficacy of sertraline vs desipramine hydrochloride, females with premenstrual syndrome or dysphoric disorder, 38244
antisocial personality diagnosis & length of inpatient treatment in therapeutic community, treatment outcomes & post-discharge arrest & drug use, substance abusers, 38616
anxiety, primary care treatment outcomes, depressed patients, 27549
approaches to & outcomes of psychotherapy as alternative to sex reassignment surgery, 13 & 17 yr old adolescents with gender identity disorder, 34795
assessment instruments for psychosocial outcome of cardiac rehabilitation programs, evaluation of quality of life, 10 yr review, 22249
assessment of general psychosocial & vocational rehabilitation & family services outcomes, community-based acute brain injury rehabilitation service, 35999
assessment of outcome with measures of impairment & disability & handicap in cognitive behavioral rehabilitation units for acute brain injury, 35991
attachment-focused group intervention, relationship attitudes & attachment skills & strategies & family relations, female college students with insecure attachment patterns, 6 mo study, 21784
Barthel Index & Functional Independence Measure, assessment of functional & disability outcome, outpatients with acquired brain injury in outpatient neurological rehabilitation, 35982
behavior therapy & inconsistent reinforcement techniques, incidence of aggressive & disruptive behavior, middle aged male with schizophrenia or schizophreniform disorder, 28335
behavioral disturbances & psychiatric symptoms & response to medication, Caucasian vs African American 60–90 yr old inpatients with dementia, 37808
behavioral therapy with vs without 6 mo maintenance program, symptom relapse at 12 & 18 & 24 mo, 21–45 yr old patients with body dysmorphic disorder, 2 yr followup, 38090

biopsychosocial characteristics & treatment outcomes of pregnant cocaine-dependent women in residential vs outpatient substance abuse treatment, 38600
cancer support groups, client outcomes & perceptions of group processes, group members, 35066
case grammar linguistic analysis of client & therapist affective speech, therapeutic outcomes, clients & psychotherapists, 18511
changes in object relations in relation to external events & behaviors & social relationships & treatment outcomes, mentally ill patients tested at admission to psychiatric day-care unit & 1-yr later, 28660
characteristics of ADHD & neurocognitively oriented vs homework support treatment, academic treatment outcome, children with learning disabilities with vs without ADHD, 18149
client characteristics & acute care outcomes, distressed clients in short-term residential treatment vs hospital-based psychiatric programs, 15475
client satisfaction with residential facilities & treatment outcomes, male homeless veterans with drug & psychiatric problems, 19452
clinical & neuroradiological features of & treatment outcome in secondary mania, 22–59 yr olds with HIV, 31121
clinical & social outcomes & needs & satisfaction with services, patients with serious mental illness admitted to inpatient psychiatric units attached to community mental health centers, 12 mo study, 28654
clinical case management, access to & utilization of community social services as adjunct to & outcomes of outpatient substance abuse treatment, adults with substance abuse disorder, 6 mo study, 25530
clinical changes & length of stay in public & private hospital settings as measurement of improvement, patients with schizophrenia or major affective disorders, 31906
clinical characteristics & prevalence & biologic features & response to treatments, patients with bipolar disorder, 37310
clinical outcomes & patient & caregiver satisfaction & costs of Home Hospital vs standard acute hospital services, 65+yr old acutely ill patients, 25400
clinical outcomes & patterns of course of 1st-episode psychoses & diagnostic stability, 1st & 2nd generation African-Caribbeans vs other patients, 3 yr followup, UK, 27673
clinical procedures & outcomes & policy implications of multisystemic therapy for children & adolescents with antisocial behavior, 35173
clozapine, production of reactive oxygen metabolites by blood monocytes & clinical outcome, 24–41 yr olds with neuroleptic resistant schizophrenia, erratum, 28444
cluster analysis of patient subgroups based on therapeutic work & treatment outcome of group-oriented evening treatment program, adult patients with borderline personality disorder, 25081
cocaine abuse, patient history & treatment course, hospitalized schizophrenic patients, 8138
cognitive-behavioral oriented treatment outcome of somatoform disorders, 19–64 yr old inpatients with comorbid personality disorders & major depressive &/or anxiety disorders, 21688
cognitive-behavioral treatment, clinical outcome & efficiency of treatment for anxiety disorders, specialist vs nonspecialist psychologists, 34867
comorbid mood disorders, treatment response, female inpatients with borderline personality disorder, 1666
comorbid psychiatric diagnoses, amount of treatment & continuation of care & 1-yr outcomes, patients with substance abuse &/or psychosis &/or anxiety/depression &/or personality disorders , 15635
comparison of methods for evaluating clinical outcomes for individual patient data, 22961
comprehensive multidisciplinary treatment at headache center, outcome & work impairment & cost-effectiveness, 14–75 yr old patients with migraine or intractable headache, 6 mo followup, 25315
conceptual framework/model for review of treatment outcomes & evaluation of research in developmental disabilities, 18475
construct validity of Medical Outcomes Study cognitive function scale, HIV patients, 4 mo study, 3330
cost effectiveness of & outcomes with community oriented Early Psychosis Prevention & Intervention Centre program, young people with emerging psychotic disorders, 1 yr followup, 31954
counseling attendance & opiate abstinence at Week 2 of methadone maintenance treatment, prediction of treatment retention & ongoing drug use at 6 & 9 mo, 24–66 yr old drug abusers, 25532
criteria for & issues of efficacy & effectiveness & efficiency in good psychiatric treatment, 31863
criterion measurement outcome model to test predictions of movement from precontemplation to contemplation to preparation stages of change, 18–75 yr old smokers, 24 mo followup, 28787
current state of schizophrenia therapeutics & expectations for what constitutes acceptable outcomes, patients, 11963
day vs residential therapeutic community drug abuse treatment program, outcomes related to addiction severity & depression & psychiatric symptoms & social support, clients, 18 mo followup , 28768
deficit in quality & amount of clinically relevant research in field of hypnosis & challenge to researchers & clinicians to do sophisticated outcome research, 5698
demographic & clinical characteristics & outcome of lithium treatment, 17–80 yr olds with recurrent bipolar affective disorder, 2–27 yr followup, 28450
demographic characteristics & lifetime comorbidity & temperament & personality disorder symptoms, 17–45 yr old female bulimics with vs without rapid sustained response to cognitive-behavioral therapy, 28326
demographics & risk factors & family history & treatment & outcome in rapid-cycling bipolar disorder, 37316
demographics & type of services & satisfaction & outcomes of coordinated interdisciplinary home-based neurorehabilitation program, 1–40+ yr olds with brain injuries, 6 & 12 mo followup, 35255
depression with vs without psychotic symptoms & medication resistance, response to ECT, hospitalized 65–91 yr olds, 25261
development & psychometrics of Objective Behavioral Index, assessment of behavioral indicators of treatment response, 18–52 yr olds with severe personality disorders, 19571
development & reliability & validity of the Maudsley Addiction Profile (MAP) for assessing treatment outcome, adult (mean age 35.5 yrs) drug or alcohol users, 6619
development of handicap scale for elderly, assessment of hospital treatment outcomes, 76–95 yr olds, 25500
development of patient preference questionnaire, assessment of preferred aspects of therapeutic intervention, migraine sufferers, 5731
development of Therapy Outcome Measure scales, assessment of speech & language therapy for clients with speech & language impairments, speech & language therapists, 35935
diagnosis & treatment & disease course & outcome, 0.9–18 yr olds with neuroleptic malignant syndrome, 11338
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, comment, 38412
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, 38391
differential effects of receptor blockade on clinical efficacy & safety of atypical antipsychotics, elderly patients with dementia or psychosis, 28451
dimensions of & methods for evaluating social validity of treatment goals & procedures & outcomes, application in clinical psychology treatment research, 28294
drug- vs cognitive-therapy efficacy with binge–purge frequency & depression & eating attitudes as treatment outcome measures, bulimia nervosa patients, 14880
drug-free interpersonal & phenomenological treatment & social environmental characteristics as alternative to hospitalization & treatment outcomes, schizophrenic & psychiatric clients, 15580
ECT, plasma vasopressin & oxytocin, clinical outcome & cognitive effects, patients (mean age 57.6 yrs) with major depression, 2418
effect of syntactic theory on hypothetical treatment outcome & effects of linguistic specific treatment on generalizability of sentence structure learning & production, 38–69 yr olds with aphasia, 25554
effectiveness & cost & new models of substance user treatment & reasons why treatment does or does not work & role of health care staff in influencing quality & outcome of treatment, 9245
effectiveness & costs & benefits of social work services in organ transplantation program, 15541
effectiveness & moderators of grief therapy, adults, 24959
effectiveness of risperidone or other antipsychotic drugs in the treatment of typical patients with schizophrenia or schizoaffective disorder throughout the US, 1-yr clinical trial, 15312
effectiveness of selective serotonin reuptake inhibitors, underweight female patients with anorexia nervosa, 12167
effects of childhood physical &/or sexual abuse on treatment outcomes & retention & psychological adjustment, substance abusing mothers of young children in drug rehabilitation, 21246
efficacy & safety & tolerability of antipsychotic medications in elderly, 21920
efficacy & safety of donepezil, 50–93 yr old patients with mild to moderately severe Alzheimer's disease, 30 wk study, 31622
efficacy & safety of sertraline vs amitriptyline, 18–75 yr old hospitalized patients with major depression, 5657
efficacy of 7-wk group behavioral therapy program, adolescents with obsessive compulsive disorder, 6-mo followup, 2207
efficacy of clomipramine vs desipramine, 26–55 yr old patients with panic disorder, 18734
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25516
efficacy of cognitive-behavioral treatment for rapists, 35371
efficacy of cue exposure treatments for smoking relapse prevention, smokers, 25534
efficacy of matching drug treatment services to client needs, 18–59 yr old drug abusers in community-based programs, 6 mo followup, 25528
efficacy of sensory integration treatment, 15107
efficacy of sexual offender treatment & recidivism & treatment type & location & decade of treatment & length of follow-up, sexual offenders, 22245
epidemiology & predictors & long-term course & outcome of panic disorder, 8184
etiology & treatment outcome studies of anxiety as support for involvement of families in treatment of childhood anxiety, 15213
evaluation of cost effectiveness & psychosocial outcome at outpatient Centre for Rehabilitation of Brain Injury, 35984
evaluation of dual diagnosis treatment program, inpatients (mean age 34.5 yrs) with substance abuse & psychiatric disorders, 28779
evaluation of effectiveness of consultation–liaison psychiatry service in general practice, referred patients, 6-mo followup, commentary, 2574
evaluation of effectiveness of consultation–liaison psychiatry service in general practice, referred patients, 6-mo followup, reply, 2572
evaluation of individual & family & community outcomes of neurological rehabilitation, 16–65 yr olds with traumatic brain injury & their families, 38589
evaluation of Yale-Brown Obsessive Compulsive Scale for heavy drinkers, pre-treatment vs end treatment results & severity of symptoms & psychometric properties, moderately heavy alcohol abusers, 36011
event related potentials & treatment outcomes, 21–60 yr olds with obsessive-compulsive disorder, 1645
examines relationship between 7 elements of primary care & 3 outcomes, commentary, 12413
factors predicting treatment outcomes & compliance, 5–18 yr old male juvenile sex offenders in a community-based treatment program, 12558
factors related to responsiveness to multicomponent in-hospital smoking cessation intervention, general hospitalized smokers, 12529
family members' expressed emotion & clinical outcome, patients with borderline personality disorder (mean age 29.6 yrs), 1 yr followup, 37428
fidelity of programs to assertive community treatment model & client outcomes, clients in mental illness & substance abuse treatment programs, 25448
frequency of relapse & efficacy of treatment, drug users, 2681
Functional Analysis of Care Environments Core Assessment, measurement of outcomes & severity in patients seen in routine practice, adult psychiatric patients, 29362
Functional Independence Measure vs modified Barthel Index, prediction of length of stay & disability outcome at discharge, 16–60 yr olds in neurological rehabilitation following acute brain injury, 35990
functional outcome measures & assessment of cost effectiveness, inpatient neurorehabilitation settings, 35998
functional outcome measures developed by brain injury rehabilitation units, 35986
gender, efficacy of psychiatric treatment, 21649
goal attainment scaling, evaluation & care planning, frail elderly, 8745
goal-based outcome assessment with functional activities of daily living bias & community relevance & client-centered focus, community-based rehabilitation service for acute brain injury, 35997
group process & treatment outcomes in cognitive behavioral stress management intervention, 25–55 yr olds, 34891
guessing correctness of paroxetine or clomipramine treatment method, treatment outcomes, patients with panic disorder & their physicians , 28394
Health of the Nation Outcome Scales as measure of mental health outcomes in general psychiatry, 18–64 yr old psychiatric patients, 25411
HIV intervention program for sexually transmitted diseases, treatment outcomes, female sex workers, Bolivia, 3 yr study , 2513

hospital outcome measures for 1 yr before vs 1 yr after assertive community treatment (ACT) program registration, 18–65 yr olds with persistent & severe mental illness, 22193
identification of specific treatment needs & characterization & opiate use, 35–65 yr old male nonresponsive vs responsive patients in methadone maintenance treatment, 9227
impact of general vs targeted vs computer-tailored smoking cessation materials, 19083
importance of ongoing relationship & relationship history to therapeutic effectiveness, nurse psychotherapists & clients, 31458
importance of routine use of standardized outcome measures in mental health care, 22879
inpatient treatment outcomes, Vietnam combat veterans with PTSD in treatment setting with vs without general psychiatric patients, 4- & 8- & 12-mo followup, 12483
inpatient vs extended cardiac counseling & rehabilitation programs vs normal care, psychological & functional outcome, myocardial infarction patients & their partners, 1-yr followup, 15608
inpatient vs outpatient substance abuse treatment, treatment outcomes, substance abusers, 38609
instructional components & direct vs strategy vs combined strategy & direct vs nondirect & nonstrategy instructional models, prediction of effect sizes of treatment outcome, learning disabled students, 35553
intensity & continuity of services in psychosocial rehabilitation program, treatment outcomes, patients with schizophrenia or affective disorder, 1 yr study, 12385
intensive & gradual vocational rehabilitation & supported employment, returning to & maintenance of work as rehabilitation outcome measure, patients with traumatic brain injury, 38628
intensive group intervention, relationship attitudes & attachment skills & strategies & family relations, female college students with insecure attachment patterns, 6 mo study, commentary, 21780
intensive outpatient methadone & psychosocial treatment program, retention & abstinence & health/social outcomes, heroin addicts hospitalized for other illnesses, 38593
internal consistency & stability & known-group & discriminant validity of How Are You scale, consumer-based measurement of quality of life outcomes, employees & patients of Menninger Clinic, 29372
International Classification of Impairment, Disabilities & Handicaps & health related quality of life concept for assessing rehabilitation outcomes, conference paper, 5918
interviewing for quality of life & physical & emotional health & social well-being & reactions to supportive care, 43–77 yr olds after coronary bypass surgery patients, 1 yr followup, 31775
introduction of learning disabilities psychiatric care, epilepsy health gain, 17–66 yr olds with epilepsy & learning disabilities, 1-yr followup, 31864
issues in cost & effectiveness of rehabilitation, patients with traumatic brain injury, 9221
issues in improving outcome & cost effectiveness of treatment for depression, 34752
issues in psychiatric treatment & outcomes for African Americans, 15126
issues related to research conducted by interdisciplinary Communication Science & Disorders Clinical Trials Research Group on treatment, patients with speech & language & hearing disorders, 25555
Level 1 research & accountability for clinical practice & outcomes, 24908
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency, commentary reply, 12174
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency disorders, commentary, 12228
long term outcome & mortality, medicated vs unmedicated bipolar & depressed patients, 32 yr study, 5599
long-term outcomes of enhanced acute-phase treatment in primary care, patients with major depression , 18487
long-term outcomes of mental health treatment, adults (mean age 39.8 yrs) with at least 1 DSM disorder, 15 yr followup , 28244
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 18677
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 34981
measures of functional & behavioral & psychosocial outcome, brain injured inpatients in cognitive behavioral rehabilitation units, 35992
measures of language proficiency & demographic factors & disorder prevalence & course & treatment outcomes, 5 vs 12 vs 19 yr olds with vs without speech &/or language disorders, 14 yr follow-up, 24672
mechanisms of action & potential predictors of treatment outcomes of clozapine, persons with schizophrenia, 25175
medical diagnosis & prognosis & prevalence & incidence & psychosomatic factors & symptoms & outcomes of angina & suspected ischemia, 45–74 yr olds from 1 primary provider, 3 yr retrospective study, 18330
medium term outcome of stimulant drugs, children (mean age 10.6 yrs) with Attention Deficit Hyperactivity Disorder, 37632
methadone dosage, treatment outcomes, opioid dependent patients, 19052
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & recovery period, 18221
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & posttrecovery period, commentary, 18222
model for estimation of annual treatment outcomes & costs, patients with schizophrenia, 37964
model for evaluating outcomes of clinical goal setting in psychiatric multidisciplinary mental health rehabilitation service, rehabilitation patients (ages 21–77 yrs), 18488
monitoring & counseling by general practitioner vs dietician, clinical & cost outcomes of nutritional counseling, 25–65 yr olds with hypertension vs type 2 diabetes vs obesity, 22106
neurological models & neuroleptic treatment, negative symptoms of schizophrenia, 5625
novel antipsychotics vs conventional neuroleptics, direct vs indirect amelioration of neuropsychological deficits & improved adaptive functioning, patients with schizophrenia, 12184
number of occupational therapy sessions, fine motor & related functional outcomes, 3.5–6 yr olds, academic year followup, commentary, 9270
number of occupational therapy sessions, fine motor & related functional outcomes, 3.5–6 yr olds, academic year follow up, 9264
obstetric complications at birth, prediction of drug treatment outcome, 1st-episode schizophrenic 14–39 yr olds, 25140
olanzapine vs haloperidol, treatment outcomes & cost effectiveness, patients with schizophrenia, 38322
oral vs tube feeding, aspiration pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, commentary, 38340
oral vs tube feeding, pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, 38339
outcome of comparative treatment effectiveness on program modality & drug history in drug use reduction, patients with drug dependency, 1-yr followup, 9237
outcome of early intervention for children with autism, 11984
outcome oriented approach to long term antipsychotic drug treatment of schizophrenia, 38270
outcomes model for enhancing mental health treatment & involvement in quality of care measurement & improvement, adult community residential service staff members, 31950
outcomes of 12-Step & cognitive-behavioral treatment to substance use outcomes, substance abuse patients, 15617
outcomes of alcohol treatments differing in theoretical orientations, 15615
outcomes of interdisciplinary vision assessment approach of the Special Populations Assessment & Rehabilitation Center, multiply impaired 6 mo to 74 yr olds, 24888
outcomes study for assessing caseload attributes & treatment patterns & clinical outcomes in psychiatric outpatient clinics, adult patients, implications for quality improvement, 31937
pain management practices in accordance with AHCPR guidelines & short-term patient outcomes, acute care hospitals treating 18–89 yr old surgical patients, 2 yr follow-up, 15589
pain-related anxiety reduction, multidisciplinary pain treatment outcomes, chronic low back pain patients, 5712
parental involvement in cognitive behavioral group treatment, treatment outcomes, 7–12 yr olds with anxiety disorders, 38023
parental satisfaction & clinician ratings of outcome, parents of 3–19 yr olds receiving mental health services, 15495
patient outcomes in 2 substance abuse treatment agencies, drug rehabilitation clients, 32040
patient rating of treatment satisfaction vs ratings of treatment outcome, outpatients with dual diagnosis & severe mental illness vs their case managers , 25455
patient status at follow-up & secondary financial gain, global impressions of improvement vs validated indices of treatment outcome, 18–75 yr old patients with chronic nonmalignant pain , 18825
perception of changes in health state & satisfaction with change & pain & disability, patients in education program vs drug therapy vs surgery, 34546
personal & social support & global functioning, full remission or partial recovery after drug therapy, 8–65 yr olds with non-chronic major depressive disorders, 2311
perspective of major dimensions affecting acceptability of loneliness counseling interventions, college students, comparison with dimensions posited by theoretical models of treatment acceptability, 2169
perspectives on treatment history, 14–65 yr old patients with chronic eating disorders, 1900
pharmacogenetics of lithium response, patients with bipolar disorder & family members, 15275
pharmacology & clinical efficacy & side effect profiles of atypical antipsychotics & relation of attributes observed in clinical practice & trials to their basic pharmacologic profiles, 21963
policies & services & staff & patient characteristics as determinants of treatment climate & outcome, patients & staff of residential psychiatric & substance abuse programs, 8742
predictive factors of long-term outcome of bulimia, females (mean age 35.3 yrs), 11748
predictive value of cognitive distortion ratings in relation to psychopharmacologic treatment response, 30–86 yr olds with major depression, 2374
predictive value of dispositional optimism relative to program attendance & weight loss, 18–75 yr olds seeking outpatient treatment, 12435
predictors of cognitive behavioral therapy outcomes, patients with generalized social phobia vs nongeneralized fear, replication of study by D. L. Chambless et al, 24342
pressure for measurable outcomes in medical model setting, music therapy practice in brain injury rehabilitation, 30 & 48 yr old male patients, 28556
prevalence & diagnosis & onset & outcomes & treatment, primary care vs psychiatric patients with depression, 8116
primary care service use & treatment & outcomes & psychiatric comorbidity, panic disorder patients (mean age 42.3 yrs), 30786
process & outcome measures as quality of care, HMO vs non-HMO patients with cardiovascular disease, 8592
prognostic demographic & socioeconomic data & physical & psychological measures & treatment-related changes, return to work, chronic back pain patients 6 mo after multimodal treatment program, 28262
psychiatric outcome assessment of quality of life & alcohol consumption & psychosocial readjustment & mental health, alcoholic vs other liver disease transplant recipients, 18820
psychiatric outcomes & side effects resulting from antiepileptic drugs, patients with seizure disorders, 35089
psychodrama group treatment effectiveness measured by withdrawn behavior & anxiety/depression, traumatized female 11–13 yr olds, 25078
psychodynamic assessment of family functioning & individual maturity & psychological construct of transplantation, survival rates, adult bone marrow transplant patients, 38408
psychoeducation medication management training & cognitive therapy & key-person counseling & patient characteristics, treatment outcome, schizophrenic patients, 2 yr followup, 21656
psychogeriatric intervention outcome, 71–88 yr olds in old age home, 3 yr followp, 35266
psychological & pharmacological treatment interventions & outcomes for adolescent substance abusers, 28247
psychological assessment results & age of onset & adverse drug reactions as predictors of response to clomipramine vs fluoxetine, adults with obsessive-compulsive disorder, 38206
psychopharmacologic treatment termination, clinical & psychosocial outcomes, outpatients with early onset chronic depression, 1 yr followup, 28390
psychosocial & neuropsychological outcomes 20 yrs post-injury & role of orbitofrontal & dorsolateral prefrontal cortex in adaptive behaviors, high-functioning males with traumatic brain injury, 35288
psychosocial & sociocultural predictors of inpatient treatment outcome, adolescents with substance abuse problems, 8-mo study, 5926
psychosocial rehabilitation program, psychosocial functioning, Black adults with schizophrenia vs affective disorder vs schizophrenia & substance abuse, 2 yr followup, 19029
psychotherapeutic counseling, sport-related pressures & stress & obsessive-compulsive behavior, 18 yr-old female collegiate golfer with bulimia, 34798
quality of care administrative data indicators & clinical outcomes of symptoms & substance abuse & social functions, veterans treated for PTSD, 15497

randomization & treatment dropouts & untreated controls & within-treatment designs & other aspects of methodological issues in evaluation of outcomes of treatment for sexual offenders, 32073
rates of completion & complications & outcome of group-orineted day traetment program, patients with personality disorder, 32014
reaction to diagnosis & satisfaction with treatment availability & provision & clinical outcome, patients with non-epileptic attack disorder, 2172
reduction in positive & negative & depressive & manic symptoms, improvement in service use & disability & subjective outcomes & self-harm, 16–65 yr old patients with chronic psychotic illness, 37392
response rates of remission & relapse & recovery & recurrence to acute vs continuation vs 1-yr maintenance depression treatment, 60–69 vs 70+ yr olds with recurrent depression, 8732
risk & protective factors in successful prevention programs, children & adolescents with various disorders, 2129
risperidone therapy vs conventional antipsychotic therapy, hospital length of stay & subsequent outpatient visits, 23–80 yr old veterans, 2-yr study, 21950
risperidone, treatment outcomes, hospitalized patients with psychiatric disorders, 2 yr study, 25150
role & impact on outcome of homework assignments in cognitive therapy & methods for enhancing adherence, patients with depression, 38069
role of combined psychosocial & pharmacologic treatment, comprehensive management, persons with schizophrenia, 8769
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, erratum, 22687
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, 12 wk study, 12190
satisfaction with psychological treatment & treatment outcome, adult private practice clients, 34802
scores on Functional Independence Measure + Functional Assessment Measure, 22–65 yr old inpatients with traumatic brain injury in cognitive behavioral rehabilitation, 35980
selecting an antidepressant by using mechanism of action to enhance efficacy & avoid side effects, 8950
self efficacy & outcome expectations & fantasies, prediction of posttreatment drinking, alcoholics, 2692
self-reported satisfaction at discharge from inpatient mental health services, quality of life & symptomatology & level of functioning, severely mentally ill clients, commentary & reply, 8078
sensitivity & precision of Medline vs PsycINFO in retrieving articles describing outcome studies of group-based psychotherapy, 13164
sertraline vs fluoxetine treatment, patients with depression (aged 70–93 yrs), 25164
service user characteristics & substance use & health & social problems, national cohort of 16–58 yr old service users at agencies taking part in National Treatment Outcome Research Study, 5928
services & treatment outcome, families of adults with schizophrenia, 1 yr study, 12395
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients in treatment for drug abuse, 12 mo followup, 25541
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients, 12 mo followup, 25525
short-term benefits & long-term mortality rate & predisposing factors to compulsory hospital treatment, patients with anorexia nervosa, mean 5.7 yr followup, 32012
short-term dynamic psychotherapy, transference interpretations & therapeutic alliance & treatment outcome, 20–57 yr olds, 34799
smoking cessation & nicotine dependence as coping behavior, drug abuse treatment outcomes, substance abusers, implication for treatment of drug addiction, 5932
social adjustment & depression & anxiety quality of life measures, 65–82 yr olds with poor vs good control over their Type 2 diabetes mellitus, 8512
specialized staff nursing, hospital length of stay & mortality, 18–99 yr old discharged patients, 9199
spiritual belief, clinical outcome after hospital admission, cardiac & gynecology hospitalized patients, 9 mo followup, 22238
stability of traits assessed by Karolinska Scales of Personality, weight loss at 8 wks vs relapse at 12 mo, obesity patients, 16349
standard group counseling vs individualized relapse prevention, substance use & personal health & social functioning, cocaine dependent male veterans in outpatient continuing care, 2 yr study , 28777
strengths vs generalist model of case management training, client outcomes, community mental health center clients with mental disorders , 18975
substance abuse recovery process from treatment-career perspective, profiles of clients (mean age 33.2 yrs) entering treatment for 1st time vs returning to treatment, 28762
substance abuse treatment programs, treatment orientation vs amount of care vs 1-yr outcomes, inpatients , 15629
supplemental social services, public addiction treatment outcome, outpatient addiction treatment patients, 2693
supported employment outcomes, 26–33 yr old males with intellectual disabilities & behavior problems, 38629
surgical experience & outcomes, 60–75 yr olds with cerebellar infarcts vs hemorrhage, 5392
survival analysis methods in clinical assessment & treatment evaluation, fictitious alcohol rehabilitation patients, 6618
symptom reduction & outcomes & quality of life in patients with schizophrenia, 14566
test–retest reliability on self-report questionnaires of symptoms & personality related to social functioning & quality of life & treatment outcome, schizophrenic inpatients, 9869
token economy program, absences & emergencies & employee & patient injuries on psychiatric unit, 18–20 yr old psychiatric patients, 8-mo study, 28732
treatment adherence & clinical outcomes, African Americans vs Whites treated with interpersonal psychotherapy or pharmacotherapy for major depression, 21643
treatment completion & outcomes in a partial hospitalization program, patients with serious emotional or coping or interpersonal problems, 28356
treatment history & outcomes, male vs female drug rehabilitation clients, 32033
treatment outcome evaluation of management in modified therapeutic community, 18–55 yr old mentally ill chemical abusing clients in residential program, 9232
treatment outcome in patients with personality &/or somatoform disorders, 30798
treatment outcome of biofeedback & autogenic training for poststroke anxiety, 58 yr old male, 28605
treatment outcomes & completion of high vs low intensity cognitive-behavioral therapy, cocaine dependent methadone patients, 15 mo followup, 25539
treatment outcomes & coping & psychosocial functioning, male patients with substance use disorders with vs without PTSD, 2-yr study, 21333
treatment process and outcome, Type A vs Type B adults (mean age 35.6 yrs) in 12-Step oriented substance abuse treatment, 12-mo study, 9246
treatment program type, recidivism reduction, criminals aged less than 16 to 21+ yrs old, mean 2 yr followup, Europe, 32544
treatment protocol for laxative withdrawal & treatment response at 3–20 mo, eating-disordered females, 18479
treatment response to & tolerability of pharmacological & psychological treatments of depression, patients aged over 55 yrs, 24905
trends in London vs St. Thomas vs North Bay vs other provincial psychiatric hospitals concerning involuntary patient certification, 1987–97, Canada, 28731
Twisted Pear theory of prediction of rehabilitation outcome, 28744
use of outcomes assessment in clinical decision making & to identify treatment responsiveness & changes in improvement rates, child & adolescent inpatients in mental health facility, 32007
use of statistical process control techniques to monitor quality of mental health center outpatient service delivery & global client outcomes, adult clients, 29437
utility of Global Assessment of Functioning scale for assessing treatment outcome & correlations with gender & age & length of stay, 54–91 yr old psychogeriatric inpatients, 35944
utility of MMPI-2 clinical & content scales related to emotional distress, prediction of multimodal treatment outcome, patients with chronic back pain, 31079
validity of Health of the Nation Outcome Scales, assessment of clinical status & outcomes, psychiatric patients, 25382
variables in prediction of assessment of strength in helping alliance after 1 yr of treatment, case managers & therapists of patients with psychiatric disability, 18516
verbal interactions during behavioral consultation, treatment outcomes, graduate consultants & teacher consultees & students with emotional disabilities &/or risk for academic or behavior problems , 25828

Treatment Outcomes [See Also Psychotherapeutic Outcomes]—Books

Measuring behavioral health outcomes: A practical guide, 24928
The use of psychological testing for treatment planning and outcomes assessment (2nd ed.), 28272

Use of the Children's Depression Inventory, 26191
Use of the Devereux Scales of Mental Disorders for diagnosis, treatment planning, and outcome assessment, 26186

Treatment Refusal—Serials

characteristics, absconders vs nonabsconders from mental hospitals, 31999
clinical & administrative & legal & empirical aspects of right to refuse mental health treatment, psychiatric patients, 19530
court ordered treatment, patients who refused treatment & their psychiatrists, Canada, 34751
depressive symptoms & psychiatrist ethics & suicide prevention & patient right to refuse treatment & pursue suicidal action, depressed patients, 20991
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary, 8967
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary & reply, 8972
origin & evolution of right to refuse treatment doctrine & competency to be executed & therapeutic jurisprudence, death row inmates, 26044
perspectives on refusal by deaf parents to hold hearing test for newborn offspring, pediatricians, 28259
treatment refusal following 5 successful years with methylphenidate, 15-yr-old male with ADHD, implications for understanding treatment compliance issues during mid-adolescence, 18740

Treatment Refusal—Chapters

Case four: Saying "no" to treatment in terminal illness, 31814
Case nine: Consent by antisocial adolescents: Defining the "least bad" option, 31725
Case One: Consent and the limits of staff as "family", 31402
Case seven: An adolescent's decisions about reproduction and HIV transmission, 31811
Case three: An adolescent's contested wish for a kidney transplant, 32161
Case two: Placing an unplaceable teen, 31812
Compulsory treatment of anorexia nervosa patients, 19208
Food refusal, forced feeding and the law of England and Wales, 19143
Suicide and manic-depressive illness: An overview and personal account, 8313

Treatment Resistant Depression—Serials

addition of chromium picolinate or chromium polynicotinate to antidepressant drug therapy, 24–50 yr old patients with antidepressant-refractory dysthymic disorder, 18716
adjunctive dose & side effects of clonazepam during ongoing antidepressant treatment, 21–71 yr olds with prolonged depression, 28471
antidepressant efficacy of dual-acting mirtazapine, difficult to treat depressed patients, 31649
atypical antipsychotic olanzapine, patients with severe treatment-resistant psychotic depression, 25192
augmentation vs switching treatment strategies for selective serotonin reuptake inhibitor antidepressant nonresponders, 2370
augmentation with pindolol, 18–65 yr olds with major depression resistant to treatment with serotonin reuptake inhibitors, 10 day study, 18724
augmentation with risperidone, 36–75 yr old outpatients with major depressive disorder resistant to treatment with selective serotonin reuptake inhibitors, 1 wk study, 18721
calcium channel blocker nimodipine with vs without carbamazepine augmentation, patients with treatment refractory affective disorders, 2377
clinical & electrophysiological & neuropsychological evidence of prefrontal dysfunction & poor response to antidepressant treatment, elderly depressed patients (mean age 74.8 yrs), 31659
clinical predictors of short-term outcome & cognitive side effects of ECT, 19–91 yr olds with major depressive disorder, 15365
dexamethasone, female 72 yr old & male 74 yr old with recurrent treatment-resistant depression, 25144
drug treatment strategies for resistant depression, 2371
efficacy & tolerability of olanzapine, 12–17 yr olds with treatment-resistant bipolar disorder with acute mania, 28498
efficacy & tolerability of venlafaxine, 20–68 yr old in- & out-patients with treatment-resistant depression, 8 wk study, 38229
efficacy of antidepressant mirtazapine, patients with anxiety-related & difficult-to-treat depressive conditions, 31638
efficacy of lithium augmentation of conventional antidepressant monotherapy, patients with refractory depression, 38210
high-dose thyroxine augmentation, 21–68 yr old outpatients with treatment resistant depression, 8-wk study, 15337
ketoconazole, 22–65 yr olds with treatment-refractory major depressive disorder, 6-wk study, implications for role of glucocorticoids in major depression, 38276

left prefrontal repetitive transcranial magnetic stimulation, Ss with resistant major depression, 25264
lithium augmentation, 19–73 yr olds with refractory depression, 4–8 yr followup, 31690
merits of substitution therapy, patients with treatment-resistant major depression, 15304
methodological considerations & limits of definitions & conceptual & operational criteria of treatment resistant depression, 14507
mirtazapine augmentation, outpatients with treatment resistant depression, 4 wk study, 12154
mirtazapine, 58 yr old female with recurrent psychotic depression, 28422
nefazodone therapy, 31–75 yr old patients with treatment-resistant major depression & high psychiatric comorbidity, 25218
penbutolol supplement to selective serotonin reuptake inhibitor treatment, 5-HT1A effects, 29–56 yr olds with treatment resistant depression, 28411
perception of social support & social network sufficiency & role of stressful life events & depression severity, adult patients with treatment-refractory depression, 17882
potentiation of antidepressants with lithium or carbamazepine, depression ratings & endocrinological indices, 20–70 yr olds with treatment-resistant depression, 38302
repetitive transcranial magnetic stimulation in treatment of medication-resistant depressed outpatients aged 30–52 yrs, 12257
safety & efficacy of venlafaxine vs paroxetine, 21.9–61.7 yr old patients with treatment-resistant depression, 28479
sequential ketoconazole & lithium carbonate antistress treatment following resistance to amino reuptake inhibitors, 60 yr old woman with depressive illness & type 2 diabetes, 31618
subcortical white matter hyperintensities & neuropsychological impairment, resistance to monodrug therapy with vs without lithium augmentation or ECT, 65–85 yr old patients with major depression, 2397
treatment options including antidepressant medication & ECT & steroid suppression therapy for patients with refractory depression, 15101
use of lithium & antipsychotic & anticonvulsant & other mood stabilizing drugs on bipolar & unipolar & treatment refractory depression, 18735
venlafaxine, resistant postpsychotic depressive symptoms, 58-yr-old male with schizophrenia paranoid type, 21924

Treatment Resistant Disorders [See Also Treatment Resistant Depression]—Serials

5-HT type 2A receptor allele frequencies, outcome & drug response, schizophrenic responders vs nonresponders to neuroleptic drugs, 14555
adjunctive use of gabapentin & other medication, 22–75 yr olds with treatment resistant bipolar I mixed episodes, 35010
anticonvulsant lamotrigine, self-injury & bulimia nervosa, 23- yr-old male & 28-yr-old female with depression & treatment- resistant impulse tendencies, 21878
anxiety, 6–12 yr olds with ADHD not responding well to psychostimulant medication in intermediate & long term, 31707
benefits of clozapine therapy for treatment-resistant schizophrenia , 25200
brain hemispheric laterality & attention during auditory processing, 18–51 yr old patients with treatment-resistant schizophrenia, 11425
calcium channel blocker nimodipine, 13-yr-old male with refractory ultradian rapid cycling bipolar disorder, 21879
change from typical antipsychotics to risperidone, symptoms & side effects & social functioning, patients with schizophrenia, 31673
clinical factors & pathophysiologic process in treatment resistant schizophrenia, 4960
clozapine & adjunct high-dose glycine, adults with treatment resistant schizophrenia, 8933
clozapine as adjunctive treatment, 31–45 yr olds with treatment-resistant bipolar or schizoaffective disorder , 31698
clozapine plus lamotrigine, 25–51 yr olds with treatment-resistant schizophrenia, 38236
clozapine vs traditional antipsychotics in treatment of treatment-resistant schizophrenia, 25165
clozapine, positive & negative & extrapyramidal symptoms, patients with resistant schizophrenia , 8869
clozapine, treatment-resistant schizophrenia & aggressive & self- injurious behavior, 32 yr old male with moderate intellectual disability, 25177
cognitive factors responsible for maintenance of PTSD, patients unimproved after cognitive therapy, 8794
combined ECT & clozapine therapy, 22–42 yr olds with treatment resistant schizophrenia, 18485
current approaches & new antipsychotic treatments, patients with treatment-resistant schizophrenia, 15314
effectiveness of olanzapine, patients with treatment resistant schizophrenia, 34152
efficacy & cost effectiveness of clozapine treatment, patients with treatment resistant schizophrenia, 5 yr study, 12152
efficacy & safety of combined clozapine & ECT, 36–66 yr old inpatients with treatment-resistant schizophrenia &/or intolerant to clozapine, 24913
efficacy of atypical antipsychotic drugs, patients with treatment-refractory schizophrenia, erratum, 25145
efficacy of group cognitive-behavior therapy, adequately- & inadequately-treated pharmacotherapy nonresponders with panic disorder , 28331
efficacy of primidone as adjunct to existing drug therapy, 24–59 yr old outpatients with treatment refractory bipolar disorder, prospective open study, 28493
events during vigabatrin therapy, incidence of psychiatric adverse events, patients with treatment-resistant partial complex epilepsy with psychotic symptoms, 38272
fluoxetine augmented with olanzapine, 24-yr-old female with treatment refractory obsessive-compulsive disorder , 2383
historical development of clozapine & its current position as gold standard therapy for treatment-resistant schizophrenia, 25174
importance of treatment resistance & factors affecting its definition in light of recent advances in knowledge & treatment of schizophrenia particularly drug treatment, 25208
long term CLZ vs classical antipsychotic drugs, body weight changes, neuroleptic-resistant chronic schizophrenic patients, 35024
low-dose standard neuroleptics in combination with novel antipsychotics, patients with treatment-resistant schizophrenia, 15354
olanzapine for treatment-refractory schizophrenia or schizoaffective disorder, 22–44 yr old patients responsive to & intolerant of clozapine, 3 mo followup , 28510
olanzapine vs haloperidol, symptomatology & parkinsonian side effects, patients with treatment-resistant schizophrenia, 15280
olanzapine, hospitalized 31–49 yr olds with treatment-refractory schizophrenia, 12232
olfactory identification, patients with treatment-refractory schizophrenia, 21159
pharmacological treatment of refractory schizophrenia, 38222
polyglandular autoimmune syndrome type II, 37-yr-old female with treatment-resistant paranoid schizophrenia & obsessive-compulsive disorder, 20979
prediction of response to clozapine after olanzapine, treatment-resistant schizophrenic patients (mean age 38.9 yrs) , 27659
proper name anomia following left temporal lobectomy, male 47 yr old with intractable seizures, 18374
psychopharmacological treatment of & approaches to refractory obsessive-compulsive disorder & associated side effects & drug interactions, children & adolescents, 34980
quality of life changes, 18–56 yr old treatment-resistant patients with obsessive compulsive disorder admitted & discharged from partial hospitalization program , 14602
quetiapine, 19–60 yr olds with treatment-resistant bipolar disorder, 34974
reasons for non-prescription of clozapine, male inpatients (mean age 42 yrs) with treatment-resistant schizophrenia or schizoaffective psychosis, 38317
right vs left temporal lobectomy & properties of visual stimuli, visual discrimination ability, patients with intractable epilepsy, 18398
risks & benefits of medication-free period for pediatric patients in research, children & adolescents with treatment-resistant childhood-onset schizophrenia, 2 & 4 yr followups, 27686
risperidone & paroxetine, 25 yr old male with treatment resistant obsessive compulsive disorder, 12138
risperidone, 31-yr-old & 53-yr-old females & 22-yr-old male with serotonin reuptake inhibitor-refractory trichotillomania, 21885
RT to visual stimuli & P300 ERPs, treatment-resistant schizophrenic patients, 27704
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28465
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28419
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28487
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, commentary reply, 28400
tetrabenazine, psychotic symptoms, adult male with treatment-resistant schizophrenia, 2324
white blood cell monitoring programs aimed at reducing rate of agranulocytosis in clozapine therapy for treatment-resistant schizophrenia, 25139
withdrawal from clozapine, rebound phenomenon of psychotic exacerbation & anticholinergic effects, 31–64 yr old treatment-resistant schizophrenic patients, 34967

Treatment Resistant Disorders [See Also Treatment Resistant Depression]—Chapters

Treatment-resistant schizophrenia in African Americans, 28522

Treatment Seeking Behavior [See Health Care Seeking Behavior]

Treatment Termination—Serials

cessation of long term naltrexone therapy, self injurious behaviors, adult female with profound mental retardation, presentation of 2 & 4 yr followup data, 12158
cluster B antisocial vs borderline vs histrionic vs narcissistic personality disorders, psychotherapy attendance & termination, adult patients, 5502
discontinuation of methylphenidate treatment, defiant behavior & neuropsychologic test scores, 9–13.5 yr olds with ADHD, 25236
issues in & criteria for termination of psychoanalysis & psychotherapy, commentary, 12024
kinds & processes & implications of psychoanalysis termination, 25132
long-term therapy with & discontinuation of alprazolam vs imipramine vs other medications, treatment of panic disorder, 8937
posttermination experience, general structure main themes & situated structure illustrations of posttermination processes, individuals who completed psychoanalysis or psychoanalytic psychotherapy, 24970
psychopharmacologic treatment termination, clinical & psychosocial outcomes, outpatients with early onset chronic depression, 1 yr followup, 28390
safety & side-effects of & reasons for terminating treatment with risperidone prescribed by general practitioners, patients aged 10 yrs or younger to 90 yrs or older, 5650
superego defense transferences in termination phase of psychoanalysis, 5585
termination discussion, counselor's social influence rating, 16–50 yr old clients, 31436
therapy termination & therapeutic processes, adolescent development & attachment & separation anxiety & emotional trauma, 9 yr old male with emotional disturbance & grieving loss of parent or other, 31418
transtheoretical model of change & client characteristics, prediction of client termination & continuation status, psychotherapy client–therapist pairs, 34771

Treatment Termination—Books

A dialogue on love, 28322
Your drug may be your problem: How and why to stop taking psychiatric medications, 28516

Treatment Termination—Chapters

Termination, 38157

Treatment Withholding—Serials

attitudes toward end of life decision making, medical students, implications for ethics curricula, 22331
moral philosophical issues concerning euthanasia or withholding life-saving treatment, newborn infants with intellectual disabilities, 34477
sociodemographic factors & functional status, use of advanced care directive vs do-not-resuscitate order prior to vs after admission, male vs female Black vs White nursing home residents, 1993–94 , 22230

Tremor—Serials

2-dimensional geometry & electromyographic of spontaneous vs imitated Parkinsonian wrist tremor, patients with Parkinson's disease, 28192
contextual & hand postural changes, kinematic properties of pointing & drawing movements, 55 yr old male with primary writing tremor, 24845
declarative & procedural learning, 45–82 yr old patients with Parkinson's subtypes with tremor vs bradykinesia, 2098
efficacy of gabapentin vs propranolol, 47–79 yr old outpatients with essential tremor, 20291
tumor resection surgery for tremor, 60 yr old female with frontal convexity meningioma, 5333
ventrointermedius thalamotomy, toluene induced hand tremors, 22 yr old male toluene misuser, 28607

Trends—Serials

age & year of birth, time trends in suicide mortality rates, males & females over age 10, Lithuania, 1970–1995, 27786
alcohol & tobacco & other drug use & risk & protective factors, 8th–12th graders exposed to school-district wide prevention program, 1987 vs 1991, 22111
career development activities in informal economy, 38959
children's health insurance coverage & family structure, 1977–1996, 15505
class IQ trends & IQ gains over time & relation between IQ & intelligence & achievement, implications for humane-egalitarian concept of social justice, 10770

cosmophysical effects 1 or 2 mo prior to suicide, monthly suicide rates in Israel, 1981–89, 30848
current needs & trends & risks in community-based care in mental health & long-term care, older persons with severe mental disorders, 35159
current trends & continuity & changes in development of psychology internationally, 13018
day of month & patterns of fluctuation & postponing effect, suicide attempts around public holidays, persons aged 15 yrs or older, 1989–1996, Europe, 27782
driver characteristics & trends in use patterns & driver behaviors, adolescent & adult drivers of all terrain vehicles, implications for vehicle related accidents, 26012
drug use prevalence & trends among college students, Spain, literature review, 21293
drug using trends from 1984–94, Spanish college students , 27866
early transition stages & heterogeneity in criminal careers & patterns of police contacts, young offenders (mean age 13.6 yrs), 24556
education & demographic characteristics, changes in level of knowledge of cardiovascular disease prevention over time, 18–64 yr olds, 12 yr longitudinal study , 38449
epidemiologic evidence of marijuana use among youths from US & other countries, 11624
epidemiological trends in suicide rates among different age groups of young males & females in Norway, 1973–94, 30832
epidemiological trends in use of alcohol vs cigarettes vs cannabis vs cocaine vs LSD, American vs Canadian 12–19 yr olds, 24524
epidemiology of substance abuse in adolescents & policy implications, 27025
epidemiology of suicide, 1952–95, northern Sweden, 37502
geographical area & diagnostic system criteria, trends over time in prevalence of autism, studies published 1966–1997, 27922
issues in nature of authority & estimation of obedience rates & sex differences in obedience & changes over time in Milgram obedience paradigm, 30395
national trend in the development of comprehensive guidance & counseling programs in the US, 9572
patterns of recurrence of child abuse & neglect, abused children, 24412
safe-driving &/vs health-maintenance behavior trends, 1985–95, US, 29234
secular trend & socioeconomic & environmental determinants of age at menarche, 15+ yr old females living in rural province of China, 23652
sex & race/ethnicity & trends in opportunity for & progression to actual use of marihuana & cocaine & heroin & hallucinogens, 12+ yr olds, 1979–1994, 21353
sex ratio & age composition & level of education, giant panda habitat in Wolong Nature Reserve, 0–84 yr olds, 1982–96, 35762
sex, differences in drug use, rural vs urban 12th graders, 18041
sociodemographic factors & national trends in alcohol consumption, White vs Black vs Hispanic 18–60+ yr olds, 1984 vs 1995, 7762
suicide rate in East vs West Germany after the fall of communism & reunification of Germany, 1982–87 vs 1990–95, 30842
survey of trends in mental health service delivery & implications for community mental health nurses, England & Wales, 38510
system memory in patterns of reoccurrence of violence, bars , 24384
topics & issues & trends in "Elementary School Guidance & Counseling" journal, 1977–1997, 19375
trends & changes in authorship & subject characteristics & tests & techniques used in research published in 7 issues of Journal of Personality Assessment, 1937–1997, 17637
trends & importnat changes in diagnosis of mental disorders using DSM, implications for counselors, 34048
trends & patterns in drug use & economic & social effects, Sub-Saharan African nations, 18028
trends in child minor & total physical & sexual & emotional abuse & neglect, army families, 1975–97, 37487
trends in composition & duration of visits to psychiatrists in office-based psychiatric practice, physicians, 15492
trends in content & design & analysis in Personality and Social Psychology Bulletin & Journal of Personality and Social Psychology, 1976–1996, 11185
trends in course of illness & treatment, patients with major depressive disorder, 10-yr study, 17860
trends in delirium frequency, psychiatric inpatients, 1985–1994, 5901
trends in early sexual activity & subsequent sexual lifestyle, 18–54 yr old New Zealanders, 23760
trends in empirical studies & research agendas of peer relationships & social competence, children, 1970s–1990s, 14018
trends in employment & wages, cardiovascular vs mental vs musculoskeletal vs respiratory vs sensory vs other disabled workers, 1984 vs 1990, implications for Americans with Disabilities Act, 17752
trends in prominence of psychoanalysis vs behavioral psychology vs cognitive psychology vs neuroscience, 9765
trends in psychology & psychiatry & neuroscience, 1981–96, commentaries appended, 6504
trends in quality of life & well-being as assessed by Human Development Index, India, 1971 & 1981 & 1991, 13891
trends in smoking & smoking-related attitudes & beliefs, high school students, US, 1978–1995, 33855
trends in suicide rates & drug overdose & other methods, 15–54 yr old registered addicts, UK, 1968–92, 34369
trends in use of antiepileptic drug polytherapy vs monotherapy, 20–83 yr olds with learning disabilities & epilepsy, 28417
variations in levels & causes of excess mortality & temporal mortality change, Black vs White 15–64 yr olds from poor urban vs rural communities, 1980 vs 1990, 24083

Trends—Books

Mad travelers: Reflections on the reality of transient mental illnesses , 1491

Trends—Chapters

Black–White test score convergence since 1965, 2929
The EAP and the work-family connection, 25871
EAPs and the future of work, 25875
Future trends in selected systems, 38052
The global HIV/AIDS pandemic: Trends and patterns, 31149
Grandparenthood over time: Historical and demographic trends, 4544
Homicide between intimate partners, 8409
Information management in behavioral healthcare, 38667
New learning approaches: Conceptualizing the learning–teaching interaction, 9538
School-to-work transitions and postmodern values: What's changing in Canada?, 16058
Trends and patterns of homicide in the 20th-century United States, 8428
Understanding meta-urbanism: Place making and marketing place, 29221
What can we learn from data disaggregation? The case of homicide and African Americans, 8416

Triadic Therapy [See Conjoint Therapy]

Trial and Error Learning—Serials

MK-801, vicarious trial-and-error & simultaneous olfactory discrimination learning & reversal, weanling rats, 7199

Triazolam—Serials

acute triazolam challenge, inhibitory & other cognitive functions, normal vs alcoholic volunteers, 5093
discriminative-stimulus effects of midazolam & triazolam, rhesus monkeys, 13773
dosage & acute behavioral effects of benzodiazepine-receptor ligands quazepam vs triazolam, 20–41 yr olds, 28490
impairment of triazolam & alprazolam clearance by short-term low-dose ritanavir & clinical dilemma of concurrent inhibition & induction, 28431
L-type vs T-type calcium channel blockers nilvadipine vs flunarizine, hypnotic potency of benzodiazepine-hypnotic triazolam vs -nonhypnotic zolpidem assessed by NREM sleep polysomnography, male rats, 26854
sedative like subjective & behavioral effects of ethanol & triazolam, 21–35 yr olds, 20300
sex & estrous cycle phase & biculculline vs flumazenil, plus-maze learning & hyperphagic & anorectic effects of allopreganolone vs triazolam vs dehydroepiandrosterone sulfate on food intake, rats, 10644
single dose triazolam administered during follicular & periovulatory & luteal phases of menstrual cycle, mood & cognitive & psychomotor performance & hormone levels, 18–35 yr old females, 36613
single vs cumulative dosing procedures, triazolam discrimination, 19–32 yr olds, 20372
triazolam administration & withdrawal, food intake, baboons, 26862

Tribes—Serials

tribal & shamanic based social work practice, Lakota Indians, 22195

Trichotillomania [See Hair Pulling]

Tricyclic Antidepressant Drugs [See Also Amitriptyline, Chlorimipramine, Desipramine, Doxepin, Imipramine, Maprotiline, Nortriptyline]—Serials

cardiovascular effects & safety of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression, 2319
cardiovascular effects of tricyclic antidepressants & selective 5-HT reuptake inhibitors, elderly patients & cardiac disease patients with major depression, 5624
discriminative stimulus effects of norepinephrine reuptake inhibitors vs serotonin reuptake inhibitors vs atypical antidepressants vs clenbuterol, male rats, 26811
efficacy & tolerability & safety of new generation vs tricyclic antidepressants as 1st vs 2nd line choice in treatment for severe depression, 31621
efficacy of selective serotonin reuptake inhibitors vs tricyclic vs other antidepressants, patients with severe depression, 21905
fluoxetine vs tricyclic antidepressant dothiepin, cognitive function & symptoms, 18–70 yr olds with major depression, 31637
methods & first results for tricyclic antidepressants & serotonin reuptake inhibitors, adverse drug reactions, psychiatric inpatients, 12181
metyrapone vs desipramine, rodent models of depression & hypothermic response to challenge with 8-OH-DPAT, rats, 33164
response to tricyclic antidepressants, 11 yr 11 mo old severely depressed boy, 5621
serotonin reuptake inhibitor vs benzodiazepine vs tricyclic antidepressant vs MAO inhibitor treatment of panic disorder, 35019
therapeutic role of tricyclic antidepressants & adverse cardiovascular effects, children & adolescents with ADHD & major depression & autism & obsessive compulsive disorder , 21894
tricyclic antidepressant & fluoxetine treatment, patients with nonpsychotic major depression (mean age 36.4 yrs), 38273
tricyclic antidepressant therapy, mixed mania, 10–12 yr olds with delusional depression, 8952
use of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression in patients with heart disease, 38301
usefulness of tricyclics & selective 5-HT reuptake inhibitors vs benzodiazepines in treatment of panic disorder, 31709
validity of diagnostic criteria & efficacy of trycclic antidepressant pharmacotherapy, 21–60 yr olds with major depressive disorder, 31695

Tricyclic Resistant Depression [See Treatment Resistant Depression]

Trigeminal Nerve—Serials

bird repellent properties of several structurally similar & trigeminally mediated avian irritants administered singly vs in mixture, European starlings, 4120
latexin expression in primary sensory neurons of dorsal root & trigeminal ganglia, male rats, role in nociceptive information transmission/modulation, 3925
trigeminal deafferentation, head- & jaw-movement kinematics during conditioned pecking, pigeons, 13517

Trigeminal Neuralgia—Serials

sensory & motor abnormalities & CNS pathology, complex regional pain syndrome patients with vs without trigeminal hypoesthesia, 5246
sphenopalatine ganglion blockade, bradycardia from sinus arrest during exacerbation of postherpetic trigeminal neuralgia, 64 yr old female with systemic lupus erythematosus, 15425
trigeminal neuralgia triggered by auditory stimuli to right ear & pathophysiological mechanisms, 27 yr old male with multiple sclerosis, 31241

Trigeminal Neuralgia—Chapters

Trigeminal neuralgia, 8530

Trigonum Cerebrale [See Fornix]

Trihexyphenidyl—Serials

amnesic effects & binding properties to muscarinic acetylcholine receptor of trihexyphenidyl vs biperiden, male rats & mice, 30015
effects of gradual withdrawal of antiparkinsonian medication, clinically stable patients with chronic schizophrenia, China, 18750

Triiodothyronine—Serials

triodothyronine with vs without clomipramine, frontal cortex serotonin levels & serotonin autoreceptor activity, rats, 7202

Trinidad [See Trinidad and Tobago]

Trinidad and Tobago—Serials

history & development of psychiatry in Trinidad and Tobago, 31381
paraquat-induced suicide incidence in agricultural region, age & ethnicity cohort data, Trinidad & Tobago, 27780
world views & practices & beliefs with respect to health regimens & marine-related activities & their role in learning & teaching of school science, rural villagers, Trinidad & Tobago, 7647

Triplets—Serials

genetic research on monozygotic triplets & other multiple births with schizophrenia in medical literature, comment, 14587

Triplets—Chapters

The psychology of triplets, 33595

Trochlear Nerve [See Cranial Nerves]

Trucks [See Motor Vehicles]

True False Tests [See Forced Choice (Testing Method)]

Trust (Social Behavior)—Serials

cognitive- vs affect-based dimensions of trust, employees and their co-workers & supervisors & top management, 3106

computer simulation of evolution of trust & cooperation between strangers, 1228
contextual features as creators of distrust of opponents & distrust as an obstacle in environmental-economic disputes, 19477
culturally-biased attitudes & basic trust & typology of self-disclosure problems in multiracial & multicultural therapy groups, 5557
demographic & situational/contextual & orientational & attitudinal factors & media use, civic engagement & interpersonal trust, Ss, 1063
downsizing, organizational commitment & job satisfaction & supervisor support & workgroup trust, managers vs front-line employees of medical rehabilitation hospital, 3 yr study, 12876
economic value & moral & strategic implications of optimal trust in business, 12885
images & bases & benefits of & barriers to trust vs distrust in organizations, 16139
individual differences in trust & situational variables & mood & outcomes priming & person–situation interactions, preferences for real vs ersatz social activities, undergraduates, 1318
information about authority figure's trustworthiness, perceived procedural fairness & interpretation of authority figure's decisions, college students, 7823
integrative review & meta-analysis & model of customer trust in salespeople, 9685
interdependence-based model of associations among commitment & pro-relationship behavior & trust in close relationships, couples, 37080
interpersonal trust & reasons for disclosure vs nondisclosure of sexual orientation to mothers, 18–47 yr old gay & bisexual males, 33833
interpersonal trust, work group performance, undergraduates, 22593
long-term marketing service relationships, trust & service use, ad agencies & clients, replication & extension, 16212
membership in & group characteristics of volunteer associations, development of generalized trust, Ss, Sweden & Germany, 1235
method of physician payment & level of trust of physician, adult managed care vs indemnity patients, commentary & reply, 18489
models of level of trust in relationships & social network structures, 4746
moral & ethical decision making & violations of public trust by public officials, 13298
perceptions of company's performance appraisal system & trust for top management, employees, 12847
perceptions of trust & fairness & collective efficacy & experiences of fear of exploitation, cooperation in public goods dilemma, college students, 30453
satisfaction & trust & commitment in relationship marketing, low vs high relation customers of theater company, 22692
self-monitoring styles, trust & commitment in romantic relationships, 18–25 yr old heterosexual dating couples, erratum, 27300
self-monitoring styles, trust & commitment in romantic relationships, 18–25 yr old heterosexual dating couples, 17577
social & economic & psychological & demographic & political factors affecting levels of public trust, residents living near nuclear production facility, 22746
social problems & movements & symbolic politics as part of state transformation theory & trust issue in Progressive Era, 4552
social trust attitudes & values, high school students, 1976–1995, 956
social uncertainty & trust & commitment formation, college students, US vs Japan, 4740
student–faculty out-of-class communication, perceived instructor verbal & nonverbal immediacy & trust & student motivation, 18–60 yr old college students, 15973
trust & control & involvement of employees in decision making, managers in automative industry, 22607
trust & distrust & uncertainty & risk perceptions, use of new information technologies & control of information flow, work groups in American corporations, 39000
trust & love & emotional intimacy & commitment & relationship attitudes, sexual risk taking, 18–68 yr old gay males in long-term relationships, implications for HIV prevention, 15439
trust & rewarding trust, adults, 4715
trust & self-rated health & psychological well-being & life satisfaction, 55–80 yr olds, 8 & 14 yr follow-ups, 7590
trust & time, apprehension & fear & temptation & greed, implications for cooperation in social relationships, 11086
trust expectations & climate & information sharing in effectiveness & efficiency during negotiation outcomes, 22–54 yr old managers, 22802
trust–distrust & loyalty–disloyalty as dynamics of faith perspective of psychological trauma & psychosocial development & adaptive characteristics, 30230
TV viewing & optimism for future, trust in people & civic participation, Ss, 1065
undiscovered deception & deceiver's distrust & perceived honesty of recipient, dyads, 1263
workshops on trust-building behaviors, patients' levels of trust & outcomes of care, physicians, 6 mo followup, 15760

Trust (Social Behavior)—Chapters

Commitment and trust in close relationships: An interdependence analysis, 37097
Determinants of trust, 7836
'If you want loyalty get a dog!': Loyalty, trust and the new employment contract, 25894
Mistrusting civility: Predicament of post-communist society, 4561
Personality and relationships, 1240
The psychological predicament of women on welfare, 27417
Social uncertainty and the problem of trust in social groups: The social self in doubt, 11174
Trust in government, 9855
Using an informed consent brochure to help establish a solid therapeutic relationship, 38153

Tryptophan [See Also Hydroxytryptophan (5-)]—Serials

acute tryptophan depletion & cognitive impairment & acute depressive relapse & brain activity, 27–64 yr old males, 27632
acute tryptophan depletion, mood & levels of circulating interleukin 1-beta & interleukin-6, healthy 18–35 yr old males, 10524
acute tryptophan depletion, mood changes, 18–30 yr old females with multigenerational family history of major affective disorder, 11359
aggressive behavior & anger-related traits association with polymorphism of tryptophan hydroxylase genotype, 25–60 yr old male & female volunteers, 13502
aggressive behavior under tryptophan depletion vs loading vs food-restricted conditions, adult males (mean age 32.6 yrs), implications for role of serotonin in aggression, 13698
amphetamine & phentermine & fenfluramine, alcohol intake, rats fed a tryptophan-enhanced diet, 23511
coding variant of tryptophan hydroxylase gene in vulnerability for obsessive-compulsive & seasonal affective & panic disorders & anorexia nervosa & alcoholism, implications for serotonin function, 14397
dietary tryptophan supplementation, behavioral response & body weight & food consumption & winter fur development, silver fox pups, 10652
kynurenine hydroxylase inhibitors mNBA or Ro 61-8048, immune-stimulated effect on quinolinic acid in blood & brain, male mice, 33378
L-tryptophan, patients with premenstrual dysphoric disorder, 12241
long-term low tryptophan diet, prolactin responses to serotonin agonists, adult male rats, 17039
plasma tryptophan & trait depression & anxiety & hostility, healthy male 19–56 yr olds, 36519
polymorphisms of tryptophan hydroxylase gene, Japanese adults with bipolar disorder or major depression with history of suicide attempt, 20989
required concentration of kynurenic acid in CNS for neuroprotection, gerbils, animal model of forebrain ischemia, 23576
specificity & reliability & reversibility of tryptophan depletion method, mood & recall, healthy adults (mean age 27 yrs), 10598
systemic quinolinic acid vs 3-hydroxyanthranilic acid, inhibition of DOI-induced head shakes, male mice, implications for role of metabolites in kynurenine pathway, 36569
tryptophan depletion & cerebral serotonin levels, intensity dependency of auditory evoked potentials, 24–32 yr olds, 36549
tryptophan depletion & fenfluramine, quantitative electroencephalogram & mood ratings, 18–35 yr old males, 26794
tryptophan depletion, depressive vulnerability, 24–80 yr olds in remission & drug free with prior major depressive episode , 30677
tryptophan depletion, episode of seasonal affective disorder, adults, seasonal followup, 37324
tryptophan depletion, healthy 18–61 yr olds with vs without family history of major affective disorder, 30670
tryptophan depletion, memory & learning & perceptual & psychomotor & other cognitive functions, 18–61 yr olds with vs without positive family history for depression, 10647
tryptophan hydroxylase gene variant, prophylactic efficacy of & recurrences while taking lithium, Ss with bipolar or major depressive disorder, prospective study, 38305
tryptophan metabolism & other amino acid concentrations in relation to alcohol-withdrawal syndrome, alcohol-dependent males undergoing elective upper digestive tract tumor resection, 8334
tryptophan, restraint-stress-induced anorexia & growth rate, male rats, 4164
venlafaxine vs paroxetine, growth hormone response to iv infusion of L-tryptophan, 18–40 yr old males, 36606
whole blood tryptophan & platelet serotonin, suicidal behavior & its risk factors, hospitalized 6–12 yr old psychiatric patients, 1720

Tuberculosis [See Also Pulmonary Tuberculosis]—Serials

chromatic discrimination, 22–56 yr old tuberculosis patients treated with ethambutol vs color blind adults, 28614
crack cocaine & schizophrenia as risk factors for tuberculosis, 17–60 yr old inpatients with dual diagnoses in psychiatric unit , 9253
evaluation of New York City regulations to address problem of nonadherence to treatment regimens, individuals with tuberculosis, commentary, 12318
evaluation of New York City regulations to address problem of nonadherence to treatment regimens, individuals with tuberculosis, 12324
knowledge & practices concerning screening & diagnosing & preventing tuberculosis among HIV infected persons, physicians, 18773
knowledge of tuberculosis & attitudes & tuberculosis test return rates, iv drug users, 18887
monetary vs nonmonetary incentives & educational intervention vs usual encouragement, return for tuberculosis skin test reading & disease prevalence, 18–67 yr old drug injecting or crack cocaine users, 14742
risk & prevalence of Mycobacterium tuberculosis & tuberculosis incidence & mortality, & relation to HIV 212 countries, 1997, 34543
traditional &/vs modern health seeking behavior & beliefs & attitudes regarding disease, 26–55 yr olds with tuberculosis, Botswana, 15392

Tuberculosis [See Also Pulmonary Tuberculosis]—Chapters

Pregnant women and tuberculosis-exposed drug abusers: Reducing drug use and increasing treatment compliance, 18577

Tumors [See Neoplasms]

Turkey—Serials

experiences & attitudes & recommendations regarding virginity examinations, 24–72 yr old forensic physicians, Turkey, 32154
migration, wanting &/vs owning manufactured products & necessities & consumerism, nonmigrant kin of migrants or returned migrants, Turkey, 32420
prevalence of dissociative identity disorder, 18–65 yr olds, Turkey, 14435
sociocultural factors in sex therapy, Turkey, 31564
structure of Turkish language personality-related variables & effects of target evaluative homogeneity vs heterogeneity, 10704

Turners Syndrome—Chapters

Body height, body image and general well-being in adult women with Turner's syndrome, 24735
Deviations in growth and pubertal development and their treatment: How consistent are patient's and physician's outlooks?, 25319
Psychosocial aspects of growth retardation in Turner's syndrome: Preliminary results, 24738
Turner syndrome, 31107
Turner syndrome: A cognitive neuroscience approach, 31109
Turner syndrome: Potential hormonal and genetic influences on the neurocognitive profile, 31108

Turnover [See Employee Turnover]

Tutoring [See Also Peer Tutoring]—Serials

Bayesian decision theory & sequential rules for instructional decision making for use in Intelligent Tutoring Systems, medical students, 19489
design & use of intelligent tutoring systems for enhancing pedagogical & learning effectiveness of computerized business simulations, 9713
early intervention reading program, spelling performance & word recognition & nonword reading & reading comprehension, 1st graders at risk for failing in reading acquisition, 19264
epistemological approach to instructional modelling using Generic Tutoring Environment, 6165
issues in Generic Tutoring Environment & knowledge-based Courseware Engineering, 6144
motivation for community work, college student tutors, 28985
motivational & cognitive & interactive processes, group success, medical school tutorial groups, 2748
parent tutoring intervention, reading performance, 7–8 yr olds with ADHD, 19250

pupil & tutor developed personal learning planning, learning & achievement, male vs female Year 9 students, 1 yr follow up, 22507
role of epistemology in instructional design & Generic Tutoring Environment, 6162
structured materials for independent learning vs conventional teaching methods, 3rd-yr undergraduate medical students & tutors, 35393
use of small groups in after-school tutoring program, 5–12 yr olds, 16026
Tutoring [See Also Peer Tutoring]—Chapters
Evolution of discourse during cross-age tutoring, 19288
Interactive multimedia intelligent tutoring system, 25750
Learning at the public bathhouse, 4507
Mothers and fathers teaching 3-year-olds: Authoritative parenting and adult scaffolding of young children's learning, 7481
Security of attachment and maternal tutoring strategies: Interaction within the zone of proximal development, 7573
The shifting focus of maternal tutoring across different difficulty levels on a problem-solving task, 7476
Social interaction as tutoring, 8709
Structure and design of an intelligent tutorial system based on skill assignments, 35497
Tutors [See Teachers]
Twelve Step Programs [See Also Alcoholics Anonymous]—Serials
community reinforcement training vs 12-step self-help group, treatment entry of drug users, 28–70 yr old family members & significant others of drug users, 10 wk followup, 35321
effectiveness of 12-Step Program as aftercare resource, 18–54 yr olds in alcoholism & drug abuse treatment, 2 yr followup, 19059
importance of knowledge of twelve step & mutual help programs in treatment of addictive disorders, psychiatrists, 28761
origins & current status of Nicotine Anonymous & role as treatment resource, smokers, 12521
outcomes of 12-Step & cognitive-behavioral treatment to substance use outcomes, substance abuse patients, 15617
patient-treatment matching hypothesis for 12-Step & cognitive-behavioral treatments for substance abuse, 15634
patients' religiosity, referral to & benefit from 12-step self-help groups, male substance abuse inpatients (mean age 43 yrs), 35045
video-poker gambling machines, compulsive gambling & Gamblers Anonymous groups, adults, 14653
Twelve Step Programs [See Also Alcoholics Anonymous]—Books
Codependent forevermore: The invention of self in a Twelve Step group, 31748
Twelve Step Programs [See Also Alcoholics Anonymous]—Chapters
The disease model, 35352
Spirituality and the 12-step programs: A guide for clinicians, 25549
The twelve-step recovery approach, 15669
Twins [See Also Heterozygotic Twins, Monozygotic Twins]—Serials
clinical symptoms & features & age & sex & zygosity in Cox hazard model of risk for major depression in co-twin, twins with lifetime history of major depression, implications for genetic liability, 17872
cocaine use vs abuse vs dependence, 22–62 yr old female monozygotic vs dizygotic twins, 1784
etiology of alcohol-related disorders, 18–56 yr old male twins , 8285
etiology of individual differences in general cognitive ability, monozygotic vs same- vs opposite-sex dizygotic twin pairs, 7910
examination of Sir Cyril Burt's fraudulent plagiarism of his own 1955 IQ correlation twin study data, 12620
factor analysis & relation of prolonged fatigue syndrome & anxiety & depression, community-based 50 yr old & older twins, 17767
familial & socioregional environmental factors, alcohol abstinence, 16 yr old twins, 17371
genetic & environmental factors, self-rated health & hospitalization patterns, 75 yr old and older twins, 14081
genetic & environmental influences on personality, monozygotic & dizygotic twin pairs (mean age 42.2 yrs), Russia , 24041
genetic & environmental influences on pre-schizophrenic personality, 13–21 yr old mono- & dizygotic twin pairs & their parents & 20–59 yr olds, 11418
genetic & environmental mechanisms & phenotypic association of problem behavior in early childhood with temperament in infancy, mothers of 4 yr old twins, 24460
genetic & environmental risk factors, behaviors & attitudes characteristic of disordered eating, female twins, 34511
genetic influence on childhood hyperactivity & contrast effects, parent vs teacher ratings of twin pairs, 5054
genetic influences on general cognitive & language & reading ability & phonological awareness, 5.7–6.8 yr old monozygotic & dizygotic twins , 10776
genetic influences, acute adaptation of EEG to alcohol, monozygotic vs dizygotic twins (mean age 30 yrs), 14221
genetic vs environmental factors, tobacco & alcohol & other drugs, 17–18 yr old monozygotic vs dizygotic & male vs female twin pairs, 27052
genetic vs environmental influences & effects of cognitive ability on authoritarianism, 18–77 yr old monozygotic & dizygotic reared apart vs together twin pairs, 30509
genetic vs environmental influences, Revised Child Manifest Anxiety Scale response, parents & twins 8–16 yrs old, 32656
genetic vs shared vs unique environmental influences, lifetime & current prevalence of alcohol & tobacco & drug use & associated risk factors, 8–16 yr old mono- & dizygotic twins, 20584
genetic–epidemiological analysis of etiology of social support, adult female twins, followup study, reply, 20835
genetic–epidemiological analysis of etiology of social support, adult female twins, followup study, commentary , 20845
genetic–epidemiological analysis of etiology of social support, adult female twins, followup study, commentary & reply, 20827
heredity of olfactory sensitivity & personality traits, 20–30 yr old males & 21–64 yr old twin pairs, 7928
heritability of anxiety sensitivity, 16–79 yr old monozygotic vs dizygotic twin pairs, 10385
heritability of pre-meal stomach-content effects, total & meal food-energy & macronutrient intakes, identical & fraternal same- & mixed-sex twin pairs, 20060
individual differences in masculinity & femininity & gender diagnosticity, twin pairs originally assessed in 1976, 10863
intelligence scores from 2–38 yrs, female craniopagus twins separated at 4 mo, 18266
latent class analysis of temperance board registration & subtypes of alcoholism, Swedish male-male twin pairs born 1902–49, 5082
levels of cooperation & competition during prisoner's dilemma game, monozygotic vs dizygotic 10.92–82.67 yr old twins, 14044
lifetime major depression vs recalled post-natal depressive symptoms after 1st live birth & neuroticism, 18–88 yr old female twins, implications for influence of environment vs genetics, 24226
measurements vs co-twin ratings of intelligence & personality characteristics, same-sex twin pairs, 7901
method for projecting sulcal pattern of brain onto 2D plane, 19–35 yr old male twins, 3847
nature of individual differences in physiological principles of infant temperament, twins (aged 7–12 mo), 33680
prenatal attachment, parents expecting twins, 7667
prevalence & age of onset & cessation of migraine with vs without aura, mono- & dizygotic twins from the general population in Denmark, 18286
psychoanalytic perspectives on psychosis in male twins in film "Dead Ringers", 27439
reliability of major depression diagnosis & implications for heritability & comorbidity with panic & generalized anxiety disorders, 17–55 yr old female twin pairs, 5-yr follow-up, 4908
role of familial-environmental & genetic factors, use & abuse of & dependence on hallucinogens & opiates & sedatives & stimulants, 22–62 yr old female twins, 30889
sex as etiological measure of heritability vs environmental influence in aggressive & nonaggressive antisocial behavior, 7–16 yr old twin pairs, 14001
similarity & empathic accuracy & projection in dyadic perception, identical vs same-sex fraternal twins (mean age 71.0 yrs), 33991
sociodemographic characteristics & comorbidity & alcohol dependent symptom recency, health-related quality of life, male 38–55 yr old twins discordant for alcohol dependence, 34375
statistical model for maternally recalled pubertal developmental milestones, mothers & twin daughters, 4406
structure & etiological constituents of schizotypal disorder, 18–30 yr old pairs of twins, 24361
subtypes of & family resemblance for ADHD, 13–21 yr old female twins & 7–17 yr old offspring from high risk alcoholic families, 11696
validity of representativeness assumption and generalizability in twin studies of risk for eating disorders, 11329
volume of neocortical subdivisions & subcortical structures & midsagittal areas, twins with reading disabilities vs normals, 37688
Twins [See Also Heterozygotic Twins, Monozygotic Twins]—Chapters
Adolesent twins and secondary schooling, 33599
Biological and cultural inheritance of stature and attitudes, 23672
The death of a twin, 33597
Genetic risk factors for PTSD: A twin study, 24359
Growth and development of twins, 33598
Heredity, 991
Personality, identity and family relationships, 33691
Twins and their language development, 34452
Twins in utero: Temperament development and intertwin behaviour before and after birth, 33690
Twins reared apart: Nature's double experiment, 13507
Twins with special needs, 34051
What twins can tell us about the development of intelligence—A case study, 30207
Tympanic Membrane [See Middle Ear]
Type A Personality [See Coronary Prone Behavior]
Type B Personality [See Coronary Prone Behavior]
Type I Errors—Serials
common sources of error in use of condom use as dependent variable in research, measurement issues & implications relevant to HIV prevention programs, 6691
confidence interval for ordinal multiple regression weights, Type I error & coverage & power, 29439
false discovery rate vs familywise vs comparisonwise approach to type I error control in multiplicity problem, 9968
Monte Carlo investigation of standard approach & Bonferroni approach & simultaneous test procedure to control Type I errors with specification search in structural equation modeling, 6695
sequential Scheffé-type respecification procedure for controlling Type I error in exploratory structural equation model modification, 13133
statistical power & Type I error in MANOVA simultaneous test procedures, 6723
type I error probability & response trends & power achieved by regression of repeated measures across a normalized time domain, 26269
Type I error rate for corrected degrees of freedom univariate vs multivariate vs mixed model vs other recent tests for analysis of repeated measures , 19664
Type I error rates of likelihood ratio test for detection of differential item functioning, 6702
Type II Errors—Serials
common sources of error in use of condom use as dependent variable in research, measurement issues & implications relevant to HIV prevention programs, 6691
impact of quadratic terms on probability of type II error in testing for multicollinearity for interaction effects, 13132
Typing—Serials
variations of soft keyboards, prediction of text entry rates, college students with novice vs expert experience , 35742
Typists [See Clerical Personnel]
Typologies (General) [See Taxonomies]
Typologies (Psychodiagnostic) [See Psychodiagnostic Typologies]
Tyramine—Serials
tyramine content of pizzas & various soy products & dietary recommendations for use with MAO inhibitors, 17100
Tyrosine [See Also Alpha Methylparatyrosine]—Serials
chronic rolipram, sleep wake activity changes & role of cyclic adenosine monophosphate in mediation of tyrosine hydroxylase, male rats, 4195
expression of receptor tyrosine kinase RYK in developing rat CNS , 20107
postmortem tyrosine hydroxylase immunoreactivity in locus ceruleus, 39–63 yr old depressed nonsuicidal vs suicidal patients, 34029
tyrosine depletion, effects of d-amphetamine on subjective affective & alertness & hunger ratings, healthy 23–46 yr olds, 23549
tyrosine, cognitive task performance & mood & BP & MHPG, 18–27 yr old cadets in demanding military combat training course , 17031
tyrosine-free amino acid mixture, catecholamine synthesis & release in brain, male rats, 10619
Uganda—Serials
use of & attitudes toward injections & government health care system, adults, Uganda, 2437
Ulcers (Gastrointestinal) [See Gastrointestinal Ulcers]
Ulnar Nerve [See Spinal Nerves]
Ultrasound—Serials
8-OH-DPAT vs pindolol, isolation-induced ultrasonic vocalizations, 3 vs 10 vs 14 day old rat pups, 13757
age & sex, rate & length & frequency of ultrasonic calling, 2–12 day old inbred vs hybrid house mice, 3656
cocaine, nitric oxide synthesis with L-nitro-arginine methyl ester, isolation-induced ultrasonic vocalizations, rat pups, 20272
exposure to ultrasonic vocalizations, orienting & passive avoidance reactions, preweanling male mice, 20228
prenatal stress, ultrasonic vocalization & myoclonic twitching in response to separation, rat pups, 16843

sonographic structure of isolation-induced ultrasonic calls, rat pups, 16781
ultrasound & massage & exercise, patients with myofascial trigger points in neck & shoulder, 6 mo followup, 5708
ultrasound examination, anxiety & stress & maternal–fetal attachment & health behavior & attitudes towards & pregnancy & fetus, 31759
ultrasound observation of fetal behavior in late gestation pigs, implications for characterization of fetal development, 20051
Uncertainty—Serials
adjustment to uncertainty in old age, 85 yr olds, 7 yr study, 7589
anticipation of regret & expected feedback, decision making under uncertainty, 19838
assessed strength of evidence & judgments of probability & decisions under uncertainty, professional basketball fans, 13274
clinical diagnosis & meaning & uncertainty, 53–64 yr olds with suspected dementia, 8670
complexity science analysis of linearity in business education & learning/teaching practice & experience, 38969
control strategy under uncertainty for mobile robot navigation, 32478
environmental state- & organizational effect- & decision response uncertainty, product line simplicity, Hollywood film studios, 1936–1965, 16141
environmental uncertainty & coordination rules in social dilemmas, college students, 11168
experiences of uncertainty & information seeking & learning during organizational encounters, racial/ethnic minority vs majority new hires, 29141
exposure to unsolvable problems & use of superstitious beliefs, anagram problem solving performance, college students, 16578
group membership & task uncertainty & importance, ingroup identification & desire for consensual validation & social awareness, 17–49 yr olds, 27298
influence of associative processes on perceived certainty, college students, 36246
interaction model of anxiety in assessment of state vs trait anxiety in relation to threat of Quebec's separation from Canada, college students, 11203
judgment of singleton & disjunctive hypotheses, 19797
Keynesian theory of decision making under uncertainty, relevance for psychology, 36216
knowledge level & premise uncertainty & number of favorable vs unfavorable arguments, probabilistic reasoning & evaluation of plausibility of conclusion, college students, 32909
linguistic expression of probability & probabilistic thinking on view of uncertainty questionnaire during probability scale task, 20–50 yr old native Chinese vs English speakers, England , 27147
model of strategic interaction between regime & its domestic opposition & uncertainty & decision to pursue transition, 14176
outcome uncertainty & individual differences in self-esteem, tendency to ascribe advantages to social comparison target as true perception vs manipulation of audience attributions, college students, 27333
preparatory processes & stimulus uncertainty & response compatibility in tactile RT, college students, 32903
production uncertainty as contextual moderator of employee reactions to job design, waste water treatment plant employees, 22627
recall accuracy & uncertainty in location memory, college students, implications for use of methodology in design of & optimization of information retrieval in pictorial databases, 26443
reference velocity uncertainty, velocity discrimination thresholds for drifting gratings, human Os, 3458
relation between uncertainty orientation & Big Five personality structure, college students, 20915
relationship between concepts of enduring & suffering & uncertainty & hope, 24032
response artifact associated with open-ended probability scales, 19684
revival experiences & uncertainty, 26–59 yr olds with HIV or AIDS who were once reconciled to their death & now experience renewed health after dramatic treatment responses, 18299
role of anxiety & intergroup relations in anxiety/uncertainty management theory vs integrated threat theory of prejudice, 36950
self efficacy & uncertain self confidence, test scores on easy vs difficult final exams, college students, 15947
social uncertainty & trust & commitment formation, college students, US vs Japan, 4740
solvable vs unsolvable discrimination tasks, experience of uncertainty, high school students, test of information-processing model of helplessness prediction , 26986
stress of political uncertainty, hardiness & coping & perceived gender differences, 25–53 yr old Israeli social workers & educational psychologists in West Bank during Intifada, 15792
subjective uncertainty & intergroup discrimination in the minimal group situation, students, 27287
uncertainty & affective reactions & job characteristics & specialty & referral use & burnout, 30–48+ yr old physicians practicing in HMOs, 15772
uncertainty in seller's payoff & possibility of negative payoff, bargaining behavior, adults, 33880
uncertainty vs distraction mathematical models of nonlinear psychometric effects on spatial attention, 10039
unknown probabilities vs task characteristics, ambiguity avoidance in decisions, college students, 36233
Uncertainty—Books
Communicating uncertainty: Media coverage of new and controversial science, 17172
Uncertainty—Chapters
Common Pool Resource (CPR) dilemmas with incomplete information, 7837
Ecological intelligence: An adaptation for frequencies, 263
Effective explanation of uncertain and complex science, 17181
The importance of understanding audiences, 17180
Joining groups to reduce uncertainty: Subjective uncertainty reduction and group identification, 11139
Managing uncertain common resources, 30434
Providing step level public goods under uncertainty: The case of probable external supply, 30444
Public reponses to uncertainty, 17175
Scientists, journalists, and the meaning of uncertainty, 17174
Social uncertainty and the problem of trust in social groups: The social self in doubt, 11174
Using systematic thinking to choose and evaluate evidence, 17176
Unconditioned Reflex [See Reflexes]
Unconditioned Responses—Serials
ABA & AAB renewal to UCS signal value & responding in extinction in different contexts during appetitive conditioning preparation, rats , 13399
conditioned stimulus presentation, diminution of the unconditioned response in aversive classical conditioning, college students, 23146
conditioned–unconditioned stimulus interval modification of 1- vs 5- vs 8-sec, amplitude of unconditioned response, 20–30 yr olds, 29641
nature of odor UCS in poisoned partner effect & conditioned & unconditioned effects of aversive odor, rats, 33052
standard vs unstable elevated & exposed plus mazes, anxiety & escape-linked behavior, Sprague Dawley vs dark agouti vs hooded lister rats, 6969
Unconditioned Stimulus—Serials
ABA & AAB renewal to UCS signal value & responding in extinction in different contexts during appetitive conditioning preparation, rats , 13399
anxiety sensitivity & fear conditioning using CO2 enriched air as UCS, undergraduates, 8174
conditioned–unconditioned stimulus interval modification of 1- vs 5- vs 8-sec, amplitude of unconditioned response, 20–30 yr olds, 29641
exposure to odor CS & taste US, retroactive learning of within-event associations, rats, 3657
nature of odor UCS in poisoned partner effect & conditioned & unconditioned effects of aversive odor, rats, 33052
overshadowing CS–UCS interval, cue competition effects in conditioned lick suppression, rats, test of comparator & temporal-coding hypotheses, 6959
unconditioned probe stimulus, approach behavior during interfood clock,rats, 3670
visual evaluative conditioning with perceptually similar CS–UCS pairs, 18–52 yr olds, test of associative vs artifactual effects, 10188
Unconscious (Personality Factor)—Serials
comparison of perpetrator of the unconscious in H. Davanloo's new metapsychology with classic psychoanalytic concepts, 37186
compliance in clinical analysis as persistent unconscious resistance, 12129
conceptualization & development of Freudian life & death instincts, 50-yr-old female with borderline-narcissistic personality organization in once-a-week psychotherapy for 3 yrs, 2159
defensive uses of compliance & risk of formation of analyst–patient mutually compliant couple, 12113
development of creativity & ego–unconscious dialogue from bodily experience of infant during infant–mother interaction & effects of post-natal depression, 1376
dual-process model of defense against conscious & unconscious death-related thoughts, extension of terror management theory, 37185
Freud's psychoanalytical concepts of unconscious & repression & dissociation as postmodernism, 1373
H. Rosenfeld & theory of narcissism & defenses with clinical example, 1374
interdisciplinary collaboration among neuroscience & cognitive psychology & psychoanalysis regarding memory & unconscious processes, 3531
microgenetic approach to unconscious & conscious strategy discoveries in arithmetic insight problem, 2nd graders, Germany , 887
neurobiology & trauma & psychoanalytic conception of unconscious in psychotherapy, 18643
problems with & analyst's use of joining to address unconscious, male patient, 31602
psychoanalytic concept of unconscious fantasy in marital relationship, married couple in therapy, 31565
psychoanalytic study of implicit perception & memory, 13167
symbols & metaphors as language of unconscious in psychoanalysis, 31595
the unconscious in H. Davanloo's new metapsychology & development of technique of intensive short-term dynamic psychotherapy, 37991
the unconscious in H. Davanloo's new metapsychology & review of classic psychoanalytic concepts, 37187
unconscious pregnant fantasies as underlying dynamic organizer to panic experience, 19 yr old male & 27 yr old female with panic disorder, 4984
unconscious processes in group analytic training, 28376
use of analysis to understand unconscious meaning of dreams & to resolve homosexual panic, male college student, 31594
V. Frankl's existential unconscious in marital & family psychotherapy, 8825
Unconscious (Personality Factor)—Books
The African unconscious: Roots of ancient mysticism and modern psychology, 20707
Between the lines: Unconscious meaning in everyday conversation, 23998
C. G. Jung and the psychology of symbolic forms, 11274
Unconscious (Personality Factor)—Chapters
DeFreuding evolutionary psychology: Adaptation and human motivation, 36648
Humor and its relationship to the unconscious, 21846
Internal objects: Theoretical perimeter and clinical contour, 34020
The normal development of subpersonalities, 20646
The psychological unconscious, 1295
The representational world and the linguist idiom, 34025
Three realms of the unconscious (1992), 20977
Unconscious fantasy as an experience of action, 34026
Underachievement (Academic) [See Academic Underachievement]
Underdeveloped Countries [See Developing Countries]
Undergraduate Degrees [See Educational Degrees]
Undergraduate Education—Serials
academic effectiveness of 2-way interactive video for teaching introductory psychology, students, 22420
assessment of psychological critical thinking as learning outcome, senior psychology vs natural science vs introductory psychology students, 32260
body image course, decreasing body dissatisfaction & weight concern & eating behaviors, undergraduate females, 21433
classroom demonstration of estimation of life expectancy, undergraduate psychology students, commentary, 32236
classroom demonstration of estimation of life expectancy, undergraduate psychology students, 32216
community-based research project to teach undergraduate research methods, student learning, 22426
computer/multimedia vs traditional approaches to teaching undergraduate psychology courses, college students & teachers, 12655
content & structure of undergraduate curriculum in psychology, 32231
cost-benefit analysis approach to teaching ethics & statistics, college students, 12653
course requirements & curricular data on focused specialty vs general undergraduate degrees in psychology, 32228
creation & teaching of seminar on interface of psychology & theatre, undergraduate psychology & theatre students, 32224
critical thinking skill-building assignment & application of concepts to daily life, students in introductory psychology course, 32241
evaluation of collaborative class projects using e-mail exchanges & World Wide Web exercises & CD-ROM development with organizations in Ecuador, college students, 38797
evaluation of teaching strategies & setting & technology of distance education course, instructor & college students (mean age 40 yrs), 38814
format & content of & attitudes toward seminar class about racism & psychological theories of its occurrence, college students, 12661

frequently listed courses in undergraduate psychology curriculum, implications for curriculum decision making & new outcome & assessment measures & faculty positions, 32230
gender stereotypes in items used to solicit self-ratings of education outcomes, male vs female college students, implications for predicting satisfaction with college, 9518
goals & content & format of undergraduate course on nontraditional families & life span development, 22448
guidelines for technical support staff & faculty in implementation of computing technology in curriculum, 19253
humanities-based liberal arts honors course on adult development & aging, college freshmen, 12649
impact of changes in introductory psychology textbook market on introductory psychology textbooks today, implications for text selection, 32214
in-class simulation to experience matching phenomenon & issues of mate selection & social exchange & related psychological concepts, students, 22434
individual differences in writing behavior & relationship between writing strategies & success, undergraduates, 28973
interprofessional educational training, knowledge of & attitudes toward aging & geriatric population & team functioning skills, health care professional students, 3 yr study, 35406
learning careers, college students with cerebral palsy, Finland, 11928
lecture-based distance education supplemented by individual study vs interactive multimedia vs cooperative learning, knowledge of lecture material & enjoyment of experience, college students, 12647
need for neurology education at undergraduate level & during medical education, medical students, 15717
organizational change & student numbers & finance & teaching quality, teaching & learning of psychology, UK, 32174
overview of design of University of North Florida's 1970s race relations course & suggestions for inclusion of similar course in current college or high school curricula , 9434
perceptions of criteria related to employment & effective teaching & preparatory undergraduate coursework, secondary school teachers & undergraduate education faculty members, 22407
progressive writing techniques in discussion of course material illustrated in popular movies, students in introductory psychology course, 32217
role playing exercise to enhance student interest & stimulate discussion on insanity defense & related psychological topics, students in introductory psychology course, 32211
social & learning experiences in higher education, university students with disabilities, 11706
special program accommodations & course substitutions for & identification of students with foreign language learning difficulties & implications for liberal undergraduate education, 28914
structured materials for independent learning vs conventional teaching methods, 3rd-yr undergraduate medical students & tutors, 35393
use of computers & computer technology in undergraduate classroom, 19241
use of Gambler's Fallacy to teach misconceptions about random processes & their effect on statistical interpretations, students in introductory statistics class, 32233
use of video instructional materials & projects in teaching undergraduate gerontology course, 28948
uses of Internet in undergraduate classroom, students, 19252
views on role of university in student moral development, faculty & staff, 2836
ways to introduce legal psychology into undergraduate curriculum, 16264

Undergraduate Education—Books

Selected papers from the 10th International Conference on College Teaching and Learning, 25702
Teaching academic literacy: The uses of teacher-research in developing a writing program, 15910

Undergraduate Education—Chapters

Activity visualization and formative assessment in virtual learning environments, 25758
Case It!—A project to integrate collaborative case-based learning into international undergraduate biology curricula, 25748
Collaborative learning on the World Wide Web using a problem-based learning approach, 25759
College reading programs, 38827
Comprehension strategies at the college level, 38835
Evaluation of college reading and study strategy programs, 38823
Integrating learning technology into the liberal arts tradition, 25756
Reading tests, 36044
Reading, writing, and the college developmental student, 38915
Storytelling techniques in the teaching of mathematics and computer science, 25755
Subject pool policies in undergraduate-only departments: Results from a nationwide survey, 16442
Taking notes from lectures, 38854
Technology and college reading, 38825
Technology in problem based learning courses—How can it help?, 25760
Textbook study reading, 38824
The Warrior Island game: Virtual combat in the economics classroom, 25749

Undergraduates [See College Students]
Underprivileged [See Disadvantaged]
Understanding [See Comprehension]

Underwater Effects—Serials

auditory ERPs & sensomotor RT & auditory information processing during decompression from hyperbaric trimix conditions, 27–45 yr old divers, commentary, 10070
cerebral bioelectrical activity during compression phase of saturation dive, divers, 13620
construction diving, neuropsychological functioning & RT, 24–54 yr old male construction divers, 7023
perceived visual orientation & body position effects that are caused by alteration of somatosensory information during underwater immersion, 23–35 yr old divers, 33342
underwater hearing sensitivity & thresholds, male manatees, implications for conservation, 23178

Underweight [See Also Anorexia Nervosa]—Serials

effectiveness of selective serotonin reuptake inhibitors, underweight female patients with anorexia nervosa, 12167

Unemployment—Serials

alcohol use disorders & employment status 5 yrs following unemployment, 16–63 yr olds originally assessed in 1988, Norway, 1993, 11601
analysis of impact of unemployment on depression & factors associated with well being, 17–65 yr old Blacks vs Whites,, 24219
attitudes & feelings toward & reactions to notification of plant closing & job loss, hourly employees, 16115
coping & emotional distress, unemployed adults (aged 22–63 yrs), 33976
economy & presence of foreigners & unemployment, instances of right-wing violence, Germany, 18004
effective vs ineffective coping with long-term unemployment, attendants at community employment training facility (aged 19–61 yrs), Australia, 3047
explanation & correctability & severance benefits & negative affectivity & prior organizational commitment & reemployment, perceived fairness of layoffs, adults who have been laid off, 3 mo followup, 16128
impact of unemployment & underemployment on alcohol misuse, 14–21 yr olds, 1984–85 vs 1988–89, 8346
impact of unemployment rate in state & local community on retrospective evaluation of national economy, 1992 election survey & unemployment rate data, implications for voting behavior, 14173
implementation of a group-based needs assessment program, unemployed people, 38939
interactional justice & organizational support, organizational commitment, layoff victims, 19420
knowledge about wealth & poverty & inequality & unemployment, South African Black 7 & 9 & 11 & 14 yr olds from rural vs urban vs semi-urban settings, 36782
last job satisfaction & reactions to unemployment, adults, 12856
level of development-orientation & employment status, 25–35 yr old technically educated vs noneducated employed vs unemployed Ss, India, 3093
Men's Advice Network for working class unemployed men experiencing psychological distress, England, 22181
optimism & coping, unemployment & psychological health, 30–50 yr old females, Hong Kong, 7911
personal & societal & federal policy & program barriers to employment, 25–45 yr olds with multiple sclerosis, 15031
problem of unemployment among mentally disordered offenders, UK, 37595
prolonged unemployment early in working life, later health & socioeconomic circumstances, 33 yr old men, Great Britain, 22581
psychological factor of salivary cortisol secretion & stress reactions, unemployed individuals, 6285
race & regional unemployment rate, welfare duration, recipients (mean age 30 yrs) from 3 counties in Utah, 10962
relationship between expectancy-value theory & job expectancy & job importance, prediction of employment status 10–12 mo after survey, young unemployed Ss, 16118
research on prevalence & meaning & experience & outcomes & effects on others & coping with & interventions for job loss & unemployment & reemployment issues, 1994–98, 35595
spatial & skill mismatch & social isolation as patterns of organizational relationships, inner-city structural unemployment in a time of high employee demand, Detroit businesses, 19381
unemployment & suicide, 15–44 yr old males & females, England & Wales, 1921–95, 34271

Unemployment—Chapters

Labour market disadvantage, deprivation and mental health, 3096

Union of South Africa [See South Africa]

Union of Soviet Socialist Republics—Serials

attitudes toward child-rearing goals, 18–42 yr old college students, US vs Russia, 27209
eating disorder symptomology & risk factors in 17–25 yr old women, Russia vs England, 24663
emotional & physical & sexual child abuse & communist indoctrination via torture & depersonalization, male victim raised in foster care in USSR , 30833
family environment & substance use & depression, 14–17 yr olds, Russia, 4885
government anti-alcohol campaign & alcohol consumption & alcohol-related harm, Russia, 2520
group analysis training project in Ukraine, 28373
historical & political aspects of Russian-Soviet conceptualization of schizophrenia, 8146
history & change & professional status of psychoanalytic thought & child psychotherapy, Russia & Hungary, 5487
psychohistory of childhood homelessness in times of social change, 1850–1990s Russia & USSR, 30271
sociocultural impact on attitudes toward female social roles, university students, US vs Russia, implications for attitude change among Russian students, 14200
subjective account of Carl Rogers's 1986 visit to USSR & its persistent effects on the career direction & personal understandings of the author, 6513
suicide rates & related social & health & ethnic characteristics, provinces in Belarus, 14678
trends in psychological research in computer-mediated communication field, Russia, 20406

Union of Soviet Socialist Republics—Books

The Russian transformation: Political, sociological, and psychological aspects, 30277

Union of Soviet Socialist Republics—Chapters

Attitudes toward political parties (measured by psycho-semantic methods), 30351
Attitudinal changes during the transition, 30287
Circassian encounters: The self as other and the production of the homeland in the North Caucasus, 14145
The concept of activity in Soviet psychology: Vygotsky, his disciples and critics, 6527
Cross-cultural research in the sociohistorical tradition, 7348
A dialectical paradigm for psychological research: Implications drawn from the history of psychology in the Soviet Union, 7283
Gender roles and political transformations, 30280
Pop music as a mirror of the Russian transformation, 30282
The post-Soviet orientations toward the United States and the West, 30281
A profile of Mikhail Gorbachev: Psychological and sociological underpinnings, 30279
The psychological dimension of transition: A stage model, 30283
Social memory in Soviet thought, 7867
Traditional civilization in the North Caucasus: Insiders and outsiders, 27163
Verbal regulation of motor behavior: Soviet research and non-Soviet replications, 7368

Unipolar Depression [See Major Depression]
United Arab Republic [See Egypt]

United Kingdom [See Also Great Britain]—Serials

agenda for coordination & integration of policies & practices in area of special educational needs, children, 22558
common mental disorders & issues in treatment & methodology & relation to cross-cultural psychiatry research, Indian & Pakistani immigrants to UK, 30604
contraception use & surveys of use & limitations of existing research, 15–25 yr olds, UK , 23926
curriculum programs in & attitudes toward nature & environment, Year 5–6 school age children, implications for environmental education policy, United Kingdom, 6138
decline in religious belief, UK, 1926–present, 4574
development of government guidelines & policies for arts therapies & therapists in prisons, UK, 38360
drug therapy development costs &/vs economic burden of Alzheimer's disease, UK, health care policy implications, 5751
government policy & proposed legislative solutions, age discrimination in employment, UK, 38957
human resource development, UK, 3055
incidence & nature & long-term outcome of psychosis, 16–54 yr old patients of Black vs Asian vs White vs other ethnicity, UK, 5 yr study, 27672
key dimensions for judging personalities of domestic vs foreign political vs nonpolitical public figures, undergraduates in US vs Canada vs UK, 27218

levels of integration in health & social services, persons with disabilities, US & UK, 22135
loss of local knowledges & other deleterious effects of professionalization of psychotherapy & counseling & parallels with American psychoanalysis & managed care, UK, 32091
organizational change & student numbers & finance & teaching quality, teaching & learning of psychology, UK, 32174
perceptions of patient influence on prescribing, general practitioners with high vs low-spending practices, UK, 28616
prevalence of depressive disorders, 15 yr olds & older, UK, 11373
public opinion on anti-euro sentiments & benefits for currency & cultural & instrumental attachment to national identity, 18–70 yr old respondents, UK, 7721
reasons for lack of interest in & inclusion of people with learning disabilities in psychological research & practice, UK , 21396
revised epilepsy needs document for the UK, 9097
role of different linguistic levels in identification of language varieties, 21–48 yr old speakers & 18–36 yr old listeners, UK & Netherlands, 10078
role of purposeful activity in work rehabilitation, people with enduring mental problems, UK, 2721
transcultural biopsychosocial perspective on prevention & management of postnatal depression & relation to cultural postnatal rituals & other social influences regarding care & choice of therapy, England & Scotland vs Africa, 31375

United Kingdom [See Also Great Britain]—Chapters

Training routes for counsellors, counselling psychologists and psychotherapists, 25654

United States [See Also Alaska, Appalachia, Hawaii]—Serials

application of US-based organizational commitment theories to privatized organizations, Russia, 3102
attitudes toward child-rearing goals, 18–42 yr old college students, US vs Russia, 27209
attitudes toward elderly, Swedish vs American 4–5 yr olds, 27084
attitudes toward elderly, young adults, Thailand vs US, 1017
attitudes toward hospitality service employment, 3091
characteristics & physical & psychological health symptoms, caregivers of Alzheimer's disease patients, China vs US, 2071
cultural similarities & differences in group work, "learning through discussion" task groups, US vs China, 11108
decisions involving psychiatry & psychiatric patients, US Supreme Court, 1990s, 19524
demographic & cultural factors, informal support, 75 yr olds & older, US vs Sweden, 20655
depression & anxiety, female Cambodian refugees, France vs US, 1451
differences in knowledge representation & interface structure of information system, 18–25 yr old Chinese vs American users, implications for design of computer interfaces, 19462
dress code in workplace & public school & human behavior, legal practices & legislative actions regarding sexual harassment & rape, US, 26040
Emmanuel Church Healing Movement, popularization of psychotherapy in 1900s, US, 2154
environmental belief systems, US vs Mexican vs Brazilian undergraduates, 12958
ethnic identity & pluralism in political & racial/ethnic attitudes displayed in local public conversations, Americans, 7716

exposure to violence, suicidal ideation & depression & PTSD symptomatology, inner city 11–15 yr olds, 27479
factors associated with gang involvement, rural vs urban 7th–12th graders, 11666
health concerns for community &/or nation/state, urban vs rural 18–102 yr olds, implications for community & regional health planning, 22079
health promotion in an urban primary health care nursing center, 9047
identification of current stressors in work lives of urban school psychologists, faculty trainers vs practitioners, 12613
inner city environment & Head Start experience, effectance motivation, inner city children vs middle class children attending private preschools, 2861
inner city school assisting at–risk children, 38760
interpretation of experiences & world views, 14–18 yr olds residing in extremely deprived inner city neighborhoods, 7507
level of acculturation & rural vs urban residence, caregiver stress, 18–85 yr old Mexican American vs European American , 31981
lifetime & 1-mo prevalence & sociodemographic correlates of neuroses & somatoform & phobic & anxiety & dissociative disorders, city residents aged 15 yrs & over, 34211
longitudinal predictors of cigarette smoking behavior, economically-disadvantaged inner city youth (mean age 12.8 yrs), 2 yr study, 30226
maternal stress & low baby birth weight, inner city mothers, 1956
nature & extent of urban vs rural differences in self-reported drinking & driving, 17–19 yr olds, 11078
neighborhood risk & friends' delinquency & parental monitoring practices & anger control skills & risk-taking characteristics, interpersonal aggression, primarily urban African-American 6th graders, 17342
neighborhood socioeconomic conditions, premarital childbearing & age of first marriage, Black vs White 15–31 yr old women, 11018
neighborhood, experience of life stress, urban 14–17 yr olds, 27023
parenting alone to multiple caregiver child care & parenting arrangements, Black vs White urban families, 1142
pathways to aggression in highly stressed urban 2nd & 3rd grade children, 2-yr followup, 27079
patterns of marijuana use & other illegal drugs, adult rural vs urban drug abusers, 5090
perception of factors causing stress & regret for having joined their practice, new principals appointed to general practices in urban London, England, 19170
perceptions of division of responsibility for asthma management tasks in families, inner city 6–9 yr olds & their caregivers, 18842
personal experience of & role of clinic in & information sources & preferred teaching modalities for learning to parent, parents bringing children to urban pediatric primary care clinic, 38504
physician perspectives on & recommended policy actions to overcome barriers to quality primary care, inner-city Latino children with asthma, 15416
prevalence & predictors of inhalant use, urban American Indian youth originally assessed at 5th–6th grade, 7 yr study, 11620
prevalence & sociodemographic correlates of bipolar disorder & depressive or recurrent depressive episode or persistent mood disorder, 15–60+ yr old city residents, Ethiopia, 34115
prevalence & sociodemographic correlates of schizophrenia & schizoaffective disorders & severe cognitive impairment, 15+ yr old city residents, Ethiopia, 34163
prevalence of & exposure to violence & symptoms of depression & hostility & demographic differences in exposure to & effects of traumatic violence, inner city 14–19 yr olds, 18006
prevalence of alcohol dependence & problem drinking & sociodemographic correlates, city residents aged 15 yrs & over, Ethiopia, 34363
prevalence of suicidal ideation & attempted suicide & method of attempt & sociodemographic correlates, city residents aged 15 yrs & over, Ethiopia, 34281
recommendations for urban & rural drug use & user research & practice , 18064
reduction of job hassles through job environment intervention & effects on physiological & perceived stress, urban bus drivers, 16102
relationship between streets & schools in gang socialization, Chicano gang youth, implications for educators' strategies in countering street gang socialization , 37611
religious diversity & urbanism, religious participation, commentary reply, 1067
religious diversity & urbanism, religious participation, commentary reply, 1068
risk & moderating effects of protective factors, marijuana & alcohol & tobacco usage, 11–17 yr old urban African Americans during transition from middle to high school, 1 yr study, 20612
risk behaviors, rural vs urban vs suburban adolescents, late 1980s to 1996, 24410
risks & protective factors & other components of resilience, single Black 26–46 yr old mothers raising daughter in high-risk urban neighborhood, 17652
rural & urban differences in predictors of health services use & longitudinal course of drinking, problems drinkers (mean age 32.1 yrs) from 6 southern states, 18030
school & individual factors, contextual model of adolescent alcohol use, 6–12th graders from rural & urban Kentucky counties, 17544
service utilization patterns, homeless & runaway Black & White & Hispanic & Asian 13–23 yr olds, erratum & reprint, 25433
sex, differences in drug use, rural vs urban 12th graders, 18041
sex, perceptions of gender roles in family & society & occupational sex-typing & gender identity, 14–15 yr old kibbutz members vs urban dwellers , 939
sign obtrusiveness & complexity, perception & evaluation of & preferences for urban signscapes, adults & adolescents, 32447
sociodemographic characteristics & drug-using behaviors & HIV risk & HIV seroprevalence, chronic drug users from rural vs urban areas in Florida, 18310
sociodemographic variables & prevalence of symptoms of mental distress & neurosis, city residents, Ethiopia, 34066
socioeconomic & ethnic differences in seat belt use, African American & Hispanic American & white students in inner-city vs middle-class vs private high schools, test of social influences hypotheses, 29233
sources of stress & symptoms of burnout, rural vs urban secondary school teachers, 32180
spatial & skill mismatch & social isolation as patterns of organizational relationships, inner-city structural unemployment in a time of high employee demand, Detroit businesses, 19381
stability & change in urban African American father's involvement with their children, mothers of 3 yr olds, 30311
stress-coping factors & cigarette & alcohol & marijuana use, urban African American vs Hispanic vs White & male vs female 6th–9th graders, 1807
stressors & social support & academic performance, urban & low-income Mexican-American high school sophomores, 25768
teacher-student relationship & school satisfaction, 3rd–5th grade low income urban African American students, 35520
theories & urbanism & metropolitan development & identity politics & social psychology based research in religious based efforts of metropolitan organization, US, 23848
treatment seeking behaviors, high risk out of treatment injection drug users & crack smokers from urban vs rural Florida, 19040
urban birth & later schizophrenia diagnosis, live birth cohorts from 1942–78 in the Netherlands, 4950
urban birth & upbringing & residence & other social factors vs biological factors as risk factors for psychosis, 2nd generation Caribbeans living in Britain, 30722
urban black family patterns, contextual conditions of metropolitan level distress, 0–14 yr olds in southern migrant vs northern born families, 11021
urban development & other causes & social impact of & mortality & injury rates associated with & challenges to changing & preventing high traffic accident rates, large cities in Brazil, 26014
urban place of birth & residence, risk of adult schizophrenia onset, birth cohorts (maximum age 23 yrs), 37375
use of & need for mental health services, 13–17 yr old urban youth, 2 yr followup, 38507
use of avoidant & emotion-focused coping strategies & behavior problems, Black 6–11 yr olds living in urban environment, 3-yr study, 17380
welfare benefits, prevalence of resource deprivation & crime rates, US metropolitan counties, 1990, 5128
Urban Environments—Books
Design by competition: Making design competition work, 12957
Drug use in metropolitan America, 11652

Adolescent gangs: A practitioner's perspective, 20641
Comparing and integrating findings across populations, 11653
Domesticating diamonds and dollars: Identity, expenditure and sharing in Southwestern Zaire (1984–1997), 14116
Drug use among household and non household populations, 11657
Drug use and homelessness, 11655
The imagery of personal processes in an urban environment: Multiple readings of urban transformations, 29214
Implementation of a prenatal smoking cessation program in three inner-city communities, 12540
Learning to build bridges over troubled waters, 19238
The power of classroom hegemony: An examination of the impact of formal and postformal teacher thinking in an inner-city latina/o school, 35498

Productive science teaching for inner-city African American students, 19320
Psychoanalytic perspective on clinical work in the inner city, 15261
Understanding meta-urbanism: Place making and marketing place, 29221
University housing: Planning issues in urban areas, 29217
Urban Planning—Serials
site design & housing layout, social interaction, residents, Jordan , 16225
Urban Planning—Chapters
Understanding meta-urbanism: Place making and marketing place, 29221
University housing: Planning issues in urban areas, 29217
Urbanization—Serials
effects of parental history of hypertension & urbanization on resting blood pressure levels & blood pressure responses to mental stress, 20–30 yr old medical students , 14990
Urinalysis—Serials
drug use toxicology, accuracy of toxicology & validity of self-reported drug use during psychiatric exam, chronic pain patients (mean age 45.46 yrs) , 35937
validity of self-report of drug use vs urinalysis, 18–40+ yr old emergency room & STD clinic patients & arrestees in jail, 18055
Urinary Function Disorders [See Also Urinary Incontinence]—Serials
cognitive behavioral therapy, 16 yr old male with paruresis, 5534
self-management exercises in cases of nocturnal bruxism & excessive urinary frequency & unassertiveness & dog phobia, college students, 8807
simulation training, accuracy & latency during performance of clean intermittent self-catheterization procedures, 5 yr old females with urinary problems, 25293
urinary retention & severe constipation following sertraline augmentation, 29-yr-old female with erotomanic delusional & panic & obsessive–compulsive disorders on haloperidol & clonazepam, 8868
urinary symptoms & comorbidity, quality of life, male 45–75 yr olds, 37768
Urinary Function Disorders [See Also Urinary Incontinence]—Chapters
Elimination disorders, 18024
Urinary Incontinence—Serials
behavioral intervention on noise & lights, sleep, incontinent nursing home residents, 19006
childhood enuresis & prevalence of & lifetime risk factors for urinary incontinence, women (aged 48 yrs), 34555
counselor role in behavioral treatment, children with nocturnal enuresis, 31543
disorder related communication with physicians, patients with urinary incontinence (aged 60 yrs & older), 12319
efficacy of behavioral therapy using biofeedback-assisted pelvic floor muscle training & characteristics of responders vs nonresponders, homebound 60.5–96.9 yr olds with urinary incontinence, 15369
help seeking behavior & contacts & utilization of formal & informal health & social services, 18–98 yr old urinary incontinence sufferers vs non-sufferers, 25407
intervention combining increased daytime physical activity with improvement in nighttime environment, sleep & decreases agitation, incontinent nursing home residents, 28242
methodological issues in use of telephone vs face-to-face interviews for survey work & application to study of continence care service, 19–92 yr old incontinence sufferers, 6743
objective vs subjective ratings for assessing satisfaction regarding incontinence & mobility care, nursing home residents (mean age 87.9 yrs), 31993
prepulse inhibition of startle & neurobiology, 6.2–12 yr old males with primary nocturnal enuresis, 21187
prevalence & severity of urinary incontinence, African American vs Caucasian females, 31050
prevalence & symptoms & conditions & surgical procedures & life events associated with urinary incontinence, 18–23 vs 45–50 vs 70–75 yr old women, Australia, implications for health promotion , 28010
prevalence of combined fecal & urinary incontinence, 50+ yr olds, implications for medical & psychosocial & economic costs, 28046
primary care physician education & public awareness campaign about urinary incontinence, help seeking behavior & treatment, 65+ yr olds & primary care physicians, 9020
reasons behind withdrawal from behavioral treatment program for urinary incontinence, 41–86 yr old females, 35065
reliability & validity of Urge Impact Scale, assessment of impact of urge urinary incontinence, quality of life, 60+ yr olds , 29365
reliability & validity of urge incontinence-specific instruments, measurement of health-related quality of life & symptom annoyance, women (mean age 63.8 yrs), 29359
reporting to doctor & perceived causes of disorder, working females with urinary incontinence (aged 18–73 yrs), 11792
treatment efficacy of biofeedback-assisted behavioral training vs oxybutynin, female 55–92 yr olds with urge urinary incontinence, 8712
urine-triggered alarm signals & prompts & positive reinforcement, daytime urinary continence, 9 yr old boy with cri-du-chat syndrome, 31529
Urinary Incontinence—Chapters
Endogenous and exogenous factors in childhood health and disease, 11822
Urination [See Also Diuresis]—Serials
cognitive behavioral therapy, 16 yr old male with paruresis, 5534
Urine—Serials
agreement between urine testing results performed prior to or after completing self reported drug use, drug users, 34357
application of enzyme immunoassay for urinary FSH to describe gonadotropin escape following ovarian senescence & impact of acute stressor on pituitary-gonadal axis during menstrual cycle, macaques, 20252
combat-related PTSD, platelet-poor plasma norepinephrine & serotonin & urinary excretion of norepinephrine & dopamine & HVA, 23.7–40.5 yr olds, 17952
frequency of urine testing, detection of opioid & cocaine use, patients in methadone maintenance treatment, 32055
headspace gas chromatography vs breath & saliva & urine tests, venous blood alcohol concentrations, chronic alcoholics, 37549
olfactory recognition of urine signals of dominant males, duration & aggression in agonistic interactions, male lobsters, 3716
parental indoor vs outdoor vs no smoking, children's urinary cotinine levels, parents & 1–16 yr old children with asthma, 18239
presence of concurrent disease & pheromonal treatment, urine spraying, cats, 10513
presence vs absence of conspecific male urine, light avoidance behavior, male mice, 16734
self report vs Substance Abuse Subtle Screening Inventory vs urine toxicology screening, cost effective drug screening, pregnant females (mean age 22.1 yrs), 38455
tribulin activity of urine & hemodynamic condition & psychological features of personality, adults, 4082
urine specific gravity, incidence of polydipsia & hyponatremia, hospitalized patients with schizophrenia, 34162
urine vs serum based measurement of cortisol levels, community dwelling 43–93 yr olds, implications for assessment of stress, 20239
Urogenital Disorders [See Also Genital Disorders, Gynecological Disorders, Kidney Diseases, Urinary Function Disorders]—Serials
age & ethnicity & sex & SES & experience of living with interstitial cystitis, adults, 21475
recreational physical activity & sedentary behavior, risk of cholecystectomy, women 40–65 yrs old, 10 yr follow-up, 35134
Uterus [See Also Cervix]—Serials
behavioral sensitivity of vaginal and uterine stimulation in the peripheral afferent fibers during various estrous stages, female rats, 33314
Uterus [See Also Cervix]—Chapters
Environmental influences on prenatal development and health, 11771
Utilization (Health Care) [See Health Care Utilization]
Vacation Benefits [See Employee Leave Benefits]
Vacationing—Serials
expectations & experience of coral reef visits, tourists, 3143
factors associated with sexual behavior & risk while on vacation, gay males, implications for HIV prevention, 28068
perceptions of tourism, residents, 3144
prior use &intentions to use condoms with new vs steady relationship partner, actual usage during spring-break vacation, Canadian college students, 30360
travel & trip characteristics & expenditures & visibility & perceived host area reception, gay & lesbian Memorial Day tourists on beach in Florida, 33840
Vaccination [See Immunization]
Vagina—Serials
behavioral sensitivity of vaginal and uterine stimulation in the peripheral afferent fibers during various estrous stages, female rats, 33314
personal account & critical examination of experiences in hearing & talking about & others' reactions to PhD research about vagina, social science researcher, 33816
relation between policresulen vaginal suppository use & mucosal disruption & risk of HIV transmission, female commercial sex workers, Thailand, 5266
self-hypnosis, female 43 yr old with chronic idiopathic vaginal & anal itch, 22035
vaginal anatomy & function changes in women treated for cervical cancer, sexual function & levels of distress, 25–80 yr old females with history of cervical cancer, 22041
Vaginismus—Serials
critical review of literature on vaginismus as sexual function disorder, 21190
vaginismus as culture-bound syndrome with emphasis on psychological rather than physical treatment modalities, 14914
Vagotomy—Serials
salicylate &/vs vagotomy, handling-induced emotional fever measured by vasoconstriction & colonic temperature, rats, 33336
vagotomy, neophobia & conditioned-reflex taste aversion, rats, 7150
Vagus Nerve—Serials
age, cardiac vagal tone as measure of parasympatholytic property of tricyclic antidepressants, 20–62 yr olds with melancholic type major depression, 18703
intraperitoneal endotoxin injection in abdominal vagus nerve, cytokine interleukin-1beta, rats, implications for vagally mediated immune-to-brain communication, 20101
pharmacokinetic & clinical profiles of new antiepileptic drugs & nonpharmacological vagus nerve stimulator options, treatment of epilepsy, 5747
state anxiety, vagal control of heart rate, 50–69 yr olds with major depression, 21116
Vagus Nerve—Chapters
The role of neurobehavioral organization in stress responses: A polyvagal model, 20461
Validity (Statistical) [See Statistical Validity]
Validity (Test) [See Test Validity]
Valium [See Diazepam]
Valproic Acid—Serials
abortive treatment with divalproex sodium, 46 yr old females with severe migraine attack, 35071
acetazolamide added to valproic acid & perazine, 39 yr old male with history of bipolar affective disorder, 2283
development of catatonia while on valproic acid & sertraline & risperidone, 42 yr old White female with schizoaffective disorder , 5645
development of hyperammonemia & coma during therapy with valproic acid, 69 yr old female with affective disorder, 2310
divalproex, 64–79 yr olds with bipolar disorder , 28470
drug therapy with lamotrigine & iv valproate, manic symptoms, 49 yr old woman with bipolar disorder, 5620
efficacy & gastrointestinal side effects & medication discontinuation, psychiatric inpatients taking valproic acid vs divalproex sodium, 18757
efficacy of lithium & carbamazepine & valproate & other mood stabilizers, children & adolescents with mood & other disorders, 21949
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, commentary, 21893
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, reply, 21880
evaluation of substitution of immediate-release valproic acid for divalproex sodium, 18–73 yr old psychiatric inpatients, 2396
issues in use of valproic acid, female psychiatric patients of childbearing age, 2344
iv valproate loading, acutely manic & depressed bipolar I patients, 28433
lithium vs carbamazepine vs sodium valproate, 5-HT receptor subtypes, male mice, 10645
nortriptyline as adjunct to venlafaxine & valproic acid, extrapyramical symptoms, 69 yr old with type II bipolar disorder, 31628
psychotic symptoms & utility of polydiagnosis, 24 yr old female with paranoid-psychotic symptoms who responded to combination of valproic acid & carbamazepine but not to neuroleptic drugs, 38252
redevelopment of pancreatitis with valproic acid rechallenge for mood stabilization 17 mo after previous valproic acid discontinuation, 37 yr old male with chronic paranoid schizophrenia, 38238
risperidone as adjunct to valproic acid, 50 yr old male with psychotic disorder with manic episodes, 15355
sodium valproate as long term prophylactic agent for migraine headache, headache continuation & side effects, 16–65 yr olds, 60 mo followup, 28598
successful valproate treatment of brain injury-induced rapid-cycling affective disorder, male S, 35002
trazodone & valproate, withdrawal symptoms & taper outcome, benzodiazepine dependent 21–70 yr olds, 12227
valproate & haloperidol, patients with nonmanic schizophrenic or schizoaffective psychosis, 5619

valproate induced hyperammonemia, 53 yr old female with bipolar disorder & alcohol dependence & 23 yr old male with schizoaffective disorder & mania, 35009
valproate induced Stevens-Johnson syndrome, 20-yr-old male with seizures , 2485
valproate vs lithium & associated serum levels, mania vs mixed mania, hospitalized 55 yr olds & older, 18667
valproate, ethanol vs water intake & intoxication & conditioned taste aversion, male rats, 7194
valproic acid intoxication, 62 yr old female with bipolar disorder & chronic uremia , 15310
valproic acid treatment, pilocarpine induced miosis, males (mean age 48.6 yrs) with mania or hypomania, 31631
valproic acid with coadministration of guanfacine, plasma valproate concentration, 8 yr old male & 9 yr old female with comorbid ADHD & disruptive behavior disorder not otherwise specified, 8862
Valproic Acid—Chapters
Pharmacoeconomics of lithium and divalproex sodium in the treatment of bipolar disorder, 25244
Rational copharmacy for treatment resistant bipolar disorder, 25246
Values [See Also Ethnic Values, Personal Values, Social Values]—Serials
1st- vs 3rd-person view & empathy vs judgment in psychoanalysis, patients & therapists, commentary, 28364
1st- vs 3rd-person view & empathy vs judgment in psychoanalysis, patients & therapists, 28368
1st- vs 3rd-person view & empathy vs judgment in psychoanalysis, patients & therapists, commentary reply, 28369
1st- vs 3rd-person view & empathy vs judgment in psychoanalysis, patients & therapists, commentary, 28377
1st- vs 3rd-person view & empathy vs judgment in psychoanalysis, patients & therapists, commentary, 28382
1st- vs 3rd-person view & empathy vs judgment in psychoanalysis, patients & therapists, commentary, 28371
age & gender & social class & GPA, generationally distinguishing values & goals & importance of life domains, male vs female & White vs non-White college students ages 18–25 yrs, 14003
aggression & outcome expectancies & values, low-SES 10–15 yr olds, application of social learning theory, 925
amount of monetary reward, discounting of delayed vs probabilistic outcomes, college students, 10101
approach to resolving counselor–client value conflicts in multicultural counseling, 12036
belief in Protestant ethic, psychological well-being, women self-perceived overweight vs normal weight women, 27391
beliefs & values about health & illness, African American females, implications for public policy initiatives on cancer prevention & control & clinical trials participation, 2502
cluster analysis & criterion validity of brief values inventory scales, 6599
common vs different features between anchor & target, value judgments & cognitive processes, college students, 29543
conceptual model of direct vs indirect influence of values on product ownership, adult heads of households, 16197
congruence of organization's culture & its new employees' value preferences as predictor of turnover, health care organizations & their newly recruited nurses, 16037
conservatism & values as predictors of negative stereotypes of gay men & lesbians, males vs females, 20913
dominant vs traditional values & beliefs & practices & models of healing & healthy sexuality, Indigenous peoples, 23928
family values & coresidence with married children in urban environments, 60+ yrs old parents, Peoples Republic of China, 30319
family values, adolescent problem behaviors, families, 18 yr study, 5020
goals as reference points consistent with value function of prospect theory, 13367
honor related vs individualistic values in conceptualization of pride & shame & anger, college students, Spain vs Netherlands, 14304
hostility & benevolence & neosexism, 17-yr-olds & undergraduates & college educated adults, application of Ambivalent Sexism Inventory & Neosexism Scale, 35904
individualism & collectivism & self esteem, Malaysian vs British college students, 30525
individualism vs collectivism, performance feedback referents & self efficacy, managers, US vs China vs Czech Republic, 32358
intergenerational value priorities & autonomy expectations, Asian vs White adolescents (mean age 16.7 yrs) & mothers, 30244
location & times in informal curriculum to teach professional values, medical students, 6 mo study, 2768
perceived importance & attainment of values in marriage, married vs divorced adults, 27186
perceptions of male family headship & symbolic traditionalist & pragmatic egalitarianist ideals, evangelical Christians (aged 20–83 yrs), 17482
personal values & responsibility & ingroup/outgroup relations & like/dislike relations, concept of deservingness, 27284
personality traits & values & self actualization & aesthetic preference as criteria of form for aesthetically oriented personality type, adults, 4795
prairie dog & land management values & attitudes & knowledge & perception, rural & urban resident & ranchers & conservation organization members, implications for prairie dog conservation, 26004
process of moralization at individual & cultural levels , 24039
product perception & relation to values, East German (mean age 41.2 yrs) vs West German (mean age 39.6 yrs) consumers, 32421
prosocial values & self efficacy in delinquency & risky sexual behavior & drug use, male vs female racially diverse 12–19 yr olds, 21370
protected values & omission bias, human Ss, 29591
psychological distance & stated vs used values & integrated approach in conceptualizing organizational context of counseling, 18535
psychological underpinnings of democratic governance & democratic values & support for civil liberties & political tolerance & participation, 14185
reliability & construct validity of alternative measures of S. H. Schwartz's theory of values, assessment of values & individualism-collectivism & goal concepts, 17–30 yr olds, 49
role of value & morality in world of psychology, 32562
role of values in nature–nurture debate on etiology of psychiatric disorders, 4887
role of values in psychology & therapy & recommendation to better integrate science & art & morality, 19134
selection to & school & work related & psychological & social outcomes of volunteerism, 9–12th graders, 4 yr study, 933
shared values in person–organizational fit, contextual & task performance, adult employees & their supervisors, 35607
social & cultural & moral values in decision making about tax breaks to company with policy offering health care benefits to unmarried partners of employees, conservative Texas community, 27210
social trust attitudes & values, high school students, 1976–1995, 956
sociodemographic & interest factors & values that affect public attitudes toward & confidence in agencies implementing voluntary grassroots approach to salmon recovery in Oregon, 35765
socioemotional orientation & encouragement & clinical experiences, intention to practice primary care, pediatric residents, 32109
theory of types of values for cultural comparison, respondents from 49 nations & teachers & college students, implications for differences in meaning of work , 10991
traditional ranking vs likert type rating in measurement of health & lifestyle values, 18–29 yr olds, 37141
validity of 3-factor factor structure of individual values based on socialist vs capitalist vs feudalist mode of production, college students, Hong Kong vs mainland China, 20897
value attainment & affective disposition, job satisfaction & performance, hotel managers (mean age 33.5 yrs), 19418
value attainment, relationship between work–family conflict & job & life satisfaction, hotel managers (mean age 33.5 yrs), 35640
value diversity, personal satisfaction & perceived group creativity & perceived group effectiveness, undergraduates (mean age 26.9 yrs), 7816
values & autonomy expectations as predictors of academic achievement, Western vs Asian international high school students, Hong Kong, 32270
values & beliefs about literacy in relation to national literacy strategy, teachers participating in the literacy hour research action project in primary schools, England, 19227
values & social class, weight concern & restrained eating, 13–16 yr old females, 17363
values & theories & methods for development of framework for social work education internationally, social workers, 28865
what is valued most in ambulatory educational encounters, medical teachers vs learners, 15750
Values [See Also Ethnic Values, Personal Values, Social Values]—Books
Culture: A problem that cannot be solved, 1492
Ethics and values in psychotherapy, 38048
Hollywood planet: Global media and the competitive advantage of narrative transparency, 20426
Ordinary grace: An examination of the roots of compassion, altruism, and empathy, and the ordinary individuals who help others in extraordinary ways, 11137
Values, achievement, and justice: Studies in the psychology of deservingness, 29614
Values [See Also Ethnic Values, Personal Values, Social Values]—Chapters
Antagonistic values or complementary value systems? The chances and limitations of dialogue in organizations, 25936
Attitudinal differentiation: Corporate belief system analysis and employee performance expectations, 6337
Autobiography and the value structures of ordinary experience: Marianne Gullestad's *Everyday Life Philosophers*, **23868**
"Black holes" as sites for self-constructions, 23869
Character education: The cultivation of virtue, 22486
Choice of transportation mode: Factors influencing drivers' willingness to reduce personal car use and support car regulations, 32453
"Honor thy father and thy mother": Intergenerational spirituality and Jewish tradition, 38147
Institutional networks and informal strategies for improving work entry for youths, 16046
Occupational interests and values, 12798
Parental desire and child psychopathology in Cameroon: A case study, 33796
Recognizing and valuing difference: Process considerations, 19343
Recreating mayhem? Developing understanding for social work with mentally disordered people, 37620
Still the serendipitous maverick, 6003
Teachers' moral purposes: Stress, vulnerability, and strength, 22641
Understanding cultural values in counseling Asian families, 8832
Youth, solidarity, and civic commitment in Italy: An analysis of the personal and social characteristics of volunteers and their organizations, 7571
Valves (Heart) [See Heart Valves]
Vandalism—Serials
age & permissive attitudes toward violence vs acts of material damage vs nonpermissive attitudes, delinquent activity, 12–24 yr olds, 30926
Vane Kindergarten Test [See Intelligence Measures]
Variability (Response) [See Response Variability]
Variability (Stimulus) [See Stimulus Variability]
Variability Measurement [See Also Analysis of Covariance, Analysis of Variance]—Serials
Markov models for ordinal panel data that take into account dependencies caused by within- and between-subject variability, 19659
task-sampling variability in students' scores as source of measurement error in science performance assessments, 22520
Variable Interval Reinforcement—Serials
95 vs 85 vs 75% normal body weight due to food deprivation & 15 vs 60 s variable interval reinforcement, degree of within-session wheel running, rats, implications for activity-based anorexia, 23216
bias in reinforcement frequency sensitivity, morphine discrimination, male vs female rats , 4126
concurrent variable &/or fixed interval training history, drug discrimination response, pigeons, 26816
economic context of operant responding & reinforcement loss, tolerance to behavioral effects of amphetamine under VI schedules, male rats, 20278
fixed- vs variable-interval schedule performance, goldfish, 16772
generalized matching law & contingency discriminability model & concurrent performance & foraging theory, performance on concurrent variable-interval reinforcement schedule, pigeons, 19929
haloperidol vs clozapine & variable interval reinforcement, responsive behavior toward food reinforcement, male rats, 23512
lengthening of intertrial interval durations in discrete-trial concurrent variable interval schedules, relative response rate & changeover probabilities, pigeons , 19942
melioration vs more global optimality & concurrent variable-interval variable-ratio schedules, male rats, 10263
methamphetamine vs morphine vs phencyclidine vs pentobarbital, VI VI schedule performance, male pigeons, 7228
presentation of stimulus chains during delay-of-reinforcement interval, discrimination learning, albino rats, 33088
response rates & reinforced interresponse time distributions generated by comparable variable-interval vs variable-ratio vs variable-interval with linear feedback food reinforcement schedules, rats, 19932
variable interval & random reinforcement & extinction, within session response patterns, pigeons, 29693
variable interval partial reinforcement as part-explanation of patient problems with pursuing claims or compensation & therapist interventions to help patients regain control, 11989

VI schedules of water reinforcement at various levels of deprivation, lever pressing, rats, replication of G. M. Heyman & M. M. Monaghan's study with less extreme deprivation conditions, 33071
within-session changes in responding during concurrent fixed interval variable interval schedules, rats & pigeons, 23208
Variable Ratio Reinforcement—Serials
melioration vs more global optimality & concurrent variable-interval variable-ratio schedules, male rats, 10263
reinforcement value of appetitive & aversive gustatory stimuli using progressive ratio schedule, rats, 26718
response rates & reinforced interresponse time distributions generated by comparable variable-interval vs variable-ratio vs variable-interval with linear feedback food reinforcement schedules, rats, 19932
ventromedial vs dorsolateral striatal lesions, motoric vs motivational vs 'executive' aspects of progressive ratio performance, male rats, 29785
Variance Homogeneity—Serials
model for testing factorial invariance as measure of group differences in survey-item meaning ascription, 6720
Varimax Rotation—Serials
three mode principal components analysis, joint orthomax rotation of core and component matrices, 6701
Vascular Dementia [See Also Multi Infarct Dementia]—Serials
associated factors for vascular dementia vs Alzheimers disease, adults aged 75 yrs & older, 37817
care & management issues, formal & informal caregivers of patients with vascular dementia vs Alzheimers disease, 8997
clinical & psychosocial factors in caregiver burden, homecare givers of patients with dementia of Alzheimer's type vs vascular dementia, 15048
cognitive rehabilitation treatment via THINKable computerized system, neuropsychological performance & generalization, patients with senile deterioration of vascular origin, 9215
criteria for dementia & neuropsychological dysfunction, patients with vascular dementia vs Alzheimer's Disease, 37872
diagnostic hierarchy for & differential diagnosis in Alzheimer's disease & Lewy body disease & vascular dementia, 5327
donepezil, cognitive & behavioral symptoms, 70–81 yr old patients with vascular dementia, 6 mo follow up, 22059
EEG power within alpha & theta & delta & beta bands & metabolic disturbances, 53–78 yr olds with vascular dementia, 24850
effectiveness of interactive computer-based memory training program, 72–90 yr olds with Alzheimer's disease or dementia , 19046
efficacy & safety of posatirelin, motor & intellectual & emotional functions & dementia related behavior change, 65+ yr olds with Alzheimers disease or vascular dementia, 9013
epidemiology & risk factors, patients with subcortical vascular dementia, 8643
glucose tolerance, vascular dementia &/or Alzheimer's disease, Japanese-American male 71–93 yr olds originally assessed at ages 45–68 yrs, 18361
insight impairment, patients with Alzheimer's disease or vascular dementia, 15050
neurological correlates of depressive symptoms, patients with vascular dementia vs Alzheimer's disease, 21604
pathogenetic mechanisms & drug therapy & other therapeutic approaches, patients with vascular dementia, 8908
pathophysiology & clinical criteria & diagnosis & treatment of vascular dementia, 28149
possible interaction between warfarin & quetiapine used for treatment, 71 yr old female with vascular dementia , 28486
presence of Alzheimer's disease or vascular dementia vs physical or psychiatric disorders, prediction of 7–yr survival rate, 85 yr olds, 5299
prevalence of dementia & its subtypes & relationship of risk factors to prevalence of Alzheimer's disease or vascular dementia, 60 yr olds & older, Japan, 10926
relationship with caregivers & institutionalization, older adults with Alzheimer's disease or vascular dementia, 3 yr study, 21584
right & left & upper & lower & basic gestalt & inner detail aspects of visuoconstructional deficits, patients with Alzheimer's disease (mean age 72.9 yrs) vs vascular dementia (mean age 67 yrs), 18355
role of vascular changes in Alzheimer's disease vs vascular dementia diagnosis, 2028
validity supplementation of 3-item recall portion of Mini-Mental State Examination with cued recall procedure, elderly Ss with Alzheimer's disease vs subcortical vascular ischemic dementia, erratum, 9926
Vascular Disorders [See Cardiovascular Disorders]
Vasoconstriction—Serials
hypoxic resistance, vasodilation vs vasoconstriction in response to local cold test & cold resistance as assessed by thermal imaging of temperature patterns of hand, 19–23 yr olds males, 16988
salicylate &/vs vagotomy, handling-induced emotional fever measured by vasoconstriction & colonic temperature, rats, 33336
transcendental meditation, vasoconstriction functioning & blood pressure, 39-55 yr olds, 31767
Vasoconstrictor Drugs [See Also Amphetamine, Angiotensin, Ephedrine, Methamphetamine, Norepinephrine, Serotonin, Tyramine]—Serials
endothelin-1 applied to epineurial surface of sciatic nerve, pain behavior, male rats, 4132
endothelin-1, behavior, conscious male rats, implications for role of receptor subtypes, 36594
Vasodilation—Serials
calcium-dependent phospholipase A2 activity, adult schizophrenic patients with sensitive vs insensitive responses to niacin, 30721
cutaneous sympathetic nerve activity & capsaicin-evoked pain & hyperalgesia & vasodilatation, adults (mean age 25.7 yrs), 16892
hypoxic resistance, vasodilation vs vasoconstriction in response to local cold test & cold resistance as assessed by thermal imaging of temperature patterns of hand, 19–23 yr olds males, 16988
Vasodilator Drugs [See Also Nicotinic Acid, Verapamil]—Serials
Ca2+ channel blockade with nifedipine, amphetamine sensitivity & neurochemical consequences of immobilization stress, male rats, 10610
pindolol, latency to antiobsessional response to fluvoxamine, inpatients with obsessive compulsive disorder, 2368
Vasopressin—Serials
arginine vasopressin vs serotonin receptor agonists into anterior hypothalamus, regulation of offensive aggression, male hamsters, 29997
arginine-vasopressin in suprachiasmatic nucleus, stereotyped flank scent-marking behavior, male golden hamsters, 7181
central arginine vasopressin, motility & passive avoidance response, pinealectomized rats, 26732
circadian variations of arginine-vasopressin in suprachiasmatic nucleus, circadian rhythms of plasma corticosterone & locomotor activity under light-dark vs constant dim light, rats, 3861
CSF oxytocin & arginine vasopressin, 16–21 yr olds with Prader-Willi syndrome, 8069
desmopressin, pituitary-adrenal responsivity to corticotropin-releasing hormone, patients with chronic fatigue syndrome (mean age 38.9 yrs), 21952
ECT, plasma vasopressin & oxytocin, clinical outcome & cognitive effects, patients (mean age 57.6 yrs) with major depression, 2418
effect of galanin coadministration on vasopressin-stimulated flank marking & galanin binding sites in brain, male rats, 29996
gene hunting in increased vasopressin in Down syndrome or Alzheimer's disease fetal brains, implications for learning & memory, 4847
high dose right unilateral ECT, vasopressin & prolactin & neuropeptide FF, 29–65 yr old patients with depression, 35041
intensity of vasopressin mRNA & gene expression in neurosecretory cells of main & accessory magnocellular nuclei of hypothalamus, male Wistar rats, 7051
intranasal vasopressin, sleep quality, 70–83 yr olds with age-related sleep disturbances, 12338
lateral septal vasopressin in modulation of spatial memory & social recognition & anxiety-related behavior, male rats, 10565
modulation of vasopressin vs oxytocin vs prolactin responses of suprachiasmatic nucleus-pineal gland system to conditioned fear stimuli, male rats, 23480
nasal delivered lysine vasopressin, memory & learning deficits, severely head injured 18–55 yr olds, 31783
oxytocin vs arginine vasopressin, social behavior & development of partner preferences, male & female prairie voles, 36539
paternal behavior & aggression & arginine vasopressin distribution, monogamous California vs polygamous white-footed mice, 29924
pituitary-adrenal cortical responses to low-dose physostigmine and arginine vasopressin administration, 22–52 yr olds, 13807
role of nonapeptides oxytocin & vasopressin & peptide receptors in species-typical social behavior & communication & autism, humans & animals, 14824
septal arginine vasopressin, anxiety-related behavior, male rats, 4092
testosterone treatment of females, brain distribution of vasotocin-like immunoreactivity, male vs female zebra finches, 36572
vasopressin V1 receptor antagonist, somnolence of insulin-induced hypoglycemia, rhesus monkey, 4118
vasopressin, fos protein expression in brain & enhancement of memory consolidation, male rats, 23341
vasopressin-receptor expression & gene variation, affiliative behavior changes in response to arginine vasopressin, monogamous vs promiscuous vole species & transgenic mice, 33516
vasopression in hippocampal slices following pretraining, excitation & inhibition phase of conditioning, rats, 29818
Vasopressor Drugs [See Vasoconstrictor Drugs]
Veins (Anatomy)—Serials
hypertonic saline in hepatic portal vs jugular vein, glucagon vs insulin response to exercise, adrenodemedullated male rats, 33324
magical ideation & perceptual aberration aspects of schizotypy, plexus visibility, college students, 4772
oral glucose, blood sampling pain from venipuncture vs heel stick, newborns, 33319
Velocity—Serials
adaptation to high vs low velocity moving visual stimuli, differential coding & perceptual aftereffect in opposite direction, humans, 32855
age & local motion & sensitivity to global motion & speed, 18-wk study, 6- vs 12- vs 18-wk old infants, 33607
apparent velocity & distance & size & perceived motion in airplane illusion, 32813
axis-of-motion of stimuli, visual direction & speed discrimination, Os, 19737
body mass, flight velocity, zebra finches, 416
color &/vs luminance-based motion signals, perceived speed & direction of 1- vs 2-dimensional motion, Os, 23025
complex motion pattern in random dot stimuli & stimulus presentation order, perceived dot speed & magnitude of speed illusion, human Ss, 3464
constrained minimum jerk model of trajectory formation & intrinsic regularity & smoothness maximization & prediction of speed profiles of complex arm movements, humans, 3521
control of hand velocity in cross-hemispace arm movement pointing task, 43–81 yr olds with right hemisphere lesions & left sided neglect, 5364
deformation in optic flow & perceived surface slant & angular velocity in orthographic projections of rotating random-dot planes, adult Os, 10027
direction changes in orientation vs velocity of plaid stimuli, visual discrimination of angular motion, Os , 16526
discrimination of angular velocity during auditory movement in vertical plane, 23–32 yr olds, 26358
experience & maximal force, dart throwing accuracy, adults (mean age 21.5 yrs), 3509
eye movements, perceived speed of visual motion, adult Os, 13221
field size vs velocity vs visual fixation, perception of self-body rotation & tilt, 18–51 yr olds, 23000
influence of escalators on perception of speed & social relations & communication, Hong Kong, 20690
installation of road lighting & vehicular speed & driver concentration adjustments, adult drivers, test of risk compensation hypothesis, 29226
mechanisms underlying velocity perception in 2-dimensional motion discrimination contours, adults, 32843
observer speed & obstacle size & edge-rate information, simulated roadway collision event judgments, Os, 6746
radial & rotational & spiral optic flow random dot kinematograms, speed discrimination, Os, 19718
reference velocity uncertainty, velocity discrimination thresholds for drifting gratings, human Os, 3458
representation of dynamics of target motion in visual area MT & model of image velocity & acceleration extracted from population neurons in area MT, macaques, 16923
speed & direction of global 2nd-order motion discrimination in random-dot-kinematograms, adults, 36161
speed & optic flow patterns, judgments of depth of large targets briefly presented in upper periphery, Os with normal visual acuity & stereopsis, 3490
speed of reaching & arm kinematics during reaching movements, Ss, 19791
target saliency model for visual search of motion, 32846
unidirectional motion pattern displays with vs without static dots vs transparent motion & kinetic boundaries, perceived speed & speed matching, human Os, 32799
various presentations of grating patterns, speed perception, adults, 23016
velocity discrimination & impaired eye movements, patients with schizophrenia, 11406
visual discrimination of moving cyclopean targets with luminance-defined gratings, adults, 16495
visual noise & estimates of target speed in random-dot kinematograms, 23–40 yr old Os, 26355

Venereal Diseases [See Also Herpes Genitalis, Syphilis]—Serials
acceptability of female condom, adult African American & Latino patients from inner city STD clinics, 2560
acquisition of new sex partners & concurrency in mathematical models for prediction of spread of sexually transmitted disease , 5250
anger management vs STD/HIV risk reduction interventions, sexual risk behaviors, incarcerated juvenile males (mean age 15.8 yrs), 6-mo followup, 32075
application of consumer-centered social marketing techniques to international sexually transmitted disease/HIV prevention & sexual risk behavior change, 2511
application of growth curve analysis to data comparing 3 counseling & testing methods for prevention of HIV infection & other sexually transmitted diseases, males vs females, 1 yr study, 38454
barriers to & triggers for obtaining treatment, 16–53 yr olds with sexually transmitted diseases , 11806
case management training, sexually transmitted disease drug dispensing behavior & HIV/STD preventive communication & condom promotion & sales, male pharmacists, 9 mo study, India, 2770
changes in HIV knowledge levels & behaviors, 11–19+ yr old incarcerated offenders, 1988 vs 1996, 37600
classroom demonstration of prevalence of different forms & vulnerability for contracting a sexually transmitted disease, 9451
comprehensive continuing medical education seminars, management of HIV & other sexually transmitted diseases, physicians & other private medical practitioners, 3 mo study, Jamaica , 2752
continuing medical education vs clinic workshop STD & HIV education interventions for primary care providers, 2762
culture- & sex-specific small group intervention program, disease risk reduction, Black vs Mexican American 14–45 yr old females with nonviral sexually transmitted diseases, 12374
delay between symptom recognition & healthcare-seeking behavior, 50 yr old & older genitourinary clinic attendees, 12279
demographic & psychosocial & sexual behavior predictors of reinfection, 15–19 yr old Black males with sexually transmitted diseases, 37781
determinants of sexual partner safety assessment & high-risk sexual encounters, 18–60 yr olds attending sexually transmitted disease clinic, 37756
effectiveness of partner notification for locating & referring & medically evaluating partners to newly detect & treat HIV & other sexually transmitted diseases, US, 37764
effectiveness of patient-led partner referral program, patients with sexually transmitted diseases, Central African Republic, 28697
gender & place of residence & symptoms & use of sex trade, treatment delay & reliance on private physicians, under 20 to over 40 yr old clients with sexually transmitted diseases, China, 25385
health education in sexually transmitted infection clinics, clinic workers, 2526
HIV intervention program for sexually transmitted diseases, treatment outcomes, female sex workers, Bolivia, 3 yr study , 2513
HIV/Sexually Transmitted Disease Control Program, HIV/AIDS epidemic & incidence of other sexually transmitted diseases, 12–49 yr olds, Jamaica, 2500
incidence of HIV & herpes & hepatitis & urethritis & proctitis & epididymitis, 12 mo follow-up study, HIV-negative men who have sex with other men , 1962
knowledge & attitudes & behaviors regarding human papilloma virus, college students, 31085
knowledge & psychosocial factors & behavioral risk factors associated with acquisition of sexually transmitted disease & HIV, 13–17 yr old urban high school students, 36784
partner condom use, 10–25 yr old females with sexual transmitted diseases, 21490
patterns of health care seeking behavior for & beliefs about sexually transmitted infections, 17–88 yr olds, rural Kenya, 15385
prevention of sexually transmitted diseases & model for overcoming barriers between managed care & public health, health care representatives, commentary, 12352
prevention of sexually transmitted diseases & model for overcoming barriers between managed care & public health, health care representatives, 12359
process evaluation of the recruitment of lay health advisors for sexually transmitted disease prevention, 38443
quality of STD case management at primary care clinics, STD patients & 20–25 yr old field workers simulating STD symptoms, 9115
race relations & employment & access to treatment & sexual attitudes & community outreach & environment, syphilis transmission, persons being treated for syphilis in US southern counties, 21493
relationship of gender & sexuality ideologies & clinical practice in prevention of sexually transmitted diseases, females with chlamydia & 34–60 yr old gynecologists, 15446
sex & age & education differences & sexually transmitted disease knowledge & beliefs & condom use attitudes & behaviors, clinic attenders with sexually transmitted diseases, South Africa, 28077
sociocultural impact on sexually transmitted disease illness & symptom concepts & health care seeking behaviors, review of targeted intervention research in African nations, STD program implications, 2439
socioeconomic & demographic characteristics & sexual behavior & history of sexually transmitted diseases, risk for herpes simplex virus type 2, 18–76 yr old female sex workers, 14923
types & sources of social support received, 13–20 yr olds seeking care at sexually transmitted diseases clinic, 37750
use of male vs female condom use, protection against sexually transmitted diseases, adult female sex workers, 24 wk study, Thailand, 2501
validity of self-report of drug use vs urinalysis, 18–40+ yr old emergency room & STD clinic patients & arrestees in jail, 18055
Venereal Diseases [See Also Herpes Genitalis, Syphilis]—Chapters
Controlling other sexually transmitted diseases, 31854
Venezuela—Serials
history & current status of social psychology of citizen participation, Venezuela, 7722
Ventral Roots—Serials
5-HT-induced rhythmic locomotor activity in ventral roots, rat fetuses, 3860
noradrenergic & serotoninergic drugs, recovery of locomotion, cats with ventral & ventrolateral spinal lesions , 20267
Ventral Tegmental Area [See Tegmentum]
Ventricles (Cerebral) [See Cerebral Ventricles]
Ventricles (Heart) [See Heart Ventricles]
Ventricular Fibrillation [See Fibrillation (Heart)]
Verapamil—Serials
use of calcium channel blockers to treat mental disorders, literature review, 34984
Verbal Ability—Serials
academic performance patterns, 7–13 yr old Chinese Americans with limited English proficiency classified as learning disabled, 18152
advance organizers, reading comprehension & memory, 18–35 vs 55–83 yr olds with normal vs limited verbal ability, 1018
age & cognitive ability, verbal fluency performance task, 6–32 yr olds with learning disabilities vs autism, 14840
age vs cohort effects, intercohort decline in verbal ability & vocabulary, 18–89 yr olds, commentary, 17253
age vs cohort effects, intercohort decline in verbal ability & vocabulary, 18–89 yr olds, commentary, 17233
age vs cohort effects, intercohort decline in verbal ability, 18–89 yr olds, 17291
age vs cohort effects, intercohort decline in verbal ability, 18–89 yr olds, commentary reply, 17292
arithmetic calculation & short-term memory & language performance, 9–10 yr olds with specific language impairment, 18213
complimentarity of verbal & prosodic aspects of cerebral function, adults with left vs right preferences for foot & writing & throwing hand, 26588
development of & relation between Piagetian concrete operational thought & formal thought & general intelligence & spatial & verbal abilities, 4.5 yr olds, 11 yr study, 17235
discourse coherence, 8–9.9 yr old males with specific language impairment, 8475
discourse performance & results of Japanese Communicative Abilities of Daily Living test, high-level Ss with aphasia who suffered from single-hemisphere cerebrovascular accident, 24671
generation & utilization of verbal & visuospatial mnemonic strategies, IQ-preserved schizophrenic Ss, 1593
handedness & hand skill as predictor of hemispheric indecision, verbal & mathematical & reading ability, left vs right handed male vs female 11 yr olds, 7389
hearing status of mother–child dyad, expressive & receptive language & symbolic play abilities, 2 yr olds, 28227
heterozygotic genotypes in right-shift theory of language lateralizational handedness, mental rotation & verbal & visuospatial abilities, right-handed college students, 10086
individual differences in social cognition & false-belief understanding & language abilities & family background, 3–4 yr olds, 26978
individual differences in working memory span & recognition ability, event-based prospective memory, young vs older adults of high vs low educational attainment & occupational status & verbal ability, 13348
individual differences, integration & coordination of visuospatial vs verbal sources of information, college students, 29548
left anterior temporal lobectomy technique, visual confrontation naming ability, intractable epilepsy patients, 9018
linguistic & nonlinguistic visuospatial abilities, 20-yr-old female with left hemispherectomy as a result of Sturge-Weber syndrome, 8644
male vs female dominated occupational choice, patterns of verbal & spatial cognitive abilities, employees in male vs female dominated jobs, 12788
manual laterality as predictor of verbal & visual-spatial functioning, 4–27 yr old females with Turner syndrome, 5204
neuropsychological profile for linguistic & visuospatial abilities, 4.8–15.3 yr olds with Williams syndrome , 11697
non-verbal skills, acquisition of place-value knowledge in Hindu-Arabic number system, 8 yr olds with specific language impairments, 18212
parental education level, genetic &/vs environmental contributions to variation in verbal IQ, White vs African American adolescent sibling pairs, 36822
perceptions of hearing difficulties & comprehension of verbal language & identification of nonverbal communication, day & residential treatment staff for intellectually disabled adults, 12419
phonological processing & oral language abilities, reading & reading disabilities, children (mean age 7.9 yrs) assessed in Kindergarten & 2nd grade, 36735
psycholinguistic behavior as language processing & verbal reasoning & discourse production in auditory hallucinations, hallucinating vs non-hallucinating 20–50 yr olds with psychotic disorders, 1624
qualitative research methodology as mode of inquiry in conversation development & education, 7-yr-old deaf female, 5442
rapid automatic naming & verbal ability & phonological awareness, prediction of phonological & orthographic skills, 1st graders, 1 yr study, test of computational model of word recognition in reading, 17269
relation between ability to identify pronunciation of irregularly spelled words & performance on verbal subtests of WAIS-R, 50–78 yr olds, 3551
role of individual differences & personality traits & abilities & interests, domain-specific vs general knowledge levels, 18–27 yr old college students, 30518
singing paired with signing, receptive vocabulary skills, kindergarten & elementary English as a Second Language students, 32234
spelling skills, third grade children taught through whole language instruction vs phonics program, 9422
static & dynamic contrast sensitivity & semantic object identification & verbal recall, patients (mean age 72.8 yrs) with Alzheimer's disease, 21569
symbolic play behavior, verbal vs nonverbal children with autism (aged 2.5–3.6 yrs), 24576
test standardization & local norms of Test of Adolescent/Adult Language-3 subtests, 18.3–20.2 yr olds, 22841
types of verbal imprecision & prediction of problem-solving performance & processes of knowledge change, 9.9–12.5 yr olds, 20513
utterance length & complexity, speech timing subsequent to brain damage, 47–69 yr old left hemisphere aphasic & right hemisphere damaged patients, 18346
utterance length & syntactic complexity as predictors for stuttering during free-play with mothers, 3.3–5.5 yr old males who stutter, 18223
verb naming ability in normal aging, 30–39 vs 50–59 vs 60–69 vs 70–79 yr olds, 7 yr study , 23106
verbal & nonverbal ability, 4.3 yr olds with autism, testing of executive dysfunction hypothesis, 27924
verbal & visuospatial ability, sex differences in episodic memory, 20–40 yr old males vs females, 32780
verbal deficits & callous interpersonal style & antisocial behavior, 6–13 yr olds with oppositional defiant or conduct disorder, 5040
verbal IQ & language abilities & executive functions & test behavior & performance, preschool males with early onset oppositional defiant disorder with & without ADHD, 21266
working memory vs short-term memory & relation to general fluid intelligence & verbal abilities, college students, implications for experimental task selection, 29631
Verbal Communication [See Also Articulation (Speech), Conversation, Handwriting, Language Proficiency, Manual Communication, Narratives, Oral Communication, Pragmatics, Storytelling, Written Communication]—Serials
adaptations of written notational vs verbal task instructions for peer vs younger target, 8–9 vs 10–11 yr olds, 4440
adjustment to birth of second child & use of verbal & nonverbal behaviors toward children, 22–35 yr old mothers, 17487

agrammatic sentence production of subject-verb agreement, Broca's aphasics, 34638
association of verbal persuasion &/or observation of peer behavior with unclean needle sharing & needle cleaning practices, high-risk for HIV infection injection drug users, 18050
behavioral music therapy delivered in English vs Italian, verbal disruptions & noisemaking, Italian 81-yr-old female with probably dementia of the Alzheimer's type living in Australian nursing home, 38099
beliefs about benefits of & effects of verbalization of memories on emotional recovery from precipitating event & subjective well being & physical health, college students & bereaved Ss & volunteers, 24052
BP & HR responses during naturally occurring interpersonal interactions involving verbal communication, traffic enforcement agents, implications for reactivity hypothesis of cardiovascular disease, 10506
collaborative nature of hint & guess word search sequences in conversation, 55–68 yr old fluent vs nonfluent aphasic patients , 21570
comparison of vocabulary size & lexical context with diary study vs MacArthur Communicative Development Inventories, 9 mo old male, 1.5 yr study, 17281
content & process elements of customer-to-customer & - sales personnel interactions & verbal communication during service experience, undergraduates & retail customers, application of servuction system, 12924
content analysis of presidential speeches, beliefs & attributions regarding international conflict management, 33809
contrasting cases analysis & text or lecture on psychological phenomena, generation of differentiated knowledge structures & prediction of hypothetical experiment outcome, college students, 15894
controlled processing & response inhibition & set adoption in vocal RT version of Stroop task, HIV positive adults, 18306
creation & evaluation of self organizational map for classification of normal & dysphonic female voices before & after treatment, 18210
cross-linguistic similarities & differences in lexical & grammatical development, English- vs Italian-speaking 1.6–2.6 yr olds, 17238
development of behavioral analytic framework & verbal psychotherapies, 38010
drawing, verbal report of unique past experience, 5–6 yr olds, 1 day & 6 & 12 mo followups, implications for clinical & legal contexts, 30165
effect of cognitive interview on face identification accuracy, undergraduate students, implications for real world eyewitness identification, 19846
evaluation of dialect in narrative discourse, teachers vs 15–16 yr olds, 33547
experience & perceptions & feelings about & use of musical & verbal interventions in music therapy, music therapists, 31749
functional cerebral asymmetry & ear advantage in dichotic stimulation with verbal stimuli in English as foreign language, 18–25 yr old female speakers of Croatian, 26622
functional MRI-assessed cerebral lateralization of language, healthy left- vs right-handed adults, 16941
generation of visual vs motor images, speech & conversational hand gestures, 18–25 vs 61–80 yr olds, 32908
identification of verbal remarks & nonverbal behaviors associated with workplace flirting & sexual harassment, 18–69 yr olds, 21248
importance & urgency of & presence of prod in message left on answering machine, number of return calls as test of prosocial behavior, participants, 1246
interaction & second language learning, 8th grade French immersion students, 822
mood influence on verbal communication of request formulations, students, 20858
naltrexone, communication skills, 3-8 yr olds with autism, 21890
narrative elicitation task, discourse coherence & cohesion, adolescents with brain injury, 34655
neural activity in caudate nucleus & anterior insular & temporal & prefrontal cortices & amygdala in response to sad vs happy vs fearful vocalizations, normal males, 33231
open-ended vs focused prompts, number of words spoken & details elicited in investigative interviews, 5–6 vs 9–10 yr olds alleging physical abuse by their parents, 13940
orientation specificity in small scale vs large scale imagined routes presented as verbal descriptions & spatial learning, 19–44 yr old college students , 16669
phonotactic & probabilities & competitive effects, similarity neighborhood activation in spoken word recognition, right-handed adults, 17162
pre-natal auditory experience leading to difficulties with distorted or incomplete verbal communication & need for continuity of contact, 5 yr old mute female & young phobic woman in psychoanalysis, 21443
prevalence & severity of vocally disruptive behaviors, people with dementia, 28172
psychometric properties of Verbal Behavior Assessment Scale assessing communicative functions, 3–40 yr olds with severe or profound mental retardation & developmental disabilities assessed by carers, 35856
qualitative & quantitative analysis of verbal protocols & thoughts while teaching, experienced ESL teachers, 22403
recoding accounts of cross-modal priming & explicit memory, 56–69 yr olds with verbal production deficits , 18211
referential context & lexical frequency, syntactic ambiguity resolution in discourse, college students, 246
revisitation of issue of Cooperative Principle & pervasive nature of maxim of relevance at global level as forceful social parameter governing linguistic communication, 20836
sad vs happy mood, strategies for & politeness in risky & unconventional requests, college students, 24015
self-esteem & channel-consistency vs inconsistent interpersonal & verbal feedback, formation of metaperceptions, college students, 20922
self-reported experiences of verbal abuse during medical school, confidence in clinical skills, graduating medical students, 6032
self-reported verbal activity & communication apprehension & argumentativeness & self-esteem & locus of control, college students identified by others as compulsive talkers, 14238
Self-Verbalization Questionnaire, self-report measure of function & incidence of private speech in young adults, 17–47 yr olds, 16308
spoken & unspoken communication in psychoanalytic process, 8855
target speaker chronological age of 60–69 vs 70–79 vs 80+ yrs & sex & vocal characteristics, perceptions of vocal age & stereotypes of older adults, young adult listeners, 33922
therapist collaboration regarding countertransference responses to silent patients & undermining of analysts therapeutic identity & analyst–patient relationship, 2247
use of signs & voices in psychotherapy for sign-mediated assimilation of problematic experiences, clients, 18532
variable pronoun usage in speech, males vs females, 33564
verbal advice & supporting written information from family physician, level of physical activity, adults, 1 & 6 & 12 mo followups, 5786
verbal behavior in conversations with friends vs strangers, depressed college students, 8117
verbal vs nonverbal communication-based strategies to ensure condom use at first intercourse with new partner, 16–19 yr olds, implications for prevention of sexually transmitted diseases, 31119
verbs used to express thematic role of agents & direction of actions, spatial representation of linguistically expressed events, normal adults, 13269
voice vs keypad-controlled navigation structures with different degree of cognitive load in voice messaging service, 19–57 yr olds with high vs low spatial ability, 20408

Verbal Communication [See Also Articulation (Speech), Conversation, Handwriting, Language Proficiency, Manual Communication, Narratives, Oral Communication, Pragmatics, Storytelling, Written Communication]—Books

The quality of qualitative research, 36096

Verbal Communication [See Also Articulation (Speech), Conversation, Handwriting, Language Proficiency, Manual Communication, Narratives, Oral Communication, Pragmatics, Storytelling, Written Communication]—Chapters

The adult–child dyad as a problem-solving system, 7707
The analyst's vocabulary, 34942
Context models in discourse processing, 6894
Genesis and development of early infant mimesis to facial and vocal models, 17214
Incrementality in discourse understanding, 6882
The integration of verbal and motor behavior in preschool children, 7471
L. S. Vygotsky's ideas about the planning function of speech in children, 7475
More! From melodrama to magnitude, 26884
Nature and instrumental function of private speech in problem solving situations, 7345
Prelinguistic communication, 23747
Private speech: Four studies and a review of theories, 7357
The serious and playful work of gender: Talk and social order in a preschool classroom, 986
Spontaneous private speech and performance on a delayed match-to-sample task, 7359
The taxonomy of verbal behavior, 3411
The verbal governance of behavior, 3423
Verbal regulation of motor behavior: Soviet research and non-Soviet replications, 7368
We the people: The contours of lay political discourse, 33814

Verbal Comprehension [See Also Listening Comprehension, Reading Comprehension, Sentence Comprehension]—Serials

acoustic correlates & intelligibility & articulatory reduction of consonants vs vowels in read vs spontaneous speech, 23634
application of relevance theory to impairment of pragmatic comprehension, 6–13 yr old children with pragmatic language difficulties, 37725
assessment of factors influencing comprehension of legal documents, adults, 16267
auditory vs visual speech timing cues as external rate control to enhance verbal intelligibility, male speakers with traumatic brain injury & mixed spastic-ataxic dysarthric impairment, 5391
cognitive performance & speech understanding, deaf adults with cochlear implants, 2478
comprehension of emotional prosody in spoken material & matching to emotional facial expressions, 31 yr old female with large left hemisphere stroke & global aphasia, 18240
comprehension of idiomatic expressions with respect to presence of linguistic context & level of semantic analyzability of idiom's meaning, 6.4–6.6 vs 7.2–7.10 vs 9.2–9.11 yr olds, 13945
comprehension of subject & object extracted "wh" questions, 29–68 yr olds with agrammatic aphasia, 21609
effect of setting a goal on standing broad jump performance & relation of verbal behavior regulation, 12–18 yr olds with intellectual disability, 11717
event related potentials during spoken language comprehension in identification of gender agreement violations in controlled infinitival complements, college students, 16967
familiar vs unfamiliar interviewer & training vs instruction, communicative competence & responses to questions varying in comprehensibility, 6 vs 8 yr olds, implications for child witness testimony, 13954
family history of language impairment or possible impairment or non-impairment, verbal comprehension & grammar construction, 9–22 yr olds with language impairment, 21438
perceptions of hearing difficulties & comprehension of verbal language & identification of nonverbal communication, day & residential treatment staff for intellectually disabled adults, 12419
relevance maxim & face management in interpretation of indirect replies to personal questions, college students, 1255
role of group neuropsychological studies in characterization of comprehension abilities, patients with Broca's aphasia, 1990–1996, commentary on literature review, 21531
role of group neuropsychological studies in characterization of comprehension abilities, patients with Broca's aphasia, 1990–1996, 18379
role of interaction in comprehension of nonnative speakers, native speakers, 818
singular morpheme vs precompiled words as unit of lexical access in Chinese speech comprehension & production, 29586
stochastic component for spoken natural language understanding using Hidden Markov Models in the domain of train travel information retrieval in French, 23628
theories of adult understanding & use of & children's development of comprehension of ironic & sarcastic speech acts, 20489
training program, inferential skills induced from verbal protocols during reading & thinking aloud tasks via causal network model, 10 & 11 yr olds, 12645
understanding & inference of veracity & speaker informedness, 3.6–6.5 yr olds, 10792
understanding of police caution, A-level university students (aged 16–19) vs general population (aged 21–59) vs police officers (aged 21–50), England & Wales, 3226
working memory limitations, reading rate for effective prose recall, college students &/vs older adults, 36226

Verbal Comprehension [See Also Listening Comprehension, Reading Comprehension, Sentence Comprehension]—Books

Narrative comprehension, causality, and coherence: Essays in honor of Tom Trabasso, 32934

Verbal Comprehension [See Also Listening Comprehension, Reading Comprehension, Sentence Comprehension]—Chapters

Acquired aphasia in children, 5422
Children's understanding of complex stories: Issues of representation and assessment, 33636
Context models in discourse processing, 6894
Five dimensions of narrative comprehension: The event-indexing model, 32952
Goals as generators of activation in narrative understanding, 32938
Incrementality in discourse understanding, 6882

Learning from text: Structural knowledge assessment in the study of discourse comprehension, 6929
Misunderstandings in voice communication: Effects of fluency in a second language, 824
On narrative reading–writing relationships: How young writers construe the reader's need for inferences, 35452
Situational models and concepts in story comprehension, 32942
Verbal Conditioning [See Verbal Learning]
Verbal Fluency—Serials
age & education, phonemic & categorical verbal fluency, 16–59 & 60–79 & 80–95 yr olds, 13959
age & intelligence, letter fluency, 56–81 yr olds, test of low-level speed & frontal executive theories of aging & intelligence, 17413
age & sex, performance on phonetically cued word fluency task, 18–81 yr olds, 6843
age vs sex vs education level during verbal vs nonverbal task, error patterns on verbal & rule induction tasks, 54–89 yr olds, 13291
audiovisual vs audio-only conferencing in negotiation task, conversational fluency & interpersonal awareness, college students , 6411
category-specific word fluency, 16–50 yr old non-aphasic epilepsy patients with right vs left temporal lobe lesions, 5361
development of production & segmentation of compound nouns in relation to target nonwords in Telugu dialect, 8 vs 11 vs 14 yr olds, India, 23729
disfluency detection in spontaneous speech, college staff & student listeners, 4367
dysfluency in form vs content word with vs without delaying strategy in spontaneous speech, 2–6 vs 7–9 vs 10–12 vs 13–18 vs 20–40 yr old stutterers vs nonstutterers, 18219
existence of organizational principles during naming-generation task & time-dependency for new words, elderly with Alzheimer's disease, 8684
expressive language abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37731
fluency & complex attention & receptive language & memory, 7.9–21.2 yr old males with Duchenne muscular dystrophy, 5326
frequency-shifted feedback, fluency, 9–11 yr old vs 20–24 yr old stutterers, 28799
grammar instruction & fluency training, learning use of definite & indefinite articles of English, native Japanese-speaking students, 33563
influence of early verbal fluency & mental inhibitory control & visual spatial ability on later childhood behavioral problems & social competency, 1st graders, 2 yr study, 13898
morphological complexity with derivational vs inflectional affixes, word repetition & phonological output disorders, fluent vs nonfluent aphasic adults, 28170
neuropsychological test norms for letter & category fluency based on age & education & ethnicity, 20–101 yr old Whites vs African Americans, 23092
normative disfluency data, 2–5 yr olds who stutter, implications for differential diagnosis, 31024
perceptual & conceptual fluency effects level of feature vs semantic analysis during incidental advertising exposure, marketing students, 29195
phonemic clustering & switching during word-list generation, 15–64 yr olds with Huntington's disease, 5-yr study, 34672
phonemic vs semantic vs alternation word fluency, patients with Parkinson's disease (mean age 66.4 yrs), 15051
phonological abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37727
phonological processing deficits as predictor of phonological alexia, 74 yr old male with nonfluent primary progressive aphasia, 28146
response words & new words & word relatedness in generative naming process, Word Fluency Test, Alzheimers patients & healthy elderly people, 34691
self-assessments vs objective measures of Spanish & English linguistic competence, bilingual Hispanic students (mean age 19.4 yrs), 10766
sensitivity of CAMCOG naming subscale & Boston Naming & other tests, measurement of anomia in detection of Alzheimer's disease, 54–89 yr olds with probable Alzheimer's disease, 31201
spatial ability, errors in topical coherence & spatial referential devises in ASL, right brain damaged 74 & 75 yr old male signers , 15015
syntactic complexity & utterance length & disfluency, conversational speech, 3.5–5.3 yr olds with normal language formation, 36777
utterance length & syntactic complexity as predictors for stuttering during free-play with mothers, 3.3–5.5 yr old males who stutter, 18223
verbal & design fluency abilities, subclinical obsessive-compulsive Ss (mean age 18.7 yrs), 29826
verbal disfluency & accessory characteristics in behavioral stuttering, Black vs White 8–12 yr olds, 18220
verbal fluency & grammatical complexity, 5–6 yr olds with vs without language disorders & stuttering vs non-stuttering speech disorders, 37724
Verbal Fluency—Chapters
Acquired aphasia in children, 5422
Verbal Learning [See Also Nonsense Syllable Learning, Paired Associate Learning]—Serials
acquisition of irregular output orthographic representations of French words, 23–57 yr old Italian speakers with no previous knowledge of French, 26897
action upon unfamiliar objects by adults, learning novel part names, Japanese 2-yr-olds, 4436
artificial-grammar & prototype learning as measures of intact nondeclarative cognitive skills, 55–79 yr old Parkinson's disease patients, 18409
base rate of specific discrepancies between California Verbal Learning Test Children's Version & level of discrepancy for statistical significance, 5–16 yr olds , 9826
distinction between discriminative vs function-altering properties of contingency-specifying stimuli as heuristic value in conceptualizing compliance, children (mean 3.5 yrs), 33618
eyeblink conditioning & declarative & procedural learning ability, 41–69 yr olds with Parkinson's disease, 31324
grammar instruction & fluency training, learning use of definite & indefinite articles of English, native Japanese-speaking students, 33563
individual differences in immediate visuospatial vs verbal memory span, second language vocabulary acquisition, 19–40 yr olds, 7284
intermodal & verbal knowledge about gender, 18–24 month olds, 4443
issues & considerations concerning protocol analyses, 33562
list learning & recall assessed by 9- vs 16-item versions of California Verbal Learning Test & severity of cognitive impairment, elderly with Alzheimer's disease, 5338
mand training, acquisition of echoic & tact repertoires, 2.5–3.5 yr olds with autism, 34426
medial temporal lobe pathology, brain activation of language encoding areas during verbal encoding, 20–69 yr old patients with right vs left temporal lobe epilepsy , 5307
memory & learning, 9–12 yr olds with dysphonic dyslexia vs dyseidectic dyslexia, 14848
MRI-assessed atrophy in mesial temporal cortical gray matter & neocortical gray matter & thalamus & caudate nuclei, verbal learning & memory, 59–83 yr olds with probable Alzheimer's disease, 18427
nicotinic agonist ABT-418, total recall in verbal learning & spatial learning & memory, Alzheimers disease patients (mean age 72.7 yrs), 18835
performance on Cognitive Assessment System, cognitive ability & verbal learning deficits, hospitalized male offenders (aged 15–17 yrs), 6651
performance on tests of auditory verbal learning & memory & motor skills & general intellectual functioning & visuospatial functioning, 25–68 yr old binge vs regular alcohol drinkers, 30892
preposition acquisition & first usage & semantic representation, 1.5–3.5 yr-olds learning Bristol dialect of British English, 30186
recurrent vs 1st episode depression, memory deficits on word-list learning task, 21–65 yr old depressed inpatients, 34091
role of divided attention in conceptual priming & implicit memory, college students, 26445
role of philosophy & science & technology & intuition in study of verbal behavior, 33546
sequential analyses & multiple controlling stimuli & temporal patterning in 1st-language transmission & acquisition process, 33558
structural equation analysis of factorial model best fit of date for California Verbal Learning Test—Children's Version in standardization sample, 20493
surface orienting vs conceptual encoding, memory for subject performed vs standard verbal learning tasks, 36249
text-based instructional materials enhanced with graphics for verbal & imagery cognitive styles for learning computer programming concepts, adult learners, 30181
verbal learning & memory as measured by California Verbal Learning Test, adults (mean age 35.9 yrs) with schizotypal personality disorder vs other personality disorders, 8236
verbal learning & verbal memory, adolescents with brain damage, 15014
verbal learning test vs word recall & California Verbal Learning Test, differential diagnosis of dementia, Alzheimer's patients (mean age 72.6 yrs), 34649
Verbal Learning [See Also Nonsense Syllable Learning, Paired Associate Learning]—Chapters
Early speech perception and word learning, 23746
The processes of learning to identify words, 13988
The role of syntax in verb learning, 10815
Verbal Meaning [See Also Word Meaning]—Serials
comparison of studies discussing role of pragmatics in determining what speakers say vs what speakers implicate, 13277
comprehension of idiomatic expressions with respect to presence of linguistic context & level of semantic analyzability of idiom's meaning, 6.4–6.6 vs 7.2–7.10 vs 9.2–9.11 yr olds, 13945
contextual constraint in lexical ambiguity resolution in cerebral hemispheres, college students, 6872
investigation of possibility of giving pragmatic nonformalist account of sentence structure that can explain its contribution to sentence meanings, 20416
justification effects, judgment of quality of match & discrimination of importance between stories with degrees of superficial vs analogical similarity, college students, 36238
role of pragmatics in determining what speakers say vs what speakers implicate, commentary, 13300
Verbal Memory [See Also Semantic Memory]—Serials
advance organizers, reading comprehension & memory, 18–35 vs 55–83 yr olds with normal vs limited verbal ability, 1018
affective vs neutral content of stories, verbal memory, patients with unilateral right vs left temporal lobe epilepsy who did or did not have temporal lobectomies, 24785
age, verbal & spatial short-term memory, 6–12 yr olds, 17240
assessment of verbal memory functions, 54–82 yr olds with non-demented Parkinsons disease, 24816
attention, development of verbal short-term memory, 1st vs 4th graders vs adults, 36738
cannabis, visual & verbal memory & cognitive & driving ability, adults, 23530
changes in neural function & regional cerebral blood flow mediating differences in performance of verbal recognition tasks, 20–29 vs 62–79 yr olds, 13560
changes in word & story recall, 55–70 vs 71–86 yr olds, 6 yr study, Canada, 13311
cognitive activity during depressed vs arousal vs schema vs neutral mood, selective processing in mood-congruent memory of word lists, undergraduates, 251
cued-recall memory for simple sentential metaphors & similes, English vs Spanish vs bilinguals, 29634
development & reliability & validity of Hebrew version of Buschke Selective Reminding Memory Test, measurement of verbal memory function & memory deficits, 14–77 yr olds, 26440
effect of explicit memory mediation on indirect memory test involving white noise accompanying old vs new sentences, amnesic patients & normal adults, 19847
ERPs during retrieval of new vs previously heard vs previously judged words from source memory, 18–26 yr olds, 13630
evaluation of recall–to–reject account in two-process models of recognition memory, adults, 16664
expressive & receptive vocabulary & word list learning & abstract reasoning & episodic & verbal semantic memory, 16–65 yr olds with lateralized vs extra-temporal lobe epilepsy, 28153
genetic & environmental contributions to verbal memory, monozygotic vs dizygotic male twin pairs, 36276
immediate & delayed recognition memory for words, non-demented patients with Parkinson's disease (mean age 68.56 yrs), 15043
individual & age-related differences in verbal & spatial working memory, 8–10 vs 18–22 vs 65–75 yr olds, 17260
individual differences in immediate visuospatial vs verbal memory span, second language vocabulary acquisition, 19–40 yr olds, 7284
lexical codes, retention of verbal information in working memory & event-related brain potentials, 22–46 yr olds, 36234
lexical vs conceptual components of repetition priming, patients with Alzheimer's disease , 31195
making performance prediction immediately after reading text vs after delay with test given immediately after vs after delay, accuracy of performance prediction, undergraduates, 283
meaning-based vs form-based control of number agreement retrieval in speech, adults, 17150
MRI-assessed atrophy in mesial temporal cortical gray matter & neocortical gray matter & thalamus & caudate nuclei, verbal learning & memory, 59–83 yr olds with probable Alzheimer's disease, 18427
nature of phonological encoding during spoken word retrieval, college students, implication for 2-stage sequential model of encoding, 26411
nature of phonological encoding during spoken word retrieval, undergraduates, implications for 2-stage sequential model of encoding, 10143

no-switching vs mental-rotation vs gender-classification tasks, selective interference during spatial & verbal information retrieval from episodic long-term memory, college students, 277
participation in memory improvement course vs college psychology course, subjective awareness & objective measures of verbal & visual memory, healthy elderly persons, 36260
patterns of brain activation during verbal episodic retrieval, 55–67 yr olds with Alzheimer's disease, 24778
phonological short term memory & role in vocabulary development, 4–5 yr olds, 13 mo follow up, 7375
phonology & derivational morphology, novel word acceptability & associative processes & verbal memory cluster structure, college students, 29531
prefrontal & medial temporal activation during word encoding, remembered vs forgotten experiences, Ss, 3938
reading ability & auditory vs visual stimulus presentation modality, echoic memory, college students, 6918
relation between phonological short-term memory & auditory-sensory processing, mismatch-negativity component of auditory ERPs, 7–9 yr old high vs low scorers on pseudoword repetition test, 20490
relationship between self-evaluation of everyday spatial memory skills & performance on visuo-spatial & verbal memory tasks, 19–29 yr olds vs 60–70 yr olds vs 72–84 yr olds, 36277
reorganization of verbal memory from to right hemisphere, 19 yr old female with severe left mesial temporal damage, 11945
risperidone vs haloperidol, verbal learning ability & strategy & retention, patients with treatment resistant schizophrenia, 25181
selective interference, verbal & spatial working memory, 18–22 vs 63–69 yr olds, 23713
semantic similarity, short-term ordered recall, volunteers, 19862
short-term memory performance & language-specific vocabulary knowledge, bilingual vs non-bilingual preschool & school age children, 20529
speaker vs speech rate vs amplitude variation, memory for spoken words, college students, 13346
specificity of word & tone working memory deficits, outpatients with schizophrenia, 8160
speech perception & verbal memory, 9 yr olds with vs without histories of otitis media during their 1st yr of life, longitudinal study, 37949
studying high- vs low-frequency words, memorability judgments for high- vs low-frequency words made at list presentation vs during recognition test, undergraduates, 276
text vs outline vs graphic organizer vs concept map word displays, spatial vs verbal format of representation in memory, college students, 6922
use of verbal & spatial memory in performance of Tower of London Task, healthy 18–25 yr olds, 10209
verbal & nonverbal auditory stimulus duration & other parameters & interstimulus interval, verbal & nonverbal memory & serial recall, 6–7 vs 9–10 yr olds with vs without hearing loss, 24882
verbal & semantic memory & vocabulary & other neuropsychological deficits, male vs female elderly adults with Alzheimer's disease, 31286
verbal & spatial working memory, 9–20 yr olds with childhood-onset schizophrenia & ADHD, 4874
verbal learning & verbal memory, adolescents with brain damage, 15014
verbal memory dysfunction, 18–50 yr old outpatients with major depressive disorder &/vs borderline personality disorder, 27533
verbal memory impairments & work performance, patients with schizophrenia, 1572
verbal representations & spatial manipulation in working memory model during mental synthesis , 32968
verbal working memory system in sentence comprehension, normals vs patients with brain damage, commentaries & reply included, 16572
verbal working memory vs spatial task strategy development & skill attainment, EEG, 22–28 yr olds, 10487
visuo-spatial & verbal short-term memory deficits, children & young adults with Down's or Williams syndrome or moderate learning difficulties, 24704
words vs nonwords of short vs long spoken duration, pauses & speed of memory search & trace redintegration processes in verbal memory span, college students, 10104

Verbal Reinforcement [See Also Praise]—Serials
automatic portable verbal prompt system at scheduled intervals, assembly task performance, 31 yr old female with total blindness & profound intellectual disability, 8808
verbal encouragement toward & reasons for participating in & parental involvement in physical activity, degree of participation, 9–13 yr old girls, 25345

Verbal Stimuli—Serials
alcohol, intentional learning of emotionally salient verbal stimuli & heart rate, 18–30 yr old male social drinkers, 20266
articulatory suppression, image subtraction & picture recognition tasks, college students, 32970
distinction between discriminative vs function-altering properties of contingency-specifying stimuli as heuristic value in conceptualizing compliance, children (mean 3.5 yrs), 33618
frequency of meaning use for ambiguous & unambiguous words, 36119
mand training, acquisition of echoic & tact repertoires, 2.5–3.5 yr olds with autism, 34426
misleading narrative stimulus & written vs pictorial stimulus modality in testing procedure, suggestibility & misinformation effects in memory retrieval & object recognition, 17–58 yr olds, 32953
order of self referent semantic stimuli varying in congruence/truth, endurance of force in manual muscle testing of deltoid muscle group, 18–24 yr olds, 29526
sequential analyses & multiple controlling stimuli & temporal patterning in 1st-language transmission & acquisition process, 33558
spaced vs massed repetition vs single presentation of stimulus words, explicit & implicit memory, undergraduates, 3590
target absent & feature trials & bihemispheric vs unihemispheric presentation of CVC words, error rates in recognition paradigm & interword illusory conjunctions, college students, 19816
verbal instructional sets, gait variables, elderly patients with Parkinson's disease, 2008
vowel discriminability in auditory nerve fibers, cats with temporary acoustic trauma, 7122

Verbal Tests—Serials
base rate of specific discrepancies between California Verbal Learning Test Children's Version & level of discrepancy for statistical significance, 5–16 yr olds , 9826
event-related brain potentials during recognition of ordinary & bizarre action phrases following verbal & subject-performed encoding conditions, college students, 23095
validity of computerized adaptive test of word knowledge administered via telephone to estimate general cognitive aptitude, 17–53 yr old US Army recruits, 6591

Verbalization [See Oral Communication]

Verbs—Serials
acquisition of English passive, 2 vs 3 yr olds, 7381
codeswitches involving verbs of opinion in French–English bilingual discourse, bilingual speakers, 33554
context & grammar, stopped-making-sense judgments & thematic assignment & verb role perception & reading comprehension, adults, 23078
English vs Spanish typology, propensity to use manner vs path verbs to describe motion events, adult speakers, 814
evidence for whether & how verbs of psychological state with experiencer objects can form verbal passives, constructions based on Pittsburgh dialect, 7315
lexical access & decision modes during polymorphemic word recognition & identification of verb forms in Polish, 32–45 yr olds, 26910
lexical-semantic distinction in unaccusative vs unergative verb, English-speaking learners of Chinese, 33566
longitudinal course of tense acquisition, children with specific language impairment, 4 yr study, 8477
meaning of nondecomposable idioms & meaning & influence of their main verbs, adults, 10699
noun phrase & tensed sentence verb usage frequency in American English, 17155
relationship between lexical/vocabulary diversity & grammatical morphology in use of verbs vs nouns, 2.2–6.9 yr olds with vs without Specific Language Impairment, 24675
role of language & different verbs in development of understanding false beliefs, 3–5 yr old Chinese-speaking children, 17266
similarity judgment & attribute ratings, organization of cognitive verbs, German vs Japanese adults, implications for cultural commonality & variation in folk theory of mind, 36236
spared verb- but not noun-naming ability, female 79 yr old with Alzheimer's disease , 28199
verb frequency & morphological transparency & inflection, word recognition & mental organization/representation, 14-50 yr old developmentally language impaired francophones, 30948
verb naming ability in normal aging, 30–39 vs 50–59 vs 60–69 vs 70–79 yr olds, 7 yr study , 23106
verb tense & specific or neutral production context, comprehension of promises, 3–9 yr olds, 17265
verbs used to express thematic role of agents & direction of actions, spatial representation of linguistically expressed events, normal adults, 13269
word homophony & frequency & sentence structure, verb tense spelling errors, Dutch-speaking 18-yr-olds, 30105

Verbs—Books
Words and rules: The ingredients of language, 36681

Verbs—Chapters
The role of syntax in verb learning, 10815

Verdict Determination [See Adjudication]

Vergence Movements [See Eye Convergence]

Verification (of Theories) [See Theory Verification]

Vernier Acuity [See Visual Acuity]

Vertebrates [See Also Birds, Fishes, Mammals, Pigs]—Serials
genetic & molecular evolution of development & early hindbrain pattern formation, bilateral animals, 438
molecular biology of odorant receptor genes, olfactory discrimination, humans & vertebrates, 19703
onset & rate & sequence of events in vertebrate neurogenesis, 464
timing of neuron firing in brain stem auditory nuclei as acoustic information ascends auditory pathways, sound localization & interpretation, vertebrates, 23338

Vertigo—Serials
clinical characteristics, 6 wk–6 yr olds with cyclic vertigo, 2–10 yr followup, 5224
cognitive stress on Stroop Test vs rest condition & emotional factors of depression vs anxiety vs phobic avoidance, balance, 25–69 yr olds with vs without Meniere's disease vs dizziness, 21626
coping strategies, perceived handicap from dizziness & anxiety, 30–84 yr olds with Meniere's disease, 11793
correlation of Dizziness Handicap Inventory with & validity of Activities-specific Balance Confidence Scale, 26–88 yr olds with vestibular dysfunction, 36031
factorial validity of Dizziness Handicap Inventory, 23–78 yr old patients with vestibular disturbance, 19570
premonitory sensations of vertigo attacks, 21–70 yr olds with Meniere's disease, 8700
self-treatment with modified Epley procedure vs Brandt-Daroff exercise, 26–83 yr olds with benign paroxysmal positional vertigo in semicircular canals, 38341
validity & reliability of VDI questionnaire, assessment of health related quality of life, 51–88 yr olds with vertigo & dizziness & imbalance symptoms, 36023

Vestibular Apparatus [See Also Semicircular Canals]—Serials
alcohol intoxication & rotation around earth horizontal axis, buoyancy of cupulae & positional alcohol nystagmus as assessed with 3 dimensional eye movement analysis, 24–39 yr olds, 17037
comparison of 2 head autorotation tests, measurement of vestibulooocular reflex, 29–62 yr olds, 29467
earth horizontal & vertical passive sinusoidal body roll, torsional eye movements & role of otolith organs, 28–37 year olds, 19726
GABA agonists baclofen or THIP, long term compensation, hemilabyrinthectomized rats, 4205
ginkgo biloba extract EGb 761, vestibular compensation following unilateral vestibular deafferentation, female guinea pigs, 30053
hypergravity, vestibular functioning, male adult hamsters, 20215
optokinetic stimulation with vs without fixation suppression, activation in visual motion sensitive & ocular motor & vestibular cortex areas with right hemispheric dominance, 25–31 yr olds, 3836
recovery of vestibulo-ocular reflex, 21–82 yr olds with acute unilateral peripheral vestibular deficit, 29466
right temporo-parietal cortex infarction, vestibulo-ocular dysfunction & clinical vestibular symptoms, 50 yr old male, 24853
rotation in darkness, computation of final eye-position in vestibulo-ocular reflex, 29–37 yr old human Ss, implications for non-commutativity in brain , 19757
subjective visual vertical, 20–78 yr olds with unilateral vestibilar diseases, 29476
unilateral vestibular neurotomy, ability to perform navigational tasks, patients (mean age 45.6 yrs) with Meniere's disease, 21631
vestibular autoration test using neural networks, assessment of ability to learn to fly, military student pilots, 36427
vestibular system contribution & canal plugging, coordinated eye–head movements & gaze shifts, rhesus monkeys, 20207
vestibular system role in lateral bias in head turning & Moro response, 37–40 week olds delivered vaginally vs by Caesarean section, 7429
walking vs standing, visual acuity, 24–49 yr olds with severe bilateral vestibular dysfunction, 21627

Vestibular Apparatus [See Also Semicircular Canals]—Books
Otolith function in spatial orientation and movement, 23279

Vestibular Apparatus [See Also Semicircular Canals]—Chapters
The contributions of vestibular signals to the representations of space in the posterior parietal cortex, 23367
Control of spatial orientation of the angular vestulo-ocular reflex by the nodulus and uvula of the vestibulocerebellum, 23281
Inertial processing of vestibulo-ocular signals, 23370

The interaction of otholith and proprioceptive information in the perception of verticality: The effects of labyrinthine and CNS disease, 24862
Replication of passive whole-body linear displacements from inertial cues: Facts and mechanisms, 24737
The role of the otoliths in perception of the vertical and in path integration, 23371
Vestibular Nystagmus [See Nystagmus]
Vestibular Stimulation [See Somesthetic Stimulation]
Veterans (Military) [See Military Veterans]
Veterinary Medicine—Serials
applied ethology in veterinary practice, implications for training, 3634
behavior during routine health & therapeutic procedures, mammoth asses , 413
presence of concurrent disease & pheromonal treatment, urine spraying, cats, 10513
summary of reports of & veterinarian attitudes toward animal abuse & ethical responsibility to report animal mistreatment, Massachusetts, 1996, 23177
Vibration—Serials
application of laser scanning vibrometer to detect vibration transmitted in working conditions, operators tractor, 22674
hand vibration exposure, movement precision & performance time during visuo-manual tracking task, 20–32 yr olds, 10079
incubation temperature & responses to visual & vibratory stimuli as measures of antipredator behavior, pine snake hatchlings, 3685
method for application of large-area vibrotactile stimuli to palms holding balloon during magnetoencephalography, somatosensory & auditory evoked fields, healthy Ss, 29450
range & frequency of vibrations, momentary riding comfort evaluation of railway vehicle, adults, 3447
shape of stimulus probe & direction of vibration & contact area & force, detection of vibration transmitted through object grasped in hand, human Ss , 19699
size of male & substrate-borne vibratory courtship signal, mate preference, female katydids, 3692
Vibration—Chapters
Mechanical, neural, and perceptual effects of tendon vibration, 3523
Vibrotactile Thresholds—Serials
direction of rotation & contribution of knee & hip & ankle joints, perception threshold for support surface rotation, human Ss (mean ages 33 & 32 & 30 yrs), 23013
early & lifelong hearing aid use, perception of vibrotactile speech stimuli, deaf 18–45 yr olds, 2463
haptic comparison of curvature for static vs dynamic touch, Ss, 29473
psychophysical assessment of vibrotactile responses & effect of NMDA receptor antagonist administration, 24 yr old patient with temporomandibular disorder, 1929
thermal vs thermal pain vs vibratory thresholds in hands vs feet, patients with Charcot-Marie-Tooth disease with demyelinating vs axonal form (mean age 46.7 yrs), 24693
Vicarious Experiences—Serials
computer-aided vicarious exposure & ritual prevention treatment, 16–67 yr olds with obsessive-compulsive disorder, erratum, 2205
functional analysis, false-positive maintenance of self-injurious hand mouthing by access to tangible reinforcers, 26 yr old female with profound mental retardation, 24104
individual & organizational effects of & strategies for management of vicarious traumatization, therapists & counselors working with trauma survivors, 32146
interactive computer-simulated vicarious exposure to elevator phobia, young adult patients with agoraphobia, 37404
performance accomplishments & vicarious learning experiences, mathematics & science self-efficacy & career interests & goals & actions, career-undecided college students, 15978
sexual abuse treatment exposure & clinician vicarious traumatization & grief, 35378
vicarious experience of favorite sports team victory vs loss, salivary testosterone, 21–40 yr old males, 4021
vicarious traumatization & spirituality, 24–73 yr old female psychotherapists who treat survivors of sexual abuse, 25657
Vicarious Reinforcement [See Vicarious Experiences]
Victimization—Serials
6-step models of behavior & pervasive victim self-image, individuals with antisocial personality disorders, 24370
action agenda for feminist psychotherapists as agents of change for victims & survivors of war, 28283
adaptation & reliability of Participant Role Scale for distinguishing groups within bullying & victimization process, 7–10 yr olds, 10882
adult & adolescent sexual revictimization & development of PTSD, 19–47 females with history of child sexual abuse, 37588
anxiety & delusional distress, patients with persecutory delusions vs generalized anxiety disorder, 14447
application of grounded theory method to research on interactions with victims of domestic abuse & goals of medical intervention, obstetricians/gynecologists, 18928
art therapy group, 13–17 yr old female survivors of sexual abuse, 38352
association between psychological distress & personality variables, victims of Boeing 737 crash, England, 20898
attitudes about violence & frequency of aggressive behavior toward peers, 7th–9th graders, 30856
attitudes toward victims of bullying & role of empathy in bullying others, male vs female young vs adult prisoners, 11529
being afraid vs angry about threat of criminal victimization, 16 yr olds & older, 27322
being victim of nearly constant taunting & teasing & bullying by classmates, 12 yr old female who attempted suicide, 30845
catastrophe theory, assault victims responses, 34286
change experienced during group therapy, female survivors of childhood sexual abuse , 12100
characteristics & impact of practitioner sexual misconduct & experience with subsequent professional help, 30–85 yr old female victims of health care & clergy professionals, 18001
characteristics of childhood sexual abuse, female child & adolescent victims, Hong Kong, 21262
child centered theory in dynamics of revictimization patterns & play therapy, children from violent families, implications for play therapists, 34817
childhood or adolescent history of physical & emotional & sexual abuse & neglect & social desirable responding, male vs female 17–48 yr olds of Asian vs European ancestry, Canada, 11548
childhood physical vs sexual vs emotional abuse vs neglect & age at onset, unhealthy eating attitudes & behavior & anxiety & depression & dissociation, non-eating-disordered 18–48 yr old women, 11534
childhood rape incidence & risk for major depression & PTSD & substance use problems, 18–69+ yr old women, 27817
childhood sexual abuse victimization, 27–50 yr old male survivors, 21238
clients' & therapists' attitudes toward experienced emotional trauma & collusive resistance, 18–42 yr old female rape survivors, 31430
cognitive behavior therapy, violence-related posttraumatic stress disorder, 38068
community-based advocacy intervention, experience of physical & psychological abuse & depression & quality of life & social support, 17–61 yr old females with abusive partners, 2 yr study, 12456
coordinated alternative community-based programs, rape victims, 5868
correlates of sexual coercion vs rape, 20–35 yr old females at increased risk for sexual victimization due to sexual activity & alcohol consumption, 21270
couples therapy perspective on violence & victimization in intimate relationships, case examples of male & female partners, 2216
crime scene behavioral themes & victim & offender characteristics & interaction & stylistic distinctions in role of aggression in stranger homicides, 15–49 yr old offenders & 1–70 yr old victims , 34413
criminal victimization, 20–70 yr old patients with severe mental illness, 8058
criminology & stress-distress perspective on effects of criminal victimization on well being, 20–85 yr old Czech adults, 37599
cultural reactions & social reasoning & conversations about rape & negative consequences for victims, comment, 11676
daily life management & relation with crime & criminal victimization & fear of crime, community residents living in high crime areas, 2.5 yr study, 7864
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary, 24456
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary reply, 24427
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary, 24454
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, 8266
deliberate suppression of rape-related thoughts, frequency of intrusive thoughts, female rape victims (mean age 28.5 yrs) vs non victims, 8377
development of measure of sexual victimization, female college students, 17974
deviant behavioral correlates & prospective predictors of violent victimization, male vs female 18–20 yr olds, 2-yr followup, Norway, 18008
diabetes & symptoms of diabetes, patients with past history of victimization, 24706
dialog group to deal with lingering trauma of Holocaust, German & Israeli family therapists who are descendents of Holocaust victims & Nazi perpetrators, 38717
distributions & characteristics of spouse abuse victims & offenders in US Army Central Registry, US Army soldiers & spouses, 1989–97, 12918
domestic violence & criminal justice responses & homelessness, female victims, 1169
drinking in the event & lifetime drinking history, risk of physical assault perpetration &/vs victimization, 18–55+ yr olds, 27819
drug use predictors of domestic violence perpetration & victimization, females in methadone treatment for opiate addiction, 5071
early behavior problems, later victimization in peer group, 5 & 6 yr olds, 3 yr study, 27076
early childhood sexual abuse memories & perceived verbal & sexual harassment by professors, college students, 6246
early psychological disorders & psychological & behavioral attitudes & trauma-related predictors of chronic PTSD, 13–50 yr old rape victims, 1 yr study, 8254
education with vs without psychological debriefing, psychological reactions to criminal victimization, 18–76 yr olds, 6 or 11 mo followup, 34297
emotional & physical & sexual child abuse & communist indoctrination via torture & depersonalization, male victim raised in foster care in USSR , 30833
emotional reaction associated with bullying incident, primary & secondary school age bullies & victims, 9505
experience of male violence, employment, 19–91 yr old females, 18000
experience of recent partner violence, ability to maintain work, women (mean age 29 yrs), 1 yr study, 17978
experiences with physical &/or sexual violence, 17–37 yr old pregnant incarcerated females vs poor pregnant health department patients, 32074
experiences working with women's organizations & own trauma involved in providing feminist counseling of female war victims, former Yugoslavia, 28292
exposure to bar environment & intoxication & sexual & physical abuse history & personality traits, bar related victimization, 18–55 yr old female bar drinkers, 37496
exposure to violence & victimization at home, coping strategies & trauma symptoms, 14–19 yr olds, 14663
family background & psychological adjustment & victimization on the streets, homeless 13–21 yr olds who ran away vs were thrown out by parents vs were removed from home by authorities, 11542
family therapy approach to dissolution of rape flashbacks by construction of new rape scenario, family relations, female rape victim, 2222
fear of criminal victimization vs social control vs differential association, firearm possession in school, 13–20 yr old high school students, 34407
feelings toward offender–parents & personal coping, 24–57 yr old survivors of child abuse, 34287
frequency & impact of experience as victim of indecent exposure & perceived exposer dangerousness & current fear of sexual crime, adult females, 37607
frequency of childhood emotional & physical & sexual abuse & childhood bully victimization by peers & current psychological distress, college freshmen, 11520
gang involvement & risks of victimization, 12–17 yr old active female gang members, 1833
gender & attitudes toward women & past/current relationship & alcohol & coercion strategies & victim resistance & rape justifiability, path model of sexual coercion, 37593
gender roles & attitudes about sexual aggression & sexual victimization, parents & daughters, 37002
history of child abuse & educational achievement & victimization & involvement in prostitution, adolescents, 11563
house demolition, mental health, adult & child victims & witnesses, 1037
in-school intervention program, suspension rate & level of violence, elementary school bullies & victims & bystanders, implications for understanding role of parental contributions & home environment, 38927
incestuous or nonincestuous childhood sexual abuse & subsequent shame or dissociation, victimization in adulthood, 18–51 yr old female college students, 24433
incidence of female-perpetrated assault, males vs females, 11525
injuries & mental health consequences, male batterers & female victims (aged 18–65 yrs), 24415
institutional lifestyles & prediction of physical assault or theft victimization risk, 16–61 yr old correctional institution inmates, 2727
integrated model of social psychological & organizational factors affecting recovery from stress & trauma of isolated vs chronic criminal victimization, 37602

interviewer distorted details, responses to questions during investigative interview, 3–14 yr old alleged victims of child abuse, 13013
intrusive & demanding parenting behaviors & parent–child relationship closeness & peer victimization, kindergartners & their parents, 1144
La Isla Pacifica shelter for Mexican American women who have fled violent partner, 12459
legal personnel competence & videotaping of child abuse victims, 26061
lifestyle & parent support & structural constraints, violent victimization, Icelandic 15–16 yr old males vs females, 14789
literature & research on recovered memory therapy for childhood sexual abuse, commentary reply, 5514
literature & research on recovered memory therapy for childhood sexual abuse, commentary, 5508
literature & research on recovered memory therapy for childhood sexual abuse, commentary reply, 5491
literature & research on recovered memory therapy for childhood sexual abuse, commentary, 5513
literature & research on recovered memory therapy for childhood sexual abuse, commentary, 5515
means–end social problem-solving skills & psychological distress, 16–21 yr old incarcerated male offenders institutionally identified as bullies vs victims of bullying, 27903
methodological issues in study of & review of findings on associations between sexual abuse & alcohol problems, 8282
mother–child relations & peer victimization, 9.4–14.3 yr olds , 918
naming problem & identifying victims & prioritizing safety & custody & visitation assessments & adjudications as examples of obstacles confronting victims of partner abuse in family court system, 32521
naming problem & identifying victims & prioritizing safety & custody & visitation assessments & adjudications as obstacles confronting victims of partner abuse in family court system, commentary, 39074
One by One Dialogue Group for disclosure of Holocaust-related family histories & experiences, descendants of victims & perpetrators, 18764
peer victimization & physical & mental health, early vs late secondary school students, 4 yr study, 19337
perpetrator identity & gender & level of abuse & relationship with victim, adjustment to trauma, adult male vs female survivors of childhood sexual abuse, 17998
personal & interpersonal difficulties as antecedents &/or consequences of victimization by peers, 3rd–7th graders, 1 yr followup, 15971
phases of Cognitive Processing therapy, female victims of marital rape, 8798
playground behavior & social preference & bullying & victimization, 8–9 yr old males & females, 27030
presence & perceived qualities of best friend as moderators of behavioral antecedents & outcomes of peer victimization, 4th & 5th graders, 9517
prevalence of childhood maltreatment, female college students victimized by date rape, 11562
psychiatric issues of sexual abuse victimization & perpetration, 11–46 yr olds with developmental disabilities, 21389
psychological impact of civil disturbances, Northern Ireland, implications for treatment, 34059
reconsideration of various approaches to working with victims & perpetrators of war crimes, feminist therapist, Serbia, 28303
relational & physical forms of peer victimization, 3–5-yr-olds, 11513
relationship among individual & environmental characteristics & odds of violent victimization in or around school, elementary vs junior high vs high school students, 37594
relationship characteristics, gay male victims or perpetrators of domestic violence, 5012
relationship of labor force participation & rape as test of backlash hypothesis, victimized females, 34251
relationship of severity of childhood trauma & violent & nonviolent revictimization & peritraumatic dissociation & coping & attachment styles, 23–64 yr old female survivors, 37473
relationship of sociodemographic characteristics & prior criminal history & perceptions of violence & victimization, male prison inmates (mean age 32.98 yrs), 25562
repeat victimizaton, 0–65 yr old & older victims of violence, 1971–1995, 11535
risk for violent victimization & HIV, females with schizophrenia & co-occurring substance use disorders, 37224
risk perceptions & sexual assault judgments within dating interaction scenario, 15–27 yr old female single- vs multiple-incident sexual assault victims vs nonvictims, 34416
role in sexual harassment cases & issues in diagnosis & treatment of sexual harassment victims, forensic psychiatrists, 19513
role of music in the Holocaust, implications for music therapy with survivors, 13855
role of neuroticism & schizotypy in self reported dissociative experiences & victimization, 18–58 yr olds, 8182
routine activity theory model for prediction of women's stalking victimization, 16–54 yr old females, 14688
school bullying & victimization & aggressive victimization & peer affiliation, 5th graders, 28996
screening questions during health care maintenance visits that predict subsequent violence-related injury, 15–17 yr olds, median follow up 5.5 yrs, 24723
severe physical & sexual violence victimization by peers & power beliefs, male vs female 14–20 yr old high school students, 1674
sex & age & background & delinquency & victimization, street children in Ethiopia vs Latin America, 34284
sex & age & groups involved in & reaction to bullying behaviors, adult vs young offenders, 17996
sex role traditionality & victim–perpetrator association, rape perceptions, college students (aged 17–52 yrs), 24463
sexual assault education program, sexual assault knowledge & victimization, female college students, 7 mo followup, 22081
sexual assault of males in late adolescence, implications for school counselors & secondary education professionals, 8268
short- & long-term effects of bullying, members of the British Stammering Assn who are dysfluent, 27989
social & personal determinants in perpetrating or being victim of workplace aggression, adults, 32373
social cognition & ratings of bulliers vs followers vs victims, 7–10 yr olds, 33678
social constructions of murder vs manslaughter in relation to criteria of victimiztion & culpability & understanding of interpersonal violence, family members of convicted murderers, 34408
social information processing model of social challenges faced by sexually abused children, 24449
social processes & relational behaviors associated with stalking, 4718
sociological approach to emotional simultaneity & construction of unity in fire event, fire victims, 24086
strategies for victim management of sexual assault case processing, prosecutors , 6484
strengths & vulnerabilities via life experiences prior to assault & factors influencing recovery, 18–40 yr old sexually assaulted females with high vs low distress response, 30838
substance use by victims &/or assailant & sexual assault, sexual assault victims aged 12–85 yrs, 18015
substantiation of Child Protective Services reports, male vs female victims of sexual abuse, 38522
suicidal ideation & school bully–victim problems & perceived social support, 12–18 yr olds, 28999
symptoms of PTSD & anxiety & depression, 6–16 yr old sexually abused children 30- to 60-days after abuse disclosure & termination, 8277
threat perception in dating situations & sexual victimization history, female college students , 30916
trauma-induced repetition & pathological object relations & dissociation as components of childhood victimization relative to generational transmission of child abuse, mother–child dyads, 8261
type of crime & level of trauma & other variables associated with & choice of police vs someone else in disclosing victimization, adults with mental illness, 30622
typology of characteristics & mental disorders, 25–55 yr olds making false accusations of stalking victimization, 14694
utility of dialectical framework for understanding intrafamilial sexual abuse, 20–65 yr old incest survivors, 21237
victim alcohol abuse potential & victim & perpetrator alcohol usage & sexual assault risk, female college students victimized by sexual assault, 21271
victim impact statements, sentencing outcome & processes, legal professionals, 22793
victimization experiences during incarceration & frequency of visitation with outsiders & participation in prison programs, psychological well being, 16–61 yr old male inmates, 21378
victimization history & self reported satisfaction in adult heterosexual relationships, 17–51 yr old females with history of child sexual abuse, 24404
victimization of child & nonoffending parent & progress in treatment & prevention of shaken baby syndrome & role of nurses, 3-mo-old male victim & his parents , 5013
victimization through allegations of failure to protect child witnesses of domestic violence, battered mothers, 21251
views of efficacy of shelter services, 16–50 yr old battered females, 35244
violent & nonviolent criminal victimization & delinquent behavior in & out of school & weapon possession in school during previous year, male vs female 7th–12th grade students aged 12–18 yrs, 34410
violent victimization by sex offenders on youth vs adults, National Crime Victimization Survey of households, 30818
writing & editorial practices of women's magazines & their portrayal of domestic violence as responsibility of victim to solve problem, 11003

Victimization—Books

Assessing allegations of sexual abuse in preschool children: Understanding small voices, 8788
From hearing to healing: Working with the aftermath of child sexual abuse (2nd ed.), 5480
I can get through it, 2183
New visions of victims: Feminists struggle with the concept, 37007
Responses to victimizations and belief in a just world, 1269

Victimization—Chapters

BJW and self-efficacy in coping with observed victimization: Results from a study about unemployment, 63
Concept formation of war and peace: A meeting point between child development and a politically violent society, 27018
Constructing the victim: Popular images and lasting labels, 37010
Family studies of PTSD: A review, 24351
Group treatment of sexual assault survivors, 34905
''I wasn't raped, but/p./p./p./p.': Revisiting definitional problems in sexual victimization, 37534
In the line of sight at *Public Eye*: **In search of a victim, 36698**
Incest and secondary victimization in intimate relationships: A psychotherapeutic case study, 34331
Issues in treating rape and sexual assault, 14722
Police officers and violent crime: Social psychological perspectives on impact and recovery, 29293
Posttraumatic stress disorder in adults relative to criminal victimization: Prevalence, risk factors, and comorbidity, 8214
Psychological trauma: Debriefing as a therapeutical tool in the treatment of victims of political or ethnic violence in Africa, 34764
Recasting consent: Agency and victimization in adult-teen relationships, 36863
Understanding the origins and incidence of spousal violence in North America, 21283
Victims, backlash, and radical feminist theory (or, The morning after they stole feminism's fire), 37009
When do decent people blame victims? The differing effects of the explicit/rational and implicit/experiential cognitive systems, 17558
Working with adult female survivors of childhood sexual abuse, 5068

Video Display Terminals [See Video Display Units]

Video Display Units—Serials

cognitive behavioral therapy, 28–54 yr olds with electric sensitivity, 6 mo followup, 8792
color perception & use of video playback experiments, nonhumans, 577
CRT-generated stimuli, visual determination of hue suprathreshold color-difference tolerances, 22–51 yr olds, 19740
ergonomic working condition intervention, occupational health, personnel using video display terminals, 35739
individual differences in knowledge acquisition from interactive animated vs static pictures in cooperative learning, college students, 29649
knowledge acquisition for building mental models extracted during learning from complex animated visuals, college students, 29640
neutral forearm position of computer mouse, reduction of pain intensity & frequency, visual display unit operators experiencing pain, 35737
numerical computerized model for evaluation of layout of graphical user interface screens, search time & screen preferences, computer users, 9697
relationship among personality/psychological factors & health status & job demands & objective ergonomic features, 24–60 yr old video display terminal operators, 25906
self-awareness of metarepresentation & relation between delayed video representation & current reality & mirror reflection, 3–4 yr olds, 13958
training to optimize ergonomics at visual display unit workplace, 22–59 yr old employees, 22732
use of home-based interactive videoconferencing counseling, 11–18 yr olds with epilepsy & their mothers, 18793
visual display unit positioning procedure, individual adjustment to comfortable position to display unit relative to eyes, directory-assistance operators, 16220
visual perception on conventional cabinet tachistoscopes vs computer monitor tachistoscopes, college students, 36083
willingness to study & reading comprehension of static vs animated electronic documents, 19–59 yr old females, 29657

Video Display Units—Chapters
Implications of decision-making research for decision support and displays, 3163
Video Games [See Computer Games]
Videotape Instruction—Serials
academic effectiveness of 2-way interactive video for teaching introductory psychology, students, 22420
classroom vs home video wellness intervention, 50–87 yr old primary care patients, 12373
cooperative learning vs interactive video instruction, academic achievement & attitudes, college students learning basic German, 35494
effectiveness of drug abuse prevention videotape based on theory of information-based programing vs social skills approach vs assertiveness training, male vs femaleMexican-American 7th–9th graders, 22267
planned activities videotape training, parental use of planned activities & parent–child interaction & parenting skills & improved child social interaction, 31–32 yr olds reported for child abuse, 8839
use of film in interactive video format for teaching honorifics, students of Japanese language, 38791
use of head-mounted video camera & 2 stage replay, orienteering performance, 14–18 yr old junior orienteers, 4489
use of trainer who repeated targeted labels & asked questions & rewarded attempts at label with object, facilitation of vocal learning from videotapes, grey parrot, 19951
video-based perceptual training, return of serve, novice tennis players, 6356
videotape feedback & lecture methods, intervention skills & alcohol-related knowledge & attitudes & interactional skills, final year medical students (mean ages 23 & 25 yrs old), 35410
videotaped future-success imagery & other self-modeling training & therapeutic applications, 12079
Videotape Recorders—Serials
patterns of & motives for VCR usage, college students , 32411
VCR use as leisure activity, 18–81 yr olds, 3145
Videotapes—Serials
addition of videotaping of lineup & witness identification to recommendations of American Psychology-Law Society for constructing lineups & photospreads for eyewitnesses to crimes, commentary, 9750
audio vs video recording of personality assessment, anxiety, college students, 27381
clinical & forensic issues in videotaping of forensic psychiatric evaluations, 26036
commercially produced video "What Do I Say Now?", parent–child discussion about child sexual abuse, parent & their 2–6 yr olds, 1678
educational videotape on health care proxies as an advance directive, completion or intention to complete health care proxy, hospitalized medical patients, 15406
erotic materials & videos as techniques to increase sexual fulfillment, sex therapy, male & female patients & couples, 15160
familiarity, human face recognition in poor-quality security surveillance video, university students & police officers, 23019
geriatric videotape assessment, objective assessment of functional abilities in everyday activities, elderly patients with dementia, 6610
global ratings of videotaped performance vs global ratings of actions recorded on checklist, performance assessment with standardized patients, medical students, 1 yr followup, 35966
HIV prevention videos, condom use self-efficacy & sexual behavior & dating relationships, 17–24 yr olds, 3 mo followup, 18888
inter-rater reliability of French versions of Montgomery & Asberg Depression & Depression Retardation Rating Scales based on videotaped interviews, 18–70 yr old depressed inpatients, 70
issues in use of tailored videos in smoking cessation counseling in primary care settings, 9044
legal personnel competence & videotaping of child abuse victims, 26061
memory & interpretation of family photographs vs videotape, teenagers, 6899
qualitative interviews & video-recording as methodology to study GPs' decision-making during consultations, 25333
serious vs light rock music videos, rating & recognition memory, college students, 32955
standard post-rape treatment vs video treatment, post-rape psychopathology & PTSD, women (mean age 30.63 yrs), 35040
use of video cassette recorders during traffic stops for drunk driving, case dispositions & prosecution rates, drunk drivers, 12978
validity & reliability & feasibility of videotape method for assessment of communicative skills & medical performance during patient consultations, general practitioners, 28894
video modeling intervention, play comments, 6 & 9 yr old males with autism & their 8 & 6 yr old siblings, 38907
video recordings & ethnomethodology & conversation analysis, 7798
videotapes of counseling sessions vs role plays with mock clients, self efficacy, students in prepracticum counseling classes, 28846
Videotapes—Chapters
Using audio and video feedback, 38143
Vietnam—Serials
marriage & family law in rapidly changing society, Vietnam, 32530
veterans' narratives vs cultural narratives of Vietnam, 38–47 yr old Vietnam veterans with PTSD, 8183
Vietnam—Chapters
Group and milieu therapy for veterans with complex posttraumatic stress disorder, 8229
Vietnamese Cultural Groups—Serials
acculturation & demographics & HIV-related knowledge & attitudes, 17–48 yr old Vietnamese American college students, 5813
media lead education campaign, recognition & intention & receipt & currency of routine checkups & clinical breast exams & mammograms & Pap tests, Vietnamese American females, 18866
perceptions & awareness of health care services, Vietnamese adults (aged 26–85 yrs) , 35170
pre & post migration variables predicting psychological distress & self-destructive behavior, 17–29 yr old Vietnamese Amerasians fathered by US servicemen & civilians during Vietnam War, 1097
pre- and postmigration cognitions & feelings toward American biological fathers, distress & self-destructive behavior, 17–29 yr old European vs African Vietnamese Amerasian males vs females, 27459
socioeconomic structure & cultural change factors associated with wife abuse, Vietnamese immigrants, US, 24389
Vietnamese Cultural Groups—Chapters
Assessing needs and planning, implementing, and evaluating health promotion and disease prevention programs among Asian American population groups, 9068
Using a task-centered approach with Vietnamese families, 8833
Vigilance—Serials
alertness maintenance gamebox device, drowsiness & mental effort & driving quality & safety in advanced driving simulation, 25–49 yr old drivers, 16253
amplitude & latency topography of prefrontal steady-state visually evoked potential during continuous performance task, 7.75–14.0 yr old males with ADHD , 8441
caffeine deprivation, vigilance performance & mood & caffeine-withdrawal symptoms, 22–56 yr old habitual coffee drinkers, 4191
child–adult ratio & lifeguard positioning & scanning, 21–25 yr old lifeguards, 19415
convergence between coping styles classifications based on dispositional vigilance & cognitive avoidance vs trait anxiety & social desirability, college students, Germany, commentary, 30511
convergence between coping styles classifications based on dispositional vigilance & cognitive avoidance vs trait anxiety & social desirability, college students, Germany, commentary reply, 30494
evaluation of VigiMouse visual performance test for detection of daytime sleepiness & pauses in vigilance performance caused by sleep loss & alcohol, female pediatry residents, 13039
exposure to schedule-correlated stimuli vs observing response providing brief access to stimuli vs contingency reinforcement, vigilance to stimuli, 20–31 yr old college students, 19884
fighting behavior & vigilance & predation risk, South American cichlid fish, 3683
mate defense & predation & infanticide avoidance & risk, vigilance, adult male vs female langurs, 13474
non-linear analyses of periodicity vs randomness vs chaos in & mathematical model of vigilance during feeding, purple sandpiper & doves & choughs, commentary, 13468
non-linear analyses of periodicity vs randomness vs chaos in & mathematical model of vigilance during feeding, purple sandpiper & doves & choughs, commentary reply , 13448
paired-pulse stimulation during quiet waking vs slow-wave sleep vs REM sleep vigilance states, dentate granule cell modulation, male rats at 15 vs 30 vs 90 days old, 20077
predation & scramble competition & vigilance group size effect, dark-eyed juncos, 29730
silence vs low- vs high-intensity music, low- vs high-demand driving-related tracking & vigilance tasks, 18–24 yr olds, 35766
sleep deprivation & vigilance task performance, 19–30 yr old males, 4040
transdermal nicotine patch, vigilance, 18–25 yr old male smokers, 13778
vigilance for aerial vs terrestrial predators, thirteen-lined ground squirrels with view of sky obstructed, 36323
visual field & prefield & stimulus delay interval & hemispheric asymmetry in vigilance & cerebral arousal, 18–31 vs 65–80 yr olds, 7030
within-group surveillance & group size, males vs females with vs without infants in redtail vs red colobus monkeys in mixed vs single-species groups, 20038
work schedule with polyphasic rest activity cycles, sleep quantity and sleep stages across cycles & EEG evidence of vigilance, male Air Force personnel (mean age 19.7 yrs), 9668
working memory & vigilance performance, normal aging 57–82 yr olds & 55–83 yr olds with probable Alzheimers disease, 37812
Violence [See Also Family Violence, Patient Violence]—Serials
"road rage" & epidemiology of impulsive driving related violence between strangers, drivers, 1991–95, 1697
acute stress reactions & early intervention implications, victims of violence, 24419
adolescent characteristics & school violence, implications for counseling, 30809
adolescent version of Attitudes Toward Violence Scale, 8th–12th graders, 35882
advantages of using juvenile correctional facility records in risk-based approach to plan & implement prevention & treatment programs for violent juvenile offenders, 29283
age & permissive attitudes toward violence vs acts of material damage vs nonpermissive attitudes, delinquent activity, 12–24 yr olds, 30926
age & violence before vs during vs after pregnancy & pregnancy as a result of statutory rape, 13–45 yr old females, erratum, 24416
aggression & violent offending, patients with psychosis vs dual diagnosis of substance misuse & severe mental illness, commentary, 4854
alcohol consumption & hypermasculinity, empathic response to female victim in violent pornography, males (aged 21–45 yrs), 24034
alcohol sales & demographic & socioeconomic factors, assault rates, rural vs metropolitan North South Wales, Australia, 17546
appraisal of partner coercive control & aggressive behaviors in violent vs non-violent dating relationships, college students, 37458
assertive community treatment & compulsory components of Mental Health Act & incidence of homicides & serious violence, mentally ill persons , 27823
assessment & management of violence risk, mentally disordered adolescents, 21051
attitudes & future orientation & violence beliefs & hardiness, terrorists, 30923
attitudes about violence & frequency of aggressive behavior toward peers, 7th–9th graders, 30856
attitudes toward schizophrenia label & causal personality attributions of violence, college students & mental health professionals, 30697
attributional & evaluative responses to partner request for condom use, prediction of coercion & condom use compliance, violent vs nonviolent male inmates, test of social-information processing model, 24567
biological & psychological & sociocultural risk & protective factors associated with violent behavior, children & adolescents, implications for role of community psychiatrists, 14797
biological & psychological & sociocultural risk & protective factors associated with violent behavior, children & adolescents, implications for role of community psychiatrists, commentary, 37612
busipirone, agent & prolactin levels, violent vs nonviolent parolees, 15287
case etiology & remission, 33 yr old male sexual psychopath following years of forensic psychiatric & psychoanalytic treatments, 34406
changes in public perceptions that people with mental illness are violent, survey respondents (mean age 44.9 & 44.3), 1950 & 1996, US, 8076
child abuse & conduct disorder & alcohol dependence & domestic violence as risk factors for each other, Navajo population, 1708
child violence as direct result of de-facto abandonment by parents of their traditional child caretaker role, US, 7676
childhood experience & personality & attitudes facilitating violence & sexual vs nonsexual aggression towards women, 17–24 yr old Singaporean men, 1330
childhood predictors of subsequent violent behavior, 25 yr olds, 27909
civil liability, police personnel engaging in sexual violence, 26064

clinical judgment in model of clinician prediction of violent behavior, 14–65 yr old patients seen at urban psychiatric emergency room, 6 mo study, 8073
clozapine, reduction of psychotic symptoms & violent behavior & rate of discharge, inpatients with schizophrenia, 28416
cognitive behavior therapy, violence-related posttraumatic stress disorder, 38068
collaborative model for workplace violence prevention & responses to emergencies & recovery, business leaders & mental health clinicians, 35688
collective violence & group solidarity & characteristics of disputes leading to violence, 19th century Corsica feuding society, 27106
comparability of male violent substance abusers, dual problem males in substance abuse vs violence treatment milieus, 37957
concept of dangerous offender & impact on trends in maximum security incarceration, 25564
concurrent validity of Historical & Clinical & Risk Management violence risk assessment scheme, male incarcerated offenders, 9883
content analysis of 241 newspaper reports on violent crimes, South Africa, 23642
content analysis of British TV programs for portrayal of ethnic groups as aggressors &/or victims of violence, 4389
couples therapy perspective on violence & victimization in intimate relationships, case examples of male & female partners, 2216
criterion validity of Criminal Sentiments Scale-Modified & Pride in Delinquency Scale, 20–60 yr old male violent vs nonviolent offenders, 9904
critique of International Society of Sport Psychology Position Stand on aggression & violence in sport, 16163
cross-national differences in temperature & cultural masculinity, domestic political violence, 1948–77, 20772
culture of racism & relation to hooliganism & other violent behavior, fans of English football, UK, 35692
current status & effectiveness of & framework for future comprehensive school-based violence prevention programs, 28937
cutting graphic violence from films, self-reported enjoyability & perceptions of violence & anxiety, male vs female undergraduates, 37102
demographic & alcohol & other substance use factors associated with violent vs accidential injuries vs non-injury-related medical conditions or illnesses, adults admitted to emergency rooms, 24528
demographic & background variables & knowledge of & attitudes about & experience with violence & perceptions of anti-violence public service announcements, teenagers, 36783
development & validity & reliability of Moral Interpretation of Interpersonal Violence Scale, 5–12 yr olds watching more fantasy vs realistic tv violence, 35883
development of delinquency & criminogenic factors that predict violence into young adulthoood, arrested adolescent offenders, 7 yr study, 18114
deviant behavioral correlates & prospective predictors of violent victimization, male vs female 18–20 yr olds, 2-yr followup, Norway, 18008
different types of destructiveness in neurotic vs borderline vs psychopathic patients & technical issues in psychotherapy of psychopathic patients, children, 15122
discourse analysis & activist social work practice, female victims of violence & sexual abuse, 1058
discourse analysis of perpetrator gender in accounts of male violence against females in professional & popular literature , 11554
donepezil-induced paranoia & violent behavior, 76-yr-old male with Alzheimer's disease, 2465
drug use & law abidance beliefs & sensation seeking & fear of victimization & high risk group identification & self protection needs & behaviors & demographics, violence, adolescents, 1 yr followup, 37609
dynamics of coercion & resistance in cognitive social control, violent offenders in prison, 15689
economy & presence of foreigners & unemployment, instances of right-wing violence, Germany, 18004
effect of transcendental meditation Demonstration Project on social coherence & stress & collective consciousness & rates of violent crimes in demonstration city, 22803
effective vs ineffective aggression reduction strategies for dealing with school violence, students, 15964
effectiveness of school-based youth violence prevention project, high school students, 28627
effects of neighborhood & school violence & crime on attendance & school behavior & grades, 6th–12th graders, 25698
electronic video games, perception of central content & violent themes & comparison with commercial ratings, 4th vs 6th graders vs parents vs nonparents (college students), 10846
epidemiology of mental illness & violence, Canada, 8038
errors in violence risk assessment at capital sentencing, mental health professionals, 13006
experience of aggression & victim-perpetrator status & attendance at antiviolence education intervention, practical knowledge regarding violence prevention & attitudes toward date rape, 11th graders , 9566
experience of male violence, employment, 19–91 yr old females, 18000
experience of recent partner violence, ability to maintain work, women (mean age 29 yrs), 1 yr study, 17978
experience of sexual violence by male intimates, behavior & coping strategies, women aged 19–57 yrs, 34261
experience of war violence, female refugees of former Yugoslavia, 14112
experiences with physical &/or sexual violence, 17–37 yr old pregnant incarcerated females vs poor pregnant health department patients, 32074
explaining harmdoing & condoning attitude toward perpetrators of evil & violence, 37489
exposure therapy vs stress inoculation training vs their combination, female assault victims (mean age 34.9 yrs) with PTSD, 12-mo study, 15078
exposure to community violence, psychophysiological response patterns & sleep disturbances, urban 16–18 yr olds, 27765
exposure to forms of work-related violence, work attitudes & well-being & moderating effect of social support, 20–62 yr old public house licensees, 6347
exposure to gratuitous media violence in film, provoked & unprovoked hostile behaviors, movie goers, 11089
exposure to injury prevention education, subsequent action to limit access to lethal means, parents of 6–19 yr olds at risk for suicide or violence visiting hospital emergency department, 15596
exposure to political violence, antisocial behavior & depression & academic performance & values & parents' childrearing style, adolescents in Intifada from age 7, West Bank & Gaza Strip, 17183
exposure to violence, suicidal ideation & depression & PTSD symptomatology, inner city 11–15 yr olds, 27479
exposure to violent TV & sensation seeking & risk taking behaviors, 11–25 yr olds, 33661
exposure to violent vs nonviolent film vs verbal description, level of violent fantasy in inkblot responses, male vs female high school students, 14011
factors associated with aggression & violence, deaf & hard-of-hearing people, 24891
gender & age differences, alcohol intoxication vs violent behavior, 12–20 yr old Norwegian students, 27814
gender differences in violent incidents, 20–70 yr old patients with severe mental illness, 7998
genetic predisposition to criminal & violent behavior & recidivism & comorbidity of mental disorder & crime, 8022
history of childhood conduct disorder & substance abuse & other premorbid risk factors for violence, adult patients with chronic mental illness, 14448
ictal manifestations of temporal lobe epilepsy passing as disruptive behavior & violent outbursts, 17 yr old male, 2055
impulsivity & criminal history, violent vs nonviolent female parolees (mean age 29.6 yrs), 28801
incidence of female-perpetrated assault, males vs females, 11525
interplay between identifications & identity & psychoanalytic technique to point out fluidity of identificatory processes, violent young male analysand, 15253
issues concerning & programs for preventing relationship violence, adolescents, 22154
issues in role as consultant in cases of workplace violence, psychiatrists, 19129
juvenile violence & issues for mental health professionals, 18493
level of sadism, psychopathic vs nonpsychopathic male inmates who committed violent vs sexually violent crimes, 18107
lifestyle & parent support & structural constraints, violent victimization, Icelandic 15–16 yr old males vs females, 14789
love & violence against women in Hindi films & perceptions of women's roles, male film viewers, India, 21233
management of everyday violence in residential place, individuals, 15572
mental health indicators of treatment status & psychiatric diagnosis & threat/control-override psychotic symptoms, associations between gender & self-reported violent behaviors, 24–33 yr olds, 8018
model of & principles & guidelines for threat assessment approach to evaluation of risk of targeted violence, 34253
model of democratization & military intervention–violence as result of government miscommunication, 14188
model of physical violence as stimulation seeking behavior & stimulation as behavioral inhibition & treatment, 37486
model of strategic interaction between regime & its domestic opposition & uncertainty & decision to pursue transition, 14176
mother's presence in home & family size, risk of internalization & depression & PTSD resulting from witnessing of or victimization in community violence, 10–15 yr old inner-city African Americans, 21045
multimethod approach to assess risk factors for lifetime history of high vs low violent behavior, 19–65 yr old male incarcerated psychiatric inpatients, 35869
neighborhood context, risk of violence, 18–40 yr old discharged psychiatric patients, implications for violence prediction models, 21002
neurotransmitter regulation & neuroanatomy & clinical correlates & other aspects of interaction of genetic & environmental & social influences in neurobiology of violence, 30858
occurrence & type of aggressive behavior, 18–56 yr old dangerous psychotic patients in special secure unit, 10-yr prospective study, 19011
parental mediation of violent television & children's aggression, 2nd through 6th graders & their parents, 20421
pathology related to specific diagnostic clusters of personality disorder, violent male offenders, 17958
patient functioning & living conditions & treatment & background & hospitalization history, violence, 18–93 yr old psychiatric inpatients, Israel, 30630
peer & sibling bullying, psychological difficulties, children (mean age 13.35 yrs), 30813
perceived likelihood of exposure & social distance of comparison group, tendency to see others vs oneself as more affected by media messages in violent rap lyrics & movies, college students, 27324
perceptions of violence, decision making, jurors, 26053
play therapy-related individual & family & community-level interventions, children exposed to violence & at risk for posttraumatic stress disorder, 34819
posttraumatic growth in survivors of violence & their societies, 24467
prevalence & correlates of anger attacks, female psychiatric patients who are pregnant or postpartum (mean 30.2 yrs) , 37484
prevalence & frequency & severity & features of violent behavior, adults with psychotic or major mood disorders in 4 mo preceeding outpatient commitment, 21054
prevalence of & exposure to violence & symptoms of depression & hostility & demographic differences in exposure to & effects of traumatic violence, inner city 14–19 yr olds, 18006
prevalence of violence & substance use, pregnant 12–19 yr olds, 30828
proximity & threats & dangerousness & violence, intimate vs non-intimate relationship stalkers & victims, 34411
psychiatric assessment of adolescent victims of dating violence in primary care settings, 34415
psychiatric epidemiology & methodological approaches to assessment & study of possible associations between mental disorders & violent behavior, 8048
psychoanalytic contribution to the understanding of violence & distinction between self-preservative & sado-masochistic violence, commentary reply, 24060
psychoanalytic contribution to understanding of violence & distinction between self-preservative & sado-masochistic violence, commentary, 24065
psychological impact of civil disturbances, Northern Ireland, implications for treatment, 34059
psychopathological determinants of violent behavior in mentally disordered patients, 14466
psychopathy & violence, patients with schizophrenia or schizoaffective disorder, 24277
Psychopathy Checklist-Revised scores, prediction of violent recidivism, personality disordered violent offenders aged 16–72 yrs old, 21365
psychosocial & other factors influencing decisions to report sexuality-related violence to police, lesbians & gay & bisexual adults, 21257
psychosocial issues in weapon-carrying in school, implications for psychiatric interviews, 1722
public belief & stigmatization & methodological barriers in precluding causal inference between mental illness & violence, 8037
racial composition of areas patrolled & deployment of police dogs to apprehend crime suspects & dog bites, Los Angeles police department, 6481
rape-supportive attitudes & participation in fraternities & athletics, male university students, 14651
rates of violence exposure & perpetration, male Army recruits vs adolescents from suburban & inner city high schools, 24394
reactive vs instrumental violent offense & primary vs secondary psychopathy controlled & inhibited type, prevalence & patterns & forms of PTSD symptomatology, male homicide perpetrators, 37605

relationship among individual & environmental characteristics & odds of violent victimization in or around school, elementary vs junior high vs high school students, 37594
relationship between violent film & video viewing & violent & aggressive & criminal behavior, children & adolescents, 24452
relationship of animal abuse to violence against humans, 11–76 yr old criminal animal abusers, 37589
relationship of severity of childhood trauma & violent & nonviolent revictimization & peritraumatic dissociation & coping & attachment styles, 23–64 yr old female survivors, 37473
relationship of sociodemographic characteristics & prior criminal history & perceptions of violence & victimization, male prison inmates (mean age 32.98 yrs), 25562
reliability & predictive accuracy of Violent Offender Treatment Program Risk Assessment Scale, violent offenders, 10 yr followup, 9908
religious institutions & support of violence vs status quo, religious minorities, 20693
repeat victimizaton, 0–65 yr old & older victims of violence, 1971–1995, 11535
residential therapist knowledge vs self report of clients' exposure to community violence, therapists of 9–19 yr old clients of residential treatment facilities for emotionally disturbed children, 32136
resiliency-based preschool substance abuse & violence prevention project, teacher interactional skills & child prosocial behaviors, Head Start children & their teachers, 2850
risk factors for becoming a target of violence, family & other social network members of outpatients with major psychiatric disorders, 8049
risk factors for reoffending & psychopathy vs antisocial personality disorder, violent offenders, 30922
risk of violence & suicide, psychiatric patients seen routinely by a community mental health team, 5053
role of mental disorder & psychosis in violent behaviors, patients from pre-trial prison & high security & psychiatric hospitals, 8021
role of old-age forensic psychiatry in violent crime among elderly & relation to mental disorders, comment, 30920
role of old-age forensic psychiatry in violent crime among elderly & relation to mental disorders, 14808
scientist–practitioner model of violence risk assessment & prediction , 37455
screening questions during health care maintenance visits that predict subsequent violence-related injury, 15–17 yr olds, median follow up 5.5 yrs, 24723
serotonin & norepinephrine & dopamine functioning as correlates of aggressive behavior & relevance to violent crime & criminal responsibility & insanity defense, 5126
SES & community violence & social competence & academic adjustment, 5–6 yr olds, South Africa, 30216
severity of impairment & frequency & quality of social contacts with family & friends, risk of violent behavior, adults with psychotic or other severe mental disorders in community-based treatment, 8081
sex & grade level & ethnicity, associations between violence & internalizing symptoms & externalizing behavior & long-term outcome, 6th vs 8th vs 10th graders, 17833
sex differences & patterns of relationship violence, adults, 27792
sexual violence research, emotional impact, female participants, 34262
Skills Training for Aggression Control cognitive-behavioral program & trait anger, anger knowledge & expression & aggressive behavior & prison misconduct, male violent offenders, 38649
social & attitude & intrapersonal & violence & drug use related factors, marijuana use cessation, 14–19 yr olds who use marijuana, 21350
social & community & preventive interventions on health psychology efforts toward violence & health promotion & competence across lifespan, 15389
social psychological principles of group behavior & individual behavior within groups & evaluation of risk for targeted violence by extremist groups, 34296
social-developmental model in physical & psychological dating violence, adults aged 25 yrs & older, 27821
sociodemographic characteristics & illness & violence history & clinical status & medication adherence & substance abuse as predictors of violence, inpatients with severe mental illness, 8020
sociopolitical developments of structural property & labor guarantees & peaceful vs conflictual expansion of electorate, South Africa, 14172
subculture specific risk factors for suicide & violence & guidelines for risk assessment & intervention, law enforcement personnel, 34292
symbolic violence & threats of violence by male intimate & physical violence, pregnant physically & sexually abused Hispanic women, 5042
system memory in patterns of reoccurrence of violence, bars , 24384
television violence, memory for commercial messages, college students, 9690
theoretical basis of situational crime prevention & role of offender decision making & application to violence prevention, Australia, 19544
therapeutic commitment & role security, treatment outcomes, therapists working with violent men, 38021
therapy & mental state of a couple who experienced violence during torture, 38027
threat vs control-override psychotic symptoms in association between mental illness & violence, 24–33 yr olds, 8006
threat/control override psychotic symptoms, violent behavior, 24–33 yr olds diagnosed with mental illness, 17826
times & locations of violent events in high schools, 9th–12th graders & teachers, 19325
tort cases involving patient who impulsively hurt or killed someone & legal & ethical duties of mental health professionals, 6065
trajectories of physical aggression & opposition & hyperactivity on path to physically violent vs nonviolent juvenile delinquency, 6 yr olds, 11 yr study, 36817
use of alcohol-related mortality & assaults & drunken driving & suicide as indicators of per capita alcohol consumption, Norway, 1973–1994, 1798
use of file-based data in forensic psychiatric research, violent & sex offenders over age 15 yrs, 24565
use of retrospective 1-time &/vs repeated weekly interviews for assessment of community violence, 22–34 yr old poor urban Black females with 10–12 yr old sons, 36093
use of social constructionist approach to examine cognitive treatment program's construction of prison inmates as particular types of beings, violent offenders, 35367
usefulness of anger measures for prediction of violent & nonviolent recidivism, 17–64 yr old incarcerated male offenders, 35945
usefulness of feminist relationality methodology using collective drama/education as preventive strategy of violence against women, 7th–13th grade students, commentary, 14802
usefulness of feminist relationality methodology using collective drama/education as preventive strategy of violence against women, 7th–13th grade students, 14807
victimization by interpersonal violence, household income & marital status & employment & education level, women (mean age 44.9 yrs), 3 yr study, 27764
victim–perpetrator relationship & perpetrator's use of force & threats & drugs in committing rape, female rape survivors, 21231
violence & social control & subculture of delinquency as factors in violent behavior & nonviolent delinquency, 15–16 yr olds, Iceland, 21361
violence against women & influence of war & nationalism & militarism in the former Yugoslavia, 14689
violence and/or rape experienced as an adult & predictive risk-factors, 18–35 yr old borderline patients, 11502
violence exposure & life stress & family support & self concept & behavior problems, 10–19 yr olds receiving mental health services from school vs community programs, 12426
violence in video games & aggressive behavior, children & adolescents & young adults, 24422
violent & nonviolent criminal victimization & delinquent behavior in & out of school & weapon possession in school during previous year, male vs female 7th–12th grade students aged 12–18 yrs, 34410
violent behavior & accidents or errors in judgment & disability determinations as aspects of sleepiness & sleep disorders in workplace or while driving, 21474
violent behavior, 18–40 yr olds discharged from acute psychiatric facilities, 1 yr study, comment, 24464
violent behaviors, 11–18 yr olds reading at vs below grade level, 24403
violent victimization by sex offenders on youth vs adults, National Crime Victimization Survey of households, 30818
voting behavior & policy outcomes when violence can occur after election, 14187

Violence [See Also Family Violence, Patient Violence]—Books

Deciphering violence: The cognitive structure of right and wrong, 1746
An intimate history of killing: Face-to-face killing in twentieth-century warfare, 37525
Men who batter women, 34319
Prisoners of hate: The cognitive basis of anger, hostility, and violence, 34316
Savage spawn: Reflections on violent children, 21380
The street is my home: Youth and violence in Caracas, 23798
Violence in homes and communities: Prevention, intervention, and treatment, 21279

Violence [See Also Family Violence, Patient Violence]—Chapters

Aggression, criminality, and the frontal lobes, 8324
Assessment and treatment of violent offenders in criminal justice settings, 14809
Attachment disorganization: Unresolved loss, relational violence, and lapses in behavioral and attentional strategies, 21017
Between the background of safety and the background of the uncanny in the context of social violence, 34938
Cognitive behavioural interventions for anger, aggression and violence, 14717
Combining action and analysis to prevent homicide: A public health perspective, 9145
Community-based approaches to violence prevention, 21289
Cultural and subcultural theories of homicide, 8412
A cultural critique of current practices of male adolescent identity formation, 33604
Dating violence and teen prostitution: Adolescent girls in the justice system, 21284
Detection of cannabis in victims of violent death in Stockholm (1987–1994), 18026
Early intervention: Prediction and action, 1750
Effective youth violence prevention, 21382
Effects of exposure to violence in South African police, 27739
Energizing and organizing the community, 22206
The family roots of aggression and violence: A life span perspective., 5067
Helping forgotten victims: Using activity groups with children who witness violence, 34913
Intimate partner violence among immigrants, 1749
Latinos and homicide, 8422
Lethal identity: Violence and identity formation, 37541
Mental illness and the myth of violent behavior, 21058
Origins and incidence of workplace violence in North America, 21288
Persistent and chronic neglect in the context of poverty—When parents can't parent: Case of Ricky, age 3, 34861
Police officers and violent crime: Social psychological perspectives on impact and recovery, 29293
Predicting violence in mentally and personality disordered individuals, 34420
Psychological trauma: Debriefing as a therapeutical tool in the treatment of victims of political or ethnic violence in Africa, 34764
Psychotherapeutic work with child and adolescent refugees from political violence, 34333
Television violence and children: Problems and solutions, 21285
Tuning into the media: Youth, violence, and incivility, 36699
A typology of male batterers: An initial examination, 34325
Understanding the incidence and origins of community violence: Toward a comprehensive perspective of violence prevention, 21290
Violence and mental illness in adolescence, 24120
Violence and suicide, 11582
The Violence Attitudes Scale (Revised) (VAS-R), 13037
The violent child and adolescent, 34336
What children can tell us about living with violence, 37533
Xenophobia and violence by adolescent skinheads, 37542
Youth violence and post-traumatic stress disorder: Assessment, implications, and promising school-based strategies, 21291

Viral Disorders [See Also Creutzfeldt Jakob Syndrome, Encephalitis, Herpes Genitalis, Herpes Simplex, Human Immunodeficiency Virus, Influenza, Measles, Poliomyelitis, Rubella]—Serials

application of prisoner's dilemma strategy of game theory in evolution of competitive interactions at high & low multiplicities of infection to host cells, RNA viruses, 16888
boma disease virus infection during different brain developmental stages, pathological & clinical disease sequelae, rats, 16944
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11785
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11782
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary, 11775
changes in levels of antibodies &/or appearance of antigen-specific immunoglobulin M antibody to 5 herpesviruses & 6 other viruses in serum, 19–37 yr olds with schizophrenia , 34153
clinicopathological changes after abstinence, heavy drinkers with chronic hepatitis induced by alcohol with or without hepatitis G virus, 21344

common cold, mood & subjective alertness & simple & choice reaction time & anti-saccadic eye movement, male college students, 34565
comorbid epilepsy & viral infections, autistic subjects, 1960–1989, 11682
diagnosis of cervical human papillomavirus infection, psychosexual behavior, infected vs uninfected women, 11808
iontophoretic vincristine, intercostal or lumbar postherpetic neuralgia, adults (mean age 70.1 yrs), 15408
knowledge & attitudes & behaviors regarding human papilloma virus, college students, 31085
oral amantadine treatment, depression, 40.3–60.5 yr olds with Borna disease virus infection, 34970
prevalence of viral infections & chemically defined drug abuse, psychiatric patients admitted to psychiatric emergency ward, 28736
training stress vs final examination stress, reactivation of herpesviruses, cadets 18 yrs old & older, 35720
Viral Disorders [See Also Creutzfeldt Jakob Syndrome, Encephalitis, Herpes Genitalis, Herpes Simplex, Human Immunodeficiency Virus, Influenza, Measles, Poliomyelitis, Rubella]—Chapters
A belt of roses from hell: Acute pain in herpes zoster and postherpetic neuralgia, 8529
Plausibility of prenatal rubella, influenza, and other viral infections as risk factors for schizophrenia, 24303
Virginity—Serials
experiences & attitudes & recommendations regarding virginity examinations, 24–72 yr old forensic physicians, Turkey, 32154
sociodemographic correlates of virginity, 7th grade Black & Latino students, 20601
Virtual Reality—Serials
action-centered model of selective attention in virtual environments during visual movement displays, Os, 26454
ataxia & simulator sickness after exposure to virtual environment, 19–46 yr old college students, 16216
design & use of VRUSE questionnaire in evaluation of attitudes & perceptions of virtual reality system usage & interface, 12950
imagery & visualization technology on multimedia & virtual reality & World Wide Web & microcomputer graphical displays in social science research, 29237
local & global maps & other aids, navigation & search strategies in very-large-scale virtual environments, 18–39 yr olds, 10138
motion sickness & proprioceptive aftereffects of virtual environment exposure, 11814
multichannel digital signal processing in multiple microphone recording technique for reversals in virtual acoustic image generation & localization, listeners, 13235
nauseogenicity of methods of exploring virtual environments while keeping head still or moving, 18–42 yr olds wearing immersive head-mounted display, 10080
participation in & usability of virtual environments & applied ergonomics & design, adults, 12955
passivity vs joystick use in virtual environment, spatial memory vs object memory vs object location memory, college students, 10178
physical ergonomics & awareness of problems in design for virtual reality usage, users with head-mounted displays & hand-held input devices, 12953
physiological oculomotor changes during immersion in virtual environment, 19–56 yr olds wearing head mounted displays, 12948
postural stability measurement before & after immersion in virtual reality/virtual environment, college students, implications for safety activities in driving or operating machinery, 12943
proximal & distal cues, cognitive mapping place performance in virtual space, college students, 3546
psychological factors & performance in virtual classroom & use of multimedia communications systems, model of learning through technological devices, nursing students, 6028
regulation of tracking movements, mechanism of organization of virtual space, 17–20 yr olds, 19723
robot predators in virtual ecologies & the importance of memory in mimicry studies, replication & extension of R. E. Owen & A. R. G. Owen's effect, 10360
spatial knowledge acquisition from maps vs navigation in real & virtual environments, 18–49 yr olds, 32974
STARBRIGHT WORLD, perceptions of pain intensity & pain aversiveness & anxiety, 9–19 yr old hospitalized children, 22129
training in route learning using computer-generated 3D virtual environment, 53 yr old female patient with anterograde amnesia, 12491
use of virtual environments as experimental tool in study of human spatial cognition, 154
vergence & accommodation demands in development of visual systems & exposure to virtual reality & stereo displays, adults & children, implications for visual problems, 12954
virtual conflice & resolution in assurance game, players, 26401
Virtual Environment for Body Image Modification system for treatment of body image disturbances & dissatisfaction in eating disorders, healthy adults , 5473
virtual reality exposure therapeutic efficacy, patients & college students with acrophobia vs fear of flying & other anxiety disorders, 38098
virtual reality nature areas, attitudes toward & experiences of real nature areas, college students, 16229
virtual-environment presentation of graphically-modeled brain morphological data, 29774
Virtual Reality—Chapters
Cyberspace, or the ubearable closure of being, 26891
Designing human/virtual technology interaction environments for training effectiveness: A cognitive task modeling approach, 22740
Treating fear of flying with virtual reality exposure therapy, 14635
User-oriented design analysis of a virtual environment training system, 22734
Vision [See Also Linear Perspective, Visual Perception]—Serials
afferent dysgraphia, vision in handwriting, 41 yr old female with right brain damage, 21546
behavioral screening of essential loci, assessment of visual genetic disorders, zebrafish mutants, 36392
complete mergeability as a general explanatory principle for amodal completion over partially occluded surfaces & volumes, Os , 36182
contributions to visual psychophysics & other areas of vision science, M. Alpern, 19135
control of walking to vs direction opposite to target with vs without vision, 18–45 yr olds, 13250
disparity minimization vs ''within surface'' hypothesis for & validity of nonius lines as technique for measuring cyclovergence in torsional alignment, Os, 19749
global pattern properties & fuzzy regularities & 3D object completion of partly occluded shapes, human Ss , 36184
information-theoretical & psychophysical & neurophysiological properties of early stages of vision, 26357
interaction of visual processes in amodal completion in texture visual evoked potentials, 25–45 yr olds, 10023
peripheral & central visual information for directional control of manual aiming movements, Os, 26297
resemblances in the organization of memory vs. the visual system, 36122
Utah electrode array & neural interface for cortical vision prosthesis, cats, 23273
vestibular information & mental activity during active vs passive rotations, perception of orientation without vision, Ss, 6757
vision & ocular abnormalities, 5–17 yr old males with a history of child abuse & neglect, 34312
Vision [See Also Linear Perspective, Visual Perception]—Books
Vision science: Photons to phenomenology, 19765
Vision Disorders [See Also Eye Disorders]—Serials
adaptation strategies & psychological well being & difficulties with activities of daily living, working age vs elderly adults with low vision vs neurological disabilities, 31066
agreement between self-reports & state records regarding factors involved in vehicle crashes & prevalence of visual & cognitive impairments, 55–85 yr old & older drivers, 3200
attitudes toward & perceptions of & involvement with school programs & demographic characteristics, Latino family members of less than 7–21 yr old students with visual impairments, 25815
blue & green flashes, s-cone electroretinogram responses in dark-adapted eye & after light adaptation, tritanopic & normal Ss, 15053
cisapride, visual hallucinations, 75 yr old female & 74 yr old male with Charles Bonnet syndrome, 25212
comorbid Charles Bonnet syndrome & Parkinson's disease, 73 & 78 yr old male patients with visual hallucinosis, 8486
complexity & psychological & emotional aspects of cortical visual impairment, children, 24886
cultural values, rehabilitation assessments & plans of action, visually impaired persons, 25505
education of children with vision impairment, Oman, 9549
epidemiology & possible etiology of visual disturbances, patients with advanced cancer, 14978
frequency & features of resultant impaired stereoacuity, adults (mean age 33.05 yrs) with traffic accident induced head trauma , 28188
low intelligence & hearing & vision impairment, boys with disproportionate head circumference vs children with mental retardation vs healthy children & their mothers, 37235
minor deficiencies in development of basic visual functions & formation of concrete visual thinking, 2–18 mo olds, 5448
neurological & ophthalmological features & causes & effect of visual stimulation early intervention, 7 mo olds–4 yr olds with cerebral visual impairment, 11955
norms on Groffman Visual Tracing Test with American children, assessment of learning-related visual problems, 7–11 yr olds, Denmark, 5443
optometry rehabilitation subspecialty for diagnosis & treatment, patients with post-brain injury visual sequelae, 35297
oscillations of gratings & pattern phase reversals, 1st harmonic components of visual EP responses to oscillatory motion, 14–21 yr olds with infant esotropia & normal 19–39 yr olds, 18465
pattern electrical stimulation of human retina & retina implant, visual sensation & perception, blind individuals with end-stage retinitis pigmentosa or age-related macular degeneration, 25309
person–environment fit & everyday competence, visually impaired adults (aged 59–92 yrs), 21636
principles of optometric vision therapy & problems with oculomotor control & peripheral fields & binocular vision & visual information processing skills, patients with traumatic head injuries, 34685
promotion of functional vision use & connections between sensory & motor systems, children with visual & motor impairment, 24680
reaching enabled by compensatory linkage of systems coding spatio-motor actions of eye & hand, 26 & 45 yr old males with non-foveal optic ataxia , 5316
relation of sensory integration & other neurological signs to eye tracking disorders, patients with schizophrenia, correction, 17919
right temporo-parietal cortex infarction, vestibulo-ocular dysfunction & clinical vestibular symptoms, 50 yr old male, 24853
social & psychological characteristics, 67–97 yr old with Charles Bonnet syndrome from low vision unit, 28237
social interaction skills training using puppets & script training, 30 mo old female with severe esotropia, 24698
social skills instruction, preservice specialized training programs for professionals working with visually impaired, 25808
tactile stimuli & thresholds for visual sensations, acquired synesthesia, 42-yr-old male patient who developed retinitis pigmentosa in childhood & progressively lost his vision at 40 yrs, 34698
types of associated visual problems, patients with acquired brain injury, 34643
vision & ocular abnormalities, 5–17 yr old males with a history of child abuse & neglect, 34312
visual vs hearing vs sensory impairment & subsequent functional dependence & mortality, community-dwelling 55–74 yr olds, 31367
Vision Disorders [See Also Eye Disorders]—Chapters
The impact of visual impairments on psychosocial development, 28241
Visions (Mysticism) [See Mysticism]
Visitation (Institution) [See Institution Visitation]
Visitation Rights [See Child Visitation]
Visual Acuity—Serials
afferent pathway neural lesions, visual acuity & thresholds & monocular vs binocular vision, pigeons, 13544
contact lens insertion, visual acuity, infants deprived of patterned visual input by cataracts in 1 or both eyes, 37947
contrast sensitivity, hyperacuity & thresholds for bisection & Vernier acuity & edge blur & contrast detection–discrimination tasks, Os with normal visual acuity, 13190
gaze tracking vs whole body rotation, neuronal focus in medial superior temporal area to compensate for smooth head rotation, monkeys, 29854
high vs low contrast optotypes, contour interaction for letters & crowding effect, normal vision vs amblyopic 22–40 yr olds, 21634
magnocellular-pathway deficits, vernier & orientation acuity & motion & shape perception, 18–36 yr old dyslexics, 21395
novel changes in pursuit target, anticipatory eye movements during identification of moving acuity targets, 24–51 yr olds, 23050
perception & reproduction of projective invariants of conics, Os, 10051
peripheral letter acuity, Os, test of sampling-limited hypothesis, 36133
placebo treatment vs intermittent photic stimulation & after-image feedback treatment, visual acuity, 14–27 yr olds with congenital nystagmus, 5742
propofol, visual evoked potentials & pattern electroretinographic responses, rheseus monkeys, 33308
psychophysical thresholds for visual acuity & discrimination of moving objects, 20–58 yr olds with neurological disorders & related smooth pursuit disorders, 34636
sampling limits & critical bandwidth, peripheral letter acuity, Os, test of energy insufficiency vs masking hypotheses, 36134

slanted reference plane, threshold of & sensitivity to differences in perceived depth, 32809
spatial extent of briefly presented cyclopean depth pedestal, stereoacuity thresholds, Os, 19746
spatial frequency of high-contrast stimulus gratings, visual acuity in forced-choice behavioral procedure, wild type vs bc 12 mice with higher retinal ganglion cell density, 13498
spherical aberration & Stile-Crawford effect, optical transfer function for defocused eye with large pupil, 13226
target contrast & context angle & position, target detectability, 19–60 yr olds & older, 19719
temporal frequency & flash vs motion conditions, visual sensitivity to small position differences, 12- vs 24-wk-olds, 4422
variation in retinal eccentricity, discrimination of heading from optic flow & importance of acuity, Os (mean age 22.7 yrs) , 19710
Vernier hyperacuity thresholds for perception of symmetric vs asymmetric irregular shapes, Os, 26344
vertical acuity of robust ideal observers vs human observers in stereo vision, 24–40 yr olds, 10055
visual acuity, air self defense force personnel assessed from age 25 to age 40 yrs, Japan, 16491
visual performance in hyperacuity test, children (mean age 5.73 yrs) with amblyopia, 5446
walking vs standing, visual acuity, 24–49 yr olds with severe bilateral vestibular dysfunction, 21627

Visual Contrast [See Also Brightness Contrast, Color Contrast]—Serials

ability to extract depth from opposite luminance-contrast-polarity stimuli of short vs long duration, Os, 36172
age, scotopic contrast sensitivity functions, 20–88 yr olds, 36175
Bayesian adaptive method of estimation of psychometric threshold & slope functions, application to visual contrast detection, 22829
brief transparent disparities in images presented to each eye & stimulus spatial frequency, orientation & luminance contrast polarity tuning of transient-vergence system, adult Os, 13171
contrast & density & spatial proximity & spatial frequency & spatial configuration, moving stimuli in primary visual cortex, 32823
contrast detection in fixed & random noise in foveal & parafoveal vision, adult Os, test of template learning hypothesis, 10019
contrast integration across space in respect to stimulus extent & spatial layout, Os, 23017
contrast sensitivity, hyperacuity & thresholds for bisection & Vernier acuity & edge blur & contrast detection–discrimination tasks, Os with normal visual acuity, 13190
contrast thresholds for binocular vs monocular detection of sine-wave Gabor patches in two-dimensional noise, 18–34 yr olds, 19744
contrast thresholds for circular vs elongated Gabor patches with static carrier, adults, 16506
contrast, depth perception & discrimination & stereo increment thresholds, Os, 10056
detection model of spatial contrast sensitivity for chromatic & luminance-modulated gratings, Os, 26347
development of luminance & chromatic temporal contrast sensitivity function, 3–4 mo olds vs adults, 33612
discrimination of scene & object vision in computer-controlled Y maze, male rats, 10257
functional consequences of visual focal attention & metacontrast masking for moving objects, 30–63 yr olds, 36157
gap effect & contrast of pursuit & fixation targets, adults, 32830
hemifield contrast sensitivity to coarse dynamic vs finer static sinusoidal gratings, detection of visual pathway dysfunction, pituitary adenoma patients with normal visual acuity & field, 31162
high vs low contrast optotypes, contour interaction for letters & crowding effect, normal vision vs amblyopic 22–40 yr olds, 21634
illumination, visual sensitivity in presence of patterned background, Ss with healthy binocular single vision, 19724
local vs global contrasts in texture segregation, Os, 10030
mathematical model of visual contrast detection as eigenvalue problem, assessment of contrast detection thresholds, trained Os, 36179
memory for color &/vs pattern contrast in patterned food containers, male chicks, 16735
mental imaginal & perceptual comparisons of visual array resolutions in 4 quadrants of stripes, college students, 16592
modeling of neuronal orientation-contrast sensitivity & theory of non-classical receptive field phenomena in visual cortex, 29787
monochromatic ocular wave-front aberration & modulation transfer functions in visual contrast sensitivity in relation to pupil size, older vs younger adults, 32792
motion discrimination of contrast-modulation waveforms, adults, 16479
narrowband noise masking, grating detection & contrast discrimination thresholds, college students, 13213
noise effects on photoreceptor temporal contrast sensitivity in low light, locusts, 10497
orientation judgment of spatial D6 pattern in presence of occluding elements of same vs mixed contrast polarities, Os, 157
positive vs negative polarity patterns, perception of visual contrast, Os, 36138
psychophysical & oculomotor & neurophysiological responses to plaids containing chromatic & luminance contrast, humans & female rhesus monkey, 161
psychophysical luminance contrast correlates of signatures of magnocellular & parvocellular pathways, 22–30 yr old males, commentary, 3485
ratio model for suprathreshold hue-increment detection, 36174
role of neuronal activity in early visual cortex areas in contrast discrimination, 13520
selectivity of visual mechanism for total length of periodic pattern in contrast masking, adults, 19711
sensitivity to first- vs second-order modulations of luminance vs image contrast, visual white noise, Os, implication for mathematical model & computer simulation, 23047
spatial interactions & gain control processes operating in center-surround contrast–contrast phenomena, Os, 36168
spatial spread & shape of signal window, spatial integration of Gabor gratings in contrast detection, human Os, 19754
spatial-frequency bandwidth of perceived suprathreshold contrast, adults, 32853
spatio-temporal contrast sensitivity & coherent motion thresholds & visible persistence, 8.9–14.3 yr old males with developmental dyslexia , 14851
spherical aberration & Stile-Crawford effect, optical transfer function for defocused eye with large pupil, 13226
static & dynamic contrast sensitivity & semantic object identification & verbal recall, patients (mean age 72.8 yrs) with Alzheimer's disease, 21569
stimulus size & contrast under natural sunlight & overcast conditions, visibility, 1–14 yr old horses , 10255
target contrast & context angle & position, target detectability, 19–60 yr olds & older, 19719
target level & target resolution, sequential priming, college students, 19730
temporal contrast sensitivity in human vision & spatial frequency, 36147
texture element orientation & luminance contrast & positional jitter & undersampling, texture segmentation thresholds, strabismic amblyopes, 15065
topographical jitter & undersampling, contrast thresholds for orientation identification & detection of E-pattern in foveal & peripheral & strabismic amblyopic vision, 22–40 yr olds, 15063
transparency perception asymmetry & contrast thresholds & depth perception & principal nonlinearity in 2nd-order stereopsis, Os, 26333
two-flash apparent motion/depth approach to carrier- vs envelope-dependent performance for luminance-dependent vs contrast-dependent processes in stereopsis & motion, Ss, 19727
various presentations of grating patterns, speed perception, adults, 23016

Visual Cortex—Serials

2-dimensional motion stimuli with high vs low spatial frequency, responses of nonlinear neurons in area 18 of visual cortex, adult cats, 23394
acetylcholine & norepinephrine & carbachol, paired-pulse stimulation & modulation of long-term synaptic depression in visual cortex, rats, 13763
attention, neuronal visual orientation-tuning in extrastriate areas V1 & V4, male rhesus monkeys , 10436
attention, processing of visual motion in middle temporal & medial superior temporal visual cortical areas using identical sensory stimulation, monkeys, 33258
binocular suppression in area 21a cells, cats, 33230
blindsight as distinct neuropsychological phenomenon, persons with damage to primary visual cortex, 31258
blindsight in philosophical/theoretical debates regarding raw constituents of consciousness, 31245
body tilt, orientation selectivity of visual cortex neurons, alert monkey, 10502
brain processes responsible for organization of conscious experience in relation to blindsight & neglect, 31304
brightness induction, striate cortex & lateral geniculate nucleus & optic tract responses, cats, 26638
categories of unconscious visually guided behavior in blindsight, persons with lesions of the visual cortex, 31278
combination of outputs from L/M- & S-opponent geniculate cell types, color processing, macaques, 459
competitive neuronal responses receptive field stimuli, attention in extrastriate visual cortex, male rhesus monkeys, 13580
complexity & psychological & emotional aspects of cortical visual impairment, children, 24886
computational model of selective deficits in first & second order motion processing, neurological patients, 11880
computer simulation of neural circuitries between thalamic sensory relay nuclei & primary sensory cortices & thalamic reticular nucleus in visual processing, 32480
continuous motion viewing & immediate vs stored motion aftereffect, functional MRI activation in cortical motion complex, healthy human Ss, 13533
contrast & density & spatial proximity & spatial frequency & spatial configuration, moving stimuli in primary visual cortex, 32823
cortical cell tuning for binocular disparity, perception of transparent motion, Os, 19728
cortical maps of & orientation scatter in receptive field position & orientation preference of neurons in visual cortex, cats, 33212
critical period for susceptibility to monocular deprivation in primary visual cortex, ferret, 29812
damage to portion of primary visual cortex, reorganization of topographical maps in extrastriate areas, 41 yr old male with large calcarine lesion on primary visual cortex, 21529
development of functional MRI for study of organization of color-selective areas in visual cortex, adults (mean age 27.7 yrs), implications for study of achromatopsia, 23291
diffuse light flashes, spatiotemporal structure of cortical activity, adult pond turtles, 16982
disparity-selective neurons in middle temporal visual area, monkeys, 10404
distributed parallel processing model for visual & auditory brain areas, neural basis of neuropsychological rehabilitation, 458
dopamine release & metabolism in prefrontal cortex & ventrolateral striatum during enhanced rebound hyperphagia induced by space restriction, female rats, animal model of binge eating, 7061
dose & time dependent effects of dizocilpine on flash-evoked potentials in visual cortex & superior colliculus & activity level & hypothermia, male rats, 10591
dynamic modeling of tecto-isthmo-retinal system & isthmo-optic nucleus as neural substrate for visual competition, Japanese quail, 29867
EEG activation, changes in visual responses in primary visual cortex, anesthetized cats, 20177
effects of selective serotonin 1A receptor agonist on NMDA receptor-mediated synaptic potential in visual cortical slices, male rats, 29895
emotion processing in visual & auditory domains & hemispheric dominance in processing facial expressions for emotion, patients with Alzheimer's disease, 11911
eye-movement-like stimulus presentation during eye fixation, V1 neuronal responses, monkeys, 29846
face perception vs non-perception of Mooney face stimuli, EEG gamma-band visual cortex electrical activity & phase synchrony, 20–30 yr olds, 10447
feature-based attention, motion processing gain in visual cortex, macaque monkeys, 23359
feedback from lower-order area V1 & V2 & V3 vs higher-order area V5 neurons, figure ground discrimination, macaque monkeys, 3859
functional magnetic resonance imaging, representations of Illusory & real contours in cortical visual areas, 36164
functional MRI assessment of extrastriate cortex during suppressive interactions among simultaneously presented visual stimuli in absence of vs during spatially directed attention, humans, 482
functional MRI-assessed regional activation of visual cortex in random vs correlated achromatic texture perception, 22–27 yr olds, 453
functional MRI-assessed visual cortical activity during noise stimulation, humans, 29857
gaze direction, response gain in primary visual cortex neurons, monkeys , 13596
gaze tracking vs whole body rotation, neuronal focus in medial superior temporal area to compensate for smooth head rotation, monkeys, 29854
group II metabotropic glutamate agonist 2R,4R-APDC, mGluR 2,3 receptor immunoreactivity in extraglanular layers & neuronal responses in visual cortex, light vs dark reared 3–4 vs 6–8 wk old cats, 29767
grouping of image fragments by response properties of orientation-selective cells in primary visual cortex, male & female Japanese monkeys, 36514
Hebbian model for developing topographic projections & ocular dominance maps of lateral competition in primary visual cortex , 32503
horizontal propagation of visual activity in synaptic integration field of area 17 , 10395

identification of area in posterior fusiform gyrus that responds selectively to faces & identification of retinopic visual areas by functional MRI, 13545
involvement of visual cortex in tactile discrimination of orientation, 36131
lesions of extrastriate cortex, transient & permanent deficits in motion & direction perception & spatial orientation, monkeys, 16945
light-evoked postsynaptic potentials from fast- vs regular-spiking vs intrinsic bursting vs chattering neurons in visual cortex, turtles, 556
locus of attention in visual discrimination task & neuronal activity from striate cortex, male monkeys, 3935
metabolic mapping of suppression scotomas in striate cortex, monkeys with experimental strabismus, 29810
model of correlation-based ocular dominance & orientation maps in lateral geniculate nucleus, 7039
modeling of neuronal orientation-contrast sensitivity & theory of non-classical receptive field phenomena in visual cortex, 29787
modeling of synchronization & desynchronization mechanisms of perceptual grouping mediation in striate cortical networks, 32514
monocular deprivation in early postnatal development, NMDA expression in lateral geniculate nucleus & visual cortex, kittens, 33161
motion signal & noise stimuli segmented in different colors, activity of middle temporal area neurons of extrastriate visual cortex, monkeys, implications for motion processing, 20083
neural activity in visual cortex areas V1 & V2 & V4 during free vs controlled viewing, monkey, 3967
neural events in visually guided reaching, 26375
neural network approach to unspecific long-term potentiation in correlation-based learning & in formation of visual cortical functional organization, humans & mammals, 3920
neural network of oscillations of inhibitory & excitatory visual cortex cells, 32502
neurochemical & excitatory & inhibitory mechanisms of visual cortex & functional role of centrifugal visual system on visually-guided behavior, birds, 13565
neuronal correlate of motion opponency in visual cortex, humans vs monkeys, 29808
NMDA antagonist MK-801 & monocular deprivation, ocular dominance shifts & activity of single cells in visual cortex, kittens, 13713
NMDA-mediated excitatory gain in biological model of winner-take-all competitive neural network with inhibitory feedback in lateral geniculate nucleus & visual cortex, cats, 32511
numerical simulations for model of generation of orientation selectivity in macaque striate cortex, evidence for intracortical vs afferent hypotheses, 20068
optical imaging of functional architecture of inferotemporal cortex, object & face recognition, monkeys, 3940
optokinetic stimulation with vs without fixation suppression, activation in visual motion sensitive & ocular motor & vestibular cortex areas with right hemispheric dominance, 25–31 yr olds, 3836
organization of bottom-up & top-down & horizontal interactions in visual cortex & realization of grouping & attention & learning, 16485
perception of pictures of human faces vs animals vs faceless animals vs houses, response of fusiform gyrus & superior temporal sulcus, Ss, 36483
ponto-geniculo-occipital-wave suppression, amplification of lateral geniculate nucleus cell-size changes , monocularly deprived kittens, 20145
positron emission tomography & repetitive transcranial magnetic stimulation data on Area 17 activity during visual imagery, human Ss, 16921
postnatal growth & 2-dimensional shape of visual cortex area V1, adult & neonate monkeys vs cats vs rats, 863
preference & default frame of reference for maps of movement in visual world, primates, 26574
properties of flash visual ERP in primary visual cortex, adult cats, 26680
psychophysical determination of spatial connectivity function in visual cortical-based computational model of contour salience, human Ss, 29754
quantitative functional MRI methods to study visual cortex & to measure neuronal correlates of visual perception, humans, 33211
reciprocal inhibitory visual–vestibular interaction during visual motion perception, 26–49 yr olds, 3820
regional variation in ocular dominance structure & mapping of visual space across visual cortex, ferrets, 29871
relationship between reported awareness & confidence ratings in motion perception & discrimination, 41-yr-old male with damaged primary visual cortex, 2082
renewed significance of Gestalt psychology principles due to neurophysical research into cortical processing of visual stimuli, 23362
representation of dynamics of target motion in visual area MT & model of image velocity & acceleration extracted from population neurons in area MT, macaques, 16923
residual chromatic visual capacity of moving stimuli, 41 yr old male with unilateral lesion to striate cortex, 5350
responses of neurons in temporal visual cortex under backward masking paradigm, macaque monkeys, 23401
reversed monocular deprivation, morphology of single geniculocortical arbors & functional recovery of visual cortex, kittens, 7020
role of 5-HT & 5-HT receptors in induction of long term potentiation in primary visual cortex, rats, 3966
role of neuronal activity in early visual cortex areas in contrast discrimination, 13520
RT-assessed categorization of chromatic vs achromatic complex natural images as rapid-process model of magnocellular visual pathways, monkeys & humans, 29780
selective attention to color vs motion, visually evoked vs attentively modulated & evoked potentials, humans, 33281
selectivity for absolute vs relative disparity in depth perception, binocular neurons in area VI of awake monkeys, 26585
simulation of effects of modulatory system on biophysical properties of single cells for context dependent processing at system level, neuromodulation in visual cortical network, 29244
simultaneous polarization of visual cortex by direct current anode & cathode, differentiation of lighting of visual stimuli, male rats, 7079
single pulse transcranial magnetic stimulation over occipital lobe, timing of visual processing in circumstriate visual cortex during forced-choice visual letter identification task, 22–32 yr olds , 10403
spatial attention modulation of neuronal activity in human primary visual cortex during visual search, 23350
spatial orientation signals for motion direction in human visual system, psychophysical observers, 26594
statistical neural field approach to modeling orientation selectivity in primary visual cortex, macaques, 29759
striate cortex & projections to cortical executive space as neural correlates of achromatic visual form perception, 16940
synaptic plasticity & lateral connectivity in orientation preference mapping of visual cortex, cats & ferrets, 32490
texture surround effects in area V1 cells of striate cortex, anesthetized monkeys, 16978
ultrasonic echolocation device as prosthesis, occipital cortex glucose metabolism during spatial localization task, adults with early-onset blindness, 25550
use of multi-stimulus visual evoked potential source localization to obtain detailed spatial & temporal map of primary visual cortex, 28–48 yr olds, 36495
Utah electrode array & neural interface for cortical vision prosthesis, cats, 23273
visual acuity & contrast threshold & temporal function & response latency & motion sensitivity of visual evoked potentials from primary binocular visual cortex to characterize visual physiology, wild type mice, 33297
visual lateralization & agonistic & righting behavior, toads, 512
visual pseudohallucinations confined to visual field defect & picture like representation of mental images in visual association cortex, 49 yr old male with quadrantanopia, 5454
visual stimulus pattern, adaptation features of complex cells in striate cortex, macaques, 33235
visual system in combination of signals for trichromatic opponent color classification, college students, 32797
water maze task performance, male rats with vs without lesions in the anteromedial extrastriate visual cortex, 29789

Visual Cortex—Chapters

Immature visual cortex lesions: Global rewiring, neural adaptations, and behavioral sparing, 36478
Representation of visual motion in the extrastriate visual, 3953

Visual Discrimination—Serials

'mudsplash' superimposed simultaneously with large change to pictorial stimuli, change-blindness, Os, 13216
1st- vs 2nd-order properties in visual system, discrimination of smoothness in curved shapes, adults, 32819
achromatic adjustment vs asymmetric matching in measurement of context effects in illumination prediction, Os, 36178
alcohol, acetylcholine & visual contrast discrimination & contrast gain, 21–28 yr olds, 32837
analysis of chromatic discrimination, 18–69 yr old males with single X-linked pigment gene, 18452
articulatory suppression, image subtraction & picture recognition tasks, college students, 32970
attention switching & discrimination between 2 surfaces defined by transparent motion, adults, 26386
attention to & discrimination of face like patters in 35 infants (1–3 days old), 33613
attentional blink as suppression of perceptual processes vs postperceptual impairment in time-based attention tasks, adults, 6789
axis-of-motion of stimuli, visual direction & speed discrimination, Os, 19737
bilateral electrolytic basal forebrain lesions, object recognition & discrimination, male rats, 7066
blood alcohol level, perceptual discrimination of low vs high spatial frequencies in left vs right visual field, males (mean age 25.5 yrs), 766
center frequency & spatial frequency & orientation bandwidth, detection of narrow band random noise targets embedded in narrow band random noise backgrounds, 19716
central 5-HT depletion, acquisition & performance of symmetrically reinforced go/no-go conditional visual discrimination, male rats, 13547
changes in moving stimuli direction, smooth pursuit direction discrimination, Os, 10064
cholinergic immunotoxin ME20.4IgG-saporin vs glutamate blocker MK801 in diagonal band of Broca &/vs basal nucleus of Meynert, simple vs conditional visual discrimination learning, monkeys, 17089
chromatic discrimination, 22–56 yr old tuberculosis patients treated with ethambutol vs color blind adults, 28614
co-location & temporal synchrony, association of sight with sound, 2 vs 4 vs 6 vs 8 mo olds, 7419
color overlays, reading rate & texture segmentation, 6–17 yr olds, 36186
color- & shape-discriminated stimuli, saccade target selection in feature vs conjunction visual search, monkeys, 16467
contour path circularity & curvature magnitude & direction change, trends in shape & contour detection & discrimination, adult Os, 13217
contrast integration across space in respect to stimulus extent & spatial layout, Os, 23017
criterion-based vs alternate processing account of perceptual mixing costs in identifying noise-degraded vs segment-deleted perceptual stimuli in mixed blocks of trials, college students, 6773
cues duration & location & stimulus onset asynchrony, inhibition & facilitation in relation to visual target detection, college students, 13186
decision making processes during visual discrimination tasks & conservatism of distribution free test for response bias, college students, implications for signal detection theory, 32898
deformation in optic flow & perceived surface slant & angular velocity in orthographic projections of rotating random-dot planes, adult Os, 10027
degree of mirror image facial asymmetry, strength & direction of left vs right visual hemispace bias in perception of composite faces, undergraduates, 26321
detection & discrimination of visual targets & dichoptic lateral interactions in visual field of 1 eye that corresponds to pathological blind spot in other eye, female with retinal coloboma, 18470
different properties of visual stimuli, learning processes for visual differentiation, rhesus macaques with bilateral removal of parietal cortex field 7, 20092
direction changes in orientation vs velocity of plaid stimuli, visual discrimination of angular motion, Os , 16526
discrimination between oblique & horizontal & vertical lines or dots, pigeons, test of oblique effect, 19936
discrimination of cube & pyramid objects with rotational & featural transformations in static vs dynamic go/no-go procedure, male pigeons, 10244
discrimination of faces & automobiles presented upright & inverted, chimpanzees, 348
discrimination of perfect vs imperfect mirror asymmetry at fovea & eccentricities in nasal visual field, adults, 36136
discrimination of scene & object vision in computer-controlled Y maze, male rats, 10257
display intervals shown in rapid succession, object-specific temporal integration for luminance discriminations with objects defined by apparent motion, Os, 32850
dissociation between structural face discrimination & facial individuation, 57-yr-old male with severe prosopagnosia from right-hemispheric occipito-temporal lesion, 28126
distance between attended items, attention to & identification of target letters, Os, 10018
diversion of attention, awareness of changes in visual stimulus scenes, 22998
dopamine receptor agonist 7-OH-DPAT, visual object discrimination & task reversal, marmosets, 26851
duration of auditory stimulation or length & duration of visual stimulation & elapsed time, recall of original stimulus & level of arousal, undergraduates, 23014
ectosylvian lesions, visual discrimination learning under switching, cats with binocular vs limited lab visual deprivation vs normal stimulation , 13386
effect of relative size of global & local levels of visual stimuli on advantage & interference, adults, 3451

effects of rotation on same-different judgments for matching novel objects, 18–41 yr olds, 26319
ERPs & RT during forced choice visual discrimination RT task presented with irrelevant standard vs novel vs deviant auditory tones, 21–40 yr olds, test of involuntary attention , 545
eye movements scanning upper vs lower area facial features, visual discrimination of segmental vs prosodic characteristics of speech without sound, 19–28 yr olds without lipreading knowledge, 23060
forebrain vs dorsal raphe nucleus 5-HT depletion, cognitive & sensory & motivational or motor components of conditional visual discrimination, male rats, 13598
fornix transection, object–place encoding & discrimination & scene memory, male rats, animal analog of amnesic episodic memory deficit, 3915
gamma range EEG activity & event-related potentials during visual classification task, 20–35 yr olds, 23385
gaze direction discrimination, functional regional brain activity & cerebral blood flow, male 20–53 yr olds, 20110
gaze discrimination, patients with schizophrenia (mean age 31.5 yrs), 1587
gender identification training, identification of cat gender from color photographs of cat faces vs heads vs bodies vs whole cats, undergraduates & animal care workers, 32774
gender-based inferences about appearance of target figure, male vs female 4.5 yr olds, 4465
grouping of image fragments by response properties of orientation-selective cells in primary visual cortex, male & female Japanese monkeys, 36514
hemispheric specialization in detection of subjective objects, college students, 7022
illusory conjunctions & discrimination between errors of feature binding & target-nontarget confusion, Os, 32801
influence of spatial attention, responses of neurons in middle temporal visual area of extrastriate cortex, monkeys, 20144
interocular disparity of target & noise & masking of spatial frequency component, stereoscopically viewed phase discrimination of luminance pattern, adults , 19751
intertrial interval duration, auditory & visual signal timing, pigeons, 3668
large vs small ventral vs dorsal hippocampal lesions, visual discrimination in radial maze, male C57BL/6 vs DBA2 inbred mice, 33239
lateral-masking flanker types & target eccentricity & spacing, recognition performance for target letter embedded in character string, 22–33 yr old Os, test of feature interaction account of vision, 10034
light level & color saturation, colorimetric purity discrimination, 22–43 vs 62–88 yr olds, 10041
localization vs counting, visual awareness, patients with visuospatial neglect following parietal damage, 34686
locus of attention in visual discrimination task & neuronal activity from striate cortex, male monkeys, 3935
lorazepam vs diazepam, picture completion & identification thresholds on basis of minima vs maxima vs inflections contour fragments, adult Os , 4289
luminance & chromatic discrimination, horses, 16925
luminance frame & background of target & line target & suprathreshold discrimination, 19–50 yr olds, 26322
mechanisms of orientation discrimination & tilt aftereffects with luminance & illusory contours, adults, 16473
mechanisms underlying velocity perception in 2-dimensional motion discrimination contours, adults, 32843
motion discrimination of contrast-modulation waveforms, adults, 16479
motor decisions & inhibition, event-related coherence & brain area synchronization in visual discrimination task, 21–46 yr olds, 3981
movement cues & individual differences, learning of discrimination & recognition of moving video images of conspecifics, pigeons, 33121
neural network model of contour detection & motion lines behind moving stimuli & motion perception, adults, 6769
noise, detectability of brief vs extended motion trajectories, Os, 10063
noisy template model of area summation in visual contrast discrimination in signal detection, humans, 13210
novel motion- & disparity-based visual stimuli with 2- vs 3-dimensional shape cues, matching 3-dimensional stored representations in object recognition task, human Ss, 32839
object-based visual selective attention & perceptual organization in test of same-object effect, 18–30 yr old Air Force basic trainees, 10065
operant conditioning apparatus, ability to visually discriminate between different insects, pigeons, 23196
orthogonal stimulus variation, attention during visual discrimination task, homing pigeons, 23197
orthographic uniqueness point of target word & sequential processing in visual word recognition, college students , 10111
overt vs covert cued attention & discrimination of visual target vs distractor, inhibition of return, college students, 6782
parametric manipulation of interstimulus shape-space proximity, 3-dimensional object categorization, Os, 16481
peripheral letter acuity, Os, test of sampling-limited hypothesis, 36133
posterior association cortex lesions, flanker effect in motor responses to color discrimination task, 47–83 yr olds with lesions of temporoparietal junction vs posterior association cortex, 5398
processing of auditory stimuli during visual attention, 36–55 yr old males with schizophrenia, 8129
psychophysical luminance contrast correlates of signatures of magnocellular & parvocellular pathways, 22–30 yr old males, commentary, 3485
psychophysical thresholds for visual acuity & discrimination of moving objects, 20–58 yr olds with neurological disorders & related smooth pursuit disorders, 34636
radial & rotational & spiral optic flow random dot kinematograms, speed discrimination, Os, 19718
random vs symmetrical dot pattern structure, depth separation of stereoscopically overlapped dot planes, adult Os, 10036
recognition & gender discrimination face processing tasks, ERPs, 19–26 yr old males, 23402
reference velocity uncertainty, velocity discrimination thresholds for drifting gratings, human Os, 3458
relationship between reported awareness & confidence ratings in motion perception & discrimination, 41-yr-old male with damaged primary visual cortex, 2082
rhinal cortex lesions, visual discrimination learning for auditory secondary reinforcer, rhesus monkeys, 16894
right vs left temporal lobectomy & properties of visual stimuli, visual discrimination ability, patients with intractable epilepsy, 18398
role of colour in symmetry perception, 19741
role of neuronal activity in early visual cortex areas in contrast discrimination, 13520
role of perceptual grouping & encoding of closure of local elements during processing of hierarchical patterns in selective attention paradigm, 20–29 yr olds , 32812
roles of perceptual & categorical similarity in color pop-out, adults (mean age 28.3 yrs) & 3 mo olds, 32807
same/different judgments about direction & color of apparent motion stimuli, 27 & 43 yr old males with posterior or complete forebrain commissurotomy, 15029
sampling limits & critical bandwidth, peripheral letter acuity, Os, test of energy insufficiency vs masking hypotheses, 36134
scalp distribution of ERP repetition effect in word vs nonword discrimination task with divided visual fields, healthy 18–26 yr olds, 7038
segregation of object in noise by color &/vs luminance polarity, detection from structure-in-motion, adults, 6772
selective attention cues & external random white noise, threshold contrast in location-cued orientation discrimination task, graduate student 0s, 3475
semantic consistency with scene & response bias in identification of visual object, college students , 166
sensitivity to oscillating illusory contour created by aligned line terminators vs luminance-defined contour, 8–10 vs 12–14 vs 20–22 wk olds, 33611
shift in effective eye height, perceived affordances vs apparent size judgments, college students, 19760
signal presentation & reinforcement ratios, line orientation discrimination, pigeons, 26482
single-line angular figures with sharp vs round corner angles, visual evoked potentials, individuals (mean age 31.3 yrs), 23036
spatial attention, lexical decisions to lateralized target letter-strings appearing either along with distractor or empty field, adults, 6778
spatial biases in visual discrimination learning, 4–6 vs 1–15 yr olds, 30158
spatial frequency tuning functions for direction discrimination of optic flow patterns, adults, 32820
spatial noise-reduction filtering, x-ray fluoroscopy image detection, human & model Os, 10037
spatial parameters, visual sensitivity to & detection of temporal phase differences, Os, 36146
speeded vs unspeeded task 1 discrimination decision requirement, attentional blink in task 2 discrimination decision, adults, 231
stereoscopic discrimination of apparent motion direction of sequentially presented depth patterns produced by random-dot stereograms, 23035
stimulus bandwidth, orientation discrimination, individuals with strabismic amblyopia, 37944
stimulus numerosity & density, visual discrimination, pigeons, 3651
Stroop & Garner interference effects in selective attention & comparative judgment of semantic vs physical size of number, college students , 6779
temporal cuing, residual visual discrimination, 40 yr old male with right field blindsight, 15061
tilt/slope of curved strips, haptic comparison of curvature, adults, 6754
topographic variations of sustained focal attention, peripheral letter recognition performance, 18–34 vs 51–58 yr olds, 16500
tracking of neuromental processes via assessment of behavioral measures & ERPs prior to & during & after identification of previously vs not previously viewed fragmented objects, 19–30 yr olds, 3987
transcranial magnetic stimulation over temporo-parieto-occipital junction vs occipital cortex, motion discrimination & spatial acuity, 18–49 yr olds, 10418
trichromaticity & color vision discrimination, capuchin monkeys, commentary, 20055
validity of CIE-1931 Standard Observer, assessment of color-matching functions, adults, 32838
value transfer during simultaneous discrimination, pigeons, 3649
visual cues alone in ability to discriminate between conspecific & heterospecific females, male cichlid species, 36346
visual discrimination & attention, 27 yr old female with achromatopsia & prosopagnosia & memory loss following bilateral temporal lobe lesions, implications for monkey visual cortex, 8650
visual discrimination performance & reversal learning, pigeons with posterodorsolateral neostriatum lesions &/or corticoidea dorsolateralis lesions, 23290
visual pattern discrimination, effect of stimulus changes on neuronal responses in posterior vs anterior inferotemporal cortex, male macaques, 13550
visual presentation of kana characters, quantitative & qualitative hemispheric asymmetry, native Japanese speakers, comparison with English speaking data, 26600
voluntary attention to specific color discs, selective fading of discs in circular array, college students, 32824

Visual Displays [See Also Video Display Units]—Serials

2-component stationary plaids with vs without 3rd-harmonic square-wave component, stimulus-dependent adaptive spatial filtering in perceived plaid structure, college students, 32806
ability to answer questions about domino play with 2-dimensional symbolic representations, skilled dementia patients with or without Alzheimers disease, 24779
action-centered model of selective attention in virtual environments during visual movement displays, Os, 26454
adapting luminance & number of display elements, inhibition & serial processing & attention in visual search latency functions, Os, 3459
aircraft head-up display & task cognitive load & forward looking infra-red imagery, ocular accommodation response & task performance, college students, 26354
binocular hyperacuity thresholds in horizontal vs vertically separated line targets, adults with vs without idiopathic congenital nystagmus, 28238
characteristics of displays with texture contrast reversals, 2nd order processing of 4 stroke apparent motion displays, adults, 16501
cognitive processes associated with learning through use of visual displays, 29632
cognitive structuring of & preferences for top-down vs bottom-up sequences in verbal-pictorial learning material, male Armed Forces university students, 32176
computer application learning with icon &/vs text label interface & perceptions of ease of use & usefulness, college students, 22544
configural information of human form, perception of point-light displays of human locomotion, human Ss , 36171
design type & elements & phase of construction, use & perception of dynamic balance in visual displays & pictorial compositions, adults, 3474
development & evaluation of background attitude indicator, recovery from unusual attitudes, Air Force pilots, 12979
diagrammatic connection between structural & functional model of ego states, implications for clinical applications in transactional analysis, 17723
diagrammatic representations for science instruction & understanding of scientific laws & framework to characterize problem solving & learning, 32206
direction perception of 1- vs 2-dimensional barber-pole stimuli, adults, 16475
directional recruitment & perception of streaming in visual targets moving directly toward then past each other in ambiguous display, Os, 32848
display changes during preview vs postview conditions, extraction of visual information to left of fixated word in reading, Os, 26320
display characteristics, exploratory vs goal-directed visual search, adult Os, 6767
elevation angle disparity & complexity & feature type, relating out-of-cockpit field of view to electronic cartographic map, 18–31 yr old instrument flight class members , 29494

global pattern display symmetry & individual pattern properties, discrimination of same-different symmetrical dot stimuli, adults, 36141
graphical method for determination of speech intelligibility index for monaural listening & evaluation of disability, persons with hearing impairment, 35876
interactivity vs linear presentation of ads & psychographic orientations in shopping task, consumers, 6397
learning potential of text vs outline vs matrix displays, college students, 38801
location of pulsations relative to saccade onset & in flight pulsations, flicker effect, student Os, 19712
long-range interactions in motion integration of barber-pole configuration, adults, 32794
luminance differences between 2 visual display frames, visible persistence, adults, 3470
map vs computer model view of environment & orientation specificity perception of angle & distance, adults, 3481
morphing techniques to manipulate 2-dimensional human face & 3-dimensional human head images, 25999
Mueller-Lyer illusion, distance judgments & decision making in map reading, college students, 32808
numerousness judgments of dot displays, 18–26 yr olds vs monkeys, 29682
pictorial simulation of peripheral acuity, 6760
reconstruction of spatiotemporal natural scenes from recorded responses in the lateral geniculate nucleus, cats, 33254
response rate & stimulus onset asynchronies during metacontrast masking functions, Os, 26331
role of disparity in perception of global motion in binocularly viewed random dot kinematograms, adults, 16487
saccadic localization of dot targets composed of various shapes vs surfaces vs adults, 26337
sign as point of decision prompt, lifestyle sedentary vs active behavioral choice, male vs female library users above vs below age 30 yrs, 28650
sign obtrusiveness & complexity, perception & evaluation of & preferences for urban signscapes, adults & adolescents, 32447
speed & direction of global 2nd-order motion discrimination in random-dot-kinematograms, adults, 36161
symbols used to prompt correct lifting posture, human Ss, implications for occupational safety, 22673
target's age, alteration of route complexity & length on maps, kindergartners vs 2nd vs 4th graders, 10742
text vs outline vs graphic organizer vs concept map word displays, spatial vs verbal format of representation in memory, college students, 6922
unidirectional motion pattern displays with vs without static dots vs transparent motion & kinetic boundaries, perceived speed & speed matching, human Os, 32799
usability & usefulness of software user coach for SKIPPER program & visual metaphor, performance on manpower-planning task, users, 19487
various presentations of grating patterns, speed perception, adults, 23016
vergence & accommodation demands in development of visual systems & exposure to virtual reality & stereo displays, adults & children, implications for visual problems, 12954
visible persistence & form correspondence in Ternus apparent-motion displays, undergraduates, 29496
visual attention to color & reaction time to luminance change within display, college staff & students, 29481
visual inspection of graphic data sets, verbal response, experienced vs novice data analysts, 35628
visual representation of temporal structure in robust automated speech recognition, 6436
visual stimulus amplitude vs stimulus frequency &/vs irregularity, tracking with eye-hand vs eye-alone, 24–51 yr olds, 13260
willingness to study & reading comprehension of static vs animated electronic documents, 19–59 yr old females, 29657

Visual Evoked Potentials—Serials

2-dimensional motion stimuli with high vs low spatial frequency, responses of nonlinear neurons in area 18 of visual cortex, adult cats, 23394
acetylsalicylic acid, cognitive functions measured by visual ERPs & RT, 21–56 yr olds , 4096
activation of brain areas & neuroanatomical correlates of visual evoked sexual arousal in temporal & prefrontal lobes & limbic structures, 21–25 yr old human males, 13594
age, visual vs auditory working memory & ERPs, 19–71 yr olds, 10208
alcohol, electrophysiological responses to happy vs sad vs neutral male vs female facial expressions, 21–25 yr old males, 23561
amplitude & latency topography of prefrontal steady-state visually evoked potential during continuous performance task, 7.75–14.0 yr old males with ADHD , 8441
attention to quadrants & ring-shaped regions, event-related brain potential effects of visual attention in spatial selection tasks, 22–38 yr olds, 26675
attention, visual evoked potentials triggered by motion-onset, 18–43 yr olds, 36181
auditory & visual ERP components in Go/Nogo tasks & their relation to inhibition, 23379
auditory & visual stimuli, elicitation of P300 ERP & scalp topography, adults (mean age 23.1 yrs), 23389
callosal transfer in frequency bands of visual evoked potentials to lateralized reversal of checkerboard pattern stimuli, 19–30 yr olds, 36443
categorization of prototypical vs non-prototypical items, ERPs &RT, adults (aged 19–38 yrs) vs 6 yr olds, 16579
category of photographic stimuli, amplitude & latency of face-specific ERPs, 4–5 vs 6 vs 7–8 vs 9–11 vs 12–14 yr olds vs adults, 29920
changes in event-related potentials during picture classification task, 7 yr olds, 3960
cognitive discrimination of stimulus shape & color combinations, frontal & parietal & occipital visual evoked potentials, selectively attentive 19–29 yr olds, 13626
contextually relevant vs irrelevant odor stimuli priming & presentation of photographs, visual ERP, 21–23 yr olds, 23405
cortical evoked potentials during visual imagery of letters vs during detection of intervening tones, healthy Ss, 23400
cortical hyperexcitability or loss of habituation & use in diagnosis of visually evoked ERP, 6–17 yr olds with migraine with vs without aura or episodic tension headache or ergotamine-induced headache, 5205
delayed auditory & visual evoked potentials & neuropsychological performance, prenatal exposure to seafood pollutant methylmercury, 6.4-7.4 yr olds, 34529
diffuse light flashes, spatiotemporal structure of cortical activity, adult pond turtles, 16982
dose & time dependent effects of dizocilpine on flash-evoked potentials in visual cortex & superior colliculus & activity level & hypothermia, male rats, 10591
emotional states associated with being successful vs unsuccessful, P300 visual ERPs, 29–48 yr olds, 13617
ERP correlates of visual short-term memory for low-load vs high-load digit recognition in delayed matching-to-sample RT task, adults, 279
ERP of object categorization processes at superordinate vs basic vs subordinate levels, adults, 23410
ERP scalp distribution during visual lexical processing of open & closed class words, college students, 23374
ERPs & RT during target detection task with temporal contingencies, 18–38 yr olds, 33295
ERPs during performance of single vs feature conjunction detection of visual targets, 19–30 yr olds, 23377
ERPs during performance of visual oddball vs simple visual paradigms, patients with major depression or bipolar disorder, 4904
ERPs during Stroop Color Word test of word or color naming or color/word for locus of Stroop effect, females, 26613
ERPs during visual continuous performance tasks, children of alcoholics, 34360
ERPs for visual selective attention to color vs pattern vs pattern with changing target vs dividing & switching attention between color & pattern, 18–32 yr old males , 16691
evidence for cortical eye processor activity in N170 component of ERPs to intact faces & faces without eyes vs elicited by pictures of houses, 21–38 yr olds, 544
execution vs imagination of memorized eye movements during visual imagery condition & hemispheric differences, slow cortical potentials, healthy 21–30 yr olds, 29902
face recognition & feature memory, topographic distribution of resulting ERPs, 24–38 yr olds , 10481
facial features & proportions & hair color correlation between P300 evoked potential peak & average attractiveness rating of male & female face images, 18–25 yr old men vs pre- vs postovulatory women, 13619
frequency vs wavelet analysis of functional correlates of auditory & visual event related potentials, cats, 13605
functional MRI-assessed regional activation of visual cortex in random vs correlated achromatic texture perception, 22–27 yr olds, 453
functional MRI-assessed visual cortical activity during noise stimulation, humans, 29857
general mechanism of P300 wave based on near-threshold visual stimuli, 28–34 yr olds, 20172
haloperidol maintenance therapy & visual event-related potentials, sensitivity to semantic context & expectancy-based mechanisms, male schizophrenic inpatients, 25151
homotopic interhemispheric ''relay'' asymmetries in visual EPs, college students, 20076
hypnotizability, verbal RTs & ERPs during performance of Stroop color naming task, 19–30 yr olds, 29665
interaction of visual processes in amodal completion in texture visual evoked potentials, 25–45 yr olds, 10023
lack of repetition priming effect on visual ERPs, schizophrenic patients (mean age 27.1), 27693
lexicality & word frequency & word regularity, reading eye movements & gaze duration & lexical decision ERP RT & scalp voltages, college students, 3911
low spatial & temporal frequency chromatic stimuli, transient visual EPs, 26–34 yr olds, 16952
manipulation of visual stimulus location, ''oddball'' event-related potential effect, neurologically intact females, 26575
maturation of visual evoked potentials, preterm infants, 2 yr study, 13900
memorization of phonologically similar vs dissimilar letters in auditory vs visual input modalities, ERPs, 23–43 yr olds, test of phonological similarity effect on working memory , 557
monocular deprivation after dark-rearing, amplitudes of visual pattern sweep visual EPs, normally- vs dark-reared rats, 13490
motion onset of random dot patterns & adaptation–recovery sequences, visual EPs & psychophysical measurement of duration of perceptual motion aftereffect, human Os, 13612
N374 event related potential component as measure of functional integrity of face recognition units, 67-yr-old male prosopagnosic patient, 28127
naturalistic or quasi-ethological visual stimuli, visual evoked potentials & motion reactions, crayfish, 29899
near ultraviolet radiation, visual EPs, 7–10 yr olds, 23682
neural activity & time course following binocular rivalry via ERP from rivalrous vs non-rivalrous stimulation, adults, 23387
nonfood priming odor with matched vs mismatched photos, long latency olfactory/visual ERP, 20–35 yr olds, 23381
observation of white noise, visual EPs & cardiac activity as indexed by pulse rate, female 20–26 yr olds, 20181
oscillations of gratings & pattern phase reversals, 1st harmonic components of visual EP responses to oscillatory motion, 14–21 yr olds with infant esotropia & normal 19–39 yr olds, 18465
P300 component of visual evoked related potentials & brain stem auditory evoked potentials in menstrual cycle, 19–40 yr old females, 20154
participation of cortical regions of right & left hemispheres in visual recognition, ERPs for image recognition on basis of general vs by element description, 6–7 vs 13–14 yr olds vs adults, 16968
pattern reversal & photic stimuli, 2 dimensional visual EPs, healthy 18–46 yr olds vs 21 & 72 yr old patients with left posterior brain lesions, 24795
patterned stimuli, visually evoked potentials, mice, 33298
peripheral & central origin of RT delay & visually evoked potentials at high spatial frequency, adults, 16976
proactive interference, evoked potentials & performance on cued recall of paired associatively learned material, Ss with schizophrenia, 14577
properties of flash visual ERP in primary visual cortex, adult cats, 26680
propofol, visual evoked potentials & pattern electroretinographic responses, rheseus monkeys, 33308
recognition & gender discrimination face processing tasks, ERPs, 19–26 yr old males, 23402
recognition memory for object form & location, ERPs, 19–34 yr olds, 558
responses of neurons in temporal visual cortex under backward masking paradigm, macaque monkeys, 23401
RT to visual stimuli & P300 ERPs, treatment-resistant schizophrenic patients, 27704
scalp distribution of ERP repetition effect in word vs nonword discrimination task with divided visual fields, healthy 18–26 yr olds, 7038
short-wave cone spectral sensitivity via thresholds & color matches, adult male trichromats and blue-cone monochromats, 26684
single-line angular figures with sharp vs round corner angles, visual evoked potentials, individuals (mean age 31.3 yrs), 23036
sleep deprivation, amplitude & latency of visual ERPs, 22–30 yr old males, 23376
slow brain potentials during visual monitoring, males aged 21–30 yrs, 36484
spatial frequency of gratings & uniform gray vs noisy background, visual EPs in response to flickering gratings & support for matched filter model of spatial vision, 20–27 yr old males, 16983
supraliminal & subliminal frequent & target visual stimuli, ERPs & unconscious cognitive processing, 22–35 yr old healthy males , 3962
sustained spatial attention, amplitude enhancement & latency in steady-state & transient visual evoked potentials, adults (mean age 33 yrs old) with normal or corrected to normal vision, 33285

task with single presentation lexical decision & high vs low proportion of directly vs mediated-related word pairs, RTs & N400 amplitude in ERPs in left vs right hemisphere, 20–30 yr olds, 29918
temporal resolution in extra-foveal visual field assessed with 16-point diagnostic strategy vs visual EP procedure, 31–73 yr olds with multiple-sclerosis-neuropathy, 28211
temporal vs spatial processing of perception of eyes vs whole face, evoked potentials, 26–39 yr olds, 29510
time course of oscillatory components in gamma band in visual short term memory, adults (mean age 27 yrs), 23409
topographic relationship of P300 between & auditory modalities & modality specific hemispheric differences, 20–33 yr old males, 33219
use of multi-stimulus visual evoked potential source localization to obtain detailed spatial & temporal map of primary visual cortex, 28–48 yr olds, 36495
usefulness of ERPs & flash visual evoked potentials as prognostic markers, patients with mild to moderate probable Alzheimer's disease, 37915
visual acuity & contrast threshold & temporal function & response latency & motion sensitivity of visual evoked potentials from primary binocular visual cortex to characterize visual physiology, wild type mice, 33297
visual EP latency variance & signal-to-noise ratio & interhemispheric transfer time, normal volunteers vs acallosal patients, 8610
visual EPs as indices of interhemispheric integration of single letter vs complex pattern visual stimuli, 15–40 yr olds with complete vs partial agenesis of corpus callosum vs total commissurotomy, 34611
visual ERP correlates of selection & suppression of action, adults, 23386
visual ERPs during familiar vs unfamiliar face vs object processing, 6 mo olds, 23686
visual event related potentials during cued recall task that demands semantic memory retrieval from long term memory & simultaneous activation with short term memory, 18–39 yr olds, 16964
visual evoked potentials & alterations in electrophysiological responses to attentional stimuli, male patients with schizophrenia, 1569
visual evoked potentials during processing of pattern spatial frequency, adult migraine patients, 31295
visual half field stimulation & facial expression recognition, visual evoked potentials, adults aged 18–28 yrs, 33284
visual P3 component as potential marker of vulnerability to alcoholism, 7–18 yr old children of alcoholics, 27887
visual P300 component of ERPs, 19–30 yr old male children of alcoholics, 27855
visual P3a component of event related potentials, 19–50 yr old male abstinent chronic alcoholics, 21312
visual selective attention ERPs, 7–18 yr old children of alcoholics, 7129
visual spatial selective attention, time domain ERPs & frequency domain EEG oscillations, 18–24 yr old females, 7120

Visual Feedback—Serials

blocked vs serial feedback, complex motor skill learning of slalom-type movements on ski simulator, college students, 13259
comprehension of seeing as mental state of attention based on gaze-following abilities, juvenile chimpanzees vs 3 yr old humans, 16769
computational model of feedback in vision, mammals, 10525
effect of visual biofeedback on heart rate control in multi-element design, 25 yr old female, 4083
feedback from lower-order area V1 & V2 & V3 vs higher-order area V5 neurons, figure ground discrimination, macaque monkeys, 3859
intermittency in preplanned elbow movements with vs without visual feedback, 22–28 yr old males, 576
peripheral & central visual information for directional control of manual aiming movements, Os, 26297
placebo treatment vs intermittent photic stimulation & after-image feedback treatment, visual acuity, 14–27 yr olds with congenital nystagmus, 5742
relative importance of visual & magnetic information at dusk for orientation, juvenile pied flycatchers in active autumn migration, 16775
reliability feedforward displays, support of diagnostic multicue judgments during delayed feedback decision making, 22–26 yr old males , 13294
visual word recognition in orthographic neighborhood, parallel distributed processing models, 32929
visual-proprioceptive mapping & use of vision in mapping tasks, 5–7 yr olds with developmental coordination disorder, 24591

Visual Field—Serials

age & normative values of visual sensitivity thresholds with automated static perimetry, 5–8 yr olds, 4451
asymmetric visual-field attention & parietal activity, arousal dimension of mood state, 18–45 yr olds, 7032
asymmetry of pupillary responses when looking at stimuli on left vs right sides of space, healthy volunteer, 7065
attention to heading vs 3-D object at focus of expansion in straight-line movement through stationary environment, perceived heading & object motion, Os, 10057
attention, localization of stimuli in visual field, 23–33 yr olds, 29506
blindsight as distinct neuropsychological phenomenon, persons with damage to primary visual cortex, 31258
blood alcohol level, perceptual discrimination of low vs high spatial frequencies in left vs right visual field, males (mean age 25.5 yrs), 766
callosal function during visual hemispheric sharing task, 9–14 yr old developmental dyslexics, 27923
case alternation & orthographic neighborhood size & visual field in left vs right cerebral hemisphere during lexical decision task, college students, 26590
chromatic system & perception of global motion cues, Os, 10021
deformation in optic flow & perceived surface slant & angular velocity in orthographic projections of rotating random-dot planes, adult Os, 10027
detection & discrimination of visual targets & dichoptic lateral interactions in visual field of 1 eye that corresponds to pathological blind spot in other eye, female with retinal coloboma, 18470
differences in spatial firing fields & hippocampus maps in environment containing 2 visually identical regions, rats, 518
discrimination of perfect vs imperfect mirror asymmetry at fovea & eccentricities in nasal visual field, adults, 36136
display changes during preview vs postview conditions, extraction of visual information to left of fixated word in reading, Os, 26320
distortion in processing objects in left visual field, 71 yr old female, 16910
divided visual field paradigm assessment of cerebral asymmetries in semantic priming for inter- vs intraconceptually related words, 26573
dynamic visual environments & learned visual covariation, object recognition & search behavior & top-down visual knowledge, college students, 29484
early visual experience, representation of auditory space in forebrain gaze fields, barn owls, 16932
EEG alpha rhythm, darkness vs visual attention, 7.4–12.4 mo olds, 29861
effect of relative size of global & local levels of visual stimuli on advantage & interference, adults, 3451
elevation angle disparity & complexity & feature type, relating out-of-cockpit field of view to electronic cartographic map, 18–31 yr old instrument flight class members , 29494
extent of oblique vs meridional orientation effect in color-defined motion throughout visual field, adults, 16468
formation of viewer-& object-centered representation of visual stimuli & discrimination, 69 yr old male patient with visual agnosia due to ischemic stroke, 1994
hemifield contrast sensitivity to coarse dynamic vs finer static sinusoidal gratings, detection of visual pathway dysfunction, pituitary adenoma patients with normal visual acuity & field, 31162
hemifield differences in texture segregation for simple- vs complex-channel tasks, 17–22 yr old Os, 13197
hemifield line bisection & spatial representation in visual field, 11–43 yr olds, implications for patients with hemianopic, 13215
horizontal vs vertical displays of 1 vs 2 vs 3-character words presented to right vs left visual field, recognition of Chinese words, undergraduates, 3506
illumination of upper vs lower visual fields, melatonin suppression, 24–38 yr olds, 20205
injection of muscimol into ventral vs dorsal premotor cortex, recalibration of prism displaced visual field during visually guided reaching task, monkeys, 20319
lateral visual field stimulation, theta EEG and differential ear canal temperature & anxiety level, implications for balance of hemispheric activation., 20142
luminance edges & radial lines, spatially local processes adjusting sensitivity for increments & decrements in small patch of visual space & center surround adaptation, adults, 16514
mental workload, size & shape of visual field, 22–44 yr olds, 19748
metabolic mapping of suppression scotomas in striate cortex, monkeys with experimental strabismus, 29810
method of studying covert vs overt attentional shifts in the relation between eye movements & allocation of attention across visual field during reading, 18–41 yr olds, 32757
operational method for determination of classification of motion of stimuli within defective vs nondefective visual field area, 40-yr-old male with left occipital lobe lesion, 31289
peripheral visual information & subthreshold cues, visual orienting in covert spatial attention, adults, 10042
phonological priming, recognition of Chinese characters in left vs right visual field, male college students, 26413
presence vs absence of actual rotation during acceleration of visual scene, illusory self-tilt & self-motion, 24–60 yr olds, 23007
priming in left &/or right visual fields, RTs in lexical decision, adults, 26616
processing of color & form information in blind field using flanker task, male 66 & 88 yr olds with right or left visual field hemianopia following stroke, 2022
psychophysical approach to body-centered reference frames in short term memory for reaching to visual targets, Ss, 217
relationship of foveal load & word superiority effect, adults, 3482
relative luminance & relative area in anchoring brightness perception in 2-region visual fields, Ss (median age 19 yrs), 29498
representation of visual fields in superior temporal sulcus in posterior inferotemporal cortex, monkeys, 474
scalp distribution of ERP repetition effect in word vs nonword discrimination task with divided visual fields, healthy 18–26 yr olds, 7038
scope & adjustability of scope of visual attention, 18–26 yr olds vs 61–72 yr olds, implications for role of restricted scope of visual attention in aging related cognitive deficits, 19883
semantic anomaly & lexical vs sentence priming in left vs right visual fields & hemispheres, college students, 26583
similarities & differences in target vs distractor, visual search & hemispheric specialization in left vs right visual field, adults, 26586
sound-localization acuity & ability & use of binaural cues & visual field, Egyptian fruit bats vs other animals, 29676
spatial precues & preattentive detection of primitive features in parallel across visual field, adults , 10061
spatial tuning of color & luminance peripheral vision across visual field with filtered noise masking, adults, 16503
temporal cuing, residual visual discrimination, 40 yr old male with right field blindsight, 15061
temporal resolution in extra-foveal visual field assessed with 16-point diagnostic strategy vs visual EP procedure, 31–73 yr olds with multiple-sclerosis-neuropathy, 28211
time course in attentional focusing to adjust to object in visual field, college students, 6761
training required for stable response strategy prior to visual field assessment & acceptable duration & reliability of automated static perimetry, 5–8 yr olds, 4450
translational & rotational optic flow stimuli, activity of binocular neurons in nucleus of basal optic root, pigeons, 13602
translational optic flow encompassing entire binocular visual field, complex spike activity of Purkinje cells in ventral uvula & nodulus, pigeons, 13631
TV screen background illumination stimuli, summation in autoshaping, pigeons, 10252
use of independent visual background, simulator sickness & ataxia, 22–44 yr olds, 16217
utilization of visual distal information to navigate Morris water maze, 22 vs 65 day old mice, 23190
visual field & prefield & stimulus delay interval & hemispheric asymmetry in vigilance & cerebral arousal, 18–31 vs 65–80 yr olds, 7030
visual field & signal detection capability & response times during full face-piece respirator wear, male vs female adults (mean age 27 yrs), 10509
visual field dependence/independence & static & dynamic visual cues, body postural & cognitive spatial control, males (mean age 23 yrs), 3516
visual field recovery, 31 yr old female with bilateral occipital lobe damage, 10 yr followup, 24839
visual half field stimulation & facial expression recognition, visual evoked potentials, adults aged 18–28 yrs, 33284
visual obstruction, antipredator vigilance & vigilance cost, 13-lined adult ground squirrels, 10296
visual pseudohallucinations confined to visual field defect & picture like representation of mental images in visual association cortex, 49 yr old male with quadrantanopia, 5454
visual selective attention & linguistic performance in letter cancellation task, 11–12 yr olds, 858
visual stimulus parameters & retinal flow & visual field center of expansion during eye movements, systematical heading estimation errors in absence of extraretinal input, 20–35 yr olds, 32810

Visual Fixation [See Eye Fixation]

Visual Hallucinations—Serials

carbamazepine & clonazepam alone & in combination, 68-yr-old female with Charles Bonnet Syndrome, 5781
cisapride, visual hallucinations, 75 yr old female & 74 yr old male with Charles Bonnet syndrome, 25212

clinical & neurobiological issues in cases of hallucinosis & mechanisms underlying complex visual hallucinations, 1403
comorbid Charles Bonnet syndrome & Parkinson's disease, 73 & 78 yr old male patients with visual hallucinosis, 8486
donepezil, visual hallucinations arising in postoperative period, 74-yr-old male who had operation for spinal stenosis, 28402
fluoxetine- & sertraline- but not nefazodone-induced visual hallucinations, 38-yr-old male with dysthymic disorder, 8874
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary reply, 12327
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary, 12323
ictal & postictal symptoms & frequency of seizures & family history & response to treatment & prognosis, patients with idiopathic occipital epilepsy & visual seizures, 21592
perseveration of color visual images in right visual field & hemifield, 35 yr old man with left occipital lobe tuberculoma, 31338
personal report of hemianopia due to occipital infarct & neurological functioning & visual hallucinations, 63 yr old male professor of neurology, 34616
seizures & visual hallucinations during clomipramine treatment, 25 yr old male, case report, 31702
social & psychological characteristics, 67–97 yr old with Charles Bonnet syndrome from low vision unit, 28237
visual field shimmering, 51 & 52 yr old males treated with nefazodone, 15298
visual pseudohallucinations confined to visual field defect & picture like representation of mental images in visual association cortex, 49 yr old male with quadrantanopia, 5454

Visual Masking—Serials

aging, calculation efficiency & equivalent noise, 17–31 vs 60–83 yr old Os, 10020
algorithms for predicting free-response detection of simulated pulmonary nodules in noisy computed tomography data, numerical & human Os, 10050
backward masking & threshold values for perception on Defense Mechanism Test, outpatients with schizophrenia, 27656
backward masking approach to phonological & associative inhibition in early stages of English word identification, college students, 6787
blurring in 1st- vs 2nd-stage linear filters & acute- vs obtuse-angle misalignment biases in Poggendorff illusion, Os, 26338
color–luminance interaction shown in oblique cross masking, 23–38 yr olds, 181
contrast detection in fixed & random noise in foveal & parafoveal vision, adult Os, test of template learning hypothesis, 10019
facilitation arising from opposite-sign flanking Gabor patterns & transducer model of masking & facilitation, adults, 16516
foveal masking during scene perception, college students, 13222
functional consequences of visual focal attention & metacontrast masking for moving objects, 30–63 yr olds, 36157
functional MRI-assessed visual cortical activity during noise stimulation, humans, 29857
geometric stimuli masked by metacontrast, motor activation without conscious discrimination, college students, 26300
impact of information provided by masked prime stimuli on motor activation, 20–39 yr olds, 23088
interocular disparity of target & noise & masking of spatial frequency component, stereoscopically viewed phase discrimination of luminance pattern, adults , 19751
lateral-masking flanker types & target eccentricity & spacing, recognition performance for target letter embedded in character string, 22–33 yr old Os, test of feature interaction account of vision, 10034
light-adapted foveal luminance increment thresholds, 21–48 yr old Os, 10026
local vs global contrasts in texture segregation, Os, 10030
long- vs medium-wavelength-sensitive cone input, orientation discrimination thresholds, Os, 10068
modulation frequency & orientation tuning of 2nd-order texture mechanisms, Os, 10017
narrowband noise masking, grating detection & contrast discrimination thresholds, college students, 13213
noise effects on photoreceptor temporal contrast sensitivity in low light, locusts, 10497
noise placement in psychometric function slope for apparent motion modeling, adult Os, 10031
number of letters masked vs size of mask in simulated scotomas, reading rates & eye movements, 22–44 yr olds, 16483
phase information & eye pursuit, moving object detection in noise, Os, coronary artery x-ray fluoroscopy imaging implications, 10066
response rate & stimulus onset asynchronies during metacontrast masking functions, Os, 26331
responses of neurons in temporal visual cortex under backward masking paradigm, macaque monkeys, 23401
second-site adaptation of red-green detection mechanism in L & M cone contrast plane for bright adapting fields of yellow or red, 32851
selectivity of visual mechanism for total length of periodic pattern in contrast masking, adults, 19711
simple & additive noisy linear amplifier models for estimated threshold ratios in Gabor orientation identification & detection, college students, 10046
spatial frequency of gratings & uniform gray vs noisy background, visual EPs in response to flickering gratings & support for matched filter model of spatial vision, 20–27 yr old males, 16983
spatial integration in human vision & effective height of noise checks of 1 dimensional noise masks, detection thresholds for vertical sinusoidal gratings with spatial noise, 23–32 yr olds, 16497
spatial noise-reduction filtering, x-ray fluoroscopy image detection, human & model Os, 10037
spatial tuning of color & luminance peripheral vision across visual field with filtered noise masking, adults, 16503
stimulus-onset asynchronies & contrast thresholds in spatial frequency masking, 26–42 yr old schizophrenic outpatients with positive vs negative symptoms, 11440
visual backward masking, vision task performance & cortical oscillation, schizophrenia patients, 34157
visual noise & estimates of target speed in random-dot kinematograms, 23–40 yr old Os, 26355
visual sensitivity measurement with vs without noise, Os, 10053
visual signal detection with 2-component noise with broadband & low-pass background spectra, human & model Os, 10022
visual spatial integration & configuration saliency in short duration binocular rivalry, humans, 13188

Visual Memory [See Also Visuospatial Memory]—Serials

acute alcohol consumption, visual short term memory & depth perception & attention, 19–54 yr olds, 23601
age & sex & teaching programs, changes in phonological & visual memory, kindergarten students, 7 yr study, 22430
age, visual vs auditory working memory & ERPs, 19–71 yr olds, 10208
amodal representation of partially occluded objects fully seen prior to partial occlusion, undergraduates, 13205
attentional & structural constraints on visual encoding & memory storage, college student Os, 32818
automobile license plate alphanumeric codes & exposure time & readability & memorizability & reproducibility, male college students & field participants, Saudi Arabia, 29619
cannabis, visual & verbal memory & cognitive & driving ability, adults, 23530
construct validity of Visual Reproduction cards from Wechsler Memory Scale vs cards from revised Wechsler Memory Scale, cardiac & pulmonary disease patients, 104
customer incorporation in visualization & imagination vs memory visual imagery use in design process, originality & customer appeal of product designs, engineering student designers, 16211
cyclic organization of attention during information processing, processing speed & recognition memory, 3 vs 6 mo olds, 23692
dissociation in processing of visuospatial & color information in working memory, 18–44 yr olds, 32859
event-related activity in prefrontal cortex vs bilateral parahippocampal regions, visual experience remembered well vs less well vs forgotten, Ss, 3822
evidence supporting visual vs spatio-sequential components for non-verbal short-term memory & use of Visual Patterns Test to assess visual component, brain-damaged 15–86 yr olds & normal Ss, 32678
executive control of long term visual memory retrieval, monkeys, top-down signal evidence from prefrontal cortex, 36467
feeding-based arousal, visual recognition memory, infants tested as newborns & at 1 & 4 mo old , 20498
fractionation of neurodevelopmental processes in visual memory, 29 yr old male with congenital deafness & Gilles de Tourette syndrome & autism, 14816
framework for modeling memory colors & categorization & representation, memory prototype for object color & similarity judgments of apparent colors, 20–30 yr olds , 36187
functions of dorsolateral prefrontal vs posterior parietal cortex neurons in working memory via cell firing in perception-action cycle, adult male monkeys, 23399
handedness, memory for orientation of Hale-Bopp comet, college students (mean age 21.4 yrs), 23147
impaired stored visual memories specific to objects, 72 yr old female with agnosia without prosopagnosia or alexia, 5357
impaired visual short-term memory & image generation problems, 55 yr old female sculptress with systemic lupus erythematosus, implications for working memory model, 18444
implicit & explicit memory for familiar objects presented to vision & touch & cross-modal priming, college students , 16662
interference with visual memory, college students, 32972
internal consistency & reliability of Recognition Memory Test, 17–84 yr old patients with traumatic brain injury, 5373
involvement of visuospatial & verbal representations in memory for visual feature conjunctions, 16–40 yr old college students, 6790
large stationary landmark, memory for the location of a smaller moving target, undergraduates, 32962
left–right orientation of face profile on coin, visual memory & mental imagery representation & object recognition, adults, 36264
limbic-neocortical interactions in visual memory consolidation in temporal cortex, 500
long-term reversal of hemispheric specialization for visual recognition task, split-brain macaques, 23303
magnitude of representational momentum in visual memory task, 5.3–8.6 vs 9.1–12.9 vs 19.1–24 yr olds, 30168
memory & interpretation of family photographs vs videotape, teenagers, 6899
memory for relational information across saccades, undergraduates, 29626
methylphenidate, complex visual-memory search, male 13–17 yr olds with ADHD, 11683
object recognition &/vs memory for object location & object context, male rats, 13395
participation in memory improvement course vs college psychology course, subjective awareness & objective measures of verbal & visual memory, healthy elderly persons, 36260
positron emission tomography correlates of neural recognition memory for words vs faces, adults, 29815
process dissociation presentation & implicit vs explicit processes, visual memory & familiarity & retention of moving pictures sequences, 3–5 vs 18–37 yr olds, 16627
prototype effects for feature shifts vs head angle vs feature-location variations in face recognition, adults, 10181
rapid visual presentation of primed words in speeded category membership decision task, explicit memory contamination, normal right-handed Ss ages 18–29, 16630
recognition as function of exposure duration for objects with low- vs high- vs compound-spatial frequency, adults, 3593
recognition memory for delayed complex visual stimuli, amnesic 59–80 yr olds with vs without complete damage to perirhinal cortex, 8611
recognition of familiar faces with vs without novel features, adults, implications for mirror effect, 10194
reliability & validity of Warrington Recognition Memory Test for Faces, 35–81 yr old outpatients with neurological disorders, 32688
remembering seen & heard items vs generating autobiographical images vs visualizing & mentally rotating stimuli, transcranial-Doppler-assessed regional cerebral blood flow velocities, college students, 3857
retention interval changes in visual list memory, male capuchin monkeys, 10292
reversible inactivation of lateral intraparietal area, visual & memory saccades, monkeys, 20116
role of hippocampal formation & perirhinal cortex in visual recognition memory, male rats, 10466
role of lateral prefrontal cortex in prospective coding for objects, male monkeys, 26635
SIB-1508Y & levodopa & chronic low-dose of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, performance on visual memory task, monkeys, implications for Parkinson's disease, 33483
stimulus shape similarity & duration & sequence, mathematical modeling of visual working memory organization, adult Os, 3591
structural equation modeling of functional interactions between right medial temporal lobe & neocortical regions during visual recognition memory, males, 3871
test of the transfer-appropriate processing framework on performance of 2 implicit memory tasks, college students, 32961
time course of oscillatory components in gamma band in visual short term memory, adults (mean age 27 yrs), 23409
validity of group mean orientation effects in visual recognition memory tasks, adults, 6854

visual memory disturbance in schizophrenia, Rey-Osterrieth Figure Test performance, acute & chronic & remitted schizophrenic patients , 1618
visual-vestibular processes & organization of short-term spatial vs visual image information storage processes, Rhesus macaques, 6966
visually learned context generalization & content-independent memory retrieval & involvement of mushroom bodies, fruit flies, 33066
Visual Memory [See Also Visuospatial Memory]—Chapters
Inattentional amnesia, 26431
Repetition blindness for pictures: Evidence for the rapid computation of abstract visual descriptions, 26305
Role and nature of object representations in perceiving and acting, 26303
Visual Neglect [See Sensory Neglect]
Visual Perception [See Also Binocular Vision, Brightness Perception, Color Perception, Dark Adaptation, Eye Fixation, Face Perception, Foveal Vision, Interocular Transfer, Monocular Vision, Peripheral Vision, Stereoscopic Vision, Texture Perception, Visual Acuity, Visual Contrast, Visual Discrimination, Visual Field, Visual Thresholds, Visuospatial Ability]—Serials
'mudsplash' superimposed simultaneously with large change to pictorial stimuli, change-blindness, Os, 13216
1st- vs 2nd-order properties in visual system, discrimination of smoothness in curved shapes, adults, 32819
1–6 times normal speed of American Sign Language on videotape, cognitive processing speed & accuracy of sign & sentence identification & error characteristics, deaf 21–53 yr olds , 24879
2 types of bimodal direction tuning in middle temporal area, monkeys, validation of visual motion detection model, 33168
3D object perception & somatosensory extinction for meaningful objects, 69-yr-old patient with left hemispatial neglect following right hemispheric stroke, 14981
achievement of visual object constancy across plane & depth rotation, neurally intact Ss & patients with neurological damage, 36160
adaptation to inverting prisms & mirror spectacles & return to upright vision, reading & shape perception & building of 3 dimensional objects & neuronal mechanisms, 20–28 yr old males, 32822
afterimages, in- vs out-of-phase illusory grating judgments & illusory phantoms, 32826
age & local motion & sensitivity to global motion & speed, 18-wk study, 6- vs 12- vs 18-wk old infants, 33607
age related changes in processing auditory stimuli during visual attention, 19–30 vs 36–54 vs 57–82 yr olds, 30116
age, scotopic contrast sensitivity functions, 20–88 yr olds, 36175
aircraft head-up display & task cognitive load & forward looking infra-red imagery, ocular accommodation response & task performance, college students, 26354
algorithm for relative perceptual saliencies of features of 3-dimensional object by using goodness-of-view & perceptual similarities among object views, 35797
amodal representation of partially occluded objects fully seen prior to partial occlusion, undergraduates, 13205
analysis of eye movements for understanding of visual motion processing & visual flow field & representation of visual surrounding in 3 dimensional environments, primates, 332
apparent velocity & distance & size & perceived motion in airplane illusion, 32813
attention operating characteristics in allocation of visual attention during location-cuing, 18–38 yr olds, 29491
attention, localization of stimuli in visual field, 23–33 yr olds, 29506
attention, neuronal visual orientation-tuning in extrastriate areas V1 & V4, male rhesus monkeys , 10436
attention, processing of visual motion in middle temporal & medial superior temporal visual cortical areas using identical sensory stimulation, monkeys, 33258
attention, visual evoked potentials triggered by motion-onset, 18–43 yr olds, 36181
attention-guided computational model of visual perception & recognition associated with eye movements & foveation, 6446
attention/sensory & intentional/premotor biases in direct & indirect condition line bisection, 32 right-handed adults, 29480
attentional blink as suppression of perceptual processes vs postperceptual impairment in time-based attention tasks, adults, 6789
attentional blink switching in spatial vs nonspatial domains, 23164
attentional priority & preference of novel context vs target information in visual stimuli, 6 mo olds , 23684
attentional vs oculomotor explanations of inhibition of return, undergraduates, 33000
attentive texture features across sets of natural textures in photographs, college students , 10032
attentiveness &/vs age, visual sensitivity, 5–8 vs 21–28 yr olds, 13960
auditory & visual memory-saccade vs fixation task, behavioral modulation of neuronal responses in lateral intraparietal area, male macaque monkeys, 29823
automatic updating of spatial position in locomotion without vision task, adult Ss, 3430
automaticity of object recognition, 24–31 yr old undergraduates, 160
averaging & summation of influences on visually perceived eye level between long lines differing in pitch or roll-tilt, humans, 13208
Bayesian optimal estimation approach to visual perception & learning, Kalman filter model , 16509
biases in visual attention to threat related or depression related stimuli, 9–18 yr olds with generalized anxiety disorder vs mixed anxiety-depression, 27556
bidirectional task specific neglect on cancellation vs line bisection task, 72 yr old females with left vs right hemisphere stroke, 5288
blurring in 1st- vs 2nd-stage linear filters & acute- vs obtuse-angle misalignment biases in Poggendorff illusion, Os, 26338
body orientation & gravity, vestibulo-ocular reflex in darkness & visual-vestibular interaction in pitch plane, 24–50 yr olds, 19717
body tilt, orientation selectivity of visual cortex neurons, alert monkey, 10502
body- vs world-referenced visual signal representations of visual space in parietal cortex, monkeys , 3917
body–apparatus tilt conditions, perceptual motor performance & judgment of body orientation & equilibrium, 24–35 yr olds, 10012
Boundary Contour System model simulation of spatial frequency involvement in visual persistence, 19501
brain imaging, 35 yr old male with hemimicropsia, 37860
caffeine dosage, visual task performance & information processing, 18–26 yr olds, 20364
cell membrane omega-3 fatty acid depletion, retinal function, 35–75 yr olds with schizophrenia, 21165
cerebellar lesions, adaptation to laterally displaced prism & postadaptation shift during visual reaching task, monkeys, 20073
changes in ambient illuminant chromaticity, shift in visual sensitivity balance, Os, 3472
changes in apparent shape & size of sectors & parallel lines in rotated stimuli, 30–63 yr olds, 16465
characteristics of texture coherence limit for arrays with bandpass spatial frequency spectra with narrow bandwidths, Os, 182
classical vs rock music & volume level, response time & accuracy of visual perception of Arabic numbers, male & female humans, 19745
cognitive impenetrability of & effects of cognition on visual perception, commentaries & reply included, 26345
cognitive processes associated with learning through use of visual displays, 29632
cognitive visual functioning, 5–17 yr olds with hydrocephalus, 24813
color constancy & visual perception, 25–72 yr olds with unilateral lesions in parieto-temporo-occipital & fronto-parieto-temporal cortex, 18414
color cues in images of food vs animals, accuracy of visual categorization & RT, male rhesus monkeys vs humans, 342
color–digit synaesthetic ability, 47 yr old female, 36129
color–luminance interaction shown in oblique cross masking, 23–38 yr olds, 181
complete mergeability as a general explanatory principle for amodal completion over partially occluded surfaces & volumes, Os , 36182
complex motion pattern in random dot stimuli & stimulus presentation order, perceived dot speed & magnitude of speed illusion, human Ss, 3464
compositional structure of convergence & juxtaposition & structural uniformity in paintings as models of relationship between theology & psychology & role of visual perception in viewing reality, 30073
computation performed by lobula giant motion detector & descending contralateral motion detector in response to objects approaching on collision course, locusts, 10412
computational model of association fields for adaptive spatial filters in human pattern perception, 32739
computational model of feedback in vision, mammals, 10525
computer simulation of neural circuitries between thalamic sensory relay nuclei & primary sensory cortices & thalamic reticular nucleus in visual processing, 32480
conception & phenomenology & behavior & neuroanatomy & physiology of visual attention vs visual consciousness, 29764
configural information of human form, perception of point-light displays of human locomotion, human Ss , 36171
connectedness detection among neurons in visual system & figure ground segmentation, 3901
conscious awareness & visual–motor recalibration between visual awareness & visual guidance systems in geographical slant perception, Os, 26318
consistency of visible & audible characteristics, justifiability of inferences of credibility & deception detection, adults, 1253
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, 33237
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, commentary, 33238
contrast, motion of luminance vs chromatic stimuli & threshold amplitudes for relative & static Gabor patches, 32821
controlled acute hypoglycemia, visual information processing, 18–47 yr old outpatients with type 1 diabetes mellitus, 5206
cooperative work in side-by-side vs shared screen visual information vs speech -only dialogues, comprehension efficiency, novice-expert pairs, 39032
cortical mechanisms of visuomotor integration, 25–40 yr olds, 20127
covert & overt visual attention in processing location & target identification cues, adults, 29489
covert transient spatial attention, spatial resolution, college students, 13225
criterion-based vs alternate processing account of perceptual mixing costs in identifying noise-degraded vs segment-deleted perceptual stimuli in mixed blocks of trials, college students, 6773
critique of J. J. Gibson's theory of cognitivist approaches to the study of human visual perception, commentary, 32861
critique of J. J. Gibson's theory of cognitivist approaches to the study of human visual perception, commentary reply, 32849
cross-modal imagery & age, reality monitoring in auditory & visual modalities, 6 yr olds vs 9 & 10 yr olds, 10784
cross-modal priming effects between olfaction & vision using modified Stroop test, undergraduates, 29472
cross-modal transfer of shape between touch & vision, 1 mo olds, 36750
CRT-generated stimuli, visual determination of hue suprathreshold color-difference tolerances, 22–51 yr olds, 19740
dark vs light adapted conditions, light-evoked responses of AII amacrine retinal cells & conveyance of rod & cone signals, rabbits, 33170
deficits in visual information processing, visual repetition priming & encoding in implicit memory, adult patients with unilateral brain damage, 34625
degree of feature salience & value ascription, identification of previously seen face, test of Catch model, 16412
depth & flatness information, perception of size in pictures, college students, 32827
descriptions of route directions as navigational aids & spatial discourse in unfamiliar environments, 19–40 yr old residents of city of Venice, 19804
detection & discrimination of visual targets & dichoptic lateral interactions in visual field of 1 eye that corresponds to pathological blind spot in other eye, female with retinal coloboma, 18470
detection of salient contours in densely populated visual space, Os, 16471
development of luminance & chromatic temporal contrast sensitivity function, 3–4 mo olds vs adults, 33612
development of spatial & temporal vision measured by contrast sensitivities & critical flicker fusion frequency, 4–7 yr old vs adult Os, 26980
development of visually guided locomotion, infants, 7370
differential pupillary constriction & awareness in blindsight, 41-yr-old male with hemianopia, 34688
directional recruitment & perception of streaming in visual targets moving directly toward then past each other in ambiguous display, Os, 32848
display vs demonstration vs pointing gesture types & understanding of attention-directed events, 16454
dissociation in processing of visuospatial & color information in working memory, 18–44 yr olds, 32859
distortion in processing objects in left visual field, 71 yr old female, 16910
distortion of perceived length in Muller-Lyer & Judd illusions as function of position on shaft, 17–45 yr olds, 6781
distribution of regional cerebral blood flow & visuomotor coordination, 18–54 normal Ss & patients with Parkinson's disease, 21549
drawbridge phenomenon, looking rates, 5-mo-olds, 10791

Visual Perception—Serials

early vision, detecting form & metric attributes in impossible objects as defined by relations between line elements, Ss, 23023
earth horizontal & vertical passive sinusoidal body roll, torsional eye movements & role of otolith organs, 28–37 year olds, 19726
eccentricity & vergence angle, relative tilt of vertical vs horizontal meridia in minimum motion paradigm, Os, 19732
ecological & phenomenological perspective on personal contact with real world & visual awareness in consciousness & perception, 26462
EEG activation, changes in visual responses in primary visual cortex, anesthetized cats, 20177
EEG response to enforced darkness reminiscent of night driving, Type A behavior, professional drivers with ischemic heart disease vs hypertension , 5287
effectiveness of programs for development of visual perception, 4–6 yr old preschool students with low vision, 19353
effects of stimulus information & number of stimuli on sequential dependencies in absolute identification, college students, 3432
effects of view in depth, identification of line drawings & silhouettes of familiar objects, college students & brain damaged patient with agnosia, 21571
electrodiagnostic methods for assessment of abnormalities in visual processing & effects of optometric rehabilitation, patients with mild traumatic brain injury, 6–18 mo followup, 34627
ERPs for visual selective attention to color vs pattern vs pattern with changing target vs dividing & switching attention between color & pattern, 18–32 yr old males , 16691
evaluation of VigiMouse visual performance test for detection of daytime sleepiness & pauses in vigilance performance caused by sleep loss & alcohol, female pediatry residents, 13039
evolutionary processes & similarities & differences in sensory pathways, telencephalon & visual processing neuroanatomy, birds vs reptiles vs mammals, 13590
expectation-maximization algorithm formulation of impulse restoration, object location recognition, 6449
external or stimulus noise, visual perceptual learning, adults, 32802
extraocular photoreception, circadian rhythm entrainment, blind hamsters, 29956
eye movement & qualitative measurement of subjective preferences for quadrangle shapes & related decision processes, 30–51 yr olds, implications for golden ratio, 32832
eye movement control & scene memory across saccades & scene context & object identification in scene perception, 13176
eye movements & perception of heading direction, 23037
facilitatory English vs inhibitory French & Spanish neighborhood effects, lexical decision task, native English-speaking Australian adults, 3566
feature-based attention, motion processing gain in visual cortex, macaque monkeys, 23359
FeatureGate model of visual selection & attentional gating, 32996
figure shape & position & overlap, responses of inferior temporal neurons, male macaques, 29829
fixation disengagement mechanisms in voluntary & reflexive saccades & gap effect, Ss, 29486
fixation disparity & accommodation & dark vergence & focus during vertical inclination of gaze, 18–36 yr olds, 3469
floodlight size for distributed attention, 52 & 58 yr old male patients with neglect after right hemisphere stroke, commentary, 21553
floodlight size for distributed attention, 52 & 58 yr old male patients with neglect after right hemisphere stroke, 2005
form & color information, visual attention, adults, 6768
forms of selective semantic impairment & existence of semantic subsystem specific to visual attributes of animate & inanimate objects, 67 yr old male with severe brain damage, 2021
foveal masking during scene perception, college students, 13222
free-viewing perceptual asymmetries, judgement of brightness vs numerosity vs size, dextral adults (modal age 18 yrs), 13214
frequency oscillation, visual perception of 0 vs 180 degree relative phasing of interlimb movements, adults, 13187
functional & structural processing mechanisms in mental imagery &/vs visual perception assessed by mental scanning & neuroimaging, 32768
functional cerebral lateralization during face recognition & letter identification, 46–73 yr old hypogonadal males, 28054
GABA inhibition-enhancing properties of lorazepam, visual line-end processing, healthy 18–25 & 22–32 yr olds, 26778
galvanic vestibular stimulation, otolithic & semicircular canal eye movements & perception of verticality, healthy 23–46 yr olds, 184
gap effect & target predictability, gain & latency & peak velocity of visually guided saccades, 19–54 yr olds assessed while intoxicated vs sober, 36384
gaze direction & frames of spatial coordinates in unilateral neglect, visual perception when looking to left vs right, 64 yr old male & 72 yr old female with right hemisphere stroke, 11862
generality of cholinergic action in attention shifting as assessed by effects of scopolamine on RT on cued target detection task, rhesus monkeys, 13712
global pattern properties & fuzzy regularities & 3D object completion of partly occluded shapes, human Ss , 36184
global visual object recognition & auditory melody & other processing, 13 yr old female with right temporal lobe lesion, 28173
global vs local precedence in divided vs selective attention tasks, 6.7–16.7 yr olds with autism, 27934
group model of mental transformations based on geometric model for form recognition, reaction time, college students, 32796
grouping by alignment of implicit axes, perception of simultaneously presented shapes, male 57 yr old with Balint's syndrome, 37818
haptic estimates of discordant visual-haptic size, 6- vs 9- vs 12-yr-olds, 23011
haptic vs visual perception of block letter orientation & uprightness, 17–39 yr olds, 29471
haptic vs visual processing of local vs global object features & shape, 18–30 yr olds, 29469
hemispheric specialization in detection of subjective objects, college students, 7022
heuristic approach to degraded object recognition of characters in sampled imaging system, Os responding to character pairs of blur & sample spacing, 19720
hierarchical deficit vs executive function hypothesis of hierarchical order & constancy & effect of geometrical impossibility on graphic construction in copying task, nonsavant autistic individuals, 27933
high vs low structural relation primes in structural descriptions during object identification, college students, 26348
holographic vs transformational approach to analysis of goodness of visual regularities, reply, 26351
holographic vs transformational approach to analysis of goodness of visual regularities, comment, 26352
horizontal propagation of visual activity in synaptic integration field of area 17 , 10395
identical face stimuli, categorization &/vs visual processing, college students, 13172
illumination, visual sensitivity in presence of patterned background, Ss with healthy binocular single vision, 19724
illusory size perception of expanding & contracting textured stimuli in spatio-temporal terms & illusory size change resulting from illusory expansion & contraction, 32862
illustrations & instructions for online classroom demonstration of boundary extension in memories of pictorial stimuli, 15866
image based information, judgment of surface reflectance properties, 6777
impairment on dot localization task, 18–38 yr old college students with dyslexia, 34459
individual differences in everyday errors & visual attention capture & working memory, 18–25 yr olds, 26334
inferences about properties of auditory-visual events, newborn infants, implications for cross-modal learning, 7418
influence of 3-D structure-recovery stage on motion correspondence in 2-D velocity-measurement process, Os, 23040
inhibition of return effect in target localization vs target identification tasks, undergraduates, 32998
inhibition of return, processing of visual stimuli, college students, 13276
inputs & outputs of volume completion, 29507
instruction based cognitive rehabilitation intervention, visual processing, Ss with acquired brain injuries (mean age 38 yrs), 38584
integration of color vs form processing modules in visual perception in preattentive stimuli, college students, 29468
integration of G. D. Logan's instance theory of automaticity & C. Bundesen's theory of visual attention, college students, 33001
interaction of visual-perceptual & response processes during selective attention, 18–30 yr olds vs 55–79 yr olds vs 80+ yr olds, 29503
interactive model of figure-ground organization & object recognition that accounts for object familiarity & hierarchical visual processes, commentary, 6780
interference in recognition of fragmented pictures in 17–29 vs 64–89 yr olds & computational analysis of age-related inhibition deficit, 30179
interhemispheric neural summation during visual RT task, 20–45 yr old males lacking the corpus callosum, 5324
internally vs externally equated light perception, color saturation & compensation for age-related increases in ocular media density, 24–42 vs 62–87 yr olds, 10040
interocular suppression of half-occluded stereoscopic 3-dimensional images, Os, 3462
interrater reliability of visual estimation of biological age of elderly Ss, experienced geriatricians, 20663
introduction of human cone photopigment into genome, visual system, transgenic male mice, 16879
involvement of visuospatial & verbal representations in memory for visual feature conjunctions, 16–40 yr old college students, 6790
isolation & characterization of cDNA encoding phospholipase C-beta shared by olfactory & visual systems, lobsters, 23364
item surface & edge property integration, saccade accuracy & latency, adults, 26328
kinematic vs dynamic models of physical imagery & beliefs about spatial outcome & rate & dynamic perception, physical imagery references, adults, 19865
knowledge impairment of visual & non-visual attributes, 22 yr old female brain-damaged patient with semantic impairment for living entities, 2083
laminal specificity of spontaneous field potentials prior to & during REM sleep in dorsal lateral geniculate nucleus, kittens, implications for visual experience, 10475
lateralized global-local figures task performance, elderly (65+ yrs) vs young adults (aged 20–35 yrs), 33706
learning of spatio-temporal interpolation in depth & relation to spatio-temporal interpolation in 2 dimensions, observers, 16478
learning retina encoder with tunable spatiotemporal functions & perception-based dialog in retinally implanted visual prosthesis, 29487
left & right hemisphere bias & spatial frequency in global visual processing, 22–65 yr olds, 7042
left hemispheric vs reverse bias, categorical & coordinate visual processes, adults (mean age 29.4 yrs), 36170
left vs right brain hemisphere dominance, visual motion processing, deaf adults, 24875
left–right orientation of face profile on coin, visual memory & mental imagery representation & object recognition, adults, 36264
light vs dark vs framed background visual field & target position, saccade contingent mislocalization, Os, 10033
linguistic competence & visuospatial representation, mathematical intuition, bilingual Ss, 19694
local features or global objects in detection of moving targets in visual search task, college students, test of movement filter hypothesis , 10025
location cue probability & cue–target onset interval, visual attention allocation, 19–33 yr olds, 29490
location-based frames of reference & object-based inhibition of return in static vs moving displays, 18–35 yr old undergraduates, 167
location-based vs scene-based vs object-centered inhibition of return, 16–35 yr olds, 10014
luminance & blur & age, accuracy in nighttime driving, 21–55 & 67–78 yr olds, test of selective degradation hypothesis, 26343
luminance differences bet··· 2 visual display frames, visible persistence, adu ·.·l
manual & hemispatial netries in visual aiming movements with preferred v.. nonpreferred hand, right-handed college students, 26379
mathematical model to characterize interactions in images as related to processes of image encoding by visual system, 32733
measures of auditory-visual integration in nonsensical speech recognition, 41–76 yr olds with moderate-to-deeply sloping hearing impairments, 2113
memory psychophysics & fundamental measurement applied to similarity/dissimilarity comparisons with remembered & perceived visual magnitudes, graduate students, 287
mental imagery & formation of illusory conjunctions between imagined vs physical perceptual stimuli, Os, 26323
minimal model theory of visual perceptual organization & role of objects in perceptual grouping , 36145
minor deficiencies in development of basic visual functions & formation of concrete visual thinking, 2–18 mo olds, 5448
mirror image of companion fish on left vs right side showing cooperation vs defection, predator inspection, mosquitofishes, 19966
mode of allocation of visual attention in visual search task, 18–22 yr olds vs 60–70 yr olds, 23031
model of neural recoding in spatial & pattern vision, humans, 13573

model of spatial integration in visual detection, Os, 16522
models of visual pattern recognition from cognitive psychology & psychophysics & connectionism to predict psychophysical classifications, adults, 3487
modified compensation theory of picture perception, adult Os , 19761
modulation of spatial extent of visuospatial attention in & out of area of focus, professional volleyball players, 3607
motion capture of static vertical lines produced in apparent motion, 19–46 yr olds, 23043
motion perception influences on perception of stationary shapes & acoustic interactions with vision, psychophysical evidence of lack of modularity of visual function, 26327
moving plaid stimuli viewed through elongated aperture, perceived direction of motion & direction of smooth eye movement response, adults, 3453
Müller-Lyer illusion, saccadic bias & endpoint variability as function of target size & configuration & movement amplitude, male Ss (mean age 26.5 yrs), 16469
narrowly focused vs broadly spread attention, self organization of unidirectional vs oscillatory motion patterns for visual elements, college students, 165
naturalistic or quasi-ethological visual stimuli, visual evoked potentials & motion reactions, crayfish, 29899
near ultraviolet radiation, visual EPs, 7–10 yr olds, 23682
negative identity priming contingent on stimulus repetition vs stimulus novelty, college students, 6933
neural activity in visual cortex areas V1 & V2 & V4 during free vs controlled viewing, monkey, 3967
neural correlates of visual form vs visual spatial processing, 20–40 yr olds, 26642
neural mechanisms underlying spatial feature binding in object recognition, 26325
neural network algorithm of category learning through visual & auditory speech sensing, 6457
neural optimization model of Compton-scattering spectral data in image reconstruction, 6479
neuroanatomic correlates of associative vs apperceptive visual agnosia, 80–95 yr old patients with Alzheimer's disease, 11892
neurochemical & excitatory & inhibitory mechanisms of visual cortex & functional role of centrifugal visual system on visually-guided behavior, birds, 13565
neuronal model of attention of convergence of parallel pathways in vision, implications for neural mechanisms involved in reading disabilities in dyslexia, 33261
neurophysiological perspective of organization of visual system & neural bases of visual perception, primates, 33198
new perceptual objects, ability to override attentional control settings in spatial cuing task, Ss ages 18–20, 23026
object & source memory for visually perceived or performed vs imagined events, college students, 29627
object attributes that determine preferred or canonical views, 18–35 yr olds, 36139
object recognition processes of novel objects, expert vs novice adults vs neural network, 3463
object-specific practice & prior experience & recognition thresholds for plane-disoriented pictures of familiar objects, Os, 32918
obligatory encoding of spatial location of words during automatization, adults, 6912
observer speed & obstacle size & edge-rate information, simulated roadway collision event judgments, Os, 6746
operant conditioning apparatus, ability to visually discriminate between different insects, pigeons, 23196
optic flow perception & performance on spatial navigation task, 19–25 vs 63–81 yr olds vs 60–82 yr olds with Alzheimer's disease, 18430
optokinetic & gravitational stimulation, spatial orientation of afternystagmus, rabbits, 10253
optokinetic nystagmus vs optokinetic afternystagmus, sensitivity to circularvection, 18–23 yr old male squash payers vs weightlifters, 19738
organization of bottom-up & top-down & horizontal interactions in visual cortex & realization of grouping & attention & learning, 16485
orientation judgment of spatial D6 pattern in presence of occluding elements of same vs mixed contrast polarities, Os, 157
orientation variance & texture structure, Os, 16477
origins in 19th century German psychophysics of theories of local signs & labelled lines, location of visual image on retina, 32845
parsing of bimodal local-motion distributions into overlapping/transparent vs spatially segregated global-motion surfaces, adult Os, 13220
participation of cortical regions of right & left hemispheres in visual recognition, ERPs for image recognition on basis of general vs by element description, 6–7 vs 13–14 yr olds vs adults, 16968
path perception & movement of stationary objects, Os , 23027
perceived curvilinear heading under conditions of optical flow, adults, 6771
perceived space & judgment of line length, 46–84 yr olds with right-hemisphere lesions & visual hemineglect after cerebrovascular accident, 28164
perceived visual orientation & body position effects that are caused by alteration of somatosensory information during underwater immersion, 23–35 yr old divers, 33342
perception & reproduction of projective invariants of conics, Os, 10051
perception of & attention to shadow motion, 5 & 8 mo olds, 7443
perception of absolute distance & visually directed action tasks, human psychophysical performance, observers with normal vision, 177
perception that traffic in other lanes is moving faster than theirs, drivers, 32842
perceptual & premotor influences on neglect in line bisection task, patients (mean age 64 yrs) with left hemispatial sensory neglect after stroke, 5284
perceptual distortion in hemispatial neglect, 54- & 76- yr-old stroke victims, 2 & 12 mo following stroke, 24765
perceptual illusion altering perceived length of 2 lines, spatial attention, college students, 10232
perceptual load, visual selective attention, 19–30 vs 65–79 yr olds, 7609
perceptual relevance of contour singularities in detection of deletions in presented shapes, college students, 26332
perceptual salience of oriented elements that form smooth contour & role of classical receptive field in visual responses, 16505
peripheral visual information & subthreshold cues, visual orienting in covert spatial attention, adults, 10042
peripheral vs foveal presentation & task temporal frequency, character localization & identification in 2-pulse & contrast sensitivity tasks, adult Os, 13189
perspectives of Vygotsky & phenomenology & cognitive anthropology in cultural psychology of visual imagery in context of contemporary artist-blacksmithing, 33524
pointing & grasping performance with vs without on-line visual feedback, 53 yr old male with unilateral visual neglect after right hemisphere damage, 28148
polydrug abuse, sustained attention & visuographic function & reaction time, 20–37 yr olds, 24509
positive vs negative polarity patterns, perception of visual contrast, Os, 36138
posterior association cortex lesions, flanker effect in motor responses to color discrimination task, 47–83 yr olds with lesions of temporoparietal junction vs posterior association cortex, 5398
postulates on visuomotor transformations necessary for adaptive locomotor behavior in humans, 6826
practical management of visual orientation, air traffic controllers, 6785
preattentive visual processing, inpatients with Parkinson's disease, 18393
preferred retinal locus to left vs right in simulated scotoma in visual field space, reading ability, young adults, 18454
presence of nearby occluder object, perception of distant target & visual direction, Os, 36183
presence of visual cues, haptic perception of smooth vs rough texture, 7 mo olds, 17285
presentation & description of rigid objects that appear to bend, 6763
presentation of new equiluminant perceptual object & inhibition of return, undergraduates, 175
presentation of target lines at oblique orientation & orthogonal background elements with various onset delays, performance in pop-out target detection, Ss, 16529
priming depth rotation & visual integration of 3D object views & object recognition across changes in viewpoint, college students , 36158
principles of optometric vision therapy & problems with oculomotor control & peripheral fields & binocular vision & visual information processing skills, patients with traumatic head injuries, 34685
processing of auditory tone signal, sustained attention to concurrent visual encoding task, 18–25 yr olds, 16688
processing of causal & noncausal events in task involving moving video images, 3.5 mo olds, 30289
processing of neutral face vs non-biological complex geometric figure, eye movements, 24–51 yr old schizophrenics, 37374
properties & behavioral responses as characteristics of & new velocity based models for movement-detecting processes, insects, 23184
proximity & similarity & uniform connectedness of objects, RT to discriminate global letters & orientation of grouped letters & letters composed of separate local elements, college students, 23032
psychophysical description of early visual processing mechanisms in perceptual memory system, 32772
quantitative functional MRI methods to study visual cortex & to measure neuronal correlates of visual perception, humans, 33211
quantitative vs qualitative shape features, object recognition across changes of view, undergraduates, 169
radial optic flow & ambient vergence level & short latency vergence eye movements during viewing of random dot patterns, Os, 16527
rapid shifts of target objects, attention & visual search, adult Os, 32863
ratio model for suprathreshold hue-increment detection, 36174
reciprocal inhibitory visual–vestibular interaction during visual motion perception, 26–49 yr olds, 3820
recognition of famous faces when inner & outer parts of face are blurred, 5–15 yr olds vs young adults , 20486
reconstruction of spatiotemporal natural scenes from recorded responses in the lateral geniculate nucleus, cats, 33254
regional indices of spectral density of power & relative reactivity of alpha-activity during visual identification process, 8.5–10.5 yr olds vs 21–25 yr olds, 20530
relation of living & non-living category-specific deficits to visual-perceptual or associative knowledge impairment, patient with dementia of Alzheimer's type & patient with semantic dementia, 2077
relationship between expectations based on perceptual input vs experiences based on sensory input relative to volume perceptions & perceived consumption satisfaction, college students, 35727
relationship between relatability & minimizing inflections in completing visual contours, 29502
relationship between visual & haptic imagery of movement & influence of sex & type of image on vividness of movement imagery, college students, 3427
representation of dynamics of target motion in visual area MT & model of image velocity & acceleration extracted from population neurons in area MT, macaques, 16923
reversed monocular deprivation, morphology of single geniculocortical arbors & functional recovery of visual cortex, kittens, 7020
right-side neglect & extinction, 73 yr old female with probably Alzheimer's disease, 2006
role of hippocampal system in general mapping of antecedents to actions & arbitrary visuospatial mapping as example of declarative knowledge in nonhuman primates, 20159
role of optic flow & 3-dimensional perception & cognitive representation of spatial envelope in visually controlled locomotion, 6749
role of retinal location on spatial distribution of visual attention, 29488
role of subcortical visual attentional processing under exogenous & endogenous cueing conditions in temporal order judgment paradigm, 16–26 yr olds, 19763
role of superior colliculus in preparation & execution of anti-saccades & pro-saccades toward visual stimulus, male monkeys, 20095
role of vision in closed vs open loop processing in manipulation, 18–39 yr olds, 19792
role of visual attention & selection & visuospatial attention in visual cognition, 29483
roles of location specificity and masking mechanisms in attentional blink, 19–52 yr olds, 29482
row blindness in Gestalt grouping & written language processing developmental dyslexia, college students, 14849
RT-assessed categorization of chromatic vs achromatic complex natural images as rapid-process model of magnocellular visual pathways, monkeys & humans, 29780
rules governing information transformation of & role of kinesthetic & visual input in goal-directed reaching movement, 20–36 yr olds, 3431
scene context, identification of semantically consistent vs inconsistent objects, college students, test of description enhancement & criterion modulation models, 36155
scope & adjustability of scope of visual attention, 18–26 yr olds vs 61–72 yr olds, implications for role of restricted scope of visual attention in aging related cognitive deficits, 19883
selective attention assessed by visual search, 55–85 yr olds with Alzheimer's disease, 18373
selective deficit of intermediate vision & its theoretical implications, 64 yr old female with significant visual disabilities following traumatic brain injury, 11930
selective gene mutations to photoreceptor neurons, locomotion responses to light, Drosophila melanogaster larva, implications for visual system functions, 16883
self-organizing neural architecture combining perceptual & recognition models to categorize & classify textured scenes, 19502
self-reported visual distortions & dissociative experiences, 18–80 yr olds, 10434
semantic vs spatial inhibition of return with target words, relationship between posterior & anterior attention networks, Os, 26452
serial & parallel processing in focal attention during visual search, apparent movement, Os, 26341

sex & skill level, visuoperceptual speed, karate practitioners, 3517
shape of virtual figure, shape changes in illusory surfaces with superimposed dots, Os, 29508
shape perception & deficits of visual consciousness vs visual function, 24 yr old male and 50 yr old female with homonymous right hemianopias, 5445
short term visual representations & 2-D features in picture or 3-D space, 18–52 yr olds, 19759
signal binding processes in motion perception, 26335
signal detection theory & relationship between stimulus detection & identification, 29493
simple Fourier vs complex non-Fourier channel patterns, time course of texture segregation processing, young adults , 16518
simulated approaching textured object, errors in estimation of absolute time to collision, viewers, 13198
simulation of apperceptive agnosia via removal of perceptual organization cues vs degrading visual processing, normal college students, 2118
sine- & square-wave gratings, facilitation between luminance & red–green visual detection mechanisms, Os, 36150
single pulse transcranial magnetic stimulation over occipital lobe, timing of visual processing in circumstriate visual cortex during forced-choice visual letter identification task, 22–32 yr olds , 10403
spatial & temporal vision, 5–18.8 yr old patients deprived of patterned visual input during infancy until treatment for dense central cataracts, 34703
spatial co-location between sight & sound, cross-modal learning, 4 vs 6 mo olds , 7395
spatial distribution of visual attention, 47–85 yr old brain-damaged patients with vs without left hemineglect vs extinction, 5407
spatial facilitation with colored targets & inducers & chromatic & achromatic mechanisms in collinear detection facilitation, adults, 32803
spatial frequency of gratings & uniform gray vs noisy background, visual EPs in response to flickering gratings & support for matched filter model of spatial vision, 20–27 yr old males, 16983
spatial interactions & gain control processes operating in center-surround contrast–contrast phenomena, Os, 36168
spatial layouts differing in scale, anisotropy of perceived 3-D shape & size under monocular vs binocular viewing, 19–40 yr old Os , 19735
spatial misalignment between moving & strobed objects & differential visual latency, adults, 6783
spatial orientation signals for motion direction in human visual system, psychophysical observers, 26594
spatial parameters, visual sensitivity to & detection of temporal phase differences, Os, 36146
spatial position perception errors for small isolated targets in presence of static reference stimuli in relation to fixation, college students, 23049
spatial precues & preattentive detection of primitive features in parallel across visual field, adults , 10061
spatial structure & detection of neural registration of temporal structure & contrast modulation, 33224
spatial visual attention in asynchronous neural networks, 32509
spatial-frequency bandwidth of perceived suprathreshold contrast, adults, 32853
spatially separated contour inducers, detection of simultaneously presented target stimuli, Os, 16480
spectral functioning & receptoral & postreceptoral activity, 26330
speed of movement of cone vs rod-perceived stimuli, green cone lacking deuteranopes, 18455
spherical aberration & Stile-Crawford effect, optical transfer function for defocused eye with large pupil, 13226
spinocerebellar degeneration & Parkinson's disease, visual processing, 51–65 yr olds, 31177
static & dynamic contrast sensitivity & semantic object identification & verbal recall, patients (mean age 72.8 yrs) with Alzheimer's disease, 21569
static & flickering cues, temporal processes underlying selection of spatial location, adults, 32858
stereopsis & relative visual direction & cyclopean rules & binocular alignment, commentary, 26336
stimuli at nonadjacent locations & simultaneous feature-based visual selection, college students, 19715
stimulus integrality, visual selective attention & dimensional integration, patients (mean age 66 yrs) with Parkinson's disease, 18371
stimulus onset asynchrony, visual encoding, college students, 19729
stimulus parameters that favor transient vs sustained mechanisms, large repulsion vs attraction tilt illusions, college students, 36177
stimulus size & contrast under natural sunlight & overcast conditions, visibility, 1–14 yr old horses , 10255
structured program of planned visual stimulation, visual behaviors, 9–21 yr olds with visual & additional impairments, 24885
subjective visual vertical, 20–78 yr olds with unilateral vestibilar diseases, 29476
sublexical locus for repetition blindness during illusory words paradigm, Os, 26339
superordinate & basic-level categorization & identification of specific instances of familiar categories in approach to study of visual representation, comments & reply included, 3461
supportive function of perceptual attention for cognition & categorization, commentary, 10112
supportive function of perceptual attention for cognition, 10115
supportive function of perceptual attention for cognition, commentary reply, 10153
supportive function of perceptual attention for cognition, commentary, 10084
supportive function of perceptual attention for cognition, commentary, 10148
surface height & stepping restriction & presence of visual input, postural control during quiet stance, 20–35 yr olds, 36200
synchronized changes of visual features, global perception of spatial form, human Os, 19734
temporal information integration in orthographic priming, 26391
temporal modulation transfer function, adults, 36135
temporal relationship between eye fixations & manual reactions in visual search, 19–24 yr olds, 13199
temporal vs spatial processing of perception of eyes vs whole face, evoked potentials, 26–39 yr olds, 29510
test of alternative perspective positions for ball–strike judgments in baseball games, college students, implications for umpire training & safety, 19436
test of tau-dot hypothesis & perception of severity of contacts between objects, graduate & undergraduate students, 6770
text-interpretive & experimental & reader-response approach on visual rhetoric in advertising, college students, 29193
texture surround effects in area V1 cells of striate cortex, anesthetized monkeys, 16978
topography of gamma band spectral power & event-related potentials in EEG associated with perceptual switching effected by rotating ambiguous figures, undergraduates, 29906
topographic relationship of phosphenes & transient scotomas induced by transcranial magnetic stimulation of occipital lobe, 21–35 yr olds, 10424
trajectory of moving objects, perception of position, Os, 23039
understanding of visual perception, adolescent (8–9 yr old) chimpanzees, continuation of study begun at age 5–6 yrs, 16943
unperceived events, response activation during visual perception task, adults, 6762
use of 2 versions of Milner Landmark task for assessment of perceptual vs response bias in line bisection task, 22–91 yr olds with left hemisphere neglect, 3335
use of backward masking task to assess effects of visible light transmittance & illumination & target contrast on cognitive & visual processing speed, young vs elderly drivers, safety implications, 12970
use of optic flow mechanism in compensation for wind drift, bumble bees, 26471
usefulness of visual imagery in problem solving, 19–24 yr olds, 32895
utility of neuropsychological & cognitive tests vs Useful Field of View measure in predicting at-fault car crashes, elderly adults (mean age 70.36 yrs), 6652
utility of simple & multiple motion parallax & separation ratio for perception & control of heading in computer-simulated self-motion task, graduate students , 10028
variance in stimulus & response alternatives & dual-task interference during attentional blink & psychological refractory period paradigms, Os, 26299
variation in irrelevant stimulus dimension, judgments of faces with respect to identity & emotional expression & facial speech., 6784
vertical–horizontal illusion & relative perception of horizonal & vertical extents in real environments vs pictorial displays, college students, 32865
view complexity measure of viewpoint properties in object recognition tasks based on performance of ideal observer, 6447
view- vs motion-specificity theories of visual object recognition, view-bias & recognition of 3D rotating objects, college students, 36180
viewing distance & individual differences on oculomotor resting states in inspection performance & visual fatigue, college students, 16490
visible persistence & form correspondence in Ternus apparent-motion displays, undergraduates, 29496
visual & motion perception, patients with schizophrenia, 11407
visual attention focused on display located at different positions in car, detection of decelerating car ahead, 19–27 yr old drivers, 22748
visual attention to & story comprehension of televised stories presented with vs without presence of toys in room, 4–6 yr old children with ADHD, 30949
visual backward masking, vision task performance & cortical oscillation, schizophrenia patients, 34157
visual cues in control & stabilization of flight & extraction of environmental information, flies & bees, 6952
visual discrimination & attention, 27 yr old female with achromatopsia & prosopagnosia & memory loss following bilateral temporal lobe lesions, implications for monkey visual cortex, 8650
visual exproprioception & motions of the body's center of pressure, 17–37 yr olds, 6755
visual feedback on task performance accuracy, formation of acute ethanol tolerance, 21–45 yr olds, 7242
visual functions of drivers involved in traffic accidents, 20–87 yr olds, 12981
visual information processing deficits, performance, adult patients with schizophrenia, 30748
visual lateralization, detour behavior toward visually imprinted stimulus, chicks, 10463
visual measurement of relative 2-D vs 3-D distance of collinear dots rotating in slanted plane, Os, 19758
visual motion selectivity of neurons in superior temporal polysensory area in absence of form cues, male monkeys, 20071
visual neuronal activity & psychophysical thresholds in quantitative model applied to pattern discrimination tasks, 29753
visual noise & estimates of target speed in random-dot kinematograms, 23–40 yr old Os, 26355
visual parsing of shapes into component parts for purpose of recognition & length of visual cuts to parse silhouettes as motivated by the principle of transversality, human Ss, 23048
visual perception biases, psychosis-prone college students, 19736
visual perception of & preference for different attributes of physicians, 5–15 yr olds vs their parents, 17272
visual perception of 3-D surface structures, monkeys, 26473
visual perception on conventional cabinet tachistoscopes vs computer monitor tachistoscopes, college students, 36083
visual perceptual interference in processing of superimposed motions, naive observers, 19709
visual perceptual organization & selective attention, 18–30 yr olds vs 60–76 yr olds, 10035
visual performance in hyperacuity test, children (mean age 5.73 yrs) with amblyopia, 5446
visual processing of stereoscopic motion in Z-axis & in X/Y plane & cyclopean motion, humans & animals, 32836
visual response latencies of magnocellular vs parvocellular neurons in lateral geniculate nucleus, anesthetized adult male monkeys, 16975
visual salience vs stimulus-driven attentional capture, 18–23 yr olds, 19762
visual search for global vs local stimulus features, humans vs baboons, 426
visual search inhibition of return in oculomotor system, adults, 29495
visual search task presentation of compound stimuli, visual processing of global & local stimulus features, chimpanzees vs human 24 yr old males, 10245
visual selective attention & response competition, 20–78 yr old patients with frontal lobe lesions vs with Parkinson's disease, 21572
visual sensory functions, brain signal processing, 18–98 yr olds , 29497
visual stimuli & spatial scale, visual detection thresholds for mirror symmetry, adults, 32840
visual system integration of multiple views of human motion perceived as continuous event, college students, 23038
visual vs auditory target vs probe modality, attentional blink, 17–33 yr olds , 19697
visual word processing & word meaning priming, semantic activation, 16–18 yr old fluent in 2 Serbo-Croation alphabets & lexical decision, erratum, 13292
visual word processing & word meaning priming, semantic activation, 16–18 yr olds fluent in 2 Serbo-Croation alphabets & lexical decision, 3552
visual-feature-related TV viewing, 2–42 yr olds, 23666
visually controlled locomotion & orientation within informational–dynamical approach to agent–environment systems, animals, commentary, 6954
visually controlled locomotion & orientation, animals, 6947
visuo-spatial & linguistic & memory ability, 10 yr old male with Williams syndrome, 31005

weak fusion & modified weak fusion & strong model as models of visual cue combination for object depth & object shape perception, 35798
wielding of tennis rackets & bats contrived from wooden rods, perception of length vs position of 'sweet pot', novice vs skilled tennis players, 23004
Visual Perception [See Also Binocular Vision, Brightness Perception, Color Perception, Dark Adaptation, Eye Fixation, Face Perception, Foveal Vision, Interocular Transfer, Monocular Vision, Peripheral Vision, Stereoscopic Vision, Texture Perception, Visual Acuity, Visual Contrast, Visual Discrimination, Visual Field, Visual Thresholds, Visuospatial Ability}—Books
The motion aftereffect: A modern perspective, 3492
Object recognition in man, monkey, and machine, 16531
Representation and recognition in vision, 19764
Sight and sensibility: The ecopsychology of perception, 36188
Vision science: Photons to phenomenology, 19765

Recovery of 3D volume from 2-tone images of novel objects, 16533
Repetition blindness for pictures: Evidence for the rapid computation of abstract visual descriptions, 26305
Response synchrony, APG Theory, and motor control, 36481
The retinal image, ocularity, and cyclopean vision, 3495
The role of parsing in high-level motion processing, 3501
The role of the otoliths in perception of the vertical and in path integration, 23371
Roles of attention and form in visual motion processing: Psychophysical and brain-imaging studies, 3955
Sensory systems in old age, 10936
A systems analysis of visual motion perception, 3498
Temporal segmentation and binding in oscillatory neural systems, 39059
Theoretical and biological limitations on the visual perception of three-dimensional structure from motion, 3500
A theoretical framework for visual motion, 3504
Theoretical models of the motion aftereffect, 3806
Three-dimensional object recognition based on the combination of views, 16538
Tuning of the motion aftereffect, 3499
Understanding and remembering briefly glimpsed pictures: Implications for visual scanning and memory, 26304
Vision fin de siècle: A reductionistic explanation of perception for the 21st century?, 188
Visual Perspective [See Linear Perspective]
Visual Receptive Fields—Serials
attention, processing of visual motion in middle temporal & medial superior temporal visual cortical areas using identical sensory stimulation, monkeys, 33258
brightness induction, striate cortex & lateral geniculate nucleus & optic tract responses, cats, 26638
cell densities & retinal ganglion cell:cone eccentricity ratio from foveal border to peripheral retina & estimation of receptive fields for study of retinal neuronal architecture, patients 39 & 73 & 49 yrs old, 33253
dark vs light adapted conditions, light-evoked responses of AII amacrine retinal cells & conveyance of rod & cone signals, rabbits, 33170
diffusion scatter model & selective spectral absorption of human eye, prediction of residual vision in blind field, hemidecorticated patients, 11954
discrimination between oblique & horizontal & vertical lines or dots, pigeons, test of oblique effect, 19936
dynamic modeling of tecto-isthmo-retinal system & isthmo-optic nucleus as neural substrate for visual competition, Japanese quail, 29867
grouping of image fragments by response properties of orientation-selective cells in primary visual cortex, male & female Japanese monkeys, 36514
maturation of visual receptive field properties in superior colliculus, rat pups, 10411
modeling of neuronal orientation-contrast sensitivity & theory of non-classical receptive field phenomena in visual cortex, 29787
perceptual salience of oriented elements that form smooth contour & role of classical receptive field in visual responses, 16505
preferred retinal locus to left vs right in simulated scotoma in visual field space, reading ability, young adults, 18454
remote visual stimulation during saccades, responses to real stimuli on receptive field via lateral geniculate nucleus relay cell activity, adult female cats, 542
statistical neural field approach to modeling orientation selectivity in primary visual cortex, macaques, 29759
translational & rotational optic flow stimuli, activity of binocular neurons in nucleus of basal optic root, pigeons, 13602
Visual Search—Serials
achromatic & chromatic information in visual search task, adults, 32828
adapting luminance & number of display elements, inhibition & serial processing & attention in visual search latency functions, Os, 3459
attention allocation & habituation to anger-related stimuli during visual search, adults, 138
background vegetation, cryptic prey detection, blue jays, 383
binding problems & role in feature integration & visual search & spatial maps, 26346
blocked vs intermixed presentation, color search performance, adults, 32833
bromocriptine, visual search, 41–69 yr old patients with right hemisphere lesions, comment, 37813
bromocriptine, visual search, 41–69 yr old patients with right hemisphere lesions, comment, 37838
color &/vs orientation distractors, visual search for single-feature targets, adults , 13191
color- & shape-discriminated stimuli, saccade target selection in feature vs conjunction visual search, monkeys, 16467
comprehension of seeing as mental state of attention based on gaze-following abilities, juvenile chimpanzees vs 3 yr old humans, 16769
countermanding procedure for investigating relationship between conflicting cues for controlling human saccades, 18–51 yr olds, 23033
development of attentional processes in parallel & serial visual search tasks, 7–12 yr olds, 20527
direction selectivity of motion-based filtering & role of target direction cues in visual search for conjunctions of motion & form, 17–42 yr olds, 29509
direction coded vs uncoded search conditions & presentation time, saccade direction & fixation duration in foveal analysis task, 30–46 yr old males, 3468
discriminability & profitability & cost, visual search & prey choice, pigeons, 3662
discrimination between attentional priming & search- vs interference-based explanations for variable set size effects during item detection task, Os, 26356
display characteristics, exploratory vs goal-directed visual search, adult Os, 6767
distractor colors & luminance, visual search of color target, Os, convex hull test of linear separability hypothesis in visual search, 23015
dynamic visual environments & learned visual covariation, object recognition & search behavior & top-down visual knowledge, college students, 29484
effects of practice on location cueing & visual search performance & attentional processing, 32864
effects of spatial scale of attention on visual feature & conjunction search, 18–25 yr olds vs 63–74 yr olds vs 76–84 yr olds, 29492
element length & number, detectability of uniquely oriented line element in field of uniformly oriented line elements, 20–28 yr old Os, 36142
ERPs during performance of single vs feature conjunction detection of visual targets, 19–30 yr olds, 23377
feature-based selection vs object-based selection in visual selective attention, visual search, adults, 13212
field dependence & visual search skill & working memory & RT in decision time & gap choice in left-hand turning, 61–84 yr old females in simulated driving task, 12975
inter-element spacing distance & positional jittering, visual search thresholds in simple & combined feature search tasks, adults, 36140
local & global maps & other aids, navigation & search strategies in very-large-scale virtual environments, 18–39 yr olds, 10138
local features or global objects in detection of moving targets in visual search task, college students, test of movement filter hypothesis , 10025
location-based frames of reference & object-based inhibition of return in static vs moving displays, 18–35 yr old undergraduates, 167
location-specific stimulus expectancies during visual search task, Os, 26329
magnetic stimulation of left parietal cortex vs V5 area, performance on conjunction visual search tasks with targets in left vs right visual field, 23–35 yr olds with vs without previous training, 10464
mode of allocation of visual attention in visual search task, 18–22 yr olds vs 60–70 yr olds, 23031
neural concomitants of perceptual processing in frontal eye field, gaze control & saccade initiation & eye movement RT duration & variability, 20141
peripheral analysis & fixation duration during multiple fixation search, adults, 16488
position of elements in target & distracter stimuli, accuracy of visual search, 17–48 yr olds, 16508
practice, visual search for moving vs stationary targets, 19–35 & 16–50 yr olds with vs without error knowledge, 26340
preattentive visual fixations during scanning of human faces & symptomatology, inpatients with chronic schizophrenia, 4956
presence of salient distractor, performance on target-present trials in conjunction search, college students, 16689
rapid shifts of target objects, attention & visual search, adult Os, 32863
redundant-target effects for visual search following complete commissurotomy of corpus callosum & hippocampal & anterior commissures, adults with brain damage, 18406
representation of orientation by preattentive processes in 180 vs 360 degree framework in visual search, Ss, 16524
right hemisphere advantage vs right to left reading habits, visuospatial search as seen in cancellation performance, native readers of Aramaic or Arabic, 19725
right parietal cortex involvement in conjunction vs subset search, patients with right parietal lobe lesions (mean age 56.7 yrs) , 31178
robust representations for highly overlearned faces during visual search task, 18–31 yr old males, 26350
roles of location specificity and masking mechanisms in attentional blink, 19–52 yr olds, 29482
scanning behavior & its role in secondary route selection, female jumping spiders, 33152
search strategies & differentiation of features of traffic environment relevant to crossing road safely, 5 vs 7 vs 9 vs 11 yr olds vs adults, 30163
segmentation based on linear vs local rotational motion, motion grouping in visual search for target, college students, 6791
selective attention assessed by visual search, 55–85 yr olds with Alzheimer's disease, 18373
selective spatial attention & visual display search with unilateral & bilateral stimulus displays, event related potentials, 20–31 yr olds, 29908
serial & parallel processing in focal attention during visual search, apparent movement, Os, 26341
serial attention mechanisms in visual search & applied cognitive neuroscience , 32997
serial vs parallel visual-search attentional effort measured psychophysiologically, adult Os, 305
shape representations & visual guidance of saccadic eye movements in monkeys, 33229
signal detection theory & relationship between stimulus detection & identification, 29493
similarities & differences in target vs distractor, visual search & hemispheric specialization in left vs right visual field, adults, 26586
spatial attention modulation of neuronal activity in human primary visual cortex during visual search, 23350

spatial organization of distractors in visual search, Os, 26342
spatial pattern of omission errors on random-array letter cancellation task, 18–27 vs 60–83 yr olds, 10773
spatially focused or distributed pattern of attention for generation of saccades during visual search, adults, 16502
target & distractor familiarity, visual search & RT & latent inhibition & novel pop-out, male vs female de novo Parkinson's disease patients (mean age 56.7 yrs) with right vs left side symptoms, 24826
target knowledge & orientation & salience, override of stimulus-driven interference in simple vs compound search tasks, 19–33 yr olds, 10228
target saliency model for visual search of motion, 32846
temporal & spatial interactions between top-down control of attention & bottom-up interference from salient distractor in visual search, 21–54 yr olds, 32999
validity of random search model in visual search task, college students, 3456
visual exploration of gap depth, judgment of gap crossability, college students, 6774
visual obstruction, antipredator vigilance & vigilance cost, 13-lined adult ground squirrels, 10296
visual search & target enumeration, male 60 yr old with right temporo-frontal-parietal lesion, 37923
visual search for global vs local stimulus features, humans vs baboons, 426
visual search inhibition of return in oculomotor system, adults, 29495
visual search task presentation of compound stimuli, visual processing of global & local stimulus features, chimpanzees vs human 24 yr old males, 10245
visual span of detection & recognition of kanji character, adult native speakers of Japanese, 3476
visuomotor processing efficiency of reaches & interference from distractors to target location during visual search & target-directed action tasks, college students, 32889
Visual Spatial Ability [See Visuospatial Ability]
Visual Spatial Memory [See Visuospatial Memory]
Visual Stimulation [See Also Dichoptic Stimulation, Illumination, Prismatic Stimulation, Stereoscopic Presentation, Tachistoscopic Presentation, Visual Displays, Visual Feedback]—Serials
'mudsplash' superimposed simultaneously with large change to pictorial stimuli, change-blindness, Os, 13216
2- and 3-dimensional categorical spatial relations representations, hemisphere specialization, college students, 36429
achromatic & chromatic information in visual search task, adults, 32828
activation of intact spatial representation in visual modality, competition of left vs right representation of space in tactile modality, right-hemisphere lesioned patients , 2049
adaptation to high vs low velocity moving visual stimuli, differential coding & perceptual aftereffect in opposite direction, humans, 32855
afterimages, in- vs out-of-phase illusory grating judgments & illusory phantoms, 32826
amizil, short-term memory & stimuli involving different types of visual information, monkeys, 13720
articulation in surrounds of simple center-surround visual stimuli, inference of lightness, adults, 13218
articulation in surrounds of simple center-surround visual stimuli, inference of brightness, adults, 13219
asymmetrical incoherent visual vestibular stimulation, subjective estimates of passive whole body rotations in darkness, male college students, 16523
attended vs unattended standard vs deviant visual vs auditory stimuli, ERP components, college students, 36492
attential selection of spatial location vs visual features vs whole objects, 36166
audio vs visual vs audiovisual presentation of stimuli, accuracy of judgments of traffic speed, 18–52 yr olds, implications for assessing witness capabilities, 36125
auditory & visual stimuli, elicitation of P300 ERP & scalp topography, adults (mean age 23.1 yrs), 23389
auditory & visual stimulus pairing, song learning, male nightingales, 26481
auditory vs visual presentation & irrelevant information & phonological similarity, word recall, undergraduates, 26449
automatic visual bias of perceived auditory location, adult volunteers, 136
automaticity of object recognition, 24–31 yr old undergraduates, 160
axis-of-motion of stimuli, visual direction & speed discrimination, Os, 19737
binocular disparity & discrimination of 2-D mirror symmetry overlaid in depth by 3-D noise plane, Os, 6792
binocular occlusion & binocular camouflage & vergence-induced disparity cues & perceived depth in Wheatstone–Panum limiting case, 18–40 yr old Os, 19752
brain activity underlying sensorimotor transformations elicited by acoustic & motor signal & instructional delay in visuomotor conditional task, 24–30 yr olds, 16954
brightness induction, striate cortex & lateral geniculate nucleus & optic tract responses, cats, 26638
callosal function during visual hemispheric sharing task, 9–14 yr old developmental dyslexics, 27923
callosal transfer in frequency bands of visual evoked potentials to lateralized reversal of checkerboard pattern stimuli, 19–30 yr olds, 36443
center frequency & spatial frequency & orientation bandwidth, detection of narrow band random noise targets embedded in narrow band random noise backgrounds, 19716
changes in apparent shape & size of sectors & parallel lines in rotated stimuli, 30–63 yr olds, 16465
changes in cerebral flow associated with attribution of emotional valence to pleasant vs unpleasant vs neutral visual stimuli, development of model for psychopathology of emotions, 36503
changes in spatial correlation calculation of EEG evoked by visual stimulation, 21-45 yr olds, 26677
computational models of coherent & transparent second order motion, 10043
contextually relevant vs irrelevant odor stimuli priming & presentation of photographs, visual ERP, 21–23 yr olds, 23405
contrast vs spatial frequency vs flicker modulation classes of novel second-order reversed-phi stimuli, perceived motion direction, observers, 32825
cortical evoked potentials during visual imagery of letters vs during detection of intervening tones, healthy Ss, 23400
course of learning & transfer of performance changes in direction discrimination of primary- vs temporal frequency- vs motion-defined stimulus, 13–56 yr olds, 16528
covert orienting of spatial attention, reaction time & eye movement in response to visual stimulation, 18–31 yr olds, 32814
criterion-based vs alternate processing account of perceptual mixing costs in identifying noise-degraded vs segment-deleted perceptual stimuli in mixed blocks of trials, college students, 6773
CRT-generated stimuli, visual determination of hue suprathreshold color-difference tolerances, 22–51 yr olds, 19740
dark vs light adapted conditions, light-evoked responses of AII amacrine retinal cells & conveyance of rod & cone signals, rabbits, 33170
degree of visual similarity & semantic relatedness, picture & word categorization, Os, 32919
demographic & medical & biologic & self-report measures of drug exposure & visual attention to familiar vs novel stimuli, cocaine vs non-cocaine poly drug exposed 38–44 wk olds & their mothers , 23721
depth & flatness information, perception of size in pictures, college students, 32827
different properties of visual stimuli, learning processes for visual differentiation, rhesus macaques with bilateral removal of parietal cortex field 7, 20092
diffuse light flashes, spatiotemporal structure of cortical activity, adult pond turtles, 16982
direct somatosensory & cortical visual stimulus train duration & subthreshold stimulation, sensory perception & cortical EPs, inpatient 11–31 yr olds with medically intractable epilepsy, 18408
distinctiveness of auditory irrelevant sequences, serial recall of visually presented verbal sequences, college students, 10196
diversion of attention, awareness of changes in visual stimulus scenes, 22998
earth-stationary perceived visual scene during roll vs yaw motions, 23–31 yr old males in flight simulator, Netherlands, 6788
ectosylvian lesions, visual discrimination learning under switching, cats with binocular vs limited lab visual deprivation vs normal stimulation , 13386
EEG correlates of short-term memorizing & retention of actual & perceptive visual matrix representations, 19–26 yr olds, 3968
effect of relative size of global & local levels of visual stimuli on advantage & interference, adults, 3451
effects of stimulus size & eccentricity on reflex disparity vergence & psychophysical thresholds, adults, 17011
emotional visual stimuli & auditory ERP mismatch negativity & N100, college students, 570
ERPs during performance of single vs feature conjunction detection of visual targets, 19–30 yr olds, 23377
ERPs during performance of visual oddball vs simple visual paradigms, patients with major depression or bipolar disorder, 4904
ERPs during visual continuous performance tasks, children of alcoholics, 34360
event related potentials, emotional stimulation in parietal N300 elicitation from pleasant–unpleasant visual stimuli, college students, commentary reply, 33280
event related potentials, emotional stimulation in parietal N300 elicitation from pleasant–unpleasant visual stimuli, college students, commentary, 33292
exposure to violent vs nonviolent film vs verbal description, level of violent fantasy in inkblot responses, male vs female high school students, 14011
eye vs stimulus rivalry in interpretation of binocular rivalry, adults, 16498
face drawing gazing to left vs right vs straight ahead, target detection & localization & identification responses, adults, 164
functional MRI assessment of extrastriate cortex during suppressive interactions among simultaneously presented visual stimuli in absence of vs during spatially directed attention, humans, 482
general mechanism of P300 wave based on near-threshold visual stimuli, 28–34 yr olds, 20172
geometric stimuli masked by metacontrast, motor activation without conscious discrimination, college students, 26300
hazard level perceptions of warning components & configurations, college students & 18–34 yr old shoppers & adult industrial workers, 16214
hierarchical stimuli, modulation of brain activities & ERPs, healthy male 20–24 yr olds, 20176
identical face stimuli, categorization &/vs visual processing, college students, 13172
impairment on dot localization task, 18–38 yr old college students with dyslexia, 34459
inclusion of task-irrelevant acoustic accessory stimulus with imperative visual stimulus in choice reaction task, RT & lateralized readiness potential, young adults, 23382
incubation temperature & responses to visual & vibratory stimuli as measures of antipredator behavior, pine snake hatchlings, 3685
individual differences & deficits in visual & auditory mediated attention, adults with fetal alcohol syndrome or fetal alcohol effects, 34348
influence of previous visual stimulus or saccade on saccadic RTs to target, monkeys, 20054
intentional ignoring, priming effect for selection of overlapping visual stimuli, adults, 3609
interhemispheric transfer of sensory & cognitive information, 29 yr old right-handed male without corpus callosum & anterior commissure, 18353
irrelevant syllabic auditory stimulus parameters, degree of interference in serial recall of visually-presented syllables, college students, 32963
knowledge acquisition for building mental models extracted during learning from complex animated visuals, college students, 29640
lateral visual field stimulation, theta EEG and differential ear canal temperature & anxiety level, implications for balance of hemispheric activation., 20142
learning of association between flankers & responses vs regular flanker effect vs on-line processes, correlational cuing effect, adults , 13270
lighting direction, recognition of untextured faces in photographic positive & negative, 18–47 yr olds, 36163
local features or global objects in detection of moving targets in visual search task, college students, test of movement filter hypothesis , 10025
location-specific stimulus expectancies during visual search task, Os, 26329
low spatial & temporal frequency chromatic stimuli, transient visual EPs, 26–34 yr olds, 16952
manipulation of visual stimulus location, "oddball" event-related potential effect, neurologically intact females, 26575
mechanisms of processing of direction discrimination of stochastic motion stimuli, Os, 3452
mental imagery & formation of illusory conjunctions between imagined vs physical perceptual stimuli, Os, 26323
mode of allocation of visual attention in visual search task, 18–22 yr olds vs 60–70 yr olds, 23031
movement predictability in response to visual stimuli, cortical motor activation, 19–34 yr olds, 3834
MRI brain activations during auditory & visual processing, 22–38 yr olds, 13528
Müller-Lyer illusion, saccadic bias & endpoint variability as function of target size & configuration & movement amplitude, male Ss (mean age 26.5 yrs), 16469
name vs sound vs visual learning conditions, reading words, 4.1–6.4 yr old preschool vs kindergarten children, 30195
naturalistic or quasi-ethological visual stimuli, visual evoked potentials & motion reactions, crayfish, 29899
near ultraviolet radiation, visual EPs, 7–10 yr olds, 23682
nervous system involvement in visual input transformation into motor command, 461
neural activity in visual cortex areas V1 & V2 & V4 during free vs controlled viewing, monkey, 3967

neural selectivity in anterior superior temporal polysensory area for simple shapes & integration of visual cues, monkeys, 3957
neurological & ophthalmological features & causes & effect of visual stimulation early intervention, 7 mo olds–4 yr olds with cerebral visual impairment, 11955
neuron activity in medial superior temporal area of extrastriate cortex in response to optic flow &/vs translational self-movement stimuli, rhesus monkeys, 462
new perceptual objects, ability to override attentional control settings in spatial cuing task, Ss ages 18–20, 23026
noise, detectability of brief vs extended motion trajectories, Os, 10063
nonfood priming odor with matched vs mismatched photos, long latency olfactory/visual ERP, 20–35 yr olds, 23381
optokinetic stimulation, latency to illusion of circularvection in optokinetic drum, males vs females aged 18–39 vs 40–59 vs 60 yrs & older, 3885
orthogonal stimulus variation, attention during visual discrimination task, homing pigeons, 23197
orthographic & syntactic aspects of processing of visual characteristics of verbal stimuli by brain, male 18–43 yr olds, 3937
P300 event-related brain potential & alcoholism heritability & auditory & visual stimulation, family members at high risk for alcoholism, 14752
path integration for route learning through use of visual landmarks in Cataglyphid ants, 29700
pattern reversal & photic stimuli, 2 dimensional visual EPs, healthy 18–46 yr olds vs 21 & 72 yr old patients with left posterior brain lesions, 24795
patterned stimuli, visually evoked potentials, mice, 33298
PC hardware & software for display of stimulus images & performance of reaction timing for tachistoscopy in cognitive research designs, 13296
perceived blur of drifting waveforms as function of speed & blur & spatial frequency & quantitative model for distortion of waveforms in motion, adults, 3465
perception of first- & second-order motion, 41 & 66 yr old neurological patients with stroke induced focal unilateral lesions, 15047
perception of pictures of human faces vs animals vs faceless animals vs houses, response of fusiform gyrus & superior temporal sulcus, Ss, 36483
placebo treatment vs intermittent photic stimulation & after-image feedback treatment, visual acuity, 14–27 yr olds with congenital nystagmus, 5742
practice & habituation, inhibition of return in static displays, human Ss, 23045
preexposure to CS, enhanced visual latent inhibition, medicated & unmedicated 16–68 yr olds with obsessive compulsive disorder, 14626
prenatal visual experience, development of spatial turning bias, domestic chicks, 13439
presentation conditions, persistence over time & specificity over spatial frequency of McCollough effect & contingent after-effect & stimulus discrimination, pigeons, 33065
presentation of new equiluminant perceptual object & inhibition of return, undergraduates, 175
real vs imaginary targets defined by extrafoveal cues, visually guided eye movements, monkeys, 16986
recall & recognition of actions & details in central & peripheral content of viewed film, 21–26 yr olds, implications for accuracy of eyewitness testimony, 29272
recognition as function of exposure duration for objects with low- vs high- vs compound-spatial frequency, adults, 3593
remote visual stimulation during saccades, responses to real stimuli on receptive field via lateral geniculate nucleus relay cell activity, adult female cats, 542
renewed significance of Gestalt psychology principles due to neurophysical research into cortical processing of visual stimuli, 23362
role of odor cues & visual information in determining familiarization with & subsequent reactions to novel half of exploration box, male vs female rats, 29723
role of software tools Runword in collection & digitization & storage & analysis of naming responses to visual & auditory stimuli, 6424
role of superior colliculus in preparation & execution of anti-saccades & pro-saccades toward visual stimulus, male monkeys, 20095
RT to visual stimuli & P300 ERPs, treatment-resistant schizophrenic patients, 27704
rule-plus exception model for classifying objects in continuous-dimension spaces, undergraduate Os, 238
satiation vs hunger, foraging responses to visual and/or vibratory cues from prey, wolf spiders tested as immatures & adults, 10341
scaling & size of stimuli, detection of peripheral visual targets, adult males, 159
selective attention to color vs motion, visually evoked vs attentively modulated & evoked potentials, humans, 33281
sensitivity to differences in reward frequency & effects of methylphenidate on signal-detection task, 6–14 yr old boys with vs without ADHD, 30952
shading & axis, representational momentum for 3-D object in rotation, college students, 6916
similarities & differences in target vs distractor, visual search & hemispheric specialization in left vs right visual field, adults, 26586
Simon- vs Stroop-like stimuli in isolation & factorial combinations of irrelevant vs relevant stimuli, time course, 19–25 yr olds, 19731
simulated approaching textured object, errors in estimation of absolute time to collision, viewers, 13198
simulation of apperceptive agnosia via removal of perceptual organization cues vs degrading visual processing, normal college students, 2118
spatial misalignment between moving & strobed objects & differential visual latency, adults, 6783
spatial spread & shape of signal window, spatial integration of Gabor gratings in contrast detection, human Os, 19754
spatial structure & detection of neural registration of temporal structure & contrast modulation, 33224
spatially directed attention to auditory or visual stimuli, regional cerebral blood flow in auditory cortex, 18–45 yr olds , 10387
speed of contour integration into spatially extended objects, adults, 16510
standard vs test illuminant of surface, simultaneous color constancy, adults, 16466
stare vs look instructin for visual stimulation, spectral sensitivity in 2 kinds of nystagmus, adults, 16903
stimulus context, 41–75 yr olds with right brain injury & left hemineglect, 2056
stimulus integrality, visual selective attention & dimensional integration, patients (mean age 66 yrs) with Parkinson's disease, 18371
stimulus onset asynchrony, visual encoding, college students, 19729
structured program of planned visual stimulation, visual behaviors, 9–21 yr olds with visual & additional impairments, 24885
subliminal visual processing of positive vs negative emotional cues, eating, female college students, 16453
superordinate & basic-level categorization & identification of specific instances of familiar categories in approach to study of visual representation, comments & reply included, 3461
supraliminal & subliminal frequent & target visual stimuli, ERPs & unconscious cognitive processing, 22–35 yr old healthy males , 3962
synchronized changes of visual features, global perception of spatial form, human Os, 19734
target & standard & nontarget stimulus context & auditory vs visual modality in oddball paradigm, perceptual distinctiveness measured by P3a component amplitude profiles, young adults, 3965
task-driven attention to visual coherent motion & acoustic stimuli, gamma-band magnetoencephalographic activity, 22–36 yr olds, 29919
temporal frequency & flash vs motion conditions, visual sensitivity to small position differences, 12- vs 24-wk-olds, 4422
texture & shape perception, categorization of complex visual stimulus classes, pigeons, 13385
thresholds for visual detection of unidirectional vs bidirectional global motion signals, Os, 19721
time course & scalp distribution of ERPs of visual word recognition under visual vs phonological & phonetic vs phonological & lexical vs semantic levels of processing, male & female Ss, 23373
time course of spatial attentional focusing during identification of pairs of spatially overlapping or neighboring letters at various locations around central fixation, 23158
variability discrimination in successive same-different visual task, pigeons, 33089
variance in stimulus & response alternatives & dual-task interference during attentional blink & psychological refractory period paradigms, Os, 26299
variation in temporal codings of voicing & voicelessness & fundamental frequency & amplitude, audio-visual & auditory speech perception, 18–35 yr olds, 36194
vector-averaged smooth pursuit eye movement responses to 2-target vs single target stimuli before vs after learning, monkeys, 36424
velocity discrimination & impaired eye movements, patients with schizophrenia, 11406
vernier thresholds for flickering bars & temporal frequency & relative temporal phase of bars & stimulus polarity, 18–65 yr olds, 32857
viewing famous vs nonfamous pictures of faces, eye-movement based memory effect, undergraduates, 23123
viewing objects in natural vs unnatural vs achromatic colors, brain activity, adult males, evidence for 3 stages of color processing in human brain, 3949
visual & tactile contact with boa constrictor, heart rate or systolic or diastolic BP, 18–35 yr olds, 20221
visual &/or aural conditions, emotional response to perceived artistic tension in music & dance, musician vs nonmusician students, 22533
visual &/vs olfactory &/vs self-movement cues, spatial navigation in foraging & homing, female rats, 13458
visual contact, cage position & activity & vocalization, dogs, 337
visual cues, nest localization performance, female bees, 369
visual distress cues & threatening stimuli, electrodermal responses, 9–17 yr old males with emotional & behavioral difficulties with vs without psychopathic tendencies, 21228
visual EPs as indices of interhemispheric integration of single letter vs complex pattern visual stimuli, 15–40 yr olds with complete vs partial agenesis of corpus callosum vs total commissurotomy, 34611
visual information & postural coordination, adults (aged 25–45 yrs), 19787
visual input, reaching & grasping for illuminated vs darkened object, 5 vs 7 vs 9 mo olds vs adults, 20510
visual pursuit during sustained acceleration, 23–42 yr olds with no known oculomotor & vestibular anomalies, 16476
visual social signals of target observer, social perceptual & reflexive orienting responses & attention during interaction, college students, 36159
visual stimulation environments, idiosyncratic temporal & spatial characteristics of saccadic eye movements, 20–30 yr olds, 26316
visual stimulation, spreading suppression of cortical neuronal activation & onset of visual change & headache, migraine patients with visual symptoms vs without aura, 24787
visual stimuli & spatial scale, visual detection thresholds for mirror symmetry, adults, 32840
visual stimulus orientation, motion aftereffect, Os, 19714
visual stimulus pattern, adaptation features of complex cells in striate cortex, macaques, 33235
visual word stem completion priming within vs across modalities, changes in regional cerebral blood flow measured by positron emission tomography, 18–29 yr olds, 29848
visual-feature-related TV viewing, 2–42 yr olds, 23666
visual–motor integration of unexpected sensory events, young (mean age 19.85 yrs) vs older adults (mean age 67.25 yrs), 36203

Visual Stimulation [See Also Dichoptic Stimulation, Illumination, Prismatic Stimulation, Stereoscopic Presentation, Tachistoscopic Presentation, Visual Displays, Visual Feedback]—Books

Fleeting memories: Cognition of brief visual stimuli, 26415

Visual Stimulation [See Also Dichoptic Stimulation, Illumination, Prismatic Stimulation, Stereoscopic Presentation, Tachistoscopic Presentation, Visual Displays, Visual Feedback]—Chapters

The attentional blink: A front-end mechanism for fleeting memories, 26430
Inattentional amnesia, 26431
Phonological codes in reading comprehension, short-term memory, and memory for rapid visual sequences, 26422
Understanding sentences and scenes: The role of conceptual short-term memory, 26428

Visual Thresholds [See Also Critical Flicker Fusion Threshold]—Serials

afferent pathway neural lesions, visual acuity & thresholds & monocular vs binocular vision, pigeons, 13544
age & normative values of visual sensitivity thresholds with automated static perimetry, 5–8 yr olds, 4451
aging, calculation efficiency & equivalent noise, 17–31 vs 60–83 yr old Os, 10020
algorithms for predicting free-response detection of simulated pulmonary nodules in noisy computed tomography data, numerical & human Os, 10050
backward masking & threshold values for perception on Defense Mechanism Test, outpatients with schizophrenia, 27656
binocular hyperacuity thresholds in horizontal vs vertically separated line targets, adults with vs without idiopathic congenital nystagmus, 28238
contrast integration across space in respect to stimulus extent & spatial layout, Os, 23017
contrast sensitivity, hyperacuity & thresholds for bisection & Vernier acuity & edge blur & contrast detection–discrimination tasks, Os with normal visual acuity, 13190
contrast thresholds for binocular vs monocular detection of sine-wave Gabor patches in two-dimensional noise, 18–34 yr olds, 19744
contrast thresholds for circular vs elongated Gabor patches with static carrier, adults, 16506
detection model of spatial contrast sensitivity for chromatic & luminance-modulated gratings, Os, 26347

direct somatosensory & cortical visual stimulus train duration & subthreshold stimulation, sensory perception & cortical EPs, inpatient 11–31 yr olds with medically intractable epilepsy, 18408
direction discrimination at detection threshold for slow & fast chromatic motion, 6776
disparity of signal & noise elements in stereoscopic depth cues, motion perception thresholds, stereo-normal vs stereo-blind Os, 19753
disparity sensitivity functions & low vs high spatial & horizontal vs vertical disparity corrugation frequency as defined by binocular disparity, 32789
early visual processes underlying contrast color & representation of color changes, 22–52 yr olds, 16513
effect of perceived area of target on its luminosity threshold, Ss (median age 19 yrs), 29479
effects of stimulus size & eccentricity on reflex disparity vergence & psychophysical thresholds, adults, 17011
filtering of input image, thresholds in visual perception of geometrical figures & random dot patterns & visual illusions, 3460
frequency-of-seeing analysis, characterization of differences in motion thresholds, eyes of glaucoma vs suspected glaucoma patients vs normal Ss, 13029
fundamental vs 3rd harmonic compound gratings, vernier thresholds, adults, 36137
general mechanism of P300 wave based on near-threshold visual stimuli, 28–34 yr olds, 20172
inter-element spacing distance & positional jittering, visual search thresholds in simple & combined feature search tasks, adults, 36140
light intensity thresholds to evoke escape behavior during dark adaptation time course, zebrafish, 583
light-adapted foveal luminance increment thresholds, 21–48 yr old Os, 10026
long- vs medium-wavelength-sensitive cone input, orientation discrimination thresholds, Os, 10068
luminance frame & background of target & line target & suprathreshold discrimination, 19–50 yr olds, 26322
luminance spatial frequency & disparity modulation of field of Gabor micropatterns, disparity modulation threshold function, adult Os, 13201
ophthalmic lens-induced transverse chromatic aberrations in natural viewing conditions, spatio-temporal thresholds, 33–39 yr olds, 34734
perception of coherent motion, humans vs pigeons, 32788
phase coherence, detectability of Gabor patches chain, adults, 32795
photopic spectral sensitivity of multiunit activity in torus longitudinalis & optic tectum, goldfish, 548
position of elements in target & distracter stimuli, accuracy of visual search, 17–48 yr olds, 16508
radial threshold modulation for detection of deformation of circular contours, adults with strabismic amblyopia, 18458
sensitivity to first- vs second-order modulations of luminance vs image contrast, visual white noise, Os, implication for mathematical model & computer simulation, 23047
simple & additive noisy linear amplifier models for estimated threshold ratios in Gabor orientation identification & detection, college students, 10046
slanted reference plane, threshold of & sensitivity to differences in perceived depth, 32809
spatial extent of briefly presented cyclopean depth pedestal, stereoacuity thresholds, Os, 19746
spatial integration in human vision & effective height of noise checks of 1 dimensional noise masks, detection thresholds for vertical sinusoidal gratings with spatial noise, 23–32 yr olds, 16497
spatial parameters, visual sensitivity to & detection of temporal phase differences, Os, 36146
spatial-frequency bandwidth of perceived suprathreshold contrast, adults, 32853
supraliminal & subliminal frequent & target visual stimuli, ERPs & unconscious cognitive processing, 22–35 yr old healthy males , 3962
temporal contrast sensitivity in human vision & spatial frequency, 36147
test of hypothesis of impaired displacement thresholds based on random loss of motion sensitive units due to loss of cone photoreceptors, patients with retinitis pigmentosa, 21622
texture element orientation & luminance contrast & positional jitter & undersampling, texture segmentation thresholds, strabismic amblyopes, 15065
thresholds for visual detection of unidirectional vs bidirectional global motion signals, Os, 19721
topographical jitter & undersampling, contrast thresholds for orientation identification & detection of E-pattern in foveal & peripheral & strabismic amblyopic vision, 22–40 yr olds, 15063
transparency perception asymmetry & contrast thresholds & depth perception & principal nonlinearity in 2nd-order stereopsis, Os, 26333
Vernier hyperacuity thresholds for perception of symmetric vs asymmetric irregular shapes, Os, 26344
vernier thresholds for flickering bars & temporal frequency & relative temporal phase of bars & stimulus polarity, 18–65 yr olds, 32857
visual sensitivity measurement with vs without noise, Os, 10053
visual signal detection with 2-component noise with broadband & low-pass background spectra, human & model Os, 10022
visual stimuli & spatial scale, visual detection thresholds for mirror symmetry, adults, 32840

Visual Tracking—Serials

age, smooth pursuit eye movement tracking, 18–70 yr olds with schizophrenia , 30746
amplitude criteria & anticipatory saccades during smooth pursuit eye movements, 18–40 yr olds with schizophrenia, 27703
attention, smooth pursuit & saccadic visual tracking, 8 vs 14 vs 20 vs 26 wk olds, 20520
birth-month & familial risk factors, eye-tracking dysfunction, schizophrenia patients (mean age 32.3 yrs), 21141
changes in moving stimuli direction, smooth pursuit direction discrimination, Os, 10064
comprehension of seeing as mental state of attention based on gaze-following abilities, juvenile chimpanzees vs 3 yr old humans, 16769
cylcoversion & monocular torsion patterns generated by smooth asymmetric changes in vergence, 21–39 yr old males, 16489
electro-oculogram detection of saccadic intrusions & smooth pursuit eye movements, 18–68 yr olds with chronic schizophrenia, 17913
evaluation of adaptive automation system using beta & alpha & theta EEG indices with visual tracking task, 18–40 yr olds, 20175
extraretinal eye position vs slanted surface, visuomotor localization, 23–29 yr olds, 32805
eye pursuit tracking on step-ramp visual tracking task, patients with schizophrenia vs bipolar vs unipolar depression, 34078
face drawing gazing to left vs right vs straight ahead, target detection & localization & identification responses, adults, 164
fixation during observation & imitation of finger & hand & arm movements, adults, 140
gap effect & contrast of pursuit & fixation targets, adults, 32830
gaze tracking vs whole body rotation, neuronal focus in medial superior temporal area to compensate for smooth head rotation, monkeys, 29854
leftward vs rightward smooth pursuit eye movement deficiencies & overall tracking performance & scores on schizotypy scale, male vs female 17–47 yr olds, 30725
moving objects, spatial field bias effects in visual tracking & reaching, 16–20 wk olds, 17264
neural model of saccadic eye movement control to explain task-specific adaptation & saccadic coordinate changes, 33206
novel changes in pursuit target, anticipatory eye movements during identification of moving acuity targets, 24–51 yr olds, 23050
occlusion, tracking multiple items & visual objecthood, college students, 16512
oculomotor gap effect & saccadic RT via eccentric fixation anchor, adults, 16482
operant conditioning with auditory feedback, visual tracking development & augmentation of proportion of slow eye movements, 1–7 day old neonates, 23685
pathophysiology of eye tracking abnormalities, 1st-episode treatment naive schizophrenic patients, test of frontal eye fields hypothesis, 1623
perceptual mechanisms in tracking & catching fly ball, male ball catchers, 10052
performance on 1 vs 2 dimensional eye-arm random pursuit tracking task, 20–40 vs 55–75 yr old males vs females, 6829
phase information & eye pursuit, moving object detection in noise, Os, coronary artery x-ray fluoroscopy imaging implications, 10066
phonological & orthographic priming & activation of phonological codes during eye fixations in reading, Os, 26309
psychophysical thresholds for visual acuity & discrimination of moving objects, 20–58 yr olds with neurological disorders & related smooth pursuit disorders, 34636
reflexive visual orienting of attention, target detection in moving objects, undergraduates, 29500
regulation of tracking movements, mechanism of organization of virtual space, 17–20 yr olds, 19723
relationship between initiation of saccade & velocity dynamics of pursuit eye movements, adults, 3891
responses of neurons in medial superior temporal area of cerebral cortex & ocular tracking, 33291
saccades & illusory stimulus motion during visual tracking, accuracy of saccades to remembered location of target, 26–49 yr olds, 3491
scanning direction & line bisection, 18–29 yr old left-to-right French vs right-to-left Israeli readers vs 46 & 70 yr old male patients with left unilateral neglect , 2018
shape representations & visual guidance of saccadic eye movements in monkeys, 33229
silence vs low- vs high-intensity music, low- vs high-demand driving-related tracking & vigilance tasks, 18–24 yr olds, 35766
smooth visual pursuit tracking eye movements, patients with schizophrenia (mean age 41.2 yrs), 37386
spatial arrangement differences of facial features & facelike & selected elements of face stimuli, visual tracking, 2 day olds & younger, 23689
stimulus dimension & amplitude & frequency, saccadic & pursuit eye movements, 23–62 yr olds with cerebral palsy, 5256
symmetrical vs elongated object shape, bias in perception of object motion direction, college students, 10048
target direction change, 2-dimensional tracking of motion by saccadic & smooth pursuit systems, human Ss , 19722
target selection & movement selection saccades, superior colliculus neuronal discharge, monkeys, 20178
treatment with lithium salts & control in isometric force with visual target, 43–68 yr olds with manic depressive illness, 5671
use of constant bearing angle strategy for interceptions in horizontal plane in locomotor interception task, college students, 13255
use of projective geometry by & preferred motion transformations of visual system during track of moving objects, humans, 13193
visual pursuit during sustained acceleration, 23–42 yr olds with no known oculomotor & vestibular anomalies, 16476
visual stimulus amplitude vs stimulus frequency &/vs irregularity, tracking with eye-hand vs eye-alone, 24–51 yr olds, 13260

Visualization [See Imagery]

Visually Disabled [See Also Blind, Partially Sighted]—Serials

adjustment to vision loss through use of prior life experiences & internal & external resources, 68–93 yr olds, 18459
barriers to employment, 25–83 yr old employed persons with visual impairments, 24877
comprehension vs time spent reading single words vs different types of texts, 9-yr-old visually impaired vs sighted readers, 24878
degree of visual loss & age & intellectual function & ability to communicate, inappropriate & unusual behaviors, visually impaired children followed from birth to 5 yrs old, 28225
design & evaluation of hypermedia system, 13–19 yr olds with visual impairment, 18462
effectiveness of programs for development of visual perception, 4–6 yr old preschool students with low vision, 19353
environmental access & approaches for barrier reduction, preschool age children with visual impairments, 15067
maternal responsiveness & directive behaviors & development of child with visual impairments, mothers & their 20–36 mo olds, 28230
model for career planning, visually impaired students, 35572
perceptions of access to employment, blind or visually impaired vs unimpaired individuals, 8699
philosophy & structure & content & suggested strategies for design of instructional strategies for students with visual & multiple impairments, 2970
practicality of head-mounted vision devices, visually impaired students (aged 12–21 yrs), 35290
prevalence & causes & treatment of sleep disorders, children with visual impairment, 24889
psychological autopsy assessment of effects of blindness & fear of sight loss on suicide rates, 19–89 yr old suicide victims, implications for crisis intervention, 27768
psychosocial consequences & long-term adaptation of age-related vision impairment, visually impaired vs mobility-impaired vs unimpaired 65 yr olds & older, 37953
reading performance, sighted vs visually impaired 9-yr-old students & their teachers, 25809
role of orientation & mobility training & evaluations of potential dog guide users applying to dog schools, orientation & mobility specialists, 25551
scores on measure of divergent thinking, 4–12 yr olds with vs without severe congenital visual impairment, 24892
selective deficit of intermediate vision & its theoretical implications, 64 yr old female with significant visual disabilities following traumatic brain injury, 11930
step by step method for setting curricular priorities for visually impaired students during Individualized Education Plan process, 29027

structured program of planned visual stimulation, visual behaviors, 9–21 yr olds with visual & additional impairments, 24885
users & instructors & types of alternative mobility devices used, visually impaired students, 35296
Visually Disabled [See Also Blind, Partially Sighted]—Chapters
Assessing the preschool child with visual impairment, 6647
Detection and discrimination of tactile warning signals in field conditions, 34727
Wayfinding performance by people with visual impairments, 34719
Visually Handicapped [See Visually Disabled]
Visuospatial Ability [See Also Visuospatial Memory]—Serials
2- and 3-dimensional categorical spatial relations representations, hemisphere specialization, college students, 36429
ability of divided cerebral hemispheres to make processing discriminations based on spatial vs identity information, 46 yr old male & 47 yr old female callosotomy patients, 31203
access to internal representations of spatial information frames of reference in selective attention, patients with unilateral spatial neglect after right-hemisphere lesion , 8695
accuracy of gaze shifts generated soon after preceding gaze shift to visual or auditory stimuli, 23–37 yr olds, 36201
age, strategic allocation of visual spatial attention, 18–21 vs 58–79 yr olds, 23698
anatomy of foveal fixation system & relationship to system for visuospatial attention during fixation of central point with vs without peripheral visual distractors, 22–34 yr old males, 26631
apparel & general spatial visualization ability & training level, college & graduate students with manual flat pattern making vs without computer-aided design vs no training, 29063
attention & executive & visual-spatial & working memory functioning, 27–69 yr old catatonic patients vs non-catatonic psychiatric patients, 21044
attentional performance, Covert Orienting of Visuospatial Attention Task & Continuous Performance Task, children with ADHD with vs without comorbid disorders, 14841
covert visuospatial orienting & focusing of attention in response to cuing, 5.75–11 yr olds with vs without ADHD, 14828
development of handedness in line bisection, 5–6 vs 20–45 vs 60–94 yr olds, 20492
development of visuospatial & classification ability & mental representations of between spatial relationship, 6–7 mo-olds, 36760
effects of practice on location cueing & visual search performance & attentional processing, 32864
extraretinal eye position vs slanted surface, visuomotor localization, 23–29 yr olds, 32805
formation of viewer-& object-centered representation of visual stimuli & discrimination, 69 yr old male patient with visual agnosia due to ischemic stroke, 1994
generation & utilization of verbal & visuospatial mnemonic strategies, IQ-preserved schizophrenic Ss, 1593
hydrocortisone, learning & memory & executive function, 21–44 yr old males, 33515
individual differences, integration & coordination of visuospatial vs verbal sources of information, college students, 29548
lateralized global-local figures task performance, elderly (65+ yrs) vs young adults (aged 20–35 yrs), 33706
linguistic & nonlinguistic visuospatial abilities, 20-yr-old female with left hemispherectomy as a result of Sturge-Weber syndrome, 8644
manual laterality as predictor of verbal & visual-spatial functioning, 4–27 yr old females with Turner syndrome, 5204
monoamine oxidase B deficiency, visuospatial learning & age-related cognitive decline, male rats, 36501
monocular vs binocular viewing & computer aliasing, size-arrival effects, college students, 32800
neglect & pseudonegect & line length & azimuthal line position & line aspect ratio & line elevation, line bisection judgments, strongly right-handed male Ss , 23272
neuropsychological profile for linguistic & visuospatial abilities, 4.8–15.3 yr olds with Williams syndrome , 11697
object recognition &/vs memory for object location & object context, male rats, 13395
optic flow perception & performance on spatial navigation task, 19–25 vs 63–81 yr olds vs 60–82 yr olds with Alzheimer's disease, 18430
paraphasias & perseverations in & visuo-semantic activation of modality specific visual misnaming, 77 yr old male with emoblic stroke, 1996
passive storage & active processing in visuospatial working memory task completion, 60–70 vs 72–84 yr olds, 32978
perceived visual orientation & body position effects that are caused by alteration of somatosensory information during underwater immersion, 23–35 yr old divers, 33342
performance asymmetries on inspection-time task & linguistic lateralization, adults, 36415
performance of visual–& tactile–spatial judgments of axis orientation in frontal plane, 45–61 yr old patients with left-sided visual neglect, 37863
pre- & perinatal exposure to pentachlorobiphenyl, performance on visuospatial & sustained attention tasks & response to chlordiazepoxide challenge, adult male rats, 33370
presence of corticohippocampal route from ventromedial temporal areas to CA1, macaques, implications for visuospatial processes, 23344
relationship of boundary thinness to visual-spatial processing in dreaming & waking thought, visual art students vs Wall Street brokers, 7915
representation of space in parietal cortex, visuospatial attention & generation of eye movements, humans & monkeys, 20081
response latency & RT in visuospatial priming & Stroop tasks, individuals (mean age 33.4 yrs) with obsessive compulsive disorder, 24332
right & left & upper & lower & basic gestalt & inner detail aspects of visuoconstructional deficits, patients with Alzheimer's disease (mean age 72.9 yrs) vs vascular dementia (mean age 67 yrs), 18355
roles of central executive & visual-spatial sketch pad & other working memory mechanisms in arithmetical skills, primary school students, 20484
rotation of Ray & Taylor Complex Figures & performance parameters & anatomical correlates, 12–67 yr old patients with neuropsychological disorders, 6654
scanning direction & line bisection, 18–29 yr old left-to-right French vs right-to-left Israeli readers vs 46 & 70 yr old male patients with left unilateral neglect , 2018
spatial coordinate system used by spatial view cells in hippocampus via electrophysiological recordings, male monkeys, 23380
spatial localization & visual representation, 19–35 yr olds with acquired strabismus vs 5–14 yr olds with congenital strabismus, 21624
spatial working memory in delayed-response variants of peek-a-boo procedure, 9 mo olds, 10794
verbal & visuospatial ability, sex differences in episodic memory, 20–40 yr old males vs females, 32780
viewing distance & individual differences on oculomotor resting states in inspection performance & visual fatigue, college students, 16490
visual cues, apparency & contingencies in single panel & pull-down menus in computerized path-finding task, low vs high spatial visualization ability college students, 6409
visual spatial selective attention, time domain ERPs & frequency domain EEG oscillations, 18–24 yr old females, 7120
visual-proprioceptive mapping & use of vision in mapping tasks, 5–7 yr olds with developmental coordination disorder, 24591
visual-spatial thinking in science education & learning, 9385
visuospatial ability & textbook instruction vs object manipulation & visual imagery, transformational geometry performance, 7th & 8th graders, 32220
visuospatial encoding of movement patterns, college students, 32959
visuospatial neglect with stimulus presented at several distances, 52–84 yr olds with visuospatial hemineglect following cerebrovascular accident, 8580
voice vs keypad-controlled navigation structures with different degree of cognitive load in voice messaging service, 19–57 yr olds with high vs low spatial ability, 20408
water maze task performance, male rats with vs without lesions in the anteromedial extrastriate visual cortex, 29789
Visuospatial Ability [See Also Visuospatial Memory]—Chapters
Dealing with rationalization and unawareness in the treatment of visual inattention, 38389
Visual-spatial skill and standard psychometric tests, 3342
Visuospatial processing in a pure case of visual-form agnosia, 31353
Visuospatial Memory—Serials
complexity, short-term retention of visuospatial material, college students, 32966
computational model of functional prefrontal cortical circuitry for visuospatial working memory formation, 29863
copying strategies, recall of Rey-Osterrieth Complex Figure, 9–13 yr olds with vs without learning disabilities, 37673
event-related brain potentials & visual short-term memory, 20–27 yr olds, 29907
factorial validity of Ruff-Light Trail Learning Test, neuropsychological assessment of visuospatial learning & memory, 16–70 yr olds, 13087
frame of reference for hand-centered encoding of target location in visuospatial working memory, adults, 13349
functional & structural processing mechanisms in mental imagery &/vs visual perception assessed by mental scanning & neuroimaging, 32768
hydrocortisone, learning & memory & executive function, 21–44 yr old males, 33515
increase in focal interictal spikes during specific visuospatial tasks, 21 yr old male with pharmacoresistant right temporal lobe epilepsy, 11874
individual differences in immediate visuospatial vs verbal memory span, second language vocabulary acquisition, 19–40 yr olds, 7284
memory span for Arabic numerals vs digit words, adults, implications for visuospatial short term storage system, 19844
mental rotation & representational momentum & mental imagery, college students, 36229
motor imagery & hemispheric differences & handedness, recognition memory for orientation of heads, college students & staff (mean age 23 yrs), 29642
neurocognitive theory of visual-spatial working memory & attention & scene representation, 32775
neuropsychological dissociation in impaired visual repetition priming & recognition familiarity, 32 yr old male with lesion to right occipital cortex, 2100
object orientation priming, object possibility task performance, undergraduates, 29656
passive storage & active processing in visuospatial working memory task completion, 60–70 vs 72–84 yr olds, 32978
peanut vs kibble prefeeding & caching tray visuospatial distinctiveness, food cache content memory & preferential search & recovery, scrub jays, 6962
recognition memory for object form & location, ERPs, 19–34 yr olds, 558
relationship between self-evaluation of everyday spatial memory skills & performance on visuo-spatial & verbal memory tasks, 19–29 yr olds vs 60–70 yr olds vs 72–84 yr olds, 36277
saccades & illusory stimulus motion during visual tracking, accuracy of saccades to remembered location of target, 26–49 yr olds, 3491
shading & axis, representational momentum for 3-D object in rotation, college students, 6916
subclinical doses of lithium & pilocarpine, learning & memory of radial maze, male rats, 4123
test–retest reliability & age norms for Shum Visual Learning Test of visuospatial memory, 17–83 yr olds, 29408
top-down vs location-based visuospatial information inhibition in visual marking & cognitive mapping of & selective attention & reaction time to moving vs static stimuli, 18–33 yr olds, 32834
variability of textual descriptions, visuospatial working memory & selective interference in verbal & visual & spatial-sequential & spatial-simultaneous tasks, college students, 10207
verbal representations & spatial manipulation in working memory model during mental synthesis , 32968
visuo-spatial & verbal short-term memory deficits, children & young adults with Down's or Williams syndrome or moderate learning difficulties, 24704
Visuospatial Memory—Chapters
The attentional blink: A front-end mechanism for fleeting memories, 26430
Temporal segmentation and binding in oscillatory neural systems, 39059
Understanding and remembering briefly glimpsed pictures: Implications for visual scanning and memory, 26304
Vitamin C [See Ascorbic Acid]
Vitamin Deficiency Disorders [See Also Pellagra, Wernickes Syndrome]—Serials
alcohol-related memory impairment & thiamin deficiency & Korsakoff's syndrome & memory impairments following nonalcoholic Wernicke's encephalopathy, 34361
dietary habits & aging & gastrointestinal absorption, development of thiamin deficiency & onset of Wernicke–Korsakoff syndrome 2–20 yrs following gastrectomy, male 51 & 60 & 65 yr olds, 5771
presence of α-tocopherol transfer protein in brain, patients with ataxia with vitamin E deficiency or Alzheimer's disease or Downs syndrome or cholestatic liver disease or abetalipoproteinemia, 24793
pyrithiamine-induced thiamine deficiency vs lesions of lateral internal medullary laminae, allocentric spatial working memory & retrograde memory in delayed matching to place water maze task, rats, 10438
Vitamin Therapy—Serials
antioxidant therapy in treatment of ADHD, 38260
antioxidants vitamin E & beta-carotene, ethanol induced neurotocity in embryonic hippocampal cultures, rats, 15421

benfotiamine &/vs vitamins B6 & B12, 30–70 yr old outpatients with severe symptoms of alcoholic polyneuropathy, 9256
high-dose vitamin-mineral supplementation, reversal of cognitive deficits, healthy 80–89 yr old non-vitamin-deficient females with cognitive malfunction, 1-yr study, 31776
megavitamin & dietary treatment, schizophrenic patients, 15353
neuroprotection with selegiline or vitamin E & neurorestoration as alternatives to levodopa treatment of Parkinson's disease, 5752
perception of risk in parenteral thiamine treatment of Wernicke's encephalopathy & incidence of Korsakoff's psychosis, hospital admissions older than 15 yrs, commentary, 2087
perception of risk in parenteral thiamine treatment of Wernicke's encephalopathy & incidence of Korsakoff's psychosis, hospital admissions older than 15 yrs, commentary reply, 2040
vitamin E & dose, severity of abnormal involuntary movements, 50–84 yr old tardive dyskinesia patients, 5666
vitamin E treatment, tardive dyskinesia symptoms, 19–60+ yr olds taking neuroleptic medications, 34953
vitamin E, haloperidol-induced extrapyramidal reaction, male 17–40 yr olds with acute & transient psychosis, 8889
vitamin supplements, cognitive performance, people with dementia vs without cognitive impairment, 9014
Vitamins [See Also Ascorbic Acid, Choline, Nicotinamide, Nicotinic Acid]—Serials
age & acetyl-L-cartinine, rate of decline, patients with Alzheimer's disease, 1 yr study, 31801
age & acetyl-L-cartinine, rate of decline, patients with Alzheimer's disease, 1 yr study, 31780
altered dietary levels of protein or vitamins & minerals, morphine induced antinociceptive responses, male rats, 13758
antioxidant vitamins A & E & cognitive function, 91–104 yr olds with vs without dementia, 8666
blood folate & vitamin B12, CSF monoamine metabolites & depression & hopelessness & personality, 18–71 yr old suicide attempters, 27773
cocaine & haloperidol & clozapine & vitamin E & MK-801, brain dopamine dynamics following discontinuation of cocaine, male rats, model of schizophrenia, 768
deprenyl vs alpha-tocopherol, mortality rate & neuroprotection as seen in progression of disease, patients with Parkinson's disease, 10 yr study, 5772
high-dose vitamin-mineral supplementation, reversal of cognitive deficits, healthy 80–89 yr old non-vitamin-deficient females with cognitive malfunction, 1-yr study, 31776
lipids & carbohydrates & proteins & nutrition & selective malnutrition/vitamin deficiencies & cognitive & affective performance, elderly people, 7154
lithium, vitamin B12 & folate & red blood cell folate concentrations, 22–70 yr olds with affective disorders, 15286
plasma tryptophan & other amino acids & cortisol & vitamin B12 & urinary pterins as biological markers, pregnant vs early postnatal adult females with vs without postpartum depression , 27571
vitamin B12 & folate levels, episodic memory, 90–101 yr olds, 20658
vitamin supplements, cognitive performance, people with dementia vs without cognitive impairment, 9014
Vocabulary [See Also Anagrams, Homonyms, Sight Vocabulary, Slang, Synonyms]—Serials
active vs passive storybook reading, vocabulary acquisition, kindergartners, 17249
age vs cohort effects, intercohort decline in verbal ability & vocabulary, 18–89 yr olds, commentary, 17233
age vs cohort effects, intercohort decline in verbal ability & vocabulary, 18–89 yr olds, commentary, 17253
animated cues in electronic books, vocabulary development, 3rd graders, 17259
comparison of vocabulary size & lexical context with diary study vs MacArthur Communicative Development Inventories, 9 mo old male, 1.5 yr study, 17281
continuity & stability & models of concurrent & predictive correspondence in vocabulary & verbal responsiveness across play & mealtime contexts, infants at 13 & 20 mo old & their mothers, 7 mo study, 23681
core & fringe vocabularies during meal break conversations at work place & use as source of vocabulary information for augmented communicators, 17–57 yr old nondisabled employees, 25900
developmental association between phonological short-term memory & vocabulary knowledge, 4 & 5.1–6.3 vs 13.3–14.4 yr olds, 10771
diagnostic accuracy of vocabulary tests, 4–5 yr olds with specific language impairment, 21439
fast mapping, facilitation of multiple word learning, 5.1–22.0 yr olds with moderate–severe mental retardation, 5158
home environment, vocabulary & grammatical development, African-American 18 vs 24 vs 30 mo olds, 13952
individual differences in immediate visuospatial vs verbal memory span, second language vocabulary acquisition, 19–40 yr olds, 7284
Japanese large-vocabulary continuous-speech recognition acoustic language models using newspaper vs broadcast news vocabularies, 23629
language & proportion of nouns & verbs in early vocabulary, toddlers (mean age 20 mos) & their mothers, China vs US, 23723
maternal narrative intervention, vocabulary & narrative skills, economically disadvantaged preschoolers (mean age 3.7 yrs), 1 yr followup, 17276
model for using dynamic reading assessment to examine unknown words & reading comprehension, 7th grade students experiencing vocabulary difficulty, 38839
phonological short term memory & role in vocabulary development, 4–5 yr olds, 13 mo follow up, 7375
precise vs general wording in test instructions, scores on WAIS, college students, 4778
prelinguistic vocalizations & expressive vocabulary 1 yr later, 17–34 mo olds, 30180
reading & vocabulary development in speaking & writing curriculum , 15864
relationship between lexical/vocabulary diversity & grammatical morphology in use of verbs vs nouns, 2.2–6.9 yr olds with vs without Specific Language Impairment, 24675
reliability & validity of testament definition scale, measurement of capacity to define testament, 61–85 yr old cognitively impaired patients, 28159
roles of ontological & syntactic information in learning of words for physical objects & substances, adults vs 3 & 4 & 5 yr olds, 26915
sex & skill in spatial transformation task & vocabulary, 4–6 yr olds, 23773
singing paired with signing, receptive vocabulary skills, kindergarten & elementary English as a Second Language students, 32234
sociolinguistic significance of apology routines within community context via analysis of Creole word sore usage, males vs females living in Bislama, 27297
tactile-alone vocabulary acquisition using 'Tickle Talker', normally hearing adults, 35362
transfer effect, well- vs ill-formed & within- vs across-domain vocabulary elements in artificial grammar learning, college students, 29652
use of dictation & speech recognition as oral mode of text production as means of composing, learning disabled individuals, recommendations for teachers, 34456
validity of parental report MacArthur Communicative Inventory for measurement of vocabulary & grammar & syntax, parents of 24–49 mo olds with specific language delays, 16313
validity of PPVT—R, assessment of receptive vocabulary, 5.1–6.0 yr olds, 4427
verbal & semantic memory & vocabulary & other neuropsychological deficits, male vs female elderly adults with Alzheimer's disease, 31286
vocabulary ability, visual word recognition in standard lexical decision task, younger (ages 18–44) vs older (ages 61–93 yrs) Ss, 16494
vocabulary growth, phonological awareness & nonword repetition, 3–5 yr olds & 1st graders, 10786
vocabulary learning & dissociation between cognitive rule learning of training target & bound-morpheme generalization performance, 4.0–5.9 yr olds with vs without specific language impairment, 24674
vocabulary test results, workers previously vs still exposed to styrene, 6350
weighted determinization & minimization algorithms that increase time & space efficiency of large-vocabulary speech recognition systems, 32472
Vocabulary [See Also Anagrams, Homonyms, Sight Vocabulary, Slang, Synonyms]—Chapters
The analyst's vocabulary, 34942
Contextual interference effects in foreign language vocabulary acquisition and retention, 302
Phonological short-term memory and foreign language learning, 301
Research foundations to support wide reading, 15949
Vocabulary acquisition: Instructional and curricular bases and implications, 6263

Vocations [See Occupations]

Voice [See Also Crying, Infant Vocalization]—Serials

auditory feedback, voice fundamental frequency control, college students, application of pitch-shifting paradigm, 7291
emotion conveyed in tone of voice with vs without exposure to photographs of facial expressions & effect of inversion of face, perceptions of emotion in voice, 19–26 yr olds, 307
expressive physical touch with verbalization, anxiety & dysfunctional behavior, aged patients with dementia, 25262
pallidotomy surgery, voice & speech characteristics, 53–72 yr olds with Parkinson's Disease, 38427
physiological vs social-interactive bases for testosterone & voice pitch correlations, male vs female college students, 26901
prosodic & voice quality techniques used in reported dialogues to contextualize point of view toward reconstructed utterances in informal German conversations, friends & family members, 20831
recognition of father's voice, 4 mo olds, 26952
temporal control of voicing & disturbances in phonation control, patients with Parkinson's disease vs tardive dyskinesia, 27988
use of perceptual fluency & memory in creation of 2-way illusions with words & voices in presence of noise, college students, 16452
use of signs & voices in psychotherapy for sign-mediated assimilation of problematic experiences, clients, 18532
use of voice conversion algorithm to modify utterances of a source speaker to sound-like speech from target speaker, 29511

Voice [See Also Crying, Infant Vocalization]—Chapters

Pitch, periodicity, and noise in the voice, 16552

Voice Disorders [See Dysphonia]

Voles [See Rodents]

Volition—Serials

educational intervention for learning about self & volition & consultation & time & stress management, academic & nonacademic achievement, gifted underachievers, Singapore, 29044
faith & despair & will & acceptance in analytic process, patients, 15255
implementation intention & motivation & volition & attitude, daily consumption of vitamin C pill vs forgetting to consume, undergraduates, 14328
issues in health care decision making, adults without decision-making capacity, implications for health care professionals, 18937
perception of rational action to interpret behavior as goal directed action without agency cues, 6- vs 9- vs 12-mo olds , 36740
volition, intention & attempts to learn, college students, 2911
willed actions & advance information for movement preparation, performance on RT tasks, schizophrenic patients, 21136

Volition—Books

Revealing the secrets of the human life: New knowledge for new millennium, 33740
Values, achievement, and justice: Studies in the psychology of deservingness, 29614

Volition—Chapters

Cognitive and affective, empirical and clinical aspects of problems of volition, 14352
The development of voluntary attention in the child, 7474
Recasting consent: Agency and victimization in adult-teen relationships, 36863
Stability and commitment in friendships, 37089
Why study Wundtian psychology?, 3616

Volt Meters [See Apparatus]

Volunteer Civilian Personnel—Serials

demographics & perceptions of service provision, indigenous relief workers following participation in disaster relief project, 9367
gender segregation in voluntary organizations, adults, 17517
levels of volunteering to support church programs, parishioners, 4576
reliability & construct validity of Helper's Perception Measure, assessment of benefits & stressors of community maternal health volunteer role, low income female 20–43 yr olds, 25673
religiosity & community service & identity, adolescents, 20623
volunteer assistance, lifestyle changes, alcoholism treatment clients, 1 yr study, 32043
volunteering & social integration, mortality, 65–79 yr olds, 7.5 yr study, 23819

Volunteer Civilian Personnel—Chapters

The Kempsey bus disaster: The effects on Australian community rescuers, 12468
Voluntary work in the area of mental health: The voluntary worker's role in a therapeutic centre in Florence, 15604

Volunteer Military Personnel—Serials

military service, electoral & nonelectoral political participation, Latino vs Anglo veterans who were drafted vs who volunteered for military, 27216

Volunteer Personnel [See Also Volunteer Civilian Personnel, Volunteer Military Personnel]—Serials

AIDS-related stigma, volunteerism & satisfaction & burnout, AIDS volunteers, 18317
attitudes toward & experiences with assisted suicide, hospice volunteers vs public, 28721
demographics & personality traits & psychosocial factors, commitment & performance, 15–86 yr old volunteers in human service organizations, 3082
development of questionnaire assessing factor analysis of work behavior, hospice & crisis & family service volunteers, 120
empathy & expectations & situational preferences, decisions to participate in voluntary helping behavior, college students & community volunteers, 20901
identification with deceased disaster victims as oneself or friend or as family member, PTSD symptoms & health care utilization, 19–48 yr old volunteer disaster workers , 14628
influence of level of resources brought to & rewards derived from & work context on commitment to work, 24–90 yr old volunteers, 3 yr study, 32383
personal & social functions underlying motivations to volunteer, 33721
promotional appeals based on group need vs promise of recognition, volunteerism, adults, 9672
role recognition & experience level, attitudes toward clients & commitment to agency, volunteer alcohol counselors, 5931
selection to & school & work related & psychological & social outcomes of volunteerism, 9–12th graders, 4 yr study, 933
volunteer experience, occurrence & timing of arrest in transition from adolescence to adulthood, 14 yr olds followed to 22 yrs of age, 37610
volunteerism & demographics & health habits & status & physical functioning & social support & religious involvement & emotional states, mortality from all causes, California residents ages 55–85+ yrs, 28568
volunteerism, self knowledge & academics & social awareness & commitment to service, college student volunteers, 22539

Volunteer Personnel [See Also Volunteer Civilian Personnel, Volunteer Military Personnel]—Books

Roots of civic identity: International perspectives on community service and activism in youth, 7561

Volunteer Personnel [See Also Volunteer Civilian Personnel, Volunteer Military Personnel]—Chapters

Adolescents and the "social contract": Developmental roots of citizenship in seven countries, 7567
Beyond the call of duty: The service of Israeli youth in military and civic contexts, 7582
Community service and political–moral discussions among adolescents: A study of a mandatory school-based program in the United States, 7588
Community service and social cognitive development in German adolescents, 7568
Exploring adolescent altruism: British young people's involvement in voluntary work and campaigning, 7579
Learning to listen, learning to hear: A training approach, 21994
Recent trends in civic engagement among Japanese youth, 7584
Social and family determinants of community service involvement in Canadian youth, 7577
The volunteer's dilemma: Theoretical models and empirical evidence, 30433
"Working with hope" in voluntary organisations, 22155
Youth, solidarity, and civic commitment in Italy: An analysis of the personal and social characteristics of volunteers and their organizations, 7571

Volunteers (Experiment) [See Experiment Volunteers]

Vomeronasal Sense—Serials

auditory or visual sensory deprivation or zinc sulfate induced anosmia or removal of vomeronasal organ or olfactory bulbectomy or female feces, induction of noncontact erection, male rats, 36431
detection of dodecyl propionate & anogenital licking responses, Wistar rat mothers with surgical removal of vomeronasal organ vs zinc-sulfate nasal irrigation, 29674
histological study of presence of vomeronasal organ & morphological changes during sexually active vs quiescent seasons, adult male ferrets, 23185
involvement of polymorphic major urinary proteins in pheromone recognition, murine pregnancy block, 3628

role of vomeronasal organ in predator detection, crotaline snakes, 26515
Vomiting—Serials
antiemetic HU 210, cannabimimetic suppression of locomotor activity & rearing & grooming & elicited vocalization & circling & cisplatin- & emetine-induced vomiting & head-shake, pigeons & male rats, 10571
diagnosis & misdiagnosis & interdisciplinary treatment approaches, 12 yr old girl with cyclic vomiting syndrome & 11 yr old girl with conversion neurosis in psychiatric inpatient unit, 22014
icv injections of ethanol with vs without nitrendipine, nicotine-induced emesis & convulsions, cats, 30052
morning sickness & salt intake & food cravings & aversions, 18–46 yr old pregnant females with little or no vs moderate–severe vomiting, 33316
nutritional & motivational factors in development & maintenance of rumination & regurgitation & reingestion, humans vs captive lowland gorillas, 16834
ondansetron, dynamic association between binge eating/vomiting & pressure pain detection thresholds, 21–46 yr old females with severe bulimia nervosa, 2313
role of vomiting in & origin of raised serum amylase, female patients with hyperemesis gravidarum in pregnancy vs bulimia, 27487
somatosensory pain threshold during binge eating–vomiting episode vs during normal meal vs after overnight fast, 18–40 yr old females, implications for vagal afferent activation hypothesis, 21427
Voting Behavior—Serials
adwatch commentary & exposure, voters' attitudes & evaluations of candidates & their ads, college students, 33804
age-invariant patterns in political orientations, US criminology data from 1970–90 & voting behavior in 13–30 yr old German youths, 33810
civic cooperation in community, probability of voting, Ss, 1157
electoral competitiveness & voting decision in Senate elections, voters, 1988 & 1990 & 1992, 1158
exclusion from voting & need for legislative reform, individuals with mental disorders, 3237
extracurricular participation, prediction of voting in election & working for & contributing money to political campaigns & attending political gatherings, senior high school students, 27048
gun ownership & endorsement of candidate by National Rifle Association, voting behavior in gubernatorial election, voters, 1152
impact of unemployment rate in state & local community on retrospective evaluation of national economy, 1992 election survey & unemployment rate data, implications for voting behavior, 14173
influence of conservative Christian political organizations on voting, adults, 30350
intention-balance vs informational theory of single-election party defection, voters in Congressional & presidential elections, 27211
intrinsic vs identified regulation & personal relevance of vote & pleasant emotions & reported voting in context of Canadian political campaigns, eligible 18–28 yr old, 11054
mechanisms of vote buying, 1153
negative campaigning, voting & semantic differential & thought listing, college students, 7718
perceptions of Presidential candidate B. Clinton's vs B. Dole's transformational & charismatic leadership & voting behavior during the 1996 election, voters, 1160
personality profile & political party preference, Italian voters, 17506
public opinion poll reports, voter preferences, adults, 7714
rationality & factors affecting voting behavior & political participation, older adults (mean age 70.2 yrs), 36993
reward vs threat related persuasive message regarding need to vote, perceptions of message's argument quality, high vs low authoritarian voting eligible students, 11213
social communication & accessibility of perceptions regarding voting preferences of associates during course of election campaign, registered voters, 1154
trends in income distribution, voting behavior & outcome of presidential elections, US, 1952–1996, 30348
voting behavior & policy outcomes when violence can occur after election, 14187
wording in voter turnout question, levels of overreport & accuracy of self reports of voting behavior, adult voters, 23914
Voting Behavior—Books
Seducing America: How television charms the modern voter (rev. ed.), 1166
Voting Behavior—Chapters
Emotional responses of African American voters to ad messages, 7732
The influence of medium and media commentary on presidential debate effects, 7731
Political partisanship, 9824
Vowels—Serials
acoustic properties of hiatuses & diphthongs in Spanish & modification of these properties depending on communicative factors, 30088
age & hearing loss, ability to discriminate & identify vowel sounds, 23–24 yr olds vs 71–77 yr olds with normal hearing vs 69–74 yr olds with cochlear implants, 8698
animal models for role of experience for language-specific functional mappings of vowel sounds, European starlings & college age adult humans, 6805
Arabic vowels, reading comprehension, 12–12.5 & 7–8 yr olds, 10757
binaurally presented vowels vs tones vs piano notes, brain activation & hemisphere dominance, 23–30 yr olds, 36487
consonant vowel intensity ratios, maximization of consonant recognition, hearing impaired adults, erratum, 2114
fluctuation sequences during production of normal sustained vowels & perception of amplitude & period sequence, 20–26 yr olds, 26359
formant frequency movements, recognition of vowel quality produced by 10–12 yr old & adult speakers vs synthetically generated versions, 10–12 yr old & adult listeners, 23058
frequency of F1, location of phoneme boundaries at vowel onset & vowel offset time in speech perception, adults, 26367
fundamental frequency & amplitude ratios, vowel identification, 18–22 yr olds, 26361
fundamental frequency discrimination & perception of concurrent vowels & relevance to understanding speech in presence of competing speaker, 59–77 yr olds with hearing impairments, 8708
initial & final segments of vowels taken from syllables containing stop consonants, identifiability of vowels, adults, 26363
linguistic speech style context, patterns of schwa mute/latent vowel e deletion, male vs female 16–25 yr old speakers of southern French, 26895
Northern Cities Vowel Shift & local loyalty, nonurban women in their 40s & 50s & their high school age children, 7301
number of pitch periods & pitch periods from syllable onsets &/vs offsets, identification of /d/-vowel-/d/ syllables by male speaker, college students, 32872
perception of native & nonnative vowels, college students, implications for perceptual magnet effect, 19771
perception of short-duration fundamental frequency glissando pitch direction & extremity of synthetic posterior vowels, adults , 189
perceptual &/or acoustically distinctive production factors in cross-language syllable structure preference for initial vs final consonants, college students , 32881
perceptual magnet effect in discrimination & auditory perception of vowel /i/, native German-speaking college students, 23053
phonological & orthographic information, children's vowel spelling, 1rst–3rd graders, 36774
preattentive auditory change detection utilization of sensory & categorical representations of vowel stimuli, 18–35 yr old Hungarian or Finnish speakers, 10491
sex & age & coarticulation, Swiss German vowel formant pattern vocalization, 5–13 yr olds vs adult speakers, 36670
space where speech production task is specified & perceptual aspects & strategies adopted to reach intended vowel, 19–46 yr olds, 26369
speaker labeled as from Detroit vs Canada, perception of vowel sounds, Detroit-area residents, 10074
syllable stress & vowel quality factors, metrical segmentation strategy in Dutch, college students, 4372
vowel discriminability in auditory nerve fibers, cats with temporary acoustic trauma, 7122
Voyeurism—Serials
paroxetine, symptoms, 29 & 50 yr old males with compulsive voyeurism or exhibitionism, implications for role of serotonin system in pathogenesis of obsessive compulsive & sexual disorders, 15272
Vygotsky (Lev)—Serials
model adaptation of developmental psychologists J. Piaget & L. Vygotsky's theories of assimilation vs accommodation & actual development vs proximal development, 850
ontological existence of self within L. Wittgenstein framework of philosophy of psychology & critique of social constructionism & theories of Vygosky and R. Harre, 20404
Vygotskian perspective on learning science in 1st grade, 32266
Vygotskian-based teacher education program, understanding of teaching & peer & cooperating teacher support systems, preservice teachers, 2838
Vygotsky (Lev)—Books
Activity theory and social practice, 22816
The collected works of L. S. Vygotsky, Vol. 6: Scientific legacy, 30150
Dialogic inquiry: Towards a sociocultural practice and theory of education, 35451
Lev Vygotsky: Critical assessments: Future directions, Vol. IV, 6507

Lev Vygotsky: Critical assessments: Vygotsky's theory, Vol. I, 7451
Vygotsky (Lev)—Chapters
All things being equal: The two roads of Piaget and Vygotsky, 7352
Children's private speech: An overview of theory and the status of research, 7456
Cognitive development, 17302
Commentary on Vygotsky's criticisms of *Language and Thought of the Child* and *Reasoning in the Child* , 7480
The concept of activity in Soviet psychology: Vygotsky, his disciples and critics, 6527
The concept of internalization in Vygotsky's account of the genesis of higher mental functions, 7488
The concept of sign in the work of Vygotsky, Winnicott, and Bakhtin: Further integration of object relations theory and activity theory, 11278
The development of Vygotsky's thought: An introduction, 6529
Diagnosing zones of proximal development, 7459
The encoding of distance: The concept of the zone of proximal development and its interpretations, 7363
Historical and contemporary significance of Vygotsky's sociohistorical psychology, 3266
Implications of Vygotsky's theory for peer learning, 19319
An investigation into some implications of a Vygotskian perspective on the origins of mind: Psychoanalysis and Vygotskian psychology, 8859
Joint activity in mathematics classrooms: A Vygotskian analysis., 6256
Knowledge as shared procedures, 9800
L. S. Vygotsky and contemporary developmental psychology, 7367
Lev Vygotsky and Pierre Janet: On the origin of the concept of sociogenesis, 7364
The missing link: Social and cultural aspects in social constructivist theories, 6226
On the social nature of human cognition: An analysis of the shared intellectual roots of George Herbert Mead and Lev Vygotsky, 6891
On Vygotsky's research and life, 22827
The origins of referential communication in human infancy, 7346
Play, cognitive development, and the social world: Piaget, Vygotsky, and beyond, 7575
Prologue to the English edition of *The Collected Works of L. S. Vygotsky*, **6509**
The psychological ideas of L. S. Vygotskii, 6528
Reclaiming the natural line in Vygotsky's theory of cognitive development, 7477
Social interaction, cultural tools and the zone of proximal development: In search of a synthesis, 23676
Some reflections on L. S. Vygotsky's *Thought and Language* , 7351
Vygotsky's dynamic systems, 7365
Vygotsky's theory and the activity-oriented approach in psychology, 6522
Vygotsky's theory of the higher psychological processes: Some criticisms, 6893
Vygotsky, Piaget and the dialectic of development, 7458
Vygotsky, Piaget, and Bandura: Perspectives on the relations between the social world and cognitive development, 7485
Vygotsky: The social negotiation of semiotic mediation, 7361
What is theoretical about the child's theory of mind? A Vygotskian view of its development, 7343
Why Vygotsky? The role of social interaction in constructing knowledge, 7460
The zone of proximal development: Some conceptual issues, 7487
Wages [See Salaries]
Wakefulness—Serials
20 min noontime nap, EEG recordings & daytime wakefulness/arousal level & computer task performance & mood, 20–22 yr olds, 29898
3:3 vs 12:12 vs irregular short light:dark schedules, REM & NREM sleep & waking, albino Lewis vs pigmented Brown Norway male rats, 3958
age at onset, EEG changes during wakefulness, 48–85 yr olds with Alzheimer's disease, 24840
alertness & sleep, elderly insomniacs treated with vs without zolpidem, 38415

alertness maintenance gamebox device, drowsiness & mental effort & driving quality & safety in advanced driving simulation, 25–49 yr old drivers, 16253
amount of sleep the previous night, dose response curves for Stanford Sleepiness Scale & Psychomotor Vigilance Task tests, 18–30 yr olds, 23425
brain spatial microstates of spontaneous alpha activity in relaxed wakefulness vs drowsiness at sleep onset vs REM sleep, 19–23 yr olds, 33279
content analysis of daydreaming & psi-functioning in spontaneous waking cases, 3620
different amounts of sleep & slow wave sleep restriction, ensuing daytime sleepiness, males aged 21–25 yrs, 23421
dopamine autoreceptor antagonist (–)DS121, wakefulness & locomotor activity & body temperature & sleep, adult male rats, 3892
EEG alpha power & alpha asymmetry across waking vs sleep states, patients (mean age 49.35 yrs) evaluated for possible sleep disorders, 28003
expression of activated state with & without limb movements, decerebrate rats with & without posterior basal diencephalon, 23298
extended wakefulness & automaticity & memory & visual load & stimulus-response mapping & time on task, error-related scalp negativity amplitude & performance monitoring, 21–41 yr olds, 13623
group sleeping orientation, non-REM sleep in 1 hemisphere & wakefulness of opposite hemisphere & predator vigilance via monocular vision, Mallard ducks, 10348
patterns of purkinje cell complex spike activity, awake rats, implications for motor coordination, 20180
sensory gating of auditory evoked potentials during passive wakefulness vs non-REM vs REM sleep, male rats, animal model of schizophrenia, 13652
sleep latency on maintenance of wakefulness test, 17–68 yr old patients with narcolepsy, 5228
steady state auditory evoked potentials & sedation, hearing threshold estimation, 20–30 yr olds, 6800
structure & content & awareness in dream reports collected at sleep onset vs spontaneous morning awakening, college students, 4027
vasopressin V1 receptor antagonist, somnolence of insulin-induced hypoglycemia, rhesus monkey, 4118
waking sound system, immediate & long-term self-reported changes in wakefulness, 30–60 yr old male lorry drivers, implications for driver drowsiness & road safety, 29230

Wales—Serials
attitudes toward & issues & problems regarding use of electronic monitoring, criminal offenders, England & Wales, 13011
comparison of practice of ECT in England & Wales with the standards derived from the Royal College of Psychiatrists' handbook, commentary, 2429
identification of whether & how mental health service users evaluate services within British National Health Service, Wales, 2588
impact of National Curriculum & indirect processes on & strategies for improvement of personal-social education in schools, England & Wales , 12669
legal requirements & forms & certificates & indications of insanity certification during 18th & 19th century, England & Wales, 1489
rates of & factors associated with self-inflicted deaths in prisons, 15 yr old & older prisoners, England & Wales, 8292
sociocultural & other issues in provision of appropriate psychological services, bilingual Welsh, 31422

Wales—Chapters
Intensification and stress in teaching, 22647

Walking—Serials
applied force to contact surface & body sway in acquisition of upright position, pulling to stand & standing alone & walking & post-walking, infants (mean age 44.2 & 48.6 & 53.4 & 58.5 wks), 23679
automatic updating of spatial position in locomotion without vision task, adult Ss, 3430
baby walker & visual motor experience, motor & mental development, 6–15 mo olds, 36766
common gait patterns in backward vs forward walking, 21–36 yr olds, 580
context manipulations of traditional treadmill protocol during transitional stepping period, alternating steps & other step types & overall number of steps, 9.5–18.5 mo olds with Downs syndrome, 5157
control of walking to vs direction opposite to target with vs without vision, 18–45 yr olds, 13250
M. McGraw's study of higher order motor control of neuromotor & mental systems development theory of unaided walking during 1st yr of life, 7449
neural mechanisms of rapidly turning during walking, 26–57 yr olds, 29806
outdoor walking exercise program, cardiorespiratory function & flexibility & mood, female 60–75 yr olds, South Korea, 25369
postulates on visuomotor transformations necessary for adaptive locomotor behavior in humans, 6826
prevalence & correlates of exercise, 55–85 yr olds & older, 33711
psychological status & health-related & sociodemographic factors & self-reported walking difficulty, walking behavior, 65+ yr olds disabled women, 24725
strength & balance impairments, severe walking disability, females aged 65 yrs & older, 18279
walking vs standing, visual acuity, 24–49 yr olds with severe bilateral vestibular dysfunction, 21627
watching TV vs walking vs sleep deprivation, sleep latencies, 19–35 yr olds, 4024

Walking—Chapters
Sensory systems in old age, 10936
Wayfinding performance by people with visual impairments, 34719

Wandering Behavior—Serials
differential reinforcement of other behavior procedure, wandering behavior, 79–83 yr old females with dementia, 38085
feasibility of electronic tracking device for prevention of wandering & injury, carers of elderly with dementia, 5379
prior leisure preferences & current wandering behavior, 64–94 yr old patients with dementia, 8677
wandering & becoming lost & relation to institutionalization & cognitive ability, patients with dementia, 5 yr study, 5378

War [See Also Nuclear War]—Serials
abortion & war as representations of protest in American TV news, 10954
action agenda for feminist psychotherapists as agents of change for victims & survivors of war, 28283
art therapy pilot programs, war refugees, Slovenia & Croatia , 15375
awareness of nurses' involvement in & factors that affected their decisions to participate in euthanasia programs for handicapped & mentally ill children & adults during Nazi era, 21227
category constructions & recall & impact of images from Persian Gulf War, pro- vs anti-war college students, 7904
critique of assumptions behind concept of PTSD & trauma programs in war affected areas, importing of Western concepts & treatments such as counseling by humanitarian operations, 22152
culturally appropriate psychological interventions & universal rights of children as dilemmas in United Nation's Impact of Armed Conflict on Children study, 8714
demographic characteristics & postwar health status, US Gulf War veterans (mean age 30.5 yrs), implications for preventative measures & future deployment medical surveillance planning, 22690
differences in health care utilization & satisfaction with sex-specific care, 19–29 vs 30–39 vs 40+ yr old enlisted women vs officers in active duty vs reserve vs guard during Persian Gulf War, 12418
dissociation–integration vs repression–abreaction treatment model for posttraumatic amnesia & traumatic memories, World War I combat soldiers, 32414
effects & psychosocial consequences of armed conflict on girls & women addressed by G. Machel study, 7626
evaluation of woman-centered training program for counseling & healing trauma of war, Bosnia, 28313
evolving role of physicians in humanitarian relief activities & mental health effects of war & recent documentation of health consequences of human rights violations, 32157
examination of United Nations's Impact of Armed Conflict on Children study with focus on mental health of internally displaced & refugee children, 7329
experience of feminist member/founder of Women in Black Against War working with female survivors of war, former Yugoslavia, 28304
experience of war violence, female refugees of former Yugoslavia, 14112
experiences working with women's organizations & own trauma involved in providing feminist counseling of female war victims, former Yugoslavia, 28292
findings & implications of United Nation's study on Impact of Armed Conflict on Children within framework of children's human rights, 9740
frequency of wars, Western civilizations during 1600–1945 vs Imperial China during 206 BC–1911 AD, 4550
gender & loss of family members & perceived deprivation, development of posttraumatic stress symptoms, 7–15 yr olds in war & siege conditions, Bosnia, 8181
group psychotherapy vs basic counseling, PTSD & psychosocial functioning during war, 15–70 yr old refugee women, Bosnia-Herzegovia, 28314
health effects resulting from Gulf War, Iraq, implications for prevention of war, 7623
historical perspective of political psychology & psychologist & identity roles on peace & war, comment, 14179
historical perspective of political psychology & psychologist roles on peace & war , 14184
historical perspective of political psychology & psychologist roles on peace & war, comment, 14177
historical perspective of political psychology at periphery & psychologist roles in construction of just communities & peace & war, comment, 14183
human resource management & downsizing in military, analysis of deployment of PATRIOT missile units in Korea, 25984
immediate & long-term impact of experiencing war, 10–12 yr olds, Kuwait, 5-yr study, 8164
impact of 1991/1992 war on incidence of cerebrovascular insult, Croatia, 1986–1995, 5293
impact of war on physical environments & ecosystems & implications for children's physical & psychological harm, 7339
integrative function of recognition in Korean War Veterans Memorial, artists & Korean War veterans, 12919
inter-rater reliability of War Events Questionnaire, psychiatric patients, 22837
interplay between psychopathology of group members & group in one patient's experience of draft & another's experience of overdependency & emigration, adult males, former Yugoslavia, 2225
issues & concerns that can negatively impact effectiveness of local caregivers & foreign mental health care personnel in war zone, 28671
leader personality, bureaucratic politics & government policy-making, Vietnam war decision-making in 1965 & 1968, 17510
Lebanon Wars & pre-war depression & stressors, prevalence of major depression during war, 18–65 yr olds, Lebanon, 8103
level of posttraumatic stress disorder &/or depression, adult war-traumatized Cambodian refugees, 12-yr study, 34077
memory for telephone support calls from home care facility during Gulf War, anxiety, elderly, 25466
military strategy & outbreak of international conflict, samples of state behavior from 1903–92, 20771
Minnesota Multiphasic Personality Inventory-2 assessment of posttraumatic stress symptoms, Vietnam combat veterans (mean age 45 yrs), 29174
Mississippi Scale for Desert Storm War Zone Personnel, assessment of long-term psychological effects of war-related stress, Marine reservists, 3 yr study, 6663
model of democratization & military intervention–violence as result of government miscommunication, 14188
neuropsychological evaluation & MMPI patterns & potential effects of psychological distress on physical symptoms, 21–56 yr old Persian Gulf War Veterans, 25985
objective stressors & perceived stress & coping & resourses during Lebanese War, adolescents & their parents, Beruit, 33799
occurrence of anniversary reactions & correlation with traumatic events & PTSD symptoms, Gulf War veterans assessed 6 yrs post-war, 4 yr followup, 27730
overview of United Nation's study on Impact of Armed Conflict on Children & its methodology, 7338
pathogenic effects & psychodynamic therapy of intergenerational transmission of war trauma, fathers & their children, 37280
perceived threat & fear of nuclear war at 1 mo vs immediately prior to onset of Persian Gulf War, 14–20 yr olds, 953
physical & mental health & war-related trauma & human rights concerns & conditions & attitudes toward women's human rights, 17–70 yr old females, Afghanistan, commentary, 14203
physical & mental health & war-related trauma & human rights concerns & conditions & attitudes toward women's human rights, 17–70 yr old females, Afghanistan, commentary reply, 14198
posttraumatic stress reactions, 6–11 yr old Palestinian children who experienced war, Gaza Strip , 14627
pretrauma risk factors & war-zone stressors & posttrauma resilience-recovery variables & PTSD symptom severity, combat veterans, 11469
psychological impact of civil disturbances, Northern Ireland, implications for treatment, 34059
psychological responses to historical incidents of political mass killings, college students, 14111
psychological support intervention & debriefing & stress-inoculation training, stress reactions & trauma, Canadian military personnel deployed on humanitarian peacekeeping operations in Rwanda, 6373
PTSD & other predictors of health care consumption, Australian veterans of Vietnam War, 9123
PTSD with psychotic symptoms, 40 yr old female & 39 yr old male war veterans, Croatia, 16179
public opinion & economic developments & government budget & national security policy during Gulf War, adult respondents, 1990–1991, Israel, 10945

reactions to missile attacks, 20–65 yr old patients with panic disorder, 24341
reconsideration of various approaches to working with victims & perpetrators of war crimes, feminist therapist, Serbia, 28303
repetitive posttraumatic nightmares & anxiety dreams, outpatient military veterans & civilian war victims, 8200
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37412
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37402
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary, 37406
sex, reasoning about & justifications for military intervention, male vs female college students, 1171
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, commentary, 9665
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, 9670
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17808
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, 17827
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 30631
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17824
stability of negotiated settlements to civil wars & role of institutions, 10947
US public opinion of general and militant internationalism & ideologies, 1964–1993, 11051
use of netwar strategies in Russo-Chechen War, 1994–1996, 36910
veterans' narratives vs cultural narratives of Vietnam, 38–47 yr old Vietnam veterans with PTSD, 8183
violence against women & influence of war & nationalism & militarism in the former Yugoslavia, 14689
war experiences & subsequent flight to refugee camps, social support & coping behavior & psychological well-being, Sudanese 7–12 yr olds, Uganda, 20594
work experiences of maternity care during the post-WWII Baby Boom, 52–78 yr old general duty nurses during period of 1944–62, 22358

War [See Also Nuclear War]—Books

How children understand war and peace: A call for international peace education, 27086
An intimate history of killing: Face-to-face killing in twentieth-century warfare, 37525
Psychologists on the march: Science, practice, and professional identity in America, 1929–1969, 16293
The psychology of peacekeeping, 1043
Psychology of the Great War: The First World War and its origins, 27111

War [See Also Nuclear War]—Chapters

Adolescents' beliefs about their conflict behavior: Correlates, consequences, and cross-cultural issues, 26974
Beliefs about war, conflict, and peace in Israel as a function of developmental, cultural, and situational factors, 26971
Children, peace, and war in Northern Ireland, 26968
Children, war, and peace: A review of fifty years of research from the perspective of a balanced concept of peace education, 27087
Concept formation of war and peace: A meeting point between child development and a politically violent society, 27018
Cultural socialization and conceptions of war and peace: A cross-national comparison, 26960
The evolving psychology of peacekeeping, 1050
Group psychotherapy for war-related PTSD with military veterans, 34908
I know what you are thinking: The role-taking ability and understanding of peace and war, 26962
Introduction to *Psycho-Analysis and the War Neuroses* , **21841**
The peace personality, 27418
Peer relationships and children's understanding of peace and war: A sociocultural perspective, 26963
Stress and immune dysfunction in Gulf War veterans, 27500
Teaching an understanding of war and peace through structured academic controversies, 28952
Toward a positive conception of peace, 26967

Warning Labels—Serials

hazard level perceptions of warning components & configurations, college students & 18–34 yr old shoppers & adult industrial workers, 16214
household chemical environmental & warning information comprehensibility & consumer purchase & use intentions, 18–86 yr olds, 16193
label believability, explicit vs implicit mention of hazardous agent in a product and worst outcome of interacting with product and probabilistic vs definite instructions, college students, 22703
long-term effects of alcohol warning labels on drinking during pregnancy & drinking & driving & conversations about alcohol & precautionary behaviors, 18 yr olds & older, US vs Canada, 20803
sex & SES & ethnicity & school grades & religious service attendance & own & friend's alcohol use & awareness of & exposure to & memory for & beliefs about alcohol warning label, 12th grade students, 20592
user knowledge &/vs designer judgment in warning label content strategies, 16194

Warning Labels—Chapters

Research on pharmaceutical labeling: An information processing approach, 20481

Warning Signs [See Warnings]

Warnings [See Also Warning Labels]—Serials

analysis & model of safety & total driving costs of warning sign installations in traffic , 35769
application of Stevens Power Law in quantification & prediction of effects of auditory warnings to facilitate perceived urgency, 12946
auditory icon emergency warnings, vehicle collision avoidance & reaction time, under 35 to 35+ yr old Ss, 35768
human- vs computer-adjusted warning thresholds, 18–28 yr olds in simulated driving task, 16223
in-use vs recommended content & design elements of patient medication warning leaflets, pharmacies, 15282
institution of security paging code when patient has loaded firearm, medical center psychiatric emergency department, 15590
product information on potential injury severity vs injury likelihood, hazard-risk judgments & warning compliance, college students , 35749
redundant pictorial &/vs text formats, comprehension & recall of pharmaceutical safety & warning information, college students & young & older adults, 16213
responses to autopilot malfunctions & effect of auditory warning, 20–72 yr old pilots, 26005
threat denial & warnings as social processes & networks of social constraints related to disaster warning responses & disaster event taxonomies & implemented social policies , 33722
warning decision-making processes & information content & design & utility modeling in integrated research framework, 13271

Warnings [See Also Warning Labels]—Chapters

Maximizing the effectiveness of the warning process: Understanding the variables that interact with age, 20675

Wasps—Serials

sex allocation & clutch size, numbers of male & female eggs, wasps of the parasitoid genus Achrysocharoides, 13485
species variety vs size of prey in choice of spiders to provision mud chamber for larval consumption, mud dauber wasp, 16798
use of artificial landmarks to define territorial boundaries, male cicada killer wasps, 26499

Water Deprivation—Serials

24 hr water deprivation & reduced space, behavior & biochemical measurements of dehydration & feed restriction, ewes, simulation of conditions of commercial transportation, 33027
pharmacological characterization of conflict drinking procedure that did not require use of water-deprived animals, rats, 33502
photoperiod or water deprivation, reproductive status, male vs female Shaw's jirds in moderately temperate climates, 23230
post-conditioning increase in water deprivation, extinction & revaluation & generality of incentive learning in motivational shifts, male rats, 33067
short-term vs long-term food & water deprivation in early vs late dark, daily caloric intake & circadian macronutrient self-selection, male rats, 4000
single pairing of sucrose with LiCl & attenuation of renewal effects by extinction in multiple contexts, rats, 13392
VI schedules of water reinforcement at various levels of deprivation, lever pressing, rats, replication of G. M. Heyman & M. M. Monaghan's study with less extreme deprivation conditions, 33071
water deprivation, morphine- vs lithium-induced suppression of sucrose intake, male rats, 33411

Water Intake—Serials

conversion of enzyme blockade in periphery vs central nervous system, angiotensin-induced drinking & pressor responses, rats, 36454
corticotrophin releasing factor, food & water intake & body temperature, broiler vs Leghorn chickens, 23500
electrolytic & chemical brain lesion of septal area, water & salt intake, rats, 3904
histamine H1-receptor agonist, water & food intake, adult female pygmy goats, 30050
injection or infusion of neuropeptide Y in suprachiasmatic nucleus, macronutrient & water intake, male rats, 33493
intracellular vs extracellular dehydration, water absorption response & thirst-related behavior, toads, 13650
methamphetamine dosage, water intake & ambulatory activity during light vs dark cycle, male rats, implications for involvement of depletion of central dopamine &/or serotonin, 689
MRI changes during water loading, male schizophrenic patients with polydipsia & intermittent hyponatremia, 24272
social rank & initiation of herd movements, individual water consumption & drinking frequency, female Przewalski horses in semireserve, 410
water intoxication, 26 yr old female patient with anorexia nervosa who received compulsory treatment, 1901

Water Intake—Chapters

Solving natural resource dilemmas through structural change: The social psychology of metering water use, 32455

Water Safety—Serials

child–adult ratio & lifeguard positioning & scanning, 21–25 yr old lifeguards, 19415

Water Transportation [See Also Submarines]—Serials

development of standardized boat sobriety test, 19–53 yr old recreational boaters, 12982

Weaning—Serials

cold vs moderate vs warm ambience, weaning onset, rat pups, 3993
oral/sweetness vs postingestive/nutrients reinforcement, conditioned appetitive & consummatory responses to flavors, weanling rats, 4060
relationship between breast feeding termination & alcoholism 30 yrs later, adult males, follow up study , 18047
segregated early weaning, behavior & health & well-being, piglets, 23256
weaning at 7 & 14 & 28 days of age, piglet behavior, 10372
weaning vs repeated snaring, glucocorticoid receptor binding in brain, neonate vs adult pigs, 3867

Weapons—Serials

access to guns, suicide or homicide or accidental death, children aged 0–15 yrs, 37481
consistency of context, accuracy of description & weapon focus effect, undergraduates, 29250
demographic & alcohol related & other behavioral characteristics & firearm possession on campus, college students, 35531
domestic terrorism with chemical & biological agents, neuropsychiatric effects & psychological aspects of mass disasters & approaches to crisis intervention & mental health consequences , 36912
fear of criminal victimization vs social control vs differential association, firearm possession in school, 13–20 yr old high school students, 34407
gun ownership & endorsement of candidate by National Rifle Association, voting behavior in gubernatorial election, voters, 1152
gun ownership & likelihood of committing homicide, persons in prison for criminal homicide vs non-offenders, 30924
institution of security paging code when patient has loaded firearm, medical center psychiatric emergency department, 15590
prevalence & loaded status of firearms, households with demented family member, 37913
psychosocial issues in weapon-carrying in school, implications for psychiatric interviews, 1722
sociodemographic & environmental characteristics & problem behaviors & exposure to school crime & violence & absence from school due to fear, 9th–12th graders who carry weapons to school vs elsewhere, 22540
suicide & firearm availability, 24444
US vs Soviet arms transfers in Middle East & amount of armaments & stabilizing effect & likelihood of military intervention, 10950
use of long guns in murder in more rural states with more licensed hunters, 5130
violent & nonviolent criminal victimization & delinquent behavior in & out of school & weapon possession in school during previous year, male vs female 7th–12th grade students aged 12–18 yrs, 34410

Weapons—Chapters

Guns, gun control, and homicide, 8410
Guns, gun control, and homicide: A review of research and public policy, 8411

Weather [See Atmospheric Conditions]
Wechsler Adult Intelligence Scale—Serials
administration time estimates for WAIS-III subtests & scales & short forms, Veterans Affairs medical & psychiatric patients, 6630
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22863
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22874
blood pressure in relation to performance on Wechsler Adult Intelligence Scale, 40–70 yr olds, 19-yr study, 836
comparison of 9 WAIS-R short forms, correlation with WAIS-R Full Scale IQ, adults (mean age 35.4 yrs) with mild to severe traumatic brain injury, 13092
development of Satz-Mogel short form of WAIS-III, validity& clinical utility of full IQs & subtest profiles, men in substance abuse outpatient program, 29389
differential vs equal weighting in calculating factor scores & reliability of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19588
factor analysis of combined Wechsler Adult Intelligence Scale—Revised & Wechsler Memory Scale—Revised, analysis of memory function, healthy 18–34 yr olds, 29621
IQ differences & precision ranges for levels of confidence for use with seven-subtest short forms of WAIS-III, 29321
item difficulty & discrimination in Picture Arrangement subtest of WAIS-R, 16–78 yr olds with traumatic brain injury, 5354
order of item difficulty on WAIS-R Picture Arrangement subtest, alcohol dependent patients (mean age 46.4 yrs), 30906
performance on Sentence Arrangement subtest of Wechsler Adult Intelligence Scale-Neuropsychology Instrument as evidence of cognitive deficits, 20–55 yr olds with schizophrenia, 37361
performance on supplemental measures of Wechsler Adult Intelligence Scale—Revised as Neuropsychological Instrument, adults with vs without brain injuries, 5381
precise vs general wording in test instructions, scores on WAIS, college students, 4778
predictive validity of WAIS-R Verbal IQ Performance IQ splits for depression, inpatients, 13066
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence testing series to identify & assess pupils with specific learning problems, 22915
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence tests toassess pupils with specific learning problems, commentary, 29421
psychometric sensitivity & predictive validity WAIS/WAIS—R premorbid IQ estimations of cognitive decline, normal 16–88 yr olds, 9839
relation between ability to identify pronunciation of irregularly spelled words & performance on verbal subtests of WAIS-R, 50–78 yr olds, 3551
reliabilities & intercorrelations of short-form subtests of Spanish version of WAIS, estimation of full scale IQ based on standardization data, 6582
Reliable Change Index with vs without practice effects & simple & multiple regression models for predicting retest scores & analyzing performance changes on neuropsychological measures, 15–75+ yr olds, 19644
social competence & Wechsler Picture Arrangement & Comprehension subtests, 6–20 yr old males & females, 35890
statistical analysis of intelligence measured by Wechsler Adult Intelligence Scale & Raven's Advanced Progressive Matrices vs R. B. Cattell's Gc & Gsar & Gf factors, 15–70 yr olds & older, 26107
statistical estimation of annual IQ gains of WAIS-R vs -III & WISC-R vs -III, 1972–1995, 4770
supplementary WAIS-III tables for determining subtest strengths, 3285
validity & reliability & standard errors of measurement of 7-subtest short forms of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19602
validity of Peabody Picture Vocabulary Test-Revised as a surrogate for the Wechsler Adult Intelligence Test-Revised, intelligence quotients, brain-injured adults, 79
Verbal & Performance & Full Scale IQ on Wechsler Adult Intelligence Scale—Revised & EEG-assessed ERPs at Fz & Cz & Pz sites during passive listening vs oddball task, 17–50 yr old college students, 26674
WAIS—R performance, detection of malingering, individuals with suspected neuropsychological deficits applying for disability vs vocational assistance, 9911
warning of detection of feigned malingering, performance on WAIS-R, college students, 4777
Wechsler Adult Intelligence Scale—Books
Essentials of WAIS-III assessment, 9851
Wechsler Intelligence Scale Children—Serials
Adolescent-School Problems (A-Sch) vs WISC-III subtests & Immaturity (IMM) scale of MMPI-A vs WISC-III subtests & A-Sch vs IMM, prediction of cognitive & academic performance of males vs females, 16376
applicability of Australian adaptations of WISC & Stanford Binet Intelligence Scale, 5–10 yr olds, New Zealand, 4445
calculation of WISC-III General Ability Index using Canadian norms, children aged 6–16 yrs, 26110
comparison of Kaufman Brief Intelligence Test & Wechsler Intelligence Scale for Children-Third Edition, 6–16 yr old disadvantaged African Americans, 35899
concurrent validity of Kaufman Adolescent & Adult Intelligence Test vs WISC-III, IQ, 6th & 8th graders, 29423
correlation of WISC Full Scale IQ scores & information & picture completion dyad & screening measurement accuracy, 6–14 yr olds referred for gifted certification, 19652
factor analyses of Dutch version of K-ABC & WISC-R subtests, children (mean age 8.6 yrs) referred for learning disabilities, Netherlands, 6620
intercorrelation between Test of Variable Attention & Performance IQ of Wechsler Intelligence Scale for Children-III, 6–16 yr olds with ADHD, 16336
internal & external validity of 7 short forms of WISC—III, child & adolescent psychiatric inpatients (mean age 12.55 yrs), 6606
knowledge & processing & verbal-nonverbal cognitive functioning modes in new classification of structures of WISC-R subtests, IQ profiles, children with reading impairments (mean age 12 yrs) vs autism, 16303
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence tests toassess pupils with specific learning problems, commentary, 29421
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence testing series to identify & assess pupils with specific learning problems, 22915
psychometric evaluation of the German & American versions of the Wechsler's scales, psychological measurement of high ability, 6–15 yr olds, 6570
psychopathology & learning disabilities & WISC-III subtest scatter, year 9 & 10 students, 9888
social competence & Wechsler Picture Arrangement & Comprehension subtests, 6–20 yr old males & females, 35890
statistical estimation of annual IQ gains of WAIS-R vs -III & WISC-R vs -III, 1972–1995, 4770
structure & diagnostic benefits of subset taxonomy from WISC-III standardization sample, 6–16 yr olds, 9842
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary reply, 35953
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, 14834
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary, 35972
validity of Dumont/Faro short-form version of WISC-III, assessment of giftedness, 3rd graders, 2994
Wechsler Memory Scale—Serials
construct validity of Visual Reproduction cards from Wechsler Memory Scale vs cards from revised Wechsler Memory Scale, cardiac & pulmonary disease patients, 104
correlation between Mini-Mental State Examination & Logical Memory subtest of Wechsler Memory Scale, healthy 70+ yr olds with vs without subjective memory impairment, 7597
correlations between Wechsler Memory Scale-Revised & Memory Assessment Scale, adults (mean age 55.29 yrs) referred for neuropsychological assessment, 13091
factor analysis of combined Wechsler Adult Intelligence Scale—Revised & Wechsler Memory Scale—Revised, analysis of memory function, healthy 18–34 yr olds, 29621
performance & test anxiety, Wechsler Memory Scale—Revised Logical Memory I Story A vs B, male neurological & psychiatric patients (mean age 50.2 yrs), 32677
scopolamine, EEG activity in nonstimulus condition & during photic stimulation & Wechsler Memory Scale scores & physiological changes, 24–31 yr old right-handed males, 23525
Wechsler Preschool Primary Scale—Serials
administration & clerical & scoring errors of WPPSI—R & impact on IQ values, graduate student examiners, 19232
Weight (Body) [See Body Weight]
Weight (Statistics) [See Statistical Weighting]
Weight Control—Serials
3-level comprehensive community prevention and intervention program, disturbed attitudes about weight control, 13–17 yr old females, Israel , 12446
addition of non-cognitive & outcome specific sociocognitive predictors to social cognitive model of determination to lose weight, 18–48 yr old healthy weight female university students, 23996
afternoon dosing of phentermine & lower dose fenfluramine, short-term weight loss, 37–56 yr old obese females with medical complications, 18826
behavioral choice treatment vs traditional behavioral treatment to promote continued weight loss, 18–55 yr old obese women, 12-mo study, 15183
benefits of social support for weight loss & maintenance, adults recruited into weight loss program with vs without their friends or family members , 12376
body esteem & weight-related concerns & attempted weight loss, mothers vs fathers of 4th–5th grade males vs females, 17379
caloric deprivation & negative mood, caloric consumption & loss of control over eating, women with binge eating disorder, 5160
changes in sexual drive during weight restoration, 18–31 yr old female patients with anorexia nervosa, 31020
characteristics of maintenance of long-term weight loss & risk factors for weight regain, successful weight losers (mean age 45.6 yrs), 1-yr prospective study, correction, 28645
characteristics of maintenance of long-term weight loss & risk factors for weight regain, successful weight losers (mean age 45.6 yrs), 1-yr prospective study, 15455
Citrus aurantium extract & caffeine & St. John's Wort, body weight & fat loss & metabolic variables & plasma lipid levels & mood states, overweight healthy adults , 18814
coexisting cognitive vs exercise-limiting morbidities, obese 0.6–22.3 yr olds, 21432
cognitive responses to tailored vs generic weight-loss health information promoting risk-reducing behavior changes, overweight Ss (mean age 47 yrs), 35132
contradictions & confounds in methods & outcomes in coverage of obesity & weight loss in clinical psychology journals & textbooks & media, recommendations for paradigm shift in review process , 35384
controlled motivation & goal-setting attributes, persistence with weight-loss dieting, 16–20 yr old females, 20946
correlates of weight concern across life-span, self esteem & feminist attitudes, 18–60 yr old females, 20951
costs & consequences & media impact, weight control & eating disorders, 35135
development & validation of rigid & flexible subscales of Eating Inventory to examine disinhibition & body mass index & binge eating & weight reduction, 19633
dieting & eating patterns & food-related nurturance & parental control & social context of eating & body weight & self-perception, 12 yr old males vs females, 17333
dieting awareness & perceived self-worth, male vs female 8 yr olds, 928
eating disturbances & attitudes about weight & appearance & self-esteem & weight loss & reasons for weight regain, 21–65 yr old White vs Black vs Asian vs Hispanic female dieters, 1896
exercise focused vs weight focused maintenance program, exercise participation & energy expenditure & energy consumption & weight change, obese adults, 6 mo follow up, 22098
fluoxetine with naltrexone, bingeing & weight control, female 16 yr old with binge eating disorder, 21931
fluoxetine, weight reduction in steroid-induced obesity, 31–59 yr old myasthenia gravis patients, 15273
fluoxetine, weight suppression & rebound, participants in smoking cessation trial, 12503
food preferences & perceptions of possible problem foods & feelings during ingestion of extravagant food, 20–65 yr old obese clients in behavior modification program for weight loss, 5718
friendship clique & peer influences, body image & dietary restraint & extreme weight-loss behaviors & binge eating, females (mean age 15.5 yrs), 20595
gender correlates of binge eating severity, obese patients enrolled in residential weight loss program, 27972
health risks associated with weight loss & obesity & alternative prevention treatment approach emphasizing enhancement of overall health & well being & normal eating patterns, 35118
hostility & weight status & weight cycling & dieting behaviors & nutrition attitudes, 5 yr longitudinal study, 20895
impact of dieting on mood & self-esteem & cognition & eating behavior & general psychological well being & alternative nondieting approaches toward eating, 35140
individual variables & locus of control & beliefs about controllability of weight & value of health & self-efficacy to control weight, prediction of weight loss attempts & success, adults, 25357
interactive TV vs standard behavior therapy interventions, weight control & diet & exercise & expectations about change, obese adults, 5544

LEAN Program involving cognitive behavioral modification of exercise & nutrition & lifestyle & coping strategies, obesity, military personnel, 2 yr followup, 25980
precontemplation vs contemplation vs preparation vs action stages of change, weight control, 20–45 yr old women, 3 yr followup, 35130
predictors of weight gain following smoking cessation, female smokers, 9238
preferences for face to face vs correspondence format & type of community based weight control programs, weight control program participants vs nonparticipants, 2534
premorbid weight & amount of weight loss & weight upon referral for inpatient treatment, 12–17 yr old females with anorexia nervosa, 27971
prevalence of & risk for disordered eating, US Air Force recruits, 21415
prevalence of abnormal eating behaviors, 17–53 yr old female soldiers on active duty in Army, 37712
primary care nurse administered community based weight control program, weight loss & blood pressure & girth measurement, obese rural residents, 3 mo follow up, 2457
readiness for weight management & relation to body weight & weight-related distress & lactation status, new mothers, 25374
relationship of dieting behaviors with overeating & body mass & moods, adults (mean age 38.8 yrs), 30523
self-monitoring, weight management during holiday season, adults in long-term cognitive-behavioral treatment for obesity , 25048
stability of traits assessed by Karolinska Scales of Personality, weight loss at 8 wks vs relapse at 12 mo, obesity patients, 16349
topirimate, mood stabilization & weight loss, 37 yr old male with bipolar disorder & 33 yr old female with major depression, 25167
traditional vs nondiet weight control program, behavioral & psychological & biomedical outcomes, adults, 1-yr study, 38376
treatment protocol for laxative withdrawal & treatment response at 3–20 mo, eating-disordered females, 18479
values & social class, weight concern & restrained eating, 13–16 yr old females, 17363
vegetarianism, weight control & dietary restraint, undergraduate females, 21411
weight loss and/or fitness for health improvement & reduction of body weight, persons with obesity, implications for paradigm shift, 35143
weight loss programs & consumer protection & diet disclosure laws based on social science outcome data & state policies, 35804
wellness approach focused on healthy lifestyle & positive attitude to health & self care & weight standards for prevention of weight gain & reduction of risk factors, obese patients , 35125

Weight Control—Chapters

Applications of emotional self-regulation therapy, 8800
Hypnosis and the treatment of smoking cessation and weight loss, 9007

Weight Perception—Serials

belief in Protestant ethic, psychological well-being, women self-perceived overweight vs normal weight women, 27391
grip force & lifted object roughness vs smoothness & actual vs perceived heaviness in surface–weight illusion, adults, test of simple fusion vs additive-weighted psychophysical models, 10013
human judgment of load heaviness modeled in cognitive engineering approach to setting limits in manual lifting tasks, 12951
intuitive judgments about covariations of length & weight & width of objects via haptic exploration before vs after oral description, blindfolded adults, 3445
perceptions of changes in weights in right vs left hands, 50 & 65 yr old females with right frontal vs right parietal damage, 5319
perceptual independence of size & weight using dynamic touch, college students, 6751
reliability & validity & factor analysis of Impact of Weight Loss Scale, perceived weight loss & related behavior & body image perception & affect, 27–62 yr old HIV-positive males, 31136
sex & concerns about chronic weight & cessation-related weight gain & weight status & dropout during cessation as predictors of relapse to smoking, 18–66 yr olds in smoking cessation program, 5934
small vs large object, judgments of object weight & effort to lift, 16–48 yr olds, test of neural gain hypothesis of weight illusions, 149
women's weight satisfaction & self-consciousness & use of clothing in mood enhancement, female college students & employees, 29183

Weightlessness—Serials

exercise training, brain norepinephrine changes with simulated weightlessness, rats, 26607
lower body negative pressure in long-term spaceflight, endocrine status & hormone changes, 52 yr old male astronaut, 7134

Weightlifting—Serials

1- vs 2-person weight lifting situations & degree of asymmetry & origin–destination configuration of weight lifting condition, spine loading characteristics, 21–35 yr old male college students, 39038
compulsive weight lifting & anabolic substance abuse, 21–40 yr old females who were raped, 27778
role of resistance training in heart disease, 2425

Welfare Services (Government)—Serials

ability to meet health & developmental & sick day needs of children, employed mothers previously on welfare, 4 yr study, 25442
application of sanctions or incentives, knowledge of program requirements, welfare clients, implications for moral lessons vs episodic attention models, 31964
attitudinal predictors of support for Aid to Families with Dependent Children vs work programs & governmental role in protecting poor children, adults vs college students, 4751
conceptual framework based on utilization types & settings in evaluation of welfare reform, 2608
difficulties in accessing medical & counseling & welfare services, Tamil asylum seekers (mean age 35.3 yrs) vs refugees (mean age 43.9 yrs) vs immigrants (mean age 48.7 yrs), Australia, 31901
historical & social context of development of M. Klein's psychoanalytic interpretations & origins of British welfare state, 27456
impact of mandatory US employment program on welfare terminations, California's Greater Avenue for Independence program, implications for welfare reform, 12437
issues in people's response to welfare services for everyday life's risks in the politico-economic climate & high tax spending, England, 27109
mainstream social policy analysis on selectivism & social stigma & selectivity by means test, welfare beneficiaries, 5877
morality of therapy in working within the child welfare system, 38740
perceptions on causes of poverty & service quality of Aid to Families with Dependent Children vs Temporary Assistance to Needy Families, state legislators, 31939
problems encountered during transition from welfare to work & role of counseling psychology & psychologists in facilitating healthy transitions, 11970
race & regional unemployment rate, welfare duration, recipients (mean age 30 yrs) from 3 counties in Utah, 10962
self sufficiency improvement programs, educational & financial outcomes & welfare received & pregnancy rates & maternal & child well-being & parenting outcomes, teenage mothers on welfare, 20750
sex differences & sexual beliefs, sexual intercourse in past year, White vs Black 13–17 yr olds in rural AFDC families, 4466
social welfare reform requirement of unmarried minor parents to live with their own parents, 35228
state welfare reform policies, paternal involvement, 17–35 yr old low-income single African American fathers in community-based parenting program, 25457
welfare & support services in reform & mother's earnings, child cognitive development, 8 yr study, 23734

Welfare Services (Government)—Books

Battered women, children, and welfare reform: The ties that bind, 8298
From poor law to welfare state: A history of social welfare in America (6th ed.), 9174

Welfare Services (Government)—Chapters

Behavioral genetics and dismantling the welfare state, 28712
Mental disorder and social order: Underlying themes in crime management, 37618
The psychological predicament of women on welfare, 27417

Well Being—Serials

work pressure & older vs younger adolescent offsprings' well being, parents of dual earner families, 36956
achievement goal orientations & attributional style & well-being & persistence following failure, male vs female 7–12 yr olds with ADHD, 27917
activities of daily living & apathy & subjective well-being, rural elderly, Japan, 33718
addition of protease inhibitor ritonavir to existing anti-HIV drug therapy, health functioning & well being & quality of life, patients with advanced HIV, 3 & 6 mo followup, 5733
adjunctive Supportive-Expressive & other group psychotherapy, psychological & social & physiological well being, females with breast cancer, 38374
adult attachment styles & emotional well-being & marriage & relationship with 1-yr-old infants, married couples, 1134
age & sex & education, sense of control over work & health & finance & family relationship & sexual & contribution to others' welfare domains, 25–75 yr olds, 7518
age & sex & marital status continuity vs change & psychological well-being, 19–65 yr olds, 1987–93, 1124
alcohol consumption & social & leisure status & psychological well-being, 65+ yr olds, 20657
allocation of social time to self & family & friends & pets & income level & well-being, male & female community dwelling 35–55 yr olds, 37169
ambivalence over emotional expressiveness & coping strategies, psychological well-being, rheumatoid arthritis patients & their spouses, 11817
analysis of impact of unemployment on depression & factors associated with well being, 17–65 yr old Blacks vs Whites., 24219
anxiety disorder vs symptoms, disability & well-being & health care service utilization, 55–85 yr olds, 24328
approach vs avoidance coping strategies, anxiety & depression & well-being, 32–74 yr old patients with coronary heart disease, 1 yr study, 34600
approaches taken to interviewing persons with mental retardation & implications for well-being & quality of life scores, 22856
aspects of social support & subjective well-being as measured by depressive symptomatology & positive & negative affect, 16–19 yr olds, 30222
attitudes toward wellness & body weight & overall health, health professionals, 1979–99, 35428
avoidance of serostatus information as coping strategy, psychological well-being & AIDS-related worries & concerns, gay males, 6 mo to 5.5 yr follow-up, 28069
belief in Protestant ethic, psychological well-being, women self-perceived overweight vs normal weight women, 27391
belief in rainbow nation ideal & national pride & subjective well-being & happiness, South Africans during transition to democracy, 27217
beliefs about benefits of & effects of verbalization of memories on emotional recovery from precipitating event & subjective well being & physical health, college students & bereaved Ss & volunteers, 24052
cancer, psychological well being, cancer patients before & during course of radiotherapy, 5732
caregiving stressors & well-being measured by depression, caregivers of disabled 79–101 yr olds, 18997
changes in quality of life after rehabilitation, patients with progressive neurological disorders, 37896
Child Well-Being Scales for clinical assessment & case management in family services, families, 22180
cognitive coping strategies, psychological well being, 29–69 yr old females with history of childhood sexual abuse, 1719
conceptual framework of work–family interaction & psychological well-being in home-based telework, 35643
conceptualization & dimensions for evaluation of child well being, children in family foster care, 12438
construct analysis of hope & will & ways & self-efficacy & optimism & general well-being constructs on Hope scale, 17–50 yr olds, 19599
construct validity of Multigroup Ethnic Identity Measure, assessment of ethnic identity & salience of ethnicity & psychological well-being, 12–14 yr olds from diverse ethnic groups, 29336
contribution of social arrangements to attainment of successful aging & positive well-being & high life, elderly members of Kibbutz communities, Israel, 1978–1998, 33702
coping & job stress & well being, 23–64 yr old doctors, 32148
coping styles & anxiety & well being & psychological distress, 19–41 yr old sociotropic vs autonomous college students, 12–13 wk follow up, 24046
courage in a variety of lingering threats to well-being, individuals (age range 14–94 yrs old), 36118
criminology & stress-distress perspective on effects of criminal victimization on well being, 20–85 yr old Czech adults, 37599
daily financial stress & chronic financial strain & perceived levels of understanding & control & psychological well-being, university students, 7912
depression & subjective well-being & health & biographic & injury status & activities & social support & alcohol misuse, American Indian adults with spinal cord injury, 37866
development & validity of Obesity Related Well Being questionnaire, assessment of physical & psychosocial distress, obese 15–73 yr olds , 19624
developmental perspective on visiting public drinking establishments & social integration & maturity & psychosocial well-being, Dutch adolescents, 27042

developmental regulation of relationship goal activation & deactivation & psychological well-being, 21–35 yr olds vs 49–59 yr olds committed to vs separated from an intimate partnership, 15 mo study, 27306
economic & social–psychological well-being, family & life satisfaction, noncustodial fathers 3 yrs following divorce, 23897
economic recession of 1974–75, well-being attributable to changes in SES & labor market position & job characteristics, 16 yr old & older full-time workers, 14113
effects of respite provision on well-being, caregivers, 15565
emotional well-being during pregnancy vs after childbirth, adolescent vs adult women, longitudinal study, 934
engagement in & reasons for engagement in activities & well being, 65–74 yr olds, 33696
exercise, physical & emotional & mental & social & spiritual & environmental health, 55 yr old & older members of community activity groups, 7608
exposure to forms of work-related violence, work attitudes & well-being & moderating effect of social support, 20–62 yr old public house licensees, 6347
exposure to war & violence & age & vulnerability & parental functioning & peer relations, mental health & well being & social adjustment, male vs female Iranian refugee children, Sweden, follow-up, 23753
facilitating students' self-awareness & personal growth & well-being as goals of medical education, 25616
factor structure & reliability & construct validity of 9 scales to measure perceived work characteristics across occupational groups, National Health Service Trust health personnel, 32726
factor structure of French version of Retirement Satisfaction Inventory, assessment of well-being & satisfaction with retirement & life, 55 yr old & older retirees, 19595
factors associated with & consequences of & methods for improving employee's low level of occupational health & well-being, organizations, 29165
falls self-efficacy, occupational adaptation in performance & experience, elderly, 33708
family characteristics prior to divorce & mediation, child & parent perceptions of distress & psychological well-being & adjustment, 4–16 yr olds & their parents, 1 mo follow-up, 19541
feasibility of providing Internet & electronic mail access & improvement of psychological well-being, older adults in retirement community, 33717
financial adequacy & perceived economic well-being or stress & own vs partner's job instability & job insecurity, individual & family well being, 18–65 yr olds, 1116
friendship, wellbeing & activity level, long-term residential care patients (mean age 87 yrs), 25488
functioning & daily life patterns, 70–103 yr old males vs females , 7620
general theory for & multidimensional scaling analysis of perceptual indicators of family well-being & life quality, 21–79 yr old males vs females , 27181
grade retention, achievement & socioemotional health & dropping out of school & future employment outcomes, retained vs normal vs low-achieving but promoted students, 21 yr study, 38867
group social identity & efficacy beliefs regarding possible selves & self esteem & psychological well being, college students (mean age 19.2 yrs), commentary, 32293
group social identity & efficacy beliefs regarding possible selves & self esteem & psychological well being, college students (mean age 19.2 yrs) , 32280
hardiness & personal growth orientation as mediators in structural model of parental alcoholism & family functioning & psychological well-being & distress, college students, 14753
health & mental health & life stressors & availability of informal supports & unmet service needs & presence of grandchildren's special needs, 50–78 yr old Latino grandparents rearing grandchildren, 30339
health perceptions, control beliefs & mortality & well being, 65–104 yr olds, 4 yr study, 14096
high vs low parental conflict & married/never divorced vs divorced/not remarried, children's well-being & internalizing & externalizing behavior & peer relations, 10–17 yr old males vs females, 978
holistic wellness model dimensions & short-term state & long-term trait constructs of psychological well being, 18–51 yr old college students, implications for counseling in higher education, 31827
impact of dieting on mood & self-esteem & cognition & eating behavior & general psychological well being & alternative nondieting approaches toward eating, 35140
impact of support groups on psychological well-being, 12–21 yr olds with sickle cell disease participating in sickle cell disease support groups, 28554
implementation of Dutch form of Primary Nursing system, well-being in work situation, nurses (mean age 30.5 yrs), 32125
individual & family positive & negative experiences, well being & developmental processes, 15–24 yr olds, 23761
individual well-being & dyadic relationships as predictors of family functioning, Chinese parents & their children (mean age 13 yrs), 11016
influence of religion on politics & family & health & free space & social capital, 36925
institutionalized care in orphanages, educational status & psychological well-being & distress & stress-related chronic physical symptoms, 45–68 yr olds raised in orphanages, 12477
integrated self-concordance model of conative process related to goal-striving & need satisfaction & well-being, college students, 11234
intellectual abilities & personality & subjective well-being & social relations as predictors of mortality, 70–103 yr olds, 1990–93, 17409
interdisciplinary social academic movement to monitor & improve policy & promote cultural understanding of & improve safety & welfare & health, children, 14109
intimacy & self-disclosure, need fulfillment & well being, couples, 4729
introduction of important memories in telephone format vs audiotape placebo, well being, individuals (mean age 82.7 yrs) with Alzheimer's disease & other dementias in nursing homes, commentary, 19002
introduction of important memories in telephone format vs audiotape placebo, well-being, individuals (mean age 82.7 yrs) with Alzheimer's disease & related dementias in nursing homes, 19000
issues in women's well-being at midlife, 1173
job performance & well being, majority vs minority police officers & nurses, 6310
lay conceptions & determinants of well-being & rules used in judgments of well-being of others, 9–85 yr olds & young vs middle aged vs elderly adults, 20937
learning of gifted label by age 14 vs at older age, expectations of achievement & midlife self appraisal & psychological well being in older age, 75–84 yr olds, 70 yr study, 27092
level & mutuality of commitment, couple well-being, married vs dating couples , 33881
levels of expectancy & expectancy-value product, goal progress & well-being, college students, 6936
life concerns & worry about economic & global & relational & other personal worries & periods of adolescence & number of concerns & psychological well-being, 11–20 yr olds, test of focal theory, 17351
lives & daily occupations & subjective well being, 27–42 yr old Mexican-origin mothers parenting 5–11 yr olds with disabilities & living at or near poverty level conditions, 1401
living arrangement & service use & satisfaction, social support & well being & caregiver burden, 55–79 yr old spousal caregivers of patients with probable dementia of the Alzheimer's type, 35256
living arrangements & father presence & male female & father child relations, mother well being & depression & child behavior, employed vs unemployed single mothers currently or formerly on welfare, 14163
marital well being & individual happiness, newly married couples, 1 yr followup, 4619
maternal involvement & support networks & dependent offspring's participation in day treatment or ambulatory care, well-being & psychological distress, mothers of adults with psychiatric disabilities, 18952
medical readiness model & factors affecting developmental & psychological & sociocultural & spiritual elements of health & well being, Air Combat Command medical personnel, 25982
mindfulness & subjective well-being in sustainability social movement & multiple discrepancies in values, back-to-landers, 17436
model of personal safety & other environmental concerns, sense of control & emotional well being, college students, 9704
mood & psychological well-being as a predictor of disease outcome 6-mo later, 26–85 yr olds newly diagnosed with amyotrophic lateral sclerosis/motor neurone disease , 21465
multidisciplinary inpatient rehabilitation, neurologic status & disability & quality of life & emotional well-being, 25–66 yr olds with progressive multiple sclerosis, 1 yr study, 12496
natural helping network model Buddy Program, enhancement of well-being & morale & environmental satisfaction, nursing home residents with dementia & their nondemented buddies, 35259
need-gratification & value-as-a-moderator perspectives of cross-cultural differences in sources of subjective well-being & life satisfaction, Ss from 39 nations, 27389
needed & received support from partners or spouses & social support networks & distant support providers, well being, crime victims, 1 & 2 mo followups, 18104
negative peer behavior & time spent without adult & parental behavior & adolescent resources, psychological adjustment & well-being & school grades, 10-17 yr olds & their parents, 20619

Racial bias in testing, 30
White identity formation: A developmental process, 20643

Wholistic Health [See Holistic Health]

Widowers—Serials
positive & negative themes in narratives, prediction of complicated grief, 28–56 yr olds who had experienced recent spousal loss, 6 & 14 mo followups, 7674
widowhood & retirement, emotional adjustment, 60–96 yr old widowed males, 23821

Widows—Serials
development & evaluation of psychological self-help-based program for fostering coping strategies & mental health & changing stereotyped attitudes, war widows, Sri Lanka, 31576
familial assistance, females who are widowed or estranged from their husband, Nepal, 20725
gender role, coping with conjugal bereavement, 44–79 yr old traditional vs modern widows, 17673
grief counseling, cell markers of immunological functioning & psychological symptoms, recently bereaved 45–64 yr old widows, 7 mo study, 13656
physical & mental health & health care utilization & financial & structural & relationship & social support needs, 70–75 yr old widows vs married women, 27088
positive & negative themes in narratives, prediction of complicated grief, 28–56 yr olds who had experienced recent spousal loss, 6 & 14 mo followups, 7674
stories about their husband's death, 50+ yr old widows, 14104
widowhood status & spouse's illness prior to death, depression, 54+ yr old widowed vs non-widowed women, 37307

Wilderness Experience—Serials
development of environmental sensitivity measure, influence of outdoor adventure trip on environmental sensitivity, 12–19 yr olds, 22851
outdoor experiential & adventure-based programs led by school counselors, facilitation of identity formation, female adolescents, 25834
qualitative aspects of wilderness experience as source of spiritual inspiration, 26–55 yr old females, 16173

Willpower [See Self Control]

Wine—Serials
broadcast advertising of beer & wine, absolute alcohol consumption & consumption of hard liquor, consumers, 16215
German vs French in-store music, wine selections, supermarket customers, 22707
wine consumption, suicide rates, 6 states, US, 27797

Winnicottian Theory [See Object Relations]

Winter Depression [See Seasonal Affective Disorder]

Wisconsin Card Sorting Test—Serials
age & intelligence, Wisconsin Card Sorting Test scores, 9–14 yr olds with WISC-III IQ above 130 vs 110–129, 856
factor structure & profile subtypes of Wisconsin Card Sorting Test, 17–70 yr olds with traumatic brain injury, 22898
frontal brain activity & blood oxygenation during Wisconsin Card Sorting Test, healthy 27–33 yr olds, 7040
temporal stability of Wisconsin Card Sorting Test, 30–75 yr old untreated obstructive sleep apnea patients, 22896
use of Wisconsin Card Sorting Test to measure developmental trends, 7–13 yr olds with learning disabilities, 5153
Wisconsin Card Sorting Task & Tower of Hanoi as measures of planning & problem-solving capacity, patients with schizophrenia, 17901
Wisconsin Card Sorting Task performance, regional cerebral blood flow, 19–35 yr olds with Down syndrome, 21404
Wisconsin Card Sorting Test performance & prefrontal cortical function, adults with major depression vs schizophrenia, 21040
Wisconsin Card Sorting Test, frontal regional cerebral blood flow in cingulate gyrus vs prefrontal cortex, normal volunteers, 3829

Wisdom—Serials
a balance psychological theory of wisdom, 6517
age & knowledge, wisdom-related performance, adults, 33715
definitions & methods & facilitative conditions for & teaching process & personal experiences in developing wisdom, 22–40 yr old Tibetan Buddhist monks, 17453
interrelationship among knowledge of pragmatics of life & epistemic & biographical perspective as dimensions of wisdom, 15–20 vs 25–35 vs 40–50 vs 60–70 yr olds, 36753

Witchcraft—Serials
prevalence in belief of evil eye, adults, Greece, 1979–80 vs 1994, 36295

Withdrawal (Defense Mechanism)—Serials
beliefs about legitimacy of aggression, aggressive & withdrawn & prosocial behavior, 4th & 5th graders, 914
maternal childhood aggression &/or withdrawal, intergenerational risk for teen motherhood & adverse birth circumstances & academic failure & other negative psychosocial outcomes, mothers & daughters, 968
negative affects associated between wives' pursuit & husbands' withdrawal during marital conflict, distressed husbands & wives, 1133
organizational climate & occupational stressors as predictors of withdrawal behaviors & injuries, 26–64 yr old nurses, 38989
social withdrawal & academic & social self efficacy & popularity & happiness, introverted vs extraverted 12–15 yr olds at risk for future maladjustment, 2959
test of hypothesis based on withdrawal threshold for explanation of intergenerational transmission of divorce, adolescents of divorced vs married parents, 30332

Withdrawal (Drug) [See Drug Withdrawal]

Within Subjects Design [See Repeated Measures]

Witnesses—Serials
accuracy & suggestibility following witnessing of criminal vs neutral event, 1st graders, implications for assessing children's memory performance in criminal eyewitness situations, 13012
addition of videotaping of lineup & witness identification to recommendations of American Psychology-Law Society for constructing lineups & photospreads for eyewitnesses to crimes, commentary, 9750
behavioral & emotional & cognitive-functioning problems, children that witnessed domestic violence, 30814
central vs peripheral script actions & 2 vs 8 sec exposure & 5 min vs 1 wk retention interval, eyewitness memory of robbery, college students , 9748
cognitive interview techniques & eyewitness memory recall, commentary, 32517
cognitive vs other interview techniques in investigation of eyewitness memory, 32518
cognitive vs standard interview, facts remembered, witnesses, 2 wk followup, 32515
consistency & accuracy of eyewitness testimony, 18–53 yr old college students, 29623
effect of cognitive interview on face identification accuracy, undergraduate students, implications for real world eyewitness identification, 19846
elimination lineup procedures as identification procedure for child eyewitnesses, 10–14 yr olds vs adults, 22797
empirical findings & legal decisions regarding expert testimony on fallibility & effects of stress & testifying with certainty in eyewitness testimony, 19514
ethnicity of witness & perpetrator, intergroup bias in identification of violent crime perpetrator & attitudes, nonimmigrant vs immigrant Swedish adults, 7805
evaluation of Child Witness Pack materials & pack's practical utility, teachers & educational psychologists & other carers supporting children & young people who have to attend court, 23650
exposure to community violence & parent child conflict & parental investment & permissiveness, development of vs decrease in antisocial behavior, at risk 6–10 yr old boys, 14028
eyewitness memory for repeated vs nonrepeated event with changing vs unchanging details, 6–7 yr olds, implications for child abuse investigations, 36751
eyewitness memory vs general knowledge, stability of confidence–accuracy relationship, college students, 10174
graduate student training in treatment of children who have witnessed domestic violence, implications for School Psychology training, 12591
hypnosis, memory of crime scene details, witnesses of vehicular homicides, 33016
interview type & witness credibility & interviewer manipulativeness, college students, 32516
lay perspective on knowledge of accuracy of eyewitness testimony, jury-eligible college students, 12999
lie complexity, speech disturbances during deception, liars vs truth tellers (mean age 23 yrs), 30421
methods for ensuring & improving use of applied psychological research in applied setting through example of sequential line-ups for eyewitness identification of suspects, 29269
modifications & revisions for use of cognitive interview technique in enhancing memory recall, 7–12 yr old victims or witnesses to crimes, implications for social work practice, 26050

perceptually based vs suggested eyewitness memories & misled witnesses invention of false descriptions, college students, 36273
predictive validity of feeling-of-knowing judgments for subsequent recognition memory performance, 18–81 yr old eyewitnesses to crime scenario, 29646
proxemics & attorney invasion of witness space during trials, 26037
reasons for & psychosocial factors in apathy & nonintervention, courtroom testimony of witnesses to events leading to homicide of 2-yr-old J. Bulger by 10-yr-old boys, 39088
recommendations of American Psychology-Law Society of American Psychological Association for constructing & conducting lineups & photospreads for eyewitnesses to crimes, 9753
self-reported encoding strategy & facial recognition & general memory skills in eyewitness identifications, college students, 10127
self-reported maltreatment vs witnessed home violence & clinician reports & medical records, psychiatrically hospitalized 11–18 yr olds, 37523
sequential identification lineup vs alternative identification procedures with police officer vs witness controlling the identification pictures, false-positive choices, students, 22796
sources of eyewitness identification errors during lineups, 35825
task demand training with vs without comprehension monitoring training, preparation for simple vs complex language questions in courtroom, preschool vs kindergarten vs 2nd-grade child witnesses, 39065
training & techniques of questioning child witnesses, interviewer performance, police & social worker interviewers & child interviewees (mean age 6.2 yrs) , 22773
training program effectiveness for interviewing child witnesses, 18–53 yr old interviewers, 22780
use of alleged sighting of John Doe 2 to examine possible errors of eyewitness identification in trials of Timothy McVeigh & Terry Nichols in 1995 Oklahoma City bombing, 26058
witnessing of family violence & impulse control & callous & unemotional traits & sexist attitudes toward women, 13–18 yr old incarcerated male sex vs violent vs noncontact offenders, 30918

Witnesses—Chapters

Evaluating eyewitness testimony in adults and children, 9728
Helping forgotten victims: Using activity groups with children who witness violence, 34913
Preventing mistaken convictions in eyewitness identification trials: The case against traditional safeguards, 35830
Witnesses to crime: social and cognitive factors governing the validity of people's reports, 35832

Wives [See Also Housewives]—Serials

association of wives' & husbands' alcohol use & working & childrearing & age & marital happiness & SES, spouses, 20799
gender & marital satisfaction, husbands vs wives, 4620
health behaviors & lifestyles of family dementia caregivers, wives vs daughters, 25472
husband vs wives resources & marital dissolution, examination of the wive's independence hypothesis & the husband's income hypothesis, 4629
husband's vs wife's drinking habits, spousal drinking behavior, 18–29 yr old newlywed couples, 1 yr follow up, 17540
phases of Cognitive Processing therapy, female victims of marital rape, 8798
relative earnings, marital disruption, husbands vs wives, 4614
socioeconomic structure & cultural change factors associated with wife abuse, Vietnamese immigrants, US, 24389
wife abuse patterns, 18–74 yr old females, Hong Kong, 27824

Wives [See Also Housewives]—Chapters

Understanding the origins and incidence of spousal violence in North America, 21283

Women [See Human Females]

Womens Liberation Movement—Serials

models of friendly fire from nonoppositional groups in tactical interaction, women's movement activists, 7741
oppositional discourses of the civil rights and women's movements, articulations of gender & race, Black women's autobiographies, 11058
organizational effectiveness of women's movements, Canada vs Finland, 1960–90, 4665

Woodcock Johnson Psychoed Battery—Chapters

Good reasons for bad testing performance: The interactional substrate of educational testing, 16388

Word Associations—Serials

age & performance & item relatedness, verbatim vs gist recall of verb–noun pairs, 60–80 yr old vs 18–25 yr old Ss, 16635
body shape vs neutral words, color naming performance & associative strength, females with anorexia (mean age 21.86 yrs), 31017
connectionist cued word recall approach to associative disturbances, male schizophrenic patients , 8149
context & study status & focused vs divided attention, priming for novel associations in word stem completion, undergraduates, 26397
creativity & psychoticism & other personality traits, word association performance, 26–51 yr old writers & actors, 30512
descriptive word association, recall of unpleasant autobiographical memories, males & females with repressive coping style, 20929
divided visual field paradigm assessment of cerebral asymmetries in semantic priming for inter- vs intraconceptually related words, 26573
free recall of words & nonwords, 9–60 yr old Ss with traumatic brain injury, 18433
manipulation of structural variables & density of connections among associates & concreteness of words, accuracy of cued recall performance, college students, 23132
relationship between premorbid adjustment & performance on word association & sentence completion tasks & 3-syndrome model of symptoms, schizophrenic 20–65 yr olds, 11438
retroactive interference for paired word associations, metamemory ratings of feeling of knowing & judgments of learning, undergraduates, 23145
revision of Word Association Test, adult patients reporting satanic ritual abuse in childhood , 80
semantic priming for new word associations & storage in semantic memory & perceptual identification during study vs lexical decision after study, college students, 32969
words related through function vs category coordinates vs pairs with high vs low lexical association, semantic priming, children (mean age 10.77 yrs) with poor reading comprehension , 13949

Word Associations—Chapters

Ethnic group differences in word associations, 30308
Factor structure of an objective word association test, 29348
Learning from text: Structural knowledge assessment in the study of discourse comprehension, 6929
Word association patterns of women reporting earlier sexual abuse, 30866

Word Blindness [See Alexia]

Word Deafness [See Aphasia]

Word Frequency—Serials

base-word frequency, pseudohomophone naming latency, college students, 6838
context effects in recognition memory, undergraduates, 29630
cue perceptual modality & imagery & word frequency, retrieval processes in cued recall of autobiographical memory, 19–48 yr olds, 32981
electrophysiological analysis of between- vs cross-modality word repetition & priming effects, lexical decision, 18–30 yr olds, 29955
frequency & phonological ambiguity, naming of Serbo-Croatian words written in Cyrillic vs Roman alphabet, college students who are bi-alphabetic readers, 13871
frequency effects & representations for inflectional morphology in lexical access & access of whole words & competition between access modes, undergraduate students, 10695
frequency of meaning use for ambiguous & unambiguous words, 36119
high vs low frequency regular words & onset & rime duration in speeded word-naming, college students, 10108
high vs low frequency words vs nonwords, effect of inhibition of return on lexical access, college students, 10183
high vs low surface frequency of suffixed words, morphological processing & cross-modal priming & lexical decision, native French-speaking Ss, 29582
identical priming & language frequency in picture naming, 29563
manipulation of meaning dominance & word frequency of heterographic targets, phonological processing during silent reading, undergraduates, 23090
oral reading & spelling to dictation of low vs high frequency words, patients (mean age 73.6 yrs) with probable Alzheimer's disease, 24800
phonological interference & word frequency & Chinese character components, semantic judgements in Chinese character identification, native Chinese speakers, 23117
revised generate-recognize model of recall, production & recall & recognition of high-frequency & low-frequency words, college students, 36257
role of surface & cumulative word frequency, processing & representation of morphologically complex suffixed words & auditory word recognition, college students & graduates, 36671
role of word age of acquisition & word frequency & phonology in lexical decision task, college students, 32910
subword validity & radical-neighbor consistency & processing parallelism, word naming latencies & error rates in reading high-frequency Kanji characters, adult native Japanese-speaking Ss, 29593
verb frequency & morphological transparency & inflection, word recognition & mental organization/representation, 14-50 yr old developmentally language impaired francophones, 30948
word blend errors, word frequency effects occurring at lemma vs lexeme level of lexical access, 29577
word frequency & cognitive & representative processes in errors in regular vs irregular inflection of German participle formation, 22–63 yr olds with Broca's aphasia or agrammatism, 31300
word frequency & morphosyntactic transparency & inflection of real- vs pseudoword stimuli, plural & singular noun production, native Finnish-speaking 10-yr-olds with specific language impairment, 31030
word frequency thresholds & effects of inflected whole word vs stem-cluster morphological components in representation & storage, college students, 29559
word length effect, word recognition, college students, 23101

Word Meaning—Serials

composite meaning of symbol components & referent & referent prototypicality & semantic transparency or translucency, nondisabled 21–50 yr olds, implications for Blissymbol codability, 4361
context & novel/unlexicalized metaphorical vs literal vs dead/unlexicalized word use, semantic decision & retrieval time, college students, 29555
decompositional hypothesis of lexical semantic structure in cognitive science, 26405
development of Aristotelian style in defining abstract nouns, 11–12 vs 14–15 vs 17–18 vs 19–29 yr olds, 17274
fast mapping, facilitation of multiple word learning, 5.1–22.0 yr olds with moderate–severe mental retardation, 5158
frequency of meaning use for ambiguous & unambiguous words, 36119
history of term 'psychology', 19550
iconic gesturing, lexical access & search for & retrieval of rare words in tip of the tongue phenomenon, college students, 10173
image schemas & metaphoric processes & translation as a concept, 33549
individual differences in interpretation of term palatable based on food intake & ratings, 17–56 yr old males, 30533
influence of polysemy on word naming, Os, 26400
instructional modeling, acquisition of word meaning from context, less-skilled 5th & 6th graders, 25769
Japanese language terms for friendship, Japanese 23–60 yr olds living in the US, 807
Japanese predicate da & linguistic expressivity, 33556
lexical form class information & ambiguous referents, word-to-object mapping, 3–4 yr olds , 13939
lexical-semantic processing, blind or low vision vs sighted 10–13 yr olds, 31361
manipulation of meaning dominance & word frequency of heterographic targets, phonological processing during silent reading, undergraduates, 23090
meaning & cultural history of German word Angst, 4602
meaning analysis of written inflected words, college students, 13869
norms for concreteness & emotional valence ratings of 200 monosyllabic & 199 three-syllable nouns, college students, 19892
phonology & reading skill, activation of word meanings in texts & detection of homophones during reading, college students, 29567
relationship of & reconstructive processes in etymology & dreamwork, 17736
simulation model of priming effects & lexical access & related-word meaning retrieval & sense selection in context, 29547
stimulus onset asynchrony, phonological activation in visual word identification & RT in making meaning judgment, native Chinese Putonghua speakers, 10144
visual word processing & word meaning priming, semantic activation, 16–18 yr old fluent in 2 Serbo-Croation alphabets & lexical decision, erratum, 13292
visual word processing & word meaning priming, semantic activation, 16–18 yr olds fluent in 2 Serbo-Croation alphabets & lexical decision, 3552
word meaning, attentional demands of word recognition, young vs old adults, 23161
words for behavioral description in performance appraisals, 19408

Word Meaning—Chapters

The processes of learning to identify words, 13988
Teaching strategies for word identification, 15930
Theories of word learning: Rationalist alternatives to associationism, 10808

The world of words: Thoughts on the development of a lexicon, 23742
Word Origins [See Etymology]
Word Processing—Serials
handwriting vs word processing vs word prediction with speech synthesis remedial programs, legibility & correct spelling, 9–10 yr olds with severe spelling problems, 34465
processing of relevant vs irrelevant stimulus features in semantic category word naming version of Simon paradigm, university processing, implications for study of automatic semantic processing, 3538
Word Recognition—Serials
0 vs 50 vs 100% proportion of foil word probes, RT & morphological decomposition in speech recognition, native French-speaking adults, 29515
ability to continuously interpret speech & recognize familiar words, 24 mo olds vs adults, 26999
acquisition of knowledge of sublexical print & sound correspondences from reading experience, 6–7-yr-olds, 20525
action upon unfamiliar objects by adults, learning novel part names, Japanese 2-yr-olds, 4436
age & cognitive status & encoding, word-stem completion priming, young vs old adults vs Alzheimer's disease patients, 8626
age, semantic context & feedback effects on speech discriminability, younger (mean age 22.4 yrs) vs older (mean age 60 yrs) adults, 14103
automatic activation vs attentional control in semantic processing in reading, 23112
backward masking approach to phonological & associative inhibition in early stages of English word identification, college students, 6787
base-word frequency, pseudohomophone naming latency, college students, 6838
changes in speaker normalization & lexical discrimination, spoken word recognition, adults with dementia of Alzheimer's type, 8673
collaborative nature of hint & guess word search sequences in conversation, 55–68 yr old fluent vs nonfluent aphasic patients , 21570
concrete vs abstract words & word length, spoken vs written serial & backward vs forward recall & maximal speech rate, college students, 29654
connectionist models of speech perception & word recognition, 23062
contextual knowledge in word knowledge & meaning, 13873
cross-modal semantic priming paradigm & initial vs final position embeddedness, word recognition & RT & lexical activation & decision, native French-speaking college students, 29566
demand characteristics, causal attributions for recall & recognition of critical lure words, college students, 16645
development of metalinguistic awareness & phonemic judgments of meaning & structure related words, 4–12 yr olds, 23690
differences in strength- vs frequency-based mirror effects in recognition memory accuracy, adults, 294
dimensions of lexical mapping stage of word recognition skills, 6.5–10.7 yr olds with Specific Language Impairment vs 6.3–9.8 yr old regular vs vocabulary-matched 5.4–9.8 yr olds, 24676
dual-route approach to word presentation in naming case alternated task, college students, 16585
early occipito-parietal activity related to encoding & retrieval of verbal information, 19–30 yr olds, 33262
early word comprehension assessed by preferential looking task, 12 vs 18 vs 24 mo olds, 23712
electrophysical aspects of brain activity during phonological & orthographic word recognition tasks, 18–27 yr olds, 7112
environmental context changes between study & test, recognition memory for unfamiliar faces & unfamiliar vs familiar words, college students & staff members, 10212
ERPs during retrieval of new vs previously heard vs previously judged words from source memory, 18–26 yr olds, 13630
evaluation of recall–to–reject account in two-process models of recognition memory, adults, 16664
facilitation & interference from formally similar word primes in naming task, college students, 10130
facilitatory English vs inhibitory French & Spanish neighborhood effects, lexical decision task, native English-speaking Australian adults, 3566
false recall & recognition for critical targets from word lists, college students, 19867
false recall & recognition of nonpresented words, college students, replication, commentary reply, 19861
false recall & recognition of nonpresented words, college students, replication, commentary, 19857
false recall & recognition with lists of phonologically related words, adults, 10216
false word recall & recognition, 29–65 yr old nonamnesic patients with frontal lobe damage vs amnesics with medial temporal lobe or diencephalic region vs medial temporal & frontal lobe damage , 24830
false word recall & recognition, young vs healthy old vs healthy old-old adults vs adults with mild vs very mild dementia of the Alzheimer's type , 24777
full attention vs divided attention, word stem completion for novel associations & cued recall & recognition & use of memory strategies, college students, 19848
high vs low frequency words vs nonwords, effect of inhibition of return on lexical access, college students, 10183
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, commentary reply, 29561
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, comment, 29558
horizontal vs vertical displays of 1 vs 2 vs 3-character words presented to right vs left visual field, recognition of Chinese words, undergraduates, 3506
identification of novel wordlike units from utterances, college students, implications for children's native language acquisition, 20491
immediate & delayed recognition memory for words, nondemented patients with Parkinson's disease (mean age 68.56 yrs), 15043
impairment at reading words & non-words mutilated with + symbol between each letter, 48 yr old male with neurological damage, implication for use of multiletter units in visual word identification , 11884
importance of inhibitory abilities & semantic context to spoken word recognition, young (mean age 20 yrs) vs old (mean age 75.5 yrs) Ss, 30136
independence between & role of semantic & phonological processing in very early stage of acquiring sight vocabulary in non-word reading & recognition, 4.6–7.3 yr olds, 23704
induction effect of syllabic structure, word recognition, college students, 6814
induction effect of syllabic structure, word recognition, college students, commentary, 32879
infant development & experience in speech processing & speech perception & listening & vocal production & word recognition, infants during 1st yr of life, 13963
inflection & 2 morphological levels of word affix attachment, lexica access & word recognition, college students, 29605
instructions to recall as many words as possible vs fill all available spaces, confidence about recall & false recall for central concept words associated but not on word list, college students, 29644
intervention to develop phonological awareness & word recognition, reading skills & spelling, lower income inner city kindergarten students, 2 yr study, 32203
ironic effects of heard vs read word repetition, age-related memory performance, undergraduates vs 60–94 yr olds, 6909
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, 2041
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, erratum, 8632
lexical & nonlexical phonological priming in reading aloud, college students, 10134
lexical access & decision modes during polymorphemic word recognition & identification of verb forms in Polish, 32–45 yr olds, 26910
lexical decision performance, competitor priming in spoken word recognition, 17–47 yr olds, 237
lexicality & word frequency & word regularity, reading eye movements & gaze duration & lexical decision ERP RT & scalp voltages, college students, 3911
manipulation of meaning dominance & word frequency of heterographic targets, phonological processing during silent reading, undergraduates, 23090
masked phonological priming approach to visual word recognition, Dutch–French bilingual speakers , 6841
mathematical meta-model of visual & auditory recognition & morphological processing of morphemes & full words, 29535
model for perceptual identification of words, adults, implications for implicit memory, commentary, 26433
model of word recognition & minimization of word ambiguity as explanation of optimal viewing position of initial eye fixation during reading, 16450
morpheme-based & full-form lexical access routes in morphological processing models in recognition of written Finnish nouns, undergraduate students, 10198
morphological & categorical word properties & left-to-right processing, word recognition RT, native Finnish-speaking college students, 29569
morphological vs semantic priming, visual word recognition, college students, 6870
narrowing of spatial attention, word recognition process involved in Stroop effect, college students, 16686
neighborhood size effects, word identification during reading & lexical decision tasks, Os, 26406
non-stimulus-based response strategies & subjective threshold, magnitude of phonemic mask reduction effect, adults, 10151
optional epenthetic vowel in pseudo- vs real words, lexical decision & word recognition & perception & processing as bisyllabic vs monosyllabic, Dutch-speaking college students, 23087
orthographic & phonemic resemblance of target to correct word, Chinese word recognition, Chinese dominant bilinguals, 23083
orthographic uniqueness point of target word & sequential processing in visual word recognition, college students , 10111
perceptual vs semantic encoding attributes & speaking rate & fundamental frequency & voice, explicit word recognition, older vs younger adults, 29650
performance on graphic & gestural skills tasks & sequential recall of spoken words from different word categories, aphasic 32–75 yr olds, 5408
phonological ambiguity of words, identity priming, college students, 19775
phonological awareness training with vs without written letter training, reading skill & word identification, 32205
phonological interference & word frequency & Chinese character components, semantic judgements in Chinese character identification, native Chinese speakers, 23117
phonological opacity, word recognition, 10–12 yr olds with language impairments, 31034
phonological priming, recognition of Chinese characters in left vs right visual field, male college students, 26413
phonology & morphology of language, spoken word processing, college students, 26914
phonology & reading skill, activation of word meanings in texts & detection of homophones during reading, college students, 29567
phonotactic & probabilities & competitive effects, similarity neighborhood activation in spoken word recognition, right-handed adults, 17162
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, 13230
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, erratum, 32868
positron emission tomography correlates of neural recognition memory for words vs faces, adults, 29815
probabilistic phonotactics & density of spoken-word phonological neighborhood similarity, RT & sublexically- vs lexically-biased processing of nonwords vs words, 29607
processing of grammatical gender during language comprehension & issues in syntactic congruency & semantic relatedness, 30097
recognition memory patterns for words & faces, male vs female schizophrenia patients with active vs withdrawn syndromes vs who were in symptom remission, 24258
recollection vs familiarity during word recognition task, ERPs, 22–34 yr olds , 19849
reduction in priming during dysphonemic or phonemic word stem completion, 55–95 yr olds vs young adults, 16570
repetition priming paradigm & semantic transparency & morphological headedness, RT & compound word recognition & processing, 19–46 yr old native French- vs Bulgarian speakers, 29568
resyllabification, word recognition, college students, 19869
revised generate-recognize model of recall, production & recall & recognition of high-frequency & low-frequency words, college students, 36257
role of phonological-articulatory processes in priming for visually similar vs dissimilar letters & words in upper- & lowercase formats, adults, 6839
role of surface & cumulative word frequency, processing & representation of morphologically complex suffixed words & auditory word recognition, college students & graduates, 36671
RT in recognition of scatological vs nonscatological words in lexical decision task, patients with Tourette's syndrome, 28205
salience vs semantic explanations of differing production & comprehension of animal vs color terms, 3–5 yr olds, 17236
segmentation vs whole word training, acquisition of word-recognition skill, fast vs slow namer second graders with poor reading skills, 21399
self teaching of phonological vs orthographical presentations of pseudowords, accuracy of pseudoword recognition & spelling & naming, 7–8 yr olds, 10796
sentence interference in Stroop task, error rates & RT in word processing, college students, 36210
sex, phonological processing of matched letter strings & unfamiliar words & access to pronunciations of familiar words, college students, 16594

simple vs visual vs cross-modal priming & inflectional change during word derivation, RT & lexical access & decision of derived words, 19–24 yr olds, 29604
simultaneous processing of multiple words & morphological properties of compound word mental representation & assumptions contained in interactive activation model of word recognition, 29532
stem homographic vs allomorphic word priming & level of lexical processing, inhibition of target recognition & confusion of inflectional stems & representation & processing, native Spanish speakers, 23051
stimulus familiarity, target & distractor word recognition, college students, 29633
stimulus onset asynchrony, phonological activation in visual word identification & RT in making meaning judgment, native Chinese Putonghua speakers, 10144
stimulus onset only vs onset & word duration vs onset & prosodic stimulus gating paradigm & stimulus duration, spoken word recognition, college students, 30102
stimulus parameters & probe acoustic richness & lexical & phonemic recognizability, RT & oral word recognition & lexical access, Croatian-speaking college students, 29549
stimulus similarity, frequency judgments of presented vs nonpresented words, undergraduates, 29653
study phase awareness of word identity, word-identification priming, 18–36 yr olds, 3599
subjective vs neuropsychologically assessed word finding & naming ability, adult Lyme borreliosis patients, 11943
sublexical locus for repetition blindness during illusory words paradigm, Os, 26339
sublexical processing during complex Chinese character reading, native Chinese speakers, 23118
talker- & listener- & item-related characteristics, spoken word recognition, native vs non-native listeners of English, 36192
target absent & feature trials & bihemispheric vs unihemispheric presentation of CVC words, error rates in recognition paradigm & interword illusory conjunctions, college students, 19816
taxonomic assumption & shape similarity, word learning & lexical decisions on noun category bias task, 18–24 mo olds, 17279
temporal information integration in orthographic priming, 26391
time course & scalp distribution of ERPs of visual word recognition under visual vs phonological & phonetic vs phonological & lexical vs semantic levels of processing, male & female Ss, 23373
time course of word identification & semantic integration in ERPS, 18–39 yr olds, 10150
transfer from normal vs scrambled text in repeated reading task, 4th graders vs college students with high vs low reading ability, 17250
true memory for presented list words vs false memory for nonpresented but related items, college students, 29643
unilateral auditory temporal resolution deficit & assessment & word recognition in noise & reverberation & time-compression conditions, 21 yr old female with unilateral hearing loss, 34711
valid vs invalid vs neutral peripheral cues presented at various stimulus onset asynchronies, right visual field advantage in word recognition, right handed 18–32 yr olds, 6932
verb frequency & morphological transparency & inflection, word recognition & mental organization/representation, 14-50 yr old developmentally language impaired francophones, 30948
visual word recognition in orthographic neighborhood, parallel distributed processing models, 32929
vocabulary ability, visual word recognition in standard lexical decision task, younger (ages 18–44) vs older (ages 61–93 yrs) Ss, 16494
vocabulary growth, phonological awareness & nonword repetition, 3–5 yr olds & 1st graders, 10786
word familiarity, differential cognitive processes in perceptual identification vs word stem completion priming, adults, 10132
word frequency & repetition & lexicality effects, shifts in RT distributions & estimates of central tendency in word recognition experiments, college students, 9956
word identification & grapheme substitution passage & cloze procedure word recognition tasks, 2nd graders from whole language vs phonics/skills-based classrooms, 6172
word identification speed limitations & task demand sensitivity & orthographic compensation, automatization & reading, dyslexic 4th graders (mean age 10 yrs), 37677
word length effect, word recognition, college students, 23101
word meaning, attentional demands of word recognition, young vs old adults, 23161
word morphological & mono- vs multimorphemic complexity, lexical access & decision & word recognition RT, native Turkish-speaking 18–36 yr olds, 29560
word naming errors during phonological computation, Spanish 9–10 yr olds with vs without reading disabilities, 30985
word recognition & discrimination accuracy & decision bias, positive & negative symptoms, patients with schizophrenia, 1571
word recognition & reading comprehension & developmental perspective on characteristics of hyperlexia, children , 18150
word recognition prediction equation method for determining grade level reading rates & independent & instructional & frustration reading levels, 3rd & 5th graders, 16377
word repetition, true & false recognition of words, college students , 23155
written or spoken word familiarity & novelty, visual & auditory working memory, 5–6 vs 7 vs 8 yr olds, 26987

Word Recognition—Chapters

Character and word recognition in Chinese, 13333
The constituency model of Chinese word identification, 13338
Cross-language transfer of phonological awareness, 13968
Early speech perception and word learning, 23746
Is there phonologically mediated access to lexical semantics in reading Chinese?, 13344
List-length effect and continuous memory: Confounds and solutions, 16682
The messenger may be wrong, but the message may be right, 32274
The processes of learning to identify words, 13988
Proficient word identification for comprehension, 14854
Reading comprehension processes, 13980
Teaching strategies for word identification, 15930
Word recognition during the reading of Chinese sentences: Evidence from studying the word superiority effect, 13323
Word recognition: Instructional and curricular basics and implications, 6179
Word recognition: Research bases, 6265

Words (Form Classes) [See Form Classes (Language)]

Words (Phonetic Units)—Serials

analysis of repeated words in telephone conversations & face-to-face conversations, 7297
animacy of sentential subject & size of syntactic priming effect, processing of gender agreement in Hebrew during naming task, college students , 30094
attentional bias for body shape & weight words in processing of supraliminally & subliminally presented words in computerized Stroop task, female high vs low restrained eaters, 1324
attentional encoding in perceptual implicit memory for previously attended & unattended words in word-stem completion or perceptual fluency tasks, college students, 16576
availability of syntactic information regarding words which could not be sound retrieved, college students in tip of tongue state & 31 yr old brain damaged male speaker in anomic state, 24854
color, word–picture & picture–word matching, college students, 16611
component morphemes, eye fixation during reading compound words in Finnish, college students, 6852
composite meaning of symbol components & referent & referent prototypicality & semantic transparency or translucency, nondisabled 21–50 yr olds, implications for Blissymbol codability, 4361
consistency of print–sound correspondence & word frequency & lexicality, speed & accuracy in naming 2-character Kanji words & nonwords, Japanese native speakers, 10099
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students , 10191
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary , 10220
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary reply , 10190
contribution of lexical & semantic processes in automatic semantic priming of compound words, 17–51 yr old college students, 7298
cortical correlates of automatic word perception as measured by 40 Hz EEG responses, 22–33 yr olds, 3970
cross-modal semantic priming paradigm & initial vs final position embeddedness, word recognition & RT & lexical activation & decision, native French-speaking college students, 29566
cued recognition & recall for mildly threatening vs pleasant vs neutral words in repressors & non-repressors, 27–58 yr olds, 10179
degree of visual similarity & semantic relatedness, picture & word categorization, Os, 32919
detection & retrieval of correctly vs incorrectly spelled words & repeated vs unrepeated misspelled letters, 17–23 vs 62–85 yr olds, implications for Note Structure theory of language processing, 13293
development of corpus of emotional words for use in cognitive processing studies, primary & secondary students, 20494
development of production & segmentation of compound nouns in relation to target nonwords in Telugu dialect, 8 vs 11 vs 14 yr olds, India, 23729
display changes during preview vs postview conditions, extraction of visual information to left of fixated word in reading, Os, 26320
distractor words & picture naming of objects with homophonic names, semantic & phonological information flow in lexical access, adult speakers, 10092
distributional analysis of Oxford English Dictionary to investigate mental lexicon structure & suffix morphology in relation to lexical access, 29533
divided visual field paradigm assessment of cerebral asymmetries in semantic priming for inter- vs intraconceptually related words, 26573
dominant & subordinate meanings of ambiguous words, patterns of ambiguity priming across cerebral hemispheres, low vs medium vs high creative college students, 26572
dysfluency in form vs content word with vs without delaying strategy in spontaneous speech, 2–6 vs 7–9 vs 10–12 vs 13–18 vs 20–40 yr old stutterers vs nonstutterers, 18219
early word comprehension assessed by preferential looking task, 12 vs 18 vs 24 mo olds, 23712
effects of prior grammatical gender information during picture & word naming tasks, 19–30 yr olds, 30100
encoding of threat-related vs neutral words by naming color of word vs naming color & word vs reading words, implicit memory performance, high- vs low-trait anxious volunteers, 13357
EPs in dual-coding & context-availability & concrete or abstract word effects in sentence comprehension, college students, 16642
ERP scalp distribution during visual lexical processing of open & closed class words, college students, 23374
event related potentials during on-line semantic & syntactic processing of open- & closed-vocabulary-class words, 39–74 yr olds with Broca's aphasia with agrammatic comprehension, 31328
event-related desynchronization & synchronization of 8–10 & 10–12 Hz frequency bands of background EEG during auditory lexical matching task with words vs pseudowords, 19–28 yr olds, 3969
existence of organizational principles during naming-generation task & time-dependency for new words, elderly with Alzheimer's disease, 8684
facilitatory English vs inhibitory French & Spanish neighborhood effects, lexical decision task, native English-speaking Australian adults, 3566
false suggestions, recollective quality of memory for item source using self-generated or self-referenced information vs word lists, college students, 10202
frequency effects & representations for inflectional morphology in lexical access & access of whole words & competition between access modes, undergraduate students, 10695
frequency of meaning use for ambiguous & unambiguous words, 36119
high vs low frequency regular words & onset & rime duration in speeded word-naming, college students, 10108
high vs low frequency words vs nonwords, effect of inhibition of return on lexical access, college students, 10183
high vs low surface frequency of suffixed words, morphological processing & cross-modal priming & lexical decision, native French-speaking Ss, 29582
illogic used in poor judgments of Word Association Implications Test, 19–44 yr old college students, implications for clinical training , 19806
impairment at reading words & non-words mutilated with + symbol between each letter, 48 yr old male with neurological damage, implication for use of multiletter units in visual word identification , 11884
individual & group lexical semantic therapy in remediation of word finding problems, 49–73 yr old residential patients with dysphasia, 2668
individual differences of sex & handedness & menstrual cycle & perceptions of masculinity, hemispheric specialization of lexical vs nonlexical routes in reading letter strings, college students, 16955
induction effect of syllabic structure, word recognition, college students, 6814
induction effect of syllabic structure, word recognition, college students, commentary, 32879
infant speech perception & development of word segmentation strategies & discovery of grammatical organization of utterances, 30171

insufficient activation or increased inhibition & common or separate lexicons, tip-of-the-tongue phenomenon, 20–35 yr old bilingual Farsi & English speakers, 16629
intentional vs incidental learning, recall of surname-words vs surname-nonwords, undergraduates, 281
lexical access in isolated word writing vs naming, college students, implications for verbal production assessment in brain-damaged patients, 222
lexical diffusion & phonological & etymological & grammatical change as support for connectionist model of mental lexicon & English word information storage, 30103
lexical retrieval of simple & morphologically complex words, 24 yr old with Broca's aphasia with severe agrammatic speech & phonological dyslexia, 28181
lexicality (word vs nonword) of Kanji character partial-repetition priming, orthographic activation processes underlying lexical access, native Japanese-speaking college students, 29596
linearization process of word order of primed sentences, college students, 13284
manipulation of structural variables & density of connections among associates & concreteness of words, accuracy of cued recall performance, college students, 23132
manual vs vocal response to color or word flanked by Stroop stimulus, college students, 6766
meaning analysis of written inflected words, college students, 13869
memory bias for panic-related sentences & words, 19–51 yr olds with panic disorder, 37410
memory in word-associate production vs category-exemplar priming tasks, patients (mean age 76.7 yrs) with Alzheimer's disease, 34684
memory span for Arabic numerals vs digit words, adults, implications for visuospatial short term storage system, 19844
methylphenidate, oral word production & 1st episode symptoms & treatment, patients with schizophrenia, 10 yr study, 14584
model of reading procedures of irregular word & pseudoword reading performance, 220
models of & lexical effects during phonetic decision making of words & nonwords, listeners, 32922
morphological processing of visually presented Finnish words, college students, 17149
MRI-assessed neural systems essential for processing & holding semantic & phonological & orthographic properties of written words in working memory, 18–44 yr olds, 16906
neighborhood size effects, word identification during reading & lexical decision tasks, Os, 26406
neighborhood word size, masked form priming, developing readers vs adults, 17239
neural circuitry used during recall of rehearsed vs novel word lists, schizophrenic (mean age 30.7 yrs) vs healthy (mean age 28.6 yrs) Ss, 14544
neural pathways, processing of concrete vs abstract words, 22–26 yr olds, 20111
nicotine, improvement in word recall & lexical association & role of effortful processing, 20–44 yr old minimally deprived smokers, 4259
object naming & action naming, patients with Alzheimer's disease (mean age 73.6 yrs), 2103
onset cluster complexity in high vs low frequency monosyllabic words, response latency in speeded naming, college students, test of rule-based scheme , 10107
oral asymmetries & lip separation bias during word repetition, 19–42 yr old males vs females, 6821
oral reading & spelling to dictation of low vs high frequency words, patients (mean age 73.6 yrs) with probable Alzheimer's disease, 24800
origination & interplay of written & spoken word in clinical papers & publication of psychoanalytic works, 27443
origination & interplay of written & spoken word in clinical papers & publication of psychoanalytic works, commentary, 27451
orthographic & phonologic & semantic dimensions in word reading of homographs vs homonyms vs control words, college students , 10100
overt phonological errors during part-word repetitions, 25 yr old stutterer, implications for Covert Repair Hypothesis, 27992
phonics teaching method & acquisition of body-coda and onset-rime segmentation reading, speed of intact vs segmented pseudoword naming, 1st grade native-Dutch speakers with good vs poor reading skill, 32212
phonological encoding & word stress, 15–40 yr old stutterers vs nonstutterers, 27985
phonological processing of words & phonemes & literacy, augmentative & alternative communication using vs speech impaired 7.5–17.5 yr olds, 37730
phonotactic & prosodic cues in word boundaries in speech, 9 mo olds, 20509
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, 7397
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, errata, 17252
picture-word interference, determiner selection in noun phrase production, Italian speakers, 23103
position-of-irregularity effect & regular-word or nonword target in word naming latency in reading aloud, college students, 10135
positron emission tomographical data on neural correlates of reading German words & pseudowords, 25–30 yr olds, 29805
prelexical & nonspatial impaired encoding of abstract letter order & single word reading, female 47 yr old with severe acquired alexia after cerebral infarction, 34521
presentation of names of typical vs atypical category instances to left vs right visual field, strategies of semantic categorization in cerebral hemispheres, college students, 16591
primacy model of serial recall of word length & phonological similarity, 286
priming & pleasantness ratings of threatening vs nonthreatening words & implicit & explicit memory & mood state, 18–50 yr old females, implications for perceptual representation system, 3536
priming for nonwords & new associations during acquisition of novel traces in short term implicit memory, college students, 32921
priority of salient meanings, 23623
processing lexically embedded spoken words in 1st-syllable vs 2nd-syllable position, college students , 6856
processing of palindromes, 64 yr old male with acquired visual neglect dyslexia, 1872
production of English past tense words, 6–12 yr olds with specific language impairment, 11766
rapid visual presentation of primed words in speeded category membership decision task, explicit memory contamination, normal right-handed Ss ages 18–29, 16630
reading nonwords in native vs test language, left vs right hemispheric processing strategies, native speakers of Hebrew vs English, 33200
reduction in priming during dysphonemic or phonemic word stem completion, 55–95 yr olds vs young adults, 16570
relation between ability to identify pronunciation of irregularly spelled words & performance on verbal subtests of WAIS-R, 50–78 yr olds, 3551
relation between phonological short-term memory & auditory-sensory processing, mismatch-negativity component of auditory ERPs, 7–9 yr old high vs low scorers on pseudoword repetition test, 20490
relationship of foveal load & word superiority effect, adults, 3482
repetition of word vs non-words & expressive language skills & influence of lexical stress on repetition skills, 5-yr-olds with language impairment, 27937
rhyme & spelling–phonology & grapheme–phoneme correspondence, choice of grapheme–phoneme vs analogical strategy for reading familiar vs unfamiliar words vs nonwords, 5.8–9.8 yr olds vs undergraduates, 23081
role of word age of acquisition & word frequency & phonology in lexical decision task, college students, 32910
same- vs different language word pairs, picture naming in Catalan vs English, 18–25 yr old bilingual college students, 36665
scalp distribution of ERP repetition effect in word vs nonword discrimination task with divided visual fields, healthy 18–26 yr olds, 7038
sensitivity to the pitch contour of words, newborns, 7421
sentence context, inference of meaning of partially known words, college students, 16603
sentence spatial format, word location memory, college students, 10006
singular morpheme vs precompiled words as unit of lexical access in Chinese speech comprehension & production, 29586
solution of mathematics word problems written in Ss' 1st or 2nd language, Filipino–English bilingual high- vs low-achieving grade school students, 32249
stimulus perception interference, recall for high- vs low-imageability words, undergraduates, test of compensatory-processing hypothesis, 285
study of stylistic & rhetorical forms & functions of acts of speech & language, 23625
studying high- vs low-frequency words, memorability judgments for high- vs low-frequency words made at list presentation vs during recognition test, undergraduates, 276
sublexical locus for repetition blindness during illusory words paradigm, Os, 26339
subword validity & radical-neighbor consistency & processing parallelism, word naming latencies & error rates in reading high-frequency Kanji characters, adult native Japanese-speaking Ss, 29593
syllable-initial voicing & speech rate, temporal characteristics of monosyllabic words, talkers, 36662
syntactic functions of words, amplitudes & latencies of ERP components, 18–27 yr old males, 23393
syntactic vs linear word proximity concord in separating construction of hierarchical structure & word order in sentence production, college students, 4374
time course of word identification & semantic integration in ERPS, 18–39 yr olds, 10150
tomographically assessed spatial & temporal aspects of brain activation during covert recitation of forward- vs reverse-sequenced word strings, 19–36 yr olds, 10468
true memory for presented list words vs false memory for nonpresented but related items, college students, 29643
unimpaired word & nonword reading & written lexical decision, adult male with graphemic buffer impairment, 5352
use & scope of count nouns or adjectives as novel words in fostering formation of object categories, 12–14 mo olds, 23732
use of "oh" discourse markers in listening to spontaneous speech & in recognition of other words, college students, 10697
use of discourse marker "whatever" to lend appearance of fairness & rationality in attitude-laden discussion/pseudo- arguments, college students, 811
use of perceptual fluency & memory in creation of 2-way illusions with words & voices in presence of noise, college students, 16452
visual presentation of kana characters, quantitative & qualitative hemispheric asymmetry, native Japanese speakers, comparison with English speaking data, 26600
visual vs auditory distractor words, semantic & phonological effects in picture naming, college students, 10093
word blend errors, word frequency effects occurring at lemma vs lexeme level of lexical access, 29577
word learning in context of adult referential & salience cues, 18 vs 24 mo olds, 7417
word naming errors during phonological computation, Spanish 9–10 yr olds with vs without reading disabilities, 30985
words for behavioral description in performance appraisals, 19408
words vs nonwords of short vs long spoken duration, pauses & speed of memory search & trace redintegration processes in verbal memory span, college students, 10104
words vs nonwords, masked repetiton priming, college students, 19821
word–word vs property–property vs word–property vs word–word–property maps, learning of color vs size words, 13 yr olds, longitudinal study, replication with 2 yr olds, 20522

Words (Phonetic Units)—Books

Words and rules: The ingredients of language, 36681

Words (Phonetic Units)—Chapters

Early lexical development, 23740
Emergent cues for early word learning, 13974
How do readers of Chinese process words during reading for comprehension?, 13322
The reader, the text, and the task: Learning words in first grade, 15954
The role of semantics in solving the bootstrapping problem, 27004
Sortals and kinds: An appreciation of John Macnamara, 27007
Theories of word learning: Rationalist alternatives to associationism, 10808
The world of words: Thoughts on the development of a lexicon, 23742

Words (Vocabulary) [See Vocabulary]

Work (Attitudes Toward)—Serials

age & sex & organizational tenure, quality of leader–member exchanges & work attitudes & well-being, 21–60 yr old academic institution administrative employees, 25903
application of individual values to study of work, adults & Spanish teachers & college students, 12852
application of Model of Culture Fit & attitudes toward sociocultural environment & internal work culture & human resource management practices, managers & employees, India vs Canada , 29115
attitudes & objectives & behaviors & personality traits & decision making on farms, 25–83 yr old farmers, 12765
attitudes towards psychiatric practices & psychosocial rehabilitation & enabling work factors & barriers, psychiatric hospital staff participating in focus group, 9349
careerist orientation & work attitudes of job involvement & organizational commitment & turnover intentions & career growth, professional employees (mean age 31 yrs), 38985
child & elder care & sex, work–family balance & work attitudes & job satisfaction, federal employees (median age 40 yrs) in dual-income households , 35631
construct validity of Role & Conflict Ambiguity Scales, European occupational Ss, 118
coworker turnover, intent to leave of remaining employees, police officers (mean age 32 yrs), 35636
daily occupational hassles, negative mood & effort exertion, 19–23 yr old male military jump masters, 38999

demographic variables, reliability & variance of public Service Ethic Scale, school administrators (mean age 49 yrs), 6680
effects of working during adolescence on vocational development, review of research, 973
employment & gender relations in family lives & how immigration experiences affect gendered perceptions of work, Guatemalan & Salvadoran female immigrants (mean ages 31.5 & 31 yrs), 7739
endowment & ownership effects, estimated monetary value of one's own working time vs that of others, 18–57 yr olds, 33921
entry-level child protective service training program, job performance & knowledge & attitudes, caseworkers, 24-mo study, 3016
expectations for retirement & relationship with gender & current work attitudes & leisure experiences, personnel (aged 40 yrs & older), 16105
factor structure & reliability & validity of Multimethod Job Design Questionnaire, assessment of integrating approaches to work, university employees, 25888
impact of work addiction on family system & psychotherapy for spouses of workaholics, 5571
job level & satisfaction & work values, male vs female employees, Taiwan, 38986
job satisfaction & trait negative affect & situational similarities in jobs, work attitudes & job stress perceptions, adults with full-time occupation & part-time military reserve duties, 9611
leadership styles & work-related values, telecommunication company managers vs engineers vs production employees in US vs Germany, 35637
longitudinal structural equation models of sexual harassment & job & psychological outcomes, adult females, 2 yr study, 12843
low vs high work load, systolic & diastolic ambulatory blood pressure & moderation by perceived job control, 27–60 yr old male industrial workers, 4058
method variance, measurement of work ethic & individual difference variables of locus of control & conscientiousness, undergraduates, 32611
multifaceted definition of personal values incorporating life & work values, managers & workers, 12840
natural intrinsic or extrinsic properties of Super's Work Values Inventory scales, 3368
New Deal partial shift system, stress levels & well-being & job satisfaction & physical health, doctors, 15790
organizational role stress & perceptions of human resource development climate, 25–45 vs 45–65 yr old private vs public sector organization executives, 16087
perceived meaning of Protestant work ethic, male vs female 19–63 yr olds, Sri Lanka vs Australia, 29122
perceived psychological personnel contract violations, loyalty & perceived fairness in organizational behavior, managers working in international locations & for downsizing companies , 29123
perceptions of access to employment, blind or visually impaired vs unimpaired individuals, 8699
perceptions of parents' participation & union instrumentality & work beliefs, college students, extension of family socialization model, 29052
perceptions of parents' work conditions & work-related affect, respect for parents work & work values, adolescents, 923
personality & job characteristics & work perceptions, psychosomatic complaints & psychological distress, male day vs night shiftworkers (mean age 38.9 yrs) , 25947
primary personality superfactor & work values & motivation vs hygiene factors in job satisfaction, job applicants , 19413
production uncertainty as contextual moderator of employee reactions to job design, waste water treatment plant employees, 22627
psychological mood & psychosocial aspects of work & musculoskeletal discomfort, video display unit workers, 35750
recent changes in work values, secondary school & university students, Croatia, 1983 vs 1993–94, 12854
relationship between time structure & purpose & Type A behavior & Protestant work ethic, employees, 16121
research about structure of values & value profiles & patterns & value change & integrative model of general values & work values & work activities on country & group & individual levels, 12850
risk of school failure & gender & interpersonal skills & initiative & dependability, work ethic, 14–19 yr 9th grade students, 15970
self-categorization & identity construction associated with managing diversity, library employees, 12838
social support from peers & supervisors & positive affect, organizational support, professional & unprofessional hospital employees, South Korea, 29144
theories & dimensions of work motivation literature, 1990-1997, 29113
theory of types of values for cultural comparison, respondents from 49 nations & teachers & college students, implications for differences in meaning of work , 10991
value attainment & affective disposition, job satisfaction & performance, hotel managers (mean age 33.5 yrs), 19418
voluntary retirement & flexibility & financial reward, attitudes toward bridge employment decision, workers 50 yrs or older , 38998
well-being & confidence & employment commitment & intention to seek work, 18–62 yr old employed vs unemployed adults, 25856
white- & blue-collar employment & culturally-defined work values, dual commitment to company & union, employees in 7 countries, meta-analysis, 12845
work attitudes & outcomes, review of literature from 1993–1997, 3087
work attitudes & satisfaction, clandestine abortion providers aged 29–50 yrs, Latin America, 22362
work experiences of maternity care during the post-WWII Baby Boom, 52–78 yr old general duty nurses during period of 1944–62, 22358
work tasks & perceived psychosocial job stress, occupational health service staff, 3187
work values & perceived similarity & team–member & leader–member exchange relationships, dormitory hall directors & resident advisor teams, comment, 11122
work values & perceived similarity & team–member & leader–member exchange relationships, dormitory hall directors & resident advisor teams, 11111

Work (Attitudes Toward)—Books
Workplace hostility: Myth and reality, 9615

Work Environments [See Working Conditions]

Work Ethic [See Work (Attitudes Toward)]

Work Family Relationship [See Family Work Relationship]

Work Load—Serials
age, subjective experience of stress & workload & bodily discomfort during data entry vs information retrieval vs accounts balancing computer work, 20–75 yr olds, 6414
behavior & level of subjective stress & objective strain during work vs leisure time, blue vs white collar workers (mean ages 50 & 51 yrs), 22617
changes in nursing load & care organization, Sweden, 18 yr study, 28684
childbirth & job demands, cognitive functioning & job anxiety, 21–43 yr old working mothers with 1 child aged 24 mo or younger, 25916
circadian type & age & workload, social & emotional & sleep disturbances & adaptation to shiftwork, nurses & industrial workers, test of mid-range process model, 25948
daily occupational hassles, negative mood & effort exertion, 19–23 yr old male military jump masters, 38999
development & implementation of resource allocation computer-based model of workload in enhancing productivity, academic physicians, 2728
development of task-complete activity-oriented user interfaces, front-line tasks & user characteristics, 35745
effects of overtime & psychosocial job conditions on occurrence of non-insulin dependent diabetes mellitus, 18–60 yr old male Japanese electrical industrial workers, 8-yr study, 25944
human judgment of load heaviness modeled in cognitive engineering approach to setting limits in manual lifting tasks, 12951
human- vs automation-directed invocation of adaptive automation of a dynamic control decision-making task based on secondary task workload measurement, 21–23 yr olds, 35740
light vs heavy workload, air traffic tactical operations & hazard rate, air traffic controllers, 35686
low vs high work load, systolic & diastolic ambulatory blood pressure & moderation by perceived job control, 27–60 yr old male industrial workers, 4058
National Health Services shift in balance of care towards primary care led services, changes in workload in general practices, general practitioners, Scotland, 18931
neuroendocrine responses to psychological workload of instrument flying, 19–21 yr old male student pilots in Finnish Air Force, 20242
objectives & methodology in assessment of fatigue & operational consequences, flight crewmembers from short- vs long- haul & overnight operations, 6415
paid work experiences, 13–14 yr old male vs female White & African American students, 32173
predictive validity of computer model of operator mental workload & situational awareness in simulated air-to-ground combat, 20–32 yr olds, 29
psychological workload & neuroendocrine responses associated with psychomotor test performance, 18–22 yr old males participating in Air Force pilot selection, 20243
realization of various components of work–family strategies as mediator of relationship between work hours & burnout, 30–65 yr old married physicians, 35414
reliability & validity of questionnaire assessing physical work load, nursing home employees, 25943
sleep & circadian rhythms & fatigue & mood & nutrition & physical symptoms, flight crewmembers from long- vs short haul & overnight operations, 6420
sleep & circadian rhythms & nutrition & subjective fatigue during short-haul operations, male flight crewmembers (mean age 43.0 yrs), 6416
sleep & fatigue & mood & caffeine & food consumption & physical symptoms in short-haul operations, male helicopter pilots (mean age 34.3 yrs), 6417
sleep/wake cycle & circadian adaptation & fatigue & mood & physical symptoms & nutrition in long-haul operations, male flight crewmembers (mean age 52.7 yrs), 6418
stress & health & workload & burnout, 24–54 yr old learning support coordinators in colleges of further education, 6124
structure & internal consistency of Job Stress Questionnaire, entrepreneurs, 12897
work load & working conditions, BP & heart rate & catecholamine levels & muscle tension & pain & psychological stress, 20–58 yr old female supermarket cashiers , 25945
workload & social support from supervisor & peers & link between spurned help from patients & burnout, practicing nurses, 2779
workload & social support, performance & stress during data entry work, 19–52 yr old employees, 16155
workload, performance & mental effort & distress, adult inpatients with severe closed head injury, 18410
workload, pregnancy & complications, female physicians who were pregnant during residency, 15698
work–rest schedules, acute effects of physical workload in back & legs due to standing work, poultry inspectors, 7157

Work Load—Chapters
Psychological aspects of workload, 3133
Workaholic children: One method of fulfilling the parentification role, 20732

Work Related Illnesses—Serials
association of MMPI-2 profiles & defensiveness scales with return to work outcomes after workhardening vocational rehabilitation, 18–63 yr olds with occupational injuries & chronic pain, 26113
extent of & reasons for under-reporting of work related disorders & role of safety incentive programs, industrial workers & managers & health & safety personnel, 12903
history & symptoms & prevalence & pathology & psychological & psychiatric & psychosocial conditions & physical etiology & evaluation & management of repetitive strain injury, 34571
liability for negligently causing psychiatric illness including work-related psychiatric illness, England & Wales, 6483
methodological problems in studies of effectiveness of workplace interventions to prevent low-back disorders, 10000
perceived efficacy of pain clinics in rehabilitation of injured workers, physicians vs vocational rehabilitation counselors vs pain clinic staff vs workers compensation employees, 5913
perceptions of gender & work & life experiences in compensation payable for psychological disability linked to workplace stress, expert witnesses & decision makers, 16116
role of organizational health psychology in prevention of occupational injury & illness in work environment, 16158
sex & sick leave history & other predictors of work stress compensation claims & return to work, welfare workers, 25901

Work Related Illnesses—Books
Work and the evolving self: Theoretical and clinical considerations, 16038

Work Related Illnesses—Chapters
Workstyle and work-related upper extremity disorders, 14939

Work Rest Cycles—Serials
coding with high-velocity fan during rest pauses, heat stress during simulated firefighting activity, 22–42 yr old firefighters, 10495
work pace control & working conditions, prevalence of preeclampsia & disabling pelvic or low back pain & low offspring birthweight, employed women with singleton pregnancies, 5254
work schedule with polyphasic rest activity cycles, sleep quantity and sleep stages across cycles & EEG evidence of vigilance, male Air Force personnel (mean age 19.7 yrs), 9668
work–rest schedules, acute effects of physical workload in back & legs due to standing work, poultry inspectors, 7157

Work Satisfaction [See Job Satisfaction]

Work Scheduling—Serials
18-hr duty schedules & knowledge of clock time & exposure to 24-hr social schedules, circadian rhythms, 20–40 yr old male submarine crew members, 22689
flexible & compressed workweek schedules, employee productivity/performance & job satisfaction & absenteeism & satisfaction with work schedules, 32400
health complaints & flexible work schedules, 20–60 yr olds, 12900
New Deal partial shift system, stress levels & well-being & job satisfaction & physical health, doctors, 15790
objectives & methodology in assessment of fatigue & operational consequences, flight crewmembers from short- vs long- haul & overnight operations, 6415
sleep & circadian rhythms & fatigue & mood & nutrition & physical symptoms, flight crewmembers from long- vs short haul & overnight operations, 6420
sleep patterns & circadian adaptation & fatigue & mood & caffeine & food consumption & physical symptoms in overnight cargo flight operations, crewmembers (mean age 37.6 yrs), 6419
tendencies in managerial decision making regarding alternative work arrangements, managers, 16086
work pace control & working conditions, prevalence of preeclampsia & disabling pelvic or low back pain & low offspring birthweight, employed women with singleton pregnancies, 5254
Work Scheduling—Chapters
Work time and behaviour at work, 3135
Work Study Programs [See Educational Programs]
Workday Shifts—Serials
circadian type & age & workload, social & emotional & sleep disturbances & adaptation to shiftwork, nurses & industrial workers, test of mid-range process model, 25948
correlation between sleep recorded using EEG & wrist activity monitoring techniques during simulated 12-hr shift rotation, 18–30 yr olds vs 35–56 yr olds, 23429
morbidity & mortality from cardiovascular disease & risk factors, shift workers, 24761
personality & job characteristics & work perceptions, psychosomatic complaints & psychological distress, male day vs night shiftworkers (mean age 38.9 yrs) , 25947
psychological well-being & self-esteem & job satisfaction & internal-external locus of control & physiological adjustment, 20–65 yr old night vs day shift TV workers, 16104
quantity & quality of sleep & health & well-being & family & social life, morning vs evening typed industrial shift workers, males (mean age=35 yrs), 19434
relationship of departmental membership & hierarchical level & shift & job location & organizational tenure to collective climate membership, employees of central administration agency, 16106
shift work & life-style factors & age, prevalence of insomnia & sleep deprivation & daytime sleepiness, 45–60 yr old males, 6346
shifting of light–dark cycles to produce circadian adaptation to night shift work, 20197
use of shift work preparation & coping strategies, attitude & physical & mental health, nurses, 6049
Workday Shifts—Chapters
Work time and behaviour at work, 3135
Workers [See Personnel]
Working Alliance [See Therapeutic Alliance]
Working Conditions [See Also Job Enrichment, Noise Levels (Work Areas), Occupational Safety, Work Rest Cycles, Workday Shifts, Working Space]—Serials
age, subjective experience of stress & workload & bodily discomfort during data entry vs information retrieval vs accounts balancing computer work, 20–75 yr olds, 6414
alignment with workplace safety principles, senior managers vs frontline workers in nickel mining company, 35685
ambulatory BP & heart rate on work vs nonwork days during luteal vs follicular phase of menstrual cycle, 25–50 yr old female registered nurses, 22307
application of health promotion model to intervention program for hearing protection devices usage, workers, 18873
application of laser scanning vibrometer to detect vibration transmitted in working conditions, operators tractor, 22674
assessment of employee support needs & training & benefits & career advancement & work culture, employers who hire persons with disabilities, 38630
attitudes toward sexual abuse protection policies & work climate of increased suspicion, analysis according to M. Foucault's notion of surveillance, kindergarten teachers, New Zealand, 2 yr study, 19228
background factors & attitudinal & staffing issues & facility & resident characteristics, perceptions of residents' autonomy, nursing home personnel, 9194
California smoking ordinances restricting smoking, worksite smoking policies & exposure to workplace environmental tobacco smoke, 18–45+ yr old nonsmoking indoor workers, 29167
changes in work environment & job stress & individual career patterns as challenges for rehabilitation counselors, 32062
changing working environments of child psychotherapy, UK, 21695
characteristics of uncommon forms of activity & working capacity, servicemen & miners in uncomfortable high-altitude bioclimatic conditions, 22622
childhood residential density & urban vs rural community, social avoidance & noise sensitivity & crowding & performance in high-contact work environments in adulthood, college administrative employees, 9648
cognitive science, improvement of training in industrial processes, operators, 22675

community vs hospital settings & grade level, stress & coping & burnout & job satisfaction, nurses from England & Scotland, 15776
conceptual framework of work–family interaction & psychological well-being in home-based telework, 35643
conditions of employment & distribution of activities in residential facilities for people with intellectual disabilities, direct-care staff (mean age 30.6), 28813
consensual sexual relations & sexuality & sexual interactions & harassment in the workplace, 37025
cyclic dysfunction & workplace problems & PMS, perimenstrual vs postmenstrual vs non-menstruating female employees, commentary, 9602
demographic characteristics & employment settings & profession practices, school psychologists, 19125
demographics & practice & prescriptive patterns, 31–71 yr old advanced practice psychiatric nurses, 6045
determinants & consequences of sex & race composition in organizations, 38934
development & psychometric assessment of measure of psychological sense of community at work & related antecedents & consequences, 31–40+ yr old employees, 117
development of task-complete activity-oriented user interfaces, front-line tasks & user characteristics, 35745
differential inequity & job satisfaction & working conditions & intention to turnover & self esteem, 19–50 yr olds, 16094
diversity initiatives in the workplace, diversity experts, 3118
educational achievement & employment-related experiences, 20–56 yr old alcoholic women in treatment facilities, 27851
effect of major changes in employment & restructuring, Black & Asian & male &/vs female minority ethnic groups, UK, 29166
effectiveness & impact of & management issues in home-based work, organizations & telecommuting personnel, 29051
effects of overtime & psychosocial job conditions on occurrence of non-insulin dependent diabetes mellitus, 18–60 yr old male Japanese electrical industrial workers, 8-yr study, 25944
electromyographic data in ergonomic modifications & in upper extremity muscle groups during work processing tasks, 19–47 yr old personnel in meat packing plant, 19463
EMG-based method for continuous estimates of low back compression during asymmetrical occupational tasks, males (mean age 22.8 yrs), 22677
emotional exhaustion, attitude & behavior relationships in field-setting environment, services organization salespeople, 9600
ergonomic working condition intervention, occupational health, personnel using video display terminals, 35739
exposure to forms of work-related violence, work attitudes & well-being & moderating effect of social support, 20–62 yr old public house licensees, 6347
factors associated with & consequences of & methods for improving employee's low level of occupational health & well-being, organizations, 29165
Foucauldian feminist view & normalization & perceptions of professional women's bodies & identities in organizational settings, professional women, 35646
gender & isolation & work patterns & stress, old age psychiatrists, 38707
gender & working conditions & health, differences in minor morbidity, white collar university employees, 35684
general & specific effects of environmental motion on job performance, 9647
health promotion teams for improvement of psychosocial work environment, factory workers (mean age 43.1 yrs), 12894
historical & educational perspective on organizational health psychology & relation to work environment & individual & work–family interface & public health prevention, 15458
hours worked & social support & coping, work stress, junior vs senior doctors, 32134
identification of jobs & tasks related to musculoskeletal & psychosocial problems, 14–40 yr old metal workers, Bangladesh, implications for ergonomic & occupational health & safety measures, 12940
identification of verbal remarks & nonverbal behaviors associated with workplace flirting & sexual harassment, 18–69 yr olds, 21248
implementation & evaluation of corporate-wide multi-step problem solving ergonomics program, multi-division apparel manufacturing company, 12893
incidence of & causal factors for slip & trip & fall accidents during delivery of mail, managers & delivery employees, 9644
inclusion of research on nature of teachers' work in teacher preparation curricula, 19230
influence of ethnographic analyses of working settings & processes, systems design using Unified Modeling Language, ethnomethodology studies, 32437
interdisciplinary model to determine impact of organizational ergonomics on work effectiveness in concurrent engineering, employees of electronic component manufacturing companies, 16032
interests & expectations & perceptions of scientific vs counseling practice orientations & work environment, counseling psychology graduate students (aged 24–50 yrs) vs professionals (aged 30–60 yrs), 38725
interruptions, task performance & psychological & psychophysiological state, personnel, 25891
issues in Portuguese child labor exploitation in textile industry, 12–14 yr olds, Portugal, 4400
issues in role as consultant in cases of workplace violence, psychiatrists, 19129
job demands & control & strain as aspects of psychosocial environment, non-medical drug usage, full-time nurses, 24539
job strain & psychological symptoms & disorders & social support at work, female nurses (mean age 39.6 yrs), 2 yr study, 12890
leader-member exchange & transformational & transactional leadership & physical distance, follower performance, 37–60 yr old banking managers & their 27–66 yr old employees, 1 yr study, 38976
leader–member exchange & perceived organizational support & safety communication & safety commitment & accidents, supervisor–group-leader dyads in manufacturing facility, 22676
lean production & occupational injuries or illnesses & job characteristics & job strain, manufacturing personnel, 12898
material safety data sheets, acceptability & diffusability of information, laboratory employees, 22678
meaning & measurement of environments in J. L. Holland's theory & vocational psychology , 32340
met expectations about work place & compensatory rewards, perception of fair personnel evaluation, teachers, US vs South Korea, 29120
multiagent simulation tool for modeling activities of groups in different locations & physical environment of objects & documents & computer systems, employees, 9712
New Deal partial shift system, stress levels & well-being & job satisfaction & physical health, doctors, 15790
nurse burnout & job meaningfulness & intention to quit, patient satisfaction, nurses & inpatients, 2784
occupational grade & working conditions & sex role orientation & minor morbidity, male vs female bank employees, 14392
occupational medicine analysis of psychiatric illness in workplace & relationship to occupational stress & military work environment, military personnel, 25983
occupational risk factors for alcohol & drug problems, adults, implications for G. M. Ames & C. R. Janes explanatory framework of alcohol/drug use of workers, 21326
occupational stress & job satisfaction in predominantly White work environments, African American professionals, 9645
office noise with or without speech & duration & meaning of noise, memory for prose & mental arithmetic, adults, 3529
organizational aspects of knowledge lifecycle management in manufacturing, 35666
perceived & preferred clinical control & organizational control, job satisfaction in long term care environments, nurses, 25671
perceived psychological personnel contract violations, loyalty & perceived fairness in organizational behavior, managers working in international locations & for downsizing companies , 29123

perceived risk of work-related injury & intentions to change employment, employees, 19416
perceptions of & knowledge about workplace occupational health & safety structures & practices, personnel officers & managers & supervisors & foremen, 25946
perceptions of ADA & work & interpersonal & intrapersonal factors, workplace opportunities & participation, college students with disabilities, implications for rehabilitation counseling, 2665
perceptions of parents' work conditions & work-related affect, respect for parents work & work values, adolescents, 923
performance barriers & work group effectiveness & problem-management actions/strategies, group members & foremen & managers of maintenance & construction road crews, 22599
physical & mental health effects of working in child welfare & health promotion & protection strategies, female workers, 9355
physical exposure & psychosocial factors & work-related musculoskeletal symptoms in parallelized-flow long-cycle-time assembly system, automobile workers, 32401
psychological mood & psychosocial aspects of work & muscoskeletal discomfort, video display unit workers, 35750
reduction of job hassles through job environment intervention & effects on physiological & perceived stress, urban bus drivers, 16102
relationship of ideal home environment with temperament & prevailing emotional conditions in everyday work & family life, adults, 7926
reliability & validity of Sexist Discrimination in the Workplace subscale of Schedule of Sexist Events, 23–44 yr old African American &/vs White female firefighters, 59
reproducibility of self-report questionnaire for upper extremity musculoskeletal disorder risk factors, tree nursery workers, 29417
seasonal immigration & ethnic tensions & working conditions & management issues such as job reskilling, worker turnover, Anglo & Latino pork packing plant workers, 22613
self- & collective efficacy beliefs as moderator of impact of work-related psychological & physical stressors, US army soldiers (mean age 25 yrs), 22688
sex, perceptions of justice-outcome relationships in work environment, adults, 12846
shared values in person–organizational fit, contextual & task performance, adult employees & their supervisors, 35607
situational & personal characteristics, competence & burnout, family child care providers, 7702
social & physical alcohol availability & workplace drinking, manufacturing plant employees, 3-yr study, 20794
social constructionist perspective on employees' requests for and employers' responses to reasonable accommodation provision of Americans with Disabilities Act, employees with disabilities, 3014
sociological perspective on study of hazard-related phenomena & risk & risk analysis & role of power & organizational interests, implications for sociologists, 32404
substantively complex work, intellectual functioning, younger vs older participants studied over 20 yr period, 30134
task demands & behavioral control & procedural information, responses to stressful work situations, 16–49 yr old college students, 38991
team personality elevation & diversity, job performance of teams, 19–56 yr old retail assistants , 12814
technological changes & computerization, work processes & organizational hierarchy & changes, government agency staff, 32402
tendencies in managerial decision making regarding alternative work arrangements, managers, 16086
traditional vs flexible assembly line work, psychological & physiological stress responses, male vs female workers, 12901
training aimed at teaching how to shift between explicit & implicit modes of coordination & strategy selection, team coordination during high stress & workload conditions, naval officers & civilian, 27282
training to optimize ergonomics at visual display unit workplace, 22–59 yr old employees, 22732
treatment program designed to teach fundamental workplace skills, employed persons with schizophrenia & affective disorder, 6 mo followup, 35298
trends in composition & duration of visits to psychiatrists in office-based psychiatric practice, physicians, 15492
use of procedures & rules & regulations & organizational control to restrict hazardous environments in companies, 9646
visual display unit positioning procedure, individual adjustment to comfortable position to display unit relative to eyes, directory-assistance operators, 16220
voluntary accident reporting scheme in logging industry, New Zealand, 22679
work characteristics & occupationally-induced fatigue & health complaints, need for recovery & experienced health, coach drivers , 16124
work conditions & health, permanent employees who are not in preferred occupations, 12889
work conditions & resources & social support between employees, occupational stress, correctional facility treatment professionals & recreation specialists, 38726
work experiences & employee & job & organizational characteristics & organizational commitment, Mexican employees of US firm, Mexico, 3086
work experiences of maternity care during the post-WWII Baby Boom, 52–78 yr old general duty nurses during period of 1944–62, 22358
work load & working conditions, BP & heart rate & catecholamine levels & muscle tension & pain & psychological stress, 20–58 yr old female supermarket cashiers , 25945
work pace control & working conditions, prevalence of preeclampsia & disabling pelvic or low back pain & low offspring birthweight, employed women with singleton pregnancies, 5254
work psychological demands & decision latitude & social support, depressive symptoms, 41–56 yr old national company employees, 4918
work tasks & perceived psychosocial job stress, occupational health service staff, 3187
working conditions & experience level & human error in nursing care, nurses , 35430
workplace changes & guides for student success & activities to address career development, high school students, 12789
workplace evaluation & management of vision related problems on job, 45 yr old female grocery clerk with retinitis pigmentosa, 15675
workplace facilitation of communication & socialization between deaf & hearing employees, 21629
worksite activity promotion incentives & barriers to incorporation of regular physical activity, female employees (mean age 44.8 yrs), 18865
work–home interference & work & home characteristics & work-related & general psychological health indicators, 25–49 yr old medical residents, 22355
work–rest schedules, acute effects of physical workload in back & legs due to standing work, poultry inspectors, 7157

individual differences in writing behavior & relationship between writing strategies & success, undergraduates, 28973
instructional treatment, cognitive processes involved in comprehension problem detection in revising & writing comprehensive texts, 6th graders, 15882
integrated reading & writing approach to teaching compare–contrast text structure composition, students with & without learning disabilities , 12719
intentions of national baseline writing skill assessment for teaching purposes vs assessment for management purposes, 4–5 yr old nursery school students,, 19260
judgment of essay prompts considered for graduate admissions writing test, college students from Hispanic-serving & Black colleges & universities & Graduate Record examinees, 32722
knowledge about & attitudes toward writing process instruction approach, students in Grades 4–8 with learning &/or language disabilities, 35552
knowledge levels process mode of writing, assessment of writing needs & workshop development, ESL graduate students, 38788
model of teaching argumentative writing & role of evidence, middle & high school students with & without learning disabilities , 12720
need for strategies for effective research on teaching & learning of writing, 15867
patterns of spelling errors in Spanish spelling during acquisition of skills, 8–10 yr olds, 30173
perceptions & practices of parental & child desirability & feasibility of home reading & writing practices & facilitators & barriers of them, Hispanic parents of learning disabled 3rd–5th graders, 34463
process vs outcome vs shifting self-regulatory goals, writing revision skill learning & self-efficacy & self-reactions & intrinsic skill interest & GPA, female 9th–11 graders, 28976
reading & writing difficulties as monolingual dyslexia & orthographic units in English language, English-Japanese bilingual 16 yr old male, 24629

reading & writing habits & handedness, aesthetic preference for left vs right facial & bodily profiles, 20–25 yr old Arabic vs Hebrew vs Russian readers , 10440
regional cerebral blood flow & reading & writing ability for Japanese characters, 7 yr old with dyslexia, 5150
relationship between orthographic-motor integration related to handwriting & ability to generate creative & well-structured written text, 1st graders, 10778
reliability & validity of Peabody Individual Achievement Test Revised vs Wechsler Individual Achievement Test written expression scoring systems, 13–46 yr olds, 12690
reliability & validity of Writing Essential Skill Screener-Upper Elementary Version, 3rd–6th graders, 26101
sex, writing self-beliefs, 3rd–5th graders, 10789
strategies for teaching & learning writing, commentary, 15829
tutorials, handwriting & spelling & composition skills, 9.7–10.9 yr olds with severe writing disabilities, 8 mo study, recommendation for remediation, 34455
use of notes & nature of writing task, length & coherence & cohesiveness of essay, applicants to nursing school, 9492
variants of learning-by-observation of writing & reading processes, learning & transfer, Ss who finished the 9th grade, 15934
views on methods used to teach writing, 1st grade teachers using analytic vs global teaching methods, 15858
writing anxiety & learning styles, graduate students, 9487
writing assessment rubric as effective teaching strategy, deaf 5th & 7th grade students, 16015
written response scores on mechanics vs thematic content of stories written from line drawings vs photographic stimuli, middle school students, 25764

Writing Skills—Books

Generation 1.5 meets college composition: Issues in the teaching of writing to U.S.–educated learners of ESL, 25747
Learning to read and write: A cross-linguistic perspective, 27001
Reforming reading, writing, and mathematics: Teachers' responses and the prospects for systemic reform, 2881
Teaching academic literacy: The uses of teacher-research in developing a writing program, 15910

Writing Skills—Chapters

The dialogic writing conference: Negotiating and predicting the role of author, 15951
Early writing acquisition in Catalan and Israeli communities, 4461
Effective essay writing, 25651
Film imagery: A visual resource for clarifying content and developing academic writing skill., 38829
How beginning writing students interpret the task of writing an academic argument, 15952
Intertextuality, genre, and beginning writers: Mining your own texts, 15956
Language identity and language ownership: Linguistic conflicts of first-year university writing students, 25804
The legacy of schooling: Secondary school composition and the beginning college writer, 15957
Metacognition in writing, 19365
"Only connect": Sequencing assignments in the beginning writing classroom, 15931
Reading, writing, and the college developmental student, 38915
Teaching talk about writing: Student conflict in acquiring a new discourse of authorship through collaborative planning, 15953
A Vygotskian interpretation of Reading Recovery, 9457

Written Communication [See Also Creative Writing]—Serials

ability of J. Richman's criteria to distinguish genuine vs simulated suicide notes, 5037
adaptations of written notational vs verbal task instructions for peer vs younger target, 8–9 vs 10–11 yr olds, 4440
affirmational journal writing, scientific literacy, 8th graders, 35484
anticipation & correction of technical writing problems in manuscripts submitted for publication, 28823
assessment of factors influencing comprehension of legal documents, adults, 16267
attempted paraphrasing & subsequent unintentional/potential plagiarism, college students, 28913
content analysis of daily written communication & perceived effectiveness of manual, nurses working in community shelter for battered women & their children, 1 yr study, 22350
content of & use of & attitudes toward sympathy cards to assess cultural treatment of death & bereavement & extending sympathy, 17–60 yr old college students, US, 7624
correlates of interreviewer agreement & manuscript acceptance & author & manuscript characteristics at Personality and Social Psychology Bulletin, 10722
criterion-related validity of various curriculum-based measures of writing & value of combining variables, measurement of general writing proficiency, 10th graders, 9940
critical language awareness intervention for teaching of direct & reported speech, critical reading ability, 11th graders, 6171
development & parental acceptance of pamphlet to guide & perceived aversiveness of conversions about tobacco use & its prevention, 6th & 8th grade females & their parents, 35116
development & validity of DISCERN, assessment of quality of written consumer health information, information providers & self help group members , 13099
differences in self-regulation of writing, good vs poor adult writers, 2909
discourse analysis of political texts, 9–22 yr old urban youth of color, 1064
educational intervention, contents & comprehensiveness of nursing-care documentation, nursing home nurses, 32098
effect of helpful messages written in back of customer checks on increase in restaurant tipping, waiters & waitresses, 12928
effects of learning concepts, complementary types of text processing, college students, 36258
feminist perspectives on psychological method & report writing, analysis of content in 4th edition of Publication Manual of APA as it were fundamentalist bible, commentary, 27240
feminist perspectives on psychological method & report writing, analysis of content in 4th edition of Publication Manual of APA as it were fundamentalist bible, 27244
feminist perspectives on psychological method & report writing, analysis of content in 4th edition of Publication Manual of APA as it were fundamentalist bible, commentary, 27234
history & problems in scientific communication & arguments against standardization of transcription systems, 17158
instruction & learning & writing in scientific genres, 15830
journal writing in psychotherapy, adolescent female patient with eating disorder, 2170
judgements of sex & age of suicide note writers, suicidologists, 6078
justification of points of view, 10–13 yr olds, 26994
letter writing as a psychotherapeutic method for revealing attitudes of costs & benefits of anorexia nervosa & factors of resistance to treatment, females (mean age 24.1 yrs) with anorexia nervosa, 11754
lexical access in isolated word writing vs naming, college students, implications for verbal production assessment in brain-damaged patients, 222
listening only vs listening & reading printed text of auditory speech embedded in auditory masking, top-down cognitive processing & clarity of speech, college students, 13234
mental vs written networking, recall, female college students, 6901
mirror reading & writing & backward speech, 46-yr-old woman with mild head injury, 24818
motivation & preferences for reading & writing tasks, 3rd graders, 35532
MRI-assessed neural systems essential for processing & holding semantic & phonological & orthographic properties of written words in working memory, 18–44 yr olds, 16906
news frames, thoughts & recall, college student readers, 36689
nutrition brochure format, recall, females (aged 20–30 vs 40–50 vs 60–70 vs 70+ yrs), 35121
orality & literacy in 1964 German television interview of H. Arendt by Gunter Gaus & loss of temporal organization in subsequent transition to readable literate prose, 816
perceptions of using writing as component of science learning, students, 4 yr study, 15984
performance on graphic & gestural skills tasks & sequential recall of spoken words from different word categories, aphasic 32–75 yr olds, 5408
picture vs text writing tasks & strategies used in writing process & narratives, 12 yr olds, 13956
preference responses & written comments to selected music samples, music majors vs nonmajors from US vs Hong Kong vs China, 22453
process writing & increase in self esteem, students with learning disabilities, 34443
progressive writing techniques in discussion of course material illustrated in popular movies, students in introductory psychology course, 32217
psychometric properties of 3 paper-and-pencil tests for speed of information processing & correlations with intelligence, 17–58 yr olds, 6594
psychotherapeutic & preventive efficacy & physical & mental health outcomes of written disclosure concerning traumatic experiences , 12023
quality of letters sent to general practitioners after their patients were seen in follow-up clinics, psychiatrists & individuals with learning disabilities, 32116
relationship between orthographic-motor integration related to handwriting & ability to generate creative & well-structured written text, 1st graders, 10778
representation of knowledge structures formed from texts vs representation generated from latent semantic analysis, readers, 23091
shallow orthography in Italian language, dysgraphic subtypes, mildly to moderately aphasic patients, Italy, 5371
text-provided elaboration & prior knowledge, text comprehension & memory, adults, 280
training in interpretation of rubric, rating of kindergarten & 1st graders writing samples, teachers, 25783
use of notes & nature of writing task, length & coherence & cohesiveness of essay, applicants to nursing school, 9492
use of syllabic & alphabetic principles & understanding of written language, 3–6 yr old preschool students, 6211
writing about stressful experiences, symptom severity, patients with asthma or rheumatoid arthritis, 2 wk & 2 & 4 mo followups, 18803
writing as coping tool during conflict between physical vs psychological treatment in inpatient eating disorders unit, student psychiatric nurse, 19175
written prompt, expectations & preparation for & satisfaction with outpatient consultation, patients, 38518
written response scores on mechanics vs thematic content of stories written from line drawings vs photographic stimuli, middle school students, 25764

Written Communication [See Also Creative Writing]—Books

The healing journey through grief: Your journal for reflection and recovery, 11243
The sanity manual: The therapeutic uses of writing, 15235
Spoken and written discourse: A multi-disciplinary perspective, 36680
The strategic grant-seeker: A guide to conceptualizing fundable research in the brain and behavioral sciences, 12578
Worlds apart: Acting and writing in academic and workplace contexts, 17165

Written Communication [See Also Creative Writing]—Chapters

Designing qualitative research reports for publications, 25585
Detecting causal inconsistencies in scientific text, 32948
Documenting informed consent in child custody evaluations, 16279
Effective essay writing, 25651
The exceptional position of a " a child being beaten" in the learning and teaching of Freud, 17742
The expanded dialogic sphere: Writing activity and authoring of self in Japanese classrooms, 10823
Fostering ownership for learning with computer-supported collaborative writing in an undergraduate business communication course, 2896
How to write a client case study, 25630
How to write a process report, 25646
Humor in the Freud-Ferenczi correspondence, 20972
Improvement of schoolchildren's reading and writing ability through the formation of linguistic awareness, 12727
On narrative reading–writing relationships: How young writers construe the reader's need for inferences, 35452
Planning, conducting and writing up research, 25647
Recordkeeping in corporate consulting: The corporate chart, 15705
Recordkeeping: Clinical, ethical, and risk management issues, 15825
Sartre's Freud: Dimensions of intersubjectivity in *The Freud Scenario*, **26887**
Scriptotherapy: Therapeutic writing for couples and families, 38166
Textual identities: The importance of being non-native, 15835
Writing assessment results, 9379
Writing forensic reports, 9737
Written communication about clients, 25631

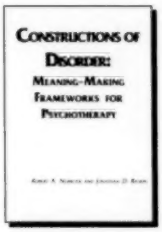
Written Language [See Also Alphabets, Handwriting, Numbers (Numerals), Readability]—Serials

ability to write Chinese characters & extensive training in mathematics, performance on water-level task, Chinese vs Chinese American college students, 10114
character regularity & frequency & concreteness, oral reading of single-character monosyllabic Chinese words, 59 yr old Chinese male with anomia with semantic impairment, 18443
consistency of print–sound correspondence & word frequency & lexicality, speed & accuracy in naming 2-character Kanji words & nonwords, Japanese native speakers, 10099
history & problems in scientific communication & arguments against standardization of transcription systems, 17158

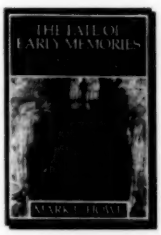
horizontal vs vertical displays of 1 vs 2 vs 3-character words presented to right vs left visual field, recognition of Chinese words, undergraduates, 3506
lexicality (word vs nonword) of Kanji character partial-repetition priming, orthographic activation processes underlying lexical access, native Japanese-speaking college students, 29596
meaning analysis of written inflected words, college students, 13869
mechanism of alternation and co-occurrence of arigatoo (thank you) & sumimasen (I'm sorry) in Japanese thanks, Japanese speakers & hearers, 20837
MRI assessment of hippocampal activity during delayed cued recognition & memory of linguistic material, adults, 26579
novel kanji compound words in isolation &/or in context, meaning interpretation, English-speaking students learning Japanese, 17157
picture vs text writing tasks & strategies used in writing process & narratives, 12 yr olds, 13956
positional transposition of radicals in Chinese characters, character recognition, native Chinese speakers, 23633
prosodic & voice quality techniques used in reported dialogues to contextualize point of view toward reconstructed utterances in informal German conversations, friends & family members, 20831
radical & semantic relationship between target & prime, processing of Chinese characters in character decision task with phonetic compounds targets, native Chinese speakers, 23622
semantic & phonetic regularity norms for Mandarin Chinese characters & relation to performance on cognitive tasks, Chinese vs Singaporian vs Taiwanese high school & college students, 13874
subword validity & radical-neighbor consistency & processing parallelism, word naming latencies & error rates in reading high-frequency Kanji characters, adult native Japanese-speaking Ss, 29593
visual span of detection & recognition of kanji character, adult native speakers of Japanese, 3476
Written Language [See Also Alphabets, Handwriting, Numbers (Numerals), Readability]—Books
Reading Chinese script: A cognitive analysis, 13319
Written Language [See Also Alphabets, Handwriting, Numbers (Numerals), Readability]—Chapters
Character and word recognition in Chinese, 13333
The constituency model of Chinese word identification, 13338
Dyslexia: Core difficulties, variability and causes, 30993
Eye movements in reading Chinese and English text, 13339
How do readers of Chinese process words during reading for comprehension?, 13322
How is access representation organized? The relation of polymorphemic words and their morphemes in Chinese, 13337
Is there phonologically mediated access to lexical semantics in reading Chinese?, 13344
Learning to read Chinese: The development of metalinguistic awareness., 15958
Learning to read words turns listeners into readers: How children accomplish this transition, 32275
Morphemic processing in reading Chinese, 13340
Phases of development in learning to read words, 32272
Reading Chinese: Some basic eye-movement characteristics, 13342
Semantic radicals in phonetic compounds: Implications for visual character recognition in Chinese, 13325
Sentence understanding in Chinese, 13341
Sublexical processing in reading Chinese, 13343
Use of prelexical and lexical information during Chinese sentence reading: Evidence from eye-movement studies, 13329
Word recognition during the reading of Chinese sentences: Evidence from studying the word superiority effect, 13323
Wryneck [See Torticollis]
X Rated Materials [See Pornography]
X Ray Diagnosis [See Roentgenography]
X Ray Therapy [See Radiation Therapy]
Xenophobia [See Stranger Reactions]
Xylocaine [See Lidocaine]
Yawning—Serials
alpha-1 & alpha-2 adrenoceptor agonists & antagonists, physostigmine-induced yawning, male rats, 10683
dexamethasone, apomorphine- vs pilocarpine-induced yawning, male rats, 13747
Yoga—Chapters
Phoenix Rising Yoga Therapy, 22006
Yohimbine—Serials
alpha-2 adrenergic agonist clonidine & yohimbine, prefrontal cortical neuronal activity related to spatial working memory, female monkeys , 36581
noradrenergic effects of yohimbine vs metoprolol, memory for emotional material, healthy young adults, 36270
pretreatment with naltrexone, response to yohimbine, healthy 23–34 yr olds, 23574
side effects of over-the-counter oral yohimbine use, 44–53 yr old males with PTSD, 30791
yohimbine vs clonidine vs resting, CSF epinephrine concentrations & cardiovascular responses, elderly with vs without Alzheimer's disease vs healthy young adults, 2074
yohimbine vs clonidine, acoustic startle response with vs without fear conditioning, cycling vs lactating female rats, 10673
Young Adults—Serials
childhood & adolescence psychopathology & young adult personality disorder, 9–16 yr olds, 10 yr study, 37430
functionalist perspective on risky sexual behavior, adolescents & young adults, 7499
regional patterns in alcohol use & abuse in young people in France, 11–18 yr old students & 18–25 yr old conscripts, 37547
relationship dynamics, 18.5–24 yr olds & their fathers following divorce, implications for family therapy, 12086
social cooperation & practice youth research, 19687
stigmatized image of being a crack head as barrier to cocaine use, 16–21 yr olds at risk for drug abuse, 18043
Young Adults—Chapters
The consequences of father absence, 7572
What's love got to do with it? Adolescents' and young adults' beliefs about sexual and romantic relationships, 36851
Work socialization of young people, 3029
Youth (Adolescents) [See Adolescents]
Youth (Adults) [See Young Adults]
Youth (Children) [See Children]
Yugoslavia—Serials
characteristics of & analysis of function served by ethnopsychological writings during community interethnic strife, prominent psychiatrists, Croatia & Serbia, 1990–98, 30301
experience of feminist member/founder of Women in Black Against War working with female survivors of war, former Yugoslavia, 28304
interplay between psychopathology of group members & group in one patient's experience of draft & another's experience of overdependency & emigration, adult males, former Yugoslavia, 2225
medical & social & environmental predictors of suicide rates, communes in Slovenia, 1985–1994, 14685
PTSD symptoms, 13–19 yr old refugee survivors of ethnic cleansing in Bosnia-Herzegovina, 1 yr follow-up, 24320
violence against women & influence of war & nationalism & militarism in the former Yugoslavia, 14689
Yugoslavia—Chapters
War, trauma, and society: Consquences of the disintegration of former Yugoslavia, 27166
Z Scores [See Standard Scores]
Zambia—Serials
knowledge & practices & training needs & attitudes to collaboration, 22–82 yr old traditional healers vs 25–48 yr old formal health workers caring for people with HIV, Zambia, 32127
perceptions of policy-driven competence-based Teacher Education Reform Programme in Zambia, teacher educators, 15849
Zen Buddhism—Serials
countertransference process & use of Zen Buddhism in facilitating flow of therapy session, psychoanalyst of female patient whose son was seriously injured in accident, 15240
K. Horney's ideas of real self & self-realization & integration of Zen Buddhism into her theoretical conceptions, 14371
Zen Buddhist perspective on motivation & contentment vs motivation theory & concepts of competence & autonomy & relatedness & self applied to education, 28905
Zen Buddhism—Chapters
Seventeen syllables for the self, 20405
Zidovudine—Serials
azidothymidine administered gestation day 19–22 to postnatal day 2–22, open field behavior in response to amphetamine, rats, animal model of azidothymidine in prevention of maternal HIV transmission, 33371
compliance with zidovudine &/vs zalcitabine &/vs didanosine drug-treatment regimens monitored electronically, HIV-seropositive AIDS-asymptomatic 24–69 yr olds, 9023
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, 12320
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary reply, 31782
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary, 31810
prenatal zidovudine exposure, neurobehavioral development, mice, 13702
prenatal zidovudine, aggressive behavior, adult male mice, 33474
relationship with primary health care provider, beliefs & intentions concerning zidovudine therapy during pregnancy, 19–45 yr old HIV-infected women at risk for pregnancy, 38428
Zimbabwe—Serials
conceptualization of mental illness & its treatment in Zimbabwe during national transition from colonialism to independency, 30617
social history of vocational rehabilitation, Zimbabwe, 5977
Zinc—Serials
serum zinc concentration, adults (mean age 42.2 yrs) with unipolar depression & in 3 rat models of depression, 17880
systemic vs intrathecal vs peripheral administration of zinc chloride, thermal hyperalgesia, rats with vs without sciatic nerve injury, 23539
tactile deprivation, zinc-containing terminals within somatosensory barrel cortex, rats, 33223
whisker trimming since birth, density of synaptic zinc within deprived somatosensory barrel hollows, mice, 20132
Zoo Environment [See Animal Captivity]
Zungs Self Rating Depression Scale—Serials
applicability & validity of Major Depression Inventory & concurrent validity with Zung Self-Rating Depression Scale, 36–70 yr olds with Parkinson's disease , 65

New Books from APA

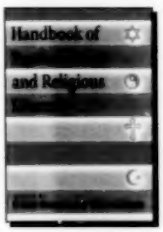
www.apa.org/books/



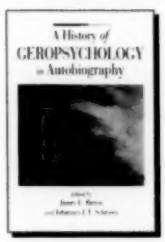
Constructions of Disorder: Meaning-Making Frameworks for Psychotherapy
Edited by Robert A. Neimeyer and Jonathan D. Raskin
2000. About 344 pages.
Hardcover.
APA Member/Affiliate: $34.95
List: $39.95
Item # 431739A; ISBN: 1-55798-629-0



The Fate of Early Memories: Developmental Science and the Retention of Childhood Experiences
Mark L. Howe
2000. About 216 pages.
Hardcover.
APA Member/Affiliate: $29.95
List: $34.95
Item # 4318900; ISBN: 1-55798-628-2

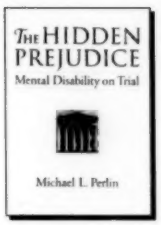


Handbook of Psychotherapy and Religious Diversity
P. Scott Richards and Allen E. Bergin
2000. About 512 pages.
Hardcover.
APA Member/Affiliate: $34.95
List: $39.95
Item # 431738A; ISBN: 1-55798-624-X



A History of Geropsychology in Autobiography
Edited by James E. Birren and Johannes J. F. Schroots
2000. About 400 pages.
APA Member/Affiliate & List: $29.95
Item # 431740A; ISBN: 1-55798-631-2

Acute Stress Disorder: A Handbook of Theory, Assessment, and Treatment
Richard A. Bryant and Allison G. Harvey
2000. About 240 pages.
Hardcover.
APA Member/Affiliate: $34.95
List: $39.95
Item # 431737A; ISBN 1-55798-612-6



The Hidden Prejudice: Mental Disability on Trial
Michael L. Perlin
2000. About 400 pages. Hardcover.
Part of the Law and Public Policy: Psychology and the Social Sciences book series. Series Editor: Bruce D. Sales. Co-editors: Stephen J. Ceci, Norman J. Finkel, and Bruce J. Winick
APA Member/Affiliate: $39.95
List: $49.95
Item # 431627A; ISBN: 1-55798-616-9

Practicing Feminist Ethics in Psychology
Edited by Mary M. Brabeck
2000. 285 pages.
Part of the Psychology of Women book series, a collaborative effort between APA's division of the Psychology of Women and APA books.
